General Information

Proxies for use at the Meeting are being solicited by the Board of Directors of the Company. A form of proxy for use at the Meeting is attached. All Ordinary Shares of the Company, nominal value NIS 0.1 per share (the "Ordinary Shares"), represented at the Meeting by properly executed proxies received by the Company at its offices or the offices of the Company's transfer agent by 4:00 p.m. (Israel time) at least 48 hours prior to the Meeting and which are not revoked will be voted at the Meeting in accordance with the instructions contained therein. If the person executing or revoking a proxy does so under a power of attorney or other authorization, including authorization by a corporation's board of directors or shareholders, the Company must receive the original or a duly certified copy of the power of attorney or other authorization. A proxy may be revoked by a shareholder at any time prior to its use by voting in person at the Meeting or by executing a later proxy, provided that such later proxy is received within the above-referenced time period, or by submitting a written notice of revocation to the Secretary of the Company at the Company's offices at least 24 hours prior to the Meeting. If the proxy is signed properly by the shareholder and is not revoked, it will be voted at the Meeting. If a shareholder specifies how the proxy is to be voted, the proxy will be voted in accordance with such specification. Otherwise, subject to applicable law and stock exchange regulations, the proxy will be voted in favor of each of the matters described herein.

The presence of two or more shareholders in person or by proxy representing not less than 25% of the outstanding Ordinary Shares entitled to vote at the Meeting will constitute a quorum for the transaction of business at the Meeting. Under the Company's Articles of Association, if a quorum is not present within one-half hour of the commencement time of the Meeting, the Meeting will be adjourned automatically until one week thereafter at the same time and place, or at any other time and place as the Directors may designate and state in a notice to the shareholders. If, within one-half hour after the adjourned Meeting is reconvened, a quorum of two or more shareholders representing at least 25% of the outstanding Ordinary Shares entitled to vote is not present, then the Meeting shall be held with any number of participants who may discuss all the matters for which the first meeting was convened.

Proxies will be solicited primarily by mail; however, certain officers, directors, employees and agents of the Company, none of whom will receive additional compensation therefore, may solicit proxies by telephone, fax or other personal contact. Copies of solicitation materials will be furnished to banks, brokerage firms, nominees, fiduciaries and other custodians holding Ordinary Shares in their names for others to send proxy materials to and obtain proxies from the beneficial owners of such Ordinary Shares. The Company will bear the cost of soliciting proxies, including postage, printing and handling, and will reimburse the reasonable expenses of brokerage firms and others for forwarding material to beneficial owners of Ordinary Shares.

The adoption of resolutions 1 and 2 as described herein is contingent upon, in each case, the favorable vote of a simple majority of the Company's shareholders attending and voting at the Meeting.

The approvals of Proposals 3, 4 and 7 require the affirmative vote of the Company's shareholders holding at least a majority of the Company's Ordinary Shares present, in person or by proxy, and voting on the matter, provided that such majority includes: (i) at least a majority of the shares of the voting shareholders who are not controlling shareholders and do not have a personal interest in the approval of the proposal (in counting the total votes of such shareholders, abstentions shall not be taken into account) or (ii) the total number of votes against the proposal among the shareholders mentioned in paragraph (i) does not exceed two percent (2%) of the aggregate voting power in the Company.

If you fail to notify the Company as to whether or not you are a controlling shareholder of the Company, or acting on its behalf, with respect to Proposals 3, 4 and 7, or have a personal interest in the approval of Proposals 3, 4, 5, 6 and 7, your vote will not be counted with respect to the Proposal(s) for which you failed to provide notification.

Only shareholders of record at the close of business on October 24, 2013 (the “Record Date”) are entitled to vote at the Meeting. At the close of business on the Record Date, 12,974,245 Ordinary Shares were outstanding and eligible for voting at the Meeting. Each shareholder of record is entitled to one vote for each Ordinary Share held on all matters to come before the Meeting.

