Item 1.01 Entry into a Material Definitive Agreement.

On November 25, 2013, Recon Technology, Ltd. (the “Company”) and certain institutional investors entered into a securities purchase agreement (the “Purchase Agreement”) in connection with an offering (the “Offering”), pursuant to which the Company agreed to sell an aggregate of 546,500 ordinary shares and warrants to initially purchase an aggregate of 163,950 ordinary shares. The purchase price is \$4.81 per ordinary share. The aggregate gross proceeds, before deducting fees to the Placement Agent and other estimated offering expenses payable by the Company are approximately \$2.6 million.

The warrants will be exercisable immediately as of the date of issuance at an exercise price of \$6.01 per ordinary shares and expire three years from the date of issuance. The exercise price of the warrants is subject to customary adjustment in the case of future issuances or deemed issuances of ordinary shares, stock splits, stock dividends, combinations of shares and similar recapitalization transactions. A holder of the warrants also will have the right to exercise its warrants on a cashless basis if the registration statement or prospectus contained therein is not available for the issuance of the ordinary shares issuable upon exercise thereof.

The exercisability of the warrants may be limited if, upon exercise, the holder or any of its affiliates would beneficially own more than 4.9% of the Company’s ordinary shares.

Edgar Filing: Recon Technology, Ltd - Form 8-K

Under the Purchase Agreement, the Company has agreed with each of the purchasers that, subject to certain exceptions, it will not, within the 60 trading days following the closing of the Offering (which period may be extended in certain circumstances), enter into any agreement to issue or announce the issuance or proposed issuance of any equity security or equity-linked or related security.

The Company has also agreed with each of the purchasers that while the warrants are outstanding, it will not effect or enter into an agreement to effect a “Variable Rate Transaction,” which means a transaction in which the Company:

issues or sells any convertible securities either (A) at a conversion, exercise or exchange rate or other price that is based upon and/or varies with the trading prices of, or quotations for, of our ordinary shares at any time after the initial issuance of such convertible securities, or (B) with a conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such convertible securities or upon the occurrence of specified or contingent events directly or indirectly related to the business of the Company or the market for our ordinary shares, other than pursuant to a customary “weighted average” anti-dilution provision; or

enters into any agreement (including, without limitation, an equity line of credit) whereby we may sell securities at a future determined price (other than standard and customary “preemptive” or “participation” rights).

The Company has also agreed with each of the purchasers if the Company issues securities within the 12 months following the closing of the Offering, the purchasers shall have the right to purchase 50% of the securities on the same terms, conditions and price provided for in the proposed issuance of securities.

The Company has also agreed to indemnify each of the purchasers against certain losses resulting from its breach of any of its representations, warranties, or covenants under agreements with each of the purchasers, as well as under certain other circumstances described in the Purchase Agreement.

The net proceeds to the Company from the Offering, after deducting placement agent fees and the estimated offering expenses borne by the Company, are expected to be approximately \$2.3 million. The Offering will close on or before November 29, 2013. After giving effect to the Offering, but without giving effect to the exercise of the warrants being offered, the Company will have 4,528,311 ordinary shares outstanding.

The Offering was effected as a takedown off the Company's shelf registration statement on Form S-3 (File No. 333-190387), which became effective on August 14, 2013, pursuant to a prospectus supplement filed with the Securities and Exchange Commission.

In connection with the Offering, on October 18, 2013, the Company entered into an engagement letter agreement (the "Placement Agent Agreement") with FT Global Capital, Inc. (the "Placement Agent") pursuant to which the Placement Agent agreed to act as the exclusive placement agent on a best efforts basis in the Offering. The Placement Agent will be entitled to a cash fee of 8% of the gross proceeds paid to the Company for the securities the Company sells in this Offering. Additionally, the Company shall issue to the Placement Agent warrants ("Placement Agent Warrants") equal to 10% of the aggregate number of shares sold to the Investors placed by the Placement Agent in this Offering. The Placement Agent Warrants will be on substantially the same terms as the warrants issued pursuant to the Purchase Agreement, except that they will not be exercisable for a period of six months and will expire three years from the initial exercise date.

The foregoing summaries of the terms of the form of warrant and the Purchase Agreement to be issued to each of the purchasers and are subject to, and qualified in their entirety by, such documents attached hereto as Exhibits 4.1, and 10.1 respectively, which are incorporated herein by reference.
