IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why is the Company soliciting my proxy?

The Board of Directors of Cleveland BioLabs, Inc. is soliciting your proxy to vote at the 2012 Annual Meeting of Stockholders to be held at the Company's headquarters located at 73 High Street, Buffalo, New York 14203, on June 13, 2012, at 10:00 a.m., Eastern Time, and any adjournments or postponements of the meeting, which we refer to as the Annual Meeting. The proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting.

We have sent you this proxy statement, the Notice of Annual Meeting of Stockholders, the proxy card and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 because you owned shares of Cleveland BioLabs, Inc. common stock on April 19, 2012, the record date. The Company intends to commence distribution of the proxy materials to stockholders on or about May 3, 2012.

Who can vote?

Only stockholders who owned our common stock at the close of business on April 19, 2012 (the "record date") are entitled to vote at the Annual Meeting. On the record date, there were 35,696,793 shares of our common stock outstanding and entitled to vote. Our common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the Annual Meeting and not revoked prior to the Annual Meeting, will be voted at the Annual Meeting. For instructions on how to change or revoke your proxy, see "May I Change or Revoke My Proxy?" below.

Who can attend the Annual Meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Seating will be limited.

What do I need to present for admission to the Annual Meeting?

You will need to present proof of your record or beneficial ownership of common stock, such as a bank or brokerage account statement, and a form of personal identification to be admitted to the Annual Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

How many votes do I have?

Each share of our common stock that you own entitles you to one vote.

How do I vote?

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card or as instructed via Internet or telephone. You may specify whether your shares should be voted for or against all, some or none of the nominees for director and whether your shares should be voted for, against or abstain with respect to each of the other proposals. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board's recommendations as noted below. Voting

by proxy will not affect your right to attend the Annual Meeting. If your shares are registered directly in your name through our stock transfer agent, Continental Stock Transfer & Trust Company, or you have stock certificates registered in your name, you may vote:

1

- By Internet or by telephone. Follow the instructions included in the proxy card to vote by Internet or telephone.
- By mail. If you received a proxy card by mail, you can vote by mail by completing, signing, dating and returning the proxy card as instructed on the card. If you sign the proxy card, but do not specify how you want your shares voted, they will be voted in accordance with the Board's recommendations as noted below.
- In person at the meeting. If you attend the Annual Meeting, you may deliver a completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Telephone and Internet voting facilities for stockholders of record will be available 24-hours a day and will close at 7:00 p.m. Eastern Time on June 12, 2012.

If your shares are held in "street name" (held in the name of a bank, broker or other holder of record), you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered, with respect to those shares, a "stockholder of record." This proxy statement, the notice of annual meeting, the proxy card and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 have been sent directly to you by us.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the "beneficial owner" of shares held in "street name." This proxy statement, the notice of annual meeting, the proxy card and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet.

How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends that you vote as follows:

- "FOR" the election of the nominees for director;
- "FOR" the ratification of the selection of Meaden & Moore, Ltd. as our independent registered public accounting firm for our fiscal year ending December 31, 2012;
- "FOR" the compensation of our named executive officers, as disclosed in this proxy statement (advisory vote); and
- "FOR" the approval of the Second Amendment of the Cleveland BioLabs, Inc. Equity Incentive Plan (the "Equity Plan"), a copy of which is attached hereto as Appendix A (the "Amended Plan"), to increase the number of shares of common stock authorized to be issued under the Equity Plan by 3,000,000 shares.

If any other matter is presented at the Annual Meeting, your proxy provides that your shares will be voted by the proxy holder listed in the proxy in accordance with his best judgment. At the time this proxy statement was first made available, we knew of no matters that needed to be acted on at the Annual Meeting, other than those discussed in this proxy statement.

May I change or revoke my proxy?

If you give us your proxy, you may change or revoke it at any time before the Annual Meeting. You may change or revoke your proxy in any one of the following ways:

- by signing a new proxy card with a date later than your previously delivered proxy and submitting it as instructed above;
- by re-voting by Internet or by telephone as instructed above;
- by notifying the Secretary of the Company in writing before the Annual Meeting that you have revoked your proxy; or
- by attending the Annual Meeting in person and voting in person. Attending the Annual Meeting in person will not in and of itself revoke a previously submitted proxy. You must specifically request at the Annual Meeting that it be revoked.

Your most current vote, whether by telephone, Internet or proxy card is the one that will be counted.

What if I receive more than one proxy card?

You may receive more than one proxy card if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described above under “How Do I Vote?” for each account to ensure that all of your shares are voted.

Will my shares be voted if I do not vote?

If your shares are registered in your name or if you have stock certificates, they will not be counted if you do not vote as described above under “How Do I Vote?” If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above, the bank, broker or other nominee that holds your shares has the authority to vote your non-voted shares only on the ratification of the appointment of our independent registered public accounting firm (Proposal 2 of this proxy statement) without receiving instructions from you. Therefore, we encourage you to provide voting instructions to your bank, broker or other nominee. This ensures your shares will be voted at the Annual Meeting and in the manner you desire.

A “broker non-vote” will occur if your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority.

Your bank, broker or other nominee no longer has the ability to vote your uninstructed shares in the election of directors. Therefore, if you hold your shares in street name, it is critical that you cast your vote if you want your vote to be counted for the election of directors (Proposal 1 of this proxy statement). In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your bank, broker or other nominee was allowed to vote your shares on your behalf in the election of directors as it felt appropriate. In addition, your bank, broker or other nominee is prohibited from voting your uninstructed shares on any matter related to executive compensation. Thus, if you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote in the election of directors or on matters related to executive compensation, no votes will be cast on this proposal on your behalf.

3

What vote is required to approve each proposal and how are votes counted?

Proposal 1: Elect Directors

The nominees for director who receive the most votes (also known as a “plurality” of the votes cast) will be elected. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of the directors. Brokerage firms do not have authority to vote customers’ non-voted shares held by the firms in street name for the election of the directors. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.

Proposal 2: Ratify Selection of Independent Registered Public Accounting Firm

The affirmative vote of a majority of the shares cast affirmatively or negatively for this proposal is required to ratify the selection of our independent registered public accounting firm. Abstentions will have no effect on the results of this vote. Brokerage firms have authority to vote customers’ non-voted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm. However, if our stockholders do not ratify the selection of Meaden & Moore, Ltd. as our independent registered public accounting firm for 2012, our Audit Committee of our Board of Directors will reconsider its selection.

Proposal 3: Approve an Advisory Vote on the Compensation of our Named Executive Officer

The affirmative vote of a majority of the shares cast affirmatively or negatively for this proposal is required to approve, on an advisory basis, the compensation of our named executive officers, as described in this proxy statement. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers’ non-voted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote. Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Proposal 4: Approval of Second Amendment to the Equity Plan

The affirmative vote of a majority of the shares cast affirmatively or negatively for this proposal is required to approve the Second Amendment to the Equity Plan. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers’ non-voted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.

Could other matters be decided at the Annual Meeting?

As of the date of this proxy statement, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this proxy statement. If any other items or matters properly come before the Annual Meeting, the

proxies received will be voted on those items or matters in accordance with the discretion of the proxy holders.

4

What are the costs of soliciting these proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their customers and to obtain authority to execute proxies. We will then reimburse them for their expenses.

What constitutes a quorum for the Annual Meeting?

