EXPLANATORY NOTE

This report combines the Quarterly Reports on Form 10-Q for the period ended March 31, 2013 of Summit Hotel Properties, Inc., a Maryland corporation, and Summit Hotel OP, LP, a Delaware limited partnership.

Unless stated otherwise or the context otherwise requires, references in this report to:

“Summit REIT” mean Summit Hotel Properties, Inc., a Maryland corporation;

“Summit OP” or “our operating partnership” mean Summit Hotel OP, LP, a Delaware limited partnership, our operating partnership, and its consolidated subsidiaries; and

“we,” “our,” “us,” “our company” or “the company” mean Summit REIT, Summit OP and their consolidated subsidiaries taken together as one company.

Summit REIT is the sole member of Summit Hotel GP, LLC, a Delaware limited liability company, which is the sole general partner (the “General Partner”) of Summit OP. As of March 31, 2013, Summit REIT owned approximately 95% of the issued and outstanding common units of partnership interest of Summit OP (“Common Units”), including the sole general partnership interest held by the General Partner. As of March 31, 2013, Summit REIT owned all of the issued and outstanding 9.25% Series A Cumulative Redeemable Preferred Units of Summit OP (“Series A Preferred Units”), all of the issued and outstanding 7.875% Series B Cumulative Redeemable Preferred Units of Summit OP (“Series B Preferred Units”), and all of the issued and outstanding 7.125% Series C Cumulative Redeemable Preferred Units of Summit OP (“Series C Preferred Units,” the Series C Preferred Units, Series B Preferred Units and Series A Preferred Units collectively referred to as “Preferred Units”). As the sole member of the General Partner, Summit REIT has exclusive control of Summit OP’s day-to-day management. The remaining Common Units of Summit OP are owned by third parties.

We believe combining the Quarterly Reports on Form 10-Q of Summit REIT and Summit OP into this single report provides the following benefits:

it enhances investors’ understanding of Summit REIT and Summit OP by enabling investors to view the business as a whole in the same manner as management views and operates the business;

it eliminates duplicative disclosure and provides a more streamlined and readable presentation since a substantial portion of the disclosure applies to both Summit REIT and Summit OP; and

it creates time and cost efficiencies for both companies through the preparation of one combined report instead of two separate reports.

We believe it is important to understand the few differences between Summit REIT and Summit OP in the context of how Summit REIT and Summit OP operate as a consolidated company. Summit REIT has elected to be taxed as a real estate investment trust (“REIT”) under the Internal Revenue Code of 1986, as amended (the “Code”), commencing with its short taxable year ended December 31, 2011.

As of March 31, 2013, Summit REIT’s only material assets were its ownership of Common Units and Preferred Units of Summit OP and its ownership of the membership interests in the General Partner. As a result, Summit REIT does not conduct business itself, other than controlling, through the General Partner, Summit OP, raising capital through issuances of equity securities from time to time and guaranteeing certain debt of Summit OP and its subsidiaries. Summit OP and its subsidiaries hold all the assets of the consolidated company. Except for net proceeds from

securities issuances by Summit REIT, which are contributed to Summit OP in exchange for partnership units of Summit OP, Summit OP and its subsidiaries generate capital from the operation of our business and through borrowings and the issuance of partnership units of Summit OP.

Stockholders' equity, partners' capital and noncontrolling interests are the main areas of difference between the consolidated financial statements of Summit REIT and those of Summit OP. As of March 31, 2013, Summit OP's capital interests include Common Units, representing general and limited partnership interests, and Preferred Units. The Common Units owned by limited partners other than Summit REIT and its subsidiaries are accounted for in partners' capital in Summit OP's consolidated financial statements and (within stockholders' equity) as noncontrolling interests in Summit REIT's consolidated financial statements.

---

In order to highlight the differences between Summit REIT and Summit OP, there are sections in this report that separately discuss Summit REIT and Summit OP, including separate financial statements and certain notes thereto and separate Exhibit 31 and Exhibit 32 certifications. In the sections that combine disclosure for Summit REIT and Summit OP (i.e., where the disclosure refers to the consolidated company), this report refers to actions or holdings as our actions or holdings and, unless otherwise indicated, means the actions or holdings of Summit REIT and Summit OP and their respective subsidiaries, as one consolidated company.

As the sole member of the General Partner, Summit REIT consolidates Summit OP for financial reporting purposes, and Summit REIT does not have assets other than its investment in the General Partner and Summit OP. Therefore, while stockholders' equity and partners' capital differ as discussed above, the assets and liabilities of Summit REIT and Summit OP are the same on their respective financial statements.

Finally, we refer to a number of other entities and events in this report as follows. Unless the context otherwise requires or indicates, references to:

“our TRSs” refer to Summit Hotel TRS, Inc., a Delaware corporation, and Summit Hotel TRS II, Inc., a Delaware corporation, and any other taxable REIT subsidiaries (“TRSs”) that we may form in the future;

“our TRS lessees” refer to the subsidiaries of our TRSs that lease our hotels from Summit OP or subsidiaries of Summit OP. All but one of our TRS lessees are wholly owned by our TRSs.

