SECTION 4 - MATTERS RELATED TO ACCOUNTANTS AND FINANCIAL STATEMENTS**Item 4.02(a) Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.**

On July 28, 2010, the Audit Committee of the Board of Directors of Gastar Exploration Ltd (the Company), in consultation with the Company's management, concluded that the Company's Condensed Consolidated Balance Sheet and Statement of Operations as of and for the three months ended March 31, 2010 included in the Company's previously issued unaudited condensed consolidated financial statements and included in the Company's Quarterly Report on Form 10-Q for the period ended March 31, 2010 (the Quarterly Report) filed with the Securities and Exchange Commission (the SEC) on May 6, 2010, should no longer be relied upon due to an accounting error (described below) and that action should be taken to prevent future reliance.

The error was related to the presentation of commodity derivative assets and unrealized natural gas hedge gain for the period ended March 31, 2010 within the Company's Condensed Consolidated Balance Sheet and Statement of Operations. The commodity derivative premium payables were inappropriately netted with the receivables from commodity derivative contracts resulting in an incorrect marked to market value for commodity derivative assets and understated unrealized natural gas hedge gain for the period. As a result, the current receivables from commodity derivative contracts, the long-term receivables from commodity derivative contracts and the unrealized natural gas hedge gain were understated by \$1.9 million, \$7.5 million and \$9.4 million, respectively, and total equity was understated by \$9.4 million for the three months ended March 31, 2010.

The Company's Audit Committee and management conducted a review of the Company's accounting treatment of the matters relating to the restatement and it was concluded that the error described above existed and required correction through the filing of this Current Report on Form 8-K and an amendment to the Quarterly Report. Simultaneous with the filing of this Current Report, the Company filed Amendment No. 1 on Form 10-Q/A to the Quarterly Report to restate its financial statements and related disclosures included therein and otherwise reflect the adjustments described above. The adjustments have no impact on the Company's net cash provided by operating activities or on any other aspect of the Company's business, nor will it impact any of the Company's previously issued financial statements other than as identified herein.

The following tables display the Company's as adjusted Condensed Consolidated Balance Sheet, Statement of Operations and Statement of Cash Flows for March 31, 2010 as if the Company had included the appropriate adjustments to the commodity derivative assets and the unrealized natural gas hedge gain:
