**Section 2 - Financial Information**

**Item 2.02. Results of Operations and Financial Condition.**

On July 22, 2008, the company issued a press release announcing financial results for the quarter ended June 30, 2008. The press release included a typographical error for Total Operating Expenses on the Consolidated Condensed Statements of Operations for the three months ended June 30, 2007, such typographical error was incorrectly reporting such number as "\$30,780" and the correct number, as reflected in the attached press release, is "\$130,780." Attached hereto as Exhibit 99.1 is a copy of the company's press release dated July 22, 2008 announcing the company's financial results for this period.

The press release also includes a discussion of revenue, net of fuel surcharges. The company provided this additional disclosure because management believes removing this source of revenue provides a more consistent basis for comparing results of operations from period to period. This financial measure in the press release has not been determined in accordance with generally accepted accounting principles