NOTE 1 - DESCRIPTION OF BUSINESS

Summit Hotel Properties, Inc. (the “Company”) is a self-advised hotel investment company that was organized on June 30, 2010 as a Maryland corporation. The Company holds both general and limited partnership interests in Summit Hotel OP, LP (the “Operating Partnership”), a Delaware limited partnership also organized on June 30, 2010. Unless the context otherwise requires, “we” and “our” refer to the Company and the Operating Partnership collectively.

At March 31, 2013, our portfolio consists of 91 upscale, upper midscale and midscale hotel properties containing 10,309 guestrooms located in 22 states. Of our 91 hotel properties, six are classified as held for sale. Our hotel properties are leased to subsidiaries (“TRS Lessees”) of our taxable REIT subsidiaries (“TRSs”). We indirectly own 100% of the outstanding equity interests in all but one of our TRS Lessees. We indirectly own an 80% controlling interest in the TRS Lessee associated with the recently acquired Holiday Inn Express & Suites in San Francisco, CA.

NOTE 2 - BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements of the Company include the accounts of the Company, the Operating Partnership, and their subsidiaries, including joint ventures. The accompanying consolidated financial statements of the Operating Partnership include the accounts of the Operating Partnership and its subsidiaries, including joint ventures. All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

We prepare these consolidated financial statements in conformity with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Results for first quarter 2013 may not be indicative of the results that may be expected for the full year 2013. For further information, please read the financial statements included in our Form 10-K for the year ended December 31, 2012.

We made certain reclassifications to the first quarter 2012 financial information to conform to our 2013 presentation, which included the reclassification of \$0.6 million of food and beverage costs previously included as a reduction of other hotel operations revenue to other direct expenses. This reclassification had no effect on previously reported results of operations or equity.

Noncontrolling Interests

Noncontrolling interests represent the portion of equity in a subsidiary held by owners other than the consolidating parent. Noncontrolling interests are reported in the consolidated balance sheets within equity, separately from stockholders’ equity. Revenue, expenses and net income (loss) attributable to both the Company and the noncontrolling interests are reported in the consolidated statements of operations.

Our consolidated financial statements include noncontrolling interests related to Common Units of the Operating Partnership held by unaffiliated third parties and third-party ownership of joint ventures.

SUMMIT HOTEL PROPERTIES, INC. AND SUMMIT HOTEL OP, LP  
 NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

New Accounting Standards

In first quarter 2013, we adopted Accounting Standards Update (“ASU”) 2013–02, Comprehensive Income (Topic 220): Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income. ASU 2013–02 required an entity to separately provide information about the effects on net income of certain significant amounts reclassified out of each component of accumulated other comprehensive income.

Adoption of this new standard did not have a material effect on the consolidated financial statements of the Company or our Operating Partnership.

## NOTE 6 - DEBT

Our debt is comprised of a senior secured revolving credit facility and term loans secured by various hotel properties. The weighted average interest rate, after giving effect to our interest rate derivatives, for all borrowings was 5.35% at March 31, 2013 and 5.15% at December 31, 2012, respectively. Our total fixed-rate and variable-rate debt, after giving effect to our interest rate derivatives, follows (in thousands):

 NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Information about the fair value of our fixed-rate debt that is not recorded at fair value follows (in thousands):

	March 31, 2013		December 31, 2012		Valuation Technique

Fixed-rate debt not recorded at fair value	\$ 284,704	\$ 281,101	\$ 188,565	\$ 193,448	Level 2 - Market approach

At March 31, 2013 and December 31, 2012, we had variable rate debt of \$40.6 million and \$41.0 million, respectively, which had effectively been converted to fixed interest rates through derivative financial instruments which are carried at fair value. Differences between carrying value and fair value of our fixed-rate debt are primarily due to changes in interest rates. Inherently, fixed-rate debt is subject to fluctuations in fair value.

#### \$150 Million Senior Secured Revolving Credit Facility

In January 2013, we removed the AmericInn and Fairfield Inn in Golden, CO from the borrowing base of our senior secured revolving credit facility. At March 31, 2013, the maximum amount of borrowing permitted under the terms of this facility was \$113.1 million, of which we had \$5.0 million borrowed, \$3.7 million in standby letters of credit and \$104.4 million available to borrow.

#### Term Loans

On January 14, 2013, we paid off two variable rate term loans with First National Bank of Omaha that were secured by three hotel properties. These loans totaled \$22.8 million and had maturity dates of July 2013 and February 2014. There were no associated prepayment penalties.

On January 25, 2013, we closed on a \$29.4 million term loan with KeyBank National Association (KeyBank) with a fixed rate of 4.46%. This term loan matures on February 1, 2023, amortizes over 30 years, and is secured by four of the Hyatt Place hotels we acquired in October 2012. These hotels are located in Chicago (Lombard), IL; Denver (Lone Tree), CO; Denver (Englewood), CO; and Dallas (Arlington), TX.

On February 11, 2013, as a part of our acquisition (through a joint venture) of the Holiday Inn & Suites in San Francisco, CA, we assumed a \$23.4 million term loan with Greenwich Capital Financial Products, Inc. This loan has a fixed interest rate of 6.2%, matures on January 6, 2016 and amortizes over 30 years.

