Report of Independent Registered Public Accounting Firm

To the Plan Administrator of PepsiAmericas, Inc. Hourly 401(k) Plan

We have audited the accompanying statement of net assets available for benefits of PepsiAmericas, Inc. Hourly 401(k) Plan (the Plan) as of December 31, 2009 and 2008 and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2009 and 2008 and the change in net assets for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. This supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

December 31, 2009 and 2008

Note 1 - Description of the Plan

The following brief description of the PepsiAmericas, Inc. Hourly 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

General

The Plan is a defined contribution plan, that covers eligible employees of employers participating under the Plan (collectively referred to as Employer). Any hourly employee who is a member of a group of employees to whom the Plan has been made available through collective bargaining, or through other unilateral employment requirements, and has elected to participate in the Plan is considered a participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On February 26, 2010, (Merger Date), PepsiAmericas, Inc. (PAS) was merged with and into Pepsi-Cola Metropolitan Bottling Company, Inc., a wholly owned subsidiary of PepsiCo, Inc. (PepsiCo). At the effective time of the merger, each issued and outstanding share of PAS common stock was converted into the right to receive 0.5022 shares of PepsiCo common stock or, at the shareholder s election, \$28.50 in cash, without interest, subject to proration provisions which provided that an aggregate of 50% of the outstanding shares of PAS common stock not held by PepsiCo or its subsidiaries would be converted into the right to receive PepsiCo common stock and an aggregate of 50% of the outstanding shares of PAS common stock not held by PepsiCo or its subsidiaries would be converted into the right to receive cash. Prior to the Merger Date, PAS was the sponsor of the Plan. Effective on the Merger Date, PepsiCo became the sponsor of the Plan and the PepsiCo Administration Committee became the administrator of the Plan.

Contributions

Participant contributions are made to the Plan through periodic payroll deductions in amounts ranging from 2 percent to 50 percent of base salary, in 1 percent increments except as otherwise provided in an applicable appendix.

The maximum amount of total annual pretax contributions by a participant is subject to limitations under the Internal Revenue Code (IRC). The Plan permits the Employer to select from a variety of features to offer a custom-tailored Plan to employee groups. The Employer may offer the Plan in the form of a pre-tax 401(k) savings plan or an after-tax savings plan. A variety of employee/Employer contribution arrangements are available and are in effect for various employee groups.

Participants may also make rollover contributions to the Plan, provided the amount represents an eligible rollover distribution under the IRC. Rollover contribution amounts are 100 percent vested and nonforfeitable at all times.

Participant Accounts

Contributions, loans, earnings, losses and expenses are allocated to each participant s account in accordance with the terms of the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account.

Table of Contents**PEPSIAMERICAS, INC. HOURLY 401(k) PLAN**

Notes to Financial Statements

December 31, 2009 and 2008

Investment Options

Participants in the Plan have the right to direct the investment of their account balances and contributions into various investment options offered by the Plan's Trust Committee. Investments of the Plan are held by Fidelity Management Trust Company (the Trustee), including an option to invest in the PepsiAmericas, Inc. Common Stock Fund prior to the Merger Date and the PepsiCo, Inc. Common Stock Fund following the Merger Date.

Vesting

All participants are immediately vested in their voluntary contributions and actual earnings thereon.

Participants become vested in Employer contributions made to the plan and actual earnings thereon in accordance with the following vesting schedule except as otherwise provided in an applicable appendix:

Years of Vesting Service	Portion of Vested Employer Contributions
Less than 1 year	0%
1 year but less than 2 years	20%
2 years but less than 3 years	40%
3 years but less than 4 years	60%
4 years but less than 5 years	80%
5 years or more	100%

Participants may also become fully vested in Employer contributions made to the Plan and actual earnings thereon after attaining age 65 or upon retirement, death or disability.

Forfeitures

Forfeited Employer contributions resulting from terminations of employment are used to reduce Employer contributions after a participant has been terminated or withdrawn from the Plan or to pay expenses of the Plan as determined by the Plan administrator. In the event a participant is rehired and reimburses the amount disbursed to the participant from the Plan within the time period specified in the Plan, the Employer is required to restore to the participant's account any previously forfeited amount used to reduce Employer contributions. As of the years ended December 31, 2009 and 2008, forfeited nonvested accounts totaled \$129,645 and \$329,822, respectively.

Notes to Financial Statements

December 31, 2009 and 2008

Participant Loans

In accordance with Plan provisions, loans are made to participants in amounts not to exceed the lesser of one-half of the participant's vested account balance (not including amounts attributable to employer provided formula based contributions) or \$50,000. The loans bear interest at the prime rate in effect when the loans are requested and are payable through participant payroll withholdings under a reasonable repayment schedule of not more than five years. The loans are secured by the balance in the participant's account.

Distributions

On termination of service, a participant may elect to receive the vested value of his or her account in either a lump-sum payment, in annual installments over a period of time up to a maximum of 15 years, or periodic distributions of at least \$500 not to exceed two distributions per year. Additionally, prior to the Merger Date, a participant could have elected to receive his or her vested balance in the PepsiAmericas, Inc. Stock Fund in whole shares of PAS stock. Effective on the Merger Date, the PepsiAmericas, Inc. Stock Fund was replaced with the PepsiCo, Inc. Common Stock Fund and a participant may elect to receive his or her vested balance in the PepsiCo, Inc. Common Stock Fund in whole shares of PepsiCo common stock.

Termination

Although it has not expressed any intent to do so, the sponsor of the Plan has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The preparation of the financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, additions to net assets, deductions from net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Tabular dollars are in thousands. Certain reclassifications were made to prior years' amounts to conform to the 2009 presentation.

