Compensation of Directors and Executive Officers*Compensation Philosophy and Processes*

We seek to provide a level of compensation for our executive officers that is competitive with publicly-traded companies similar in both size and industry. We hope to attract, retain, and reward executive officers who contribute to our success, to align executive officer compensation with our performance, and to motivate executive officers to achieve our business objectives. We compensate our senior management through a mix of base salary, bonus and equity compensation.

Our Compensation Committee determines and recommends to our Board of Directors the compensation of our executive officers. The Compensation Committee also administers our stock option plan. The Compensation Committee reviews base salary levels for executive officers of our Company at the beginning of each fiscal year and recommends raises and bonuses based upon Company achievements, individual performance, and competitive and market conditions. The Compensation Committee may delegate certain of its responsibilities, as it deems appropriate, to other compensation committees or to the Company's officers, but it has not elected to do so.

Executive Officer Compensation

The following table sets forth certain information concerning total compensation received by our Chief Executive Officer and our other most highly compensated executive officers and other persons (the "Named Executive Officers") for services rendered to ICOP in all capacities for the last two fiscal years, but is limited to executive officers other than our Chief Executive Officer who earned more than \$100,000 in total compensation during the last fiscal year.
