**PENDING SHURGARD MERGER**

On March 6, 2006, we entered into an agreement to acquire Shurgard Storage Centers, Inc. (NYSE: SHU) through the merger of Shurgard into our indirect subsidiary. Shurgard is a real estate investment trust that, as of March 31, 2006, operated 656 self-storage facilities in the United States and Europe. If the Shurgard merger is consummated, pursuant to the merger agreement, we will issue approximately 41 million shares of common stock in exchange for outstanding Shurgard common stock and upon exercise of Shurgard employee stock options and assume Shurgard's debt of approximately \$1.9 billion at March 31, 2006. In addition, approximately \$136 million of Shurgard preferred stock will be redeemed. The transaction is subject to customary closing conditions and regulatory approvals and is targeted to close during the third quarter of 2006. For additional information concerning the acquisition of Shurgard, see (1) Risk Factors beginning on page S-5 of this prospectus supplement, (2) our current report on Form 8-K dated March 7, 2006, (3) our current report on Form 8-K dated July 31, 2006 (the Pro Forma 8-K) and (4) our joint proxy statement/prospectus dated July 24, 2006 (the Proxy Statement). In connection with the Shurgard merger, we filed a registration statement on Form S-4 that was declared effective by the Securities and Exchange Commission on July 24, 2006.

None of Shurgard's public information is incorporated by reference herein and neither we nor the underwriters make any representations with respect to, or assume any responsibility for the accuracy or completeness of Shurgard's information contained in the Pro Forma 8-K, the Proxy Statement or any filings by Shurgard with the SEC. Subject to the foregoing cautionary statements, investors are urged to review Shurgard's public filings and the pro forma financial information included in the Pro Forma 8-K or the Proxy Statement and to consider, in any event, the potential impact of the Shurgard merger and the other related transactions described in this prospectus supplement, whether or not consummated.

**OTHER RECENT DEVELOPMENTS**

Since March 31, 2006, we have acquired a total of six existing self-storage facilities (or interests in entities owning facilities) in five states with an aggregate purchase price of approximately \$53 million.

In May 2006, we issued 20,700,000 depository shares representing interests in our 7.25% Cumulative Preferred Stock, Series I, with an aggregate liquidation preference of \$517,500,000.

Also, in May 2006, our affiliate, PSA Institutional Partners, L.P., issued 4,000,000 7.25% Series J Cumulative Redeemable Preferred Units for gross proceeds of \$100 million. Under certain circumstances, the preferred units may be exchanged for depository shares representing interests in our 7.25% Cumulative Redeemable Preferred Stock, Series J.

**USE OF PROCEEDS**

We estimate net proceeds from this offering of approximately \$388,132,291, after all anticipated issuance costs (approximately \$446,242,291 if the underwriters' over-allotment option is exercised in full). We intend to use the net proceeds from this offering to redeem preferred securities, to make investments in self-storage facilities and in entities that own self-storage facilities and for other general corporate purposes.

Pending application of the net proceeds as described above, the net proceeds of this offering will be deposited in interest bearing accounts or invested in certificates of deposit, United States government obligations or other short-term, high-quality debt instruments selected at our discretion.

**RISK FACTORS**

Before investing in our securities, you should consider the following risks and detriments:

**This offering is not conditioned on the completion of the Shurgard merger or the related transactions described in our public filings.**

This offering is not conditioned on completion of the Shurgard merger or any of the related transactions described in our public filings. Accordingly, by purchasing the Depositary Shares, you are investing in Public Storage on a stand alone basis and recognize that we may not realize the expected benefits of the Shurgard merger or the related transactions. If we do not complete the Shurgard merger or the related transactions, it could adversely affect the value of the Depositary Shares. We cannot assure you that the Shurgard merger or any of the related transactions will be consummated on the terms described or at all. The completion of the Shurgard merger and the related transactions is subject to the satisfaction of customary conditions to closing, including the receipt of required approvals of the shareholders of Shurgard and Public Storage. However, the parties could agree to modify certain terms or waive certain closing conditions contained in the merger agreement, any of which modifications or waivers could be significant to your interests as a Depositary Shares holder, and proceed with the Shurgard merger on that basis. In addition, Shurgard may under limited circumstances terminate the merger agreement to take a superior proposal.

**Public Storage shareholders will incur immediate dilution if the Shurgard merger is completed.**

Public Storage shareholders will incur immediate dilution in connection with the merger. During 2005, Public Storage shareholders would incur a loss of \$0.44 per share (diluted) on a pro-forma basis compared to earnings of \$1.92 per share (diluted) on a historical basis primarily as a result of an increase in depreciation and amortization expense. No adjustments have been made to the pro-forma financial information to reflect certain expected self-storage operating cost savings or increases in property taxes resulting from the merger because they have not been quantified.

**If the Shurgard merger is completed it may subject us to additional risks.**

Completion of the Shurgard merger transaction is not assured and is subject to risks, including that shareholders of either Public Storage or Shurgard do not approve the transaction or that the other closing conditions are not satisfied. In addition, Shurgard may under limited circumstances terminate the agreement to take a superior proposal. Public Storage and Shurgard are not aware of any significant governmental approvals that are required for consummation of the merger. If any approval or action is required, it is presently contemplated that Public Storage and Shurgard would use their reasonable best efforts to obtain such approval. There can be no assurance that any approvals, if required, will be obtained.

In addition to the general risks related to real estate described below which may also adversely impact Shurgard's operations, we are also subject to the following risks in connection with the Shurgard merger and integrating Shurgard into our operations, including without limitation the following:

difficulties in the integration of operations, technologies and personnel of Shurgard;

inability to realize or delays in realizing expected synergies;

unanticipated operating costs;

diversion of our management's attention away from other business concerns;

exposure to any undisclosed or unknown potential liabilities of Shurgard;

potential underinsured losses on Shurgard properties; and

risk of failure to mitigate any Shurgard weaknesses in internal control to the extent that it affects our internal controls.

S-5

## Table of Contents

The success of the merger will depend, in part, on our ability to realize the anticipated cost savings from combining the businesses of Public Storage and Shurgard. However, to realize the anticipated benefits from the merger, we must successfully combine the businesses of Public Storage and Shurgard in a manner that permits those cost savings to be realized. If we are not able to successfully achieve these objectives, the anticipated benefits of the merger may not be realized fully or at all or may take longer or cost more to realize than expected. Public Storage and Shurgard have operated and, until the completion of the merger, will continue to operate, independently. It is possible that the integration process could result in the loss of valuable employees, the disruption of each company's ongoing businesses or inconsistencies in standards, controls, procedures, practices, policies and compensation arrangements that adversely affect our ability to maintain relationships with tenants and employees or to achieve the anticipated benefits of the merger. Further, the size of the transaction may make integration of Public Storage and Shurgard difficult, expensive and disruptive, adversely affecting the combined company's revenues and earnings, and implementation of merger integration efforts may divert management's attention from other strategic priorities. In addition, the merger has been structured so that it should be a taxable transaction for U.S. Federal income tax purposes. As a result, the combined company should have the benefit of a step-up in tax basis in Shurgard's assets. It is possible that the IRS may challenge the step-up in basis. If such challenge were sustained, we would not achieve this benefit, which would reduce our depreciation deductions and our ability to retain cash flow.

Shurgard also holds many of its properties through joint ventures, which have additional risks, including risks related to the financial strength, common business goals and strategies and cooperation of the venture partner, as well as the inability to take some actions that may require approval by the venture partner. In addition, Shurgard holds substantially all of its real estate investments in Europe indirectly through partnerships and joint venture arrangements. If we are unable to effectively control these indirect investments, there is a risk that our ownership of the joint ventures could cause us to lose our REIT status.

As a share of total operations, particularly in Europe, Shurgard has more recently developed properties whose occupancies have not stabilized and has more construction activity than Public Storage. Delays in construction and fill-up could result in additional cost.

We have assumed based on public filings that Shurgard has qualified and will continue to qualify as a real estate investment trust for United States federal income tax purposes, referred to hereinafter as a REIT and that we would be able to continue to qualify as a REIT following the Shurgard merger. However, if Shurgard has failed or fails to qualify as a REIT, we generally would succeed to or incur significant tax liabilities (including the significant tax liability that would result from the deemed sale of assets by Shurgard pursuant to the merger) and we possibly lose our REIT status should disqualifying activities continue after the Shurgard merger.

Shurgard has a significantly greater level of debt than we do with more fixed and floating-rate debt as well as derivative instruments that we would assume. Shurgard's outstanding borrowings on its lines of credit (approximately \$621 million at March 31 2006) would become payable immediately upon completion of the Shurgard merger. In addition, there would be an estimated \$90 million in cash costs related to the Shurgard merger, cash requirements for the redemption of approximately \$136 million of Shurgard's preferred stock on the merger date, and additional possible cash requirements following the Shurgard merger. We may look to obtain a larger line of credit, bridge financing, or issue additional preferred or common equity to provide liquidity as Shurgard's other borrowings come due. As a result, this transaction would result in a significant increase in our exposure to interest rate and refinancing risks.

