Related parties

UK Government

On 1 December 2008, the UK Government through HM Treasury became the ultimate controlling party of The Royal Bank of Scotland Group plc. The UK Government's shareholding is managed by UK Financial Investments Limited, a company wholly owned by the UK Government. As a result, the UK Government and UK Government controlled bodies became related parties of the Group.

The Group enters into transactions with many of these bodies on an arm's length basis. The principal transactions during 2014, 2013 and 2012 included: Bank of England facilities and the issue of debt guaranteed by the UK Government discussed below and the Asset Protection Scheme which the Group exited on 18 October 2012 having paid total premiums of £2.5 billion. In addition, the redemption of non-cumulative sterling preference shares and the placing and open offer in April 2009 was underwritten by HM Treasury and, in December 2009, B shares were issued to HM Treasury and a contingent capital agreement concluded with HM Treasury (see Note 27). Other transactions include the payment of: taxes principally UK corporation tax (page 373) and value added tax; national insurance contributions; local authority rates; and regulatory fees and levies (including the bank levy (page 363) and FSCS levies (page 429)) together with banking transactions such as loans and deposits undertaken in the normal course of banker-customer relationships.

Bank of England facilities

The Group may participate in a number of schemes operated by the Bank of England in the normal course of business.

Members of the Group that are UK authorised institutions are required to maintain non-interest bearing (cash ratio) deposits with the Bank of England amounting to 0.18% of their eligible liabilities in excess of £600 million. They also have access to Bank of England reserve accounts: sterling current accounts that earn interest at the Bank of England Rate.

National Loan Guarantee Scheme

The Group participated in the National Loan Guarantee Scheme (NLGS), providing loans and facilities to eligible customers at a discount of one percent. It did not issue any guaranteed debt under the scheme and consequently, it was not committed to providing a particular volume of reduced rate facilities. At 31 December 2014, the Group had no amounts outstanding under the scheme (2013 - nil; 2012 - £898 million). The NLGS was superseded by the Funding for Lending Scheme.

The Funding for Lending Scheme

The Funding for Lending Scheme was launched in July 2012. Under the scheme UK banks and building societies are able to borrow UK treasury bills from the Bank of England at a price that depends on the participant's net lending to the UK non-financial sector. As at 31 December 2014, the Group had no amounts outstanding under the scheme (2013 - nil; 2012 - £749 million).

Other related parties

(a) In their roles as providers of finance, Group companies provide development and other types of capital support to businesses. These investments are made in the normal course of business and on arm's length terms. In some instances, the investment may extend to ownership or control over 20% or more of the voting rights of the investee company. However, these investments are not considered to give rise to transactions of a materiality requiring disclosure under IAS 24.

(b) The Group recharges The Royal Bank of Scotland Group Pension Fund with the cost of administration services incurred by it. The amounts involved are not material to the Group.

(c) In accordance with IAS 24, transactions or balances between Group entities that have been eliminated on consolidation are not reported.

(d) The captions in the primary financial statements of the parent company include amounts attributable to subsidiaries. These amounts have been disclosed in aggregate in the relevant notes to the financial statements.
