

## Edgar Filing: TRI VALLEY CORP - Form 8-K/A

In January 2008, Tri-Valley Corporation sold 210,000 shares of restricted common stock to four accredited investors at \$5.00 per share, for total consideration of \$1,050,000 and 40,000 shares of restricted common stock to one accredited investor at \$6.25 per share for a total consideration of \$250,000. These sales were made in a privately negotiated transaction in reliance on the exemption from registration requirements contained in Section 4(2) of the Securities Act of 1933, and pending expected approval by the American Stock Exchange.

Prior to these sales, in December 2007, Tri-Valley sold 200,000 shares of restricted common stock to nine accredited investors for prices \$6.00 per share, for total consideration of \$1,200,000, and 200,000 shares of restricted common stock to one accredited investor for \$6.25 per share, for total consideration of \$1,250,000. These sales were also sold in privately negotiated transactions in reliance on the exemption from registration requirements contained in Section 4(2) of the Securities Act of 1933, and pending expected approval by the American Stock Exchange.

Tri-Valley intends to use the proceeds of these sales to accelerate its oil and gas field development programs already underway.

*This amendment corrects a typographic error in the second paragraph above. In the original filing we stated that in December one investor purchased 200,000 shares at \$6.25 per share for total consideration of \$1,125,000. The correct total is \$1,250,000.*
