ANNOUNCEMENT OF FINANCIAL RESULTS

(Note: Dollar amounts for the most recent period have been translated for convenience at the rate of U.S.\$1.00 = 118 yen.)

MATSUSHITA REPORTS ANNUAL NET PROFIT INCREASE

- Sales and earnings up for five consecutive year -

Osaka, Japan, April 27, 2007 Matsushita Electric Industrial Co., Ltd. (Matsushita [NYSE symbol: MC]) today reported its consolidated financial results for the year ended March 31, 2007 (fiscal 2007).

Consolidated Results

Consolidated group sales for fiscal 2007 increased 2% to 9,108.2 billion yen (U.S.\$77.19 billion), from 8,894.3 billion yen in the previous fiscal year. Explaining fiscal 2007 results, the company cited sales gains in digital products, especially V-products. Of the consolidated group total, domestic sales amounted to 4,616.5 billion yen (\$39.12 billion), mostly unchanged from 4,611.4 billion yen a year ago. Overseas sales increased 5% to 4,491.7 billion yen (\$38.07 billion), from 4,282.9 billion yen in fiscal 2006, ended March 31, 2006.

Table of Contents

-2-

During the fiscal year under review, the electronics industry faced severe business conditions in Japan and overseas, due mainly to rising prices for crude oil and other raw materials and continued price declines caused by ever-intensified global competition, mainly in digital products. Under these circumstances, in fiscal 2007, the final year of the mid-term management plan Leap Ahead 21, Matsushita has implemented growth strategies and strengthened management structures, thereby achieving a target of the plan.

As part of such efforts, the company aggressively launched and promoted a new series of V-products to capture leading market shares and make a significant contribution to overall business results. Aiming to reinforce its management structures, the company has made all-out efforts to reduce raw materials costs and eliminate redundancies throughout the Matsushita Group.

Regarding earnings, operating profit¹ for this fiscal year was up 11%, to 459.5 billion yen (\$3.89 billion), from 414.3 billion yen in the previous year, despite the effects from rising raw materials prices and ever-intensified global price competition. This improvement was due primarily to the cost reduction efforts including materials costs and fixed costs, and a weaker yen. In other income (deductions), the company recorded gains on the sale of the investments regarding cable broadcasting business and proceeds from tangible fixed assets, and incurred restructuring expenses, including 14.2 billion yen (\$120 million) associated with the implementation of early retirement programs, and impairment losses. These factors, as well as increased operating profit, led to a consolidated pre-tax income of 439.1 billion yen (\$3.72 billion), up 18% from 371.3 billion yen in the previous year. Net income also increased 41% to 217.2 billion yen (\$1.84 billion), from 154.4 billion yen from a year ago. The company's net income per common share was 99.50 yen (\$0.84) on a diluted basis, versus 69.48 yen in the previous year.

¹ For information about operating profit, see Note 2 of the Notes to consolidated financial statements on page 13.

Table of Contents

-3-

Consolidated Sales Breakdown by Product Category

The company's annual consolidated sales by product category, as compared with prior year amounts, are summarized as follows:

AVC Networks

AVC Networks sales increased 2% to 3,749.4 billion yen (\$31.78 billion), from 3,688.3 billion yen in the previous year. Sales of video and audio equipment increased 6% from the previous year, due mainly to strong sales in digital AV products such as flat-panel TVs and digital cameras. Sales of information and communications equipment decreased 2% to 2,079.1 billion yen (\$17.62 billion), compared with 2,111.8 billion yen a year ago. Sluggish sales of mobile phones in Japan and overseas for the fiscal year, despite increased sales in automotive electronics, led to overall lower sales in this category.

Home Appliances

Sales of Home Appliances increased 4% to 1,227.4 billion yen (\$10.40 billion), compared with 1,183.1 billion yen in the previous year, due mainly to favorable sales of air conditioners and compressors.

Components and Devices

Sales of Components and Devices were also up 4% to 1,126.9 billion yen (\$9.55 billion), compared with 1,086.6 billion yen in the previous year, due mainly to favorable sales in general electronic components.

MEW and PanaHome

Sales of MEW and PanaHome increased 8% to 1,698.1 billion yen (\$14.39 billion), from 1,570.8 billion yen a year ago. At Matsushita Electric Works, Ltd. (MEW) and its subsidiaries, sales gains were recorded in electrical construction materials and electronic and plastic materials. At PanaHome Corporation, sales of detached housing were favorable, contributing to overall increased sales.

Table of Contents

-4-

JVC

Sales for JVC (Victor Company of Japan, Ltd. and its subsidiaries) totaled 638.6 billion yen (\$5.41 billion), down 9% from 699.0 billion yen in the previous year. This result was due primarily to sluggish sales of AV equipment.

Other

Sales for Other totaled 667.8 billion yen (\$5.66 billion), mostly unchanged from a year ago.

Non-Consolidated (Parent Company Alone) Results²

Parent-alone sales increased 6% to 4,746.9 billion yen, from 4,472.6 billion yen in the previous year. Regarding parent-alone earnings, operating profit totaled 142.0 billion yen, up 15% from 123.2 billion yen in fiscal 2006. This increase was realized mainly by sales gains and various comprehensive cost reduction initiatives, despite price declines. Recurring profit decreased 35% to 141.6 billion yen, from 216.4 billion yen in the previous year. Despite an increase in operating profit, a decrease in dividend income from affiliates led to lower recurring profit, compared with the previous year. Parent-alone net income increased 383% to 98.8 billion yen, from 20.4 billion yen in the previous year, including gains from the sale of securities of its affiliated company which operates a cable broadcasting business.

