SPEEDCOM WIRELESS CORPORATION,

A Development Stage Enterprise

NOTES TO FINANCIAL STATEMENTS

1. Business

SPEEDCOM Wireless Corporation (SPEEDCOM or the Company) was incorporated in Florida on March 16, 1994 and reincorporated in Delaware on September 26, 2000. On December 10, 2003, SPEEDCOM sold its operating assets and transferred substantially all of its operating liabilities to P-com, Inc. (P-com). Subsequent to the sale, SPEEDCOM became a non-operating public shell company.

On January 1, 2004, the Company entered into a Development Stage Enterprise, due to the sale of its assets as discussed above. The company plans to operate as a Development Stage Enterprise while it explores other business opportunities.

2. Basis of Presentation

The accompanying financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosure normally included in annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations. The accompanying financial statements should be read in conjunction with SPEEDCOM 's annual financial statements and notes thereto included in SPEEDCOM 's Form 10-KSB for the year ended December 31, 2004.

In the opinion of management, the financial statements reflect all adjustments (consisting of only normal and recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows for those periods presented. Operating results for the three months ended March 31, 2005 are not necessarily indicative of the results that may be expected for the year ended December 31, 2005.

The accompanying financial statements are prepared on a going-concern basis, which assumes that SPEEDCOM will realize its assets and discharge its liabilities in the normal course of business. However, SPEEDCOM has no operations and its projected cash flows for 2005 are currently projected to be insufficient to discharge its remaining liabilities, without funding from other sources. These conditions raise substantial doubt as to the ability of SPEEDCOM to continue as a going concern.

Management 's plans for this uncertainty include curtailing expenses and raising additional capital from external sources. In addition, management intends to use their best efforts to continue as a separate public entity and identify a merger candidate. There can be no assurance that management will be successful in these plans. Accordingly, the accompanying financial statements do not include any adjustments that may arise from the uncertainty surrounding SPEEDCOM 's ability to continue as a going concern.

3. Summary of Significant Accounting Policies

Cash and Equivalents

The Company considers instruments having an original maturity of three months or less to be cash equivalents for purposes of the statement of cash flows.

Marketable Securities

SPEEDCOM accounts for marketable securities in accordance with SFAS No. 115 ACCOUNTING FOR CERTAIN INVESTMENTS IN DEBT AND EQUITY SECURITIES. SPEEDCOM (SFAS 115) determines the proper classification of all marketable securities as held-to-maturity, available-for-sale, or trading at the time of purchase,

Table of Contents

SPEEDCOM WIRELESS CORPORATION,

A Development Stage Enterprise

NOTES TO FINANCIAL STATEMENTS

and re-evaluates such classification as of each balance sheet date. Marketable securities at December 31, 2003 consisted of 63,500,000 shares of common stock of P-Com that were classified on that date as available-for-sale, and as a result were reported at fair value. Unrealized gains and losses were reported as a component of accumulated other comprehensive income (loss) in stockholders' equity.

Financial Instruments

SPEEDCOM's significant financial instruments include cash, accounts payable and notes payable. SPEEDCOM believes that the carrying value of financial instruments in the accompanying balance sheets approximate their respective fair values.

Income Taxes

SPEEDCOM follows the liability method of accounting for income taxes in accordance with SFAS No. 109, ACCOUNTING FOR INCOME TAXES (SFAS 109). Under SFAS 109, deferred income taxes are recorded based upon differences between the financial reporting and tax bases of assets and liabilities, and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to affect taxable income. Valuation allowances against the carrying value of net deferred tax assets are recorded when management determines that recoverability of such amounts is not reasonably assured.

Comprehensive Income (Loss)

Under SFAS No. 130, REPORTING COMPREHENSIVE INCOME (SFAS 130), SPEEDCOM is required to display comprehensive income and its components as part of our financial statements. The measurement and presentation of net income did not change. Comprehensive income comprises net income and other comprehensive income. Other comprehensive income includes certain changes in equity of SPEEDCOM that are excluded from net income. Specifically, SFAS 130 requires unrealized gains and losses on SPEEDCOM's available for sale investments, that were reported in stockholders' equity, to be included in accumulated other comprehensive income.