The presence, in person or by proxy, of the holders of a majority of the voting power of all outstanding shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Votes of stockholders of record who are present at the Annual Meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Who are the persons selected by the Board of Directors to serve as proxies?

Yakov Kogan and C. Neil Lyons, the persons named as proxies on the proxy card and voting instruction card accompanying this proxy statement, were selected by the Board of Directors to serve in such capacity. Yakov Kogan is the Interim Chief Executive Officer of the Company, and C. Neil Lyons is the Chief Financial Officer of the Company.

Who will count the vote?

At the Annual Meeting, the results of stockholder voting will be tabulated by the inspector of elections appointed by us for the meeting.

Is there a list of stockholders entitled to vote at the Annual Meeting?

Yes. A list of stockholders entitled to vote at the Annual Meeting, arranged in alphabetical order, showing the address of, and number of shares registered in the name of, each stockholder, will be open to the examination of any stockholder, for any purpose germane to the Annual Meeting, during ordinary business hours, commencing June 1, 2012, and continuing through the date of the Annual Meeting, at our principal offices located at 73 High Street, Buffalo, New York 14203.

Can I access the Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report to Stockholders on the Internet?

Our Annual Report to Stockholders for the year ended December 31, 2011, containing financial and other information pertaining to us, is being furnished to stockholders with this proxy statement. The notice of annual meeting of stockholders, proxy statement, proxy card, Form 10-K and Annual Report to Stockholders are available on the Internet at <http://www.cstproxy.com/cbiolabs/2012> and are also available on our website at www.cbiolabs.com under the link "Investors."

Attending the Annual Meeting

The Annual Meeting will be held at 10:00 a.m., Eastern Time, on June 13, 2012 at the Company's headquarters located at 73 High Street, Buffalo, New York 14203. When you arrive at the Company's headquarters, signs will direct you to the appropriate meeting rooms. You need not attend the Annual Meeting in order to vote.

Householding of annual disclosure documents

SEC rules concerning the delivery of annual disclosure documents allow us or your broker to send a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as “householding,” benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive

5

notice from your broker or from us that communications to your address will be “householded,” the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If your household received a single set of proxy materials this year, but you would prefer to receive your own copy, please contact our transfer agent, Continental Stock Transfer & Trust Company, by calling their toll free number, 1-866-894-0537.

If you do not wish to participate in “householding” and would like to receive your own set of proxy materials in future years, follow the instructions described below. Conversely, if you share an address with another stockholder of CBLI and together both of you would like to receive only a single set of proxy materials, follow these instructions:

- If your shares are registered in your own name, please contact our transfer agent, Continental Stock Transfer & Trust Company, and inform them of your request by calling them at 1-866-894-0537 or writing them at 17 Battery Place, 8th Floor, New York, New York 10004, Attn: Proxy Department.
- If a broker or other nominee holds your shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

Electronic Delivery of Company Stockholder Communications

Most stockholders can elect to view or receive copies of future proxy materials over the Internet instead of receiving paper copies in the mail.

You can choose this option and save the Company the cost of producing and mailing these documents by Continental Stock Transfer & Trust Company:

- following the instructions provided on your proxy card;
- following the instructions provided when you vote over the Internet; or
- going to <http://www.cstproxy.com/cbiolabs/2012> and following the instructions provided.

We deem shares of common stock that may be acquired by an individual or group within 60 days of March 31, 2012 pursuant to the exercise of options or warrants to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Committees of the Board of Directors and Meetings

The Board of Directors has established an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee, each comprised entirely of directors who are "independent" as that concept is defined in the corporate governance listing requirements of the NASDAQ Marketplace Rules. Each Committee has a written charter that is posted on our website, www.cbiolabs.com, under the link "Investors" and the section therein titled "Corporate Governance."

Each of Messrs. Antal, DiCorleto, Kasten and Hohn is independent under The NASDAQ Marketplace Rules and the Securities Exchange Act of 1934 (the "Exchange Act").

Meeting Attendance. The Board has adopted a policy specifying that it is the responsibility of each director to attend all meetings of the Board and all meetings of the committees of the Board on which he or she serves. During the fiscal year ended December 31, 2011, there were eight meetings of our Board of Directors. No director attended fewer than 75% of the total number of meetings of the Board and of committees of the Board on which he or she served during fiscal 2011, except H. Daniel Perez who attended zero of the two Board of Directors meetings, two of the three Audit Committee meetings, two of the five Compensation Committee meetings and one of the two Nominating and Corporate Governance Committee meetings held during the portion of 2011 that he served on our Board of Directors.

The Board of Directors has adopted a policy requiring that each director makes every effort to attend each annual meeting of stockholders. All seven directors attended our annual meeting of stockholders held in 2011.

It is also the policy of the Board to hold executive sessions of non-employee directors at each regularly scheduled Board meeting and, if any of the non-employee directors are not independent, to hold executive sessions of

11

the independent directors at least twice per year. Each of the non-employee directors in fiscal 2011 was determined by the Board to be independent.

Audit Committee. Our Audit Committee met five times during fiscal 2011. This committee currently has three members, Messrs. Antal (Chairman), Kasten and Hohn.

All members of the Audit Committee satisfy the current independence standards promulgated by the Securities and Exchange Commission and by The NASDAQ Stock Market, as such standards apply specifically to members of audit committees. The Board has determined that Mr. Antal is an “audit committee financial expert,” as the Securities and Exchange Commission has defined that term in Item 407 of Regulation S-K. Please also see the report of the Audit Committee set forth elsewhere in this proxy statement.

The Audit Committee generally has direct responsibility and oversight for our accounting policies and internal controls, financial reporting practices, and legal and regulatory compliance. More specifically, the Audit Committee has responsibility to review and discuss the annual audited financial statements and disclosures with management and the independent auditor; review the financial statements and disclosures provided in our quarterly and periodic reports with management and the independent auditor; and oversee the external audit coverage, including appointment and replacement of the independent auditor and pre-approval of all audit and non-audit services to be performed by the independent auditor.

Compensation Committee. Our Compensation Committee met eight times during fiscal 2011. This committee currently has three members, Messrs. Antal (Chairman), Kasten and Hohn.

The Compensation Committee determines and approves the compensation level of executive officers based on an evaluation of their performance in light of our goals and objectives. The Compensation Committee also considers our performance and relative stockholder return, the level and value of similar incentive awards prevalent in the industry, and awards given to executive officers in past years. The Compensation Committee also has the authority to recommend to the Board of Directors compensation for directors and the form of this compensation. The Compensation Committee makes recommendations to the full Board of Directors with respect to the adoption, amendment, termination, or replacement of both incentive compensation plans and equity-based plans. The Compensation Committee has the power to retain professionals to assist in the evaluation of director and executive compensation, and has the sole authority to retain and terminate any such professional and to approve the professional’s fees. The Compensation Committee may also establish subcommittees of entirely independent directors to evaluate special or unique matters.

For a discussion concerning the processes and procedures for determining executive and director compensation, see “Compensation Discussion and Analysis” and “Executive Officer and Director Compensation.”

Please also see the report of the Compensation Committee set forth elsewhere in this proxy statement.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee met twice during fiscal 2011 and has three members, Messrs. Kasten (Chairperson), DiCorleto and Hohn.

The Nominating and Corporate Governance Committee generally has responsibility for identifying candidates who are eligible under the qualification standards set forth in our Corporate Governance Guidelines and recommending such eligible individuals to serve as members of the Board of Directors. It also makes recommendations to the Board of Directors concerning the structure and membership of other Board committees. The Nominating and Corporate Governance Committee is also charged with considering matters of corporate governance generally and reviewing and recommending to the Board of Directors, periodically, our corporate governance principles.