On March 7 and 8, 2013, we closed on two additional term loans with KeyBank, which mature on April 1, 2023 and amortize over 30 years. A \$22.7 million term loan with a fixed rate of 4.52% is secured by three of the Hyatt hotels we acquired in October 2012. These hotels include a Hyatt House in Denver (Englewood), CO and Hyatt Place hotels in Baltimore (Owings Mills), MD and Scottsdale, AZ. A \$22.0 million term loan with a fixed rate of 4.3% is secured by the three Hyatt Place hotels we acquired in January 2013. These hotels are located in Chicago (Hoffman Estates), IL; Orlando (Convention), FL; and Orlando (Universal), FL.

#### NOTE 7 - COMMITMENTS AND CONTINGENCIES

##### Pending Hotel Property Acquisitions

At March 31, 2013, we had purchase agreements for a Holiday Inn Express & Suites in Minneapolis (Minnetonka), MN and a Hilton Garden Inn in Minneapolis (Eden Prairie), MN that have not been closed as of the issuance of these financial statements. The aggregated purchase price of these hotel properties is \$17.1 million, which includes the assumption of debt of \$10.2 million. These acquisitions are contingent upon customary closing conditions; therefore, there is no assurance that they will be completed.

Noncontrolling Interests in Operating Partnership

Pursuant to the limited partnership agreement, beginning February 14, 2012, the unaffiliated third parties who hold Common Units in our Operating Partnership have the right to cause us to redeem their Common Units in exchange for cash, based upon the fair value of an equivalent number of our shares of common stock at the time of redemption, or at our option, shares of our common stock on a one-for-one basis. The number of shares of our common stock issuable upon redemption of Common Units may be adjusted upon the occurrence of certain events such as share dividends, share subdivisions or combinations.

On January 3, 2013, we redeemed 1,974,669 Common Units for 1,974,669 shares of our common stock.

At March 31, 2013 and December 31, 2012, unaffiliated third parties owned 3,251,706 and 5,226,375 Common Units of the Operating Partnership, representing 4.7% and 10.1% limited partnership interest in the Operating Partnership, respectively.

We classify outstanding Common Units held by unaffiliated third parties as noncontrolling interests in the Operating Partnership, a component of equity in the Company's consolidated balance sheets. The portion of net income (loss) allocated to these Common Units is reported on the Company's consolidated statement of operations as net income (loss) attributable to noncontrolling interests of the Operating Partnership.

## NOTE 13 - EARNINGS (LOSS) PER SHARE/UNIT

We apply the two-class method of computing earnings per share, which requires the calculation of separate earnings per share amounts for our non-vested time-based restricted stock awards with nonforfeitable dividends and for our common stock. Our non-vested time-based restricted stock awards with nonforfeitable rights to dividends are considered securities which participate in undistributed earnings with common stock. Under the two-class computation method, net losses are not allocated to participating securities unless the holder of the security has a contractual obligation to share in the losses. Our non-vested time-based restricted stock awards with nonforfeitable dividends do not have such an obligation so they are not allocated losses.

In first quarter 2012, our basic and diluted earnings per share are based on basic weighted average common shares outstanding due to our loss from continuing operations.

#### Overview

We focus primarily on acquiring and owning premium-branded select-service hotels in the upscale and upper midscale segments of the U.S. lodging industry, as these segments are currently defined by Smith Travel Research (“STR”). Since completion of our IPO on February 14, 2011, we have acquired 33 hotels containing 4,416 guestrooms for purchase prices aggregating \$547.1 million. At March 31, 2013, we owned 91 hotels containing 10,309 guestrooms located in 22 states. Except for six hotels, five of which are subject to ground leases and one of which is subject to a PILOT (payment in lieu of taxes) lease, we own our hotels in fee simple. Our hotels are located in markets in which we have extensive experience and that exhibit multiple demand generators, such as business and corporate headquarters, retail centers, airports and tourist attractions.

The majority of our hotels operate under premium franchise brands owned by Marriott International, Inc. (“Marriott”) (Courtyard by Marriott®, Residence Inn by Marriott®, SpringHill Suites by Marriott®, Fairfield Inn by Marriott®, Fairfield Inn & Suites by Marriott®, and TownePlace Suites by Marriott®), Hilton Worldwide (“Hilton”) (DoubleTree by Hilton®, Hampton Inn®, Hampton Inn & Suites®, Homewood Suites® and Hilton Garden Inn®), Intercontinental Hotel Group (“IHG”) (Holiday Inn®, Holiday Inn Express®, Holiday Inn Express & Suites® and Staybridge Suites®) and an affiliate of Hyatt Hotels Corporation (“Hyatt”) (Hyatt Place® and Hyatt House®).