We would also be acquiring Shurgard's international operations in Europe, which consist principally of facilities that have been completed in the last few years and are in various stages of fill-up. Shurgard's international operations have not been profitable, and there is no assurance they will ultimately be profitable. Also, Shurgard has a number of non-stabilized properties and construction activity, and delays in construction and fill-up could result in additional costs. We have no experience in European operations, which may adversely impact our ability to operate profitably in Europe. In addition, these operations have specific inherent risks, including without limitation the following:

currency risks, including currency fluctuations;

**Table of Contents**

unexpected changes in legislative and regulatory requirements;

potentially adverse tax burdens;

burdens of complying with different permitting standards, environmental and labor laws and a wide variety of foreign laws;

obstacles to the repatriation of earnings and cash;

regional, national and local political uncertainty;

economic slowdown and/or downturn in foreign markets;

difficulties in staffing and managing international operations;

reduced protection for intellectual property in some countries; and

inability to effectively control less than wholly owned partnerships and joint ventures.

**The Hughes family could control us and take actions adverse to other shareholders.**

At July 24, 2006, B. Wayne Hughes, Chairman of the Board and his family (the Hughes family) owned approximately 36% of our outstanding shares of common stock. Consequently, the Hughes family could control matters submitted to a vote of our shareholders, including electing directors, amending our organizational documents, dissolving and approving other extraordinary transactions, such as a takeover attempt, even though such actions may not be favorable to the other common shareholders.

**Provisions in our organizational documents may prevent changes in control.**

Restrictions in our organizational documents may further limit changes in control. Unless our Board of Directors waives these limitations, no shareholder may own more than (1) 2.0% of our outstanding shares of our common stock or (2) 9.9% of the outstanding shares of each class or series of our preferred or equity stock. Our organizational documents in effect provide, however, that the Hughes family may continue to own the shares of our common stock held by them at the time of the 1995 reorganization. If the merger with Shurgard is completed, our Board has authorized the Hughes family to acquire additional shares of our common stock to maintain their premerger holding percentage. These limitations are designed, to the extent possible, to avoid a concentration of ownership that might jeopardize our ability to qualify as a real estate investment trust or REIT. These limitations, however, also may make a change of control significantly more difficult (if not impossible) even if it would be favorable to the interests of our public shareholders. These provisions will prevent future takeover attempts not approved by our board of directors even if a majority of our public shareholders deem it to be in their best interests because they would receive a premium for their shares over the shares then market value or for other reasons.

**We would incur adverse tax consequences if we or Shurgard failed to qualify as a REIT.**

We have assumed based on public filings that Shurgard has qualified and will continue to qualify as a real estate investment trust for United States federal income tax purposes, referred to hereinafter as a REIT and that we would be able to continue to qualify as a REIT following the Shurgard merger. However, if Shurgard has failed or fails to qualify as a REIT, we generally would succeed to or incur significant tax liabilities (including the significant tax liability that would result from the deemed sale of assets by Shurgard pursuant to the merger) and we possibly lose our REIT status should disqualifying activities continue after the Shurgard merger.

You will be subject to the risk that we may not qualify as a REIT. REITs are subject to a range of complex organizational and operational requirements. As a REIT, we must distribute with respect to each year at least 90% of our REIT taxable income to our shareholders. Other restrictions apply to our income and assets. Our REIT status is also dependent upon the ongoing qualification of our affiliate, PS Business Parks, Inc., as a REIT, as a result of our substantial ownership interest in that company.

## **Table of Contents**

For any taxable year that we fail to qualify as a REIT and are unable to avail ourselves of certain savings provisions set forth in the Internal Revenue Code of 1986, we would be subject to federal income tax at the regular corporate rates on all of our taxable income, whether or not we make any distributions to our shareholders. Those taxes would reduce the amount of cash available for distribution to our shareholders or for reinvestment and would adversely affect our earnings. As a result, our failure to qualify as a REIT during any taxable year could have a material adverse effect upon us and our shareholders. Furthermore, unless certain relief provisions apply, we would not be eligible to elect REIT status again until the fifth taxable year that begins after the first year for which we fail to qualify.

### **We may pay some taxes, reducing cash available for shareholders.**

Even if we qualify as a REIT for federal income tax purposes, we are required to pay some federal, state and local taxes on our income and property. Several corporate subsidiaries of the Company have elected to be treated as taxable REIT subsidiaries of the Company for federal income tax purposes since January 1, 2001. A taxable REIT subsidiary is taxable as a regular corporation and is limited in its ability to deduct interest payments made to us in excess of a certain amount. In addition, if we receive certain payments and the economic arrangements among our taxable REIT subsidiaries and us are not comparable to similar arrangements among unrelated parties we will be subject to a 100% penalty tax on those payments. To the extent that the Company or any taxable REIT subsidiary is required to pay federal, state or local taxes, we will have less cash available for distribution to shareholders.

### **We have become increasingly dependent upon automated processes and the Internet and are faced with security system risks.**

We have become increasingly centralized and dependent upon automated information technology processes. As a result, we could be severely impacted by a catastrophic occurrence, such as a natural disaster or a terrorist attack. In addition, a portion of our business operations are conducted over the Internet, increasing the risk of viruses that could cause system failures and disruptions of operations. Experienced computer programmers may be able to penetrate our network security and misappropriate our confidential information, create system disruptions or cause shutdowns.

### **We and our shareholders are subject to financing risks.**

*Debt increases the risk of loss.* In making real estate investments, we may borrow money, which increases the risk of loss. At March 31, 2006, our debt of \$142 million was 2.6% of our total assets.

*Certain securities have a liquidation preference over our common stock and equity stock, Series A.* If we liquidated, holders of our preferred securities would be entitled to receive liquidating distributions, plus any accrued and unpaid distributions, before any distribution of assets to the holders of our common stock and equity stock, series A. Holders of preferred securities are entitled to receive, when declared by our board of directors, cash distributions in preference to holders of our common stock and equity stock, Series A.

### **Since our business consists primarily of acquiring and operating real estate, we are subject to real estate operating risks.**

## Edgar Filing: PUBLIC STORAGE INC /CA - Form 424B5

*The value of our investments may be reduced by general risks of real estate ownership.* Since we derive substantially all of our income from real estate operations, we are subject to the general risks of owning real estate-related assets, including:

lack of demand for rental spaces or units in a locale;

changes in general economic or local conditions;

natural disasters, such as earthquakes;

S-8

**Table of Contents**

potential terrorist attacks;

changes in supply of or demand for similar or competing facilities in an area;

the impact of environmental protection laws;

changes in interest rates and availability of permanent mortgage funds which may render the sale or financing of a property difficult or unattractive;

changes in tax, real estate and zoning laws; and

tenant claims.

In addition, we self-insure certain of our property loss, liability, and workers compensation risks for which other real estate companies may use third-party insurers. This results in a higher risk of losses that are not covered by third-party insurance contracts, as described in Note 14 under Insurance and Loss Exposure to our consolidated financial statements included in our annual report on Form 10-Q for the quarter ended March 31, 2006.

*There is significant competition among self-storage facilities and from other storage alternatives.* Most of our properties are self-storage facilities, which generated most of our revenue for the three months ended March 31, 2006. Local market conditions will play a significant part in how competition will affect us. Competition in the market areas in which many of our properties are located from other self-storage facilities and other storage alternatives is significant and has affected the occupancy levels, rental rates and operating expenses of some of our properties. Any increase in availability of funds for investment in real estate may accelerate competition. Further development of self-storage facilities may intensify competition among operators of self-storage facilities in the market areas in which we operate.

*We may incur significant environmental costs and liabilities.* As an owner and operator of real properties, under various federal, state and local environmental laws, we are required to clean up spills or other releases of hazardous or toxic substances on or from our properties. Certain environmental laws impose liability whether or not the owner knew of, or was responsible for, the presence of the hazardous or toxic substances. In some cases, liability may not be limited to the value of the property. The presence of these substances, or the failure to properly remediate any resulting contamination, whether from environmental or microbial issues, also may adversely affect the owner's or operator's ability to sell, lease or operate its property or to borrow using its property as collateral.

We have conducted preliminary environmental assessments of most of our properties (and intend to conduct these assessments in connection with property acquisitions) to evaluate the environmental condition of, and potential environmental liabilities associated with, our properties. These assessments generally consist of an investigation of environmental conditions at the property (not including soil or groundwater sampling or analysis), as well as a review of available information regarding the site and publicly available data regarding conditions at other sites in the vicinity. In connection with these property assessments, our operations and recent property acquisitions, we have become aware that prior operations or activities at some facilities or from nearby locations have or may have resulted in contamination to the soil or groundwater at these facilities. In this regard, some of our facilities are or may be the subject of federal or state environment investigations or remedial actions. We have obtained, with respect to recent acquisitions, and intend to obtain with respect to pending or future acquisitions, appropriate purchase price adjustments or indemnifications that we believe are sufficient to cover any related potential liability. Although we cannot provide any assurance, based on the preliminary environmental assessments, we believe we have funds available to cover any liability from environmental contamination or potential contamination and we are not aware of any environmental contamination of our facilities material to our overall business, financial condition or results of operation.