In addition, under our current corporate governance policies, the Nominating and Corporate Governance Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating and Corporate Governance Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of

the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources.

If a stockholder wishes to nominate a candidate for director who is not to be included in our proxy statement, it must follow the procedures described in our Second Amended and Restated By-Laws, “—Nominating Procedures” below and “Proposals of Stockholders” at the end of this proxy statement.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines, which it reviews from time to time, to assist the Board of Directors in fulfilling its responsibility to exercise its business judgment in what it believes to be the best interests of our stockholders. The Corporate Governance Guidelines are posted on our website, www.cbiolabs.com, under the link “Investors” and the section therein titled “Corporate Governance.”

Code of Ethics for Senior Executives and Independent Directors and Code of Conduct

The Board of Directors has adopted a Code of Ethics for Senior Executives and Independent Directors that is specifically applicable to its independent directors, executive officers and senior financial officers, including its principal executive officer and its principal financial officer. The Code of Ethics for Senior Executives and Independent Directors is posted on our website, www.cbiolabs.com, under the link “Investors” and the section therein titled “Corporate Governance.” We have also adopted a Code of Conduct in order to promote honest and ethical conduct and compliance with the laws and governmental rules and regulations to which we are subject. The Code of Conduct is applicable to all of our employees, officers and directors, and is posted on our website, www.cbiolabs.com, under the link “Investors” and the section therein titled “Corporate Governance.”

Board Leadership Structure

Our Corporate Governance Guidelines describe our policies concerning, among other things, the role of the Board of Directors and management, proper Board functions, independence, and committee matters. The positions of Chairman of the Board of Directors and Chief Executive Officer are currently held by different persons, although we do not have a policy requiring that to be the case. Instead, our Board of Directors has the authority to choose its Chairman in any way it deems best for us at any given point in time. Accordingly, our Board of Directors reserves the right to vest the responsibilities of the Chief Executive Officer and Chairman in the same person or in two different individuals depending on what it believes is in our best interest. At this time, our Board of Directors has determined that separation of these roles most appropriately suits us. Dr. Kasten is uniquely qualified to serve as our Chairman given his leadership of our Board of Directors since we became a public company in 2006, his experience as a director and member of board committees of other public biotechnology companies and his skills and experience in the biotechnology industry in both a research and commercial capacity. Further, our Board of Directors believes that this division of roles allows our Chief Executive Officer to focus more of his efforts to achieving the goals and objectives of our strategic plan. Our Board of Directors believes that there is no single leadership structure that would be most effective in all circumstances and, therefore, retains the authority to modify our Board's structure to best address our circumstances as and when appropriate.

Role of Our Board of Directors in Risk Oversight

The Board of Directors, as a whole and at the committee level, has overall responsibility for overseeing our risks, including general oversight of our executive officers' management of risks relevant to the Company. A fundamental part of risk oversight is not only understanding the material risks a company faces and the steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of

our Board of Directors in reviewing our strategic plan is an integral aspect of the Board's assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for the Company.

At the committee level, the Compensation Committee oversees the management of risks relating to our executive compensation. The Audit Committee oversees our risk policies and processes related to the quality and

integrity of our accounting, auditing and financial reporting practices, including our audited and unaudited financial statements and internal controls. The Audit Committee is also responsible for addressing risks arising from related party transactions. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest.

Nominating Procedures

As described above, we have a standing Nominating and Corporate Governance Committee and its charter is posted on our website, www.cbiolabs.com, under the link “Investors” and the section therein titled “Corporate Governance.”

The Nominating and Corporate Governance Committee considers many factors when considering candidates for the Board of Directors and strives for the Board to be comprised of directors with a variety of experience and backgrounds, who have high-level managerial experience in a complex organization, and who represent the balanced interest of stockholders as a whole rather than those of special interest groups. Other important factors in Board composition include strength of character, mature judgment, specialized expertise, relevant scientific and technical skills, diversity, level of education, broad-based business acumen, experience and understanding of strategy and policy-setting and the extent to which the candidate would fill a present need on the Board. Depending upon the current needs of the Board, certain factors may be weighed more or less heavily by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee believes that it is essential that the Board members represent diverse viewpoints, with a broad array of experiences, skills and backgrounds that, when considered as a group, provide a sufficient mix of perspectives to allow the Board to best fulfill its responsibilities to the long-term interests of our stockholders.

In considering candidates for the Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate’s credentials and does not have any specific minimum qualifications that must be met by a Nominating and Corporate Governance Committee or stockholder-recommended nominee. However, the Nominating and Corporate Governance Committee does believe that all members of the Board should have the highest character and integrity, a reputation for working constructively with others, sufficient time to devote to Board matters, and no conflict of interest that would interfere with their performance as a director. In the case of current directors being considered for renomination, the Nominating and Corporate Governance Committee will also take into account the director’s history of attendance at meetings of the Board of Directors or its committees, the director’s tenure as a member of the Board of Directors, and the director’s preparation for and participation in such meetings.

The Nominating and Corporate Governance Committee considers candidates for the Board from any reasonable source, including stockholder recommendations. The Nominating and Corporate Governance Committee does not evaluate candidates differently based on who has made the proposal. The Nominating and Governance Committee has the authority under its charter to hire consultants or search firms to assist in the process of identifying and evaluating candidates. Candidates are recommended to the Board of Directors after consultation with the Chairman of the Board.

Stockholders who wish to suggest qualified candidates should write to the Office of the Secretary, Cleveland BioLabs, Inc., 73 High Street, Buffalo, New York 14203 specifying the name of the candidates and stating in detail the qualifications of such persons for consideration by the Nominating and Corporate Governance Committee. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director should accompany any such recommendation. Stockholders who wish to nominate a director for election at an annual meeting of stockholders must comply with our Second Amended and Restated By-Laws regarding stockholder proposals and nominations. See “Proposals of Stockholders” contained herein.

Stockholder Communications to the Board

Generally, stockholders who have questions or concerns should contact our Investor Relations department. However, any stockholders who wish to address questions regarding our business directly with the Board of Directors,

or any individual director, should direct his or her questions in writing to Cleveland BioLabs, Inc. Board of Directors, c/o Office of the Secretary, 73 High Street, Buffalo, New York 14203. The Office of the Secretary will

receive the correspondence and forward it to the director or directors to whom the communication is addressed. From time to time, the Board of Directors may change the process or means by which stockholders may communicate with the Board or its members. Please refer to our website, www.cbiolabs.com, for any changes in this process.

Items that are unrelated to the duties and responsibilities of the Board may be excluded, such as:

- junk mail and mass mailings;
- resumes and other forms of job inquiries;
- surveys; and
- solicitations or advertisements.

In addition, any material that is unduly hostile, threatening or illegal in nature may be excluded, provided that any communication that is filtered out will be made available to any outside director upon request.

Executive Officers

The following table sets forth certain information regarding our executive officers who are not also directors. As of December 31, 2011, we had employment agreements with Messrs. Fonstein, Kogan and Lyons and a consulting agreement with Dr. Gudkov.

The Board of Directors elects officers annually and such executive officers serve at the discretion of the Board of Directors. There are no family relationships among any of our directors or executive officers.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

We have prepared the following Compensation Discussion and Analysis, or CD&A, to provide you with information that we believe is necessary to understand our executive compensation policies and decisions as they relate to the compensation of our named executive officers.

