INFORMATION ABOUT THE 2009 ANNUAL MEETING OF SHAREHOLDERS AND VOTING

The Board of Directors of Weight Watchers International, Inc. is soliciting proxies to be voted at the 2009 Annual Meeting of Shareholders (the 2009 Annual Meeting), to be held at The Carlton Hotel, 88 Madison Avenue, New York, New York 10016 on Monday, May 11, 2009 at 10:00 a.m. Eastern Time, and at any adjournment or postponement thereof. You may obtain directions to the 2009 Annual Meeting by contacting our investor relations department at 212-589-2751. This Proxy Statement and the accompanying proxy card contain information about the items you will vote on at the 2009 Annual Meeting. It is anticipated that this Proxy Statement and the accompanying proxy card will be first mailed to shareholders on or about April 9, 2009.

Who is entitled to vote?

As of the close of business on March 31, 2009 (such date and time, the Record Date), there were 76,988,659 shares of Common Stock, no par value per share, of the Company (the Common Stock) outstanding. If you are a shareholder of record or a beneficial owner of Common Stock on the Record Date, you are entitled to receive notice of and to vote at the 2009 Annual Meeting and at any and all adjournments or postponements of the 2009 Annual Meeting. You are entitled to one vote for each share of Common Stock you hold as a shareholder of record or as beneficial owner for each matter presented for vote at the 2009 Annual Meeting.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's transfer agent, Computershare Trust Company, N.A., you are considered the shareholder of record with respect to those shares, and these proxy materials are being sent directly to you by the Company. As the shareholder of record, you have the right to grant your proxy to the Company or to vote in person at the 2009 Annual Meeting. The Company has enclosed a proxy card for you to use.

If your shares are held in a brokerage or trustee account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded by a broker, trustee or nominee to you together with a vote instruction form.

If I am a shareholder of record of the Company's shares, how do I vote?

If you are a shareholder of record, you may vote in person at the 2009 Annual Meeting. We will give you a ballot when you arrive. If you do not wish to vote in person or if you will not be attending the 2009 Annual Meeting, you may vote as follows:

1. Over the Internet: go to www.investorvote.com/WTW;
2. By toll-free telephone: call 1-800-652-VOTE (8683); or
3. By mail: mark, sign, date and promptly mail the enclosed proxy card in the postage-paid envelope.

Any proxy may be revoked at any time prior to its exercise at the 2009 Annual Meeting.

If I am a beneficial owner of shares held in street name, how do I vote?

As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the 2009 Annual Meeting. Since a beneficial owner is not the shareholder of record, you may not vote these shares in person at the 2009 Annual Meeting unless you obtain and present at the 2009 Annual Meeting a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the 2009 Annual Meeting. Your broker, trustee or nominee will send you separate instructions describing the procedure for voting your shares.

Table of Contents

If you do not wish to vote in person at the 2009 Annual Meeting, you may vote by proxy. Subject to and in accordance with the instructions provided by your broker, trustee or nominee, you may vote by proxy in one of the following manners: over the Internet, by telephone or by mail.

Why is there information regarding the Internet availability of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (the "SEC"), we provide access to our proxy materials over the Internet. Accordingly, our Notice of 2009 Annual Meeting of Shareholders (the "Notice") includes information regarding the Internet availability of our proxy materials to our shareholders of record and beneficial owners.

How can I get electronic access to the proxy materials?

You can view our proxy materials for the 2009 Annual Meeting on the Internet at our website at www.weightwatchersinternational.com.

What happens if I do not give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by our Board of Directors, or if you sign and return the enclosed proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the 2009 Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the New York Stock Exchange ("NYSE") rules, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. We encourage you to provide voting instructions to the organization that holds your shares. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform our Inspector of Election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote." Under current NYSE interpretations, we believe that neither Proposal 1 (Election of Class II Directors) nor Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm) is considered a non-routine matter.

How can I revoke my proxy or change my vote?

You may revoke your proxy or change your voting instructions before your proxy is exercised at the 2009 Annual Meeting:

1. If you are a shareholder of record, by (a) voting on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the 2009 Annual Meeting will be counted), (b) timely delivering a written revocation or a valid, later-dated proxy to the Corporate Secretary of the Company at the address of the Company's principal executive offices, or (c) attending the 2009 Annual Meeting and voting in person; or
2. If you are the beneficial owner of shares held in street name, by submitting new voting instructions by contacting your broker, trustee or nominee, or as otherwise provided in the voting instructions provided to you.

How many shares must be present or represented to constitute a quorum for the 2009 Annual Meeting?

The presence of a majority of the outstanding shares, in person or represented by proxy, of the Common Stock entitled to vote at the 2009 Annual Meeting constitutes a quorum. A quorum is necessary in order to

Table of Contents

conduct business at the 2009 Annual Meeting. Abstentions, withheld votes in the election of directors and broker non-votes are counted as present for purposes of determining a quorum. If a quorum is not present, the 2009 Annual Meeting will be rescheduled for a later date.

What is the voting requirement to approve each of the proposals?

Proposal No. 1 Election of Class II Directors. Directors are elected by a plurality of the votes cast, in person or by proxy, at the 2009 Annual Meeting. This means that the three nominees to be Class II directors receiving the highest number of affirmative votes at the 2009 Annual Meeting will be elected as Class II directors for a three-year term. A withhold vote in the election of directors will have the same effect as an abstention. A withhold vote will not have any effect on the outcome of the election of directors.

Proposal No. 2 Ratification of Selection of Independent Registered Public Accounting Firm. The selection of PricewaterhouseCoopers LLP (PricewaterhouseCoopers) as our independent registered public accounting firm for fiscal 2009 will be ratified if the votes cast, in person or by proxy, at the 2009 Annual Meeting for ratification exceed the number of votes cast against ratification. Abstentions will have no effect on the proposal to ratify the selection of PricewaterhouseCoopers.

Other Matters. Any other matters that may properly come before the 2009 Annual Meeting will generally require that the votes cast for must exceed the votes cast against. If any other matter not discussed in this Proxy Statement properly comes before the 2009 Annual Meeting upon which a vote may be taken, shares represented by all proxies received by the Company will be voted on that matter in accordance with the discretion of the persons named as proxy holders. Abstentions will have no effect on the proposal to approve any such other matter.

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote your shares FOR each of the nominees for Class II director to the Board of Directors (Proposal 1) and FOR the ratification of the selection of PricewaterhouseCoopers as our independent registered public accounting firm for fiscal 2009 (Proposal 2).

How are votes counted?

Representatives of our transfer agent, Computershare Trust Company, N.A., will tabulate the vote and act as Inspector of Election. The vote will be certified by our Inspector of Election. Except as necessary to meet legal requirements, proxies and ballots that identify the vote of individual shareholders will be kept confidential in cases where shareholders write comments on their proxy cards or in a contested proxy solicitation. During the proxy solicitation period, the Company will receive vote tallies from time to time from the Inspector of Election, but such tallies will provide aggregate figures rather than names of shareholders.

Who will bear the cost of soliciting votes for the 2009 Annual Meeting?

The Company will bear the entire cost of this proxy solicitation, including the preparation, printing and mailing of this Proxy Statement, the proxy card and any additional soliciting materials sent by the Company to shareholders. The Company will reimburse brokerage firms and other persons representing beneficial owners of shares for reasonable expenses incurred by them in forwarding proxy-soliciting materials to such beneficial owners. In addition to solicitations by mail, certain of the Company's directors, officers and regular employees, without additional remuneration, may solicit proxies on our behalf by telephone, e-mail, facsimile or personal interviews.

How can shareholders communicate with the Board of Directors?

Shareholders who want to communicate with the Board of Directors or any individual director can write to them at Weight Watchers International, Inc., Attention: Corporate Secretary, 11 Madison Avenue, 17th Floor, New York, New York 10010. In any such communication, an interested person may also designate a particular audience, including a committee of the Board of Directors, such as the Audit Committee, the non-management directors as a group, or the director designated to preside over the meetings of the non-management directors. The letter should indicate that you are a shareholder. Depending on the subject matter, our Corporate Secretary will: (i) forward the communication to the director or directors to whom it is addressed; (ii) attempt to handle the inquiry directly, for example when the request is for information about the Company or is a stock-related matter; or (iii) not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic. At each Board of Directors meeting, a member of management will present a summary of all communications received since the last meeting that were not forwarded to the director or directors to whom they were addressed, and shall make those communications available to the Board of Directors upon request.

Our Board of Directors encourages shareholders who are interested in communicating directly with our independent directors as a group to do so by writing to the independent directors in care of our Corporate Secretary. Shareholders can send communications by mail to: Weight Watchers International, Inc., Attention: Corporate Secretary, 11 Madison Avenue, 17th Floor, New York, New York 10010. Shareholder correspondence received addressed to our independent directors will be reviewed by our Corporate Secretary or his designee, who will regularly forward to our independent directors all correspondence that, in the opinion of our Corporate Secretary, deals with the functions of the Board of Directors or committees thereof or that our Corporate Secretary otherwise determines requires their attention. Our independent directors may at any time review a log of all correspondence received by the Company that is addressed to the independent members of the Board of Directors and request copies of any such correspondence.

When do we anticipate mailing the proxy materials to shareholders?

It is anticipated that this Proxy Statement and the accompanying proxy card will be first mailed to shareholders on or about April 9, 2009.