The complete copy of the proposal to be presented at the Meeting will be available at the Meeting as well as on each day from November 10, 2013 until November 14, 2013, between the hours of 9:00 a.m. – 5:00 p.m. at the Company’s offices in 4 Nahal Harif Street, Northern Industrial Zone, Yavne 81106 Israel.

The Audit Committee and the Board of Directors recommend a vote FOR Proposal No. 2.

PROPOSAL NO. 3 APPROVAL OF THE COMPENSATION POLICY FOR THE COMPANY'S DIRECTORS AND OFFICERS

Under Amendment No. 20 to the Companies Law, which came into effect in December 2012 ("Amendment No. 20"), the compensation terms of officers and directors (the "Officers") of public companies, such as the Company, must be determined in accordance with a D&O compensation policy (the "Compensation Policy"). The Compensation Policy must be approved by (i) the Board of Directors, upon recommendation of the Compensation Committee, and (ii) the shareholders of the Company (except in limited circumstances set forth in the Companies Law). In accordance with Amendment No. 20, the Compensation Policy must be reviewed and re-approved every three years.

On October 16, 2013, in accordance with the provisions of Amendment No. 20 and following the recommendation of the Compensation Committee, the Board of Directors approved the Compensation Policy and recommended its approval by the shareholders. A convenience English translation of the Compensation Policy is attached hereto as Appendix B. The principles of the Compensation Policy were set forth after discussions by the Compensation Committee and by the Board of Directors, in consultation with an external advisor.

The objective of the Compensation Policy is to achieve the goals and work plans of the Company, including its long-term best interests, by: (a) creating a reasonable and appropriate set of incentives for the Company's executives while taking into consideration, inter alia, the Company's characteristics, business activity, risk management policy and work relations; (b) providing the tools necessary for recruiting, motivating and retaining talented and skilled executives in the Company, who will be able to contribute to the Company and maximize its profits in the long term; (c) putting an emphasis on performance based compensation, and tying the executives to the Company and its performance, by matching the executives' compensation to their contribution to achieving the Company's goals and maximizing its profits, from a long-term point of view and according to their position; and (d) creating proper balance between the various compensation components (such as fixed versus variable components and short-term versus long-term).

The Compensation Policy presents the general parameters that will be considered when examining the compensation terms of the Company's executives will be: (a) the executive's education, skills, expertise, professional experience and achievements; (b) the executive's position and level of responsibility and previous employment agreements that were signed between the Company and the executive; (c) the executive's contribution to the Company's performance, profits and stability; (d) the level of responsibility borne by the executive due to his position in the Company, and (e) the need of the Company to retain the executive in view of the executive's special skills, knowledge and/or expertise. The combination of the above-mentioned components is intended to create a balance and appropriate ratio between the fixed compensation and the variable compensation paid to executives so as to create a performance based compensation system that promotes the Company's goals and corresponds with its risk management policy.

The Compensation Policy provides, among other things, that (i) the compensation terms proposed to an executive of the Company will be determined with reference to the existing compensation terms of other Company executives and the compensation terms that are accepted in the market and industry for executives in similar positions, (ii) the Company will be permitted to grant the executives (all or part) a compensation plan that includes a salary, commission (for executives filling a relevant position), a cash award (bonus) and/or share-based payment, (iii) the Company will provide arrangements for the termination of work relations, according to that accepted in the industry and the Company's customary practices on this matter, (iv) the employment period of the executives shall not exceed three (3) years or will be "at will" with the Company being permitted to terminate such employment without cause by providing an advance notice and (v) the Compensation Policy does not derogate from the provisions of agreements or compensation that were approved before adoption of this Compensation Policy.

It is emphasized that this policy does not grant rights to the Company's officers and directors, and the adoption of this Compensation Policy in itself does not grant the right to any officer or director of the Company to receive any of the compensation components described in the Compensation Policy. The compensation components that Company officers and directors will be entitled to receive will be only those that are specifically approved by the Company's authorized bodies, subject to the provisions of any applicable law. The current terms of engagement for the Company's officers and directors, including the President, the Chairman of the Board of Directors and the Chief Executive Officer, are all in accordance with the terms of the the Compensation Policy.