We have built, and expect to continue to build, an executive leadership team with the expertise and experience that we need as we expand our capabilities in developing biodefense, tissue protection and cancer treatment drugs based on the concept of modulation of cell death for therapeutic benefit. The market for these individuals is very competitive, particularly at this stage in our growth. Many of the companies with which we compete for executive talent are much larger and better financed than we are, with longer corporate histories, and thus may appear to potential executives to present a lower risk than we do. In order to attract and retain talented executives, we provide short-term compensation elements that rival those of our competitors, such as base salary, a performance-based annual cash bonus opportunity and a generous benefits program. However, we also try to conserve our cash resources, because we require significant amounts of capital to fund our operations and are not yet profitable. We do not fund expensive perquisites for our executives. Our executive compensation program anticipates that a significant portion of each executive's annual compensation will be in the form of stock option grants. This program is designed to provide a significant return to our executive officers if we are successful, in part, to balance the perception of higher risk.

We believe that the combination of cash and equity-based awards in our annual compensation program attracts and motivates executives to set and achieve goals that drive us to long-term success.

The Compensation Committee determines and approves the compensation level of executive officers based on an evaluation of their performance in light of our goals and objectives. The Compensation Committee of the Board of Directors is composed entirely of independent directors as such term is defined by the rules of the NASDAQ Stock Market, Inc. The Compensation Committee is responsible for implementing the Board of Director's directives relating to the compensation of our executive officers based on an evaluation of their performance of our goals and objectives.

Our compensation policy includes:

- base salary, which is determined on an annual basis; and
- annual cash and stock option incentive compensation.

This section discusses the principles underlying our executive compensation policies, our decisions to date and the principles that we expect to use in coming years.

Our Named Executive Officers

For 2011, our named executive officers and their titles were as follows ("named executive officers"):

Name	Title
Dr. Michael Fonstein	President and Chief Executive Officer (current President)
Dr. Andrei Gudkov	Chief Scientific Officer
Dr. Yakov Kogan	Chief Operating Officer and Secretary (current interim Chief Executive Officer and Chief Operating Officer)
C. Neil Lyons	Current Chief Financial Officer
John A. Marhofer, Jr.	Former Chief Financial Officer

Our Executive Compensation Decision Process

Overview

Our Compensation Committee reviews and approves on a periodic basis the corporate goals and objectives with respect to the compensation for our executive officers.

Role of Executive Officers in Setting Compensation Decisions

Regarding most compensation matters, the Chief Executive Officer has historically provided recommendations to the Compensation Committee relying on his personal experience with respect to evaluating the contribution of our other executive officers. For fiscal 2012, Dr. Yakov Kogan, our Interim Chief Executive Officer is expected to be involved in compensation recommendations, with input from the other executive officers. The Compensation Committee considers, but retains the right to reject or modify, such recommendations. Although the Chief Executive Officer may attend a portion of the meetings of the Compensation Committee, neither he nor any other member of management may be present during executive sessions of the Compensation Committee. Moreover, the Chief Executive Officer may not be present when decisions with respect to his compensation are made.

Compensation Advisors

The Compensation Committee has the authority to retain compensation consultants to advise the Compensation Committee as it deems necessary to carry out its duties. In 2011, the Compensation Committee did not engage a third-party compensation consultant.

Competitive Market Analysis and Benchmarking

In reviewing and recommending the compensation of the Chief Executive Officer and other executive officers, the Compensation Committee considers the compensation awarded to officers of similarly situated companies, the respective individual's performance, compensation given to our officers in past years, anticipated changes to future duties and other factors the Compensation Committee deems appropriate. As a framework for the Compensation Committee's decisions regarding the compensation of the Company's named executive officers during 2011, the Compensation Committee evaluated aggregate executive compensation data from the fiscal years 2010 and 2009 regarding the chief executive officer, chief scientific officer, chief operating officer and chief financial officer (or, in certain instances, the executive officer closest in rank and responsibility) of PharmAthene, Inc., Hemispherx Biopharma, Inc., Progenics Pharmaceuticals Inc., AVI BioPharma, Inc., Oncothyreon Inc., Enzo Biochem Inc., SIGA Technologies, Inc., Novavax, Inc., BioCryst Pharmaceuticals, Inc., Emergent BioSolutions, Inc., Rigel Pharmaceuticals, Inc., InterMune Inc., Exelixis, Inc., Seattle Genetics, Inc., Alexion Pharmaceuticals, Inc. and Human Genome Sciences Inc.

As an additional benchmark, we used the 2009 study titled "Executive Pay in the Biopharmaceutical Industry." This study listed 408 public biopharmaceutical companies, of which 207 were used because they had annual revenues of under \$25 million. In 2010, the Compensation Committee found the aggregate compensation paid to each of our named executive officers, in general, was below the compensation paid to executive officers of the selected peer group after taking into account differences, such as total research revenue, scope of supervisory responsibility of employees and other commitments between us and the peer group. Therefore, the Compensation Committee decided to increase the aggregate compensation of our executive officers to be consistent with the peer group effective on July 1, 2010.

Evaluations

The Compensation Committee evaluates at least once a year the performance of our executive officers in light of goals and objectives proposed by the executive officers and approved by the Compensation Committee. Based upon these evaluations, the Compensation Committee determines the annual compensation for our executive officers, including base salary, cash bonus and equity compensation. In its evaluation of the executive officers, the Compensation Committee considers, but is not limited to, the following:

17

- overall management of the Company;
- progress achieved by our drug candidates;
 - shareholder return;
- maintaining successful relationships with the Board of Directors and our stockholders;
- our financial performance with respect to the preparation of and compliance with our budget, including capital reserves;
- success in securing new government contracts and grants and other third-party funding, and progress under such contracts and other funding arrangements once obtained;
- financial regulatory compliance (including compliance with NASDAQ rules, the securities laws and all related regulations); and
 - relationships with regulators and compliance with government contract and grant requirements.

Our Compensation Philosophy and Program Objectives

The overall objectives of our compensation program are to attract and retain the best possible executive talent, to motivate these executives to achieve the goals and objectives within our strategic plan, to maximize the link between executive and stockholder interests through a stock option plan and to recognize overall business results. To achieve these objectives, we have developed an overall compensation strategy and specific compensation plans that tie a substantial portion of an executive officer's compensation to performance.

Our Executive Compensation Plan

Overview

The key elements of our compensation plan consist of fixed compensation in the form of base salary, and the discretion to award variable compensation in the forms of cash bonuses and stock option awards. The Compensation Committee's policies with respect to each of these elements are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package offered by us to the individual executive officers, including insurance and other benefits.

Base Salary

Our compensation philosophy is to maintain executive base salary at a competitive level to enable us to attract and retain executives needed to accomplish our strategic plan. In determining the appropriate base salary levels and, to a lesser extent, other compensation elements, the Compensation Committee considers the scope of responsibility, prior experience and past accomplishments and anticipated changes to future job responsibilities, as well as our historical practices. Economic and business conditions affecting us are also considered. The Compensation Committee also considers historical levels of salary paid by us as well as the provisions in the various employment contracts we have with our executive officers, which are more fully discussed elsewhere in this proxy statement.

Periodic adjustments in base salary are based on our financial performance and condition and other competitive factors. The Compensation Committee takes into account non-financial performance measures such as our competitive position, scientific developments and improvements in relations with government funding agencies and

investors.

