(m) Represents the current yield as of report date.

Fair Value Measurements - Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 - price quotations in active markets/exchanges for identical securities

Level 2 - other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks and default rates) or other market-corroborated inputs)

Level 3 - unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available (including the Trust s own assumptions used in determining the fair value of investments)

Schedule of Investments September 30, 2009 (Unaudited)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust s policy regarding valuation of investments and other significant accounting policies, please refer to the Trust s most recent financial statements as contained in its semi-annual report.

The following table summarizes the inputs used as of September 30, 2009 in determining the fair valuation of the Trust s investments:

Valuation Inputs	Investments in Securities	
Level 1 - Short-Term Securities Level 2 - Long-Term Investments ¹ Level 3	\$ 2,400,000 364,627,070	
Total	\$ 367,027,070	

¹ See above Schedule of Investments for values in each state or political classification.