At March 31, 2013, our hotels are operated pursuant to hotel management agreements with third party hotel management companies, including the following:

Interstate Management Company, LLC (“Interstate”) and its affiliate, Noble Management Group (“Noble”) – 62 hotel properties;

Select Hotel Group, LLC (“Hyatt Management”) – 11 hotel properties;

Affiliates of Marriott, including Courtyard Management Corporation (“Courtyard Management”), SpringHill SMC Corporation (“SpringHill Management”), and Residence Inn by Marriott (“Residence Inn Management”) – six hotel properties;

HP Hotels Management Company, Inc. (“HP Hotels”) – two hotel properties;

Kana Hotels, Inc. (“Kana Hotels”) – two hotel properties;

InterMountain Management, LLC (“InterMountain”) – two hotel properties;

OTO Development, LLC – two hotel properties;

Affiliates of IHG including IHG Management (Maryland) LLC (“IHG Management”) and Intercontinental Hotels Group Resources, Inc. (“Intercontinental Management”) – two hotel properties;

FCH Hospitality, Inc. – one hotel property; and

Lodging Dynamics – one hotel property

We believe the hotel management companies engaged by our TRS lessees qualify as “eligible independent contractors” for federal income tax purposes. Our TRS lessees may also employ other hotel managers in the future. We have, and will have, no ownership or economic interest in any of the hotel management companies engaged by our TRS lessees.

Our revenue is derived from hotel operations and consists of room revenue and other hotel operations revenue. As a result of our focus on select-service hotels in the upscale and upper midscale segments of the U.S. lodging industry, substantially all of our revenue is room revenue generated from sales of hotel rooms. We also generate, to a much lesser extent, other hotel operations revenue, which consists of ancillary revenue related to meeting rooms and other guest services provided at our hotels.

## Industry Trends and Outlook

Room-night demand in the U.S. lodging industry is correlated to macroeconomic trends. Key drivers of demand include growth in gross domestic product, or GDP, corporate profits, capital investments and employment. Following periods of recession, recovery of room-night demand for lodging historically has lagged improvements in the overall economy. However, in the economic recovery beginning in early 2010, room-night demand has led improvements in the overall economy. Although we expect that our hotels will realize meaningful revenue per available room (“RevPAR”) gains as the economy and lodging industry continue to improve, the risk exists that global and domestic economic conditions may cause the economic recovery to stall, which likely would adversely affect our growth expectations.

While we are guardedly optimistic about macro-economic conditions and their effect on room-night demand, we feel relatively confident that our near-term results will not be adversely affected by increased lodging supply in our markets. Growth in lodging supply typically lags growth in room-night demand. Key drivers of lodging supply include the availability and cost of capital, construction costs, franchise availability, local real estate market conditions, and availability and pricing of existing properties. As a result of scarcity of financing, the severe United States recession and declining operating fundamentals, during 2008 and 2009, many planned hotel developments were cancelled or postponed. Due to continued economic uncertainty, we believe the effect of the severe recession will be prolonged compared with prior recessions, which could limit lodging supply growth.

## Our Hotel Property Portfolio

At March 31, 2013, our hotel property portfolio consisted of 91 hotels containing 10,309 guestrooms. Of these hotels, according to STR’s current chain segment designations, 54 hotels containing 6,647 guestrooms are “upscale,” 34 hotels containing 3,456 guestrooms are “upper midscale” and 3 hotels containing 206 guestrooms are “midscale.” Information for our hotel properties by franchisor as of March 31, 2013 follows:

## First Quarter 2013 Acquisitions

On January 22, 2013, we purchased from affiliates of Hyatt Hotels Corporation (“Hyatt”), a portfolio of three hotel properties. We expect to spend \$4.9 million for renovations at these properties for a total cost of \$96,300 per key. We

funded this acquisition with a portion of the proceeds from our common stock offering completed on January 14, 2013 (the "January 2013 Stock Offering"). The renovations will be funded with borrowings under our senior secured revolving credit facility.

On February 11, 2013, through a joint venture with an affiliate of IHG, we purchased a Holiday Inn Express & Suites in San Francisco, CA for \$240,079 per key. We expect to spend \$3.0 million for renovations at this property for a total cost of \$252,000 per key. The joint venture assumed a \$23.4 million term loan as a part of the acquisition. We contributed \$34.6 million, including \$2.8 million in renovation reserves, to the joint venture for an 80% controlling interest. We funded our contribution to the joint venture with a portion of the proceeds from our January 2013 Stock Offering.

On March 11, 2013, we purchased a portfolio of five Marriott hotel properties. We expect to spend \$5.0 million for renovations at these properties for a total cost of \$170,100 per key. We funded this acquisition with proceeds from term borrowings secured by previously acquired hotel properties and borrowings under our senior secured revolving credit facility.

#### First Quarter 2012 Acquisitions

On January 12, 2012, we purchased 90% of the ownership interests in a Courtyard by Marriott in Atlanta, GA for \$190,000 per key. Including renovations, our total cost per key was \$191,300. Upon expiration of tax credits related to the hotel in 2016, we are obligated to purchase the remaining ownership for \$0.4 million, which has been accrued as a liability and is included in the purchase price of \$28.9 million. We funded this acquisition through assumption of a \$19.0 million term loan and borrowings under our senior secured revolving credit facility.

## Edgar Filing: Summit Hotel OP, LP - Form 10-Q

On February 28, 2012, we purchased a Hilton Garden Inn in Birmingham (Liberty Park), AL for \$88,462 per key. Including renovations, our total cost per key was \$90,200. We funded this acquisition with a \$6.5 million term loan and borrowings under our senior secured revolving credit facility.