18

Base salaries paid to our executive officers in 2011 were reviewed and set by our Compensation Committee. These base salary levels reflect our Compensation Committee's subjective judgment, which took into account each executive's respective position and tenure, our present needs and achievement of our pre-established scientific and business goals.

Incentive Compensation

The Compensation Committee, in its discretion, may establish incentive plans and otherwise award cash and/or equity bonuses to our executive officers. The amounts of both the cash and equity bonuses are determined based on performance, which is evaluated annually. The cash and equity bonuses for each of executive officers is based on various factors, including, among others, the achievement of various operating milestones based on scientific and business goals, our financial performance, the performance of our stock, and our establishment and compliance with satisfactory corporate governance practices. The operating milestones used in the evaluation of our annual incentive compensation are based on annual proposals made by our executive officers, which are then evaluated and approved by the Compensation Committee. Commencing in fiscal year 2012, incentive compensation for our executive officers will also be determined, in part, based on certain personal goals for each of our executive officers that will be agreed upon annually based on discussions to be held by the Compensation Committee with our executive officers. We believe that the annual incentive bonuses motivate and encourage our executive officers to fulfill the goals and objectives of our strategic plan.

Cash Bonuses. The annual cash bonus for each executive officer is determined based on a percentage of such executive officer's base salary. Our target cash bonus for 2011 was set at 20% of base salary, with a maximum of 40% of base salary, except for Dr. Gudkov, whose percentages are doubled to reflect the lesser amount paid as a consultant. Our target cash bonus for 2012 will be 30% of base salary, with a threshold of 15% of base salary and a maximum of 60% of base salary, except for Dr. Gudkov, whose percentages will be doubled to reflect the lesser amount paid as a consultant. This target was determined by our Compensation Committee to reflect the current goals and objectives for the plan year as well as the financial condition of the Company. Our executive officers were eligible for a bonus based on the following formula:

$$\text{Base Salary} \quad \times \quad \text{Bonus Target} \quad \times \quad \text{Performance Factor} \quad = \quad \text{Annual Cash Bonus Amount}$$

(expressed as a percentage of base salary)

(based on the performance of our Company over the past year based on the evaluation factors)

Our Compensation Committee determined that our executive officers' performance for fiscal year 2011 was 45% of the target.

Equity Bonuses. The Compensation Committee believes that granting stock options provides executive officers with a strong economic interest in maximizing stock price appreciation over the long term. The Compensation Committee also believes that the practice of granting stock options can be useful in retaining and recruiting the key talent necessary to ensure our continued success. This element of compensation has been governed by the Equity Plan. The Equity Plan is administered by our Compensation Committee, which reviews executive management's recommendations concerning persons to be granted stock options, and determines the number of stock options to be granted to each such person, and the terms and conditions of any stock options as permitted under the Equity Plan. The exercise price of stock options is set per Cleveland BioLabs, Inc. Guidelines for Equity Awards and has been at a price not less than the Fair Market Value of a Share on the Grant Date. The options therefore do not have any value to the executive officer unless the market price of our common stock rises, which ensures that the interests of our executive officers are aligned with those of our stockholders. Through these option grants, we seek to emphasize the importance of improving the performance of our stock price, increasing stockholder value over the long term.

Our target stock option bonus for 2011 was set at 125,000 stock options, with a maximum of 250,000 stock options. Our target stock option bonus for 2012 will be 125,000 stock options, with a threshold of 50,000 stock options and maximum of 250,000 stock options. This target was determined by our Compensation Committee to

19

reflect the current goals and objectives for the plan year as well as the financial condition of the Company. Our executive officers were eligible for a stock option bonus based on the following formula:

Target Option Amount X (as determined by the Compensation Committee)	Performance Factor (based on the performance of our Company over the past year based on the evaluation factors)	=	Annual Stock Option Grant Amount
---	--	---	----------------------------------

Our Compensation Committee determined that our executive officers' performance for fiscal year 2011 was 45% of the target.

Additional Benefits and Perquisites

Our officers that are employees of the Company are entitled to participate in the benefit plans which are generally available to all employees, including health, dental, life and disability insurance. For each of these benefit plans, we make contributions to the premiums paid to the plans. We also offer a 401(k) defined contribution plan and makes contribution to the 401(k) plan. In each case, we offer these benefits to our executive officers on the same basis as our other employees.

Severance and Change in Control Agreements

We also provide certain of our executive officers with severance and change of control arrangements in their employment contracts. We believe that severance and change of control packages are a common characteristic of compensation for executive officers. They are intended to provide our executive officers with a sense of security in making the commitment to dedicate their professional careers to our success. Due to our size relative to other public companies and our operating history, we believe that severance and change in control arrangements are necessary to help us attract and retain necessary skilled and qualified executive officers to continue to grow our business.

Our Compensation Policies

Section 162(m) Policy

The Compensation Committee has found it unnecessary to consider the applicability of Section 162(m) of the Code because no executive officer receives compensation in excess of one million dollars.

Common Stock Ownership Requirements

While we have not adopted a formal written policy on common stock ownership requirements, part of our compensation philosophy involves common stock ownership by our executive officers, because we believe that it helps to align their financial interests with those of our stockholders. We also recognize, on the other hand, that our executive officers cannot acquire more than 10% of our common stock without triggering adverse tax consequences. In addition, we expect our executive officers to abide by the provisions of our Disclosure Policy and Insider Trading Policy.

Timing of Awards

The Compensation Committee has the authority to issue equity awards under our Equity Plan. We expect that the Compensation Committee will continue making option awards to our executive officers when appropriate. The

Compensation Committee strives to ensure that any award is made in such a manner to avoid even the appearance of manipulation because of its award date.

RISKS RELATED TO COMPENSATION PRACTICES AND POLICIES

Our company regularly assesses risks related to our compensation programs, including our executive compensation programs, and we do not believe that the risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on our company. At the Compensation Committee's direction, management provides ongoing information to the Compensation Committee regarding compensation factors which could mitigate or encourage excessive risk-taking. In its discussions, the Compensation Committee considered the attributes of our programs, including:

- significant management oversight over employee compensation;
- a balance of annual and milestone- or target-based incentives for senior executives;
- the use of multiple objective performance metrics; and
- stock ownership guidelines that are reasonable and align executives' interests with those of our stockholders.

Potential Payments upon Termination or Change-In-Control

The following descriptions are based on the employment agreements of Messrs. Fonstein, Kogan and Lyons and the consulting agreement of Dr. Gudkov that were in effect as of December 31, 2011.

Pursuant to the employment agreements of Dr. Kogan, Dr. Fonstein and Mr. Lyons, if such executive is terminated for “cause” or resigns, we would not have any further obligations, except the payment of any base salary and reimbursable expenses accrued through the date of termination of such executive. If such executive is terminated by us without cause as described in his employment agreement, he would be entitled to severance pay equal to six months of his annual salary. If such executive is terminated due to a permanent disability or death, he would be entitled to receive severance pay equal to the base salary that would have been payable if he had continued his employment for the remaining term under his employment agreement. However, if such executive becomes permanently disabled or dies as a result of, or in conduct of, his employment duties under his employment agreement, he would be entitled to severance pay equal to his base salary that would have been payable had he continued his employment for a period of no less than eighteen months. In order to comply with Section 409A of the Internal Revenue Code, in certain instances, such severance may be delayed until the earlier of six months and one day after such executive’s separation from service or his death.

