PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON THURSDAY, NOVEMBER 20, 2003

This Statement is furnished in connection with the solicitation of proxies by the Board of Directors of MemberWorks Incorporated (the "Company") and is to be mailed on or about October 12, 2003 to holders of record of the Company's Common Stock, \$0.01 par value per share ("Common Stock"), for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on November 20, 2003 and at any adjournments of that meeting. All proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Annual Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting.

The Company's 2003 Annual Report to Stockholders and Annual Report on Form 10-K are being mailed to stockholders concurrently with this Proxy Statement.

Voting Securities And Votes Required

At the close of business on September 24, 2003, the Record Date for the determination of stockholders entitled to vote at the Annual Meeting, there were outstanding and entitled to vote an aggregate of 11,571,804 shares of Common Stock, constituting all of the voting stock of the Company. Holders of Common Stock are entitled to one vote per share.

The presence or representation by proxy of the holders of a majority of the number of shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting constitutes a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock represented in person or by proxy (including shares that abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present.

The affirmative vote of the holders of a majority of the shares of Common Stock present at the Annual Meeting is required for the election of directors and the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending June 30, 2004.

Shares that abstain from voting as to a particular matter, and shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and "broker non-votes" will have no effect on the voting on matters, such as the ones presented for stockholder approval at this Annual Meeting, that require the affirmative vote of a certain percentage of the shares voting on the matter.

(1) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The assumed rates of appreciation are mandated by the rules of the Securities and Exchange Commission and do not represent the Company's estimate or projection of future stock prices. This table does not take into account any appreciation or depreciation in the price of the Common Stock to date. Actual gain, if any, on stock option exercises will depend on future performance of the Common Stock and the date on which the options are exercised. Values shown are net of the option exercise price, but do not include deductions for tax or other expenses associated with the exercise. These options generally become exercisable over a four-year period (25% per year) and expire at the earlier of termination of employment or ten years from date of grant. In the event of a change in control of the Company, the Board has the discretion to provide that all options become exercisable in full immediately prior to such event.

The following table sets forth certain information concerning each exercise of a stock option during the fiscal year ended June 30, 2003 by each of the Named Executive Officers and the number and value of unexercised options held by each of the Named Executive Officers on June 30, 2003:

Certain Relationships and Related Transactions

As of the closing of the Company's initial public offering in October 1996, the Company adopted a policy that all material transactions between the Company and its officers, directors and other affiliates must (i) be approved by a majority of the members of the Company's Board of Directors and by a majority of the disinterested members of the Company's Board of Directors and (ii) be on terms that are no less favorable to the Company than could be obtained from unaffiliated third parties. However, the policy does not allow for the grant of any personal loans to or for any director or executive officer.

The Audit Committee consists of Mr. Flanders, Mr. McClorey and Mr. Tesler. None of the members are officers or employees of the Company and all members of the Audit Committee are independent within the meaning of the applicable rules governing audit committees. The Board of Directors has determined that Mr. Flanders is both independent and an audit committee financial expert, as defined by SEC guidelines.

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of the Company's consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with accounting principles generally accepted in the United States of America and to issue a report thereon. The Audit Committee is responsible for appointing, monitoring and managing the independent auditors.

In carrying out its duties, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements for the fiscal year ended June 30, 2003, with the Company's management and its independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee also discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees, as amended."

In addition, the Committee has discussed with the independent auditors, the auditor's independence from the Company and its management, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1, "Independence Discussion with Audit Committees."

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for its audit. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of its examination, the evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 30, 2003, for filing with the Securities and Exchange Commission. The Audit Committee and the Board of Directors also have recommended, subject to shareholder approval, the selection of PricewaterhouseCoopers LLP as the Company's independent auditors.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors is currently composed of three independent non-employee directors, Mr. Ellison, Mr. Kamerschen and Mr. Stern. The Compensation Committee is responsible for establishing and administering the policies that govern both annual compensation and performance-based equity ownership of the Company's executive officers.

This report is submitted by the Compensation Committee and addresses the Company's policies for 2003 as they apply to the Company's executive officers, including the Named Executive Officers.

Compensation Philosophy

The objectives of the executive compensation program are to (i) align compensation with business objectives, individual performance and the interests of shareholders, (ii) motivate and reward high levels of performance, (iii) recognize and reward the achievement of Company goals and (iv) enable the Company to attract and retain key executives.

In evaluating both individual and corporate performance for purposes of determining salary and bonus levels and stock option grants, the Compensation Committee places significant emphasis on the extent to which strategic and business plan goals are met, including the progress and success of the Company with respect to matters such as achieving operating budgets, establishing strategic marketing, distribution and development alliances, product development and enhancement of the Company's strategic position, as well as on the Company's overall financial performance.

Executive Compensation in Fiscal 2003

The compensation programs for the Company's executives established by the Compensation Committee consist of four elements based upon the foregoing objectives: (i) base salary and benefits competitive with the marketplace; (ii) bonus grants based on individual and Company performance; (iii) stock-based equity incentive in the form of participation in the 1996 Stock Option Plan, the 1995 Executive Officers' Stock Option Plan and the 1996 Employee Stock Purchase Plan and (iv) perquisites that in total do not exceed \$50,000 in value. The Compensation Committee believes that providing a base salary and benefits to its executive officers that are competitive with the marketplace enables the Company to attract and retain key executives. In addition, the Compensation Committee believes that bonuses based on both corporate and individual performance provide incentives to its executive officers that align their interests with those of the Company and its shareholders. The Compensation Committee generally provides executive officers discretionary stock option awards to reward them for achieving specified business objectives and to provide them with long-term ownership opportunities. In evaluating the salary level, bonuses and equity incentives to award to each current executive officer, the Compensation Committee examines the progress which the Company has made in areas under the particular executive officer's supervision, such as development or sales, and the overall performance of the Company. In addition, the Compensation Committee has retained an independent outside compensation consulting firm, with whom the Compensation Committee meets at least annually.

Edgar Filing: MEMBERWORKS INC - Form DEF 14A

In determining the salary and bonuses of each executive officer, including the Named Executive Officers, the Compensation Committee and the Board of Directors consider numerous factors such as (i) the individual's performance, including the expected contribution of the executive officer to the Company's goals, (ii) the Company's long-term needs and goals, including attracting and retaining key management personnel, (iii) the Company's competitive position, including market data on the compensation of executive officers of comparable companies and (iv) the Company's financial performance measured against financial targets approved by the Board of Directors and Compensation Committee. To the extent determined to be appropriate, the Compensation Committee also considers general economic conditions and the historic compensation levels of the individual.

Stock option grants made pursuant to the 1995 Executive Officers' Stock Option Plan and the 1996 Stock Option Plan in the fiscal years ended June 30, 2003, 2002 and 2001 were designed to make a portion of the overall compensation of the executive officers receiving such awards vary depending upon the performance of the Company's Common Stock. Such grants, as a result of vesting arrangements applicable to such stock options, also serve as a means of retaining these individuals. In making stock option grants to executives, the Compensation Committee considers a number of factors, including the performance of the executive, the responsibilities of the executive, and the executive's current stock or option holdings.

13

Benefits

The Company's executive officers are entitled to receive medical benefits and life insurance benefits and to participate in the Company's 401(k) Savings Plan on the same basis as other full-time employees of the Company. The Company's 1996 Employee Stock Purchase Plan, which is available to virtually all employees, including certain executive officers and directors who are employees, allows participants to purchase shares at a discount of approximately 15% from the fair market value at the beginning or end of the applicable purchase period.

Compensation of the Chief Executive Officer in Fiscal 2003

The compensation philosophy applied by the Compensation Committee in establishing the compensation for the Company's President and Chief Executive Officer is the same as for the other senior management of the Company - to provide a competitive compensation opportunity that rewards performance.

During fiscal 2003, Mr. Johnson served as President and Chief Executive Officer of the Company and was paid a base salary of \$579,400 and a bonus of \$1,242,300. The Compensation Committee determined Mr. Johnson's base salary based on the same market criteria used for other senior officers. The determination of Mr. Johnson's bonus is based upon the successful attainment of specific financial goals established by the Compensation Committee twice a year. For fiscal 2003, the financial goals were based on revenue and operating income targets. Based on the Company's results, Mr. Johnson's bonus plan provided for a pay out of 107% of the target amount. Mr. Johnson was also granted options to purchase 120,000 shares of Common Stock at an exercise price of \$13.05 per share under the 1996 Stock Option Plan.

Compliance with Section 162(m) of the Code

Edgar Filing: MEMBERWORKS INC - Form DEF 14A

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), enacted in 1993, generally disallows tax deductions to publicly-traded corporations for compensation over \$1,000,000 paid to the corporation's Chief Executive Officer or certain of its other highly compensated employees. Qualifying performance-based compensation will not be subject to this disallowance if certain requirements are met. The Compensation Committee believes that it is in the best interests of the Company's stockholders to comply with such tax law, while still maintaining the goals of the Company's executive compensation program. Accordingly, where it is deemed necessary and in the best interests of the Company to continue to attract and retain the best possible executive talent, and to motivate such executives to achieve the goals inherent in the Company's business strategy, the Compensation Committee will recommend, and the Company is expected to pay, compensation to executive officers which may exceed the limits of deductibility.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors, at the recommendation of the Audit Committee, has selected the firm of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year. PricewaterhouseCoopers LLP has served as the Company's independent auditors since 1990. If this proposal is not approved at the Annual Meeting, the Board of Directors may reconsider its selection of PricewaterhouseCoopers LLP.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

Fees Paid to PricewaterhouseCoopers LLP

All of the services rendered by PricewaterhouseCoopers LLP are permissible under applicable laws and regulations and are pre-approved by the Audit Committee prior to engaging the auditor. These services are actively monitored by the Audit Committee to maintain the appropriate objectivity and independence in PricewaterhouseCoopers' core work, which is the audit of the Company's consolidated financial statements. The following table sets forth aggregate fees billed to us related to fiscal years 2003 and 2002 by PricewaterhouseCoopers LLP:

	2003	2002
	-----	-----
Audit fees	\$ 333,000	\$ 245,000
Audit related fees	54,000	28,000
Tax fees	16,000	31,000
All other fees	576,000	1,989,000
	-----	-----
Total fees	\$ 979,000	2,293,000
	=====	=====

Audit fees - These are fees for professional services performed by PricewaterhouseCoopers LLP for the audit of the Company's financial statements and review of financial statements included in the Company's 10-Q filings and services that are normally provided in connection with statutory and regulatory filings or engagements.

Audit related fees - These are fees for assurance and related services performed by PricewaterhouseCoopers LLP that are related to the performance of the audit or review of the Company's financial statements. This includes: employee benefit plans, attestations that are not required by statute or regulation and consulting on financial accounting/reporting standards.

Tax fees - These fees are for foreign tax compliance, including the preparation of the tax returns and, and foreign tax advisory services.

All other fees - These fees are fees billed by PricewaterhouseCoopers LLP for

Edgar Filing: MEMBERWORKS INC - Form DEF 14A

the implementation of Customer Relationship Management systems. As of January 2003, the Company no longer utilized these consulting services provided by PricewaterhouseCoopers LLP. PricewaterhouseCoopers LLP did not bill the Company during the fiscal year ended June 30, 2003 or 2002 for any financial information systems design and implementation services.

The Audit Committee has determined the rendering of the information technology consulting fees and all other non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the auditor's independence.

The Board of Directors does not know of any other matters which may come before the Annual Meeting. However, if any other matters are properly presented at the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

SOLICITATION EXPENSES

All costs of solicitation of proxies will be borne by the Company.
