Ottawa Savings Bank and Subsidiary

Notes to Unaudited Consolidated Financial Statements

NOTE 1 NATURE OF BUSINESS

Ottawa Savings Bancorp, Inc. is the federally chartered savings and loan holding company of Ottawa Savings Bank (the Bank) and was formed upon completion of the Bank's reorganization from a mutual to stock form of organization on July 5, 2005. As of June 30, 2005, Ottawa Savings Bancorp, Inc. had not been formed and, therefore, no financial statements are included herein.

The Bank is a community and customer oriented mutual savings bank organized under the laws of the State of Illinois. The Bank's business has historically consisted of attracting deposits from the general public and using those funds to originate one- to four-family residential loans, consumer loans and other loans. The Bank completed its plan of conversion on July 5, 2005 (see Note 5), and upon which the Bank converted from an Illinois-chartered mutual savings bank to a federally-chartered mutual savings bank. The Bank completed its reorganization on that same date, pursuant to which the Bank converted from a federally-chartered mutual savings bank to a federally-chartered stock savings bank, all of the outstanding stock of which was issued to Ottawa Savings Bancorp, Inc. As part of the reorganization, Ottawa Savings Bancorp, Inc. issued 1,001,210 shares to the public and 1,223,701 shares to Ottawa Savings Bancorp, MHC.

NOTE 2 BASIS OF PRESENTATION

The consolidated financial statements presented in this quarterly report include the accounts of the Bank. The consolidated financial statements of the Bank have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) for interim financial information and predominant practices followed by the financial services industry, and are unaudited. Interim statements are subject to possible adjustment in connection with the annual audit of the Bank. In the opinion of the Bank's management, all adjustments, consisting of normal recurring adjustments, which the Bank considers necessary to fairly state the Bank's financial position and the results of operations and cash flows have been recorded. The interim financial statements should be read in conjunction with the audited financial statements and accompanying notes of the Bank for the year ended December 31, 2004. The results of the Bank's operations for any interim period are not necessarily indicative of the results of the Bank's operations for any other interim period or for a full fiscal year.

NOTE 3 USE OF ESTIMATES

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts reported in the consolidated financial statements. Changes in these estimates and assumptions are considered reasonably possible and may have a material impact on the consolidated financial statements and thus actual results could differ from the amounts reported and disclosed herein.

At June 30, 2005, there were no material changes in the Bank's significant accounting policies or critical accounting estimates from those disclosed in the Registration Statement on Form SB-2, as amended, initially filed with the Securities and Exchange Commission on March 18, 2005 and declared effective on May 16, 2005 (File Number 333-123455).

NOTE 4 CRITICAL ACCOUNTING ESTIMATES

We consider accounting policies involving significant judgments and assumptions by management that have, or could have, a material impact on the carrying value of certain assets or income to be critical accounting policies. We consider the allowance for loan losses, market value of investment securities available for sale and the liability for postretirement benefits to be our critical accounting policies.

Table of Contents

Ottawa Savings Bank and Subsidiary

Notes to Unaudited Consolidated Financial Statements

(continued)

Allowance for Loan Losses. The allowance for loan losses is an amount necessary to absorb known or inherent losses that are both probable and reasonably estimable and is established through a provision for loan losses charged to earnings. Loan losses are charged against the allowance when management believes the uncollectibility of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance. The allowance for loan losses is evaluated on a regular basis by management and is based upon management's periodic review of the collectibility of the loans in light of historical experience, the nature and volume of the loan portfolio, adverse situations that may affect each borrower's ability to repay, estimated value of any underlying collateral and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

Market value of investment securities available for sale. Market values for investment securities are provided monthly by a third party service provider. Management is also responsible for evaluating all investments with unrealized losses on a regular basis to determine whether investments with unrealized losses should be written down to realizable amounts. Management evaluates securities for other-than-temporary impairment at least on a quarterly basis, and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) our intent and ability to retain our investment in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value.

Liability for post retirement benefits. The liability for post retirement benefits was estimated based upon an actuarial report obtained by bank management from an experienced, third party actuary. Assumptions used by the actuary in the calculation include discount rates, current and future health care costs, life expectancies, and employee years of service.

NOTE 5 ADOPTION OF PLAN OF CONVERSION

On January 20, 2005, the Board of Directors of the Bank unanimously adopted a plan of conversion, under which the Bank will be converted from an Illinois chartered mutual savings bank to a Federally chartered mutual savings bank. Pursuant to the Bank's plan of reorganization, the Bank will convert from a Federally chartered mutual savings bank to a Federally chartered stock savings bank. All of the common stock of the Bank following the reorganization will be held by Ottawa Savings Bancorp, Inc. The members of the Bank approved the plan of conversion at a meeting held on May 5, 2005. The members of the Bank approved the plan of reorganization at a meeting held on June 28, 2005.