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED

PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers to serve as the Company's independent registered public accounting firm for fiscal 2009. Representatives of PricewaterhouseCoopers are expected to be present at the 2009 Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Ratification by the shareholders of the selection of the independent registered public accounting firm is not required, but the Board of Directors believes that it is desirable to submit this matter to the shareholders. If the selection of PricewaterhouseCoopers is not approved at the meeting, the Audit Committee will investigate the reason for the rejection and reconsider the appointment.

The Board of Directors recommends that you vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal 2009.

CORPORATE GOVERNANCE

BOARD OF DIRECTORS AND COMMITTEES

Board of Directors

Our Board of Directors is comprised of nine members. The Board of Directors is divided into three classes, equal in number, with each director serving a three-year term and one class being elected at each year's annual meeting of shareholders.

The Board of Directors held 10 meetings in fiscal 2008. Each of the directors attended at least 90% or more of the meetings of the Board of Directors and all committees of the Board of Directors on which he or she served that were held during fiscal 2008. It is the Board of Directors policy that directors should attend our 2009 Annual Meeting absent exceptional cause. All of our current directors attended the Company's 2008 annual meeting of shareholders.

Directors of Weight Watchers International

Set forth below in the section entitled *Executive Officers and Directors of the Company* are the names and certain information with respect to each of our current directors.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines for our officers, directors and employees, which include guidelines for determining director independence and qualifications for directors. All of the Company's corporate governance materials, including the Corporate Governance Guidelines and committees of the Board of Directors' charters, are available on the Corporate Governance page of our website at www.weightwatchersinternational.com. In addition, shareholders may request a free copy of our Corporate Governance Guidelines from Weight Watchers International, Inc., Attention: Corporate Secretary, 11 Madison Avenue, 17th Floor, New York, New York 10010, (212) 589-2700. The Board of Directors regularly reviews corporate governance developments and modifies its Corporate Governance Guidelines and committee charters as warranted.

Committees of the Board of Directors

The standing committees of the Board of Directors consist of the Audit Committee and the Compensation and Benefits Committee (the Compensation Committee). Due to the beneficial ownership by Artal Group, S.A. (together with its parent and its subsidiaries, Artal) of more than 50% of our outstanding Common Stock, we are considered a controlled company as defined in the listing standards of the NYSE. As such, we have elected to be exempt from the requirements to have nominating/corporate governance and compensation committees composed entirely of independent directors and to have a majority of independent directors on our Board of Directors.

Audit Committee

We have an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act), the rules and regulations of the SEC and the listing standards of the NYSE. The current members of the Audit Committee are Mr. Bard, Ms. Evans and Ms. Roy Tofalli. Mr. Reed resigned from the Board of Directors effective as of the end of the first quarter of fiscal 2008 (i.e., March 29, 2008) and his vacancy on the Audit Committee was filled by Ms. Roy Tofalli effective as of the beginning of the second quarter of fiscal 2008 (i.e., March 30, 2008). The Audit Committee held 10 meetings during fiscal 2008.

Table of Contents

Director Nominations

Because the Board of Directors believes that all of the directors of the Company should be involved in the process of nominating persons for election as directors and the Company is not required to have a nominating committee under the listing standards of the NYSE as described above under *Committees of the Board of Directors*, the Board of Directors as a whole performs the functions of a nominating committee and is responsible for reviewing the requisite skills and characteristics of the nominees for the Board of Directors.

Identifying and Evaluating Nominees for Directors

The Board of Directors will consider candidates for nomination as a director recommended by shareholders, current directors, officers, third-party search firms and other sources. In evaluating candidates, the Board of Directors considers the attributes of the candidate, including, but not limited to, minimum individual qualifications, including integrity, accountability, experience and an ability to work collegially with the other members of the Board of Directors. In addition, the Board of Directors will take into account all other factors it considers appropriate, including a candidate's skills and experience, legal and regulatory requirements and the needs of the Board of Directors. The Board of Directors will review all candidates in the same manner, regardless of the source of the recommendation. The Board of Directors will consider individuals recommended by shareholders for nomination as a director in accordance with the procedures described below. The Board of Directors may engage consultants or third party search firms to assist in identifying and evaluating potential candidates. While the Board of Directors has not adopted a separate charter setting forth the guidelines for its nomination duties, the guidelines for determining director independence and qualifications for directors are described in Articles II and III of our Corporate Governance Guidelines.

Procedures for Submitting Director Recommendations and Nominations

The Company's Amended and Restated Bylaws (the "Bylaws") provide that shareholders may nominate persons for election as directors at the Company's shareholders meeting by giving timely written notice to the Corporate Secretary of the Company containing required information. The Bylaws require that, to be timely and proper, notice of a nomination by a shareholder must be personally delivered to, or mailed to and received at, the Company's principal executive offices as follows: (a) for elections to be held at an annual meeting of shareholders, at least 120 days and no more than 150 days before the first anniversary of the date of the proxy statement in conjunction with the annual meeting of shareholders for the prior year; (b) if the date of the annual meeting is more than 30 days earlier or later than the anniversary date of the prior year's annual meeting, notice must be received not less than 60 days prior to such annual meeting; and (c) for elections that are going to take place at a special meeting of shareholders, no later than the close of business on the seventh day after the day on which notice of the date of the special meeting is first given to shareholders. Notwithstanding the foregoing, so long as Artal owns a majority of our Common Stock, notice by Artal shall be timely and proper if delivered in writing or orally at least five business days prior to the date the Company mails its proxy statement in connection with the annual meeting of shareholders.

In notifying the Corporate Secretary, the shareholder should provide the following information: (i) the name and the address of the shareholder making the submission, as they appear on the Company's stock transfer books, and the name, age and business (and, if known, residential address) of the candidate to be considered; (ii) a representation by the shareholder that the shareholder is a shareholder of record and intends to appear in person or by proxy at the meeting to nominate the candidate; (iii) the class or series and number of shares of the Company's stock that are beneficially owned by the shareholder making the submission and by the candidate; (iv) a description of all arrangements or understandings between the shareholder and the candidate and any other person (naming such person) pursuant to which such nomination is to be made by such shareholder; (v) an executed written consent of the candidate to be named in the proxy statement as a nominee and to serve as a director of the Company if so elected; (vi) the principal occupation or employment of the candidate; and (vii) any other information relating to the candidate required to be disclosed in accordance with the Bylaws and the Exchange Act. The foregoing information should be submitted to the Board of Directors through Weight Watchers International, Inc., Attention: Corporate Secretary, 11 Madison Avenue, 17th Floor, New York, New York 10010, (212) 589-2700.

Director Independence

Three of our nine directors, Mr. Bard, Ms. Evans and Ms. Roy Tofalli are (and Mr. Reed, who resigned from the Board of Directors effective as of March 29, 2008, was) independent under applicable listing standards of the NYSE and our Corporate Governance Guidelines. For a director to be considered independent, the Board of Directors must determine that the director does not have any direct or indirect material relationship with the Company. The Board of Directors has established guidelines to assist it in determining director independence, which conform to the independence requirements in the NYSE listing standards. In addition to applying these guidelines, which are set forth in Article II of our Corporate Governance Guidelines, the Board of Directors will consider all relevant facts and circumstances in making an independence determination.

All members of the Audit Committee must be independent directors based on our Corporate Governance Guidelines and under the listing standards of the NYSE. Members of the Audit Committee must also satisfy a separate SEC independence requirement pursuant to Rule 10A-3 under the Exchange Act, which provides that they may not (i) accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their directors' compensation, and (ii) be an affiliate of the Company. The Board of Directors has determined that each of the Audit Committee members, Mr. Bard, Ms. Evans and Ms. Roy Tofalli (and Mr. Reed, who resigned from the Board of Directors effective as of March 29, 2008), has no material relationship with us and satisfies the independence requirements under our Corporate Governance Guidelines, the listing standards of the NYSE and Rule 10A-3 under the Exchange Act.

Audit fees for fiscal 2008 and fiscal 2007 were for professional services rendered by PricewaterhouseCoopers in connection with its (i) integrated audits of our consolidated financial statements and internal control over financial reporting as of and for fiscal 2008 and fiscal 2007, including statutory audits of the financial statements of our subsidiaries, (ii) reviews of our unaudited consolidated interim financial statements as of and for each of the quarterly interim periods within fiscal 2008 and fiscal 2007, and (iii) reviews of documents filed with the SEC.

Audit-Related Fees

The audit-related fees for fiscal 2008 and fiscal 2007 were for professional services rendered by PricewaterhouseCoopers related to the issuance of various special reports.

Tax Fees

Tax fees for fiscal 2008 and fiscal 2007 were for services rendered by PricewaterhouseCoopers primarily related to tax compliance and international tax planning and strategies.

All Other Fees

All other fees for fiscal 2008 and fiscal 2007 were for services rendered by PricewaterhouseCoopers primarily related to assistance with U.K. statutory account filings and other miscellaneous professional services.

All audit-related services, tax services and other services were pre-approved by the Audit Committee, which concluded that the provision of such services by PricewaterhouseCoopers was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit Committee's Audit and Non-Audit Services Pre-Approval Policy provides for pre-approval of audit, audit-related and tax services by category so long as such services are specifically described to the Audit Committee on an annual basis (*e.g.*, in the engagement letter) (general pre-approval). In addition, individual engagements that have not received general pre-approval and/or are anticipated to exceed pre-established thresholds must be separately approved in advance on a case-by-case basis (specific pre-approval). The Audit Committee is mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may choose to determine, for a particular year, an appropriate ratio between the total amount of fees for audit, audit-related and tax services and the total amount of fees for certain permissible non-audit services classified as all other fees. The policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services. In its Audit and Non-Audit Services Pre-Approval Policy, the Audit Committee delegated specific pre-approval authority to its chairperson, provided that the estimated fee for any such proposed pre-approval service does not exceed \$50,000. Pursuant to this delegation, the chairperson must report any pre-approval decision to the Audit Committee at the next regularly scheduled meeting.

