On September 28, 2010, YRC Worldwide Inc. (the Company) issued a news release announcing that William D. Zollars, Chairman of the Board, President and Chief Executive Officer of the Company, has informed the Company's board of directors that he intends to retire from the Company upon the successful completion of the Company's comprehensive recovery plan and the naming of his successor. Until his termination of employment, Mr. Zollars will continue to be a party to his Employment Agreement dated January 25, 2006, as amended (the Employment Agreement), the Executive Severance Agreement dated December 30, 2008 and the Indemnification Agreement dated March 9, 2007. Mr. Zollars' retirement will not be effective earlier than December 31, 2010, and the Company has agreed that Mr. Zollars' retirement will be deemed to have occurred on or after that date in any event. Mr. Zollars waived any severance pay under Sections 8(e)(ii) through Section 8(e)(v) of his Employment Agreement (except as applies pursuant to a Change of Control (defined therein)).

Forward-Looking Statement:

This Current Report on Form 8-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The words "upon" and similar expressions are intended to identify forward-looking statements. The Company's expectations regarding a successful completion of its comprehensive recovery plan are only its expectations regarding these matters. The Company's ability to complete its comprehensive recovery plan is dependent on a variety of factors, including (among others) inflation, inclement weather, price and availability of fuel, sudden changes in the cost of fuel or the index upon which the Company bases its fuel surcharge, competitor pricing activity, expense volatility, including (without limitation) expense volatility due to changes in rail service or pricing for rail service, ability to capture cost reductions, changes in equity and debt markets, a downturn in general or regional economic activity, effects of a terrorist attack, labor relations, including (without limitation) the impact of work rules, work stoppages, strikes or other disruptions, any obligations to multi-employer health, welfare and pension plans, wage requirements and employee satisfaction, and the risk factors, including the Company's ability to generate sufficient cash flows and liquidity to fund operations, which raises substantial doubt about the Company's ability to continue as a going concern, that are from time to time included in the Company's reports filed with the Securities and Exchange Commission (the SEC), including the Company's Annual Report on Form 10-K for the year ended December 31, 2009. See "Risks and Uncertainties Regarding Future Liquidity" under "Management's Discussion and Analysis of Financial Condition and Results of Operation" in the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2010 that the Company filed with the SEC for a more complete description of the Company's liquidity risks.
