Our directors are appointed for a one-year term to hold office until the next Annual Meeting of Shareholders or until removed from office. Each director will hold office after the expiration of his term until his successor is elected and qualified, or until he resigns or is removed.

**DAVID C. HARDIE** was our Chairman of the Board until January 24, 2014. He continues to serve as a director, a position he has held since July 1989. He is the Chairman of the Board and Chief Executive Officer of Hallador Investment Advisors Inc., which manages Hallador Equity Fund, Hallador Cash Fund LP, Hallador Alternative Assets Fund, Hallador Special Holdings, and Hallador Balanced Fund. Mr. Hardie is and serves as a director and partner of other private entities that are owned by members of his family and also serves as Chairman of Parasol Tahoe Community Foundation. Mr. Hardie is a graduate of California Polytechnic University, San Luis Obispo. He also attended the Owner/President Management program offered by Harvard Business School.

**STEVEN HARDIE** has been a director since 1994. He and David Hardie are brothers. For the last 29 years, he has been a private investor. He is the Vice Chairman of Hallador Investment Advisors, which manages Hallador Equity Fund, Hallador Cash Fund LP, Hallador Alternative Assets Fund and Hallador Balanced Fund. He also serves as a director and partner of other private entities owned by members of his family.

Messrs. David and Steven Hardie have served as our board members for the last 25 and 21 years, respectively. Both have been private investors in many companies over their careers and served on numerous boards. At one time, the two brothers and their family owned over 50% of our stock. Currently, the two brothers beneficially own through various entities about 13% of our stock giving them a vested interest in monitoring the wellbeing of our Company, although Messrs. David and Steven Hardie disclaim any beneficial ownership in any other shares held by such entities. Their significant broad experiences, as well as intimate knowledge of our Company, are significant benefits to us in planning and executing our corporate strategy.

**BRYAN H. LAWRENCE** has been one of our directors since November 1995. He is a founder and senior manager of Yorktown Partners LLC, which manages investment partnerships formerly affiliated with Dillon, Read & Co. Inc., an investment-banking firm (Dillon, Read). He had been employed with Dillon, Read since 1966, serving most recently as a Managing Director until the merger of Dillon, Read with SBC Warburg in September 1997. He also serves as a Director of Approach Resources, Inc. and Star Gas Partners, L.P., and certain non-public companies in the energy industry in which Yorktown partnerships hold equity interests. Mr. Lawrence is a graduate of Hamilton College and has a MBA from Columbia University.

Mr. Lawrence, who controls about 34% of our stock, has been a board member for the last 19 years. He sits on numerous boards for both private and public companies that are involved in the energy business. His experience with us and in other energy companies, gives us a significant benefit. As most of our other board members, he too has a significant indirect monetary investment in our Company and accordingly has a vested interest in our success.

**SHELDON B. LUBAR** was elected to our board in July 2008. Since 1977, Mr. Lubar has been Chairman of the Board of Lubar & Co. Incorporated, a private investment and venture capital firm he founded. During the past five years he served on the board of Crosstex Energy, Inc., Crosstex Energy L.P., and Ellora Energy and other private companies. Mr. Lubar currently serves on the board of Star Gas Partners L.P. and Approach Resources, Inc. and on the boards of a number of private companies. Mr. Lubar holds a bachelor's degree in Business Administration and a law degree from the University of Wisconsin-Madison. He was awarded Honorary Doctorate degrees from the University of Wisconsin-Milwaukee, University of Wisconsin-Madison and the Medical College of Wisconsin.

Mr. Lubar, who controls just under 10% of our stock, has been on our board for about seven years. Mr. Lubar is a very successful entrepreneur and sits on numerous boards in the energy business along with Mr. Lawrence. With his 10% stake, he too has a vested interest in our success.

**JOHN VAN HEUVELEN** was appointed to our board in September 2009. Additionally, he is a member of the board of directors of MasTec, Inc. (NYSE:MTZ), a position he has held for the last 13 years. At MasTec, Mr. Van Heuvelen is a lead director who also serves on the executive, nominating and audit committees. MasTec is a \$4 billion (revenue) specialty contractor in the power generation and transmission industry.

Mr. Van Heuvelen is also a member of the board of directors of Orchid Island Capital (NYSE), a residential mortgage REIT. Since February 2013, Mr. Van Heuvelen has served as Orchid Island's audit committee chairman, lead director and as a member of the compensation committee.

