**Item 8.01 Other Events.**

On or about April 15, 2009, the Company became aware of a qui tam complaint originally filed in March 2005 by an individual plaintiff against the principal manufacturers of bone growth stimulation devices, including the Company, the Company's parent, LVB Acquisition, Inc., and the Company's subsidiary, EBI. The U.S. District Court for the District of Massachusetts ordered that the complaint be unsealed on March 24, 2009, but the Company has not been notified that a summons and complaint have been served on any registered agent of the Company, its parent or EBI. The complaint alleges a cause of action under the False Claims Act and appears to focus on alleged reimbursement-related false claims associated primarily with the sale versus the rental of those devices. The Company believes that this complaint is related to the subpoena issued by the Department of Justice requesting documentation relating to EBI's osteogenesis and bone growth stimulation devices, as previously described in the Company's Form 10-Q for the quarterly period ended February 28, 2009. The Company is currently in the process of evaluating the complaint.
