ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

Alliance HealthCard, Inc. specializes in creating, marketing and distributing value added healthcare savings programs, services, and products. Alliance gives individuals and families access to healthcare providers offering up to 16 major healthcare services at significantly discounted fees for a low annual fee. Alliance markets to predominantly underserved markets where individuals either have limited health benefits, or no insurance. Results of Operations

Three Months Ended June 30, 2004, Compared to Three Months Ended June 30, 2003

Net revenues for the Company decreased to \$962,737 for the three months ended June 30, 2004 from \$1,151,885 for the three months ended June 30, 2003. The decrease is primarily attributable to a decline of card revenue related to the CVS Pharmacy, Inc. contract for the quarter ended June 30, 2004.

Gross profit increased \$221,718 to \$666,175 for the three months ended June 30, 2004 from \$444,457 for the same prior year period. The increase in gross profit was primarily attributable to a reduction of network expense due to a change in a majority of the Company's networks. The change resulted in lower monthly fees and also increased the number of providers available to card members. In addition to a change in networks, there was also a decrease of implementation expense for the State Farm Mutual Automobile Insurance Company. For total contract implementation costs in excess of \$5,000, the Company records that expense over the first twelve-month term of the contract. The first twelve-month term of the State Farm contract ended on June 30, 2003.

Marketing and sales expenses decreased to \$49,571 for the three months ended June 30, 2004, from \$341,226 in the same prior year period. The decrease is due to a reduction of royalty expense resulting from an amendment to the CVS Pharmacy, Inc. contract in 2003.

The Company reported net income of \$255,691 for the three months ended June 30, 2004 compared to a net loss of \$258,844 for the same prior year period. The increase in net income was primarily attributable to the decline in the Company's network and royalty expenses as discussed above.

Table of Contents

Gross profit increased \$506,149 to \$1,903,057 for the nine months ended June 30, 2004 from \$1,396,908 for the same nine-month period in the prior year. The increase in gross profit was primarily attributable to a reduction of network expense due to a change in a majority of the Company's networks and a decline of implementation expense for the State Farm Mutual Automobile Insurance Company.

Marketing and sales expenses decreased to \$276,473 for the nine months ended June 30, 2004 from \$1,078,468 in the same prior year. The decrease is due to a reduction of royalty expense resulting from an amendment to the CVS Pharmacy, Inc. contract in 2003.

General and administrative expenses decreased to \$1,014,983 for the nine months ended June 30, 2004 from \$1,100,372 in the same prior year period. The decrease of \$85,389 was primarily attributable to the following: (a) compensation expense of \$77,970 resulting from a change in the Company's infrastructure, and (b) a decrease of \$7,419 for general office expenses primarily for telecommunication and other office expenses.

Other income decreased \$112,750 for the nine months ended June 30, 2004. The Company received reimbursement of expenses of \$112,750 for the same prior year period from CVS Pharmacy, Inc. related to a direct mail campaign. Interest expense slightly decreased by \$2,049.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

On November 19, 2003, Alliance filed a lawsuit against Medco Health Solutions, Inc. The lawsuit, styled Alliance HealthCard, Inc. v. Medco Health Solutions, Inc. was filed in the Superior Court of Gwinnett County, State of Georgia. The lawsuit alleged that Medco Health Solutions, Inc. had breached certain representations and warranties contained in that same contract and its addendums by failing to pay the Company the fees and/or rebates owed to the Company in excess of \$1,500,000. Alliance is seeking the following: (a) that this case be tried by a jury; (b) that the Plaintiff be awarded compensatory damages in an amount to be determined at trial by the jury; (c) Plaintiff be awarded punitive damages in an amount which in the eyes of the jury appear just and proper to deter similar future conduct by the Defendants; (d) the Plaintiff be awarded expenses of litigation including attorneys fees for the filing and prosecution of this action. The lawsuit is in an early procedural stage, however, and therefore it is not possible at this time to determine the outcome of the actions or the effect, if any, that their outcome may have on the Company's results of operations and financial condition. There can be no assurance that this litigation will not have a material adverse effect on the Company's results of operations and financial condition.