Mr. Van Heuvelen was formerly audit chair and chairman of the board at LifeVantage (OTC: LFDV). For the last 16 years, Mr. Van Heuvelen has been a private equity investor based in Denver, Colorado. His investment activities have included private telecom and technology firms, where he remains active.

Previously, Mr. Van Heuvelen spent 14 years with Morgan Stanley and Dean Witter Reynolds in various senior management positions in the asset management unit, investment trust and municipal bond divisions before serving as president of Morgan Stanley Dean Witter Trust Company.

Early in his career, Mr. Van Heuvelen was actively involved in the energy business while living in Montana. Mr. Van Heuvelen's contacts with investment banking firms will prove invaluable to us as we seek to grow our Company.

**VICTOR P. STABIO** was appointed our Chairman of the Board and stepped down as CEO on January 24, 2014. Mr. Stabio has been with us since March 1991 and has been active in oil and gas exploration and production for the past 37 years and coal mining for the past 10 years. Mr. Stabio is a director of Savoy Exploration, the general partner of Savoy Energy, LP, of which we own 40%.

Mr. Stabio has a personal investment in us and owns 177,596 shares of our stock, and has 240,000 Restricted Stock Units (“RSUs”) that will lapse/vest equally over three years annually in December. He has been responsible principally for our business strategy since March 1991. His industry experience and vision are a primary component of our successful operations since that time.

**BRENT K. BILSLAND** was named our CEO on January 24, 2014 and has been our President and director since September 2009. He has been President of Sunrise Coal, LLC, our primary operating subsidiary, since July 31, 2006. Previously, Mr. Bilsland was Vice President of Knapper Corporation; a family owned farming business from 1998 to 2004. Mr. Bilsland is a graduate of Butler University located in Indianapolis, Indiana.

Mr. Bilsland brings broad industry experience and significant operational capabilities to our Company. He has an intimate understanding of our business and its operations that benefits us. He also has a personal investment in us and owns 985,368 shares of our stock and has 300,000 RSUs which will lapse/vest equally over three years annually in December.

We believe that board members who are willing and able to have a sizable portion, or in some case a substantial portion, of their personal net worth invested in us tend to be conscientious directors. In other words, our directors’ interests are closely aligned with our shareholders’ interests. If our stock increases, our directors’ benefit directly and so do our other shareholders.

Officers are appointed by and serve at the discretion of the Board.

## **INFORMATION REGARDING BOARD OF DIRECTORS AND COMMITTEES**

### **Criteria for Director Nominations**

General criteria for the nomination of director candidates include experience and successful track record, integrity, skills, ability to make analytical inquiries, understanding of our business environment, and willingness to devote adequate time to director duties, and diversity (although no formal policy exists, considered along with the aforementioned factors), all in the context of the perceived needs of the Board at that time. Stock ownership could also be a consideration.

## Board Leadership Structure

The Board does not have a policy regarding the separation of the roles of CEO and Chairman of the Board, as our Board believes it is in our best interests to make that determination based on our position and direction, and membership of the Board. Currently, the position of CEO and Chairman are separate, with Victor Stabio serving as Chairman of the Board and Brent Bilsland serving as the CEO.

The Board believes that separating these roles allows the CEO the opportunity to focus on running our business and managing the day-to-day challenges, while providing the Board the opportunity to benefit from the Chairman's ability to support the other members of the Board and work closely with the other members of the executive team.

## Director Independence

As required by NASDAQ rules, the Board will evaluate the independence of its members at least annually, and at other appropriate times when a change in circumstances could potentially impact a director's independence or effectiveness (e.g., in connection with a change in employment status or other significant events). This process is administered by our Audit Committee, which consists entirely of directors who are independent under applicable NASDAQ and SEC rules. After considering all relevant relationships with us, the Audit Committee submits its recommendations regarding independence to the full Board, which then makes a determination with respect to each director.

In making independence determinations, our Audit Committee and Board consider relevant facts and circumstances, including (i) the nature of any relationships with us, either directly or as a partner, shareholder or officer of an organization that has a relationship with us, (ii) the significance of the relationship to us, the other organization and the individual director, (iii) whether or not the relationship is solely a business relationship in the ordinary course for us and the other organization and does not afford the director any special benefits, and (iv) any commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. For purposes of this determination, the Board deems any relationships that have expired more than three years ago to be immaterial.