In adopting the plan, the Board of Directors of the Bank determined that the conversion was advisable and in the best interests of its members and the Bank and that the conversion would not have any adverse impact on the reserves and net worth of the Bank.

The conversion was completed on July 5, 2005 when the Company issued 1,001,210 shares of common stock to the public resulting in \$10,012,100 of gross proceeds. An additional 1,223,701 shares were issued to the mutual holding company formed as part of the reorganization, Ottawa Savings Bancorp, MHC. Costs to complete the stock offering of \$846,886 were deducted from the gross proceeds of the offering.

NOTE 6 INVESTMENT SECURITIES

Securities with gross unrealized losses at June 30, 2005.

Months to Maturity	< 12 months		> 12 months		Total	
	Unrealized losses	Fair Value	Unrealized losses	Fair Value	Unrealized losses	Fair Value
Available for Sale						
U.S. Treasury and Agency Securities	\$ 29,085	\$ 4,967,947	\$ 49,097	\$ 3,600,903	\$ 78,182	\$ 8,568,850
Mortgage-Backed Securities	\$ 122,639	\$ 10,235,180	\$ 49,805	\$ 2,747,051	\$ 172,444	\$ 12,982,231
Total	\$ 151,724	\$ 15,203,127	\$ 98,902	\$ 6,347,954	\$ 250,626	\$ 21,551,081
Held to Maturity						
Mortgage-Backed Securities	\$	\$	\$ 84,850	\$ 1,076,985	\$ 84,850	\$ 1,076,985
Total	\$	\$	\$ 84,850	\$ 1,076,985	\$ 84,850	\$ 1,076,985

Management evaluates securities for other-than-temporary impairment at least on a quarterly basis, and more frequently when economic concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of the Bank to retain its investment in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value.

The unrealized losses at June 30, 2005 relate principally to interest rates relative to the market. In analyzing an issuer's financial condition, management considers whether the securities are issued by the federal government or its agencies, whether downgrades by bond rating agencies have occurred, and industry analysts' reports. As management has the ability to hold debt securities until maturity, or for the foreseeable future if classified as available for sale, no declines are deemed to be other than temporary.

NOTE 7 ASSET QUALITY

Edgar Filing: Ottawa Savings Bancorp, Inc. - Form 10QSB

The following is a summary of information pertaining to impaired and non-accrual loans:

	At June 30, 2005	At December 31, 2004
Impaired loans with a valuation allowance	\$ 39,155	\$ 3,097
Total impaired loans	\$ 39,155	\$ 3,097
Valuation allowance related to impaired loans	\$ 5,874	\$ 464
Total non-accrual loans	\$ 1,380,209	\$ 623,601

On the basis of management's review of its assets, at June 30, 2005 and December 31, 2004 we had classified \$575,640 and \$433,646, respectively, of our assets as special mention and \$262,263, and \$150,403, respectively, of our assets as substandard. None of our assets were classified as doubtful or loss.

The loan portfolio is reviewed on a regular basis to determine whether any loans require classification in accordance with applicable regulations. Not all non-performing assets are classified assets.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

FORWARD-LOOKING INFORMATION

Statements contained in this report that are not historical facts may constitute forward-looking statements (within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended), which involve significant risks and uncertainties. The Bank intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and is including this statement for purposes of invoking these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe future plans, strategies and expectations of the Bank, are generally identifiable by the use of the words "believe," "expect," "intend," "anticipate," "estimate," "project," "plan," or similar expressions. The Bank's ability to predict results or the actual effect of future strategies is inherently uncertain and actual results may differ from those predicted. The Bank undertakes no obligation to update these forward-looking statements in the future. The Bank cautions readers of this report that a number of important factors could cause the Bank's actual results subsequent to June 30, 2005 to differ materially from those expressed in forward-looking statements. Factors that could cause actual results to differ from those predicted and could affect the future prospects of the Bank include, but are not limited to, fluctuations in market rates of interest and loan and deposit pricing, changes in the securities or financial market, a deterioration of general economic conditions either nationally or in our market areas, delays in obtaining the necessary regulatory approvals, our ability to consummate proposed transactions in a timely manner, legislative or regulatory changes that adversely affect our business, adverse developments or changes in the composition of our loan or investment portfolios, significant increases in competition, changes in real estate values, difficulties in identifying attractive acquisition opportunities or strategic partners to complement our banking approach and the products and services the Bank offers, the possible dilutive effect of potential acquisitions or expansion, and our ability to raise new capital as needed and the timing, amount and type of such capital raises. These risks and uncertainties should be considered in evaluating forward-looking statements.