Consolidated Financial Condition

Net cash provided by operating activities in fiscal 2007 amounted to 532.6 billion yen (\$4.51 billion). This was attributable primarily to cash inflows from net income and depreciation. Net cash used in investing activities amounted to 567.8 billion yen (\$4.81 billion). Capital expenditures for tangible fixed assets were 411.3 billion yen (\$3.49 billion), mainly consisting of manufacturing facilities for priority business areas such as plasma display panels (PDPs) and semiconductors, while time deposits increased 223.8 billion yen (\$1.90 billion) from the end of fiscal 2006 (March 31, 2006). Net cash used in financing activities was 427.7 billion yen (\$3.62 billion). Major factors included the repurchase of the company's common stock and the repayment of long-term debt. All these activities resulted in cash and cash equivalents of 1,236.6 billion yen (\$10.48 billion) at the end of fiscal 2007, down 430.8 billion yen compared with the end of the last fiscal year.

² Non-consolidated (parent company alone) results are in conformity with Japanese generally accepted accounting principles.

Table of Contents

-5-

The company's consolidated total assets as of March 31, 2007 decreased 67.7 billion yen to 7,897.0 billion yen (\$66.92 billion), as compared with 7,964.6 billion yen at the end of the last fiscal year (March 31, 2006). Stockholders' equity increased 129.1 billion yen, as compared with the end of the last fiscal year, to 3,916.7 billion yen (\$33.19 billion) as of March 31, 2007. This was due primarily to increases in retained earnings and accumulated other comprehensive income, despite an increase in treasury stock on continued repurchases of the company's own shares.

Year-end Dividend

Total dividends for fiscal 2007, ended March 31, 2007, including an interim dividend of 15 yen per common share paid in November 2006, are expected to be 30 yen per common share, as compared with total dividends of 20 yen for fiscal 2006.

Outlook for Fiscal 2008

Regarding the business environment for the fiscal 2008 ending March 31, 2008, the company currently expects to encounter severe conditions, such as continuing price declines and rising crude oil and other raw materials prices, as well as concerns about the global economic conditions, mainly in the United States. Under these circumstances, in fiscal 2008, the first year of the mid-term management plan GP3, Matsushita will actively implement initiatives to accelerate its growth strategies, aiming at steady growth with profitability. The company currently expects fiscal 2008 sales on a consolidated basis to total approximately 9,250 billion yen, an increase of 2% from the previous fiscal year. Consolidated operating profit is forecasted to increase by about 9% to 500 billion yen. Consolidated income before income taxes³ is anticipated to increase to 460 billion yen, up 5%, with net income expected to improve to 250 billion yen, an increase of 15% from the previous fiscal year.

³ Factors affecting the forecast for other income (deductions) of 40 billion yen (the difference between operating profit and income before income taxes) include business restructuring charges of 45 billion yen and other income of 5 billion yen.

Disclaimer Regarding Forward-Looking Statements

This press release includes forward-looking statements (within the meaning of Section 27A of the U.S. Securities Act of 1933 and Section 21E of the U.S. Securities Exchange Act of 1934) about Matsushita and its Group companies (the Matsushita Group). To the extent that statements in this press release do not relate to historical or current facts, they constitute forward-looking statements. These forward-looking statements are based on the current assumptions and beliefs of the Matsushita Group in light of the information currently available to it, and involve known and unknown risks, uncertainties and other factors. Such risks, uncertainties and other factors may cause the Matsushita Group's actual results, performance, achievements or financial position to be materially different from any future results, performance, achievements or financial position expressed or implied by these forward-looking statements. Matsushita undertakes no obligation to publicly update any forward-looking statements after the date of this press release. Investors are advised to consult any further disclosures by Matsushita in its subsequent filings with the U.S. Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934.

The risks, uncertainties and other factors referred to above include, but are not limited to, economic conditions, particularly consumer spending and corporate capital expenditures in the United States, Europe, Japan, China and other Asian countries; volatility in demand for electronic equipment and components from business and industrial customers, as well as consumers in many product and geographical markets; currency rate fluctuations, notably between the yen, the U.S. dollar, the euro, the Chinese yuan, Asian currencies and other currencies in which the Matsushita Group operates businesses, or in which assets and liabilities of the Matsushita Group are denominated; the ability of the Matsushita Group to respond to rapid technological changes and changing consumer preferences with timely and cost-effective introductions of new products in markets that are highly competitive in terms of both price and technology; the ability of the Matsushita Group to achieve its business objectives through joint ventures and other collaborative agreements with other companies; the ability of the Matsushita Group to maintain competitive strength in many product and geographical areas; the possibility of incurring expenses resulting from any defects in products or services of the Matsushita Group; the possibility that the Matsushita Group may face intellectual property infringement claims by third parties; current and potential, direct and indirect restrictions imposed by other countries over trade, manufacturing, labor and operations; fluctuations in market prices of securities and other assets in which the Matsushita Group has holdings or changes in valuation of long-lived assets, including property, plant and equipment and goodwill, and deferred tax assets; future changes or revisions to accounting policies or accounting rules; as well as natural disasters including earthquakes and other events that may negatively impact business activities of the Matsushita Group. The factors listed above are not all-inclusive and further information is contained in Matsushita's latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission.

Table of Contents

-13-

Notes to consolidated financial statements:

1. The company's consolidated financial statements are prepared in conformity with U.S. generally accepted accounting principles (U.S. GAAP).
2. In order to be consistent with generally accepted financial reporting practices in Japan, operating profit is presented as net sales less cost of sales and selling, general and administrative expenses. The company believes that this is useful to investors in comparing the company's financial results with those of other Japanese companies. Please refer to the accompanying consolidated statement of income and Note 6 for U.S. GAAP reconciliation.
3. Comprehensive income was reported as a gain of 350,401 million yen (\$2,970 million) for fiscal 2007, and a gain of 366,668 million yen for fiscal 2006. Comprehensive income includes net income and increases (decreases) in cumulative translation adjustments, unrealized holding gains of available-for-sale securities, unrealized gains of certain derivative instruments and minimum pension liability adjustments as well as pension liability adjustments.
4. Per share data (Year ended March 31)

	2007	2006	2007
Net income (millions of yen)	¥217,185	¥154,410	\$ 1,841 million

Diluted	99.50 yen	69.48 yen	\$0.84

5. On April 1, 2005, Matsushita sold approximately 2,707 thousand shares of Matsushita Leasing & Credit Co., Ltd. (MLC) to The Sumitomo Trust & Banking Co., Ltd. (STB) for cash proceeds of 27,756 million yen, and recorded a gain of 10,313 million yen, pursuant to a basic agreement regarding the equity ownership of MLC concluded between the company and STB. As a result of the sale, Matsushita now owns 34% of MLC's total issued shares. MLC (renamed Sumishin Matsushita Financial Services Co., Ltd. on May 1, 2005) was changed from a consolidated subsidiary to an equity method investee of Matsushita as of April 1, 2005.
6. Under U.S. GAAP, expenses associated with the implementation of early retirement programs at certain domestic and overseas companies are included as part of operating profit in the statement of income.
7. Regarding consolidated segment profit, expenses for basic research and administrative expenses at the corporate headquarters level are treated as unallocatable expenses for each business segment, and are included in Corporate and eliminations.

8. The company's business segments are classified according to a business domain-based management system, which focuses on global consolidated management by each business domain, in order to ensure consistency of its internal management structure and disclosure.

Table of Contents

Significant Accounting Policies:

1. Basis of Presentation of Consolidated Financial Statements

The company's consolidated financial statements are prepared in conformity with U.S. generally accepted accounting principles. See Note 2 of Notes to consolidated financial statements on page 13.

2. Inventories

Finished goods and work in process are stated at the lower of cost (average) or market. Raw materials are stated at cost, principally on a first-in, first-out basis, not in excess of current replacement cost.

3. Marketable Securities

The company accounts for debt and equity securities in accordance with Statement of Financial Accounting Standards (SFAS) No.115, Accounting for Certain Investments in Debt and Equity Securities.

4. Property, Plant and Equipment, and Depreciation

Property, plant and equipment is stated at cost. Depreciation is computed primarily using the declining balance method.

5. Leases

The company accounts for leases in accordance with SFAS No. 13, Accounting for Leases.

6. Income Taxes

Income taxes are accounted for under the asset and liability method. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the fiscal year that includes the enactment date.

7. Retirement and Severance Benefits

The company accounts for retirement and severance benefits in accordance with SFAS No. 87, Employers' Accounting for Pensions and SFAS No. 158, Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans.

Adoption of new accounting pronouncement

On March 31, 2007, the company adopted SFAS 158. As a result, the company recognized the funded status (i.e., the difference between the fair value of plan assets and the projected benefit obligations) of its pension plans in the March 31, 2007 consolidated balance sheet, with a corresponding adjustment to accumulated other comprehensive income (loss), net of tax. The adjustment to accumulated other comprehensive income (loss) at adoption represents the unrecognized actuarial loss and unrecognized prior service cost, both of which were previously netted against the plans' funded status in the consolidated balance sheet pursuant to the provision of SFAS 87. This change had no effect on the

company's consolidated profit and loss.

8. Derivative Financial Instruments

The company accounts for derivative financial instruments in accordance with SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities.

Management Policy

(1) Basic Policy for Corporate Management

Since its establishment, Matsushita has operated its businesses under its basic management philosophy, which sets forth that the mission of a business enterprise is to contribute to the progress and development of society and the well-being of people through its business activities, thereby enhancing the quality of life throughout the world. Aiming to grow further to become a global excellent company, Matsushita will work to deliver sustained growth in corporate value to satisfy its shareholders, investors, customers, business partners and all other stakeholders.

(2) Basic Policy for Providing Return to Shareholders

Since its establishment, Matsushita has managed its businesses in a manner reflecting the company's belief in the importance of returning profits to shareholders. Along with the implementation of a mid-term growth strategy since fiscal 2005, ended March 2005, the company has implemented a proactive and comprehensive profit return to shareholders through dividend payments and own share repurchases, upon careful consideration of its consolidated business performance.

From the perspective of return on the capital investment made by shareholders, Matsushita, in principle, distributes profits to shareholders based on its consolidated business performance. As the result of growth strategies in GP3 plan, a new mid-term management plan to be completed by March 2010, Matsushita will aim for stable and continuous growth in dividends based on consolidated net income. The company is also targeting a dividend payout ratio of between 30% and 40% with respect to consolidated net income.

Regarding own share repurchases, the company plans to use cash flows generated by the GP3 plan to flexibly repurchase its own shares in order to increase shareholder value per share and profitability on capital, while at the same time taking into consideration strategic investments and the company's financial condition.

In line with the policy described above, for fiscal 2007, ended March 31, 2007, Matsushita plans to pay total cash dividends per share of 30 yen, comprising an interim dividend of 15 yen per share paid on November 30, 2006, and a year-end dividend of 15 yen per share. For fiscal 2008, ending March 31, 2008, Matsushita plans to increase an interim cash dividend from 15 yen per share in fiscal 2007, to 17.50 yen per share in fiscal 2008, and also plans to increase a year-end cash dividend from 15 yen per share in fiscal 2007, to 17.50 yen per share in fiscal 2008. If implemented, total cash dividends for fiscal 2008 will be 35 yen per share.

For details about own share repurchases for fiscal 2008, see separate press release issued today [Matsushita to Execute Own Share Repurchase](#).

Table of Contents

-20-

(3) Policy on Reduction of the Share Trading Unit Size

Matsushita recognizes the importance of increased participation in capital markets by individual investors, and has implemented various measures with individual shareholders in mind. Some of these include renewal of the company's investor relations website, more detailed business reports to shareholders and improved general shareholder meeting arrangements.

Since Matsushita is aware that a reduction in the share trading unit size is an effective method for broadening its individual shareholder base, the company will continue to study as to whether or not it should avail itself to reduce the number of shares per unit for trading (1 share trading unit) on stock markets in Japan while carefully examining the trends of capital markets and individual shareholders, and introduction of nonissuance of stock certificate.

(4) Corporate Management Strategies and Challenges

In fiscal 2008, the outlook for the global economy, centered on the United States, remains uncertain due to the continued risk of rising prices for crude oil and other raw materials. In the electronics industry, while a significant growth is not expected in major industrialized markets, rapid expansion in emerging markets such as BRICs (Brazil, Russia, India, China) is expected to continue.

In recent years, the Matsushita Group has been promoting fundamental management reforms. From fiscal 2008, the Group will move into a new phase of promoting full-fledged growth strategies. In line with its twin corporate vision of contributing to realizing a ubiquitous networking society and coexistence with the global environment, Matsushita aims to earn the support of all its stakeholders worldwide by sustaining growth through continued innovation and ensuring sound business activities on a global basis.

Table of Contents

-21-

To realize these objectives, Matsushita has announced the GP3 plan, a new mid-term management plan to be completed by March 2010. Based on the basic policy of achieving steady growth with profitability, Matsushita will implement a range of concrete initiatives to achieve 10 trillion yen in sales, representing growth, and ROE of 10%, measuring capital efficiency, which have been established as two criteria in the GP3 plan.

Matsushita will place a particular emphasis on three priority themes for its mid-term growth strategies: double-digit growth in overseas sales, four strategic businesses, and continuous selection and concentration. First, Matsushita will aim for double-digit growth in overseas sales of consumer products by enhancing marketing tailored to regional characteristics. Second, with regard to four strategic businesses, Matsushita will focus on its digital AV business, automotive electronics business, businesses providing comfortable living, and semiconductors and other devices businesses. Through collaboration between these businesses, the Company will strive to expand synergies, while making every effort to drive steady growth in each business. Finally, Matsushita will work to establish strong businesses through selection and concentration of its management resources on prioritized business areas, taking into consideration the characteristics and growth stages of these businesses. In particular, Matsushita will continue aggressive strategic investment in growing businesses and R&D for prioritized themes.

In addition, Matsushita will implement Groupwide innovation activities toward the realization of a manufacturing-oriented company. Matsushita defines the concept of a manufacturing-oriented company as one that combines all the business activities of the Group toward the launch of products, thereby contributing to the creation of customer value. Accordingly, Matsushita will seek to optimize all elements of its operations, centered on products, and implement innovative measures to enhance the quality of Groupwide management, thereby stimulating and streamlining the efficiency of manufacturing processes.

Table of Contents

-22-

In fiscal 2008, the first year of the GP3 plan, Matsushita will strengthen measures to accelerate growth. Regarding V-products, which are the core of its growth strategies, Matsushita aims to achieve sales of approximately 2 trillion yen in a total of 73 product categories. In overseas businesses, aiming to increase sales in the above-mentioned emerging markets in addition to North America and Europe, Matsushita will set up the Russia Division, the India Coordination Department, and the Brazil Coordination Department. Matsushita will also provide management resources to implement the marketing of cutting-edge products focused on wealthier consumers. Meanwhile, Matsushita will establish the Manufacturing Innovation Division, which will be responsible for extending its most advanced innovation initiatives across the Group and ensuring the highest level of standardization. The division will also promote cooperation across business fields and operating regions to strengthen competitiveness, including cost performance, in areas such as design and quality, procurement, logistics and overseas sales.

From the perspective of shareholder-oriented management, Matsushita will continue to proactively return profits to shareholders. Specifically, the Company will comprehensively provide shareholder return in the form of cash dividends based on the results of the growth strategies, and its own share repurchases. In terms of product quality issues, in addition to its commitment to the idea that safety and quality come first from the product design stage, Matsushita will continue to take all possible measures, such as the analysis of product age-related degradation and user environments, to ensure the quality and safety of products.

Notes:

1.

Edgar Filing: MATSUSHITA ELECTRIC INDUSTRIAL CO LTD - Form 6-K

The company transferred its healthcare business to its consolidated subsidiary Panasonic Shikoku Electronics Co., Ltd. at April 1, 2007. Accordingly, the year-on-year figures for the AVC Networks and Home Appliances segments are based on the reclassified fiscal 2007 sales results for those product categories.

2. Victor Company of Japan, Ltd. (JVC) has not yet announced its forecasts including sales for the year ending March 31, 2008 as of April 27, 2007. Therefore, the company will not disclose forecasts for JVC as a single segment but will state JVC and Other together, as JVC and Other. This does not mean a change of business segment. Sales forecasts for JVC for fiscal 2008 is based on the company's own information that is currently available as of April 27, 2007, and does not have any bearing on financial forecasts which JVC will announce in the future. This proviso applies to the forecasts related to JVC which are contained in the accompanying Segment Information and Capital Investment, Depreciation and R&D Expenditures.

** Stockholders' equity is calculated according to U.S. generally accepted accounting principles (U.S. GAAP).

Table of Contents**8. Annual Forecast for Fiscal 2008, ending March 31, 2008**

<Consolidated>

yen (billions)

	Fiscal 2007 Results		Fiscal 2008 Forecast	
		07/06		08/07
Sales	9,108.2	102%	9,250.0	102%
Operating profit *	459.5	111%	500.0**	109%
(% of Sales)	(5.0)%		(5.4)%	
Income before income taxes	439.1	118%	460.0**	105%
(% of Sales)	(4.8)%		(5.0)%	
Net income	217.2	141%	250.0	115%
(% of Sales)	(2.4)%		(2.7)%	

* In order to be consistent with generally accepted financial reporting practices in Japan, operating profit is presented as net sales less cost of sales and selling, general and administrative expenses. The company believes that this is useful to investors in comparing the company's financial results with those of other Japanese companies.

** Factors affecting the forecast for other income (deductions) of 40.0 billion yen (the difference between operating profit and income before income taxes) include business restructuring charges of 45.0 billion yen and other income of 5.0 billion yen.

Disclaimer Regarding Forward-Looking Statements

This document includes forward-looking statements (within the meaning of Section 27A of the U.S. Securities Act of 1933 and Section 21E of the U.S. Securities Exchange Act of 1934) about Matsushita and its Group companies (the Matsushita Group). To the extent that statements in this document do not relate to historical or current facts, they constitute forward-looking statements. These forward-looking statements are based on the current assumptions and beliefs of the Matsushita Group in light of the information currently available to it, and involve known and unknown risks, uncertainties and other factors. Such risks, uncertainties and other factors may cause the Matsushita Group's actual results, performance, achievements or financial position to be materially different from any future results, performance, achievements or financial position expressed or implied by these forward-looking statements. Matsushita undertakes no obligation to publicly update any forward-looking statements after the date of this document. Investors are advised to consult any further disclosures by Matsushita in its subsequent filings with the U.S. Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934.

The risks, uncertainties and other factors referred to above include, but are not limited to, economic conditions, particularly consumer spending and corporate capital expenditures in the United States, Europe, Japan, China and other Asian countries; volatility in demand for electronic equipment and components from business and industrial customers, as well as consumers in many product and geographical markets; currency rate fluctuations, notably between the yen, the U.S. dollar, the euro, the Chinese yuan, Asian currencies and other currencies in which the Matsushita Group operates businesses, or in which assets and liabilities of the Matsushita Group are denominated; the ability of the Matsushita Group to respond to rapid technological changes and changing consumer preferences with timely and cost-effective introductions of new products in markets that are highly competitive in terms of both price and technology; the ability of the Matsushita Group to achieve its business objectives through joint ventures and other collaborative agreements with other companies; the ability of the Matsushita Group to maintain competitive strength in many product and geographical areas; the possibility of incurring expenses resulting from any defects in products or services of the Matsushita Group; the possibility that the Matsushita Group may face intellectual property infringement claims by third parties; current and potential, direct and indirect restrictions imposed by other countries over trade, manufacturing, labor and operations; fluctuations in market prices of securities and other assets in which the Matsushita Group has holdings or changes in valuation of long-lived assets, including property, plant and equipment and goodwill, and deferred tax assets; future changes or revisions to accounting policies or accounting rules; as well as natural disasters including earthquakes and other events that may negatively impact business activities of the Matsushita Group. The factors listed above are not all-inclusive and further information is contained in Matsushita's latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission.

Under the collaboration with MEW, the company reorganized business and sales channels in such areas as electrical construction materials, building equipment and home appliances. Accordingly, the year-on-year figures for the Home Appliances and MEW and PanaHome segments are based on the reclassified fiscal 2005 sales results for those product categories.

Matsushita Announces Shelf Registration of Stock Acquisition Rights

Osaka, Japan, April 27, 2007 Matsushita Electric Industrial Co., Ltd. (Matsushita [NYSE symbol: MC]), best known for its Panasonic brand, announced that its Board of Directors today resolved to file a shelf registration statement with the Japanese regulatory authorities for possible issues of stock acquisition rights.

Details are as follows:

1. Type of Securities : Stock acquisition rights
2. Issuable period : 2 years from the effective date of the shelf registration of stock acquisition rights (from May 10, 2007 to May 9, 2009)
3. Method of offering : Rights offering to shareholders
4. Issuable amount : 5 billion yen
(Issuable amount is the total amount to be paid upon exercise of all stock acquisition rights. The issue price of a stock acquisition right is zero yen.)

As announced in a separate press release issued today (see press release Matsushita Announces Continuation of Policy toward Large-scale Purchases of Company's Shares [ESV* Plan]), Matsushita's Board of Directors decided to continue the ESV Plan, which was originally announced on April 28, 2005 and the continuation thereof was subsequently announced on April 28, 2006. The ESV Plan outlines the rules regarding large-scale purchases of Matsushita shares, and in such a case as non-compliance with these rules, Matsushita may implement certain countermeasures. The issuance of stock acquisition rights is one possible countermeasure in such cases, and this shelf registration enables Matsushita to promptly issue stock acquisition rights, if it deems necessary. For further details of the ESV plan, refer to the aforementioned separate press release.

* ESV stands for Enhancement of Shareholder Value.

Matsushita Announces Continuation of Policy toward

Large-scale Purchases of Company's Shares [ESV plan]

Osaka, Japan, April 27, 2007 Matsushita Electric Industrial Co., Ltd. (Matsushita [NYSE symbol: MC]), best known for its Panasonic brand, today announced that its Board of Directors has decided to continue the company's policy toward Large-scale Purchases of Matsushita shares. This policy, called the ESV (Enhancement of Shareholder Value) Plan, was originally announced on April 28, 2005, and the continuation thereof was subsequently announced on April 28, 2006. As stated in the April 28, 2005 press release, the ESV Plan reflects Matsushita's policy toward:

- (i) a purchase of Matsushita shares by a group of shareholders¹ with the intent to hold 20% or more of the total voting rights² of Matsushita, or

- (ii) a purchase of Matsushita shares resulting in a group of shareholders holding 20% or more of the total voting rights of Matsushita. (The ESV Plan does not apply to cases where Matsushita's Board of Directors has given consent in advance of purchases set out in (i) or (ii) above.)

Table of Contents

-2-

In the following outline of the details of the ESV Plan, a purchase of Matsushita shares set out in (i) or (ii) above shall be referred to as a Large-scale Purchase, and a person or a company that intends to conduct a Large-scale Purchase shall be referred to as the Large-scale Purchaser.

1. Basic Philosophy

Matsushita's Board of Directors believes that the company's shareholders should make the final decisions as to whether or not a Large-scale Purchase is acceptable. If a Large-scale Purchase is to be conducted, sufficient information should be provided through the Board of Directors to shareholders so that they may make appropriate decisions. The Board of Directors intends to assess and examine any proposed Large-scale Purchase after the information on such Large-scale Purchase is provided, and subsequently to disclose the opinion of the Board of Directors, to assist shareholders in making their decisions. The Board of Directors may negotiate with the Large-scale Purchaser or offer alternative plans to shareholders, if it is deemed necessary.

The Matsushita Group recorded consolidated net sales of 9,108.2 billion yen (U.S.\$77.19 billion) for fiscal 2007, ended March 31, 2007, and consists of 652 consolidated subsidiaries and 328,645 employees on a consolidated basis, as of March 31, 2007. Taking into account the scale of the company's operations and the wide range of its business fields, Matsushita believes it would be helpful for shareholders to receive proper information from both the Large-scale Purchaser and the Board of Directors so that they may examine the terms of the Large-scale Purchase that may have an impact on the management of the company, including the adequacy of the purchase price. The company believes that if a Large-scale Purchase is to be conducted, shareholders should be made aware of its potential impact on the future management of the Matsushita Group, as well as management policies and business plans that the Large-scale Purchaser wishes to adopt, and the influence on other various stakeholders such as customers and employees, in order to determine whether or not the Large-scale Purchase is acceptable.

Table of Contents

-3-

Under the basic philosophy mentioned above, Matsushita's Board of Directors has established rules concerning Large-scale Purchases of Matsushita shares (hereinafter referred to as the Large-scale Purchase Rules) as described below. The Board of Directors will require any Large-scale Purchaser to comply with these rules. If the Large-scale Purchaser does not comply with these rules, the Board of Directors intends to take certain countermeasures.

For your information, please refer to the major shareholders of Matsushita as described in attachment 1 hereto. Also, please note that Matsushita has not yet received any specific proposals for a Large-scale Purchase as of April 27, 2007.

2. Large-scale Purchase Rules

Matsushita's Board of Directors believes that a Large-scale Purchaser should comply with the Large-scale Purchase Rules for the benefit of all shareholders of Matsushita. The Large-scale Purchase Rules require that (i) a Large-scale Purchaser provide sufficient information to the Board of Directors, and (ii) a Large-scale Purchaser be permitted to commence the Large-scale Purchase only after the prescribed period during which the Board of Directors assesses the Large-scale Purchase.

First, a Large-scale Purchaser is required to provide Matsushita's Board of Directors with sufficient information (hereinafter referred to as the Large-scale Purchase Information) so that the company's shareholders may make decisions and the Board of Directors may form its opinion regarding such Large-scale Purchase. The Large-scale Purchase Information includes the followings:

- (1) an outline of the Large-scale Purchaser and its group;
- (2) the purposes and conditions of the Large-scale Purchase;
- (3) the basis for determination of the purchase price and funds for purchase; and
- (4) management policies and business plans which the Large-scale Purchaser intends to adopt after the completion of the Large-scale Purchase.