On February 28, 2012, we purchased a Hilton Garden Inn in Birmingham (Lakeshore), AL for \$90,789 per key. Including renovations, our total cost per key was \$107,600. We funded the purchase price with a \$5.6 million term loan and borrowings under our senior secured revolving credit facility.

### Dispositions

Pursuant to our strategy to continually evaluate our hotel properties and land held for development, we sold two hotel properties and a parcel of land held for development in the first quarter of 2013. When a property is identified as being held for sale, we reclassify the property on our consolidated balance sheets, evaluate for potential impairment, and, in the case of a hotel property, report historical and future results of operations in discontinued operations. We recognize impairment charges on hotel properties in discontinued operations and on land held for development in continuing operations. We recognized impairment charges of \$1.5 million in first quarter 2013 and \$0.9 million in first quarter 2012 due to the change in estimated holding period of the related properties.

On January 15, 2013, we sold the AmericInn Hotel & Suites in Golden, CO for \$2.6 million. On February 15, 2013, we sold the Hampton Inn in Denver, CO for \$5.5 million and recognized a gain on the sale of \$1.6 million. On February 27, 2013, we sold a parcel of land in Jacksonville, FL for \$1.9 million. The proceeds from these sales were used to reduce our borrowings under our senior secured revolving credit facility.

No hotel properties were sold in first quarter 2012.

For additional information concerning our dispositions and impairment charges, see Note 10 of our financial statements appearing elsewhere in this Form 10-Q.

### Results of Operations of Summit Hotel Properties, Inc. and Summit Hotel OP, LP

The comparisons that follow should be reviewed in conjunction with the unaudited condensed consolidated financial statements included elsewhere in this Form 10-Q. As noted above, in first quarter of 2013 we sold the AmericInn Hotel & Suites in Golden, CO and the Hampton Inn in Denver, CO. In addition, at March 31, 2013, we classified as held for sale the Holiday Inn, Holiday Inn Express, Hampton Inn and Fairfield Inn & Suites in Boise, ID; the Courtyard by Marriott in Memphis, TN; and the SpringHill Suites in Lithia Springs, GA, which were all under contract to sell. Accordingly, we classified all of these hotel properties as discontinued operations and their operating results are not included in the discussion below.

### Comparison of First Quarter 2013 with First Quarter 2012

Key operating metrics for our total portfolio (85 hotels at March 31, 2013 and 60 hotels at March 31, 2012) and our same-store portfolio (57 hotels) for first quarter 2013 compared with first quarter 2012 follows (dollars in thousands, except ADR and RevPAR):

Revenue. Total revenues, including room and other hotel operations revenue, increased \$25.9 million in first quarter 2013 compared with first quarter 2012. The increase in revenues is due to an increase in same-store revenues of \$1.9 million and an increase in revenues from the 19 hotel properties acquired in 2012 and nine hotel properties acquired in the first quarter of 2013 (the “Acquired Hotels”) of \$24.0 million.

The same-store revenue increase of \$1.9 million, or 5.5%, was due to increases in occupancy to 67.7% in first quarter 2013 compared with 66.2% in first quarter 2012, and ADR to \$98.45 in first quarter 2013 compared with \$94.55 in first quarter 2012. The increases in occupancy and ADR resulted in a 6.6% increase in same-store RevPAR to \$66.67 in first quarter 2013 compared with \$62.56 in first quarter 2012. These increases were due to the improving economy and hotel industry fundamentals and renovations made at 13 hotel properties in 2012.

Hotel Operating Expenses. Hotel operating expenses increased \$16.5 million in first quarter 2013 compared with first quarter 2012. The increase is due in part to an increase in operating expenses at the Acquired Hotels of \$15.5 million. In addition, the increase in same-store hotel operating expenses is due to \$1.0 million of variable costs related to the increase in revenue. Expenses at the same-store hotels declined as a percentage of revenue from 69.3% in first quarter 2012 to 68.4% in first quarter 2013, due to stability in expenses despite increasing revenues at the same-store hotel properties.

A summary of our hotel operating expenses for our same-store portfolio (57 hotels) for first quarter 2013 and 2012 follows (dollars in thousands):

	First Quarter		Percentage Change	Percentage of Revenue			
	2013	2012		First Quarter		2012	
Rooms expense	\$ 10,501	\$ 10,060	4.4 %	28.1 %	28.4 %		
Other direct expense	4,873	4,654	4.7 %	13.0 %	13.1 %		
Other indirect expense	10,031	9,644	4.0 %	26.8 %	27.2 %		
Other expense	185	202	-8.4 %	0.5 %	0.6 %		
Total hotel operating expenses	\$ 25,590	\$ 24,560	4.2 %	68.4 %	69.3 %		

Depreciation and Amortization. Depreciation and amortization expense increased \$3.6 million in first quarter 2013 compared with first quarter 2012, primarily due to the depreciation associated with the Acquired Hotels.

