**ITEM 2.02 Results of Operations and Financial Condition.**

On May 4, 2016, Stoneridge, Inc. (the “Company”) issued a press release announcing its results for the first quarter ended March 31, 2016. A copy of the press release is attached hereto as Exhibit 99.1. On May 4, 2016, members of the Company’s management held a first quarter 2016 earnings conference call discussing the Company’s financial results and the presentation furnished herewith as Exhibit 99.2, accompanied management’s comments.

The press release contains certain non-GAAP financial measures including (i) Adjusted Consolidated Constant Currency Sales (“Adjusted Sales”), (ii) Adjusted Net Income from Continuing Operations Attributable to Stoneridge, Inc. (“Adjusted Net Income”), (iii) Adjusted Earnings per Diluted Share from Continuing Operations Attributable to Stoneridge, Inc. (“Adjusted EPS”), (iv) Adjusted Operating Income, (v) Adjusted Operating Margin and (vi) Adjusted EBITDA from Continuing Operations (“Adjusted EBITDA”). Management believes that presentation of the non-GAAP financial measures used in the press release and conference call presentation are useful to both management and investors in their analysis of the Company’s financial position, results of operations and expected results of operations because the Adjusted Sales, Adjusted Net Income, Adjusted EPS, Adjusted Operating Income, Adjusted Operating Margin and Adjusted EBITDA facilitates a period to period comparison of operating results by excluding the impact of foreign currency translation on sales as well as unusual, non-recurring items in 2016 and 2015. For 2016 these items relate to the business realignment charges incurred in our Electronics and PST segments. For 2015 these items relate to the share-based compensation expense associated with the retirement of our former President and Chief Executive Officer. Adjusted EBITDA represents the sum of operating income (loss), depreciation, amortization, certain purchase accounting costs, unusual items and an adjustment for discontinued operations. These non-GAAP measures, however, should not be considered in isolation or as a substitute for the most comparable GAAP measures. Investors are cautioned that non-GAAP financial measures utilized by the Company may not be comparable to non-GAAP financial measures used by other companies. Adjusted Sales, Adjusted Net Income, Adjusted EPS, Adjusted Operating Income, Adjusted Operating Margin and Adjusted EBITDA should not be considered a substitute for sales, net income (loss), earnings (loss) per share, operating income (loss), operating margin or EBITDA prepared in accordance with GAAP.