Under the employment agreements for Dr. Fonstein, Dr. Kogan and Mr. Lyons, a “permanent disability” will be deemed to occur if such executive suffers a physical or mental illness, injury or infirmity that prevents him from performing, with or without reasonable accommodations, his essential job functions, for a total period of 120 days in any 360-day period. “Cause,” as defined in the employment agreements, includes, among others, the following events, as determined in the reasonable good faith judgment of the Board of Directors:

- the failure of such executive to perform his duties or comply with reasonable directions of the Board of Directors which continues for ten days after the Board of Directors has given written notice to such executive, specifying in reasonable detail the manner in which such executive has failed to perform such duties or comply with such directions;
- the determination by the Board of Directors in the exercise of its reasonable judgment that such executive has committed an act or acts constituting a felony, dishonesty or disloyalty with respect to the Company or fraud;
- the determination by the Board of Directors in the exercise of its reasonable judgment that such executive has committed an act, or has failed to take action, which act or failure to take action adversely affects the Company’s business or reputation or indicates alcohol abuse or drug use by such executive that adversely affects his performance of the essential job functions hereunder; or
- the breach, non-performance or non-observance of any of the terms of such executive’s employment agreement (other than as described in the first bullet above) or any other agreement to which such executive and the Company are parties, by such executive, if such breach, non-performance or non-observance shall continue beyond a period of ten business days immediately after written notice thereof by the Company to such executive.

Pursuant to Dr. Gudkov’s consulting agreement, Dr. Gudkov may be terminated by us, effective immediately, if he (a) breaches or threatens to breach the provisions relating to inventions and proprietary information, (b) engages in any malfeasance, misconduct or conduct likely to cause reputational harm to the Company, (c) enters into a relationship with a third party that creates a conflict of interest with his consulting services to the Company, (d) fails to perform or neglects his duties after written notice from the chief executive officer, or (e) dies or becomes physically or mentally disabled such that in the Company’s reasonable judgment, Dr. Gudkov cannot perform his duties. The consulting agreement permits either Dr. Gudkov or us to terminate the

consulting agreement upon 14 days' notice. Following termination, we are required to pay Dr. Gudkov all fees owing for services rendered prior to the termination date.

The following table summarizes the payments that would have been made to our named executive officers under the employment or consulting agreements, as applicable, upon a termination on December 31, 2011.

Name	Voluntary Termination/ Termination for Cause	Termination Without Cause	Death or Disability In Performance of Duty

Michael Fonstein	-	\$167,660	\$502,980
C. Neil Lyons	-	\$125,000	\$375,000
Andrei Gudkov	-	-	-

Actual amounts that the named executive officers could receive in the future as a result of a termination of employment could differ materially from the amounts set forth above as a result of, among other things, changes in their base salaries, changes in our stock price and the vesting and grants of additional equity awards.

Director Compensation

The following is a description of the standard compensation arrangements under which our directors are compensated for their service as directors, including as members of the various committees of our board. Each of our directors whose compensation is disclosed above is not compensated in addition to the compensation they receive as an executive officer of the Company.

For their service during 2011, each of our independent directors was entitled to receive an annual retainer of \$50,000. In addition to the annual retainer, the chairperson of the Audit Committee (Mr. Antal) received an annual fee of \$15,000 and the other members of the Audit Committee (Messrs. Kasten and Hohn) each received an annual fee of \$10,000. The chairperson of the Compensation Committee (Mr. Antal) received an annual fee of \$7,500 and the other members of the Compensation Committee (Messrs. Antal and Hohn) each received \$5,000. Each member of the Nominating and Corporate Governance Committee (Messrs. Kasten, DiCorleto, and Hohn), including the chairperson, received an annual fee of \$2,500. For the year ending December 31, 2011, we granted to each of our independent directors options to purchase 35,000 shares of common stock at an exercise price of \$2.44 per share. All of those options were awarded on August 12, 2011, vested immediately upon grant and are exercisable for ten years. Each of our independent directors is also reimbursed for reasonable out-of-pocket expenses incurred in attending Board or Board committee meetings.

The following table shows the total compensation paid or accrued during the fiscal year ended December 31, 2011 to each of our directors.

REPORT OF AUDIT COMMITTEE

The Board of Directors maintains an Audit Committee comprised of three non-employee members of the Board of Directors. After reviewing the qualifications of the current members of the committee, and any relationships they may have with the Company that might affect their independence from the Company, the Board of Directors has determined that (1) all current members of the Audit Committee are “independent” as that concept is defined in Section 10A of the Exchange Act, (2) all current members of the Audit Committee are “independent” as that concept is defined in The NASDAQ Marketplace Rules, (3) all current members of the Audit Committee are financially literate, and (4) Mr. Antal qualifies as an audit committee financial expert under the applicable rules promulgated pursuant to the Securities Exchange Act of 1934, as amended.

The Audit Committee’s role and responsibilities are set forth in our charter adopted by the Board of Directors, which is available on our website at www.cbiolabs.com. The Audit Committee reviews and reassesses our charter annually and recommends any changes to the Board of Directors for approval. The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of Meaden & Moore, Ltd. The members of the Audit Committee are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent auditors, nor can the Audit Committee certify that the independent auditors are “independent” under applicable rules. The Audit Committee serves in a board-level oversight role in which it provides advice, counsel and direction to management and the auditors based on the information it receives, on discussions with management and the auditors, and on the members of the Audit Committee’s experience in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisors, apart from counsel or advisors hired by management, as it determines appropriate, including experts in particular areas of accounting. Management is responsible for the reporting processes and preparation and presentation of financial statements and the implementation and maintenance of internal controls. The Company’s independent auditors are responsible for expressing an opinion on the conformity of the Company’s audited financial statements to generally accepted accounting principles in the United States.

In fulfilling its responsibilities for the financial statements for fiscal year 2011, the Audit Committee took the following actions:

- Reviewed and discussed the audited financial statements for the fiscal year ended 2011 with management and Meaden & Moore, Ltd., our independent registered public accounting firm;
- Discussed with Meaden & Moore, Ltd. the matters required to be discussed in accordance with Statement on Auditing Standards No. 61, as amended, (AICPA, Professional Standards, Vol. 1, AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and
- Received written disclosures from Meaden & Moore, Ltd. regarding its independence as required by applicable requirements of the Public Company Accounting Oversight Board and communication with Meaden & Moore, Ltd. regarding their independence. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the Audit Committee’s review of the audited financial statements and discussions with management and Meaden & Moore, Ltd., the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended 2011 for filing with the SEC.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Exchange Act were filed on a timely basis.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Pursuant to our Code of Conduct, the Audit Committee must provide written approval in advance for any transaction that could involve an actual, potential or perceived conflict of interest, including transactions where employees or directors have a substantial financial interest in any of our competitors, customers or suppliers, or where gifts or loans of value in excess of \$200 are received in a year from our suppliers, customers or competitors. The policy also requires advance written approval where an employee or director owns a substantial interest in an entity that has a prospective business relationship with, or is a competitor of, us.

