PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

The accompanying proxy is solicited by the Board of Directors of Jamba, Inc., a Delaware corporation (Jamba, Company, we, us, and our), to be used at its 2009 Annual Meeting of Stockholders to be held on May 8, 2009, or any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and the enclosed proxy are being mailed to stockholders on or about April 2, 2009.

SOLICITATION AND VOTING

Voting Securities. Only stockholders of record as of the close of business on March 16, 2009 will be entitled to vote at the meeting and any postponement or adjournment thereof. As of that time, there were 54,690,728 shares of common stock of the Company (the Common Stock) outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Each stockholder of record as of that date is entitled to one vote for each share of Common Stock held by him or her. Our Bylaws provide that the holders of a majority of the capital stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise provided by statute or by the Amended and Restated Certificate of Incorporation of the Company, as amended to date (the Restated Certificate). Our current Restated Certificate does not have any other requirements for a quorum of the stockholders. Votes for and against, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum.

Broker Non-Votes. A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (typically referred to as being held in street name) but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of directors, a reverse stock split, and ratification of selection of auditors. Non-routine matters include amendments to stock plans.

Solicitation of Proxies. We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail through our employees, we will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our employees, officers, directors and others to solicit proxies, personally or by telephone, without additional compensation.

Voting of Proxies. Stockholders whose shares are registered in their own names may vote (1) by returning a proxy card, (2) via the Internet at www.proxyvote.com, or (3) by telephone at 1-800-690-6903. Specific instructions to be followed by any registered stockholder interested in voting via the Internet or by telephone are set forth on the enclosed proxy card. The Internet and telephone voting procedures are designed to authenticate the stockholder's identity and to allow the stockholders to vote his or her shares and confirm that his or her voting instructions have been properly recorded. If you do not wish to vote via the Internet or telephone, please complete, sign and return the proxy card in the self-addressed, postage paid envelope provided.

All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal. A stockholder whose shares are registered in their own name has the power to revoke his or her proxy at any time before it is exercised by delivering to the Secretary of the Company a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person. If you hold shares in street name, through a bank, broker or other nominee, please contact the bank, broker or other nominee to revoke your proxy.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

In accordance with the Company's bylaws (the Bylaws), the board of directors of the Company (hereinafter referred to as the Board or the Board of Directors) has set the size of the Board at eight members and there are currently eight members serving, with no vacancies. The terms of the current directors expire upon the election and qualification of the directors to be elected at the 2009 Annual Meeting. The Board has nominated all eight current directors for re-election at the 2009 Annual Meeting to serve until the 2010 Annual Meeting of Stockholders and until their successors are duly elected and qualified. Set forth below is information regarding the nominees to the Board for election as a director.

Each nominee has agreed to be named in this proxy statement and to serve if elected. If any of the nominees declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although we know of no reason to anticipate such an occurrence), the proxies may be voted for such substitute nominee(s) as we may designate.

If a quorum is present and voting, each of the eight nominees receiving a higher number of votes cast for such nominee than against such nominee will be elected. Proxies cannot be voted for more than eight nominees. Abstentions, broker non-votes and withheld votes will have no effect on the outcome of the vote. Under our Bylaws, if an incumbent director is not elected, the director shall tender his or her resignation to the Board. The Nominating and Corporate Governance Committee will make a recommendation to the Board on whether to accept or reject such director's resignation. The Board will act on the Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. The Nominating and Corporate Governance Committee in making its recommendation, and the Board in making its ultimate decision, may each consider any factors or other information that they consider appropriate and relevant. The director who tenders his or her resignation will not participate in the recommendation of the Nominating and Corporate Governance Committee or the Board's decision with respect to his or her resignation.

If a director's resignation is accepted by the Board, then the Board may fill the resulting vacancy or may decrease the size of the Board as permitted by our Bylaws.

Recommendations of the Board of Directors

The Board of Directors recommends a vote FOR our nominees named above.

CORPORATE GOVERNANCE

Director Independence

The Board of Directors has determined that each of the director nominees standing for election, except for James D. White, has no relationship which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is an independent director as defined by the applicable NASDAQ rules and the rules and regulations of the Securities and Exchange Commission (the SEC). In determining the independence of our directors, the Board of Directors has adopted the independence standards that mirror exactly the criteria specified by applicable law and regulations of the SEC and the NASDAQ. In making the determination of independence of our non-management directors, the Board of Directors evaluated the independence of Messrs. Byrne and Kagle in connection with past equity transactions with the Company and/or Jamba Juice Company. It also considered the grant of options covering 133,334 and 133,333 shares of our Common Stock pursuant to the Company's 2006 Employee, Director and Consultant Stock Plan to each of Messrs. Byrne and Busutil, respectively, for committee participation and

transition assistance provided to the Company in their capacities as Board members. In addition, it also considered the management consulting fees paid to Mr. Busutil in 2008. It also considered our agreement with CertiLearn, Inc., described below in the section entitled "Certain Relationships and Related Transactions", in further evaluating the independence of Messrs. Byrne and Berrard. In addition, as previously disclosed, Steven R. Berrard served as President, Chief Executive Officer and Chairman of the Board of the Company prior to its acquisition of Jamba Juice Company in 2006 and as Interim Chief Executive Officer of the Company from April 6, 2008 to November 30, 2008. However, he did not collect a salary as an officer or receive a retainer as a director for his service. The Board of Directors also considered certain management fees Mr. Berrard's affiliated companies received and his past debt and equity transactions with the Company.

Certain Relationships and Related Transactions

In January 2009, Jamba Juice entered into an agreement with CertiLearn, Inc. ("CertiLearn") whereby CertiLearn provides certain training materials and services to Jamba Juice. Under the terms of the agreement with CertiLearn, we expect to pay CertiLearn approximately \$69,000 for an initial engagement, set up, initial course development and one year of service. We may further engage CertiLearn to develop additional courses at a cost of \$3,000 to \$10,000 per course, but we do not expect to spend more than \$120,000 for services performed by CertiLearn in any twelve month period or \$200,000 in any three-year period. CertiLearn is a portfolio company of New River Capital Partners, and, as previously disclosed, Messrs. Berrard and Byrne serve, respectively, as Managing General Partner and Administrative General Partner of New River Capital Partners. Mr. Byrne also serves as a non-executive Chairman of the Board of CertiLearn for which he does not receive any fees and plays no active role in providing services for CertiLearn.

In addition to the considerations discussed below in "Procedures for Approval of Related Person Transactions", the Board of Directors also considered certain management fees paid by CertiLearn to New River Capital Partners.

Furthermore, in addition to the options granted to Messrs. Byrne and Busutil described in the section above entitled "Director Independence" an option to purchase 133,333 shares of our Common Stock was also granted to Jack Lynn in connection with his management consulting services related to transition and cost-reduction initiatives, in addition to cash remuneration previously paid to Mr. Lynn. Mr. Lynn is also a principal of New River Capital Partners.

Jamba has entered into indemnity agreements with certain officers and directors which provide, among other things, that Jamba will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of Jamba, and otherwise to the fullest extent permitted under Delaware law and our Bylaws.

Other than the foregoing, there were no relationships or related party transactions in the fiscal year ended December 30, 2008 ("Fiscal 2008") requiring disclosure in this Proxy Statement.

Procedures for Approval of Related Person Transactions

Any request for us to enter into a transaction with an executive officer, director or employee, or any of such persons' immediate family members or affiliates, must first be presented to our Audit Committee for review, consideration and approval. In approving or rejecting the proposed agreement, our Audit Committee will review each such transaction for potential conflicts of interest or improprieties.

Executive Sessions

Non-management directors regularly meet in executive session without management present each time the Board of Directors holds its regularly scheduled meetings.

Committees and Meeting Attendance

The Board of Directors has an Audit Committee, a Compensation and Executive Development Committee and a Nominating and Corporate Governance Committee. Each of these committees operates under a written charter adopted by the Board of Directors. Copies of these charters are available on our website at <http://ir.jambajuice.com/governance.cfm>. The Board of Directors held fifteen meetings during Fiscal 2008. Each of the standing committees of the Board of Directors held the number of meetings indicated in the table below. During Fiscal 2008, each of our directors except Mr. Kagle attended at least 75% of the total number of meetings of the Board of Directors and all of the committees of the Board of Directors held during the period on which such director served. Mr. White was appointed to the Board of Directors effective December 1, 2008 and attended the one meeting of the Board of Directors held in Fiscal 2008 after the effective date of his appointment. Directors are expected to make every effort to attend our annual meetings of stockholders; six of the eight directors attended the Company's last Annual Meeting of Stockholders held on May 28, 2008.

The following table sets forth the three standing committees of the Board of Directors, the current and former members of each committee during Fiscal 2008 and the number of meetings held by each such committee during Fiscal 2008:

Name of Director	Audit	Compensation	Nominating
		and Executive Development	and Corporate Governance

Robert C. Kagle		Member	
Ramon Martin-Busutil			Member
Brian Swette		Chair	Member
Lesley H. Howe	Chair		
Number of Meetings:	8	6	4

- (1) Mr. Berrard did not serve on our audit committee from August 6, 2008 to November 30, 2008, during which time he was serving as our Interim Chief Executive Officer.
- (2) Mr. Federico served on our audit committee from August 6, 2008 to November 30, 2008 during which time Mr. Berrard was serving as our Interim Chief Executive Officer.

Audit Committee

The current members of the Audit Committee are Lesley H. Howe (Chair), Steven R. Berrard and Thomas C. Byrne.

Each of the members of the Audit Committee is independent for purposes of the applicable NASDAQ rules and the rules and regulations of the SEC as they apply to Audit Committee members.

With the assistance of the Company's legal counsel, the Nominating and Corporate Governance Committee reviewed the applicable legal standards and criteria to determine audit committee financial expert status, as well as the answers to annual questionnaires completed by the Board members. On the basis of this review, the Nominating and Corporate Governance Committee delivered a report to the full Board. The Board made a determination that all current members of the Audit Committee are audit committee financial experts based upon the Nominating and Corporate Governance Committee's report and each Board member's review of the information made available to the committee.

The Audit Committee operates under a written charter approved by the Board of Directors, a copy of which is available on our website at <http://ir.jambajuice.com/governance.cfm>. As more fully defined in the committee's charter, the functions of the Audit Committee include retaining our independent registered public accounting

firm, reviewing their independence, reviewing and approving the planned scope of our annual audit, reviewing and approving any fee arrangements with our independent registered public accounting firm, overseeing their audit work, reviewing and pre-approving any non-audit services that may be performed by them, reviewing the adequacy of accounting and financial controls, reviewing our critical accounting policies and reviewing and approving any related party transactions.

Additional information regarding the Audit Committee is set forth in the Report of the Audit Committee immediately following Proposal No. 2.

Compensation and Executive Development Committee

The current members of the Compensation and Executive Development Committee are Brian Swette (Chair), Thomas C. Byrne and Robert C. Kagle. Each of the members of the Compensation and Executive Development Committee is independent for purposes of the applicable NASDAQ rules. The Compensation and Executive Development Committee operates under a written charter approved by the Board of Directors, a copy of which is available on our website at <http://ir.jambajuce.com/governance.cfm>.

As more fully described in the committee's charter, the primary function of the Compensation and Executive Development Committee is to assist the Board of Directors in managing compensation and development for directors and executives. The Compensation and Executive Development Committee's primary duties and responsibilities are to (i) set compensation philosophy and determine executive compensation; (ii) ensure that all components of executive compensation are consistent with the Company's compensation philosophy as in effect from time to time; (iii) evaluate and make recommendations to the Board of Directors on an annual basis concerning compensation of the members of the Board of Directors; and (iv) work with management to devise and execute on an executive development plan and succession planning and practices for the Company. The Compensation and Executive Development Committee's Charter does not provide for any delegation of these duties. In addition, the Compensation and Executive Development Committee has the authority under its charter to hire outside consultants and conduct such compensation reviews, investigations and/or surveys as the Compensation and Executive Development Committee may reasonably deem will provide such information as could reasonably and properly be required by the Compensation and Executive Development Committee in the exercise of its duties and responsibilities. In Fiscal 2008, the Company engaged a consultant related to executive compensation matters.

In setting compensation for our members of the Board of Directors, our executive officers provide suggestions on the administration of compensation for our directors to the Compensation and Executive Development Committee. For a description of the role our executive officers play in determining or recommending the amount or form of executive compensation, please see the section below entitled "EXECUTIVE COMPENSATION Compensation Discussion and Analysis."

Compensation Committee Interlocks and Insider Participation

No member of the Compensation and Executive Development Committee is or has been an officer or employee of the Company during Fiscal 2008. During Fiscal 2008, no member of the Compensation and Executive Development Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. During Fiscal 2008, none of the Company's executive officers served on the Compensation and Executive Development Committee or Board of Directors of another entity any of whose executive officers served on the Company's Compensation and Executive Development Committee or Board of Directors.

Nominating and Corporate Governance Committee

The current members of the Nominating and Corporate Governance Committee are Richard L. Federico (Chair), Ramon Martin-Busutil and Brian Swette.

Each of the members of the Nominating and Corporate Governance Committee is independent for purposes of the applicable NASDAQ rules. The Nominating and Corporate Governance Committee operates under a written charter approved by the Board of Directors, a copy of which is available on our website at <http://ir.jambajuice.com/governance.cfm>. As more fully defined in the committee's charter, the Nominating and Corporate Governance Committee considers qualified candidates for appointment and nomination for election to the Board of Directors and makes recommendations concerning such candidates, develops corporate governance principles for recommendation to the Board of Directors and oversees the regular evaluation of our directors and management.

Director Nominations

The Board of Directors has adopted a Director Qualifications and Nominations Policy, the purpose of which is to describe the process by which candidates for possible inclusion in the Company's slate of director nominees are selected. The Director Qualifications and Nominations Policy is administered by the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee annually evaluates the current members of the Board of Directors whose terms are expiring and who are willing to continue in service against the criteria set forth below in determining whether to recommend these directors for election. The Nominating and Corporate Governance Committee regularly assesses the optimum size of the Board of Directors and its committees and the needs of the Board of Directors for various skills, background and business experience in determining if the Board of Directors requires additional candidates for nomination.

In fulfilling its responsibilities, the Nominating and Corporate Governance Committee considers the following factors in reviewing possible candidates for nomination as director:

the appropriate size of the Company's Board of Directors and its Committees;

the perceived needs of the Board of Directors for particular skills, background and business experience;

the skills, background, reputation, and business experience of nominees compared to the skills, background, reputation, and business experience already possessed by other members of the Board of Directors;

nominees' independence from management;

applicable regulatory and listing requirements, including independence requirements and legal considerations, such as antitrust compliance;

the benefits of a constructive working relationship among directors; and

the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members.

Candidates for nomination as director come to the attention of the Nominating and Corporate Governance Committee from time to time through incumbent directors, management, stockholders or third parties. These candidates may be considered at meetings of the Nominating and Corporate Governance Committee at any point during the year. Such candidates are evaluated against the criteria set forth above. If the Nominating and Corporate Governance Committee believes at any time that it is desirable that the Board of Directors consider additional candidates for nomination, the Nominating and Corporate Governance Committee may poll directors and management for suggestions or conduct research to identify possible candidates and may engage, if the Nominating and Corporate Governance Committee believes it is appropriate, a third party search firm to assist in identifying qualified candidates.

The Nominating and Corporate Governance Committee will evaluate any recommendation for director nominee proposed by a stockholder. In order to be so evaluated, any recommendation for director nominee

submitted by a stockholder must be sent in writing to the Corporate Secretary, Jamba, Inc., 6475 Christie Avenue, Suite 150, Emeryville, CA 94608, 120 days prior to the anniversary of the date proxy statements were mailed to stockholders in connection with the prior year's annual meeting of stockholders and must contain the following information:

the candidate's name, age, contact information and present principal occupation or employment; and

a description of the candidate's qualifications, skills, background, and business experience during, at a minimum, the last five years, including his/her principal occupation and employment and the name and principal business of any corporation or other organization in which the candidate was employed or served as a director.

All directors and director nominees must submit a completed form of directors' and officers' questionnaire as part of the nominating process. The evaluation process may also include interviews and additional background and reference checks for non-incumbent nominees, at the discretion of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee will evaluate incumbent directors, as well as candidates for director nominee submitted by directors, management and stockholders consistently using the criteria stated in its policy and will select the nominees that in the Nominating and Corporate Governance Committee's judgment best suit the needs of the Board of Directors at that time.

In addition, our Bylaws permit stockholders to nominate directors for consideration at annual meetings, provided the advance notice requirements set forth in our Bylaws have been properly met.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Company's Board of Directors is composed of three members and acts under a written charter adopted and approved by the Board of Directors in 2006. The members of the Audit Committee are independent as defined by its charter, the NASDAQ Global Market listing standards and the Securities Exchange Act.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended December 30, 2008 with management, which review included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed and discussed with KPMG LLP, the Company's independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America, its judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 114 (Communication with Audit Committees), as amended. The independent registered public accounting firm also provided the Audit Committee with the written disclosures required by applicable professional and regulatory standards relating to KPMG's independence from the Company, including the Public Company Accounting Oversight Board pertaining to the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee also reviewed and pre-approved all fees paid to the independent registered public accountants and considered whether KPMG's provision of non-audit services to the Company was compatible with the independence of the independent registered public accountants. The Audit Committee concluded that the independent registered public accountants are independent from the Company and its management.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors, and the Board approved, that the Company's audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 30, 2008 for filing with the SEC.

SUBMITTED BY THE AUDIT COMMITTEE

OF THE BOARD OF DIRECTORS

Lesley H. Howe, Chairman

Steven R. Berrard¹

Thomas C. Byrne

¹ On August 6, 2008 the Board appointed Mr. Berrard Interim Chief Executive Officer of the Company and simultaneously removed him as a member of the Audit Committee. He was reinstated on the Audit Committee on November 30, 2008 when he ceased to be Interim Chief Executive Officer of the Company. During this interim period from August 6, 2008 to November 30, 2008, Mr. Federico served as a member of our Audit Committee.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC

ACCOUNTING FIRM

The Audit Committee of the Board of Directors requests that stockholders ratify the selection of KPMG LLP as its independent public auditors to audit the consolidated financial statements of the Company for the fiscal year ending December 29, 2009 (Fiscal 2009). KPMG LLP audited the consolidated financial statements of the Company and management's report for Fiscal 2008.

Prior to hiring KPMG LLP, the Company's independent auditors were Deloitte & Touche LLP. On July 10, 2008, the Company approved the engagement of KPMG LLP as its independent registered public accounting firm.

A representative of KPMG LLP is expected to be present at the Annual Meeting with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions. At the Annual Meeting, the stockholders are being asked to ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for Fiscal 2009. If the selection of KPMG LLP as auditors for 2009 is not approved by stockholders, the adverse vote will be considered by the Audit Committee in its decision to retain KPMG as auditors for 2009. Even if this selection is ratified, the Audit Committee, in its discretion, may direct the engagement of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

Prior to July 10, 2008, Deloitte & Touche, LLP acted as our independent registered public accounting firm since its appointment in the fiscal years ended January 9, 2007 (Fiscal 2006) and January 1, 2008 (Fiscal 2007). The reports of Deloitte & Touche, LLP on the Company's financial statements for Fiscal 2006 and Fiscal 2007 contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. Deloitte & Touche, LLP audited the balance sheet of the Company as of December 31, 2005 and the related statements of operations, stockholders' equity, and cash flows for the period from January 6, 2005 (inception) to December 31, 2005. Deloitte & Touche, LLP's audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, Deloitte & Touche, LLP expressed no such opinion. The Company's Board of Directors recommended and approved the decision to change independent registered public accounting firms.

In connection with the audit of the Company's financial statements for Fiscal 2006, Fiscal 2007 and through July 10, 2008, there were no disagreements with Deloitte & Touche, LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte & Touche, LLP, would have caused it to make reference to the subject matter of such disagreements in connection with its audit report. There were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K except that as of the end of fiscal 2006 (year ended January 9, 2007), the Company's disclosure controls and procedures were not effective due to the existence of a material weakness related to the accounting for large, complex, non routine transactions, as more fully described in the Company's Annual Report on Form 10-K for the year ended January 9, 2007. As of the end of fiscal 2007 (year ended January 1, 2008) management concluded that the Company's internal control over financial reporting was effective.

The Company gave permission to Deloitte & Touche, LLP to respond fully to the inquiries of the successor auditor, including concerning the subject matter of this reportable event. The Company requested that Deloitte & Touche, LLP furnish the Company with a letter addressed to the Securities and Exchange Commission stating whether it agrees with the above statements. A copy of such letter, dated July 15, 2008, is filed as Exhibit 16.1 to the current report on Form 8-K filed with the Securities and Exchange Commission on July 15, 2008.

Fees for Professional Services

The following table sets forth the aggregate fees billed to the Company for the fiscal year ended December 30, 2008 (Fiscal 2008) by its independent registered public accounting firm, KPMG LLP and for Fiscal 2008 and the fiscal year ended January 1, 2008 (Fiscal 2007) by its former independent registered public accounting firm, Deloitte & Touche, LLP:

	December 30, 2008	January 1, 2008
	(52 weeks)	(51 weeks)
Audit Fees (1)	\$1,111,675	\$ 1,235,100
Audit-Related Fees (2)	40,760	101,570
Tax Fees (3)	50,000	58,300
All Other Fees	-0-	-0-
Total Fees	\$1,202,435	\$ 1,394,970

- (1) Audit Fees consist of fees billed for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by our independent registered public accountants in connection with statutory and regulatory filings or engagements. For Fiscal 2008, professional services provided by KPMG LLP was \$788,000. For Fiscal 2008 and Fiscal 2007, professional services provided by Deloitte & Touche LLP were \$323,675 and \$1,235,100, respectively.
- (2) Audit-Related Fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under Audit Fees. For Fiscal 2008 Audit-Related Fees includes \$33,670 for services performed by Deloitte & Touche LLP and \$7,000 for services performed by KPMG LLP. Audit-Related Fees in Fiscal 2007 includes fees for services performed by Deloitte & Touche LLP related to the Company's adoption of FIN No. 48, the Company's acquisition of stores from three of its franchisees and review of the Company's Uniform Franchise Offering Circular.
- (3) Tax Fees consist of \$50,000 for services performed by KPMG LLP.

The Audit Committee has considered whether the provisions of services described in the table above are compatible with maintaining auditor independence. Each of the permitted non-auditing services described above has been pre-approved by the Audit Committee. Unless a type of service has received general pre-approval, it will require separate pre-approval by the Audit Committee. Each pre-approval term lasts for at least 12 months until the first regularly scheduled Audit Committee meeting. The Audit Committee has delegated its pre-approval authority to its Chairman, provided the Chairman reports any pre-approval decisions to the full Audit Committee at its next regularly scheduled meeting.

Vote Required and Board of Directors Recommendation

Approval of this proposal requires a number of votes **FOR** the proposal that represents a majority of the shares present or represented and entitled to vote on this matter at the Annual Meeting. Abstentions and broker non-votes will each be counted for purposes of determining the presence of a quorum, but will not have any effect on the outcome of this proposal.

The Board of Directors recommends a vote FOR the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 29, 2009.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The following discussion and analysis is intended to provide an explanation of our compensation program relating to fiscal 2008, with particular regard to our Chief Executive Officer (CEO) and the other executives named in the 2008 Summary Compensation Table that follows this discussion (herein referred to as the Named Executive Officers). The discussion includes our compensation philosophy and the program s objectives, the elements of compensation used to pay our executives, and historical information regarding how our program has developed and how that relates to how our executive officers were compensated for fiscal 2008 and are currently compensated.

The Company was incorporated and completed its initial public offering in 2005. We were formed as a blank check company to serve as a vehicle for the acquisition of a then unidentified operating business. In fiscal 2005 and until our acquisition of Jamba Juice Company on November 29, 2006, members of our management were not compensated for their services.

Commencing November 29, 2006, the Compensation and Executive Development Committee approved several compensation programs for our executives. However, since we experienced significant economic and financial challenges, changes in our executive management team and shifts in our strategy in fiscal 2008, our compensation practices and policies have been significantly affected as a result.

Compensation and Executive Development Committee

Our Compensation and Executive Development Committee has the responsibility for establishing, implementing and monitoring our compensation philosophy and determining compensation for executives, including annual base salary compensation, cash bonus payments, equity awards and all other compensation and compensation procedures applicable to our executives.

Role of Senior Management and Consultant in Compensation Decisions

While the Compensation and Executive Development Committee does not delegate any of its functions to others in setting compensation, several members of senior management participate in the committee s executive compensation process. For example, the Compensation and Executive Development Committee takes into consideration recommendations of our CEO, although he does not participate in discussions regarding his own compensation.

Periodically, the committee retains compensation consultants to assist it in its review of executive officer compensation. In fiscal 2008, we retained the Catalyst Group, an independent consultant, to review the strategic design and administration of our executive compensation program. The Catalyst Group reviewed the design of the total compensation program then in effect and interviewed various members of the Board and management. The Catalyst Group provided the committee with various findings and recommendations.

The Compensation and Executive Development Committee uses findings and recommendations of compensation consultants to help ensure that management s compensation recommendations are in line with the Company s objectives and reasonable when compared to the market for executive talent. In addition, the committee believes that the engagement of an independent consultant such as the Catalyst Group enhances the overall independence of the committee s decision-making. The Compensation and Executive Development Committee intends to retain the services of third party executive compensation specialists from time to time, as the committee deems necessary or helpful, in connection with the establishment of cash and equity compensation.

Objectives of Our Executive Compensation Program

The primary objective of our executive compensation program is to attract and retain qualified executives who are engaged and passionate about our brand and who embrace our mission and culture. A further objective is to design and administer a compensation program that supports the human resources and business strategies of the Company, with the ultimate objective of improving stockholder value. In addition, we work to ensure that our compensation program is perceived as fundamentally fair to all stockholders.

What Our Compensation Program is Designed to Reward

Our compensation program is designed to reward each executive's contribution to the Company, including their results and behaviors that are consistent with our values and culture. In measuring the executive officers' contribution to the Company, the Compensation and Executive Development Committee considers numerous factors, including the Company's growth and financial performance as well as individual performance.

CEO Compensation

On December 1, 2008, James D. White joined the Company as President and CEO. Prior to Mr. White, our Chairman of the Board Steven R. Berrard served as interim President and CEO following the departure of Paul E. Clayton in August 2008. While Mr. Berrard continued to receive his regular director compensation during this time, he did not serve as an employee of the Company and did not receive compensation for his additional responsibilities as interim President and CEO.

In advance of hiring Mr. White as our President and CEO, our Nominating and Corporate Governance Committee engaged Elliot Associates Inc., an executive search firm specializing within the hospitality and retail service industries, to assist its efforts. In determining the appropriate compensation package for Mr. White, the Board and the Compensation and Executive Development Committee reviewed information provided by Elliot Associates, compared the proposed compensation package for Mr. White against his then current compensation package as Senior Vice President, Consumer Brands, at Safeway, Inc., and employed the experience and judgment of Board members to determine the appropriate compensation package to attract Mr. White to join the Company.

On November 17, 2008, the Compensation and Executive Development Committee approved the terms of a three-year employment agreement with Mr. White. Pursuant to the terms of the employment agreement, Mr. White is entitled to, among other things, an initial annual base salary of \$550,000 and an annual performance bonus of up to 100% of his base salary then in effect based on targets established by the Board or the committee. Mr. White was also granted an option to purchase up to 1,500,000 shares of the Company's common stock. For additional information concerning Mr. White's employment agreement, including amounts payable upon termination of employment, see Executive Compensation Potential Payments Upon Termination or Change in Control.

In establishing the annual base salary and other terms of Mr. White's compensation, the Board and the Compensation and Executive Development Committee took into account the business challenges facing the Company and the need to hire what the Board and the committee considered the best available candidate to lead the Company to success. The committee did not conduct formal benchmarking studies in determining compensation for Mr. White. A significant component of Mr. White's compensation package is the stock option grant. The committee concluded that Mr. White's compensation, including stock option grant, significantly benefit us and our stockholders by securing Mr. White's services for the future and thereby motivating him to focus on our long-term strategic growth and profitability.

Elements of Our Compensation Plans, Why We Chose Each Element and How We Chose the Amount for Each Element

The total compensation program for our executives consists of the following elements:

Base Salary

Non-Equity Incentive Compensation

Equity Based Compensation

General Team Member Benefits

These compensation components are clearly similar to the elements used by many companies. The exact base pay, cash incentive bonus targets and stock option grant amounts are chosen in an attempt to attract and retain the best people that possess the skills and cultural fit necessary to achieve our business, brand and cultural objectives. We also believe that achieving our goals for each of these objectives will best build stockholder value. The Compensation and Executive Development Committee does not adhere to a prescribed mix or allocation of compensation elements, but rather uses its judgment to establish a compensation program that rewards executives in a manner consistent with our objectives.

