-

**Item 2.02 Results of Operations and Financial Condition**

On April 20, 2006, we filed a prospectus supplement with the Securities and Exchange Commission related to a proposed public offering by TTWF LP, our controlling stockholder, of shares of our currently outstanding common stock. The prospectus supplement contains the following information regarding our estimated earnings for the first quarter of 2006:

While we have not finally determined our results of operations for the quarter ended March 31, 2006, we expect our fully diluted earnings for that quarter to be in the range of \$0.75 to \$0.78 per diluted share, which includes the negative effect of debt retirement costs of \$0.25 per diluted share. This compares to \$0.94 per diluted share for the first quarter of 2005 and \$1.13 per diluted share for the fourth quarter of 2005. The first quarter 2006 results, when compared to the first quarter of 2005, are attributable primarily to higher margins for our products, partially offset by lower production volumes in some of our products.

Statements in this report contain forward-looking information within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These estimates are subject to certain risks, uncertainties and assumptions, including the completion of our financial statements for the first quarter of 2006. Should our underlying assumptions prove incorrect, our actual results for the quarter ended March 31, 2006 could vary materially from those we have estimated above. Please see our filings with the Securities and Exchange Commission, including without limitation the risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2005, for a discussion of other factors that may affect forward-looking information.

The information furnished pursuant to this Item 2.02 shall not be deemed to be filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, and will not be incorporated by reference into any registration statement filed by us under the Securities Act of 1933, as amended, unless specifically identified therein as being incorporated therein by reference.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

**WESTLAKE CHEMICAL CORPORATION**