Table of Contents

-4-

Since details of the Large-scale Purchase Information may vary depending on each specific Large-scale Purchase, the Board of Directors, first of all, requires the Large-scale Purchaser to submit to Matsushita a letter of intention to comply with the Large-scale Purchase Rules, specifying the name of the Large-scale Purchaser, address, governing law of incorporation, the name of the representative, contact details in Japan and an outline of the proposed Large-scale Purchase. Within five business days after receipt of such letter, the Board of Directors will deliver to the Large-scale Purchaser a list of the Large-scale Purchase Information to be initially provided by the Large-scale Purchaser. If the information initially provided by the Large-scale Purchaser is deemed insufficient as Large-scale Purchase Information, the Board of Directors may request additional information until it receives sufficient information with such decision made by referring to advice from outside professionals, such as lawyers and financial advisors and fully respecting the opinions of outside directors and corporate auditors. The Board of Directors will disclose the proposed Large-scale Purchase and all or part of the Large-scale Purchase Information submitted to the Board of Directors at the time it deems appropriate, if such disclosure is considered necessary for shareholders to make decisions.

After all the Large-scale Purchase Information is provided, Matsushita's Board of Directors should be allowed a sixty day period (in the case of the purchase of all Matsushita shares by a tender offer with cash-only (yen) consideration) or a ninety day period (in the case of any other Large-scale Purchase), depending on the difficulty level of assessment, as the period during which it will assess, examine, negotiate, form an opinion and seek alternatives (hereinafter referred to as the Assessment Period). The Large-scale Purchase, therefore, shall be commenced only after the Assessment Period has elapsed. The Board of Directors will thoroughly assess and examine the Large-scale Purchase Information with advice from outside professionals during the Assessment Period, and disclose its opinion.

As mentioned above, the Board of Directors may negotiate with the Large-scale Purchaser in order to improve the terms of the proposed Large-scale Purchase or it may offer alternative plans to shareholders, as necessary.

Table of Contents

-5-

3. Countermeasures against non-compliance with the Large-scale Purchase Rules

The ESV Plan includes countermeasures to be taken in the event of non-compliance with the Large-scale Purchase Rules. In the ESV Plan, non-compliance with the Large-scale Purchase Rules is the condition triggering Matsushita's countermeasures, in principle.

If a Large-scale Purchaser does not comply with the Large-scale Purchase Rules, Matsushita's Board of Directors may take countermeasures against the Large-scale Purchaser to protect the interests of all shareholders. Countermeasures include the implementation of stock splits, issuance of stock acquisition rights or any other measures that the Board of Directors is permitted to take under the Company Law in Japan or other laws and the company's articles of incorporation. The Board of Directors will make decisions relating to countermeasures by referring to advice from outside professionals, such as lawyers and financial advisers and fully respecting the opinions of outside directors and corporate auditors. The Board of Directors will adopt specific countermeasures which it deems appropriate at that time. If the Board of Directors elects to make a stock split for shareholders as of a certain record date, the maximum ratio of the stock split shall be five-for-one. If the Board of Directors elects to issue stock acquisition rights in a rights offering, the outline of the issuance thereof shall be as described in attachment 2 hereto. If the Board of Directors elects to issue stock acquisition rights as a countermeasure, it may determine the exercise period and exercise conditions of the stock acquisition rights in consideration of the effectiveness thereof as a countermeasure, such as the condition not to belong to a specific group of shareholders including a Large-scale Purchaser.

The purpose of the Large-scale Purchase Rules is to provide an opportunity for Matsushita's shareholders to receive necessary information about the Large-scale Purchase, as well as the opinion and any alternative plans from Matsushita's Board of Directors, in order to determine whether or not the Large-scale Purchase is acceptable. Matsushita believes these rules will benefit shareholders by providing them with sufficient information to make a decision about a Large-scale Purchase that may have an impact on the management of the company. If a Large-scale Purchaser complies with the Large-scale Purchase Rules, the Board of Directors does not intend to prevent the Large-scale Purchase at its own discretion, unless it is clear that such Large-scale Purchase will cause irreparable damage or loss to Matsushita. To this extent, the ESV Plan is essentially different from other defense measures, which have the purpose of preventing a Large-scale Purchase based on the Board of Directors judgment and evaluation of the Large-scale Purchase. As an exception, however, in the event that it is clear to the Board of Directors that a Large-scale Purchase will cause irreparable damage or loss to Matsushita and as a result, the Board of Directors makes a decision to take countermeasures to prevent such Large-scale Purchase, the Board of Directors will disclose such decision in a timely and appropriate manner. On making such a decision, the Board of Directors will refer to advice from outside professionals, such as lawyers and financial advisers and fully respect the opinions of outside directors and corporate auditors.

Table of Contents

-6-

The company believes that the establishment of the Large-scale Purchase Rules and countermeasures to be taken in the event of non-compliance with such rules are reasonable and appropriate in order to protect the legitimate interests of all Matsushita shareholders. The company recognizes that the aforementioned countermeasures may cause damage or loss, economic or otherwise, to a prospective Large-scale Purchaser who does not comply with the Large-scale Purchase Rules. Thus, the company is hereby advising in advance against commencing a Large-scale Purchase that does not comply with the Large-scale Purchase Rules.