After considering the standards for independence adopted by NASDAQ and various other factors as described herein, the Board has determined that all directors other than Messrs. Stabio and Bilsland are independent. None of the directors, other than Mr. Van Heuvelen, receives any compensation from us.

#### Policy for Approval of Related Person Transactions

The Audit Committee is responsible for reviewing and approving all related party transactions in accordance with our written policy. Such transactions are generally reviewed before entry into the related person transaction. In addition, if any of our specified officers or directors becomes aware of a related party transaction that has not been previously approved or ratified, such related person transaction will be promptly submitted thereafter to the Audit Committee for its review. In reviewing a transaction, the Audit Committee considers the relevant facts and circumstances, including the benefits to us, any impact on director independence and whether the terms are consistent with a transaction available on an arms-length basis. Only those related person transactions that are determined to be in (or not inconsistent with) our best interests are permitted to be approved. No member of the Audit Committee may participate in any review of a transaction in which the member or any of his or her family members is the related person.

#### **BOARD OF DIRECTORS MEETINGS AND COMMITTEES**

We had eight Board meetings during 2014. All members attended at least 75% of the meetings. Other Board actions were taken by written unanimous consent.

#### Director Attendance at the 2014 Annual Meeting

Sheldon Lubar and Bryan Lawrence did not attend.

## Audit Committee and Financial Expert

The Audit Committee met four times during 2014. The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to: (i) the integrity of the financial reports and other financial information provided by us to the public or any governmental body; (ii) our compliance with legal and regulatory requirements; (iii) our systems of internal controls over financial reporting; (iv) the qualifications and independence of our independent auditors; (v) our auditing, accounting, and financial reporting processes generally; and (vi) the performance of such other functions as the Board may assign from time to time. To this end, the Audit Committee will maintain free and open communication with the Board, the independent auditors, and any other person responsible for our financial management.

## Compensation and Nominating Committee

In January 2014, the Board increased the Compensation and Nominating Committee from three to five members. It held three meetings in 2014. The purpose of our Compensation and Nominating Committee is to (1) oversee our executive and director compensation; (2) oversee and administer our stock incentive plans; (3) assist our Board by identifying individuals qualified for election and re-election as Board members and to recommend to our Board the director nominees for each annual meeting of shareholders, subject to the provisions of any shareholder or similar agreement binding on us; (4) recommend to the Board director nominees for each committee of the Board, subject to the provisions of any shareholder or similar agreement binding on us; and (5) act on specific matters within its delegated authority, as determined by the Board from time to time.

All Compensation Committee members are “independent” as defined by the NASDAQ listing standards, including those standards applicable specifically to compensation committee members. In addition, no member of the Compensation Committee has served as one of our officers or employees at any time. All members of the Compensation Committee are “non-employee directors” as defined in SEC rules.

#### Executive Committee

Our Executive Committee did not meet during 2014. When the Board is not in session, the Executive Committee has all of the power and authority as delegated by the Board, except with respect to: (i) amending our articles of incorporation and bylaws; (ii) adopting an agreement of merger or consolidation; (iii) recommending to shareholders the sale, lease or exchange of all or substantially all of our property and assets; (iv) recommending to shareholders our dissolution or revocation of any dissolution; (v) declaring a dividend; (vi) issuing stock; (vii) appointing members of Board committees; and (viii) changing major lines of business.

## DIRECTOR COMPENSATION

Other than Mr. Van Heuvelen, our outside directors receive no compensation for their services but they are reimbursed for reasonable expenses in attending meetings. Mr. Van Heuvelen is paid \$100,000 per year. He has the option to be paid in cash or shares of our stock. Since 2009, he has elected to be paid in stock.

## AUDIT COMMITTEE REPORT

*The Audit Committee evaluates the performance of EKSH, including the senior audit engagement team, each year and determines whether to reengage EKSH or consider other audit firms. In doing so, the Audit Committee considers the quality and efficiency of the services provided by EKSH and their technical expertise, tenure as our independent auditors and knowledge of our operations and industry. Based on this evaluation, the Audit Committee decided to engage EKSH as our independent auditors for the year ended December 31, 2014. The Audit Committee reviewed with senior members of our financial management team and EKSH the overall audit scope and plans, and the quality of our financial reporting. The Audit Committee has the sole authority to appoint the independent auditors.*

*Management has reviewed and discussed the audited financial statements in our Annual Report on Form 10-K with the Audit Committee including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant accounting judgments and estimates, and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations and reviewed certifications prepared by the CEO and the CFO that our unaudited quarterly and audited consolidated financial statements fairly present in all material respects, our financial condition, results of operations and cash flows, and have expressed to both management and EKSH their general preference for conservative policies when a range of accounting options is available.*

*In its meetings with EKSH, the Audit Committee asks them to address, and discusses their responses to, several questions that the Audit Committee believes are particularly relevant to its oversight.*

*These questions include:*

- Are there any significant accounting judgments or estimates made by management in preparing the financial statements that would have been made differently had EKSH themselves prepared and been responsible for the financial statements?*
- Based on EKSHs' experience, and their knowledge of us, do our financial statements fairly present to investors, with clarity and completeness, our financial position and performance for the reporting period in accordance with*

*generally accepted accounting principles and SEC disclosure requirements?*

*The Audit Committee believes that, by thus focusing its discussions with EKSH, it can promote a more meaningful dialogue that provides a basis for its oversight judgments.*

*The Audit Committee also discussed with EKSH those matters required to be discussed by the auditors with the Audit Committee under the rules adopted by the Public Company Accounting Oversight Board (PCAOB). The Audit Committee received the written disclosures and the letter from EKSH required by applicable requirements of the PCAOB regarding EKSH's communication with the Audit Committee concerning independence, and has discussed with EKSH their independence.*

*In performing all of these functions, the Audit Committee acts in an oversight capacity. The Audit Committee reviews our quarterly and annual reports on Form 10-Q and Form 10-K prior to filing with the SEC. In its oversight role, the Audit Committee relies on the work and assurances of management, which has the primary responsibility for establishing and maintaining adequate internal control over financial reporting and for preparing the financial statements, and other reports, and of EKSH, who are engaged to audit and report on our consolidated financial statements.*

*In reliance on these reviews and discussions, and the reports of EKSH, the Audit Committee has recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the SEC.*

**MEMBERS OF THE AUDIT COMMITTEE:**

*John Van Heuvelen-Chairman, David C. Hardie and Sheldon B. Lubar*

**Board Risk Oversight**

Our Board has ultimate responsibility for general oversight of risk management processes. The Board receives regular reports from Mr. Bilsland on areas of risk we face. Our risk management processes are intended to identify, manage and control risks so that they are appropriate considering our scope, operations and business objectives. The full Board (or the appropriate committee in the case of risks in areas for which responsibility has been delegated to a particular committee) engages with the appropriate members of management to enable its members to understand and provide input and oversight of our risk identification, risk management and risk mitigation strategies. The Audit Committee also meets without management present to, among other things, discuss our risk management culture and processes. In the event a committee receives a report from a member of management regarding areas of risk, the Chairman of the relevant committee will report on the discussion to the full Board to the extent necessary or appropriate. This enables the Board to coordinate risk oversight, particularly with respect to interrelated or cumulative risks that may involve multiple areas for which more than one committee has responsibility.

**Compensation Committee Risk Assessment**

In 2014, the Compensation Committee reviewed and discussed an internal risk assessment of our executive and non-executive compensation programs and the outcomes of such assessment. Based on such review, the Compensation Committee believes that our compensation programs (i) do not motivate our executives or our non-executive employees to take excessive risks, (ii) are aligned with shareholders' best interests, and (iii) are not reasonably likely to have a material adverse effect on us. Our compensation programs are designed to support, reward appropriate risk taking, and include the following:

- A proper balance of operating and financial performance;
- Long-term performance periods; and
- Multi-year vesting schedules for RSUs.

## **ADVISORY APPROVAL OF OUR NAMED EXECUTIVES' COMPENSATION**

**In 2014, a majority of our shareholders voted to have a "Say on Pay" vote every year.**

This advisory vote, commonly referred to as a "say-on-pay", is not binding on the Board. However, the Board and the Compensation Committee considers the voting results when evaluating our executive compensation program.

*Pursuant to a written consent of a majority of our shareholders, the compensation paid to our Named Executive Officers ("NEOs") for 2014 as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion below, was approved.*

We also included a compensation table that covers the last six years, 2009-2014.

