Item 7.01. Regulation FD Disclosure.

DeVry Inc. (“DeVry”) recently was served with a complaint in a qui tam action filed under the federal False Claims Act and the Minnesota False Claims Act by two former employees of a customer of DeVry’s subsidiary, Advanced Academics, Inc. (“AAI”). The lawsuit, United States and the State of Minnesota ex rel. Jill Bachmann and Shelley Madore v. Minnesota Transitions Charter Schools, Advanced Academics, Inc., DeVry, Inc., and MN Virtual High School, CA No. 12-cv-01359-DWF-JSM, was filed in the United States District Court for the District of Minnesota. The complaint was filed on June 6, 2012 but kept under seal in order for the federal and Minnesota state governments to investigate the allegations and determine if they wished to intervene in the action and pursue the alleged claims. Both the federal and Minnesota state governments declined to intervene, thereby giving the plaintiffs the choice to pursue the alleged claims on behalf of the state and federal governments. The complaint was unsealed and made public on June 6, 2013 and served on AAI on October 10, 2013 and on DeVry on October 11, 2013.

The complaint relates to certain federal and state funding received by Minnesota Transitions Charter Schools and MN Virtual High School. The complaint alleges that Minnesota Transitions Charter Schools and MN Virtual High School received certain state and federal funding, which depended on the accurate reporting of student enrollment data. The complaint alleges that Minnesota Transitions Charter Schools and MN Virtual High School received more funding from the federal and state governments for special education and other services than they should have received in 2008, 2009 and 2010 as a result of allegedly non-compliant practices arising from the reporting of student enrollment data. The complaint further alleges that all schools of defendant Minnesota Transitions Charter Schools received over \$75 million in total state and federal funding during fiscal years 2008 to 2010, a portion of which related to the school for which AAI provided services; plaintiff does not quantify what portion of the \$75 million was obtained as a result of the allegedly fraudulent practices. The complaint alleges that AAI provided certain curriculum and other services to MN Virtual High School and operated the school. The only reference to DeVry in the complaint pertains to its status as the parent corporation to AAI.

DeVry intends to vigorously defend the claims made in this lawsuit.
