(e) Amendment of Bonus Plan for Senior Management of Cerus Corporation

On February 4, 2010, the Compensation Committee of the Board of Directors (the "Compensation Committee") of Cerus Corporation (the "Company") approved an amendment to the Bonus Plan for Senior Management of Cerus Corporation (the "Plan"). Pursuant to the terms of the Plan, as amended, at the beginning of each Plan Year (as defined in the Plan), the Compensation Committee will establish the commercial goals and strategic goals applicable to the effective Plan Year, the achievement of which may trigger bonus payments to eligible members of Senior Management (as defined in the Plan) of the Company, including the Company's named executive officers, as such term is defined by Regulation SK Item 402(a)(3), 17 C.F.R. §229.10, et. seq. The commercial goals will generally consist of goals that can be measured by empirical results and achievements. The strategic goals will generally relate to business and product development achievements.

At the beginning of each Plan Year, in addition to establishing the commercial and strategic goals for that Plan Year, the Compensation Committee will determine (a) the relative weight to be assigned to the commercial goals and the strategic goals, relative to each other, in determining the bonus pool, and (b) with respect to the commercial goals, (i) the relative weight to be assigned to each commercial goal, relative to the other commercial goals, in determining the commercial goal component and (ii) a threshold, target and stretch metric for each of the commercial goals.

At the end of each Plan Year, the Compensation Committee will determine the extent to which the Company has achieved the threshold, target or stretch metric of each commercial goal and the Chief Executive Officer, subject to final approval by the Compensation Committee, will determine the extent to which the Company has achieved the strategic goals. Based on the extent to which the commercial goals and the strategic goals have been achieved, the Compensation Committee will establish a multiple that will then be applied to the Employee Base Pay Component (as defined in the Plan) to determine the size of the bonus pool. The bonus pool will then be allocated to the eligible employees by the Chief Executive Officer and submitted to the Compensation Committee for approval. However, any allocation to the Chief Executive Officer will be determined by the Compensation Committee.

A copy of the Plan, as amended, is attached as Exhibit 10.46 hereto and incorporated herein by reference.