It is proposed that at the General Meeting, the following resolution be adopted:

“RESOLVED that, in compliance with the requirements of the Companies Law, 1999, the Compensation Policy for the Company's directors and officers, substantially in the form attached hereto as Appendix B, and as previously approved by the Board at the recommendation of the Compensation Committee, for a term of three years from approval by this Meeting, be, and the same hereby is, approved.”

The affirmative vote of at least a majority of the votes of shareholders present and voting on the matter is required for shareholders to approve Proposal 3, provided that either (i) such a majority includes at least the majority of the votes of shareholders who (a) are not controlling shareholders of the Company and (b) do not have personal interest in the

approval of the proposal (abstentions will not be taken into account); or (ii) the total number of votes against such proposal among the shareholders mentioned in clause (i) above does not exceed two percent (2%) of the total voting rights in the Company.

Under certain circumstances and subject to certain exceptions, the Companies Law enables the Board to approve the Compensation Policy despite the objection of the shareholders provided that the Compensation Committee and the Board determine that it is for the benefit of the Company, following additional discussions and supported by detailed arguments.

The Board of Directors recommends a vote "FOR" Proposal No. 3.

In light of Mr. Williger's contribution to the Company, and in accordance with the Company's proposed Compensation Policy, the Board of Directors and Compensation Committee have determined that the proposed equity grant described below is appropriate, reasonable and reflects the significant contribution of Mr. Williger to the Company. The purpose of the grant is, inter alia, to compensate Mr. Williger for his service and significant contribution to the Company as well as to provide incentive for Mr. Williger to continue to contribute to the Company's success and results of operations.

The proposed equity grant to Mr. Williger consists of options to purchase 200,000 Ordinary Shares of the Company at an exercise price of \$6.50 per share. The options would vest over three (3) years, with approximately one-third of the options (66,666 options) vesting on each of the first two (2) anniversaries of the equity grant date and 66,668 options vesting upon the third anniversary of the equity grant date. The options may be exercised immediately upon each stage of periodic vesting, and the last date for exercise of the options is two (2) years after each respective portion of the options has vested, after which the options shall expire. No options may be exercised following the five (5) year anniversary date of the equity grant date. The exercise of the options may occur only while Mr. Williger is still serving as an officer or director of the Company. Should Mr. Williger pass away during the term of the option, his estate shall be entitled to exercise the vested, non-expired options up to 90 days following his passing.

Under the terms of the grant, if there is a stock split or a reverse stock split prior to the exercise or expiration of all options, the number of options granted and exercise price will be adjusted accordingly. If bonus shares are granted to shareholders prior to the exercise or expiration of all options, the number of shares subject to the options will be increased by the number of bonus shares that Mr. Williger would have received had he exercised his options prior to the record date for the bonus shares. In the case of a rights offering prior to the exercise or expiration of all options, Mr. Williger will be offered at the time of exercise of options the same rights and in the same amounts that he would have been offered with respect to the ordinary shares underlying such options had he exercised such options prior to the record date for the rights offering. In the case of a cash dividend distributed prior to the exercise or expiration of all options, the exercise price of the options will be adjusted by multiplying it by a ratio, the numerator of which is the closing share price on the "ex dividend" date and the denominator of which is the closing share price on the record date for the dividend.

The proposed compensation arrangement with Mr. Williger is in accordance with, and is subject to shareholder approval of, the proposed Compensation Policy of the Company that is the subject of Proposal 3.

It is proposed that at the General Meeting, the following resolution be adopted:

"RESOLVED, to approve a grant of options exercisable into 200,000 Ordinary Shares of the Company to Mr. Zwi Williger in accordance with the Compensation Policy."

The approval of Proposal 5 requires the affirmative vote of at least a majority of the Company's shareholders holding Ordinary Shares present, in person or by proxy, and voting on the matter, provided that such majority includes: (i) at least a majority of the shares of the voting shareholders do not have a personal interest in the approval of the equity grant to Mr. Zwi Williger (in counting the total votes of such shareholders, abstentions shall not be taken into account) or (ii) the total number of votes against the proposal among the shareholders mentioned in paragraph (i) does not exceed two percent (2%) of the aggregate voting power in the Company.

The Compensation Committee and Board of Directors recommend a vote FOR Proposal No. 5.

The exercise of the options may occur only if Mr. Williger is still serving as an officer or director of the Company. 1. The Objective of the Document

The objective of this document is to define and describe the Company's officer compensation policy as required in Amendment 20 to the Companies Law – 1999 (hereinafter: "Amendment 20" and "the Companies Law", respectively).

It is emphasized that this policy does not grant rights to the Company's officer, and the adoption of this compensation policy in itself does not grant the right to any officer of the Company to receive any of the compensation components described in the compensation policy. The compensation components that the officer will be entitled to receive will be only those that are specifically approved for the officer by the Company's authorized bodies, subject to the provisions of any applicable law.

If an officer should receive compensation that is less than the compensation provided in this policy, it will not be considered a deviation or exception from this policy, and the officer's terms of employment as aforesaid shall not require the approval of the general shareholders' meeting that is required for approving terms of service and employment that deviate from the compensation policy.

The compensation policy will apply to compensation approved as of the date of adoption of the policy by the Company's general shareholders' meeting. The masculine form is used in this policy for convenience purposes only and it refers to both women and men equally.

2. Background

According to the requirements of Amendment 20, on November 28, 2013, the Company's Board of Directors appointed a Compensation committee, whose members are the Company's two external directors and an independent director whose terms of service are identical to those of the Company's external directors. The compensation committee is headed by an external director.

3. The Objective of the Compensation Policy

The purpose of the proposed compensation policy is to help in achieving the goals and work plans of the Company, including for the long term, by:

- 3.1 Creating a reasonable and appropriate set of incentives for the Company's officers while taking into consideration, inter alia, the Company's characteristics, business activity, risk management policy and work relations.
- 3.2 Providing the tools necessary for recruiting, motivating and retaining talented and skilled officers in the Company, who will be able to contribute to the Company and maximize its profits in the long term.
- 3.3 Putting an emphasis on performance based compensation, and tying the officers to the Company and its performance, by matching the officers' compensation to their contribution to achieving the Company's goals and maximizing its profits, from a long-term point of view and according to their position.
- 3.4 Creating proper balance between the various compensation components (such as fixed versus variable components and short-term versus long-term).

The combination of the various compensation components described in this document is intended to create a balance and appropriate ratio between the fixed compensation and the variable compensation so as to create a performance based compensation system that promotes the Company's goals and corresponds with its risk management policy.

B - 3

4. Parameters for Examining the Compensation Policy

Presented hereunder are the general parameters that will be considered when examining the compensation terms of the Company's officers:

4.1 The officer's education, skills, expertise, professional experience and achievements.

4.2 The officer's position and level of responsibility and previous employment agreements that were signed between the Company and the officer.

4.3 The officer's contribution to the Company's performance, profits and stability.

4.4 The level of responsibility borne by the officer due to his position in the Company.

4.5 The need of the Company to retain the officer in view of the officer's special skills, knowledge and/or expertise.

5. Ratio between the Officers' Compensation and Compensation of other Company Employees

When determining the compensation terms of the Company's officers, one of the aspects that will be examined is the ratio between the terms of service of each one of the Company's officers and the average and median cost of employment of the Company's employees (including contract workers) while taking into consideration the nature of the officer's position, his seniority, his level of responsibility and the number of the Company's employees. In the course of preparing the compensation policy described hereunder, the compensation committee and Board of Directors examined the ratio between the service terms of officers that derive from the adoption of this policy and the average and median cost of employment of the Company's employees. The compensation committee and Board of Directors decided that these ratios are reasonable and will not have a negative effect on work relations in the Company. Presented hereunder are the aforesaid ratios (according to the compensation ceilings) (*):

Position	According to the average employment cost of the Company's other employees(*)	According to the median employment cost of the Company's other employees (*)
Chairman of the Board/President	57	60
CEO	18	19
Deputy CEO	12	13
Other officers who are not directors	10	10

(*) The ratios listed above factor the maximal compensation available under the terms of the Compensation Policy, and are not definitive, such that they are forward-looking and it is possible that the actual figures will be lower.

6. The Compensation Terms – General

6.1 The compensation terms proposed to an officer of the Company will be determined with reference to the existing compensation terms of other Company officers and the compensation terms that are accepted in the market and industry for officers in similar positions.

8.1.4 The officers will be entitled to the payment of related benefits in the advance notice period. The officer is not leaving the Company's employ under circumstances justifying the non-payment of severance pay.

9. The Compensation Terms – Variable Component

9.1 Cash bonus (hereinafter: "bonus")

9.1.1 The Company is permitted to grant a bonus to the officers as part of their compensation package.

9.1.2 The entitlement to a bonus will be determined according to measureable quantitative criteria (hereinafter: "the measureable bonus") and qualitative criteria (hereinafter: "the discretionary component").

9.1.3 An officer who has worked less than one full calendar year will be entitled to a proportionate annual bonus according to his period of employment, insofar as he is entitled to a bonus.

Measurable bonus for the Company's Chairman of the Board and President

9.1.4 The Company's Chairman of the Board and President will be entitled to a bonus deriving from the consolidated profit rate before tax and before bonuses (hereinafter: "the determining profit").

The annual bonus of these officers shall be 3% of the determining profit, and 5% of the determining profit if the profit is higher than NIS 3 million.

9.1.5 The annual measureable bonus ceiling shall not exceed 200% of the annual management fees of these officers.

1 “Monthly salary” as relating to an officer who is an employee of the Company is the gross base salary without any gross ups, grants, social and/or related benefits or any other grant/payment, and as relating to an officer who provides services to the Company for management fees – 70% of the monthly amount paid to that officer against an invoice, as applicable.

B - 7

Measurable bonus for the CEO

9.1.6 The CEO's measurable bonus shall not exceed 8 monthly salaries.

9.1.7 The bonus mechanism:

An operating profit target before bonuses and operating financing expenses will be determined at the beginning of each year (hereinafter: "the profit target"). The profit target will be determined at the beginning of each year and be approved by the compensation committee.

Achieving the profit target will entitle the CEO to a bonus of 0.25%-0.5% of the profit target.

Furthermore, if the actual profit is higher than the profit target, the CEO will be entitled to an additional bonus of 0.5%-1% of the difference between the actual profit and the profit target.

The CEO will not be paid a measurable bonus in any case of the actual profit being lower than NIS 18 million.

9.1.8 Bonus payment deferral:

If the measurable bonus is higher than 6.5 salaries, then the bonus in excess of 6.5 salaries will be deferred and paid after issuance of the financial statements for the following year. The aforesaid excess bonus will be paid according to the following calculation:

The bonus for the previous year will be recalculated, and the profit from the previous year will be reduced only by a negative difference in respect of the following year. A negative difference exists when 60% of the target profit in the following year or NIS 18 million (whichever higher), is higher than the actual profit in the following year, and it is equal to the difference between them. This calculation will provide an updated result of the previous year's profit and the number of bonus salaries for the previous year will be recalculated on its basis (hereinafter: "updated previous year bonus").

If the number of bonus salaries in the updated bonus calculation for the previous year is still higher than the number of salaries calculated for the CEO in the previous year, the CEO will be paid the excess amount. If the updated previous year bonus is lower than the number of salaries calculated for the CEO in the previous year, the CEO will not be paid the excess amount.

Measurable bonus for the Deputy CEO and other officers

9.1.9 The measurable bonus for the Deputy CEO and other officers shall not exceed 4 and 2 monthly salaries, respectively.

9.1.10 The bonus mechanism:

The profit target for these officers will be the same as the profit target for the CEO, with the bonus being calculated according to the achieved rate of the profit target.

Achieving the profit target will entitle the Deputy CEO and other officers to a bonus of up to 0.15% and 0.1%, respectively, of the profit target.

Furthermore, if the actual profit is higher than the profit target, the Deputy CEO and other officers will be entitled to an additional bonus of 0.4% and 0.2%, respectively, of the difference between the actual profit and the profit target.

These officers will not be paid a measurable bonus in any case of the actual profit being lower than NIS 18 million.

9.1.11

Commissions

In addition to the measurable bonus, the Company will be permitted to pay trade and sales officers a sales commission and other commissions according to a graded commission program that will be defined at the beginning of each year. The commissions will be based on sales volumes and/or a similar quantitative measure. The amount of the annual commissions to these officers shall not exceed 6 monthly salaries.

Bonus for discretionary component

9.1.12 The CEO, Deputy CEO and other officers will be entitled to an annual bonus that will be determined by the compensation committee, while taking into consideration the officer's performance in that year. The criteria that will be used to determine the eligibility to a bonus in respect of this component will include, inter alia:

The person in charge's evaluation of the personal contribution of the officer to the Company's performance, achieving its objectives, maximizing its profits and its success.

The person in charge's evaluation of the quality of the officer's performance.

A material change in the duties of the officer.

The Company's need for retaining officers having special skills, knowledge or expertise.

Compliance with internal procedures, legal and/or regulatory objectives.

The officer's level of responsibility.

The qualitative evaluation will be performed by the person in charge of the officer. The qualitative evaluation of the CEO will be performed by the Company's Board of Directors and/or compensation committee.

9.1.13 The bonus in respect of this component shall not exceed 2 monthly salaries for the CEO and one monthly salary for the Deputy CEO and other officers.

Other bonus related terms

9.1.14 Subject to that mentioned in agreements that exist on the date of approving this policy, after receiving the compensation committee's recommendation, the Company's Board of Directors has the authority to reduce the variable compensation components mentioned above in this document, at its full and exclusive discretion, if the circumstances are found to justify such a reduction.

9.1.15 The compensation committee and Board of Directors are permitted to approve a proportionate bonus when employment is terminated during the year, insofar as the officer was not dismissed under circumstances justifying the non-payment of severance pay.

Payback of compensation granted on the basis of incorrect financial information (clawback)

9.1.16 An officer will be required to return to the Company any surplus amounts that he was paid as part of his employment terms, if they were paid on the basis of information that was found to be incorrect and was restated in the Company's financial statements over a three year period following the date of approving the bonus. It is clarified that restatement following a change in accounting policy or first time adoption of an accounting policy shall not result in the Company demanding from the officer to return amounts that were paid.

9.1.17 The amount of the surplus payments will be determined according to the difference between the amount that was actually received by the officer and the amount that would have been received according to the amended data restated in the Company's financial statements.

9.2.2 The Company reserves the right to grant to the officers restricted shares, options to ordinary shares and any other type of share-based payment, according to the equity compensation plans that were and will be adopted from time to time and subject to any relevant law.

9.2.3 If the Company should grant share-based compensation to an officer of the Company, the annual benefit in respect of this compensation will be subject to the ceilings described hereunder (for this purpose the annual benefit will not be defined according to accounting standards but will be the result obtained from dividing the economic value of the share-based compensation on its grant date by the number of years required for the share-based compensation to fully vest²):

-The Company's Chairman of the Board and President: the amount of the annual benefit in respect of the share-based compensation on the grant date shall not exceed 50% of the annual management fees of each one of these officers.

-The Deputy CEO and other officers: the amount of the annual benefit in respect of the share-based compensation on the grant date shall not exceed 20% of the annual salary cost.

9.2.4 A period of at least 3 years from the grant date will be required until the full vesting of the equity compensation granted to an officer, and the exercise period of the first portion will be no less than one year. In addition, the Company will be permitted to adopt a policy of annual grants with each portion vesting after two years.

9.2.5 The officer's eligibility to share-based compensation upon termination of the work relations will be in accordance with the definitions of the share-based compensation plans that were or will be adopted by the Company, with reference to the terms for such plans as they are accepted in the market.