Base Salary

Annual executive officer compensation consists of a base salary component. It is the Compensation and Executive Development Committee's intention to set total executive base salary compensation sufficiently high to attract and retain a strong motivated leadership team, but not so high that it creates a negative perception to our stockholders. Base salary is the fixed portion of executive pay and is set to reward individuals' current contributions to the Company and compensate them for their expected day-to-day performance. The committee determines annual base salary levels for executives on an annual basis. Increases in salaries are based on both individual performance and the Company's merit increase budget for the year. Salary increases can also occur upon promotion. Other factors that may influence changes in base salary levels include the executive's experience, responsibilities, management abilities and job performance, performance of the Company as a whole, current market conditions and competitive salaries payable for similar positions at other comparable companies.

In October 2008, we entered into employment agreements with each of our Named Executive Officers other than Mr. White (Ms. Luey and Messrs. de Chatellus, Fox, Adkins and Schwartz). Each employment agreement reflects the Named Executive Officer's base salary and provides that the Compensation and Executive Development Committee may determine future adjustments to those base salaries. However, no decrease may be made in the Named Executive Officer's base salary without his or her consent unless the annual salaries of all other executive officers are proportionately decreased. For additional information concerning these employment agreement, including amounts payable upon termination of employment, see Executive Compensation Potential Payments Upon Termination or Change in Control. The current annual base salaries, effective for fiscal 2009, are \$294,200 for Mr. de Chatellus and \$275,000 for each of Ms. Luey and Messrs. Fox, Adkins, and Schwartz.

At the time we entered into these employment agreements, which memorialized base salary increases for Ms. Luey and Messrs. Fox, Adkins, and Schwartz, we had experienced significant changes in our executive management team, including the departure of our chief executive officer, chief financial officer, head of operations, and head of development. A permanent CEO had not been identified, and these Named Executive Officers had been internally promoted and had their responsibilities increased as the Company commenced significant cost-cutting measures and new revitalization strategies in light of its poor financial performance. In addition, these Named Executive Officers had not received any cash bonus for fiscal 2007 and, at the time of their promotions and increased responsibilities, would not have received any cash bonus for fiscal 2008 under the then-current non-equity incentive plan. Furthermore, the significant decline in the price of the Company's

common stock had resulted in each of these Named Executive Officer's stock option grants under the 2006 Employee, Director and Consultant Stock Plan (the 2006 Stock Plan) to be significantly underwater in that their exercise prices were dramatically higher than recent trading prices of the Company's common stock and therefore there was not alignment between the new management team's long-term share based compensation and stockholder interest.

The Catalyst Group report identified the need for the Compensation and Executive Development Committee to take strong, affirmative actions to retain and incentivize the new management team during a critical period of time of challenges and risks for the Company. Therefore, while the findings and recommendations of the Catalyst Group described above were part of the committee's decision-making process, given the challenging circumstances facing the Company, and the need to retain and motivate a new management team during the uncertain times facing both the Company and the general economy, the committee primarily employed its experience and judgment in determining the base salaries for these Named Executive Officers.

Non-Equity and Equity Incentive Compensation

We believe that non-equity incentive compensation in the form of a cash incentive bonus is an important factor in motivating our management team as a whole, and individual executives, in particular, to perform at their highest level toward achievement of established incentive goals. Nevertheless, at the request of management in order to (i) conserve the Company's cash reserves, (ii) motivate and reward executive officers on short-term goal achievement and (iii) better align executive officers with the long-term interests of stockholders, in December 2007 the Compensation and Executive Development Committee suspended the non-equity incentive plan for executive officers for fiscal 2008 and provided the Company's executives with additional grants of stock options under our 2006 Stock Plan that vest only in the event that certain short-term business metrics are achieved (i.e., a cliff vesting schedule). Vesting of these stock options was based on performance against our fiscal 2008 financial plan metrics. The two metrics in our fiscal 2008 financial plan that we compared Company performance against were (1) EBITDA (Net Income Before Taxes (NIBT) and also before depreciation and amortization and before taking into account team member bonus payouts) and (2) comparable sales percent increase. Executives would vest on March 15, 2009 at the 70% level or the 100% level depending on the extent to which these metrics are achieved. Failure to achieve the metrics would result in the stock options not vesting and therefore being effectively terminated. The methodology used to determine the number of shares subject to these stock option grants was based on a target economic value equivalent to what the executive's fiscal 2008 targeted cash bonus would have been had the Company not suspended the non-equity incentive plan. For fiscal 2008, the EBITDA and comparable sales percent increase metrics were not achieved and therefore these stock options did not vest and were terminated.

At the end of fiscal 2008, we provided cash bonus payments to certain members of management based upon completion of various cost savings objectives set forth by Mr. Berrard in August 2008 when he was appointed as interim President and CEO. In December 2008, based on achieving various of the goals and objectives and making progress on various of the others, Mr. Berrard recommended the Compensation and Executive Development Committee approve these cash bonuses for the certain members of management. The committee took Mr. Berrard's recommendations into consideration and exercised its independent discretion in approving bonuses. The bonus amounts with respect to our Named Executive Officers are set forth in our 2008 Summary Compensation Table that follows this discussion.

During the course of fiscal 2009, the Compensation and Executive Development Committee intends to consider establishing a new non-equity incentive compensation plan that is consistent with our compensation objectives and otherwise in the best interests of the Company's stockholders.

Long-Term Share Based Compensation

Our 2006 Employee, Director and Consultant Stock Plan

Each of our executive officers is also eligible to receive stock option grants under the 2006 Stock Plan based on his or her performance and contributions to the Company. We believe that through our 2006 Stock Plan, the economic interests of our team members, including our executives, are more closely aligned to those of the stockholders.

According to our 2006 Stock Plan, all grants of stock options under the plan are generally made effective three trading days after each of our quarterly public earnings releases. This applies to all of our employees, including our executive officers. The exercise price is the closing or last quoted price on the date of actual stock option grant, which we believe reflects fair market value after all public disclosures. If the Board of Directors or the Compensation and Executive Development Committee determines that special circumstances exist, including the existence of material information not yet publicly-disclosed, a different grant date for a particular stock option grant may be selected.

The Compensation and Executive Development Committee individually approves all stock option grants to all of our officers at or above the vice president level. The Equity Award Committee has been delegated the authority by the Board of Directors to approve options grants below the vice president level. The Board of Directors or the Compensation and Executive Development Committee has the right to suspend the ability of the Equity Award Committee to award stock option grants for any reason at any time. Executive officers are not treated differently from other team members receiving stock option grants.

The Compensation and Executive Development Committee generally seeks to determine annual stock option grants for executives in the fourth quarter of each fiscal year. In fiscal 2008, the annual stock option grants for executives were made in the third quarter for the reasons described below. Interim or off cycle stock option awards are made to new eligible team members as initial grants or other team members when circumstances warrant it and are made effective on a fixed quarterly schedule as described above. Grants made in fiscal 2008 had a 4-year vesting schedule with vesting occurring equally on an annual basis, assuming continued employment. When establishing stock option grant levels, the committee considers our stock option overhang and targeted stock option burn rates and vesting schedules of previously granted options.

Equity Award Historical and Current Practices

The Company first issued stock options under the 2006 Stock Plan upon our acquisition of Jamba Juice Company on November 29, 2006. The initial grants of stock options made to each executive officer at that time were made on a discretionary basis using a multiple of base salary and taking into consideration the experience, skills, knowledge and responsibilities required of each executive officer, as well as competitive market conditions. The multiple used for the Named Executive Officers at that time ranged from 1.25 to 6. The methodology used to determine the number of shares subject to these initial stock option grants was based on a value per share calculated under SFAS 123R. Stock option awards granted at that time had an exercise price of \$11.36 per share and were valued under SFAS 123R at \$4.33. Thus, the number of shares subject to these initial option grants was determined as follows:

$$\text{Base Salary} \times \text{Multiple} \div \text{SFAS 123R Value} = \text{Number of Stock Option Shares}$$

Other initial stock option grants made to executive officers during fiscal 2007 followed this methodology.

