Item 1.01 Entry into a Material Definitive Agreement

On September 29, 2004, Red Hat, Inc., a Delaware company (the "Company") entered into a definitive Asset Purchase Agreement with Netscape Communications Corporation and America Online, Inc. to acquire substantially all of the assets of their former Netscape Security Solutions unit. The products to be acquired are derived from the former Netscape Enterprise Suite and include Netscape Directory Server and Netscape Certificate Management System. Red Hat plans to start marketing these products as part of its Open Source Architecture over the next 6 to 12 months.

Red Hat's acquisition of the Netscape Security Solutions assets is expected to be completed in Red Hat's third fiscal quarter of 2004. The aggregate purchase price payable by Red Hat upon completion of the acquisition is \$20.5 million in cash. An additional \$2.5 million would be payable by Red Hat contingent on certain future customer orders being placed on or before April 30, 2005. The acquisition is subject to customary conditions to closing but is not subject to any further Board or stockholder approvals of any of the parties.

A copy of the press release announcing the Asset Purchase Agreement is filed as Exhibit 99.1 to this report and incorporated herein by this reference.
