Notes about Hanson:

1. Hanson is one of the world's leading heavy building materials companies. It is the largest producer of aggregates - crushed rock, sand and gravel - and one of the largest producers of concrete products, clay bricks and ready-mixed concrete in the world. Its other principal products include asphalt and concrete roof tiles and its operations are in North America, the UK, Australia, Asia Pacific and Continental Europe.
2. Hanson operates through six divisions: Hanson Aggregates North America, Hanson Building Products North America, Hanson Aggregates UK, Hanson Building Products UK, Hanson Australia & Asia Pacific and Hanson Continental Europe.
3. Register for Hanson's e-mail distribution service for press releases and notification of the publication of corporate reports via www.hanson.biz.
4. High-resolution Hanson images for editorial use are available from <http://www.hanson.biz/> and from www.pixmedia.co.uk/30/company.

Forward-looking statements made in this press release involve risks and uncertainties that could cause actual results to differ materially from those contemplated by such statements. Factors that could cause such differences are set out in detail in Hanson's Annual Report and Form 20-F and include, but are not limited to, changes in economic conditions; changes in governmental policy or legislation that could effect regulatory compliance and other operating costs especially in the USA, the UK and Australia; changes in governmental policy or legislation relating to public works expenditure and housing; potential liabilities arising out of former businesses and activities; our inability to achieve success in our acquisition strategy; the competitive market in which we operate; disruption to, or increased costs of, the supply of raw materials, energy and fuel to our business; inclement weather conditions; exchange rate fluctuations; and ineffective implementation of computer software systems. Hanson undertakes no obligation to update or revise publicly such forward looking statements, whether as a result of new information, future events or otherwise.