Investment Valuation and Income Recognition

The fair value of the Plan's interest in the PepsiAmericas, Inc. Defined Contribution Master Trust (the Master Trust) is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated income less actual distributions and allocated losses. The investments in the Master Trust are stated at fair value. The fully benefit-responsive investment contracts within the Master Trust are adjusted to contract value. Contract value represents investments at cost, plus accrued interest, less amounts withdrawn to pay benefits.

The Plan records investment transactions on a trade date basis. Dividends are recorded on the ex-dividend date.

Notes to Financial Statements

Payment of Benefits

Benefits paid to participants are recorded when distributed.

Subsequent Events

The Plan has evaluated subsequent events through the date the financial statements were issued.

Note 3 - Plan Interest in Master Trust

Certain assets of the Plan are invested in the Master Trust, which was established for the investment of assets of the Plan and another retirement plan sponsored by PAS prior to the Merger Date and PepsiCo after the Merger Date. Each plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. The Plan's interest in the net assets of the Master Trust is based on the individual plan participants' investment balances. Investment income is allocated on a daily basis through a valuation performed by the Trustee. Administrative expenses relating to the Master Trust are allocated to the individual funds based upon average monthly balances invested by each plan. As of December 31, 2009 and 2008, the Plan's interest in the net assets of the Master Trust was approximately 25 percent for each respective date.

Interest and dividends	7,615
Net investment income	\$88,627

The objective of the PepsiAmericas Stable Value Fund is to seek preservation of capital and provide a rate of return similar to market rates. To achieve this investment objective, the fund invests in certain types of high-quality fixed income securities and stable value common collective trust funds. The fund's investment allocations are 50 percent common collective trust funds, 40 percent government securities and 10 percent corporate securities.

The fund invests in both traditional guaranteed investment contracts (GICs) and wrapper contracts with underlying securities, also known as synthetic GICs. In a traditional GIC, the contract issuer takes a deposit from the fund and purchases investments. The contract issuer is contractually obligated to repay the principal and a guaranteed rate of interest to the fund.

In a synthetic GIC, the underlying investments are held by the fund. The fund purchases a wrapper contract from an insurance company or bank. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying investments, typically over the term of the investments, through adjustments to the future interest crediting rate. The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. Wrapper contracts' interest crediting rates are typically reset on a monthly or quarterly basis.

The aggregate average yield of the investment contracts for the years ended December 31, 2009 and 2008 was 3.5 percent and 4.7 percent, respectively. The aggregate interest rate credited to participants for the investment contracts as of December 31, 2009 and 2008 was 4.3 percent and 4.9 percent, respectively.

Table of Contents

PEPSIAMERICAS, INC. HOURLY 401(k) PLAN

Notes to Financial Statements

December 31, 2009 and 2008

In certain circumstances, the amount withdrawn from the synthetic GICs would be payable at fair value rather than at contract value. These events include the following:

Termination of the Plan;

A material adverse change to the provisions of the Plan;

Withdrawal from the wrapper contract; and

A plan merger or spin-off whereby the terms of the successor plan do not meet the wrapper contract issuer's criteria for issuance of a clone wrapper contract.

In the Plan administrator's opinion, the events described above that could result in the payment of benefits at fair value rather than contract value are not probable to occur in the foreseeable future.

Note 4 - Fair Value Measurements

The Financial Accounting Standards Board's guidance on fair value measurements defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant judgment. The three levels are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2: Observable inputs other than those included in Level 1. For example, quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.

Level 3: Unobservable inputs reflecting assumptions about the inputs used in pricing the asset or liability.

Notes to Financial Statements

December 31, 2009 and 2008

The table below summarizes the change in the fair value of Level 3 assets for the year ended December 31, 2009:

	Participant Loans
January 1, 2009	\$5,034
Issuances, repayments and defaults, net	156
December 31, 2009	\$5,190

Note 5 - Transfer from Other Plan

Certain participants transferred assets into the Plan from another qualified retirement plan sponsored by PAS prior to the Merger Date and PepsiCo after the Merger Date as follows:

	Year ended December 31, 2009
Net assets transferred from the PepsiAmericas, Inc. Salaried 401(k) Plan	\$694

Note 6 - Administrative Expenses

External administrative expenses for the preparation and maintenance of the Plan's financial records and participant statements, and service fees on insurance contracts are paid from Plan assets. Trustee, legal, and all other external expenses are also paid from Plan assets to the extent that those expenses of the Plan are not paid by the Employer.

Note 7 - Risks and Uncertainties

The Plan provides for various investment options in any combination of interests in registered investment companies, common stock and investment contracts. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the Plan's financial statements.

The Plan's exposure to a concentration of risk is limited by the diversification of investments in the Trust across various participant-directed investment options. Additionally, the investments within each participant-directed investment option are further diversified into varied financial instruments, with the exception of the PepsiCo Common Stock Fund, or, prior to the Merger Date, PAS Stock Fund, which primarily invests in a single security.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed PAS by a letter dated October 30, 2002 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receipt of the letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements

December 31, 2009 and 2008

Note 9 - Related Party Transactions

Certain Plan investments in the Master Trust are shares of mutual funds managed by Fidelity Investments Institutional Services, Inc., an affiliate of the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Additionally, the Master Trust held investments in PAS common stock prior to the Merger Date. The value of the Master Trust investments in PAS common stock was \$30,983,004 and \$21,494,663 at December 31, 2009 and 2008, respectively. Following the Merger Date, the Master Trust holds investments in PepsiCo common stock, which is a party-in-interest transaction exempt from prohibition by ERISA.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009 and 2008, and for the year ended December 31, 2009:
