Item 8.01. Other Events.

InterDigital Communications, LLC and InterDigital Technology Corporation (collectively, "InterDigital") today filed a motion for leave to file an amended

Edgar Filing: InterDigital, Inc. - Form 8-K

complaint with the International Trade Commission (ITC) to add a claim of infringement on a third InterDigital patent in an action previously instituted against Nokia Corporation and Nokia Inc. (collectively, "Nokia") in the ITC (Investigation No. 337-TA-613). In addition, InterDigital also filed an amended complaint with the United States District Court for the District of Delaware ("Delaware District Court") to add a claim of infringement of a third InterDigital patent in an action previously brought by InterDigital against Nokia in the Delaware District Court.

Specifically, in both the ITC and the Delaware District Court amended complaints, InterDigital asserts that Nokia's 3G HSDPA products, such as Nokia's N95 (also known as N95-3) handset, infringe this third InterDigital patent. InterDigital's original complaint with the ITC continues to allege that Nokia engaged in an unfair trade practice by making for importation into the United States, importing, and selling after importation certain 3G handsets and components that infringe two of InterDigital's patents. InterDigital's original complaint with the Delaware District Court continues to allege that Nokia's 3G mobile handsets and components infringe the same patents identified in InterDigital's ITC complaint.

InterDigital continues to seek an exclusion order with the ITC that operates to bar from entry into the U.S. infringing 3G mobile handsets and components that are imported by or on behalf of Nokia, as well as a cease-and-desist order to bar further sales of infringing Nokia products that have already been imported into the United States.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

INTERDIGITAL, INC.