AUDIT COMMITTEE REPORT

The following is the report of the Audit Committee of the Board of Directors with respect to the Company's audited financial statements for fiscal 2008.

The Audit Committee is governed by the Audit Committee Charter adopted by the Company's Board of Directors. Our Board of Directors has determined that each member of the Audit Committee, John F. Bard, Marsha Johnson Evans and Kimberly Roy Tofalli, is an independent director based on Rule 10A-3 of the Exchange Act, the listing standards of the NYSE and our Corporate Governance Guidelines and is an audit committee financial expert as defined by SEC rules.

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee has met, reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial statements and the reporting process, including the system of internal controls. In this context, the Audit Committee has held discussions with management and PricewaterhouseCoopers LLP (PricewaterhouseCoopers), the Company's independent registered public accounting firm for fiscal 2008, regarding the fair and complete presentation of the Company's financial position and results of operations in accordance with accounting principles generally accepted in the United States of America and regulations of the SEC. The Audit Committee also has held discussions with management and PricewaterhouseCoopers regarding the effectiveness of the Company's internal control over financial reporting in accordance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. Management has represented to the Audit Committee that the Company's consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. PricewaterhouseCoopers is responsible for expressing an opinion on the conformity of the Company's financial statements with accounting principles generally accepted in the United States of America. The Audit Committee has also discussed with PricewaterhouseCoopers the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1 AU Section 380) and as adopted by the Public Company Accounting Oversight Board in Rule 3200T, which includes, among other items, matters related to the conduct of the annual audit of the Company's financial statements.

In addition, the Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers required by the applicable requirements of the Public Company Accounting Oversight Board, regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm its independence. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with the auditor's independence. The Audit Committee has concluded that PricewaterhouseCoopers is independent from the Company and its management. The Audit Committee has pre-approved all fiscal 2008 audit and permissible non-audit services and the fees associated with those services. Further, the Audit Committee has discussed with PricewaterhouseCoopers the overall scope and plans for the audit.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors, and the Board of Directors approved, that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2008.

The Audit Committee has selected PricewaterhouseCoopers as the Company's independent registered public accounting firm for fiscal 2009, and the Board of Directors has approved submitting such selection to the shareholders for ratification.

Living Company Values. Ensure that executive compensation directly supports the eight key Company values tied to our organizational success that the named executive officers, as well as all of our employees everywhere, need to demonstrate and adhere to on a daily basis in the performance of their duties.

The following principles guide us in developing executive compensation programs and setting total compensation levels for executives:

Compensation levels should be closely tied to the performance and success of the Company as well as the executive's contribution to the Company's performance and success.

Compensation programs should offer an opportunity for greater compensation for exceptional and superior performance, balanced by the risk of lower compensation when performance is less successful.

While incentivizing strong Company performance and success, compensation programs should not encourage excessive risk taking.

The mix and level of compensation for an executive should reflect the importance of the executive to the Company, competition for that executive's talent, and relative levels of compensation for other executives at the Company.

Elements of Executive Compensation

In furtherance of our compensation philosophy and in order to achieve the three objectives listed above, for the Company's executive compensation program in fiscal 2008, we used the following compensation elements:

Base salary;

Annual, performance-based cash bonus;

Long-term equity incentive compensation such as stock options and restricted stock units, or RSUs;

Retirement and deferred compensation plans, and agreements defining when termination payments are payable upon a change of control of the Company; and

Benefits and perquisites.

These elements combine to promote the Company's compensation philosophy and achieve the Company's compensation objectives as described above. Base salary, retirement and deferred compensation plans, change of control termination payments, and perquisites and other benefits provide a basic level of compensation that helps attract, motivate and retain exceptional executives. Increases in base salary and annual, performance-based cash bonuses reward achievement of annual goals important to the Company's near- and long-term financial and strategic success and the executive's adherence to, and demonstration of, the Company's values. Equity-based incentive compensation aligns an executive's compensation directly with the creation of shareholder value by rewarding performance as well as serves as a form of compensation to motivate and to help retain the executive over time.

For senior executives, including the named executive officers, the Company believes that variable compensation such as equity-based and performance-based compensation should be a higher percentage of total compensation than for less senior executives. We feel that this type of compensation relates most directly to achievement of business, strategic and financial objectives and goals and to building shareholder value, and the performance of senior executives has a strong and direct impact on achieving these objectives and goals.

Edgar Filing: WEIGHT WATCHERS INTERNATIONAL INC - Form DEF 14A

In making decisions with respect to any element of an executive's compensation, the Company considers the total current compensation that may be awarded to the executive, including base salary, annual bonus and long-term equity incentive compensation. The Company's goal is to award compensation that is reasonable in relation to the Company's compensation philosophy and objectives when all elements of potential compensation are considered.

Competitive Considerations

The Company is a unique, global organization that operates and recruits across diverse markets and types of business lines and necessarily must make each compensation decision in the context of the particular situation, including the characteristics of the executive's specific role, responsibilities, qualifications and experience. The Company takes into account general information about the competitive market for talent, but because of the uniqueness and mix of business in which the Company is engaged, the Company believes that strict benchmarking against a select group of companies does not provide a meaningful basis for establishing compensation. Therefore, the Company does not attempt to maintain a specific target percentile with respect to a specific list of peer or benchmark companies in determining compensation for senior executives, including named executive officers. However, the Company does periodically review information regarding compensation trends and levels from a variety of sources in making compensation decisions. These sources vary depending on the position as well as geography. These sources include broad public company indexes and resources and market data provided by outside executive recruiting and consulting firms, such as Hewitt Associates.

Policy Regarding Executive Stock Ownership

The Company has no formal policy regarding stock ownership or retention by the Company's named executive officers. However, the Company encourages the named executive officers to retain ownership of a significant portion of the equity-based incentive compensation that they have been awarded. The Company encourages this equity retention so that our key executives' interests are more closely aligned with the interests of our shareholders.

Determination of Executive Compensation

Roles and Responsibilities

The Compensation Committee determines the compensation for each of the named executive officers. All three Compensation Committee members are non-management directors of the Company. From time to time during the fiscal year, the Compensation Committee reviews the base salary, bonus, equity-based incentive compensation and other material benefits, direct and indirect, of the named executive officers.

The chief executive officer does not participate in the Compensation Committee's deliberations or decisions with regard to his compensation. At the Compensation Committee's request, the chief executive officer reviews the performance of the other named executive officers. No other senior executive, except the Company's principal human resources executive, has any regular input into executive compensation decisions. The Compensation Committee gives consideration, when determining appropriate executive compensation, to the named executive officer's impact on the Company's results, scope of responsibility, past accomplishments, data on prevailing compensation levels, prior experience and other similar factors. The Compensation Committee also gives considerable weight to the chief executive officer's evaluation of the other named executive officers because of his direct knowledge of each executive's performance, responsibilities and contributions. For each named executive officer, the Compensation Committee members determine each component of compensation based on their assessment of the executive's achievement of his or her individual performance goals and objectives as well as the Company's overall achievement of its goals and objectives.

From time to time, the Compensation Committee has engaged outside executive recruiting and consulting firms, such as Hewitt Associates, to review aspects of the executive compensation program for the Company's executives. No member of the Compensation Committee or any named executive officer has any affiliation with Hewitt Associates or any of the other outside human resources consulting firms the Compensation Committee has engaged. The Compensation Committee periodically seeks input from these outside consulting firms on a range of external market factors, including evolving compensation trends, appropriate comparison companies and market survey data. These outside consulting firms also provide general observations on the Company's compensation programs, but do not determine or recommend the amount or form of compensation for any

Table of Contents

executive. The Compensation Committee has the ultimate authority to engage compensation consultants. In fiscal 2008, the Compensation Committee did not engage an outside executive recruiting and consulting firm to review aspects of the executive compensation program for the Company's executives.

Unless specifically required by law or local practice, the Company generally does not employ senior executives pursuant to employment agreements. Other than Ms. Stubbing, who has an employment agreement in accordance with local practice in the United Kingdom, none of the named executive officers has an employment agreement with the Company.

Base Salary

The objective of base salary is to provide fixed compensation to an executive that reflects his or her job responsibilities and performance. Base salary is determined for the named executive officers by the Compensation Committee based on its subjective evaluation of a variety of factors, including the executive's position, level and scope of responsibility, prior experience, past accomplishments, and data on prevailing competitive compensation levels.

Base salary levels are reviewed and approved by the Compensation Committee annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibilities. Base salary levels are based on the Compensation Committee's evaluation of the individual's strengths, development and expected future contributions with respect to the goals and objectives relevant to the individual's compensation, including individual performance, as well as the Company's overall financial performance and other general economic factors in the marketplace such as inflation. In addition, the Compensation Committee compares the base salaries of the named executive officers to ensure internal equity. Prior to fiscal 2008, this review typically took place mid-fiscal year. Beginning in fiscal 2008, this review took place in the first fiscal quarter.

Annual Performance-Based Cash Bonus

The Company's executive compensation program provides for a variable cash bonus that is linked to annual performance. The objective of this compensation element is to compensate executives annually based on the achievement of specific individual and Company annual performance objectives.