At the time of the Compensation and Executive Development Committee meetings held in the fourth quarter of fiscal 2007 to determine annual stock option grants to executives, the share price of the Company's common stock was in the \$3.00 to \$5.00 range, a significant decrease in share price from the time of the Jamba Juice Company acquisition. The committee reviewed the then current methodology of granting stock options and determined that it did not meet the Company's objectives in two important respects.

In the first respect, using the then-current methodology would have resulted in granting the executives more option shares because of a lower SFAS 123R value, a result inconsistent with the negative one-year shareholder return and the Company's financial performance in fiscal 2007. In the second respect, the Compensation and Executive Development Committee recognized retention concerns relating to the executives given that their stock options were significantly underwater in that their exercise prices were dramatically higher than recent trading prices of the Company's common stock.

After a review and discussion of these matters, the Compensation and Executive Development Committee decided upon a different methodology for the annual stock option grants at the end of fiscal 2007. The methodology used to determine the number of shares subject to these stock option grants was based on a target economic value equivalent to a multiple of the executive's base salary and targeted cash bonus (assuming the non-equity incentive plan had not been suspended). The multiple used for the Named Executive Officers at that time was in the range of 0.65 to 0.75. The determination of target economic value was made by the committee and required the committee to assume a certain common stock share price would be reached at the time five years from the grant date. The committee evaluated several factors, including the Company's strategic plan, the then-current stock share price, and historical annual stockholder return of the restaurant peer group companies in its methodology to determine target economic value. The Grants of Plan Based Awards in Fiscal 2008 table below shows details of these stock option grants. The target economic value is a different value than the full grant-date value calculated under SFAS 123R.

In August 2008, the Compensation and Executive Development Committee approved accelerating the annual grant process for the then-employed Named Executive Officers from the fourth quarter of fiscal 2008 to the third quarter of fiscal 2008. This one-time acceleration of the annual grant process was based on the desire to incentivize, motivate, and retain the new management team for the reasons described above. The committee recognized that the Named Executive Officers' stock options were significantly underwater in that their exercise prices were dramatically higher than recent trading prices of the Company's common stock.

While the Compensation and Executive Development Committee considered the findings and recommendations of The Catalyst Group of the need for a better methodology for long-term share based compensation, the committee also recognized that any methodology might be difficult given the significant decreases in the trading price of our common stock for both general economic and Company-specific reasons. Therefore, the committee based these accelerated annual grants on their experience and judgment in an effort to align the new management team's long-term share based compensation and stockholder interest. The Grants of Plan Based Awards in Fiscal 2008 table below shows details of these stock option grants.

During the course of fiscal 2009, the Compensation and Executive Development Committee intends to establish a new long-term share based compensation methodology that is consistent with our compensation objectives and otherwise in the interests of the Company's stockholders.

Other General Team Member Benefits

Our executive officers are eligible to participate in all of our employee benefit plans, such as our medical, dental, vision, group life, disability, and accidental death and dismemberment insurance and our 401(k) plan, in each case on the same basis as other employees. Except in limited circumstances, it is our practice not to provide any special perquisites or benefits to executive officers unless it is necessary to retain their employment.

Tax Considerations

Our Compensation and Executive Development Committee considers the impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code), in determining the mix of elements of executive compensation. This section limits the deductibility of non-performance based compensation paid to each of our executive officers to \$1 million annually. The stock options granted to our executive officers under our 2006

Stock Plan are intended to be treated under current federal tax law as performance-based compensation exempt

from the limitation on deductibility. Salaries and bonuses paid under our non-equity incentive plan do not qualify as performance-based compensation for purposes of Section 162(m). The committee intends to consider the impact of Section 162(m) on the deductibility of future executive compensation, but reserves the right to provide for compensation to executive officers that may not be fully deductible.

Philosophy on Severance and Change In Control Arrangements

As more fully described below in the section entitled "Potential Payments upon Termination or Change in Control," we entered into employment agreements with certain of our Named Executive Officers providing for severance payments upon their termination of employment without cause or upon a constructive termination. The decision to grant these benefits was based on offering what we believed was needed to attract, retain and motivate Mr. White and the other Named Executive Officers given the challenging circumstances and uncertain times facing the Company. The Compensation and Executive Development Committee believes these employment agreements and the severance payments upon their termination of employment without cause or upon a constructive termination will protect employee and stockholder value by promoting stability and continuity of the executive team, which is desirous given the recent management changes and the need for the Company to revitalize itself for future growth and long-term stockholder value.

Compensation and Executive Development Committee Report

We, the Compensation and Executive Development Committee of the Board of Directors of the Company, have reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with management. Based on such review and discussion, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Company's Annual Report on Form 10-K for the Fiscal year ended December 30, 2008.

- (1) The Compensation and Executive Development Committee approved equity awards for the Named Executive Officers on June 23, 2008 and August 27, 2008. Grants approved on June 23, 2008 are subject to a two-year vesting schedule. Grants approved on August 27, 2008 are subject to a four-year vesting schedule. Pursuant to the 2006 Stock Plan, grants are generally made effective three trading days after each of our quarterly public earnings releases. The exercise price is the closing or last price on the date of actual stock option grant, which we believe reflects fair market value after all public disclosures. If the Board of Directors or the committee determines that special circumstances exist, including the existence of material information not yet publicly-disclosed, a different grant date for a particular stock option grant may be selected.
- (2) These options represent the grant of annual awards typically granted under our 2006 Stock Plan except for the initial 1,500,000 option shares granted to Mr. White which was an inducement grant made outside of the 2006 Stock Plan. While annual grants are typically made in the fourth fiscal quarter, the grants of the aforementioned options was made earlier, on a one-time basis, in an effort to incentivize, motivate and retain the officers who remained with the Company while it underwent a transition period. The vesting of stock option grants is described in the section entitled *Compensation Discussion and Analysis Long-Term Share-Based Compensation Our 2006 Employee, Director and Consultant Stock Plan*.
- (3) This amount shows the full grant date fair value of options granted in 2008. Generally, the full grant date fair value is the amount the Company would expense in its financial statements in accordance with SFAS 123(R) over the vesting schedule of shares underlying the options. The assumptions used in the calculation

of these amounts are set forth in Note 12 of the Company's Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 30, 2008.

(4) These options will expire on April 9, 2009, 90 days from the date of Mr. Coletta's separation from the Company, unless exercised sooner.

Luey, Thibault de Chatellus, Michael W. Fox and Gregory A. Schwartz, effective as of September 1, 2008. Pursuant to the terms of the respective agreements, if each of the above mentioned executives is terminated without cause or resigns for good reason, such executive will be entitled to (i) that executive's base salary then in effect, prorated to the date of termination, and any accrued benefits through the date of termination; (ii) a severance payment in an amount equal to twelve (12) months of the executive's then-current base salary, less applicable withholding, payable on our ordinary payroll schedule and subject to compliance with Section 409A; and (iii) payment of premiums for COBRA coverage for the applicable severance period. In the event that such executive is terminated without cause or resigns for good reason within (i) twelve (12) months following the effective date of a change of control of the Company; or (ii) three (3) months following the start date of the Company's next Chief Executive Officer (which lapsed as of March 1, 2009), in addition to all the severance payments and benefits described above, each such executive would have been entitled to receive accelerated vesting in any previously granted restricted stock or stock options which were unvested at the time of termination, subject to the following schedule: (a) previously granted restricted stock or stock options that are up to one year vested: 50% of unvested shares subject to grant shall vest; (b) previously granted restricted stock or stock options that are between one to two years vested: 75% of unvested shares subject to grant shall vest; and (c) previously granted restricted stock or stock options that are two or more years vested: 100% of unvested shares subject to grant shall vest.