Stock Based Compensation

SPEEDCOM accounts for employee stock-based compensation using the intrinsic method in accordance with Accounting Principles Board No. 25, ACCOUNTING FOR STOCK ISSUED TO EMPLOYEES (APB 25), and related interpretations. Accordingly, in cases where exercise prices for stock option grants equal or exceed the trading market value of the stock at the date of grant, SPEEDCOM recognizes no compensation expense. In cases where exercise prices are less than the fair value of the stock at the date of grant, compensation is recognized

Edgar Filing: SPEEDCOM WIRELESS CORP - Form 10QSB

over the period of performance or the vesting period. SPEEDCOM accounts for non-employee stock-based compensation using the trading market price for common stock and the Black-Scholes valuation model for stock options and warrants, in accordance with SFAS No. 123, ACCOUNTING FOR STOCK BASED COMPENSATION (SFAS 123), as revised.

The following table reflects supplemental financial information related to stock-based employee compensation, as required by SFAS No. 148, ACCOUNTING FOR STOCK-BASED COMPENSATION TRANSITION AND DISCLOSURE (SFAS 148).

Table of Contents**SPEEDCOM WIRELESS CORPORATION,****A Development Stage Enterprise****NOTES TO FINANCIAL STATEMENTS**

Income (loss) attributable to common stockholders, as reported	\$ (68,966)	\$ (4,154,402)
Stock-based employee compensation costs that would have been included in the determination of net income (loss) if the fair value method (SFAS 123) had been applied to all awards		
Unaudited pro forma net income (loss) attributable to common stockholders, as if the fair value method had been applied to all awards	\$ (68,966)	\$ (4,154,402)
Net income (loss) attributable to common stockholders per common share, as reported	\$ (0.00)	\$ (0.05)
Unaudited pro forma net income (loss) attributable to common stockholders per common share, as if the fair value method had been applied to all awards	\$ (0.00)	\$ (0.05)

At March 31, 2005, SPEEDCOM had 3,000,000 shares of common stock reserved for issuance under employee incentive stock bonus, purchase or option plans. One plan, initiated in July 1998, reserved 2,000,000 shares, and another plan, initiated in September 2000, reserved 1,000,000 shares. Additional options of 874,892 are outstanding outside these two plans to former executive officers. All full time employees were eligible for both plans. Plan options have a term of 5 years and vest 25% annually on the employee's anniversary date over a four-year period. As of March 31, 2005 there were 2,713,000 shares unissued under both plans.

Employee stock option activity was as follows during the quarter ended March 31, 2005:

	Options	Weighted Average Exercise Price
Outstanding		
Outstanding 12/31/2003	1,161,892	\$ 2.65
Granted at market price		
Exercised		
Expired or cancelled		

Edgar Filing: SPEEDCOM WIRELESS CORP - Form 10QSB

Outstanding	December 31, 2004	1,161,892	\$	2.65
Granted at market price				
Exercised				
Expired or cancelled				
		<u> </u>	<u> </u>	
Outstanding	March 31, 2005	1,161,892	\$	2.65
		<u> </u>	<u> </u>	
Exercisable as of	March 31, 2005	1,161,892	\$	2.65
		<u> </u>	<u> </u>	

The range of exercise prices of outstanding options at March 31, 2005 is \$0.26 through \$3.23. The weighted average remaining contractual life of the options as of March 31, 2005 is 1.53 years.

Pro forma information regarding SPEEDCOM's stock option grants is presented above. The fair market value for these options was estimated at the date of grant using the Black-Scholes option-pricing model. In order to calculate the fair value, the following assumptions were made: the expected dividend payment rate used was zero, the

Table of Contents**SPEEDCOM WIRELESS CORPORATION,****A Development Stage Enterprise****NOTES TO FINANCIAL STATEMENTS**

expected option life used was five years, the volatility used was 1.26 and the risk free interest rate was assumed to be 2.96%. Because the options have a four-year vesting period, the pro forma effect shown is not reflective of the reported net earnings or losses in future years.

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the options vesting period.