Each named executive officer's annual cash bonus is determined as a percentage of the executive's base salary. As with base salary, the Compensation Committee determines each named executive officer's annual target bonus percentage based on its subjective evaluation of a variety of factors, including the executive's position, level and scope of responsibility, and data on prevailing competitive compensation levels. From time to time, the Compensation Committee reviews executives' annual target bonus percentages and may make adjustments based on the Compensation Committee's evaluation of an executive's strengths, development and expected future contributions, changes in the executive's responsibilities, internal pay equity and competitive compensation information.

Each year, the target cash bonus payout of each named executive officer, except the Company's chief executive officer, may be over- or under-achieved based on a combination of the achievement of the Company's financial performance goals in the fiscal year and the named executive officer's performance during the fiscal year against his or her individual performance goals. In fiscal 2008, for the chief executive officer, the Company's overall financial performance for the fiscal year determined 100% of his annual, performance-based cash bonus. In fiscal 2008, for the other named executive officers, except Mr. Basone and Ms. Stubbing, the Company's overall performance for the fiscal year determined 75% of the individual's annual, performance-based cash bonus at target and the individual's performance rating determined the remaining 25% of the annual, performance-based cash bonus at target. In fiscal 2008, for Mr. Basone, a combination of the Company's overall performance (50%) and the performance of the WeightWatchers.com business (50%) for the fiscal year

Table of Contents

determined 75% of his annual, performance-based cash bonus at target and his individual performance determined the remaining 25% at target. In fiscal 2008, for Ms. Stubbing, a combination of the Company’s overall performance (33%) and the United Kingdom’s performance (67%) for the fiscal year determined 75% of her annual, performance-based cash bonus at target and her individual performance determined the remaining 25% at target.

For each fiscal year, each named executive officer receives an annual, performance-based cash bonus payment between 0% and 200% of his or her target bonus percentage amount, determined and computed based on the financial performance goal rating applicable to the executive for the fiscal year and the executive’s individual performance rating for the fiscal year.

Determination of Financial Performance Goal Rating

The Compensation Committee establishes the financial performance goals each year based on the Company’s target operating income objectives in the Company’s internal annual operating plan. The Compensation Committee has selected these performance goals because they are important indicators of the Company’s financial performance during the fiscal year and shareholder value. The Compensation Committee reserves the ability to adjust either the financial performance goals or the target operating income objectives to exclude the effects of extraordinary, unusual or infrequently occurring events or changes in accounting principles.

Upon completion of the fiscal year, the Compensation Committee assesses the performance of the Company against the Company’s financial performance goals by comparing the actual fiscal year results to the pre-determined target operating income objectives. A rating between 0% and 200% for the portion of each named executive officer’s annual cash bonus determined by the Company’s achievement of its financial performance goals is determined based on the following scale:

Range of Financial Performance Goal Ratings

Percentage of Target Operating Income Achieved during Fiscal Year	Financial Performance Goal Rating
75% or less	0%
90%	50%
100%	100%
115% and greater	200%

The financial performance goal rating for a percentage of the operating income achieved for the fiscal year that falls between target percentages of operating income set forth above are calculated on a proportional, sliding scale between the target percentages. For example, if the Company achieves 95% of its target operating income for the fiscal year, the financial performance goal rating for the named executive officer would be 75%.

The Compensation Committee establishes the financial performance goals so that the minimum performance level is reasonably likely to be achieved, while the target financial performance goals are more challenging. In recent fiscal years, the Company has met, exceeded and not achieved the target financial performance goals.

Determination of Individual Performance Rating

All named executive officers, other than the chief executive officer, have individual performance goals for each fiscal year. Individual performance goals are set by the chief executive officer during the first quarter of each fiscal year and vary depending on the Company’s business and strategic plan and objectives and each executive’s individual responsibilities.

Table of Contents

Achieving the target individual performance goal for all individual performance objectives would yield a rating of 100%. However, performance may be over- or under-achieved by the named executive officer. A named executive officer can receive an individual performance rating between 0% and 200% for the portion of his or her annual cash bonus determined by the executive's individual performance. If a named executive officer fails to achieve an individual performance rating of at least 65%, he or she is not eligible for any annual, performance-based cash bonus regardless of whether the Company achieves greater than 75% of the applicable target financial performance goals for the year. Typically, the chief executive officer initially determines the individual performance rating for the other named executive officers. This rating is then reviewed by the Compensation Committee when it approves the named executive officers' annual, performance-based cash bonuses.

Payout of Annual Performance-Based Cash Bonus

After the close of a fiscal year, the Compensation Committee determines and approves the amount of the annual, performance-based cash bonus to be paid to each named executive officer. The payout typically occurs in March of the fiscal year following the fiscal year to which the annual, performance-based cash bonus relates. There is no provision for the adjustment or recovery of a cash bonus paid to a named executive officer if the results in a previous year are subsequently restated or adjusted in a manner that would have originally resulted in a smaller or larger bonus. However, the annual cash bonus is not paid until after the completion of the annual audit of the Company's financial statements by the Company's independent registered public accounting firm for the applicable fiscal year.

Long-Term Equity Incentive Compensation

The Compensation Committee may periodically award named executive officers stock options, RSUs and/or other equity-based awards. The principal objective of the Company's long-term equity-based incentive compensation program is to align compensation for named executive officers over a multi-year period directly with the interests of shareholders of the Company. The Company believes that granting equity-based awards provides named executive officers with a strong financial incentive to maximize shareholder returns over the longer term. The Company also believes that the practice of granting equity-based awards is important in retaining and recruiting the key talent necessary to ensure the Company's continued success.

Mix of Equity Incentive Compensation

The Company's long-term equity incentive compensation typically takes the form of a mix of non-qualified stock option and RSU awards. These two vehicles reward shareholder value creation in slightly different ways. Stock options (which have exercise prices equal to the average of the closing price of our Common Stock on the grant date and the four previous trading days on the NYSE) reward named executive officers only if the stock price increases in comparison to the exercise price on the date of grant. Thus, stock options directly reward creation of shareholder value after the grant date. RSUs (which vary in value depending on the stock price of the Company's Common Stock prior to vesting) are impacted by all stock price changes, so the value to named executive officers is affected by both increases and decreases in stock price from the market price at the date of grant. Although an RSU's value may increase or decrease with changes in the stock price during the period before vesting, it will have value in the long-term, encouraging retention, as well as rewarding shareholder value creation. In fiscal 2006, long-term equity incentive compensation of named executive officers took the form of RSU awards and, in fiscal 2007 and fiscal 2008, it took the form of a combination of non-qualified stock option and RSU awards. The Compensation Committee currently believes that a mixture of stock options and RSUs is the most appropriate form of long-term equity incentive compensation to award our executives. The Compensation Committee may in the future adjust this mix of award types or approve different award types as part of the further development of its long-term equity incentive compensation program.

Stock Option Awards Generally

The vesting of stock options is generally time-based and differs depending on whether the award is an annual award, a hiring award or a special award, as described below. Generally, option vesting rights cease upon termination of employment, death or disability, and exercise rights cease one year after the holder's termination for death or disability, ninety days after a holder's termination for reasons other than for cause, death or disability, and immediately upon a termination for cause. Upon a termination for cause or a transfer in violation of the underlying terms and conditions of the award, all options, whether vested or unvested, generally terminate. In addition, stock options generally vest and become exercisable immediately prior to a change of control, and terminate within five to ten years from date of grant depending on the type of award. Prior to the exercise of a stock option, the holder has no rights as a shareholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

RSU Awards Generally

The vesting of RSUs is generally time-based and differs depending on whether the award is an annual award, a hiring award or a special award, as described below. Generally, upon a termination of a holder's employment or a transfer in violation of the underlying terms and conditions of the award, all vesting in the holder's RSUs shall cease and the unvested portion of the RSUs shall be cancelled without payment. However, RSUs generally immediately vest on the first to occur of (i) the vesting date, (ii) a change of control, (iii) death of the holder and (iv) the date the holder's employment with the Company is terminated due to permanent disability. In addition, prior to the vesting of an RSU, the holder has no rights as a shareholder with respect to the shares subject to such RSU, including voting rights, except that the holder has the right to receive accrued dividend equivalents upon the date the RSU vests.

Types of Awards

Annual Awards. Annual awards may consist of stock options, RSUs or a combination of both. Stock options granted generally have three-year cliff vesting with respect to annual awards and are not subject to Company performance targets. RSUs granted generally have three-year cliff vesting with respect to annual awards and are not subject to performance targets. Prior to fiscal 2006, annual awards constituting stock options generally terminated on the fifth anniversary of their grant date. Starting in fiscal 2007, annual awards constituting stock options generally terminate on the tenth anniversary of their grant date. The Company's practice is to grant annual awards in March of each year.

Hiring Awards. Hiring awards may consist of stock options or a combination of RSUs and stock options. Generally, stock options and RSUs granted vest and become exercisable in annual increments of 20% a year over five years. Newly-hired named executive officers receive their award of stock options and RSUs promptly following their hire with the date of hire generally coinciding with the date of award. Hiring awards constituting stock options generally terminate on the tenth anniversary of their grant date.

Special Awards. From time to time, special awards of stock options, RSUs or a combination of both may be made to certain named executive officers in connection with a promotion or other special circumstance. With respect to stock options and RSUs granted, vesting and exercisability are established at the time the Compensation Committee grants special awards and typically are in the form of annual increments of 20% a year over five years. Special awards constituting stock options generally terminate on the tenth anniversary of their grant date.

