Item 8.01 Other Events.

Repros Therapeutics Inc. (the “Company”) previously reported that on May 11, 2017, the Company received a letter from NASDAQ notifying the Company that it is no longer in compliance with the minimum stockholders’ equity requirement for continued listing on the NASDAQ Capital Market. NASDAQ Listing Rule 5550(b)(1) requires listed companies to maintain stockholders’ equity of at least \$2.5 million. In the Company’s Quarterly Report on Form 10-Q for the quarter ended March 31, 2017, the Company reported stockholders’ equity of approximately \$1.6 million, which is below the minimum stockholders’ equity required for continued listing pursuant to NASDAQ Listing Rule 5550(b)(1). Further, as of May 11, 2017, the Company did not meet the alternative compliance standards relating to the market value of listed securities or net income from continuing operations and did not comply with the NASDAQ Listing Rules.

The Company is evaluating various courses of actions to regain compliance and has submitted to NASDAQ a plan to regain compliance. On July 19, 2017, the Company was notified by NASDAQ that the Company’s common stock will remain listed on NASDAQ through at least September 30, 2017, during which time the Company will seek to take actions to regain compliance. If, prior to such date, the Company does not regain compliance, but provides additional information as to a plan to do so, the Company may be eligible for an extension of the September 30 date, through early November. However, there can be no assurance that the Company will be granted this additional time, or that the Company will ultimately be able to regain compliance.

If the Company is not able to regain compliance, the NASDAQ staff will provide written notice that the Company’s securities will be subject to delisting. At that time, the Company may appeal the NASDAQ staff’s determination to delist its securities to a NASDAQ Listing Qualifications Panel. There can be no assurance that the Company will be able to maintain its NASDAQ listing.