Net Income (Loss) Per Share

SPEEDCOM has applied the provisions of SFAS No. 128, EARNINGS PER SHARE (SFAS 128), which establishes standards for computing and presenting earnings (loss) per share. Basic earnings (loss) per share are computed by dividing net earnings (loss) by the weighted average number of shares outstanding for the period. The calculation of diluted earnings per share includes the effect of dilutive common stock equivalents. No dilutive common stock equivalents existed in any year presented.

Use Of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

4. Accrued Expenses

A summary of accrued expenses at March 31, 2005 and December 31, 2004 is as follows:

	March 31,	December 31,
	2005	2004
Accrued interest	\$ 2,422	\$
Other	3,000	5,000
	\$ 5,422	\$ 5,000

5. Related Party Transactions

Due to Related Parties

During the three months ended March 31, 2005, certain of SPEEDCOM's shareholders loaned the Company an additional \$61,000 through the issuance of promissory notes bearing interest at 8% per annum. The balance due to shareholders at March 31, 2005 is \$141,000. The Company plans satisfy these outstanding obligations through the issuance of common stock, preferred stock, warrants or any combination thereof.

Related Party Interest Expense

Interest expense recorded during the three months ended March 31, 2005 and 2004 related to related party notes, loans and other balances amounted to approximately \$2,422 and \$3,040, respectively.

Table of Contents

SPEEDCOM WIRELESS CORPORATION,

A Development Stage Enterprise

NOTES TO FINANCIAL STATEMENTS

6. Stockholders Equity

These matters relate to common stock issuances and common stock warrant activity during the three months ended March 31, 2005:

In February 2005, SPEEDCOM converted \$21,338.97 of accounts payable into 2,133,897 shares of common stock. The Company recorded expense of \$21,340 related to the issuance of common stock.

In March 2005, SPEEDCOM converted its Series A warrants and Bridge Loan warrants into 2,720,945 restricted common shares through an exchange agreement with its Series A and Bridge Loan warrant holders, effectively eliminating all remaining derivative issued during SPEEDCOM's June and August 2001 private placement financings.

Non-employee Common Stock Warrants:

As of March 31, 2005 SPEEDCOM had 150,00 warrants outstanding with an exercise price of \$6.00 per share. The warrants expire on March 31, 2006.

Antidilution Provisions

Under the anti-dilution provisions of our preferred stock, if SPEEDCOM issues common stock or common stock equivalents at a purchase price, conversion price, or warrant or option exercise price that is less than the lesser of the current preferred stock conversion price of \$1.125 per share or the current market price, the conversion price of the preferred stock will be reduced using a customary weighted average basis formula. In February 2004, SPEEDCOM converted all of its 3,835,554 shares of preferred stock, dividends and registration penalty due to the preferred stockholders into 76,868,961 shares of SPEEDCOM common stock.

Under the anti-dilution provisions of 7,160,810 (as adjusted) warrants issued in August 2001, (1) the exercise price will be lowered to equal the purchase price, conversion price, or warrant or option exercise price for any common stock or common stock equivalent issued (other than to employees) at a purchase price, conversion price, or warrant or option exercise price less than the current per share exercise price of the applicable warrants (\$0.12 in the case of Series A Warrants), and (2) the number of warrants will be increased by the same percentage as the percentage by which the exercise price is reduced. Alternatively, (1) the exercise price will be reduced by the percentage by which the purchase price, conversion price, or warrant or option exercise price of any issued security (others than to employees) is less than the current market price of the common stock, and (2) the number of warrants will be increased by the same percentage as the percentage by which the exercise price is

Edgar Filing: SPEEDCOM WIRELESS CORP - Form 10QSB

reduced, if this formula results in a lower exercise price than the adjustment described in the preceding sentence. Similar anti-dilution provisions apply to outstanding warrants to acquire 1,002,026 shares of our common stock (as adjusted) at an exercise price of \$0.12 per share. In March 2005, the holders of these warrants agreed to exchange all of these warrants through the issuance of 2,720,945 shares of restricted common stock. The Company has no further obligation under these warrants.

7. Subsequent Events

In April 2005, certain of SPEEDCOM's shareholders loaned the Company an \$33,000 through the issuance of promissory notes bearing interest at 8% per annum.