WeightWatchers.com Conversion Awards. In 2005, in connection with our acquisition of WeightWatchers.com, unvested stock options to purchase WeightWatchers.com common stock were exchanged for RSUs. The RSUs vest quarterly in amounts in accordance with vesting schedules that are based upon the vesting schedules of the original WeightWatchers.com stock option awards.

Equity Grant Procedures

The Compensation Committee administers our stock plans. The Company's practice is to grant annual equity-based awards at the Compensation Committee's March meeting. Generally, hiring awards for newly-hired named executive officers are granted promptly following their hire with the date of hire coinciding with the grant date of award. Our stock options are granted at an exercise price determined by calculating the average of the closing prices of the shares of our Common Stock on the grant date and the four previous trading days on the NYSE, with all required approvals obtained in advance of or on the actual date of grant. In certain circumstances, this may result in an exercise price in excess of or less than the closing price of the Company's Common Stock on the grant date. All awards to named executive officers require the approval of the Compensation Committee or the Board of Directors.

Retirement and Deferred Compensation Plans, Termination Payments and Other Arrangements

The objectives of the Company's retirement and deferred compensation plans and other retirement arrangements are to help provide financial security into retirement, reward and motivate tenure and retain talent in a competitive market. In addition, the objective of the Company's termination payments to senior executives in the event of a change of control is to motivate certain executives to remain with the Company despite the uncertainty that may arise in the context of change of control situations.

Savings Plans

We sponsor a savings plan for salaried U.S. employees, including our named executive officers resident in the United States. The savings plan is a tax-qualified 401(k) retirement savings plan pursuant to which participants are able to contribute, on a pre-tax basis, up to the lesser of 50% of their eligible earnings and the limit prescribed by the Internal Revenue Service. The Company will match 100% of the first 3% of earnings that is contributed to the savings plan. All participant contributions to the savings plan are fully-vested upon contribution. All matching contributions become vested on the three-year anniversary of the participant's hire date.

We also sponsor a savings plan for salaried U.K. employees, including Ms. Stubbing. Contributions to the plan by participating employees are made on a pre-tax basis. Her Majesty's Revenue & Customs has an annual allowance for the total payments that the employee, employer and any third party can make on the employee's behalf of \$340,703⁽¹⁾ for the 2008/2009 tax year. The Company contributes, on Ms. Stubbing's behalf, 9% of her annual base salary, and Ms. Stubbing is required to make a minimum contribution of 2%, to the savings plan. All Company and employee contributions to the savings plan are fully-credited upon contribution.

Executive Profit Sharing Plan

We have also established a non-qualified executive profit sharing plan for key U.S. management personnel, including the named executive officers resident in the United States. The executive profit sharing plan provides for a guaranteed monthly employer contribution for each participant based on the participant's age and the participant's eligible compensation. In addition, the executive profit sharing plan provides for supplemental employer contributions to be made at the discretion of the Company under certain circumstances. Historically our policy has been to make these discretionary supplemental employer contributions. In addition to the employer contributions, the Company will also credit each participant's executive profit sharing account with interest at an annual rate equal to the sum of (a) 2% plus (b) the annualized prime rate, as published in The Wall Street Journal, compounded as of the end of each fiscal month, subject to a cap of 15%.

(1) £235,000 in pounds sterling converted to U.S. dollars using the applicable exchange rate on January 2, 2009.

Table of Contents

The following table sets forth the guaranteed contribution amounts and the historical supplemental contribution amounts based on the age of the participant that typically have been approved:

Age of Named Executive Officer	Guaranteed Contribution of	
	Named Executive Officer's Eligible Earnings	Historic Supplemental Contribution of Named Executive Officer's Eligible Earnings
35-39	2.50%	2.50%
40-44	3.50%	3.50%
45-49	4.50%	4.50%
50-54	5.50%	5.50%
55-59	6.00%	6.00%
60 and Over	6.50%	6.50%

With regard to contributions made for years commencing after December 31, 2006, all contributions to a participant's profit sharing account are fully-vested upon the three-year anniversary of the participant's hire date, and, with regard to contributions made for years commencing before January 1, 2007, upon the five-year anniversary of the participant's hire date. Contributions also fully vest immediately upon the participant reaching the age of 65, becoming disabled or dying or being terminated by the Company without cause.

Termination Payments upon a Change of Control

The Company has determined that it is in the best interests of its shareholders to reinforce and encourage the continued attention and dedication of our key executives to their duties, without personal distraction or conflict of interest in circumstances that could arise in connection with any change of control of the Company. Therefore, the Company has entered into continuity agreements with each of the named executive officers and certain other senior executives.

Each agreement has an initial term of three years from the date of execution and continues to renew annually thereafter unless the Company provides 180-day advance written notice to the executive that the term of the agreement will not renew. However, upon the occurrence of a change in control (as defined in the agreement) of us, the term of the agreement may not terminate until the second anniversary of the date of the change in control.

Except for Mr. Basone and Ms. Stubbing, each named executive officer's continuity agreement provides that, among other benefits discussed more fully below in the section entitled *Payments Made Upon a Change of Control Continuity Agreements*, if (a) during the two-year period following a change in control of us, such named executive officer's employment is terminated (other than termination by the Company for cause or by reason of death, disability or retirement), or (b) during the three-month period prior to, but in connection with, or during the two-year period following, a change in control of us, such named executive officer voluntarily terminates his or her employment for good reason, or (c) an agreement is signed which would result in a change in control of us and during the period between the date of the agreement and a change in control of us, such named executive officer's employment is terminated in connection with the change in control (other than termination by the Company for cause or by reason of death, disability or retirement), then he or she is entitled to receive, among certain other payments and benefits, a lump sum cash payment equal to three times the sum of (x) the named executive officer's annual base salary on the date of the change in control (or, if higher, the annual base salary in effect immediately prior to when the notice of termination is given), and (y) the named executive officer's target annual bonus under our bonus plan in respect of the fiscal year in which the termination occurs (or, if higher, the average annual bonus actually earned by the named executive officer in respect of the three full fiscal years prior to the year in which the notice of termination is given). The continuity agreements for Mr. Basone and Ms. Stubbing and certain senior executives who are not named executive officers have similar terms and conditions as described above but entitle the executive to receive, among certain other benefits, a lump sum cash payment equal to two times the sum of (x) the executive's annual base salary on the date of the change in control (or, if higher, the annual base salary in effect immediately prior to the giving of the notice of

Table of Contents

termination), and (y) the executive's target annual bonus under our bonus plan in respect of the fiscal year in which the termination occurs (or, if higher, the average annual bonus actually earned by the executive in respect of the three full fiscal years prior to the year in which the notice of termination is given).

Other Retirement, Retention or Severance Arrangements

The Company has no formal policy regarding retirement arrangements. From time to time, the Compensation Committee or the Board of Directors in its discretion, based upon the nature and circumstances of the individual retiring, has approved retirement arrangements for certain named executive officers. Additionally, the Company has no formal policy regarding severance arrangements. From time to time, the Company has on occasion in its discretion, based upon the nature and circumstances of an individual being hired, has approved separate severance arrangements for certain named executive officers. For example, in accordance with her offer letter dated April 19, 2002, upon termination for any reason other than those set forth in her continuity agreement, Ms. Sardini will receive six months of salary continuation.

Benefits and Perquisites

The Company provides benefits to its salaried employees including health care coverage, life and disability insurance protection, reimbursement for educational expenses, wellness-related allowance and access to favorably priced group insurance coverage. The Company provides these benefits to help alleviate the financial costs and loss of income arising from illness, disability or death, to encourage ongoing education in job-related areas, and to allow employees to take advantage of reduced insurance rates available for group policies. In addition to the benefits provided to salaried employees generally, the Company provides named executive officers with certain perquisites that the Company and the Compensation Committee believe are reasonable and consistent with the Company's overall compensation program to better enable the Company to attract and retain employees for key positions. These perquisites include car allowances, wellness-related reimbursements, and cell phones (which are permitted to be used for personal matters). The Compensation Committee periodically reviews the levels of benefits and perquisites provided to named executive officers.

Tax and Accounting Implications

Excess Parachute Payment Excise Taxes

If under a continuity agreement (i) it is determined that the payments and benefits provided under the agreement in the aggregate (the "parachute payment") would be subject to the excise tax imposed under Section 4999 of the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code, or to any similar tax, and the aggregate value of the parachute payment exceeds a certain threshold amount calculated under the Internal Revenue Code by 5% or less, then (ii) the parachute payment will be reduced to the extent necessary so that the aggregate value of the parachute payment is equal to an amount that is less than such threshold amount; provided, however, that if the aggregate value of the parachute payment exceeds the threshold amount by more than 5%, then the executive will be entitled to receive an additional payment or payments in an amount such that, after payment by the executive of all taxes (including any interest or penalties imposed with respect to such taxes), including any excise tax imposed upon this payment, the executive retains an amount equal to the excise tax imposed upon the parachute payment.

Internal Revenue Code Section 409A

If, under the continuity agreements or our stock plans, any payments or benefits that the Company would be required to provide under the continuity agreements or any of our stock plans cannot be provided in the manner contemplated in the continuity agreements or under the applicable plan without subjecting the executive to income tax under Section 409A of the Internal Revenue Code, the Company shall provide such intended payments or benefits to the executive in an alternative manner that conveys an equivalent economic benefit to the executive without materially increasing the aggregate cost to the Company.