Our NEOs are at-will employees and they do not have employment agreements. Nor do they have any retirement benefits other than participating in the same 401(k) Plan that is offered to all employees. They also participate in the same health benefit programs that are offered to all of the employees and their families. We believe in a compensation program that emphasizes direct compensation rather than perquisites and other benefits.

The basis of our compensation philosophy is to align our NEOs' compensation with the long-term interests of our shareholders.

Although we do not require our officers to own any particular amount of equity in us, as set forth in the ownership table above, our CEO holds shares of our common stock worth several millions of dollars. Accordingly, we believe that his interests are aligned with the interests of our shareholders.

Furthermore, the members of the Compensation and Nominating Committee, which approve our NEOs' compensation, collectively control 57.4% of our shares. In other words, they too have a significant equity interest in us and are a testament of the appropriateness of our NEOs' compensation.

As set forth in the compensation table disclosing our NEOs' compensation based on Form W-2s filed with the IRS, our NEOs at risk compensation was over 58% for each of the last five years for Mr. Bilsland, Mr. Stabio and Mr. Bishop. Mr. Martin's at risk compensation for the past three years has been over 31%. We believe that these percentages clearly indicate that we provide substantial, meaningful incentives with regard to our philosophy of alignment of NEO compensation with the interests of our shareholders.

#### **Advisory APPROVAL ON FUTURE COMPENSATION FOR EXECUTIVES**

*Pursuant to a written consent of a majority of our shareholders, it was resolved that future compensation to our executive officers was approved as set forth in the table "2015 Future Compensation to NEOs". With regard to the issuance of the RSU awards, such RSUs will lapse/vest only if performance criteria established by the Compensation Committee are met.*

*The Board determined that the purchase of Vectren Fuels, Inc. effective August 29, 2014 met our 2014 goals set for success. Specifically, the performance criteria included criteria for a successful purchase of Vectren Fuels, Inc.*

The Compensation Committee set three performance criteria for success including consummating the purchase of Vectren Fuels, Inc. at a reasonable fair market value, structuring our bank debt using an administrative agent to structure a new debt vehicle and executing on an integration plan that included the successful transition of skilled and motivated workers.

These measures encompass both the economies of the acquisition transaction and maximizing the accretive nature of the acquisition.

Subsequent to the closing of the acquisition of Vectren Fuels, Inc., the Compensation Committee reviewed documented materials regarding each of the three performance criteria and concluded that performance of each of the criteria was successful.

Based on these measures of successful performance, the Committee registered no objection to the lapsing of awarded RSUs scheduled to lapse December 16, 2014.

The Committee also approved a future cash bonus of 3% of the agreed-upon value of Hallador Energy Company's interest in Savoy Energy, L.P. to Victor Stabio. The cash bonus has been earned by Mr. Stabio based on his initial and instrumental support in initiating the investment in Savoy Energy, L.P. and his representation of Hallador Energy Company's interest in the investment for the previous ten years and into the future.

Additionally, the Committee approved cash bonus payments in the aggregate amount of \$3.5 million to the NEOs and a certain employee. \$1.2 million was paid on December 20, 2014, for leading extraordinary work that resulted in successfully meeting goals for a successful purchase of Vectren Fuels, Inc. The remainder is to be paid in December 2015 if our EBITDA (earnings before interest, taxes, depreciation, amortization) is \$100 million or more.

Name	2014	2015	Amount
Brent Bilsland	\$429,000	\$871,000	\$1,300,000
Lawrence D. Martin	214,500	435,500	650,000
Victor Stabio	198,000	402,000	600,000
W. Anderson Bishop	99,000	201,000	300,000
Employee	214,500	435,500	650,000
Total	\$1,155,000	\$2,345,000	\$3,500,000

Finally, the Compensation Committee established a performance goal of \$75 million in EBITDA for 2015 when considering the 2015 lapsing of RSUs.

The Compensation Committee confirmed that the goal for awarding cash bonuses in 2015 and the goal for finding no objection to the lapsing of awarded RSUs in 2015 have been set at different levels in recognition of the long time use of awarding full value equity to officers in order to align their interests with retail and institutional shareholders. Meeting the goal for lapsing of RSUs in 2015 of EBITDA equal to or greater than \$75 million confirms that the continued stewardship over a long-term horizon requires as much or more tenacity and long-term planning than meeting higher short-term goals.

The Compensation Committee intends to establish annual performance goals relating to NEO compensation for 2016 and beyond.