Pursuant to our existing license agreement with The Cleveland Clinic Foundation (“CCF”), we have paid, as of December 31, 2011, \$450,000 in milestone payments. During the year ending December 31, 2011, we paid \$2,558 to CCF. As of December 31, 2011, CCF beneficially owned less than 5% of our common stock. Dr. DiCorleto, one of our directors, is the Chairman of the Lerner Research Institute of the Cleveland Clinic. In making the determination of independence with respect to Dr. DiCorleto, the Nominating and Corporate Governance Committee of the Board of Directors, with Dr. DiCorleto abstaining from the determination, considered Dr. DiCorleto’s affiliation with the Cleveland Clinic and satisfied itself that this affiliation does not detract or interfere with Dr. DiCorleto’s ability to exercise independent judgment in carrying out his responsibilities as director and serving the best interests of our stockholders.

Our Chief Scientific Officer and Board member, Dr. Andrei Gudkov, is the Senior Vice President of Basic Science and the Chairman of the Department of Cell Stress Biology at Roswell Park Cancer Institute (“RPCI”). We subcontract Dr. Gudkov’s laboratory at RPCI to perform certain research and development studies for us, and also purchase certain core products and services from RPCI, including mice, the housing and storage of mice, irradiator services, DNA sequencing and blood analysis. In 2011, we paid RPCI \$2,689,503 for funding Dr. Gudkov’s laboratory. We also recognized \$2,317,218 in revenue from RPCI during the year ended December 31, 2011.

Dr. Hohn, our director, is the Executive Director of Health Policy at the Cancer Center at RPCI. In making the determination of independence with respect to Dr. Hohn, the Nominating and Corporate Governance Committee of the Board of Directors considered Dr. Hohn’s affiliation with the Roswell Institute and satisfied itself that this affiliation does not detract or interfere with Dr. Hohn’s ability to exercise independent judgment in carrying out his responsibilities as director upon his election and serving the best interests of our stockholders.

On March 1, 2010 we hired Leah Brownlee who serves in the position of Vice President – Compliance and Operations. Ms. Brownlee is the spouse of Dr. Yakov Kogan who is a member of our Board and our Interim Chief Executive Officer. During the year ended December 31, 2011, Ms. Brownlee was paid a base salary of \$176,000, received cash bonuses of \$24,000, and received common stock valued at \$4,500. During the year ending December 31, 2011, Ms. Brownlee received options exercisable into 13,767 shares of common stock at a weighted average exercise price of \$4.20 per share.

ELECTION OF DIRECTORS

(Notice Item 1)

Our Board of Directors consists of seven directors, each of whom is a nominee in the current election.

If elected, the seven nominees for election as directors at our 2012 Annual Meeting of Stockholders will serve for one year terms expiring at our 2013 Annual Meeting of Stockholders. The Board of Directors recommends that the stockholders vote in favor of the election of the nominees named in this proxy statement to serve as our directors. See “Management and Corporate Governance—The Board of Directors” above.

In accordance with NASDAQ Marketplace Rule 5605(b)(1), and the standard of independence defined in NASDAQ Marketplace Rule 5605(a)(2), “independent directors” currently make up a majority of our Board of Directors. Our independent directors who are nominees are James J. Antal, Paul E. DiCorleto, Bernard L. Kasten, and David C. Hohn. In making the determination of independence with respect to Dr. DiCorleto, the Nominating and Corporate Governance Committee of the Board of Directors, with Dr. DiCorleto abstaining from the determination, considered Dr. DiCorleto’s affiliation with the Cleveland Clinic and satisfied itself that this affiliation does not detract or interfere with Dr. DiCorleto’s ability to exercise independent judgment in carrying out his responsibilities as director and serving the best interests of our stockholders. In making the determination of independence with respect to Dr. Hohn, the Nominating and Corporate Governance Committee of the Board of Directors considered Dr. Hohn’s affiliation with the Roswell Park Center Institute and satisfied itself that this affiliation will not detract or interfere with Dr. Hohn’s ability to exercise independent judgment in carrying out his responsibilities as director upon his election and serving the best interests of our stockholders.

The Nominating and Corporate Governance Committee of the Board has reviewed the performance of the Board, and has recommended that all nominees be approved for reelection. Unless authority to vote for any of these nominees is withheld, the shares represented by the enclosed proxy will be voted FOR the election as directors of Messrs. Kasten, Antal, DiCorleto, Fonstein, Gudkov, Kogan and Hohn. In the event that either nominee becomes unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the Board of Directors may recommend in that nominee’s place. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

A plurality of the shares voted “FOR” each nominee at the Meeting is required to elect each nominee as a director.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF MESSRS. KASTEN, ANTAL, DICORLETO, FONSTEIN, GUDKOV, KOGAN AND HOHN AS DIRECTORS, AND PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

We expect that representatives of Meaden & Moore, Ltd. will be present at the Annual Meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

In the event the stockholders do not ratify the appointment of Meaden & Moore, Ltd. as our independent registered public accounting firm, the Audit Committee will reconsider its appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of us and our stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPOINTMENT OF MEADEN & MOORE, LTD. AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, AND PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

ADVISORY VOTE ON EXECUTIVE COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT

(Notice Item 3)

We are seeking your advisory vote on the approval of the compensation of our named executive officers as described in the Compensation Discussion and Analysis, the compensation tables and the related material contained in this proxy statement. Because your vote is advisory, it will not be binding on our Compensation Committee or our Board of Directors. However, the Compensation Committee and the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Our compensation philosophy is designed to align each executive's compensation with our short-term and long-term performance and to provide the compensation and incentives needed to attract, motivate and retain key executives who are crucial to our long-term success. Consistent with this philosophy, a significant portion of the total compensation opportunity for each of our executives is directly related to performance factors that measure our progress against the goals of our strategic and operating plans, as well as our performance against that of our peer companies. Furthermore, a significant proportion of our executive compensation is paid in the form of stock options, aligning our executive's interests with those of our stockholders. We believe that our executive compensation is designed to promote the creation of long-term stockholder value and position the Company for long-term success.

Stockholders are urged to read the "Compensation Discussion and Analysis" section of this proxy statement, which discusses how our compensation policies and procedures implement our compensation philosophy. The Compensation Committee and the Board of Directors believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

In accordance with the rules recently adopted by the SEC, the following resolution, commonly known as a "say-on-pay" vote, is being submitted for a stockholder vote at the 2011 Annual Meeting:

"RESOLVED, that the compensation paid to the named executive officers of Cleveland BioLabs, Inc., as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the related material disclosed in the proxy statement, is hereby APPROVED."

The affirmative vote of a majority of the shares cast affirmatively or negatively at the Annual Meeting is required to approve, on an advisory basis, this resolution.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AND PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

APPROVAL OF SECOND AMENDMENT TO EQUITY PLAN

(Notice Item 4)

On April 20, 2012, the Board of Directors, acting on the recommendation of the Compensation Committee, unanimously adopted the Second Amendment to the Equity Plan, a copy of which is attached as Appendix A hereto. The purpose of the Second Amendment is to increase the number of shares of common stock authorized to be issued under the Equity Plan by 3,000,000 shares. As of the record date, there were 1,018,925 shares reserved and available for issuance under the Equity Plan. Upon stockholder approval of the Second Amendment, the number of shares of common stock authorized to be issued under the Equity Plan will increase by 3,000,000 shares. All other terms of the Equity Plan shall remain the same. A copy of the First Amendment to the Equity Plan is attached as Appendix B hereto, and a copy of the Equity Plan is attached as Appendix C hereto.

