Who is Nanometrics?
Who is Nanometrics?
A leading provider of integrated and stand-alone
metrology and process
control technology to the global
semiconductor manufacturing industry

Semiconductor Manufacturing in the 300mm Era Semiconductor Manufacturing in the 300mm Era As market windows are collapsing Manufacturing is increasingly expensive, more automated taking people out of the cleanroom altogether.

Increasing Importance of Process Control Increasing Importance of Process Control More metrology More metrology tools required tools required per line per line

6

More mask layers

More process steps
More single-wafer processes
More importance placed on each wafer (\$\$)

More metrology points on each wafer

Trends Driving Integrated Metrology Trends Driving Integrated Metrology Accelerating ramp to production Accelerating ramp to production Speed up the learning cycle Improved production economics Improved production economics Throughput Footprint Transport Every wafer is valuable Every wafer is valuable Catch problems early

Increasing automation and fab-wide advanced Increasing automation and fab-wide advanced process control (APC) process control (APC)

Requires metrology feedback loop

It s About More than Maximizing Yield ASPs
Profit captured getting
to 80% yield one
quarter faster
Incremental revenue for
increasing yield from
95% to 99%
Semiconductor Product Life Cycle

Additional Information and Where to Find It Additional Information and Where to Find It In connection with the planned merger (the Merger) between Nanometrics, Inc. (Nanometrics) and Accent Optical

Technologies,

Inc. (Accent) pursuant to the Agreement and Plan of Merger and Reorganization dated January 25, 2006 (the Merger Agreement), by and between Nanometrics, Alloy Merger Corporation (a wholly owned subsidiary of Nanometrics) and Accent, Nanometrics and Accent will file a joint proxy statement/prospectus. Nanometrics intends to include in such proxy

statement/prospectus resolution for shareholder approval of the issuance of Nanometrics common stock in consideration for all the outstanding shares of Accent capital stock and the rights to acquire Accent capital stock (the Share Issuance), and certain other matters contemplated by the Merger Agreement. Accent intends include in

such

proxy statement/prospectus resolution for stockholder approval of the Merger Agreement and the Merger and certain other matters contemplated by the Merger Agreement. The joint proxy statement/prospectus will be mailed to the shareholders of Accent and Nanometrics. **INVESTORS AND SECURITY HOLDERS ARE URGED** TO **READ** THE **JOINT PROXY** STATEMENT/PROSPECTUS **REGARDING**

guarantees

of

future

performance,

involve

certain

risks,

uncertainties

and

assumptions

that

are

difficult

to

predict,

and

are

based

upon

assumptions

as

to

future

events

that

may

not

prove

accurate.

Therefore,

actual outcomes and results may differ materially from what is expressed herein. In any forward-looking statement in which Nanometrics expresses an expectation or belief as to future results, such expectation or belief is expressed in good faith and believed to have reasonable basis, but there can be no assurance

that the statement or expectation or belief will result or be achieved or accomplished. The following factors, among others, could cause actual results to differ materially from those described in the forward-looking statements: the risk that the Nanometrics and Accent businesses will not be integrated successfully; Nanometrics ability to achieve

the

cost

savings

and

cash

earnings

expected,

costs

related

to

the

Merger;

failure

of

the

Nanometrics

shareholders

to

approve

the

Share

Issuance,

failure

of

the

parties

to

satisfy

various

closing

conditions,

the

inability

of

Nanometrics

to

achieve

the

market

position

anticipated

and

other

economic,

business,

competitive

and/or

regulatory

factors

affecting

Nanometrics and Accent s businesses generally, including those set forth in Nanometrics filings with the SEC, including its Annual Report on Form 10-K for its most recent fiscal year, especially in the Management Discussion and Analysis section, its most recent Quarterly Reports on Form 10-Q and its Current