Table of Contents***Accounting Considerations***

The Compensation Committee also considers the accounting and cash flow implications of various forms of executive compensation. In its financial statements, the Company records salaries and performance-based compensation incentives as expenses in the amount paid, or to be paid, to the named executive officers. Accounting rules also require the Company to record an expense in its financial statements for equity awards, even though equity awards are not paid as cash to employees. The accounting expense of equity awards to employees is calculated in accordance with Statement of Financial Accounting Standards No. 123 (revised 2004) Share-Based Payments (FAS 123R). The Compensation Committee believes, however, that the many advantages of equity-based compensation, as discussed above, more than compensate for the non-cash accounting expense associated with them.

The Section 162(m) of the Internal Revenue Code \$1 Million Deduction Limit

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid in any fiscal year to the Company's chief executive officer or to any of up to three other executive officers (excluding the Company's principal financial officer) whose compensation must be included in this Proxy Statement because they are the most highly compensated executive officers. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. Our stock plans currently provide that certain awards may be made in a manner to qualify for this exemption.

2008 Executive Compensation Determinations

The following is a discussion of the specific factors considered in determining base salary, annual, performance-based cash bonus, and long-term equity incentive compensation for the named executive officers for fiscal 2008. There were no changes in fiscal 2008 in the policies governing retirement and deferred compensation plans, termination payments upon a change of control of the Company, perquisites or other benefits.

Base Salary

The following table identifies actions taken during fiscal 2008 with respect to base salaries of the named executive officers:

Named Executive Officer	Action
David P. Kirchhoff	Increase in annual base salary from \$500,000 to \$675,000 effective April 1, 2008
Ann M. Sardini	Increase in annual base salary from \$390,400 to \$402,103 effective April 1, 2008
Michael Basone	Increase in annual base salary from \$355,004 to \$400,000 effective April 1, 2008
Melanie Stack (Stubbing)	Increase in annual base salary from \$249,366 (£172,000) to \$260,587 (£179,740) effective April 1, 2008, to \$318,956 (£220,000) effective August 1, 2008 ⁽¹⁾
Jeffrey A. Fiarman	Increase in annual base salary from \$310,800 to \$350,117 effective April 1, 2008

(1) Amounts shown in pounds sterling were converted to U.S. dollars using the applicable exchange rate on January 2, 2009.

Table of Contents

The Company decided to increase the base salary of Mr. Kirchhoff, Ms. Sardini and Mr. Fiarman effective April 1, 2008. In determining each of their increased base salaries, the Compensation Committee reviewed his or her past performance of his or her job responsibilities and contributions made to the Company, competitive conditions and relationship of his or her compensation to the compensation of other senior executives at the Company and determined that the increase in base salary was appropriate to reward performance, ensure retention, and maintain appropriate compensation differentials among senior executives at the Company.

The Company decided to increase the base salary of Mr. Basone effective April 1, 2008 principally as a result of his promotion to President, WeightWatchers.com and Chief Technology Officer. In determining Mr. Basone's increased base salary, the Compensation Committee reviewed the change in job responsibilities, his performance of his job responsibilities, contributions made to the Company, expected contributions to the Company in the future, and competitive conditions, and determined that the increase in base salary was appropriate in light of his new responsibilities and to reward performance, ensure retention, and maintain appropriate compensation differentials among senior executives at the Company.

The Company decided to increase the base salary of Ms. Stubbing effective April 1, 2008 and August 1, 2008. In determining Ms. Stubbing's increased base salary effective April 1, 2008, the Compensation Committee reviewed her performance of her job responsibilities and contributions made to the Company, competitive conditions and relationship of her compensation to the compensation of other senior executives at the Company, and determined that the increase in base salary was appropriate to reward performance, ensure retention, and maintain appropriate compensation differentials among senior executives at the Company. The Company decided to further increase the base salary of Ms. Stubbing effective August 1, 2008 as a result of her promotion to President, International. In determining Ms. Stubbing's further increased base salary, the Compensation Committee reviewed the change in job responsibilities, her performance of her job responsibilities, contributions made to the Company, expected contributions to the Company in the future, and competitive conditions, and determined that the increase in base salary was appropriate in light of her new responsibilities and to reward performance, ensure retention, and maintain appropriate compensation differentials among senior executives at the Company.

Annual Performance-Based Cash Bonus

Except for Ms. Stubbing, whose annual target bonus percentage increased from 45% to 60% of her base salary, there were no changes in any of the named executive officer's annual target bonus percentages in fiscal 2008. Ms. Stubbing's increase in annual target bonus percentage was determined by the Compensation Committee in connection with her promotion to President, International upon its review of the change in her job responsibilities, her past performance and the contributions she has made to the Company. With respect to the fiscal 2008 annual, performance-based cash bonus for Mr. Basone, the Compensation Committee determined in March 2009 that his financial performance goal shall be based on a combination of the Company's overall performance (50%) and the performance of the WeightWatchers.com business (50%) due to his promotion to President, WeightWatchers.com and Chief Technology Officer in April 2008. Prior to this determination by the Compensation Committee, Mr. Basone's financial performance goal was based on the Company's overall performance for the fiscal year.

For fiscal 2008, the Company's global financial performance goal was equal to the Company's target operating income, as adjusted by the Compensation Committee to take into account extraordinary, unusual or infrequently occurring events such as the adverse U.K. tax ruling, of \$481.4 million. Reported operating income of the Company for fiscal 2008 was \$425.0 million. Based on the adjusted global financial goal and actual results, the Company achieved a global financial performance goal rating of 44.3% with respect to fiscal 2008. In addition, in fiscal 2008, WeightWatchers.com's financial performance goal rating was 130.5% and the Company's U.K. business's financial performance goal rating was 37.1%.

Long-Term Equity Incentive Compensation

In determining the size and mix of named executive officers' annual equity grant awards for fiscal 2008, the Compensation Committee reviewed the total current compensation that may be awarded to the executive, the achievement of business, strategic, individual, and financial objectives during the prior fiscal year, competitive conditions, relationship of the executive's compensation to the compensation of other senior executives and determined the size of the award as appropriate to reward and incentivize performance, ensure retention, and maintain appropriate compensation differentials among senior executives. In fiscal 2008, the Compensation Committee decided to grant the following annual awards on March 28, 2008: 45,000 stock options and 3,750 RSUs to Mr. Kirchhoff; 22,500 stock options and 1,875 RSUs to Ms. Sardini; 22,500 stock options and 1,875 RSUs to Mr. Basone; 15,000 stock options and 1,250 RSUs to Ms. Stubbing; and 22,500 stock options and 1,875 RSUs to Mr. Fiarman.

(1) Named executive officers receive no payment unless the Company achieves greater than 75% of the target operating income, the minimum performance level, and the executive (other than the chief executive officer) achieves an individual performance rating of at least 65%. For fiscal 2008, because Mr. Kirchhoff's annual, performance-based cash bonus was based solely on the Company's overall financial performance, the amount shown represents an assumption that the Company achieved a percentage of its target operating income that was slightly greater than 75%, which would result in a *de minimis* amount. For fiscal 2008, because the other named executive officers' annual, performance-based cash bonus was comprised of a combination of the financial performance goal rating applicable to the executive and the executive's individual performance rating, the amounts shown represent an assumption that the Company achieved a percentage of its target operating income that was slightly greater than 75% and the executive achieved an individual performance rating of 65%. See the section entitled *Compensation Discussion and Analysis Annual Performance-Based Cash Bonus* above for a description of our annual, performance-based cash bonus.

(2) Stock Awards consist of RSUs. The award of an RSU is the right to receive one share of our Common Stock upon the vesting date of the RSU.

Edgar Filing: WEIGHT WATCHERS INTERNATIONAL INC - Form DEF 14A

- (3) Option Awards consist of the grant of non-qualified stock options. Stock options allow the grantee to purchase a share of our Common Stock at an exercise price determined on the date of grant.

- (4) The exercise price of our stock options is determined by calculating the average of the closing price of our Common Stock on the grant date and the four previous trading days on the NYSE.

Table of Contents

- (5) Amounts shown represent the grant date fair value of the applicable stock options or RSUs granted during the year as determined in accordance with FAS 123R. Under FAS 123R, the estimated grant date fair value for RSUs is based solely on the market value of our Common Stock on the date of grant. The assumptions made in determining option values are disclosed in *Management's Discussion and Analysis of Financial Condition and Results of Operations Critical Accounting Policies Share-Based Compensation* and Note 10 of the Consolidated Financial Statements in our Annual Report on Form 10-K for fiscal 2008. The material terms of our stock options are discussed in the section entitled *Compensation Discussion and Analysis Long-Term Equity Incentive Compensation* above.
- (6) Holders of RSUs have the right to receive dividend equivalents on RSUs, but payment is not made until the underlying RSU vests. There were four dividend record dates in fiscal 2008. All of the RSU awards granted, except Ms. Stubbing's July 17, 2008 award, accrued four dividend payments. Ms. Stubbing's July 17, 2008 award accrued two dividend payments. Therefore, the aggregate dividend equivalents that accrued during fiscal 2008 on the RSU awards made to the named executive officers in fiscal 2008 are as follows: Mr. Kirchhoff, \$2,625; Ms. Sardini, \$1,969; Mr. Basone, \$1,969; Ms. Stubbing, \$1,969; and Mr. Fiarman, \$1,313. Dividend equivalents are not included in the totals for grant date fair value of the RSU awards.
- (7) Each of the named executive officers received an annual award consisting of both stock options and RSUs on March 28, 2008. Both the stock options and RSUs vest 100% on March 28, 2011. The stock options expire on March 28, 2018. The exercise price of the stock options was determined by taking the average of the closing price of our Common Stock on the grant date and the four previous trading days on the NYSE, or \$47.05 per share.
- (8) Ms. Sardini and Mr. Basone each received a special award consisting of both stock options and RSUs on March 14, 2008. Both the stock options and RSUs vest 20% a year over 5 years on each anniversary of the grant date. The stock options expire on March 14, 2018. The exercise price of the stock options was determined by taking the average of the closing price of our Common Stock on the grant date and the four previous trading days on the NYSE, or \$47.10 per share.
- (9) Ms. Stubbing received a special award consisting of both stock options and RSUs on July 17, 2008. Both the stock options and RSUs vest 20% a year over 5 years on each anniversary of the grant date. The stock options expire on July 17, 2018. The exercise price of the stock options was determined by taking the average of the closing price of our Common Stock on the grant date and the four previous trading days on the NYSE, or \$34.21 per share.
- (10) Amounts shown are assumed paid in pounds sterling and were converted to U.S. dollars using the applicable exchange rate on March 11, 2009, the date on which Ms. Stubbing's actual fiscal 2008 award was approved.