Table of Contents

Item 2. Management's Discussion and Analysis

The discussion in this document contains trend analysis and other forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, that involve risks and uncertainties, such as statements concerning future operating results; developments in markets and strategic focus; and future economic, business and regulatory conditions. Such forward-looking statements are generally accompanied by words such as plan, estimate, expect, believe, should, would, could, anticipate, may and other words that convey uncertainty of future events or outcomes. These forward-looking statements and other statements made elsewhere in this report are made in reliance on the Private Securities Litigation Reform Act of 1995.

The quarterly financial statements are prepared on a going-concern basis, which assumes that SPEEDCOM will realize its assets and discharge its liabilities in the normal course of business. As reflected in the accompanying financial statements, SPEEDCOM incurred operating losses of approximately \$51,000 for the three months ended March 31, 2005 and anticipates that it will continue to incur losses until a merger candidate is identified and SPEEDCOM assumes its operations. In addition, SPEEDCOM's cash flows for the remainder of 2005 are currently projected to be insufficient to finance SPEEDCOM, without funding from other sources. These conditions raise substantial doubt as to the ability of SPEEDCOM to continue its normal business as a going concern.

Management's plans for this uncertainty include curtailing expenses and raising additional capital from external sources. In addition, management intends to use their best efforts to continue as a separate public entity and identify a merger candidate. There can be no assurance that management will be successful in these plans. Accordingly, the accompanying financial statements do not include any adjustments that may arise from the uncertainty surrounding SPEEDCOM's ability to continue as a going concern.

Results of Operations

Three Months Ended March 31, 2005 and March 31, 2004

General and Administrative Expenses decreased to \$25,143 for the three months ended March 31, 2005 from \$125,865 for the three months ended March 31, 2004. The decrease in expenses in the 2005 period represents lower costs for consulting, legal and accounting expenses due to reduced efforts and decreased activities.

Interest expense decreased to \$2,422 for the three months ended March 31, 2005 from \$3,040 for the three months ended March 31, 2004. Interest expense in both periods is related to shareholder notes that were outstanding in the periods.

During the quarter ended March 31, 2005, the Company valued the issuance of the shares underlying the exchange of its Series A and Bridge Loan Warrants for 2,720,945 shares of restricted common stock for \$51,042.

Gain on extinguishments of debt decreased to \$9,641 for the three months ended March 31, 2005 from \$297,643 for the three months ended March 31, 2004. The decrease in the 2005 period is related to the efforts of the Company to reduce the historical accounts payable through

Edgar Filing: SPEEDCOM WIRELESS CORP - Form 10QSB

negotiations and issuance of common stock in exchange for payment.

In the quarter ended March 31, 2004, realized loss on marketable securities amounted to approximately \$4,328,000. This loss is due to the market price decline of P-Com common stock from \$0.15 from the date of the asset sale to \$0.08 on the date of the dividend distribution and an average of \$0.07 on the various dates of sale of P-Com common stock made by SPEEDCOM in order to generate cash for the remaining overhead expenses of the company.

Net loss per common share decreased to \$69,966 for the three months ended March 31 2005 from \$4,154,402 for the three months ended March 31, 2004. The decrease in the 2005 period is related primarily to non-recurring expenses in the 2004 period, as described above.

SPEEDCOM recorded an unrealized loss on its investment of approximately \$140,000 on 1,755,144 shares of P-Com stock based on the decline in market value from \$0.14 per share as of December 31, 2003 to \$0.06 per share as of March 31, 2004.

Table of Contents

Taxes

At March 31, 2005, SPEEDCOM had net operating loss carryforwards (NOLs) for federal income tax purposes of approximately \$22,000,000. The NOLs expire at various dates through the year 2024. Utilization of SPEEDCOM's net operating loss may be subject to substantial annual limitation due to the ownership change limitations provided by the Internal Revenue Code and similar state provisions. Such annual limitation could result in the expiration of the net operating loss before utilization.