4. Effect on Matsushita's shareholders and investors

Matsushita does not anticipate that taking countermeasures will cause shareholders, other than the Large-scale Purchaser, economic damage or loss of any rights, however, in the event that the Board of Directors determines to take a specific countermeasure, the Board of Directors will disclose such countermeasure in a timely and appropriate manner, pursuant to relevant laws and stock exchange regulations. Regarding necessary procedures for shareholders in the event that a specific countermeasure is taken, in the case of a stock split and an issuance of stock acquisition rights, shareholders must take the necessary steps to enter a share transfer in the shareholders' register prior to the record date of the stock split or the issuance of stock acquisition rights, which shall be determined and announced publicly by the Board of Directors. In the case of an issuance of stock acquisition rights, in order to acquire stock acquisition rights, shareholders need to apply for acquisition within a certain prescribed period, depending on the issuance methods for stock acquisition rights, in addition to entering a share transfer in the shareholders' register. In addition, in order to exercise stock acquisition rights and acquire stock, shareholders need to pay the exercise price within a certain prescribed period. When the Board of Directors decides to acquire stock acquisition rights, it may deliver stocks to shareholders without paying the amount equivalent to the exercise price, in exchange for the acquisition of the stock acquisition rights. Matsushita will announce the details of such procedures and any other procedures necessary to protect the interests and rights of shareholders and investors in accordance with relevant laws and stock exchange regulations when the Board of Directors actually determines to take countermeasures including stock splits and issuances of stock acquisition rights.

Table of Contents

-7-

The meeting of the Board of Directors on April 27, 2007, at which this policy was re-adopted, was held with all of the five Corporate Auditors of Matsushita present (three of whom are outside Corporate Auditors). Each Corporate Auditor stated agreement with this policy on condition that it is duly implemented. The terms of office of all Directors are for one year, and they are elected at an annual general meeting of shareholders in June of each year. Matsushita's Board of Directors intends to review the Large-scale Purchase Rules, as necessary, for reasons including amendments to applicable legislation. Any such review would be conducted strictly in the interests of all shareholders.

Notes: 1. A group of shareholders (*tokutei-kabunushi group*) means a holder (defined in Paragraph 1, Article 27-23 of the Securities and Exchange Law, including a person or a company deemed as a holder pursuant to Paragraph 3 thereof) of shares and other securities (defined in Paragraph 1, Article 27-23 of the Securities and Exchange Law) or a person or a company who makes a purchase (defined in Paragraph 1, Article 27-2 of the Securities and Exchange Law, including a purchase made on a securities exchange market) and any joint holders (defined in Paragraph 5, Article 27-23 of the Securities and Exchange Law, including a person or a company deemed as a joint holder pursuant to Paragraph 6 thereof) and any specially related parties (defined in Paragraph 7, Article 27-2 of the Securities and Exchange Law).

Outline of issuance of stock acquisition rights

(In case the Board of Directors elects to issue stock acquisition rights in a rights offering)

1. Shareholders who are entitled to receive stock acquisition rights and conditions of issuance thereof :

One stock acquisition right shall be granted to a shareholder, per one share held by such shareholder (excluding the shares held by Matsushita as treasury stock), whose name is recorded in the register of shareholders or the register of beneficial shareholders as of the record date to be specified and published by the Board of Directors. In this regard, Matsushita may either (i) grant to each of the shareholders holding a share of common stock a right to subscribe for a stock acquisition right and to make an offering for subscription of the offered stock acquisition right, or (ii) distribute stock acquisition rights to the shareholders without consideration.

2. Type and number of shares to be acquired upon exercise of stock acquisition rights :

The type of shares to be acquired upon exercise of stock acquisition rights shall be common stock, and the number of shares to be acquired upon exercise of one stock acquisition right shall be one share.

3. Total number of stock acquisition rights to be issued :

The total number of stock acquisition rights to be issued shall be determined by the Board of Directors up to 5 billion stock acquisition rights. The Board of Directors may issue stock acquisition rights more than once within the maximum number of 5 billion stock acquisition rights to be issued in total.

4. Payment amount of each stock acquisition right in the case of item 1, (ii) above:

No payment is required.

Table of Contents

-11-

5. Price of assets to be invested upon exercise of each stock acquisition right :

The price of assets to be invested upon exercise of a stock acquisition right shall be one Japanese yen or more to be determined by the Board of Directors.

6. Restriction on transfer of stock acquisition rights :

Acquisition of stock acquisition rights by way of assignment thereof requires the approval of the Board of Directors.

7. Conditions of exercise of stock acquisition rights:

The Board of Directors may prohibit a person or company belonging to a group of shareholders (*tokutei-kabunushi group*) including a Large-scale Purchaser (excluding the case where the Board of Directors approves that an acquisition or shareholding of shares and other securities of Matsushita by the person or company does not conflict with the benefit of all shareholders of Matsushita) from exercising stock acquisition rights.

8. Exercise period and other conditions of stock acquisition rights :

Exercise period, conditions of acquisitions and other conditions of stock acquisition rights shall be determined by the Board of Directors. The Board of Directors may determine that the company may repurchase stock acquisition rights (Qualified Stock Acquisition Rights) that are not held by a holder of a stock acquisition right who is prohibited from exercising stock acquisition rights due to the exercise conditions mentioned in item 7 above, and deliver one share of common stock to be determined by the Board of Directors per one Qualified Stock Acquisition Right to each of the holders thereof.