termination through the third anniversary of the executive's termination (second anniversary in the case of Mr. Basone and Ms. Stubbing); provided, however, that where such contributions may not be provided without adversely affecting the qualified status of such plan or where such contributions are otherwise prohibited by any such plans, the executive shall instead receive an additional lump sum payment equal to the contributions that would have been made during the above period if the executive had remained employed with us during such period;

all other accrued or vested benefits in accordance with the terms of any applicable plan of ours, including the executive's otherwise unvested account balances in our qualified defined contribution plan, which shall become vested as of the date of termination; and

outplacement services at a cost to us of not more than \$30,000 (\$15,000 in the case of Mr. Basone and Ms. Stubbing).

Terminations

Terminations of employment that entitle a named executive officer to receive severance benefits under his or her continuity agreement consist of terminations by the Company without cause or resignation by the named executive officer for good reason upon qualifying terminations of employment described above. The named executive officer is not eligible for benefits under his or her continuity agreement if his or her termination is due to disability, retirement, death, or for cause.

Change in Control

A change in control for purposes of the continuity agreements generally consists of any of the following:

an acquisition of more than 25% of the Company's voting securities (other than acquisitions by a Company sponsored employee benefit plan or related trust);

the current Board of Directors (or their approved successors) ceasing to constitute a majority of the Board of Directors;

the consummation of a reorganization, recapitalization, merger or consolidation involving the Company unless the beneficial owners of at least 51% of the outstanding voting securities of the Company or the surviving entity, as the case may be, following the transaction are held by the same persons, and in substantially the same proportion, who were beneficial owners of our voting stock prior to the transaction; or

the sale, transfer or other disposition of all or substantially all of the assets of the Company or the liquidation or dissolution of the Company;

if and only if, as a result of the occurrence of any of the above, any person or group other than Artal Luxembourg S.A. or any of its affiliates is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of its then outstanding voting securities.

For Cause

For purposes of the continuity agreements, cause generally means the occurrence of any of the following:

the willful and continued failure of the executive to perform substantially all of his or her duties with the Company (other than any such failure resulting from incapacity due to physical or mental illness) for a period of 10 days following a written demand for substantial performance that is delivered to him or her by the Board of Directors;

dishonesty in the performance of the executive's duties with the Company;

Table of Contents

the executive's conviction of, or plea of guilty or nolo contendere to, a crime under the laws of the United States or any state thereof constituting (x) a felony or (y) a misdemeanor involving moral turpitude;

willful malfeasance or misconduct by the executive in connection with his or her Company duties, or any act or omission, which is injurious to the financial condition or business reputation of the Company; or

the executive's breach of his or her confidentiality obligations under the executive's continuity agreement.

For Good Reason

For purposes of the continuity agreements, good reason generally means the occurrence of any of the following without the executive's consent:

any diminution in the executive's duties, titles or responsibilities with the Company from those in effect immediately prior to the change in control (or in the event the diminution occurred prior to but in connection with the change in control, from those in effect prior to the date that is three months prior to the change in control);

any reduction in the executive's annual base salary and annual cash bonus target established under the Company's annual incentive plan from his or her compensation in effect immediately prior to the change in control (or in the event the reduction occurred prior to but in connection with the change in control, from that in effect prior to the date that is three months prior to the change in control);

the relocation of the executive's principal work place to a location that, in the case of Mr. Kirchoff, Ms. Sardini and Mr. Fiarman is east of the Nassau County-Suffolk County border, and, in the case of Mr. Basone and Ms. Stubbing, is more than 35 miles from the place where he or she was based immediately prior to the change in control (or in the event the relocation occurred prior to but in connection with the change in control, from the location where the executive was based on the date three months prior to the change in control); or

any failure by the Company to obtain from any successor to the Company an agreement to assume and perform the executive's continuity agreement.

In the event that the executive provides the Company with a notice of termination for good reason within 60 days after the occurrence of an event giving rise to good reason, the Company shall have 30 days after its receipt of the notice to cure or resolve the behavior which gave rise to the good reason.

Under the continuity agreements, the named executive officers agreed to keep in confidence any and all confidential information concerning the Company, its shareholders, officers, directors and customers and its respective business. In addition, upon the termination of employment, the executive will not take or keep any proprietary or confidential information or documentation belonging to the Company.

Change in Control Impact on Named Executive Officers

The table below was prepared as though a change in control occurred and the named executive officers' employment was terminated without cause or for good reason on January 2, 2009 (the last business day of fiscal 2008) using the share price of the Company's Common Stock as of January 2, 2009 (the last trading day of fiscal 2008) (both as required by the SEC). With those assumptions taken as given, the Company believes the remaining assumptions listed below, which are necessary to produce these estimates, are reasonable individually and in the aggregate. However, a change in control did not occur on January 2, 2009 and the named executive officers were not terminated on that date. There can be no assurance that a change in control would produce the same or similar results as those described if it occurs on any other date or at any other price, or if any assumption is not correct in fact.

Benefit Assumptions

The executive does not receive comparable perquisites from a subsequent employer and the perquisites are paid until the end of the continuation period set forth in the executive's continuity agreement (three years for Mr. Kirchoff, Ms. Sardini and Mr. Fiarman; two years for Mr. Basone and Ms. Stubbing).

Medical, dental, vision and life insurance are paid at 2009 monthly equivalent rates for 3 years (2 years for Mr. Basone and Ms. Stubbing).

Contributions to the executive profit sharing plan at the named executive officer's rate as of January 2, 2009. Each named executive officer receives in March of each year an annual, performance-based cash bonus equal to his or her fiscal 2008 annual, performance-based cash bonus which is deemed eligible compensation under the plan. Interest is calculated under the plan using the annualized prime rate, as published in the Wall Street Journal on January 2, 2009, plus 2%.

All previously unvested savings plans amounts vested January 2, 2009; plus three years for Mr. Kirchoff, Ms. Sardini and Mr. Fiarman (two years for Mr. Basone) of 3% matching contribution by the Company at his or her salary at January 2, 2009 to the savings plan for U.S. salaried employees, subject to the applicable limitations of the Internal Revenue Code as in effect in fiscal 2008; and two years for Ms. Stubbing of 9% matching contribution by the Company at her salary at January 2, 2009 to the savings plan for U.K. salaried employees.

No legal services are paid for the executive.

Table of Contents**DIRECTOR COMPENSATION**

The Company uses a combination of cash and equity-based incentive compensation to attract and retain qualified candidates to serve on the Board of Directors. In setting director compensation, the Company considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill-level required by the Company of members of the Board of Directors. Our directors are not subject to any minimum share ownership requirement. However, all equity-based consideration paid is vested upon grant to the director and is subject to restrictions on transfer so that such shares cannot be sold or transferred until the director is no longer serving on the Board of Directors.

Cash and Stock Compensation Paid to Directors

Members of the Board of Directors who are not employees of the Company are entitled to receive annual compensation of \$75,000, payable quarterly, half in cash and half in Common Stock. The number of shares of Common Stock granted quarterly is determined by averaging the closing price of the Common Stock on the NYSE for the last five trading days of each fiscal quarter. This average price is then used to determine the number of shares required to satisfy the share portion of the director's quarterly fees. Any fractional shares are paid in cash. The shares of Common Stock granted are subject to transfer restrictions so that the shares cannot be sold or transferred until the director is no longer serving on the Board of Directors.

In addition, each non-executive director is entitled to receive 1,000 shares of Common Stock per annum which is distributed on December 15th of each fiscal year. Directors who are employees of the Company receive no compensation for their service as directors.

Compensation Paid to Directors serving on Committees of the Board of Directors

Each director serving as a member of the Audit Committee is entitled to receive \$10,000 per annum, payable quarterly, in cash. Each director who serves as Audit Committee chair receives an additional \$10,000 per annum, payable quarterly in cash. In addition, each director serving as a member on the Compensation Committee is entitled to receive \$4,000 per annum, payable quarterly, in cash.

TRANSACTIONS WITH RELATED PERSONS AND CERTAIN CONTROL PERSONS

Review, Approval or Ratification of Related Person Transactions

The Company's Code of Business Conduct and Ethics, as amended, sets forth the Company's policies for the review, approval and ratification of transactions with related persons. The procedures cover related person transactions between the Company and the directors and executive officers or their immediate family members. More specifically, the procedures cover any transaction or arrangement in which the Company is a party and in which a related person has a direct or indirect material interest.