The Company's philosophy on compensation is to provide employees, consultants and directors with equity participation linked to long-term stock price performance, while at the same time remaining sensitive to the potential impact on our other stockholders. We believe that offering broad-based equity compensation helps to attract and retain employees, motivates participants to achieve long-term Company goals, and further aligns participants' interests with those of the Company's other stockholders. Employees with a stake in the future success of our business are motivated to achieve long-term growth and thus maximize stockholder value. The purpose of this proposal is to provide sufficient reserves of shares, based on our current business plans, to ensure the Company's ability to continue to provide employees, consultants and directors with an equity stake in the Company.

The Board of Directors recommends approval of the Second Amendment to permit the issuance of the increased number of shares of common stock. The Board of Directors believes that this proposed increase is in the best interests of the Company and the stockholders. In the event that this proposal is not approved by our stockholders, and as a consequence we are unable to continue to grant equity awards at competitive levels, the Board of Directors believes that it will negatively affect our ability to meet our need for highly qualified personnel and our ability to manage future growth. In addition, stockholder approval of the Second Amendment is necessary in order for us to be able to grant performance-based awards that qualify for the exception to the deductibility limit set forth in Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

The description below of the material terms of the Equity Plan is just a summary. This summary is subject to the specific provisions in the full text of the Equity Plan, as amended by the Second Amendment, attached as Appendix A hereto.

MATERIAL FEATURES OF THE EQUITY PLAN

The purpose of the Equity Plan is to enable the Company to grant equity or cash awards to eligible officers, employees, directors and consultants at levels we believe will motivate superior performance, help us attract and retain outstanding personnel, motivate participants to achieve long-term Company goals, and further align participants' interests with those of the Company's other stockholders. Below is a summary of the key elements of the Equity Plan.

Administration

The Equity Plan will be administered by the Compensation Committee, or another committee, appointed by the Board (generally referred to as the "Compensation Committee" in this proposal) consisting of three or more members of the Board all of whom are intended to be "non-employee directors" as defined by Section 16 of the Exchange Act and "outside directors" within the meaning of Section 162(m) of the Code.

Stock Subject to the Equity Plan

As described above, if this proposal is approved by the stockholders, an additional 3,000,000 shares of common stock would be available for delivery upon exercise of equity awards under the Equity Plan. The shares of common stock that may be delivered under the Equity Plan consist of authorized and unissued shares. If any person exercises a stock option under the Equity Plan by paying the exercise price with shares of common stock which such

40

person already owns, only the number of shares in excess of the shares so paid by such person will count against the total number of shares that may be delivered under the Equity Plan.

Eligibility

The Compensation Committee may grant awards under the Equity Plan to our officers, employees, directors (including non-employee directors) and consultants.

Types of Awards

The Equity Plan allows us to grant the following types of awards:

- § incentive stock options;
- § nonqualified stock options;
- § stock appreciation rights or “SARs”;
- § stock awards;
- § restricted stock;
- § performance awards; and
- § substitute awards.

Stock Options. A stock option is the right to purchase a specified number of shares of our common stock in the future at a specified exercise price and subject to other terms and conditions specified in the option agreement and the Equity Plan. Stock options granted under the Equity Plan will be either “incentive stock options,” which are intended to receive special tax treatment under the Code, or options other than incentive stock options (referred to as “non-qualified options”), as determined by the Compensation Committee and stated in the applicable option agreement. The number of shares covered by each option will be determined by the Compensation Committee, which will be set forth in the award agreement. The per-share exercise price of a stock option must not be less than the fair market value of the Company’s common stock on the date of grant of the option. Each option may be subject to limitations or conditions on its exercise as the Compensation Committee may determine. Unless otherwise provided in the option agreement, each option may be exercised in cash or by “cashless exercise.” Each option granted under the Equity Plan will generally expire on or before ten years following the date such option was granted (five years for incentive stock options granted to stockholders who own greater than 10% of our voting stock). No incentive stock option may be granted to an optionee, which, when combined with all other incentive stock options becoming exercisable in any calendar year that are held by that optionee, would have an aggregate fair market value in excess of \$100,000. In the event an optionee is awarded \$100,000 in incentive stock options in any calendar year, any incentive stock options in excess of \$100,000 granted during the same year will be treated as non-qualified stock options. Non-qualified stock options are generally transferable to family members by gift or by will or the laws of descent and distribution. The Equity Plan prohibits the repricing of stock options. For this purpose, “repricing” means (1) lowering of the exercise price of a stock option after it is granted, (2) cancelling a stock option and re-granting a stock option with a lower exercise price than the original exercise price of the cancelled stock option, and (3) any other action, whether by amendment, cancellation or the making of a replacement grant, that has the effect of repricing a stock option.

Stock Appreciation Rights or SARs. All SARs must be granted on a stand-alone basis (i.e., not in conjunction with stock options granted under the Equity Plan). SARs are subject to the terms and conditions set by the Compensation Committee. An SAR granted under the Equity Plan entitles its holder to receive, at the time of exercise, an amount per share equal to the excess of the fair market value (at the date of exercise) of a share of the common stock over a specified price, known as the strike price, fixed by the Compensation Committee, which will be the fair market value of the common stock on the grant date of the SAR. Payment may be made in cash, shares of the common stock, or in any combination of the two, as determined by the Compensation Committee.

Restricted Stock. Restricted stock is common stock that is forfeitable until the restrictions lapse. The Compensation Committee will determine the restrictions for each award and the purchase price in the case of restricted stock, if any. Restrictions on the restricted stock may include time-based restrictions or the achievement of specific performance

goals. If the performance goals are not achieved or the restrictions do not lapse within the time period provided in the award agreement, the participant will forfeit his or her restricted stock.

Performance Awards. The Equity Plan includes performance awards. The Compensation Committee will determine the amounts and terms of all performance awards, including any applicable performance goals. In the case of performance awards intended to satisfy Section 162(m) of the Code, the Compensation Committee will designate

41

individuals eligible for performance awards within the first 90 days of the year for which the annual incentive award will apply, with certain exceptions, and will certify in writing the attainment of performance goals following the end of the applicable performance period. In addition, the Compensation Committee may establish threshold, target and maximum performance award opportunities for each participant. Annual incentive awards may be paid in cash, shares of common stock, restricted stock, options, any other award under the Equity Plan or other property.

Substitute Awards. Substitute awards are awards that may be granted in replacement of stock or stock-based awards from another business held by current and former employees or non-employee directors of, or consultants to, such business that is, or whose stock is, acquired by us, in order to preserve the economic value of all or a portion of a substituted award on such terms and conditions (including price) as the Compensation Committee determines.

Vesting

Unless otherwise provided in a particular award agreement, stock options, stock appreciation rights and restricted stock will vest over four years in annual increments of 25% of the total award amount.

Performance-Based Compensation

The Compensation Committee may grant stock-based or cash-based awards that are subject to the attainment of certain performance goals, which are described as performance awards above. The objective performance criteria for such awards (other than stock options and SARs) granted under the Equity Plan are designed to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the Code and are to be based on one or more of the following:

- Earnings before interest, tax, depreciation or amortization (“EBITDA”) (actual and adjusted and either in the aggregate or on a per-share basis);
- Earnings (either in the aggregate or on a per-share basis);
- Net income or loss (either in the aggregate or on a per-share basis);
- Operating profit;
- Share price (including growth measures and total stockholder return or attainment by the shares of a specified value for a specified period of time);
- Net economic value;
- Economic value added;
- Aggregate product unit and pricing targets;
- Strategic business criteria, consisting of one or more objectives based on meeting specified