Except in the case of a Letter Agreement dated January 2, 2008 regarding a one-time performance bonus which may be earned by Mr. Schwartz and in the case of a Letter Agreement dated April 17, 2007 solely with respect to relocation benefits for Mr. de Chatellus, each such executive's respective employment agreement superseded all prior or simultaneous representations, discussions, negotiations, and agreements, whether written or oral between such executives and the Company or any of its subsidiaries. These agreements also provided that each of the executives would receive an initial base annual salary of \$275,000 per year, subject to adjustment for merit increases or promotions and each executive would be entitled to receive stock options and bonus payments, each as approved by the Compensation Committee. Effective December 1, 2008, Mr. de Chatellus' base salary was increased to 294,200.

In connection with Mr. White's appointment as President and Chief Executive Officer, the Company, through its wholly-owned subsidiary, Jamba Juice Company, entered into a three year employment agreement with Mr. White dated November 17, 2008. In the event Mr. White is terminated without cause or resigns for good reason independent of a change of control (as such term is defined in Mr. White's employment agreement), he will be entitled to a severance payment equal to: (A) one year of his base salary then in effect on the date of termination; (B) the average annual cash bonus paid to him for the most recent three years of employment and (C) payment of premiums for COBRA coverage for a twelve-month period. In the event Mr. White is terminated without cause or resigns for good reason within 12 months of a change in control, he will be entitled to a

severance payment equal to: (A) eighteen months of his base salary then in effect on the date of termination; (B) a payment equal to one and one-half times the annual target bonus based on the most recent target bonus paid to him; and (C) payment of premiums for COBRA coverage for the eighteen-month period. In addition, Mr. White will be entitled to one year of accelerated vesting in any unvested stock options in the event of a termination without cause or resignation for good reason.

In addition, Mr. White's agreement also provides that Mr. White is entitled to an initial base salary of \$550,000, a one-time signing bonus of \$100,000 less applicable withholding paid in a lump sum payment, an annual performance bonus of up to 100% of his base salary then in effect based on targets established by the Board or an appropriate committee thereof and a retention bonus equal to the lesser of \$500,000 less applicable withholdings or such amount as would result in a net of tax amount equal to \$300,000 to be paid in a lump sum payment as of the Company's first regular payroll date following commencement of Mr. White's employment. One third of the retention bonus vests ratably on each anniversary of the effective date of Mr. White's employment agreement. Pursuant to the terms of the agreement Mr. White was also entitled to receive a grant of an option to purchase 1,500,000 shares of Common Stock pursuant to our 2006 Employee, Director and Consultant Stock Plan, which vests 25% per year on each anniversary of the effective date of Mr. White's employment agreement.

On January 9, 2009, Mr. Coletta, by mutual agreement, separated from the Company to pursue other interests. In November 2006, Jamba Juice Company had previously entered into a severance agreement with Mr. Coletta which provided that if Mr. Coletta's employment was subject to a constructive termination or termination without cause, he would be entitled to receive a severance payment in the form of continuation of his base salary for 12 months following such termination, payable on our ordinary payroll dates and subject to compliance with Section 409A of the Tax Code (Section 409A). Consistent with the terms of this severance agreement, Mr. Coletta delivered a signed release of claims in a form satisfactory to the Company and he also agreed to non-solicitation of our employees prior to receiving any benefits payable in connection with his separation. Mr. Coletta did not have a change of control agreement.

The exact definitions of "cause", "constructive termination" and "change of control" are defined in each respective and applicable agreement.

Using each Named Executive Officer's current base salary, the maximum total payments by the Company to each Named Executive Officer under the termination circumstances described above, as of December 30, 2008, the last day of Fiscal 2008, would be as follows:

	Cash Severance (1)	Equity Acceleration (2)	COBRA Premium (3)
Current officers:			
James D. White	\$ 825,000(4)		18,091
Karen L. Luey	275,000		12,061
Thibault de Chatellus	294,200		12,061
Gregory A. Schwartz	275,000		12,061
Michael W. Fox	275,000		12,061
Former Officers:			
Paul E. Clayton (5)			
Donald D. Breen (6)			
Karen A. Kelley (7)			
Paul Coletta (8)	304,900		

- (1) Reflects 18 months continued salary for Mr. White and 12 months continued salary for other current officers and the former officer.
- (2) Calculated based on the assumption that triggering event takes place on December 30, 2008, the last trading day of Fiscal 2008, and assumes exercise of outstanding options and accelerated vesting of restricted stock based on the fair market value of \$.4597 per share as of that date. Acceleration of options outstanding with an exercise price above \$0.4597 per share is not reflected.

- (3) Assumes maximum payment of COBRA premiums for the entire severance period covered by the applicable agreement.
- (4) As of December 30, 2008, Mr. White has never received a bonus paid by the Company; this number therefore assumes no bonus paid in connection with his termination.
- (5) Mr. Clayton separated from the Company prior to December 30, 2008 and therefore no provision of his agreement could be triggered by events occurring on December 30, 2008. However, on September 3, 2008, we entered into a Separation Agreement and Release with Mr. Clayton. In accordance with the terms of this agreement, Mr. Clayton received the equivalent of one year's salary of \$525,000, subject to customary tax and other withholdings. Payments were made in such amounts as if they were going to be made in equal installments over the course of one year in accordance with the Company's regular payroll schedule except that the balance of the severance amounts payable on or after March 10, 2009 were accelerated and paid to Mr. Clayton in a lump sum payment on the payday immediately preceding March 15, 2009. Mr. Clayton's agreement also provides that (i) the Company will make payments on Mr. Clayton's behalf for the cost of COBRA continuation coverage under the Company's medical, dental and vision programs until the earlier of (a) the one year anniversary of Mr. Clayton's separation or (b) the date when Mr. Clayton assumes coverage under another employer's group health and dental plans and (ii) Mr. Clayton received acceleration of vesting on the unvested portions of an option to purchase 510,000 shares of the Company's common stock and a grant of 70,000 shares of restricted stock granted to him in connection with the Agreement such that the option and the restricted stock became fully vested at the time of the agreement, all subject to customary tax and other withholdings that were deducted from payments as noted above. In the Agreement, Mr. Clayton also provided a general release of claims against the Company, agreed to certain confidentiality obligations and reaffirmed his obligations under a non-competition agreement with the Company
- (6) Although Mr. Breen was a named executive officer and had a severance agreement during 2008, Mr. Breen voluntarily separated from the Company prior to December 30, 2008 and therefore no provision of this agreement could be triggered by events occurring on December 30, 2008. Discussion of his severance agreement is therefore omitted from this section. Mr. Breen is not receiving severance payments.
- (7) Although Ms. Kelley was a named executive officer and had a severance agreement during 2008, Ms. Kelley voluntarily separated from the Company prior to December 30, 2008 and therefore no provision of this agreement could be triggered by events occurring on December 30, 2008. Discussion of her severance agreement is therefore omitted from this section. Ms. Kelley is not receiving severance payments.
- (8) Such amount to be paid to Mr. Coletta over a 12 month period beginning January 9, 2009.