Corporate General and Administrative. Corporate general and administrative expenses increased \$1.3 million in first quarter 2013 compared with first quarter 2012. The increase in expense was due to increases in equity-based compensation of \$0.3 million, bonus accruals of \$0.5 million, cost related to our development of corporate functions that did not exist prior to our IPO of \$0.1 million, and cost related to the relocation of our corporate headquarters from Sioux Falls, SD to Austin, TX of \$0.1 million.

Other Income/Expense. The \$0.7 million increase in other income (expense) was primarily the result of an increase in interest expense due to debt incurred to finance the acquisition of the Acquired Hotels.

Cash Flows. The increase in net cash provided by operating activities of \$8.2 million for first quarter 2013 compared with first quarter 2012 primarily resulted from a \$4.7 million improvement in earnings and a \$3.0 million increase in depreciation. The increase in depreciation was primarily related to the Acquired Hotels. The \$189.9 million increase in net cash used in investing activities for first quarter 2013 compared with first quarter 2012 primarily resulted from a \$183.4 million increase in acquisitions of hotel properties, a \$1.7 million increase in investments and additions to

hotel properties, and a \$13.7 million increase in restricted cash related to renovation reserves funded, which was partially offset by a \$9.2 million increase in proceeds from asset dispositions. The \$188.2 million increase in net cash provided by financing activities for first quarter 2013 compared with first quarter 2012 resulted from a \$237.3 million increase in proceeds from equity offerings, partially offset by a \$44.7 million decrease in proceeds from borrowings and a \$4.9 million increase in dividends and distributions.

## Discontinued Operations

Pursuant to our strategy, we continually evaluate our hotel properties for potential sale and redeployment of capital. When a hotel property is sold or identified as being held for sale, we report its historical and future results of operations, including impairment charges, in discontinued operations. In addition to the hotel properties previously reported in discontinued operations, in first quarter 2013 we began reporting the following hotel properties in discontinued operations:

Hampton Inn in Denver, CO	Fairfield Inn & Suites in Boise, ID
Holiday Inn in Boise, ID	Courtyard by Marriott in Memphis, TN
Holiday Inn Express in Boise, ID	SpringHill Suites in Lithia Springs, GA
Hampton Inn in Boise, ID	

The Hampton Inn in Denver, CO was sold on February 15, 2013. The Holiday Inn and Holiday Inn Express in Boise, ID were classified as held for sale at March 31, 2013 and subsequently sold on May 1, 2013. The AmericInn in Golden, CO was on sold on January 15, 2013, however it was classified as held for sale in fourth quarter 2012. The Hampton Inn and Fairfield Inn & Suites in Boise, ID, the Courtyard by Marriott in Memphis, TN, and the SpringHill Suites in Lithia Springs, GA were classified as held for sale at March 31, 2013 and are currently under contract to sell, which sales are anticipated to close during 2013.

## Liquidity and Capital Resources

Our short-term liquidity requirements consist primarily of operating expenses and other expenditures directly associated with our hotel properties, recurring maintenance and capital expenditures necessary to maintain our hotel properties in accordance with brand standards, capital expenditures to improve our hotel properties, acquisitions, interest expense and scheduled principal payments on outstanding indebtedness, and distributions to our stockholders.

Our long-term liquidity requirements consist primarily of the costs of acquiring additional hotel properties, renovations and other non-recurring capital expenditures that need to be made periodically with respect to our hotel properties, and scheduled debt payments, including maturing loans.

To satisfy the requirements for qualification as a REIT, we must meet a number of organizational and operational requirements, including a requirement that we distribute annually at least 90% of our REIT taxable income to our stockholders, determined without regard to the deduction for dividends paid and excluding any net capital gain. We generally intend to distribute at least 100% of our REIT taxable income to avoid tax on undistributed income. Therefore, we will need to raise additional capital to grow our business and invest in additional hotel properties.

We expect to satisfy our liquidity requirements with cash provided by operations, working capital, and short-term borrowings under our senior secured revolving credit facility. In addition, we may fund the purchase price of hotel acquisitions and cost of required capital improvements by assuming existing mortgage debt, issuing securities (including partnership units issued by Summit OP), or incurring other mortgage debt. Further, we may seek to raise capital through public or private offerings of our equity or debt securities. However, certain factors may have a material adverse effect on our ability to access these capital sources, including our degree of leverage, the value of our unencumbered hotel properties, borrowing restrictions imposed by lenders and market conditions. We will continue to analyze which sources of capital are most advantageous to us at any particular point in time, but financing may not be consistently available to us on terms that are attractive, or at all. We believe that our cash provided by operations, working capital, borrowings under our senior secured revolving credit facility and other sources of funds available to us will be sufficient to meet our ongoing liquidity requirements for at least the next 12 months.

Outstanding Indebtedness

At March 31, 2013, we had \$332.4 million in debt secured by mortgages on 73 hotel properties. We also had 18 hotel properties unencumbered by mortgage debt, including 17 hotels containing 2,173 guestrooms operating under brands owned by Marriott, Hilton, IHG and Hyatt that are available to be used as collateral for potential future loans. Our revolving credit facility is available to fund future acquisitions, property redevelopments and working capital requirements (including the repayment of debt).

