FOR IMMEDIATE RELEASE

G. WILLI-FOOD REPORTS NET INCOME OF US\$ 3.1 MILLION FOR THIRD QUARTER 2009

2009 Q3 OPERATING INCOME INCREASED 916% OVER 2008 Q3 OPERATING INCOME

YAVNE, ISRAEL - NOVEMBER 11, 2009 - G. WILLI-FOOD INTERNATIONAL LTD. (NASDAQ: WILC) (the "COMPANY" or "WILLI FOOD"), one of Israel's largest food importers and a single-source supplier of one of the world's most extensive range of quality kosher food products, today announced its unaudited financial results for the third quarter and the nine months ended September 30, 2009.

- o 1,338.5% increase in income before taxes on income over third quarter of 2008
- o 844.0% increase in income from continuing operations over third quarter of 2008

Edgar Filing: G WILLI FOOD INTERNATIONAL LTD - Form 6-K

Willi-Food's operating divisions include Willi-Food in Israel, wholly owned Gold Frost - a designer, developer and distributor of branded kosher dairy food products, and Shamir Salads - an Israeli distributor and manufacturer of Mediterranean style salads.

Sales for the third quarter of 2009 decreased by 1.1% to NIS 68.6 million (US\$ 18.3 million) compared to sales of NIS 69.4 million (US\$ 18.5 million) in the third quarter of 2008. Gross profit for the third quarter of 2009 increased by 58.7% to NIS 22.2 million (US\$ 5.9 million) compared to gross profit of NIS 14.0 million (US\$ 3.7 million) in the third quarter of 2008. Third quarter gross margin was 32.3% compared to gross margin of 20.1% for the same period in 2008. The increase in gross profit for the period was primarily due to the continued devaluation of the US dollar compared to the New Israeli Shekel (NIS) and to increased sales of higher margin products, such as certain new products that we have recently added to our product lines.

Mr. Zwi Williger, President and COO of Willi-Food commented, "We believe that the third quarter of 2009 was an important period for Willi-Food. In this current challenging environment, we were able to achieve record margins through, among other things, successfully launching new profitable items into our product lines. We expect to launch additional new products into our product lines in the near future while we continue to develop new and innovative food products. We have also been successful in adjusting the sale prices of our products to consumers in accordance with product prices of our suppliers. That, combined with the depreciation of the U.S. dollar against the NIS, which has led to a reduction of the NIS denominated product purchase prices that we pay to our suppliers, enabled us to increase our gross profits margins."

Willi-Food's operating income for the third quarter of 2009 increased 915.8% to NIS 14.2 million (US\$ 3.8 million) from NIS 1.4 million (US\$ 0.4 million) reported in the comparable quarter of last year. Selling expenses decreased by 4.7% from the comparable quarter of 2008. Selling expenses as a percentage of sales decreased in the third quarter of 2009 to 11.4% compared to 11.8% in the third quarter of 2008. The decrease in selling expenses was partly attributed to the initiatives that Company management took in early 2009 to reduce the Company's expenses. General and administrative expenses as a percentage of revenue increased in the third quarter of 2009 to 7.8% from 6.4% in the third quarter of 2008. The increase in general and administrative expenses in the third quarter of 2009 was attributed to the payment of a management bonus that was linked to our financial results - NIS 1.5 million (US\$ 0.4 million) in the third quarter of 2009 compared to NIS 0.04 million (US\$ 0.01 million) in the third quarter of 2008.

Willi-Food's other income for the third quarter of 2009 was NIS 5.2 million (US\$ 1.4 million) compared to other income of NIS 0.07 million (US\$ 0.02 million) for the third quarter of 2008. The increase in other income in the third quarter of 2009 was attributed to capital gain resulting from the completion of the tender offer for Gold Frost's shares in July 2009.

Willi-Food's income before taxes for the third quarter of 2009 increased 1,338.5% to NIS 14.6 million (US\$ 3.9 million) from NIS 1.0 million (US\$ 0.4 million) recorded in the third quarter of 2008. Income from continuing operations for the third quarter of 2009 increased 844.0% to NIS 12.9 million (US\$ 3.4 million) from NIS 1.4 million (US\$ 0.4 million) recorded in the third quarter of 2008. Third quarter loss from discontinuing operations in 2009 and 2008 includes the Company's export segment assembled by Baron, the Danish company and WF.

Edgar Filing: G WILLI FOOD INTERNATIONAL LTD - Form 6-K

Willi-Food's net income in the third quarter of 2009 increased 1,686.0% to NIS 11.5 million (US\$ 3.1 million) from NIS 0.6 million (US\$ 0.2 million) recorded in the third quarter of 2008. Willi-Food's net income related to Company Shareholders in the third quarter of 2009 was NIS 11.1 million (US\$ 3.0 million), or NIS 1.08 (US\$ 0.29) per share compared to net income related to Company Shareholders of NIS 0.1 million (US\$ 0.02 million), or NIS 0.01 (US\$ 0.003) per share, recorded in the third quarter of 2008.

Willi-Food ended the quarter with \$29.4 million in cash and securities and \$2.0 million in short-term debt (51% of the debt of Shamir Salads).

Other income for the first nine months of 2009 included capital gains attributed to the completion of the tender offer for Gold Frost's shares on July 27, 2009 compared to other expenses of NIS 1.9 million (US\$ 0.5 million) related to the final arbitration award entered against the Company for damages in the comparable period in 2008.

continuing operations for the first nine months of 2009 increased 114.9% to NIS 23.2 million (US\$ 6.2 million) compared to income from continuing operations of NIS 10.8 million (US\$ 2.9 million) for the first nine months of 2008. Income from discontinuing operations for the first nine months of 2009 was NIS 0.4 million (US\$ 0.1 million) and loss from discontinuing operations for the comparable period in 2008 was NIS 1.9 million (US\$ 0.5 million).

Willi-Food's net income for the first nine months of 2009 increased 165.9% to NIS 23.5 million (US\$ 6.3 million) from NIS 8.9 million (US\$ 2.4 million) recorded in the first nine months of 2008. Willi-Food's net income attributable to Company Shareholders in the third quarter of 2009 increased 237.8% to NIS 22.6 million (US\$ 6.0 million), or NIS 2.2 (US\$ 0.59) per share from NIS 6.7 million (US\$ 1.8 million), or NIS 0.65 (US\$ 0.17) per share, recorded in the first nine months of 2008.

OUTLOOK

Mr. Zwi Williger commented, "Willi-Food achieved net income attributable to Company Shareholders of US\$ 3 million in the third quarter of 2009 - a margin of 16.2% of sales. As I mentioned in our 2009 Q2 release, our subsidiaries, Baron and the Danish distributor did not perform as we had expected, and this was the reason that we decided to sell them at prices similar to our original acquisition costs. Our strong financial results for the third quarter of 2009 demonstrate Willi-Food's ability to capitalize on what we believe to be the growing interest of consumers in the kosher market. We are able to differentiate our company through our success at becoming a high margin business in a low margin industry. We are pleased to consistently deliver significantly higher margins than those generated by most other companies in our industry."

"We analyzed the recession and relevant economic indicators that began in our home market, as well as feedback from our customers, showing that the measures that we took are placing us in a good position for future growth. Willi-Food has taken the appropriate measures to position the Company for a stronger fiscal 2009 and 2010, and we remain focused on maximizing long-term profitability."

"We are carefully reviewing our merger and acquisition strategy. The U.S. remains a strategic region of interest for Willi-Food, and for now, we are seeking more customers to whom we can distribute our products, and specifically, customers who wish to grow their volume and diversify their line of premium kosher products. Our line of products includes over 600 products exclusively distributed by Willi-Food and Shamir Salads. The dynamics of the industry are driving demand for innovative kosher products, and we believe that Willi-Food has the infrastructure and development expertise to deliver. Our strategy is to leverage Willi-Food's global supplier relationships and expertise in product development and to capitalize on the growing demand for innovative kosher products for both kosher and health minded consumers in the U.S. We believe that the health benefits of eliminating animal fats in the 'kosherizing' process in our dairy products makes our products attractive to consumers looking for better tasting, low-cholesterol and low-fat alternatives."

Mr. Williger concluded, "We continue to work to expand the footprint and brand recognition of Willi-Food globally while diversifying our product base in order to hedge against any single event that might impact our results. We are looking for improved results in the fourth quarter of 2009 and in 2010 as compared to our 2008 fourth quarter and as compared to our results for the first nine months of 2009."

Willi-Food recently announced that it began shipping its "Instant Noodle Bowl"

product to supermarkets and big box retail chains in the U.S. and Canada. The "Instant Noodle Bowl" is offered in three flavors, Chicken, Vegetable and Hot & Spicy and is available at A&P, Ralphps, Safeway, Vons, Food Emporium, Giant and Wal-Mart, among others.
