ITEM 2.02. Results of Operations and Financial Condition.

Schedule of Segment Revenue and Income from Continuing Operations by Quarter for the 2006 and 2005 Fiscal Years

Marriott International, Inc. (the Company) published, in its 2006 Annual Report on Form 10-K (2006 Form 10-K), its segment results in a format which was not included in previously issued reports. The new segment format reflects the Company's revised business segments as further described in the 2006 Form 10-K. This new format only resulted in new segments and classifications and did not result in any changes to the Company's previously reported consolidated revenues or earnings. The Company today is furnishing its quarterly Revenues and Income from Continuing Operations for each of 2006 and 2005 in the new segment format in order to provide comparable quarterly information.

We evaluate the performance of our segments based primarily on the results of the segment without allocating corporate expenses, interest expense or indirect general, administrative and other expenses. With the exception of the Synthetic Fuel segment, we do not allocate income taxes or interest income to our segments. As note sales are an integral part of the Timeshare segment, we include note sale gains in our Timeshare segment results, and we allocate other gains and losses as well as equity earnings or losses from our joint ventures and divisional general, administrative and other expenses to each of our segments. Other unallocated corporate represents that portion of our revenues, general, administrative and other expenses, equity in earnings or losses, and other gains or losses that are not allocable to our segments.

A copy of the Schedule of Segment Revenues and Income from Continuing Operations by Quarter for each of the 2006 and 2005 Fiscal Years is attached as Exhibit 99 and incorporated by reference.

ITEM 9.01. Financial Statements and Exhibits.