There has been an increasing number of claims and litigation against owners and managers of rental properties relating to moisture infiltration, which can result in mold or other property damage. When we receive a complaint concerning moisture infiltration, condensation or mold problems and/or become aware that an air

S-9

## **Table of Contents**

quality concern exists, we implement corrective measures in accordance with guidelines and protocols we have developed with the assistance of outside experts. We seek to work proactively with our tenants to resolve moisture infiltration and mold-related issues, subject to our contractual limitations on liability for such claims. However, we can make no assurance that material legal claims relating to moisture infiltration and the presence of, or exposure to, mold will not arise in the future.

*Delays in development and fill-up of our properties would reduce our profitability.* Since January 1, 2002, we have opened 42 newly developed self-storage facilities and 17 facilities that combine self-storage and containerized storage space at the same location, with aggregate development costs of approximately \$501 million. In addition, at March 31, 2006 we had 54 projects in development that are expected to be completed in approximately the next two years. These 54 projects have total estimated costs of \$299 million. Construction delays due to weather, unforeseen site conditions, personnel problems, and other factors, as well as cost overruns, would adversely affect our profitability. Delays in the rent-up of newly developed facilities as a result of competition or other factors would also adversely impact our profitability.

*Property taxes can increase and cause a decline in yields on investments.* Each of our properties is subject to real property taxes. These real property taxes may increase in the future as property tax rates change and as our properties are assessed or reassessed by tax authorities. Such increases could adversely impact our profitability.

*We must comply with the Americans with Disabilities Act and fire and safety regulations, which can require significant expenditures.* All our properties must comply with the Americans with Disabilities Act and with related regulations (the ADA). The ADA has separate compliance requirements for public accommodations and commercial facilities, but generally requires that buildings be made accessible to persons with disabilities. Various state laws impose similar requirements. A failure to comply with the ADA or similar state laws could result in government imposed fines on us and could award damages to individuals affected by the failure. In addition, we must operate our properties in compliance with numerous local fire and safety regulations, building codes, and other land use regulations. Compliance with these requirements can require us to spend substantial amounts of money, which would reduce cash otherwise available for distribution to shareholders. Failure to comply with these requirements could also affect the marketability of our real estate facilities.

*Any failure by us to manage acquisitions and other significant transactions successfully could negatively impact our financial results.* As an increasing part of our business, we acquire other self-storage facilities. We also evaluate from time to time other significant transactions. If these facilities are not properly integrated into our system, our financial results may suffer.

*We incur liability from employment related claims.* From time to time we must resolve employment related claims by corporate level and field personnel.

### **We have no interest in Canadian self-storage facilities owned by the Hughes family.**

The Hughes Family has ownership interests in, and operate, approximately 44 self-storage facilities in Canada under the name Public Storage. We currently do not own any interests in these facilities nor do we own any facilities in Canada. We have a right of first refusal to acquire the stock or assets of the corporation engaged in the operation of the self-storage facilities in Canada if the Hughes family or the corporation agrees to sell them. However, we have no ownership interest in the operations of this corporation, have no right to acquire their stock or assets unless the Hughes family decides to sell, and receive no benefit from the profits and increases in value of the Canadian self-storage facilities.

## Edgar Filing: PUBLIC STORAGE INC /CA - Form 424B5

Prior to December 31, 2003, Company personnel were engaged in the supervision and the operation of these properties and provided certain administrative services for the Canadian owners, and certain other services, primarily tax services, with respect to certain other Hughes Family interests. The Hughes Family and the Canadian owners reimbursed us at cost for these services in the amount of \$542,499 with respect to the Canadian

S-10

## **Table of Contents**

operations and \$151,063 for other services during 2003 (in United States dollars). There were conflicts of interest in allocating time of our personnel between Company properties, the Canadian properties, and certain other Hughes Family interests. The sharing of Company personnel with the Canadian entities was substantially eliminated by December 31, 2003.

Through our subsidiaries, we continue to reinsure risks relating to loss of goods stored by tenants in the self-storage facilities in Canada. We acquired the tenant insurance business on December 31, 2001 through our acquisition of PSIC. During the years ended December 31, 2005, 2004 and 2003, PSIC received \$1,052,000, \$1,069,000, and \$1,017,000, respectively, and \$259,000 for the three months ended March 31, 2006 in reinsurance premiums attributable to the Canadian Facilities. Since PSIC's right to provide tenant reinsurance to the Canadian Facilities may be qualified, there is no assurance that these premiums will continue.

### **Our containerized storage business has incurred operating losses.**

Public Storage Pickup & Delivery ( PSPUD ) was organized in 1996 to operate a containerized storage business. We own all of the economic interest of PSPUD. Since PSPUD will operate profitably only if it can succeed in the relatively new field of containerized storage, we cannot provide any assurance as to its profitability. PSPUD incurred an operating loss of \$10,058,000 in 2002, and generated operating profits of \$2,543,000 in 2003, \$684,000 in 2004, \$1,818,000 for 2005 and \$360,000 for the three months ended March 31, 2006. Since 2002, PSPUD closed or consolidated facilities that were deemed not strategic to its business plan, and had 12 facilities open at December 31, 2005.

### **Increases in interest rates may adversely affect the price of our common stock.**

One of the factors that influences the market price of our common stock and our other securities is the annual rate of distributions that we pay on the securities, as compared with interest rates. An increase in interest rates may lead purchasers of REIT shares to demand higher annual distribution rates, which could adversely affect the market price of our common stock and other securities.

### **Terrorist attacks and the possibility of wider armed conflict may have an adverse impact on our business and operating results and could decrease the value of our assets.**

Terrorist attacks and other acts of violence or war, such as those that took place on September 11, 2001, could have a material adverse impact on our business and operating results. There can be no assurance that there will not be further terrorist attacks against the United States or its businesses or interests. Attacks or armed conflicts that directly impact one or more of our properties could significantly affect our ability to operate those properties and thereby impair our operating results. Further, we may not have insurance coverage for losses caused by a terrorist attack. Such insurance may not be available, or if it is available and we decide to obtain such terrorist coverage, the cost for the insurance may be significant in relationship to the risk overall. In addition, the adverse effects that such violent acts and threats of future attacks could have on the United States economy could similarly have a material adverse effect on our business and results of operations. Finally, further terrorist acts could cause the United States to enter into a wider armed conflict, which could further impact our business and operating results.

### **Developments in California may have an adverse impact on our business.**

## Edgar Filing: PUBLIC STORAGE INC /CA - Form 424B5

We are headquartered in, and approximately one-quarter of our properties are located in, California. California is facing budgetary problems. Action that may be taken in response to these problems, such as an increase in property taxes on commercial properties, could adversely impact our business and results of operations. In addition, we could be adversely impacted by efforts to reenact legislation mandating medical insurance for employees of California businesses and members of their families.

**DESCRIPTION OF PREFERRED STOCK AND DEPOSITARY SHARES**

**General**

Under our Articles of Incorporation, as amended, the Board of Directors is authorized without further shareholder action to provide for the issuance of up to 50,000,000 shares of preferred stock, in one or more series, with such voting powers, full or limited, and with such designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereof, as shall be set forth in resolutions providing for the issue of preferred stock adopted by the Board of Directors. At June 30, 2006, we had outstanding 1,723,236 shares of preferred stock and had reserved for issuance an additional 13,000 shares of preferred stock.

Prior to issuance, the Board of Directors will have adopted resolutions creating the 7.25% Cumulative Preferred Stock, Series K (the Preferred Stock). When issued, the Preferred Stock will have a liquidation value of \$25,000 per share, will be fully paid and nonassessable, will not be subject to any sinking fund or other obligation of the Company to repurchase or retire the Preferred Stock, and will have no preemptive rights.

Computershare Trust Company, N. A. will be the transfer agent and dividend disbursing agent for the Preferred Stock.

Each depositary share represents 1/1,000 of a share of Preferred Stock (the Depositary Shares). The shares of the Preferred Stock will be deposited with Computershare Trust Company, N. A., as Depositary (the Preferred Stock Depositary), under a Deposit Agreement among the Company, the Preferred Stock Depositary and the holders from time to time of the depositary receipts (the Depositary Receipts) issued by the Preferred Stock Depositary under the Deposit Agreement. The Depositary Receipts will evidence the Depositary Shares. Subject to the terms of the Deposit Agreement, each holder of a Depositary Receipt evidencing a Depositary Share will be entitled, proportionately, to all the rights and preferences of, and subject to all of the limitations of, the interest in the Preferred Stock represented by the Depositary Share (including dividend, voting, redemption and liquidation rights and preferences). See Description of the Depositary Shares in the accompanying Prospectus and Depositary Shares below.

Immediately following our issuance of the Preferred Stock, we will deposit the Preferred Stock with the Preferred Stock Depositary, which will then issue and deliver the Depositary Receipts to us. We will, in turn, deliver the Depositary Receipts to the underwriters. Depositary Receipts will be issued evidencing only whole Depositary Shares.

We intend to apply to have the Depositary Shares listed on the NYSE. The Preferred Stock will not be listed and we do not expect that there will be any trading market for the Preferred Stock except as represented by the Depositary Shares.

**Ownership Restrictions**

For a discussion of ownership limitations that apply to the Preferred Stock and related Depositary Shares, see Description of Common Stock Ownership Limitations in the accompanying Prospectus.

**Preferred Stock**

The following is a brief description of the terms of the Preferred Stock which does not purport to be complete and is subject to and qualified in its entirety by reference to the Certificate of Determination of the Preferred Stock, the form of which is filed as an exhibit to, or incorporated by reference in, the Registration Statement of which this Prospectus Supplement constitutes a part.

### ***Ranking***

With respect to the payment of dividends and amounts upon liquidation, the Preferred Stock will rank pari passu with our 8.000% Cumulative Preferred Stock, Series R, 7.875% Cumulative Preferred Stock, Series S, 7.625% Cumulative Preferred Stock, Series T, 7.625% Cumulative Preferred Stock, Series U, 7.500% Cumulative Preferred Stock Series V, 6.500% Cumulative Preferred Stock, Series W, 6.450% Cumulative Preferred Stock, Series X, 6.850% Cumulative Preferred Stock, Series Y, 6.250% Cumulative Preferred Stock, Series Z, 6.125% Cumulative Preferred Stock, Series A, 7.125% Cumulative Preferred Stock, Series B, 6.60% Cumulative Preferred Stock, Series C, 6.18% Cumulative Preferred Stock, Series D, 6.75% Cumulative Preferred Stock, Series E, 6.45% Cumulative Preferred Stock, Series F, 7.00% Cumulative Preferred Stock, Series G, 6.95% Cumulative Preferred Stock, Series H, 7.25% Cumulative Preferred Stock, Series I (collectively, together with the Preferred Stock, the Senior Preferred Stock ) and any other shares of preferred stock issued by us, whether now or hereafter issued, ranking pari passu with the Senior Preferred Stock (including shares of preferred stock issued upon conversion of the 6.4% Series NN and 7.25% Series J Cumulative Redeemable Perpetual Preferred Units of one of our operating partnerships), and will rank senior to the Common Stock and any other capital stock of the Company ranking junior to the Preferred Stock.

### ***Dividends***

Holders of shares of Preferred Stock, in preference to the holders of shares of the Common Stock, and of any other capital stock issued by us ranking junior to the Preferred Stock as to payment of dividends, will be entitled to receive, when and as declared by the Board of Directors out of assets of the Company legally available for payment, cash dividends payable quarterly at the rate of 7.25% of the liquidation preference per year (\$1,812.50 per year per share, equivalent to \$1.8125 per year per Depositary Share). Dividends on the shares of Preferred Stock will be cumulative from the date of issue and will be payable quarterly on or before March 31, June 30, September 30 and December 31, commencing September 30, 2006, to holders of record as they appear on the stock register of the Company on such record dates, not less than 15 or more than 45 days preceding the payment dates thereof, as shall be fixed by the Board of Directors. If the last day of a quarter falls on a non-business day, we may pay dividends for that quarter on the first business day following the end of the quarter. After full dividends on the Preferred Stock have been paid or declared and funds set aside for payment for all past dividend periods and for the then current quarter, the holders of shares of Preferred Stock will not be entitled to any further dividends with respect to that quarter.

When dividends are not paid in full upon the Preferred Stock and any other shares of preferred stock of the Company ranking on a parity as to dividends with the Preferred Stock (including the other series of Senior Preferred Stock), all dividends declared upon the Preferred Stock and any other preferred shares of the Company ranking on a parity as to dividends with the Preferred Stock shall be declared pro rata so that the amount of dividends declared per share on such Preferred Stock and such other shares shall in all cases bear to each other the same ratio that the accrued dividends per share on the Preferred Stock and such other preferred shares bear to each other. Except as set forth in the preceding sentence, unless full dividends on the Preferred Stock have been paid for all past dividend periods, no dividends (other than in Common Stock or other shares of capital stock issued by us ranking junior to the Preferred Stock as to dividends and upon liquidation) shall be declared or paid or set aside for payment, nor shall any other distribution be made on the Common Stock or on any other shares of capital stock issued by us ranking junior to or on a parity with the Preferred Stock as to dividends or upon liquidation.

Unless full dividends on the Preferred Stock have been paid for all past dividend periods, we and our subsidiaries may not redeem, repurchase or otherwise acquire for any consideration (nor may we or they pay or make available any moneys for a sinking fund for the redemption of) any shares of Common Stock or any other shares of capital stock issued by us ranking junior to or on a parity with the Preferred Stock as to dividends or upon liquidation except by conversion into or exchange for shares of capital stock issued by us ranking junior to the Preferred Stock as to dividends and upon liquidation.

## Edgar Filing: PUBLIC STORAGE INC /CA - Form 424B5

If for any taxable year, we elect to designate as capital gain dividends (as defined in the Internal Revenue Code) any portion of the dividends paid or made available for the year to the holders of all classes and series of our stock, then the portion of the dividends designated as capital gain dividends that will be allocable to the

S-13

## **Table of Contents**

holders of Preferred Stock will be an amount equal to the total capital gain dividends multiplied by a fraction, the numerator of which will be the total dividends paid or made available to the holders of Preferred Stock for the year, and the denominator of which will be the total dividends paid or made available to holders of all classes and series of our outstanding stock for that year.

Our revolving credit facility with a commercial bank restricts our ability to pay distributions in excess of 95% of our Funds from Operations for the prior four fiscal quarters. Funds from operations is defined in the loan agreement generally as net income before gain on sale of real estate, extraordinary loss on early retirement of debt and deductions for depreciation, amortization and non-cash charges. Our management believes that this restriction will not impede our ability to pay the dividends on the Preferred Stock in full.

Dividends paid by regular C corporations to persons or entities that are taxed as individuals now are generally taxed at the rate applicable to long-term capital gains, which is a maximum of 15%, subject to certain limitations. Because we are a REIT, however, our dividends, including dividends paid on the Preferred Stock, generally will continue to be taxed at regular ordinary income tax rates, except to the extent that the special rules relating to qualified dividend income and capital gains dividends paid by a REIT apply. See Additional Material U.S. Federal Income Tax Considerations.

### ***Conversion Rights***

The Preferred Stock will not be convertible into shares of any other class or series of capital stock of the Company.

### ***Liquidation Rights***

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of the Preferred Stock will be entitled to receive out of our assets available for distribution to stockholders, before any distribution of assets is made to holders of Common Stock or of any other shares of capital stock issued by us ranking as to such distribution junior to the Preferred Stock, liquidating distributions in the amount of \$25,000 per share (equivalent to \$25.00 per Depositary Share), plus all accrued and unpaid dividends (whether or not earned or declared) for the then current, and all prior, dividend periods. If upon any voluntary or involuntary liquidation, dissolution or winding up of the Company, the amounts payable with respect to the Preferred Stock and any other shares of stock issued by us ranking as to any such distribution on a parity with the Preferred Stock (including other series of Senior Preferred Stock) are not paid in full, the holders of the Preferred Stock and of such other shares will share ratably in any such distribution of assets of the Company in proportion to the full respective preferential amounts to which they are entitled. After payment of the full amount of the liquidating distribution to which they are entitled, the holders of the Preferred Stock will not be entitled to any further participation in any distribution of assets by us.

For purposes of liquidation rights, a consolidation or merger of the Company with or into any other corporation or corporations or a sale of all or substantially all of the assets of the Company is not a liquidation, dissolution or winding up of the Company.

### ***Redemption***

## Edgar Filing: PUBLIC STORAGE INC /CA - Form 424B5

Except in certain circumstances relating to our qualification as a REIT, we may not redeem the shares of Preferred Stock prior to August 8, 2011. On and after August 8, 2011, at any time or from time to time, we may redeem the shares of Preferred Stock in whole or in part at our option at a cash redemption price of \$25,000 per share of Preferred Stock (equivalent to \$25.00 per Depositary Share), plus all accrued and unpaid dividends to the date of redemption. If fewer than all the outstanding shares of Preferred Stock are to be redeemed, the shares to be redeemed will be determined by the Board of Directors of the Company, and such shares shall be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held by such holders (with adjustments to avoid redemption of fractional shares) or by lot in a manner determined by the Board of Directors of the Company.

S-14

## **Table of Contents**

Notwithstanding the foregoing, if any dividends, including any accumulation, on the Preferred Stock are in arrears, we may not redeem any Preferred Stock unless we redeem simultaneously all outstanding Preferred Stock, and we may not purchase or otherwise acquire, directly or indirectly, any Preferred Stock; provided, however, that this shall not prevent the purchase or acquisition of the Preferred Stock pursuant to a purchase or exchange offer if such offer is made on the same terms to all holders of the Preferred Stock.

Notice of redemption of the Preferred Stock will be given by publication in a newspaper of general circulation in the County of Los Angeles and the City of New York, such publication to be made once a week for two successive weeks commencing not less than 30 nor more than 60 days prior to the redemption date. A similar notice will be mailed by us, postage prepaid, not less than 30 or more than 60 days prior to the redemption date, addressed to the respective holders of record of shares of Preferred Stock to be redeemed at their respective addresses as they appear on the stock transfer records of the Company. Each notice shall state: (1) the redemption date; (2) the number of shares of Preferred Stock to be redeemed; (3) the redemption price per share of Preferred Stock; (4) the place or places where certificates for the Preferred Stock are to be surrendered for payment of the redemption price; and (5) that dividends on the shares of Preferred Stock to be redeemed will cease to accrue on such redemption date. If fewer than all the shares of Preferred Stock held by any holder are to be redeemed, the notice mailed to such holder shall also specify the number of shares of Preferred Stock to be redeemed from such holder. In order to facilitate the redemption of shares of Preferred Stock, the Board of Directors may fix a record date for the determination of shares of Preferred Stock to be redeemed, such record date to be not less than 30 nor more than 60 days prior to the date fixed for such redemption.

Notice having been given as provided above, from and after the date specified therein as the date of redemption, unless we default in providing funds for the payment of the redemption price on such date, all dividends on the Preferred Stock called for redemption will cease. From and after the redemption date, unless we so default, all rights of the holders of the Preferred Stock as stockholders of the Company, except the right to receive the redemption price (but without interest), will cease. Upon surrender in accordance with such notice of the certificates representing any such shares (properly endorsed or assigned for transfer, if the Board of Directors of the Company shall so require and the notice shall so state), the redemption price set forth above shall be paid out of the funds provided by the Company. If fewer than all the shares represented by any such certificate are redeemed, a new certificate shall be issued representing the unredeemed shares without cost to the holder thereof.

Subject to applicable law and the limitation on purchases when dividends on the Preferred Stock are in arrears, we may, at any time and from time to time, purchase any shares of Preferred Stock in the open market, by tender or by private agreement.

## ***Voting Rights***

Except as indicated below, or except as expressly required by applicable law, holders of the Preferred Stock will not be entitled to vote.

If the equivalent of six quarterly dividends payable on the Preferred Stock or any other series of preferred stock are in default (whether or not declared or consecutive), holders of the Preferred Stock (voting as a class with all other series of Senior Preferred Stock) will be entitled to elect two additional directors until all dividends in default have been paid or declared and set apart for payment.

Such right to vote separately to elect directors shall, when vested, be subject, always, to the same provisions for vesting of such right to elect directors separately in the case of future dividend defaults. At any time when such right to elect directors separately shall have so vested, we may, and upon the written request of the holders of record of not less than 20% of the total number of preferred shares of the Company then outstanding shall, call a special meeting of shareholders for the election of directors. In the case of such a written request, such special meeting shall be held within 90 days after the delivery of such request and, in either case, at the place and upon the notice provided by law and in our Bylaws, provided that we shall not be required to call such a special

## **Table of Contents**

meeting if such request is received less than 120 days before the date fixed for the next ensuing annual meeting of shareholders, and the holders of all classes of outstanding preferred stock are offered the opportunity to elect such directors (or fill any vacancy) at such annual meeting of shareholders. Directors so elected shall serve until the next annual meeting of our shareholders or until their respective successors are elected and qualify. If, prior to the end of the term of any director so elected, a vacancy in the office of such director shall occur, during the continuance of a default in dividends on preferred shares of the Company, by reason of death, resignation, or disability, such vacancy shall be filled for the unexpired term of such former director by the appointment of a new director by the remaining director or directors so elected.

The affirmative vote or consent of the holders of at least 66<sup>2</sup>/<sub>3</sub>% of the outstanding shares of the Preferred Stock and any other series of preferred stock ranking on a parity with the Preferred Stock as to dividends or upon liquidation (which includes the other series of Senior Preferred Stock), voting as a single class, will be required to authorize another class of shares senior to the Preferred Stock with respect to the payment of dividends or the distribution of assets on liquidation. The affirmative vote or consent of the holders of at least 66<sup>2</sup>/<sub>3</sub>% of the outstanding shares of the Preferred Stock will be required to amend or repeal any provision of, or add any provision to, the Articles of Incorporation, including the Certificate of Determination, if such action would materially and adversely alter or change the rights, preferences or privileges of the Preferred Stock.

No consent or approval of the holders of shares of the Preferred Stock will be required for the issuance from the Company's authorized but unissued preferred stock of other shares of any series of preferred stock ranking on a parity with or junior to the Preferred Stock as to payment of dividends and distribution of assets, including other shares of Preferred Stock.

## **Depositary Shares**

The following is a brief description of the terms of the Depositary Shares which does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the Deposit Agreement (including the form of Depositary Receipt contained therein), which is filed as an exhibit to, or incorporated by reference in, the Registration Statement of which this Prospectus Supplement constitutes a part.

## ***Dividends***

The Depositary will distribute all cash dividends or other cash distributions received in respect of the Preferred Stock to the record holders of Depositary Receipts in proportion to the number of Depositary Shares owned by such holders on the relevant record date, which will be the same date as the record date fixed by us for the Preferred Stock. In the event that the calculation of such amount to be paid results in an amount which is a fraction of one cent, the amount the Depositary shall distribute to such record holder shall be rounded to the next highest whole cent.

In the event of a distribution other than in cash, the Depositary will distribute property received by it to the record holders of Depositary Receipts entitled thereto, in proportion, as nearly as may be practicable, to the number of Depositary Shares owned by such holders on the relevant record date, unless the Depositary determines (after consultation with us) that it is not feasible to make such distribution, in which case the Depositary may (with our approval) adopt any other method for such distribution as it deems equitable and appropriate, including the sale of such property (at such place or places and upon such terms as it may deem equitable and appropriate) and distribution of the net proceeds from such sale to such holders.

## ***Liquidation Preference***

In the event of the liquidation, dissolution or winding up of the affairs of the Company, whether voluntary or involuntary, the holders of each Depositary Share will be entitled to 1/1000th of the liquidation preference accorded each share of the Preferred Stock.

S-16

## **Table of Contents**

### ***Redemption***

Whenever we redeem any Preferred Stock held by the Depositary, the Depositary will redeem as of the same redemption date the number of Depositary Shares representing the Preferred Stock so redeemed. The Depositary will publish a notice of redemption of the Depositary Shares containing the same type of information and in the same manner as our notice of redemption and will mail the notice of redemption promptly upon receipt of such notice from us and not less than 30 nor more than 60 days prior to the date fixed for redemption of the Preferred Stock and the Depositary Shares to the record holders of the Depositary Receipts. In case less than all the outstanding Depositary Shares are to be redeemed, the Depositary Shares to be so redeemed shall be determined pro rata or by lot in a manner determined by the Board of Directors.

### ***Voting***

Promptly upon receipt of notice of any meeting at which the holders of the Preferred Stock are entitled to vote, the Depositary will mail the information contained in such notice of meeting to the record holders of the Depositary Receipts as of the record date for such meeting. Each such record holder of Depositary Receipts will be entitled to instruct the Depositary as to the exercise of the voting rights pertaining to the number of shares of Preferred Stock represented by such record holder's Depositary Shares. The Depositary will endeavor, insofar as practicable, to vote such Preferred Stock represented by such Depositary Shares in accordance with such instructions, and we will agree to take all action which may be deemed necessary by the Depositary in order to enable the Depositary to do so. The Depositary will abstain from voting any of the Preferred Stock to the extent that it does not receive specific instructions from the holders of Depositary Receipts.

### ***Withdrawal of Preferred Stock***

Upon surrender of Depositary Receipts at the principal office of the Depositary, upon payment of any unpaid amount due the Depositary, and subject to the terms of the Deposit Agreement, the owner of the Depositary Shares evidenced thereby is entitled to delivery of the number of whole shares of Preferred Stock and all money and other property, if any, represented by such Depositary Shares. Partial shares of Preferred Stock will not be issued. If the Depositary Receipts delivered by the holder evidence a number of Depositary Shares in excess of the number of Depositary Shares representing the number of whole shares of Preferred Stock to be withdrawn, the Depositary will deliver to such holder at the same time a new Depositary Receipt evidencing such excess number of Depositary Shares. Holders of Preferred Stock thus withdrawn will not thereafter be entitled to deposit such shares under the Deposit Agreement or to receive Depositary Receipts evidencing Depositary Shares therefor.

### ***Amendment and Termination of Deposit Agreement***

The form of Depositary Receipt evidencing the Depositary Shares and any provision of the Deposit Agreement may at any time and from time to time be amended by agreement between us and the Depositary. However, any amendment which materially and adversely alters the rights of the holders (other than any change in fees) of Depositary Shares will not be effective unless such amendment has been approved by the holders of at least a majority of the Depositary Shares then outstanding. No such amendment may impair the right, subject to the terms of the Deposit Agreement, of any owner of any Depositary Shares to surrender the Depositary Receipt evidencing such Depositary Shares with instructions to the Depositary to deliver to the holder the Preferred Stock and all money and other property, if any, represented thereby, except in order to comply with mandatory provisions of applicable law. The Deposit Agreement may be terminated by us or the Depositary only if (i) all outstanding Depositary Shares have been redeemed or (ii) there has been a final distribution in respect of the Preferred Stock in connection with any dissolution of the Company and such distribution has been made to all the holders of Depositary Shares.

## **Table of Contents**

### ***Charges of Depositary***

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the Depositary in connection with the initial deposit of the Preferred Stock and the initial issuance of the Depositary Shares, and redemption of the Preferred Stock and all withdrawals of Preferred Stock by owners of Depositary Shares. Holders of Depositary Receipts will pay transfer, income and other taxes and governmental charges and certain other charges as are provided in the Deposit Agreement to be for their accounts. In certain circumstances, the Depositary may refuse to transfer Depositary Shares, may withhold dividends and distributions and sell the Depositary Shares evidenced by such Depositary Receipt if such charges are not paid.

### ***Miscellaneous***

The Depositary will forward to the holders of Depositary Receipts all reports and communications from us which are delivered to the Depositary and which we are required to furnish to the holders of the Preferred Stock. In addition, the Depositary will make available for inspection by holders of Depositary Receipts at the principal office of the Depositary, and at such other places as it may from time to time deem advisable, any reports and communications received from the Company which are received by the Depositary as the holder of Preferred Stock.

Neither the Depositary nor any Depositary's Agent (as defined in the Deposit Agreement), nor the Registrar (as defined in the Deposit Agreement) nor the Company assumes any obligation or will be subject to any liability under the Deposit Agreement to holders of Depositary Receipts other than for its gross negligence, willful misconduct or bad faith. Neither the Depositary, any Depositary's Agent, the Registrar nor the Company will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the Deposit Agreement. The Company and the Depositary are not obligated to prosecute or defend any legal proceeding in respect of any Depositary Shares, Depositary Receipts or Preferred Stock unless reasonably satisfactory indemnity is furnished. The Company and the Depositary may rely on written advice of counsel or accountants, on information provided by holders of Depositary Receipts or other persons believed in good faith to be competent to give such information and on documents believed to be genuine and to have been signed or presented by the proper party or parties.

### ***Resignation and Removal of Depositary***

The Depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the Depositary, any such resignation or removal to take effect upon the appointment of a successor Depositary and its acceptance of such appointment. Such successor Depositary must be appointed within 60 days after delivery of the notice for resignation or removal and must be a bank or trust company having its principal office in the United States of America and having a combined capital and surplus of at least \$150,000,000.

## **ADDITIONAL MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS**

For a discussion of the taxation of the Company and the tax considerations relevant to shareholders generally, see "Material U.S. Federal Income Tax Considerations" in the accompanying Prospectus. The following is a summary of certain additional federal income tax considerations pertaining to the acquisition, ownership and disposition of the Depositary Shares and should be read in conjunction with the referenced sections in the accompanying Prospectus. This discussion of additional considerations is general in nature and is not exhaustive of all possible tax considerations, nor does the discussion address any state, local or foreign tax considerations. This discussion of additional considerations is

Edgar Filing: PUBLIC STORAGE INC /CA - Form 424B5

based on current law and does not purport to deal with all aspects of federal income taxation that may be relevant to a prospective shareholder in light of its particular circumstances or to certain types of shareholders (including insurance companies, financial institutions,

broker-dealers, tax exempt investors, foreign corporations and persons who are not citizens or residents of the United States) subject to special treatment under the federal income tax laws. We have not requested and will not request a ruling from the Internal Revenue Service (the Service) with respect to any of the federal income tax issues discussed below or in the accompanying Prospectus. Prospective investors should consult, and must depend on, their own tax advisors regarding the federal, state, local, foreign and other tax consequences of holding and disposing of the Depositary Shares.

**Taxation of Holders of Depositary Shares**

*General.* Owners of the Depositary Shares will be treated for federal income tax purposes as if they were owners of the Preferred Stock represented by such Depositary Shares. Accordingly, such owners will take into account, for federal income tax purposes, income to which they would be entitled if they were holders of such Preferred Stock. See Description of the Depositary Shares Federal Income Tax Considerations in the accompanying Prospectus. Withdrawals of Preferred Stock for Depositary Shares are not taxable events for federal income tax purposes.

*Dividends and Other Distributions; Withholding.* For a discussion of the taxation of the Company, the treatment of dividends and other distributions with respect to shares of the Company, and the withholding rules, see Material U.S. Federal Income Tax Considerations Taxation of Public Storage as a REIT, Taxation of U.S. Shareholders, U.S. Taxation of Non-U.S. Shareholders and Information Reporting and Backup Withholding Tax Applicable to Shareholders in the accompanying Prospectus. Please note that the special rule regarding the extended 90-day holding period requirement for a non-corporate U.S. shareholder to treat a dividend in respect of preferred stock as qualified dividend income applies to dividends in respect of preferred stock which are attributable to a period or periods aggregating over 366 days. Other dividends are, in general, subject to the general rule which requires that, among other things, the shares in respect of which the dividend is paid be held for more than 60 days during the 121-day period beginning on the date that is 60 days before the date on which such shares become ex-dividend with respect to the dividend. See Material U.S. Federal Income Tax Considerations Taxation of U.S. Shareholders Qualified Dividend Income in the accompanying Prospectus. In determining the extent to which a distribution on the Depositary Shares constitutes a dividend for tax purposes, the earnings and profits of the Company will be allocated first to distributions with respect to the Preferred Stock and all other series of preferred stock that are equal in rank as to distributions and upon liquidation with the Preferred Stock, and second to distributions with respect to Common Stock of the Company.

*Sale or Exchange of Depositary Shares.* Upon the sale, exchange or other disposition of Depositary Shares to a party other than the Company, a holder of Depositary Shares will realize capital gain or loss measured by the difference between the amount realized on the sale, exchange or other disposition of the Depositary Shares and such shareholder's adjusted tax basis in the Depositary Shares (provided the Depositary Shares are held as a capital asset). For a discussion of capital gain taxation see Material U.S. Federal Income Tax Considerations Taxation of U.S. Shareholders and U.S. Taxation of Non-U.S. Shareholders in the accompanying Prospectus.

*Redemption of Depositary Shares.* Whenever the Company redeems any Preferred Stock held by the Depositary, the Depositary will redeem as of the same redemption date the number of Depositary Shares representing the Preferred Stock so redeemed. The treatment to a holder of Depositary Shares accorded to any redemption by the Company (as distinguished from a sale, exchange or other disposition) of Preferred Stock held by the Depositary and corresponding redemption of Depositary Shares can only be determined on the basis of particular facts as to the holder of Depositary Shares at the time of redemption. In general, a holder of Depositary Shares will recognize capital gain or loss measured by the difference between the amount received upon the redemption and the holder of the Depositary Shares' adjusted tax basis in the Depositary Shares redeemed (provided the Depositary Shares are held as a capital asset) if such redemption (i) results in a complete termination of a holder's interest in all classes of stock of the Company under Section 302(b)(3) of the Internal Revenue Code of 1986, as amended (the Code) or (ii) is not essentially equivalent to a dividend with respect

## **Table of Contents**

to the holder under Section 302(b)(1) of the Code. In applying these tests, there must be taken into account not only any Depositary Shares owned by the holder, but also such holder's ownership of Common Stock, equity stock, other series of preferred stock and any options (including stock purchase rights) to acquire any of the foregoing. The holder also must take into account any such securities (including options) which are considered to be owned by such holder by reason of the constructive ownership rules set forth in Sections 318 and 302(c) of the Code.

If a particular holder of Depositary Shares owns (actually or constructively) no shares of Common Stock or equity stock of the Company or an insubstantial percentage of the outstanding shares of Common Stock, equity stock or preferred stock of the Company, based upon current law, it is probable that the redemption of Depositary Shares from such a holder would be considered not essentially equivalent to a dividend. However, whether a distribution is not essentially equivalent to a dividend depends on all of the facts and circumstances, and a holder of Depositary Shares intending to rely on any of these tests at the time of redemption should consult its tax advisor to determine their application to its particular situation.

If the redemption does not meet any of the tests under Section 302 of the Code, then the redemption proceeds received from the Depositary Shares will be treated as a distribution on the Depositary Shares as described under Material U.S. Federal Income Tax Considerations Taxation of U.S. Shareholders and U.S. Taxation of Non-U.S. Shareholders in the accompanying Prospectus. If the redemption is taxed as a dividend, the holder of Depositary Shares' adjusted tax basis in the redeemed Depositary Shares will be transferred to any other stockholdings of the holder of Depositary Shares in the Company. If the holder of Depositary Shares owns no other stockholdings in the Company, under certain circumstances, such basis may be transferred to a related person, or it may be lost entirely.

## **Tax Liabilities Inherited from Shurgard**

In connection with the Shurgard merger, our indirect subsidiary ( Merger Sub ) will succeed to the tax and other liabilities of Shurgard. If Shurgard fails to qualify as a real estate investment trust in any taxable year, it will be subject to federal income tax (including any applicable alternative minimum tax) on its taxable income at regular corporate rates. Unless statutory relief provisions apply, Shurgard would be disqualified from treatment as a real estate investment trust for the four taxable years following the year during which it lost qualification. Merger Sub, as successor to Shurgard, would be required to pay this tax. As is the case with the Company, qualification as a real estate investment trust requires Shurgard to satisfy numerous requirements, some on an annual basis, others on a quarterly basis and still others on an ongoing basis, established under highly technical and complex Code provisions. As a condition to closing, tax counsel to Shurgard will render an opinion relating to Shurgard's REIT status and related tax matters.

If Shurgard were not to qualify as a REIT at the time of the merger, Shurgard would incur a Federal corporate income tax liability in connection with the merger, which would be treated as a taxable asset sale by Shurgard for Federal income tax purposes. The resulting gain subject to tax would be equal to the excess of the value of the merger consideration and the Shurgard liabilities assumed by Merger Sub at the time of the merger over Shurgard's adjusted tax basis in its assets at that time. Merger Sub, as the successor to Shurgard, would be obligated to pay this tax.

In addition, if Shurgard did not qualify as a REIT at any time during the 10 years preceding the merger, even if it qualifies as a REIT at the time of the merger, Shurgard would incur a Federal corporate income tax liability on an amount equal to the built-in gain that existed with respect to its assets at the time it requalified as a REIT prior to the merger. Again, Merger Sub, as the successor to Shurgard, would be obligated to pay this tax.

**Table of Contents**

The underwriting agreement provides that the obligations of the several underwriters to purchase the shares included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all of the Depositary Shares (other than those covered by the over-allotment option described below) if they purchase any of the Depositary Shares.

The underwriters, for whom Citigroup Global Markets Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. Incorporated and Wachovia Capital Markets, LLC, are acting as representatives, propose to offer some of the Depositary Shares directly to the public at the public offering price set forth on the cover page of this Prospectus Supplement and some of the Depositary Shares to dealers at the public offering price less a concession not to exceed \$0.50 per Depositary Share for retail orders and \$0.30 per Depositary Share for institutional orders. The underwriters may allow, and dealers may reallow, a concession not to exceed \$0.45 per Depositary Share on sales to other dealers. If all of the Depositary Shares are not sold at the initial offering price, the representatives may change the public offering price and the other selling terms.

We have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus supplement, to purchase up to 2,400,000 additional Depositary Shares at the public offering price less the underwriting discount and accumulated dividends, if any. The underwriters may exercise the option solely for the purpose of covering over-allotments, if any, in connection with this offering. To the extent the option is exercised, each underwriter must purchase a number of additional Depositary Shares approximately proportionate to that underwriter's initial purchase commitment.

We intend to apply to have our Depositary Shares listed on the NYSE. The underwriters have advised us that they intend to make a market in the Depositary Shares prior to the commencement of trading on the NYSE. The underwriters will have no obligation to make a market in the depositary shares, however, and may cease market making activities, if commenced, at any time.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase additional Depositary Shares.

|   | <u>No Exercise</u> | <u>Full Exercise</u> |
|---|--------------------|----------------------|
| Per Depositary Share (Retail Orders)        | \$ 0.7875          | \$ 0.7875            |
| Per Depositary Share (Institutional Orders) | \$ 0.5000          | \$ 0.0000            |
| Total                                       | \$ 11,667,709      | \$ 13,557,709        |

In connection with the offering, Citigroup Global Markets Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. Incorporated and Wachovia Capital Markets, LLC on behalf of the underwriters may purchase and sell Depositary Shares in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of Depositary Shares in excess of the number of Depositary Shares to be purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the Depositary Shares in the open market after the distribution has been completed in order to cover syndicate short positions. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Depositary Shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of Depositary Shares in the open market while the offering is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when Citigroup Global Markets Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. Incorporated or Wachovia

Edgar Filing: PUBLIC STORAGE INC /CA - Form 424B5

Capital Markets, LLC repurchases Depositary Shares originally sold by that syndicate member in order to cover syndicate short positions or make stabilizing purchases.

Any of these activities may have the effect of preventing or retarding a decline on the market price of the Depositary Shares. They may also cause the price of the Depositary Shares to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions on the New York Stock Exchange or in the over-the-counter market, or otherwise. If the underwriters commence any of these transactions, they may discontinue any of them at any time.

We estimate that our portion of the total expenses of this offering will be \$200,000.

Certain of the underwriters have performed investment banking and advisory services for us from time to time for which they have received customary fees and expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business.

The lenders under our credit facility include Citigroup Real Estate, Inc., an affiliate of Citigroup Global Markets Inc., Deutsche Bank Trust Company Americas, an affiliate of Deutsche Bank Securities Inc., Wachovia Bank, National Association, an affiliate of Wachovia Capital Markets, LLC, Credit Suisse, New York branch, an affiliate of Credit Suisse Securities (USA) LLC, and Wells Fargo Bank, National Association, an affiliate of Wells Fargo Securities, LLC. Wells Fargo Bank, National Association is managing agent of the facility.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

**FORWARD-LOOKING STATEMENTS**

This prospectus includes or incorporates by reference forward-looking statements, including those identified by the words expects, believes, anticipates, should, estimates, may, will, seeks, intends, plans, pro forma, or the negative of these words and phrases or similar words, which convey the uncertainty of future events or outcomes. Discussions of strategy, plans or intentions also include forward-looking statements.

Forward-looking statements are subject to risks and uncertainties and you should not rely on them as predictions of future events. Factors that could cause our actual results to differ significantly from the results discussed in our forward-looking statements include, but are not limited to:

the impact of competition from new and existing self-storage and commercial facilities which could impact rents and occupancy levels at our facilities;

our ability to evaluate, finance and integrate acquired and developed properties into our existing operations;

our ability to effectively compete in the markets in which we do business;

the impact of the regulatory environment as well as national, state and local laws and regulations, including, without limitation, those governing real estate investment trusts;

the profitability of our Pickup & Delivery business;

the impact of general economic conditions upon rental rates and occupancy levels at our facilities;

the availability of permanent capital at attractive rates; and

the risks and costs associated with acquisitions, including the pursuit of potential acquisitions, as may be described from time to time in our filings with the Commission.

These factors, as well as changes in the real estate markets and the general economy, could cause future events and actual results to differ materially from those set forth or contemplated in the forward-looking statements. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this prospectus or in the incorporated documents might not occur and actual results could be substantially different than expected.

**THE COMPANY**

We are a fully integrated, self-administered and self-managed real estate investment trust or REIT that acquires, develops, owns and operates self-storage facilities which offer self-storage spaces for lease for personal and business use. We are the largest owner and operator of self-storage facilities in the United States with equity interests (through direct ownership, as well as general and limited partnership interests), as of March 31, 2006, in 1,508 storage facilities located in 37 states. We also own an interest in PS Business Parks, Inc., a REIT that, as of

## Edgar Filing: PUBLIC STORAGE INC /CA - Form 424B5

March 31, 2006, owned approximately 17.9 million net rentable square feet of space in 8 states.

We elected to be taxed as a REIT beginning with our 1981 taxable year. So long as we continue to qualify as a REIT, we will not be taxed, with certain limited exceptions, on the net income that we distribute currently to our shareholders. We were incorporated in California in 1980. Our principal executive offices are located at 701 Western Avenue, Glendale, California 91201-2349. Our telephone number is (818) 244-8080.

**Table of Contents****USE OF PROCEEDS**

Unless otherwise described in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities described in this prospectus to make investments in self-storage facilities, including development, interests in partnerships and other entities and mortgage loans and for general corporate purposes, including repayment of debt and the redemption of outstanding securities. Pending application, we may invest the net proceeds in short-term, interest bearing securities.

**RATIO OF EARNINGS TO FIXED CHARGES**

We compute our ratio of earnings to combined fixed charges and preferred distributions by dividing our earnings by the sum of our fixed charges and preferred stock and preferred unit distributions. We compute our ratio of earnings to fixed charges by dividing our earnings by our fixed charges. Earnings consists of net income before interest expense and minority interests that have fixed charges.

- (a) Emerging Issues Task Force ( EITF ) Topic D-42, The Effect on the Calculation of Earnings per Share for the Redemption or the Induced Conversion of Preferred Stock provides, among other things, that any excess of (1) the fair value of the consideration transferred to the holders of preferred stock redeemed over (2) the carrying amount of the preferred stock should be subtracted from net earnings to determine net earnings available to common shareholders in the calculation of earnings per share. At the July 31, 2003 meeting of the EITF, the Securities and Exchange Commission Observer clarified that for purposes of applying EITF Topic D-42, the carrying amount of the preferred stock should be reduced by the issuance costs of the preferred stock, regardless of where in the stockholders' equity section those costs were initially classified on issuance. This ratio reflects the SEC Observer's clarification.
- (b) Net earnings excludes discontinued operations.

**DESCRIPTION OF COMMON STOCK**

We are authorized to issue up to 200,000,000 shares of common stock. At July 26, 2006, we had outstanding 129,365,307 shares of common stock (excluding shares issuable upon conversion of convertible securities and shares subject to options).

**Common Stock**

The following description of our common stock, par value \$0.10 per share, sets forth certain general terms and provisions of our common stock to which any prospectus supplement may relate, including a prospectus supplement providing that common stock will be issuable upon conversion of preferred stock or equity stock or upon the exercise of warrants. The statements below describing our common stock are in all respects subject to and qualified in their entirety by reference to the applicable provisions of our articles of incorporation and bylaws.

Holders of our common stock will be entitled to receive dividends when, as and if declared by our board of directors, out of funds legally available for distribution. If we fail to pay dividends on our outstanding preferred stock, generally we may not pay dividends on our common stock or repurchase those shares. If we liquidate, dissolve or wind up our affairs, holders of common stock will be entitled to share equally and ratably in any assets available for distribution to them, after payment or provision for payment of our debts and other liabilities and the preferential amounts owing with respect to any of our outstanding preferred stock. Holders of our common stock have no preemptive rights, which means they have no right to acquire any additional shares of common stock that we may issue at a later date. See Description of Preferred Stock.

The holders of our common stock are entitled to cast one vote for each share on all matters presented to our holders for a vote, with the exception that they have cumulative voting rights with respect to the election of our board of directors, in accordance with California law. Cumulative voting means that each holder of our common stock is entitled to cast as many votes as there are directors to be elected multiplied by the number of shares registered in his or her name. A holder of our common stock may cumulate the votes for directors by casting all of the votes for one candidate or by distributing the votes among as many candidates as he or she chooses. The outstanding shares of our common stock are, and additional shares of common stock will be, when issued, fully paid and nonassessable.

The rights, preferences and privileges of holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of our preferred stock or our equity stock which are outstanding or which we may designate and issue in the future. See Description of Preferred Stock and Description of Equity Stock.

**Ownership Limitations**

To qualify as a REIT under the Internal Revenue Code of 1986, as amended, no more than 50% in value of our outstanding shares of capital stock may be owned, directly or constructively under the applicable attribution rules of the Internal Revenue Code, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of a taxable year. In order to maintain our qualification as a REIT, our organizational documents restrict the number of shares of capital stock that any shareholder may own.

## Edgar Filing: PUBLIC STORAGE INC /CA - Form 424B5

In a series of transactions among Public Storage Management, Inc. and its affiliates (collectively, Public Storage Management ), culminating in the November 16, 1995 merger of Public Storage Management into Storage Equities, Inc., Storage Equities became self-administered and self-managed, acquired substantially all of Public Storage Management 's United States real estate interests and was renamed Public Storage, Inc.

Our articles of incorporation and bylaws provide that, subject to certain exceptions, no holder may own, or be deemed to own by virtue of the attribution provisions of the Internal Revenue Code, more than (A) 2.0% of

## Table of Contents

the outstanding shares of our common stock and (B) 9.9% of the outstanding shares of each class or series of shares of our preferred stock or equity stock and that all shares of stock be imprinted with a legend setting forth that restriction. Our articles of incorporation provide, however, that no person will be deemed to exceed the ownership limit solely by reason of the beneficial ownership of shares of any class of stock to the extent that those shares of stock were beneficially owned by the person (including the Hughes family) after the merger with Public Storage Management. Thus, this limitation does not affect the ownership of common stock held by the Hughes family at the time of the merger. The ownership limitation is intended to preserve our REIT status in view of the Hughes family's substantial ownership interest in us. We cannot provide any assurance, however, that this ownership limit will enable us to satisfy the requirement that a REIT not be closely held within the meaning of Section 856(h) of the Internal Revenue Code for any given taxable year.

Our articles of incorporation and bylaws provide that our board of directors, in its sole and absolute discretion, may grant exceptions to the ownership limits, so long as (A) our board has determined that we would not be closely held within the meaning of Section 856(h) of the Internal Revenue Code (without regard to whether the event in question takes place during the second half of a taxable year) and would not otherwise fail to qualify as a REIT, after giving effect to an acquisition by an excepted person of beneficial ownership of the maximum amount of capital stock permitted as a result of the exception to be granted, and taking into account the existing and permitted ownership by other persons of stock (taking into account any other exceptions granted) and (B) the excepted persons provide to our board the representations and undertakings as our board may require. In any case, no holder may own or acquire, either directly, indirectly or constructively under the applicable attribution rules of the Internal Revenue Code, any shares of any class of capital stock if the ownership or acquisition (1) would cause more than 50% in value of our outstanding capital stock to be owned, either directly or constructively, under the applicable attribution rules of the Internal Revenue Code, by five or fewer individuals (as defined in the Internal Revenue Code to include certain tax-exempt entities, other than, in general, qualified domestic pension funds), (2) would result in our stock being beneficially owned by less than 100 persons (determined without reference to any rules of attribution), or (3) would otherwise result in our failing to qualify as a REIT.

Our articles of incorporation and bylaws generally provide that if any holder of capital stock purports to transfer shares to a person or there is a change in our capital structure, and either the transfer or the change in capital structure would result in our failing to qualify as a REIT, or the transfer or the change in capital structure would cause the transferee to hold shares in excess of the applicable ownership limit, then the shares causing the violation will be automatically transferred to a trust for the benefit of a designated charitable beneficiary. The purported transferee of those shares will have no right to receive dividends or other distributions with respect to them and will have no right to vote the shares. Any dividends or other distributions paid to the purported transferee prior to our discovery that the shares have been transferred to a trust will be paid to the trustee of the trust for the benefit of the charitable beneficiary upon demand. The trustee will designate a transferee of those shares so long as the shares would not violate the restrictions on ownership or transfer in our articles of incorporation in the hands of the designated transferee. Upon the sale of the shares, the purported transferee will receive out of any proceeds remaining after payment of expenses of the charitable trust and us the lesser of (A)(1) the price per share the purported transferee paid for the stock in the purported transfer that resulted in the transfer of the shares to the trust, or (2) if the transfer or other event that resulted in the transfer of the shares to the trust was not a transaction in which the purported transferee gave full value for the shares, a price per share equal to the market price on the date of the purported transfer or other event that resulted in the transfer of the shares to the trust and (B) the price per share received by the trustee from the sale or other disposition of the shares held in the trust. Each purported transferee will be deemed to have waived any claims the purported transferee may have against the trustee and us arising from the disposition of the shares, except for claims arising from the trustee's or our gross negligence, willful misconduct, or failure to make payments when required by our articles of incorporation.

In addition, our bylaws provide our board of directors with the power to prevent the transfer of shares of capital stock or to redeem shares of capital stock if the board of directors determines in good faith that the action is necessary to preserve our status as a REIT.

**Table of Contents**

**DESCRIPTION OF PREFERRED STOCK**

We are authorized to issue up to 50,000,000 shares of preferred stock, par value \$0.01 per share. At July 26, 2006, we had outstanding 1,723,236 shares of preferred stock and had reserved for issuance an additional 13,000 shares of preferred stock. Our articles of incorporation provide that the preferred stock may be issued from time to time in one or more series and give our board of directors broad authority to fix the dividend and distribution rights, conversion and voting rights, if any, redemption provisions and liquidation preferences of each series of preferred stock. Holders of preferred stock have no preemptive rights. The preferred stock will be, when issued, fully paid and nonassessable.

Although the issuance of preferred stock with special voting rights (or common stock) could be used to deter attempts to obtain control of us in transactions not approved by our board of directors, we have no present intention to issue stock for that purpose.

**Outstanding Preferred Stock**

At July 26, 2006, we had outstanding 18 series of preferred stock and had reserved for issuance, upon conversion of preferred units in one of our operating partnerships, two additional series. Each series (1) has a stated value of \$25 per share or depositary share, (2) in preference to the holders of shares of our common stock and any other capital stock ranking junior to our preferred stock as to payment of dividends, provides for cumulative quarterly dividends calculated as a percentage of the stated value (ranging from 6.125% to 8.600% per year) and (3) is subject to redemption, in whole or in part, at our option at a cash redemption price of \$25 per share or depositary share, plus accrued and unpaid dividends (on or after various dates between January 19, 2006 and May 9, 2011).

If we voluntarily or involuntarily liquidate, dissolve or wind up, the holders of the preferred stock will be entitled to receive out of our assets available for distribution to shareholders, before any assets are distributed to holders of our common stock or any other shares of capital stock ranking junior to the preferred stock, liquidating distributions equal to \$25 per share or depositary share, plus all accrued and unpaid dividends.
