 9,853,821,461 100.00% EXCEPTIONAL MARKET OPPORTUNITY • The Florida homeowners' insurance market is
 large, highly fragmented and dominated by Citizens and small domestic carriers • In the past decade, state - run
 Citizens has evolved from the insurer of "last resort" to the largest writer of homeowners' insurance in Florida • Under
 pressure to reduce its risk exposure, Citizens has accelerated efforts to divest hundreds of thousands of homeowners'
 policies • Citizens' contraction creates an exceptional market opportunity for other carriers to write additional
 homeowners' policies • Increased homeowners' insurance rates combined with reduced reinsurance costs creates a great
 opportunity for Federated National to grow profitably • For the three months ended June 30, 2013, Federated National
 ranked 3 rd based on the number of new personal residential homeowners' policies written (1) • With only
 approximately 1.5% of the Florida market share, Federated National has an opportunity for significant growth 9 Note:
