FOR IMMEDIATE RELEASE

Friday 2 July 2004

Jackson National Life sells Jackson Federal Bank to

Union Bank of California for \$305 million

Jackson National Life Insurance Company ("JNL") has entered into an agreement to
sell its subsidiary, Jackson Federal Bank ("JFB"), to Union Bank of California,
N.A. ("UBOC") for a consideration of \$305 million (GBP168 million). JFB's
principal area of business is banking and commercial real estate lending, which
is no longer aligned with JNL's distribution and product strategy.

JNL acquired First Federal Savings and Loan Association of San Bernardino, as it

was then known, in November 1998. Renamed Jackson Federal Bank, it made a number of further acquisitions between 1999 and 2002 to extend its retail branch network and lending platform bringing the total investment to \$149 million (GBP82 million). By the end of 2003, it had increased customer assets from \$119 million in 1998 to \$1.8 billion.

The consideration receivable by JNL is \$167.75 million (GBP92 million) in cash and \$137.25 million (GBP75 million) in shares of UnionBanCal Corporation, the parent company of UBOC. Further details of the consideration are given in the Notes to Editors.

Clark Manning, Chief Executive Officer of JNL, said: "This deal represents a good return on our original investment and a great opportunity for JFB to increase its customer base and expand the range of products and services it offers to its customers. JFB is an excellent banking operation with a great team of people, and will complement Union Bank's existing operations."

The sale is conditional upon, inter alia, regulatory approvals and is expected to complete in the fourth quarter of 2004. As part of this transaction, Lehman Brothers served as exclusive financial consultant to Jackson National Life.

The capital received as a result of the sale will be redeployed to support further growth in Prudential's core businesses.