We review all relationships and transactions in which the Company and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. The Company's legal department is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether a related person has a direct or indirect material interest in the transaction. The Board of Directors reviews and approves or ratifies any related person transaction that is required to be disclosed under Item 404(a) of Regulation S-K of the Exchange Act. In the course of its review and approval or ratification of a related person transaction, the Board of Directors considers:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the related person;

the importance of the transaction to the Company;

whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the Company; and

any other matters the Board of Directors deems appropriate.

Transactions with Related Persons

Stockholders Agreement

Shortly after our acquisition by Artal Luxembourg S.A. in 1999, we entered into a Stockholders Agreement with Artal Luxembourg S.A., Merchant Capital, Inc., Richard and Heather Penn, Long Island International Limited, Envoy Partners and Scotiabanc, Inc. relating to their rights with respect to our Common Stock held by parties, other than Artal Luxembourg S.A. Without the consent of Artal Luxembourg S.A., transfers of our Common Stock by these shareholders were restricted with certain exceptions until the third anniversary of the completion of our initial public offering. Subsequent transferees of our Common Stock, subject to limited exceptions, agreed to be bound by the terms and provisions of the agreement. Additionally, this agreement provided the shareholders with the right to participate pro rata in certain transfers of our Common Stock by Artal Luxembourg S.A. and granted Artal Luxembourg S.A. the right to require the other shareholders to participate on a pro rata basis in certain transfers of our Common Stock by Artal Luxembourg S.A.

Registration Rights Agreement

Simultaneously with the closing of our acquisition by Artal Luxembourg S.A. in 1999, we entered into a Registration Rights Agreement with Artal Luxembourg S.A. and H.J. Heinz Company, or Heinz. The Registration Rights Agreement grants Artal Luxembourg S.A. the right to require us to register shares of our Common Stock for public sale under the Securities Act of 1933, as amended, (1) upon demand and (2) in the event that we conduct certain types of registered offerings. Heinz has sold all shares of our Common Stock held by it and accordingly no longer

has any rights under this agreement. Merchant Capital, Inc., Richard and Heather

Penn, Long Island International Limited, Envoy Partners and Scotiabanc, Inc. became parties to this Registration Rights Agreement under joinder agreements, and each acquired the right to require us to register and sell their stock in the event that we conduct certain types of registered offerings. The Invus Group, LLC (Invus) is the exclusive investment advisor to Artal. The principals of Invus have received customary compensation from Artal in connection with transactions under this Registration Rights Agreement. Certain of our directors, Mr. Debbane, Mr. Amouyal, Mr. Fajgenbaum and Mr. Sobecki, are principals of Invus. Until December 31, 2006, Mr. Lainovic was a principal of Invus when he became a co-founder and Managing Partner of Invus Financial Advisors, LLC, a New York-based investment firm.

Corporate Agreement

We entered into a corporate agreement with Artal Luxembourg S.A. in November 2001 which was amended in July 2005. We agreed that so long as Artal Luxembourg S.A. beneficially owns 10% or more, but less than a majority of our then outstanding voting stock, Artal Luxembourg S.A. will have the right to nominate a number of directors approximately equal to that percentage multiplied by the number of directors on the Board of Directors. This right to nominate directors will not restrict Artal Luxembourg S.A. from nominating a greater number of directors.

We also agreed with Artal Luxembourg S.A. that both we and Artal Luxembourg S.A. have the right to:

engage in the same or similar business activities as the other party;

do business with any customer or client of the other party; and

employ or engage any officer or employee of the other party.

Neither Artal Luxembourg S.A. nor we, nor our respective related parties, will be liable to each other as a result of engaging in any of these activities.

Under the corporate agreement, if one of our officers or directors who also serves as an officer, director or advisor of Artal Luxembourg S.A. becomes aware of a potential transaction related primarily to the group education-based weight-loss business or an internet diet business, as defined, that may represent a corporate opportunity for both Artal Luxembourg S.A. and us, the officer or director has no duty to present that opportunity to Artal Luxembourg S.A., and we will have the sole right to pursue the transaction if the Board of Directors so determines. If one of our officers or directors who also serves as an officer, director or advisor of Artal Luxembourg S.A. becomes aware of any other potential transaction that may represent a corporate opportunity for both Artal Luxembourg S.A. and us, the officer or director will have a duty to present that opportunity to Artal Luxembourg S.A., and Artal Luxembourg S.A. will have the sole right to pursue the transaction if Artal Luxembourg S.A. so determines. If one of our officers or directors who does not serve as an officer, director or advisor of Artal Luxembourg S.A. becomes aware of a potential transaction that may represent a corporate opportunity for both Artal Luxembourg S.A. and us, neither the officer nor the director nor we have a duty to present that opportunity to Artal Luxembourg S.A., and we may pursue the transaction if the Board of Directors so determines. If any officer, director or advisor of Artal Luxembourg S.A. who does not serve as an officer or director of us becomes aware of a potential transaction that may represent a corporate opportunity for both Artal Luxembourg S.A. and us, none of the officer, director, advisor, or Artal Luxembourg S.A. has a duty to present that opportunity to us, and Artal Luxembourg S.A. may pursue the transaction if it so determines.

If Artal Luxembourg S.A. transfers, sells or otherwise disposes of our then outstanding voting stock, the transferee will generally succeed to the same rights that Artal Luxembourg S.A. has under this agreement by virtue of its ownership of our voting stock, subject to Artal Luxembourg S.A.'s option not to transfer those rights. Subsequent to Artal Luxembourg S.A.'s acquisition of us, Artal Luxembourg S.A. transferred ownership of its shares in us to Artal Participations and Management S.A. and Artal Holdings Sp. z o.o., each also members of the Artal corporate group. Currently, Artal Holdings Sp. z o.o. is the only record holder of our shares by Artal.

OTHER MATTERS

Other Matters

The Board of Directors knows of no other business that will be presented to shareholders at the 2009 Annual Meeting for a vote. If other matters properly come before the 2009 Annual Meeting, the persons named as proxies will vote on them in accordance with their discretion.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers and beneficial owners of more than 10% of our Common Stock (collectively, Reporting Persons) to file with the SEC and NYSE initial reports of ownership and reports of changes in ownership of our Common Stock. Such persons are required by regulations of the SEC to furnish us with copies of all such filings. Based on our records and written representations from certain Reporting Persons, we believe with two exceptions that all Reporting Persons complied with all Section 16(a) filing requirements in fiscal 2008. During fiscal 2008, the Stichting and Mr. Pascal Minne each failed to file on a timely basis a Form 3 describing their beneficial ownership of our Common Stock. Each of these reports has now been filed.

Procedures for Submitting Shareholder Proposals

The Company currently intends to hold its next annual meeting in May 2010.

Pursuant to Rule 14a-8 under the Exchange Act, shareholders may present proper proposals for inclusion in the Company's 2010 proxy statement and proxy card by submitting their proposals to the Company on or before December 10, 2009. In addition, all shareholder proposals requested to be included in the Company's proxy statement and proxy card must also comply with the requirements set forth in the federal securities laws, including Rule 14a-8, in order to be included in the Company's proxy statement and proxy card for the 2010 annual meeting.

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including nominations of persons for election as directors and shareholder proposals included in the Company's proxy statement, to be brought before an annual meeting of shareholders. In general, notice must be received by the Corporate Secretary of the Company not less than 120 days nor more than 150 days prior to the anniversary date of the proxy statement in connection with the immediately preceding annual meeting and must contain specified information concerning the matters to be brought before such meeting and concerning the shareholder proposing such matters. Therefore, to be presented at the Company's 2010 annual meeting, such a proposal must be received by the Company on or after November 10, 2009 but no later than December 10, 2009. If the date of the annual meeting is more than 30 days earlier or later than the anniversary date of the prior year's annual meeting, notice must be received not less than 60 days prior to such annual meeting. So long as Artal owns a majority of our Common Stock, notice by Artal shall be timely and proper if delivered in writing or orally at least five business days prior to the date the Company mails its proxy statement in connection with the annual meeting of shareholders with respect to the nomination of a director and at any time prior to the annual meeting with respect to any other proposal. Copies of the Company's Bylaws may be obtained free of charge by contacting the Corporate Secretary at Weight Watchers International, Inc., 11 Madison Avenue, 17th Floor, New York, New York 10010, (212) 589-2700.

All notices of proposals by shareholders, whether or not to be included in the Company's proxy materials, should be sent to the attention of the Corporate Secretary at Weight Watchers International, Inc., 11 Madison Avenue, 17th Floor, New York, New York 10010, (212) 589-2700.

Shareholders of Record with Multiple Accounts

SEC rules permit a single set of annual reports and proxy statements to be sent to any household at which two or more shareholders reside. Each shareholder continues to receive a separate proxy card. This procedure is referred to as householding. While the Company does not household its mailings to its shareholders of record, a number of brokerage firms with account holders who are Company shareholders have instituted householding. The Company will deliver promptly a separate copy of the proxy statement and annual report to any shareholder who sends a written or oral request to the Company at Weight Watchers International, Inc. Attention: Corporate Secretary, 11 Madison Avenue, 17th Floor, New York, New York 10010, (212) 589-2700. Similarly, if a shareholder shares an address with another shareholder and has received multiple copies of the Company's proxy statement or annual report, he or she may write or call the Company at the above address or phone number to request a single copy of these materials.

Annual Report

The Annual Report to Shareholders covering the Company's fiscal 2008 has been mailed together with the proxy solicitation material. The Annual Report does not form any part of the material for the solicitation of proxies.

Corporate information and our press releases, Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, and amendments thereto, are available on our website at www.weightwatchersinternational.com as soon as reasonably practicable after such material is electronically filed with or furnished to the SEC (*i.e.*, generally the same day as the filing).
