About Trina Solar Limited

Trina Solar Limited (NYSE: TSL), through its wholly-owned subsidiary Changzhou Trina Solar Energy Co., Ltd., is an integrated solar PV manufacturer based in China. The company began research and development efforts in solar products in 1999 and in 2002 it started the system integration business. The company moved into the assembly of solar modules in 2004 as well as the manufacturing of monocrystalline ingots, wafers and cells in 2005, 2006 and 2007, respectively. The company s solar modules provide reliable and environmentally-friendly electric power for residential, commercial, industrial and other applications worldwide. The company sells its products to customers around the globe, including a number of European countries, such as Germany, Spain and Italy, where government incentives have accelerated the adoption of solar power.