SPEEDCOM utilized net tax operating loss carry forwards to offset regular Federal and State taxable income for the year ended December 31, 2004. The net tax asset associated with the net operating loss carry forwards had been fully reserved in previous reporting periods and, accordingly, there were no income taxes for the year ended December 31, 2004. For purposes of Federal Alternative Minimum Taxes (AMT), the utilization of AMT net operating loss carry forwards is generally limited to ninety percent of AMT taxable income. However, at the time of filing, SPEEDCOM intended to qualify the sale to P-Com as a tax-free reorganization under Internal Revenue Code Section 368(a)(1)(C). Certain future actions by management may disqualify SPEEDCOM's ability to effect this exemption. If any such disqualifying actions are taken in future reporting periods, it is reasonably possible that SPEEDCOM may incur an AMT of approximately \$175,000. While management is currently reviewing all actions available to SPEEDCOM, no such actions that would disqualify the P-Com transaction as a tax-free reorganization are currently probable.

Liquidity and Capital Resources

SPEEDCOM's financial statements are prepared on a going-concern basis, which assumes that SPEEDCOM will realize its assets and discharge its liabilities in the normal course of business. However, SPEEDCOM's cash flows for 2005 are currently projected to be insufficient to finance projected operations, without funding from other sources. These conditions raise substantial doubt as to the ability of SPEEDCOM to continue as a going concern.

Management's plans for this uncertainty include curtailing expenses and raising additional capital from external sources. Management will also liquidate some or all of the P-Com common stock. In addition, management intends to use their best efforts to continue as a separate public entity and identify a merger candidate. There can be no assurance that management will be successful in these plans. Accordingly, the accompanying financial statements do not include any adjustments that may arise from the uncertainty surrounding SPEEDCOM's ability to continue as a going concern.

During the three months ended March 31, 2005, SPEEDCOM used approximately \$53,000 of cash for operating activities. This was primarily due to SPEEDCOM's operating loss that amounted to approximately \$25,000 for the three months ended March 31, 2005 and gain on conversion of accounts payable, accrued expenses and notes into common stock, partially offset by and the loss on marketable securities of approximately \$30,980 and non-cash expenses related to the issuance of common stock in exchange for warrants of approximately \$51,000. Cash provided by investing activities amounted to approximately \$61,000 for the three months ended March 31, 2005. SPEEDCOM does not have any commitments for capital expenditures or leasing commitments in the future. As of March 31, 2005, SPEEDCOM had cash of approximately \$13,200. In May 2005, certain SPEEDCOM investors advanced funds in the amount of \$33,000 in exchange for loans.

Item 3. Controls and Procedures

Edgar Filing: SPEEDCOM WIRELESS CORP - Form 10QSB

As required by Rule 13a-15 under the Securities Exchange Act of 1934, as of the end of the period covered by this report, SPEEDCOM carried out an evaluation of the effectiveness of the design and operation of SPEEDCOM's disclosure controls and procedures. This evaluation was carried out under the supervision and with the participation of SPEEDCOM's management, including SPEEDCOM's Chief Financial Officer, who concluded that SPEEDCOM's disclosure controls and procedures are effective. There have been no significant changes in SPEEDCOM's internal controls or in other factors, which could significantly affect internal controls subsequent to the date SPEEDCOM carried out its evaluation.

Table of Contents

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in SPEEDCOM's reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in SPEEDCOM's reports filed under the Exchange Act is accumulated and communicated to management, including SPEEDCOM's Chief Financial Officer, to allow timely decisions regarding required disclosure

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

We are engaged from time to time in legal proceedings, none of which are expected to have a material effect on our business.

Item 2. Recent Sales of Unregistered Securities

During the three months ended March 31, 2005, SPEEDCOM sold the following securities, which were not registered under the Securities Act. The purchases and sales were exempt pursuant to Section 4(2) of the Securities Act (and/or Regulation D promulgated thereunder) as transactions by an issuer not involving a public offering, where the purchasers represented their intention to acquire the securities for investment only, not with a view to distribution, and received or had access to adequate information about the registrant.

None.

Item 4. Submission of Matters to a Vote of Security Holders

None.

Item 6. Exhibits

- (a) Exhibits

The exhibits in the accompanying Exhibit Index are filed as part of this Quarterly Report on Form 10-QSB.

Edgar Filing: SPEEDCOM WIRELESS CORP - Form 10QSB

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
