**Item 8.01. Other Events.**

Effective January 1, 2006, the Company reorganized its business segments. As a result, the business segment financial presentation will be reclassified in 2006 to conform to this reorganization. The reclassification is being provided in this Form 8-K solely to provide information concerning what the effect of the reclassification would have been on the 2005 quarterly periods had the reclassification occurred on January 1, 2005 which may be considered in connection with the issuance of quarterly financial results reflecting the reclassification during 2006. These changes did not affect the Company's audited financial statements for the year ended December 31, 2005 or the historical results of operations, financial condition or liquidity of the Company.

These changes reflect the evolving nature of the Company's businesses, for example: growth in global institutional asset management; continued development of franchising activities of investment advisors; and, more efficient service to mutual fund administration clients.

The Company's global institutional business will be consolidated in the Enterprises segment, the franchising activities of the Investment Advisors segment will move to the Investments in New Businesses segment, and the mutual fund administration business will move from the Private Banking and Trust segment to the Money Managers segment.