GENERAL

Edgar Filing: Ottawa Savings Bancorp, Inc. - Form 10QSB

During the period from March 2000 until April 2004, as part of our investment activities, the Bank purchased loan participations from CLC of Oak Brook, Illinois. In April 2004, the Bank was informed by its regulators, the FDIC and Illinois Office of Banks and Real Estate (OBRE), that CLC had misappropriated funds from loans it was servicing for others. At that time, the Bank had 39 outstanding loan participations with CLC in the aggregate amount of approximately \$15 million. In May 2004, CLC filed for bankruptcy protection under Chapter 11 of the U.S. Bankruptcy Code. In December 2004, CLC 's remaining assets were transferred to the CLC Creditors Trust.

In December 2004, the Bank received a payment of \$5.6 million in cash and loans from the CLC Creditors Trust. This payment included \$784,000 in residential condominium loans, \$2.5 million in commercial real estate loans, \$518,000 in commercial lines of credit, \$153,000 in residential real estate loans and \$1.6 million in cash. Although the Bank has retained certain unsecured claims against the CLC Creditors Trust, the Bank has written off the remaining \$9.3 million of the Bank 's investment in the CLC loan participations. The Bank 's financial results reflect these losses in the years in which they occurred.

Table of Contents

COMPARISON OF FINANCIAL CONDITION AT JUNE 30, 2005 AND DECEMBER 31, 2004

The Bank's total assets increased \$13.9 million, or 8.20%, to \$183.2 million at June 30, 2005, from \$169.3 million at December 31, 2004. The increase reflected growth in securities available for sale of \$7.1 million and an increase in cash and cash equivalents of \$5.4 million, funded by an increase in deposits from depositors in anticipation of their purchase of stock in the initial public offering of Ottawa Savings Bancorp, Inc.

Cash and cash equivalents increased \$5.4 million to \$10.4 million at June 30, 2005 from \$5.0 million at December 31, 2004, and these funds were reinvested in loans and available for sale securities in accordance with the Bank's policy of maximizing its return on assets.

Securities available for sale increased \$7.1 million, or 23.07%, to \$37.7 million at June 30, 2005 from \$30.6 million at December 31, 2004. The increase was the result of investment of additional funds available from the increase in customer deposits in anticipation of the initial public offering of Ottawa Savings Bancorp, Inc.

Loans increased \$2.1 million, or 1.82%, to \$116.9 million at June 30, 2005, from \$114.8 million at December 31, 2004. The increase in loans was the result of normal activity in our loan portfolio.

Total deposits increased \$13.3 million, or 8.50%, to \$170.0 million at June 30, 2005, from \$156.7 million at December 31, 2004. The increase reflected additional customer deposits made in anticipation of participating in the initial public offering of Ottawa Savings Bancorp, Inc.

Equity increased \$422,000, or 3.84%, to \$11.4 million at June 30, 2005, from \$11.0 million at December 31, 2004. This increase in equity reflects net income for the six months ended June 30, 2005 of \$504,000 offset by a decrease in other comprehensive income of \$82,000 for the same period, which was due to the change in value of the available for sale securities portfolio triggered by an increase in interest rates.

COMPARISON OF RESULTS OF OPERATION FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2005 AND 2004.

Net Income. The Bank had net income of \$504,000 for the six months ended June 30, 2005, compared to a net loss of \$4.2 million for the six months ended June 30, 2004. The increase in net income was principally the result of a \$7.4 million decrease in our provision for loan losses due to the provision recorded in the first half of 2004 as a result of the CLC loans. The Bank had net income of \$325,000 for the three months ended June 30, 2005, compared to a net loss of \$963,000 for the three months ended June 30, 2004. The increase in net income was principally the result of a \$1.9 million decrease in our provision for loan losses due to the provision recorded in the second quarter of 2004 as a result of the CLC loans.

Interest and Dividend Income. Interest and dividend income increased \$258,000, or 6.17%, to \$4.4 million for the six months ended June 30, 2005. This increase in interest and dividend income was primarily due to an increase in the average yield on interest earning assets to 5.59% from 5.36%, and an increase of \$2.8 million in average interest earning assets to \$158.9 million from \$156.1 million for the six months ended June 30, 2005 compared to the same period in 2004. Interest and dividend income increased \$266,000, or 13.30%, to \$2.3 million for the three months ended June 30, 2005. This increase in interest and dividend income was primarily due to an increase in the average yield on interest

Edgar Filing: Ottawa Savings Bancorp, Inc. - Form 10QSB

earning assets to 5.62% from 5.51%, and an increase of \$2.8 million in average interest earning assets to \$161.4 million from \$158.6 million for the three months ended June 30, 2005 compared to the same period in 2004.