### \$150 Million Senior Secured Revolving Credit Facility

At March 31, 2013, the maximum amount of borrowings permitted under our \$150 million senior secured revolving credit facility was \$113.1 million, of which we had \$5.0 million borrowed, \$3.7 million in standby letters of credit and \$104.4 million available to borrow.

In January 2013, we removed the AmericInn and Fairfield Inn in Golden, CO from the facility's borrowing base. At March 31, 2013, the borrowing base assets are as follows:

SpringHill Suites, Little Rock, AR	Fairfield Inn & Suites, Baton Rouge, LA
Fairfield Inn, Denver, CO	SpringHill Suites, Baton Rouge, LA
Hampton Inn, Fort Collins, CO	TownePlace Suites, Baton Rouge, LA
Staybridge Suites, Glendale, CO	Homewood Suites, Ridgeland, MS
Hampton Inn, Boise, ID	Hampton Inn, Medford, OR
Residence Inn, Fort Wayne, IN	SpringHill Suites, Nashville, TN
Hilton Garden Inn, Duluth, GA	Courtyard by Marriott, Arlington, TX
Holiday Inn, Duluth, GA	Residence Inn, Arlington, TX
Fairfield Inn, Emporia, KS	Courtyard by Marriott, El Paso, TX
Holiday Inn Express, Emporia, KS	Hampton Inn, Provo, UT
AmericInn, Salina, KS	Fairfield Inn & Suites, Bellevue, WA
Fairfield Inn, Salina, KS	Fairfield Inn & Suites, Spokane, WA

At May 2, 2013, the maximum amount of borrowings permitted under this facility was \$113.1 million, of which we had \$24.3 million borrowed, \$5.2 million in standby letters of credit and \$83.6 million available to borrow.

### Term Loans

At March 31, 2013, we had \$327.4 million in term loans outstanding. These term loans are secured primarily by first mortgage liens on hotel properties.

Our term loans included a \$65.7 million loan with ING Life Insurance and Annuity (ING). In February 2013, we removed the Hampton Inn in Denver, CO from the security for the ING loan and replaced it with a \$2.4 million stand-by letter of credit issued under our senior secured revolving credit facility. At March 31, 2013, the ING loan was secured by the following hotel properties:

Fairfield Inn & Suites, Germantown, TN	Fairfield Inn, Lewisville, TX
Residence Inn by Marriott, Germantown, TN	Holiday Inn Express, Vernon Hills, IL
Holiday Inn Express, Boise, ID	Hampton Inn, Fort Wayne, IN
Hampton Inn & Suites, El Paso, TX	Staybridge Suites, Ridgeland, MS
Hampton Inn, Fort Smith, AR	Residence Inn by Marriott, Ridgeland, MS
Hilton Garden Inn, Fort Collins, CO	Country Inn & Suites, Charleston, WV
SpringHill Suites by Marriott, Flagstaff, AZ	Holiday Inn Express, Charleston, WV
Holiday Inn Express, Sandy, UT	

On May 1, 2013, we removed the Holiday Inn Express in Boise, ID from the security for the ING loan and replaced it with a \$1.5 million stand-by letter of credit issued under our senior secured revolving credit facility. We anticipate replacing both letters of credit securing the ING loan with additional hotel property collateral.

Edgar Filing: Summit Hotel OP, LP - Form 10-Q

For additional information regarding our term loans, please read our unaudited condensed consolidated financial statements and related notes thereto, appearing in our Annual Report filed on Form 10-K for the year ended December 31, 2012 and elsewhere in this Form 10-Q.

### Equity Transactions

On January 14, 2013, we completed an underwritten public offering of 17,250,000 shares of our common stock. Net proceeds were \$148.2 million, after the underwriting discount and offering-related expenses. We contributed the net proceeds of this offering to Summit OP in exchange for Common Units. Summit OP used the proceeds for hotel property acquisitions and to pay down our term debt and our senior secured revolving credit facility.

On March 20, 2013, we completed an underwritten public offering of 3,400,000 shares of 7.125% Series C Cumulative Redeemable Preferred Stock for net proceeds of \$82.0 million, after the underwriting discount and offering-related expenses. We contributed the net proceeds of this offering to Summit OP in exchange for Series C Preferred Units. Summit OP used the proceeds to pay down the principal balance of our senior secured revolving credit facility.

### Capital Expenditures

In first quarter 2013, we spent \$7.4 million on renovations, including \$5.4 million on hotel properties that we owned prior to 2012 and \$2.0 million on hotel properties acquired since the beginning of 2012. We currently have renovations underway at 10 of our hotel properties. We anticipate spending a total of \$32.0 million to \$40.0 million on hotel property renovations in the remainder of 2013. We expect to fund these renovations with cash provided by operations, working capital, borrowings under our senior secured revolving credit facility, and other potential sources of capital, to the extent available to us.

### Off-Balance Sheet Arrangements

From time to time, we enter into off-balance sheet arrangements to facilitate our operations. At March 31, 2013, we had \$3.7 million in outstanding stand-by letters of credit which provide credit enhancement on three term loans. Letters of credit totaling \$1.3 million may be released when the operating performance of the related hotel properties reach a defined level. At May 2, 2013, we had \$5.2 million in outstanding standby letters of credit which provide credit enhancement on three term loans.

