Section 2 Financial Information

Item 2.04 Triggering Events That Accelerate or Increase Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

On August 25, 2004, our subsidiary, Liberty Electric PA, LLC (Liberty Electric), received a notice of sale of collateral (the Notice) from the lenders under its \$284 million credit agreement, of which \$262 million of debt is outstanding. The Notice relates to the foreclosure of Liberty Electric 's ownership interest in a subsidiary that owns a 530 megawatt combined cycle gas fired power generation facility (the Liberty Generating Station) and certain other collateral.

The Notice was issued pursuant to the pledge and security agreement that secures Liberty Electric 's obligations under its credit agreement. For information regarding the credit agreement and the events of default leading to the exercise of the lenders ' foreclosure rights, see notes 7(a) and 14(b) to the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2003, Note 12 to the consolidated financial statements in our Form 10-Q for the quarter ended March 31, 2004 and Note 12 to the consolidated financial statements in our Form 10-Q for the quarter ended June 30, 2004.

The foreclosure will not result in an event of default under any of our other debt agreements or otherwise have a material adverse impact on our continuing business and operations. Upon completion of the foreclosure proceedings, we will write-off the net book value of \$75 million as well as any goodwill allocable to the Liberty Generation Station. For additional information, reference is made to the press release of Reliant Energy, Inc. dated August 27, 2004, and a copy of the Notice, each of which is filed as an exhibit to this Form 8-K.

Item 2.06 Material Impairments.