Interest Expense. Interest expense increased \$220,000, or 10.97%, to \$2.2 million for the six months ended June 30, 2005, from \$2.0 million for the six months ended June 30, 2004. This increase in interest expense reflects an increase of \$7.3 million in average deposits, and an increase in the cost of deposits to 2.93% from 2.78% for the six months ended June 30, 2005 compared to the same period in 2004. Interest expense increased \$146,000, or 14.65%, to \$1.1 million for the three months ended June 30, 2005, from \$1.0 million for the three months ended June 30, 2004. This increase in interest expense reflects an increase of \$13.8 million in average deposits, and an increase in the cost of deposits to 2.85% from 2.72% for the three months ended June 30, 2005 compared to the same period in 2004.

Net Interest Income. Net interest income increased \$39,000, or 1.76%, to \$2.2 million for the six months ended June 30, 2005, from \$2.2 million for the six months ended June 30, 2004. This increase in net interest income reflects a 0.08% increase in our net interest rate spread to 2.66% from 2.58% for the six months ended June 30, 2005

Table of Contents

compared to the same period in 2004. Net interest income increased \$120,000, or 11.97%, to \$1.1 million for the three months ended June 30, 2005, from \$1.0 million for the three months ended June 30, 2004. For the three months ended June 30, 2005 our net interest income increased primarily as a result of the bank receiving \$5.6 million in cash and loans from the CLC Creditors Trust. For the same period ended June 30, 2004 the CLC loans were on non accrual status and as a result our net interest income increased even though our net interest rate spread for the three months ended June 30, 2005 decreased to 2.77% from 2.79%. The ratio of interest-earning assets to interest-bearing liabilities decreased to 104.94% for the six months ended June 30, 2005 and to 100.70% for the three months ended June 30, 2005 from 108.30% and 108.31% for the same periods in 2004

Provision for Loan Losses. For the six months ended June 30, 2005 management made no additions to the provision for loan losses. Management reduced the provisions for loan losses by \$22,500 for the three months ended June 30, 2005. Management established a loss provision for the three months ended June 30, 2004 of \$1.9 million based on the amount of CLC loans that were in the loan portfolio at June 30, 2004 as well as a general review of the portfolio on such date. The additional provision increased the total provision for the six months ended June 30, 2004 to \$7.4 million. Management believes that the allowance as of June 30, 2005 is maintained at a level that represents its best estimate of inherent losses in the loan portfolio that were both probable and reasonably estimable.

Other Income. Other income increased \$66,000, or 68.06%, to \$164,000 for the six months ended June 30, 2005, from \$98,000 for the six months ended June 30, 2004. Other income increased \$69,000, or 126.98%, to \$124,000 for the three months ended June 30, 2005, from \$55,000 for the three months ended June 30, 2004. The increase was primarily the result of the Bank receiving reimbursement of organization expenses for the CLC Creditors Trust in the amount of \$74,000.

Other Expenses. Other expenses increased \$366,000, or 29.78%, to \$1.6 million for the six months ended June 30, 2005 from \$1.2 million for the six months ended June 30, 2004. Other expenses increased \$139,000, or 22.09%, to \$770,000 for the three months ended June 30, 2005 from \$630,000 for the three months ended June 30, 2004. The increases were primarily due to increases in fees for audit, accounting, and compliance, and legal fees of \$207,000 for the six months ended June 30, 2005, and \$42,000 for the three months ended June 30, 2005, caused by matters relating to the CLC loans and the audit of our 2004 and 2003 financial statements. For the six month period ended June 30, 2005, salaries and employee benefits increased \$91,000 to \$779,000 from \$688,000 compared to the six month period ended June 30, 2004. For the three month period ended June 30, 2005, salaries and employee benefits increased \$61,000 to \$410,000 from \$339,000 for the three month period ended June 30, 2004. The increases in salaries and employee benefits was the result of the Bank accruing for its Incentive Compensation Plan and increases in the cost of the Defined Benefit Retirement Plan.

Income Taxes. Income tax expense was \$289,000 for the six months ended June 30, 2005, compared to an income tax benefit of \$2.1 million for the same period in 2004. Income tax expense was \$178,000 for the three months ended June 30, 2005, compared to an income tax benefit of \$496,000 for the same period in 2004. The income tax expense/benefit is a direct result of the pre tax income/loss for the applicable period. The effective tax rate for the six months ended June 30, 2005 and 2004 was 36.42% and 34.00%, respectively. The effective tax rate for the three months ended June 30, 2005 and 2004 was 35.36% and 34.00%, respectively.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity. Liquidity management for the Bank is measured and monitored on both a short- and long-term basis, allowing management to better understand and react to emerging balance sheet trends. After assessing actual and projected cash flow needs, management seeks to obtain funding at the most economical cost to the Bank. Our primary sources of funds are deposits, amortization, prepayments and maturities of outstanding loans and mortgage-backed and related securities, and other short term investments, and funds provided from operations. While scheduled payments from amortization of loans and mortgage-backed related securities and maturing investment securities and short term investments are relatively predictable sources of funds, deposit flows and loan prepayments are greatly influenced by general interest rates,

Edgar Filing: Ottawa Savings Bancorp, Inc. - Form 10QSB

economic conditions and competition. We invest excess funds in short-term interest-earning assets, which enable us to meet lending requirements. We utilize Federal Home Loan Bank advances as needed. There were no Federal Home Loan Bank advances at June 30, 2005 and \$1.3 million at June 30, 2004.

At June 30, 2005 Ottawa Savings Bank had outstanding commitments to originate \$5.4 million in loans. In addition, as of June 30, 2005, the total amount of certificates of deposit that were scheduled to mature in the following 12 months was \$63.5 million. Ottawa Savings Bank believes that it has adequate resources to fund all of

Table of Contents

its commitments and that it can adjust the rate on certificates of deposit to retain deposits in changing interest rate environments. If Ottawa Savings Bank requires funds beyond its internal funding capabilities, advances from the Federal Home Loan Bank of Chicago are available as an additional source of funds. As of June 30, 2005 Ottawa Savings Bank had \$42.1 million of available credit from the Federal Home Loan Bank of Chicago.

From December 31, 2004 through June 30, 2005, we received proceeds of \$5.0 million from maturities, calls and paydowns of available for sale and held to maturity securities. These proceeds were primarily reinvested in available for sale securities.

Capital. Ottawa Savings Bank is required to maintain regulatory capital sufficient to meet Tier 1 leverage, Tier 1 risk-based and total risk-based capital ratios of at least 4.0%, 4.0% and 8.0%, respectively. Ottawa Savings Bank exceeded each of its capital requirements with ratios at June 30, 2005 of 5.59%, 9.61% and 10.03%, respectively, and with ratios at December 31, 2004 of 5.44%, 8.63%, and 9.04%, respectively. We anticipate that completion of the common stock offering by Ottawa Savings Bancorp, Inc. will increase the capital of Ottawa Savings Bank.

ITEM 3. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

At June 30, 2005, the Company was in the process of completing its initial public offering of common stock. During the quarterly period ending March 31, 2005, the Company was not subject to the periodic reporting requirements under the Securities Exchange Act of 1934 or the SEC's rules and regulations relating to disclosure controls and procedures and internal control over financial reporting; however, the Company was in the process of designing and implementing disclosure controls and procedures.

Based on the material weaknesses discussed below, management has concluded that our disclosure controls and procedures were not effective as of March 31, 2005. As of June 30, 2005, Management had instituted corrective policies and procedures and has concluded that our disclosure controls and procedures are effective.

Changes in Internal Control Over Financial Reporting

During the audit of our 2003 and 2004 financial statements in connection with our initial public offering, McGladrey & Pullen, LLP, our independent registered accounting firm, identified three material weaknesses in our internal control over financial reporting. These weaknesses related to: (i) our review and grading of our commercial participation loans for the purpose of evaluating the borrower's financial condition and assessing the borrower's results of operations as compared to projected results of operations; (ii) our system of monitoring compensation-related liabilities; and (iii) our lack of a system to account for deferred taxes.

To address these weaknesses, management has: (i) instituted a monitoring system to ensure that all loan losses are estimated and recorded in the month the losses are incurred; (ii) instituted a monitoring system to ensure that compensation-related liabilities are estimated and recorded on a monthly basis; and (iii) created an inventory of accumulated temporary tax differences, which will be updated on a monthly basis.

Edgar Filing: Ottawa Savings Bancorp, Inc. - Form 10QSB

The Company considered these matters in connection with the quarter end closing of accounts and preparation of related quarterly financial statements at and as of June 30, 2005 and determined that no financial statements included in this report were materially affected by such matters.

We made no other change in our internal control over financial reporting during the quarter that materially affected or is reasonably likely to materially affect our internal control over financial reporting.