### Contractual Obligations

The timing of required payments related to our long-term debt and other contractual obligations at March 31, 2013 follows (in thousands):

	Total	Payments Due By Period			
		Less than One Year	One to Three Years	Four to Five Years	More than Five Years
Debt obligations (1)	\$420,324	\$31,184	\$99,888	\$113,607	\$175,645
Operating lease obligations (2)	33,711	526	1,608	1,002	30,575
Purchase obligations (3)	3,846	3,846	-	-	-
<b>Total</b>	<b>\$457,881</b>	<b>\$35,556</b>	<b>\$101,496</b>	<b>\$114,609</b>	<b>\$206,220</b>

(1) Amounts shown include amortization of principal, maturities, and estimated interest payments. Interest payments on variable rate debt have been estimated using the rates in effect at March 31, 2013, after giving effect to interest

rate swaps.

- (2) Primarily ground leases and corporate office leases.
- (3) Represents purchase orders and executed contracts for renovation projects at our hotel properties.

In addition to the contractual obligations in the above table, at March 31, 2013 we had purchase agreements to acquire three hotel properties for \$32.4 million, including the assumption of debt of \$10.2 million. One of these acquisitions, with a purchase price of \$15.3 million, was closed on April 30, 2013, as described in additional detail in "Recent Developments." The remaining acquisitions are subject to certain conditions to closing; therefore, we cannot provide assurance that we will acquire these hotel properties.

We are also obligated to fund the remaining \$10.0 million of a \$20.3 million first mortgage loan on a hotel property located in downtown Minneapolis, MN. The loan represents a portion of the total acquisition and renovation costs expected to be incurred to convert the property to a Hyatt Place hotel. Subject to certain conditions including the successful conversion of the property, estimated to be completed in fourth quarter 2013, we plan to purchase the property for an estimated \$31.0 million, which will include forgiveness of the loan as partial purchase price consideration. We cannot provide assurance that we will acquire this hotel property.

#### Inflation

Operators of hotel properties, in general, possess the ability to adjust room rates daily to reflect the effects of inflation. However, competitive pressures may limit the ability of our management companies to raise room rates.

#### Critical Accounting Policies

There have been no significant changes in our critical accounting policies or estimates from those disclosed in our 2012 Annual Report on Form 10-K.

#### Reclassification of Certain Prior Period Financial Information

We reclassified \$0.6 million of food and beverage costs previously included as a reduction of other hotel operations revenue to other direct expenses in first quarter 2012 to conform to our 2013 presentation. This reclassification had no effect on previously reported results of operations or equity.

#### Recent Developments

##### Acquisition Activity

On April 30, 2013, we purchased from an unaffiliated third party a 120-guestroom Hilton Garden Inn in Greenville, SC for \$15.3 million. We anticipate incurring \$0.6 million in renovation expense at this hotel. The acquisition was funded by an advance on our senior secured revolving credit facility.

On May 6, 2013, we entered into a purchase agreement to acquire four hotel properties with a total of 786 guestrooms from certain affiliates of White Lodging Services Corporation for a purchase price of \$153 million. The hotel properties include a 297-guestroom Courtyard by Marriott and a 156-guestroom SpringHill Suites in Indianapolis, IN and a 198-guestroom SpringHill Suites and a 135-guestroom Fairfield Inn & Suites in Louisville, KY. The acquisition is subject to the satisfactory completion of due diligence and customary closing conditions. We cannot provide any assurance that we will acquire these hotel properties.

##### Disposition Activity

On May 1, 2013, we sold the 119-guestroom Holiday Inn and 63-guestroom Holiday Inn Express in Boise, ID for \$12.6 million. Proceeds from the sale were used to pay off our loan with MetaBank and pay down our senior secured revolving credit facility.

#### Item 3. Quantitative and Qualitative Disclosures about Market Risk.

Market risk includes risks that arise from changes in interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market-sensitive instruments. In pursuing our business strategies, the primary market risk to which we are currently exposed, and to which we expect to be exposed in the future, is

interest rate risk. Our primary interest rate exposure is to 30-day LIBOR. We primarily use fixed interest rate financing to manage our exposure to fluctuations in interest rates. On a limited basis we also use derivative financial instruments to manage interest rate risk.

At March 31, 2013, we were party to four interest rate swap agreements, with a total notional amount of \$40.7 million, where we receive variable rate payments in exchange for making fixed rate payments. These agreements are accounted for as cash flow hedges and have a termination value of \$0.5 million.

At March 31, 2013, after giving effect to our interest rate swap agreements, \$325.3 million, or 97.9%, of our debt had fixed interest rates and \$7.1 million, or 2.1%, had variable interest rates. Assuming no increase in the level of our variable rate debt, if interest rates increase by 1.0% our cash flow would decrease by less than \$0.1 million per year.

As our fixed rate debts mature, they will become subject to interest rate risk. In addition, as our variable rate debts mature, lenders may impose interest rate floors on new financing arrangements because of the low interest rates experienced during the past few years. At March 31, 2013, \$13.9 million of our long-term debt will amortize or mature during the next 12 months, of which \$13.8 million has fixed interest rates and \$0.1 million has variable interest rates.
