PRINCIPAL AND SELLING SHAREHOLDERS

The following table sets forth information regarding beneficial ownership of our shares as of July 14, 2010 by:

each person known by us to be the beneficial owner of more than 5% of our shares;

our named executive officers;

our directors;

our directors and executive officers as a group; and

all selling shareholders.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. As required by those rules, the number of shares beneficially owned by any person includes any shares the individual has the right to acquire within 60 days of July 14, 2010. For purposes of calculating each person's or group's percentage ownership, stock options exercisable within 60 days are included for that person or group, but not for the share ownership of any other person or group.

Except as noted by footnote, and subject to community property laws where applicable, the persons named in the table below have sole voting and investment power with respect to all Class A Subordinate Voting Shares and Class B Shares shown as beneficially owned by them.

The table assumes that the 2010 Reorganization described under "Description of Share Capital - 2010 Reorganization" in the preliminary prospectus dated June 28, 2010 has occurred with the effective conversion of the shareholder note payable and our cumulative preferred shares together with all accrued interest and accumulated dividends thereon through May 22, 2010 into Class B Shares or Class A Subordinate Voting Shares at the initial public offering price of \$17.00 per share. The table below lists the applicable percentage ownership based on 24,029,146 Class A Subordinate Voting Shares and 90,943,645 Class B Shares outstanding as of July 14, 2010 (after giving effect to the foregoing assumption), and also lists applicable percentage ownership based on Class A Subordinate Voting Shares and Class B Shares to be outstanding immediately after the closing of this offering (without giving effect to the underwriters' option to purchase up to 5,824,500 additional Class A Subordinate Voting Shares).

If the underwriters' option to purchase an additional 5,824,500 Class A Subordinate Shares is exercised in full, Apax Partners, Intel and IFF will beneficially own shares representing 39.3%, 19.7% and 34.6%, respectively of our total voting power.