Change in Control Arrangements in our Equity Compensation Plans

Pursuant to the terms of our 2006 Stock Plan, holders of stock rights granted thereunder may be entitled to accelerated vesting upon the occurrence of a Corporate Transaction, which is defined as a merger or a sale of all or substantially all of the Company's assets.

Should a Corporate Transaction occur, the Board of Directors, or the board of directors of any entity assuming the obligations of the Company thereunder, may generally:

make appropriate provision for the continuation of such stock rights by substituting, on an equitable basis, either the consideration payable with respect to the number of outstanding shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity;

upon written notice to the holders, provide that all stock rights must be exercised (either (a) to the extent then exercisable or (b) at the discretion of the Board of Directors, all options or stock rights being made fully exercisable for purposes of the 2006 Stock Plan), within a specified number of days of the date of such notice, at the end of which period the options or stock rights shall be terminated; or

terminate all options or stock rights in exchange for a cash payment equal to the excess of the fair market value, less the relevant exercise price, if any, of the shares subject to such stock rights (either (a) to the extent then exercisable or (b) at the discretion of the Board of Directors, all options or stock rights being made fully exercisable for purposes of the 2006 Stock Plan).

In addition, options or stock awards granted under the 1994 Plan and the 2001 Plan which were assumed by the Company pursuant to and in accordance with our merger with Jamba Juice Company may also be entitled to accelerated vesting in certain circumstances.

Pursuant to the 1994 Plan, the Board of Directors has the full authority, but not the obligation, to specify any rules, procedures, adjustments or matters with respect to the 1994 Plan or any options issued under the 1994 Plan in connection with any reorganization, merger, reverse merger, recapitalization, reclassification, stock split, reverse split, combination of shares, sale of all or substantially all of the assets of the Company, sale of the Company or other corporate event or transaction, including, without limitation, modifying any applicable vesting provisions, adjusting the amount of outstanding options, and/or terminating the 1994 Plan.

Pursuant to the 2001 Plan, the Board of Directors, in the event of a Change in Control, shall have the right, but not the obligation, to accelerate the vesting or termination of restriction, limitation or repurchase rights applicable to such stock awards. As defined in the 2001 Plan, Change in Control means:

a sale of substantially all of the assets of the Company;

a merger or consolidation in which the Company is not the surviving corporation;

a reverse merger in which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger are converted by virtue of the merger into other property; or

the acquisition by any person, entity or group of securities of the Company representing at least 50% of the combined voting power entitled to vote in the election of Directors.

Compensation of Directors

Historically, our directors have been compensated with a mix of cash and equity-based compensation. Director compensation is generally reviewed annually by the Compensation and Executive Development Committee, with any changes made by the committee generally becoming effective commencing after the Annual Meeting of Stockholders. All Board members are entitled to reimbursement by the Company for reasonable travel to and from meetings of the Board, and reasonable food and lodging expenses incurred in connection therewith. On April 28, 2008, our Compensation and Executive Development Committee amended the Jamba, Inc. Non-Employee Director Compensation Policy (the Director Compensation Policy) to (i) adjust the number of options each non-employee director was entitled to receive as part of his annual retainer, (ii) to provide that, for the then-upcoming year, a non-employee director was permitted to elect to receive stock options in lieu of any cash payment that he may be entitled to receive in connection with his Board and committee chairmanship service and (iii) to set the number of options that the non-employee director was permitted to receive in connection with each such election. On March 5, 2009 the Compensation and Executive Development Committee further amended the Director Compensation Policy to update the number of options each director was permitted to receive as part of his annual retainer for the ensuing year. The Compensation and Executive Development Committee will continue to amend our Director Compensation Policy from time to time to ensure that compensation levels are fair and appropriate. As amended to date, non-employee members of our Board are compensated in the following manner:

	Cash Compensation	Equity Compensation (1)
<i>Annual Retainer:</i>		
Board Member	\$ 60,000	20,000(2)
Chairman of the Board (additional)	40,000	
Audit Committee Chair (additional)	20,000	
Compensation and Executive Development Committee Chair (additional)	10,000	
Nominating and Corporate Governance Committee Chair (additional)	10,000	

- (1) Assumes service for a full year; directors who serve for less than the full year are entitled to receive a pro rated portion of the applicable payment. Each year, for purposes of the Director Compensation Policy, begins on the date of our annual meeting of stockholders.
- (2) From the 2008 Annual Meeting Date until the 2009 Annual Meeting Date, the annual grant of options given to each director was 13,800. Effective following the 2009 Annual Meeting Date, the annual grant of options given to each director will be 20,000. The options will be granted pursuant to our 2006 Employee, Director and Consultant Stock Plan and will be granted and priced at the fair market value of the underlying stock as of the date of the Company's annual stockholder meeting. Options vest over a period of one year, at a rate of 25% per three-month period following the annual meeting of stockholders.

EQUITY COMPENSATION PLAN INFORMATION

The Company maintains three stock-based compensation plans. The Company's 2006 Employee, Director and Consultant Stock Plan was approved by the Company's stockholders on November 28, 2006, and provides for the granting of up to five million shares of common stock in the form of nonqualified and incentive stock options, stock grants or other stock-based awards to employees, non-employee directors and consultants. In connection with our merger with Jamba Juice Company, the Company assumed the outstanding options under the 1994 Plan and the 2001 Plan which provided for granting nonqualified and incentive stock options to employees, non-employee directors and consultants. No additional grants are available under the 1994 Plan and the 2001 Plan. The following table sets forth information regarding outstanding options and shares reserved for future issuance under the foregoing plans as of December 30, 2008:

Plan Category (1)	Number of shares to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)(\$)	Number of shares remaining available for future issuance under equity compensation plans (excluding shares reflected in column (a))(c)
Equity compensation plans approved by stockholders	3,414,890	\$ 4.68	1,585,110
Equity compensation plans not approved by stockholders (2)	1,500,000	\$ 0.60	
Total	4,914,890		1,585,110

- (1) The information presented in this table excludes options assumed by the Company in connection with the merger with Jamba Juice Company. As December 30, 2008, 291,930 shares of the Company's Common Stock were issuable upon exercise of these assumed options, at a weighted average exercise price of \$8.39 per share.
- (2) Represents an option to purchase 1,500,000 shares of our Common Stock granted to Mr. White outside of our 2006 Employee, Director and Consultant Stock Plan. The grant of this option did not require approval by our stockholders due to its qualification under the inducement grant exception provided by Rule 4350(i)(1)(A)(iv) of the NASD Marketplace Rules.

Stockholder business that is not intended for inclusion in our proxy materials may be brought before the annual meeting so long as we receive notice of the proposal as specified by our Bylaws, addressed to the Secretary at our principal executive offices, not later than the above date.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Jamba stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to Investor Relations Department, Jamba, Inc., 6475 Christie Avenue, Suite 150, Emeryville, CA 94608 or contact our Corporate Secretary by telephone at (510) 596-0100. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

TRANSACTION OF OTHER BUSINESS

At the date of this Proxy Statement, the Board of Directors knows of no other business that will be conducted at the 2009 Annual Meeting other than as described in this Proxy Statement. If any other matter or matters are properly brought before the meeting, or any adjournment or postponement of the meeting, it is the intention of the persons named in the accompanying form of proxy to vote the proxy on such matters in accordance with their best judgment.

By Order of the Board of Directors,

MICHAEL W. FOX
