Recent Developments

Increase of Revolving Line of Credit

On March 18, 2011, we increased the capacity under our senior secured revolving credit facility from \$750.0 million to \$1,250.0 million. The commitments under our senior secured revolving credit facility will terminate on July 17, 2013.

Issuance of 2021 Notes

On March 28, 2011, we announced the completion of a private placement of \$450.0 million in aggregate principal amount of 7.75% senior, unsecured notes due 2021 (the 2021 Notes). We used the net proceeds of the 2021 Note offering together with the net proceeds of the 2023 Note offering (see Issuance of 2023 Notes) and borrowings under our revolving line of credit to pay the consideration in connection with our previously announced tender offer (the Tender Offer) to purchase for cash up to \$1,100.0 million aggregate principal amount of our outstanding 8.625% Senior Notes due 2016 (the 2016 Notes), including any accrued and unpaid interest on the tendered 2016 Notes, together with related fees and expenses. In order to satisfy our obligations under a registration rights agreement we entered into with the initial purchasers of the 2021 Notes, we are required to consummate an offer to exchange the

Tender Offer for 2016 Notes

On March 29, 2011, the expiration date of the Tender Offer, an aggregate principal amount of \$1,036.3 million of outstanding 2016 Notes had been validly tendered and not validly withdrawn, representing approximately 59.4% of the outstanding aggregate principal amount of the 2016 Notes. We used the net proceeds of the 2021 Notes offering, together with the net proceeds of the 2023 Notes offering and borrowings under our revolving line of credit, to pay the consideration in connection with the Tender Offer, together with accrued and unpaid interest on the 2016 Notes tendered and accepted in the Tender Offer, as well as related fees and expenses.

Additionally, on March 30, 2011, following expiration of the Tender Offer, we purchased in a privately-negotiated transaction an additional aggregate principal amount of \$125.0 million of outstanding 2016 Notes plus accrued interest. We used borrowings under our revolving line of credit to pay the consideration for the privately-negotiated purchase of the 2016 Notes.

Pension Contribution

On February 28, 2011, we contributed 4.9 million shares of our common stock to the Windstream Pension Plan to be held by the Windstream Master Trust. At the time of the contribution, these shares had an appraised value, as determined by a third party valuation firm that is not affiliated with us, of approximately \$60.6 million.

Issuance of 2020 Notes

On October 6, 2010, we announced the completion of a private placement of \$500 million in aggregate principal amount of 7.75% senior, unsecured notes due 2020 (the 2020 Notes). We used the proceeds of the 2020 Note offering together with cash on hand to finance the acquisition of Q-Comm Corporation. On November 26, 2010, we completed an offer to exchange the 2020 Notes for registered, publicly tradable notes that have substantially identical terms as the 2020 Notes.

On January 24, 2011, we announced the completion of a private placement of an additional \$200.0 million in aggregate principal amount of 7.75% Senior Notes due 2020 (the Additional 2020 Notes). We used the proceeds of the Additional 2020 Notes offering, together with \$220.0 million of borrowings under our revolving line of credit, to retire the Valor Notes (defined below). In order to satisfy our obligations under a registration rights agreement we entered into with the initial purchasers of the Additional 2020 Notes, we are required to consummate an offer to exchange the Additional 2020 Notes for registered, publicly tradable notes that have substantially identical terms as the Additional 2020 Notes or, alternatively, to file a shelf registration statement that is declared effective, in each case, on or before August 22, 2011. See Description of other Indebtedness Indebtedness Issued Directly by Windstream.

Retirement of Valor Notes

Proceeds from the issuance of the Additional 2020 Notes were used, together with \$220.0 million of borrowings under our revolving line of credit, to retire, effective as of February 23, 2011, the \$400 million in aggregate principal amount of 7.75% Senior Notes due 2015 (the Valor Notes) issued by our subsidiaries Valor Telecommunications Enterprises LLC and Valor Telecommunications Finance Corp, including all accrued and unpaid interest on the Valor Notes and related fees and expenses, at a total of approximately \$426.0 million.

Resales	<p>Based on interpretations by the staff of the Securities and Exchange Commission, or the SEC, as detailed in a series of no-action letters issued to third parties, we believe that the exchange notes issued in the exchange offer may be offered for resale, resold or otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act as long as:</p> <ul style="list-style-type: none">you are acquiring the exchange notes in the ordinary course of your business;you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate, in a distribution of the exchange notes; andyou are neither an affiliate of Windstream nor a broker-dealer tendering notes acquired directly from us for your own account. <p>If you are an affiliate of Windstream, are engaged in or intend to engage in or have any arrangement or understanding with any person to participate in the distribution of the exchange notes:</p> <ul style="list-style-type: none">you cannot rely on the applicable interpretations of the staff of the SEC;you will not be able to tender your original notes in the exchange offer; andyou must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements.

Each broker or dealer that receives exchange notes for its own account in exchange for original notes that were acquired as a result of market-making or other trading activities must acknowledge that it will comply with the registration and prospectus delivery requirements of the Securities Act in connection with any offer to resell, resale, or other transfer of the exchange notes issued in the exchange offer, including the delivery of a prospectus that contains information with respect to any selling holder required by the Securities Act in connection with any resale of the exchange notes.

Furthermore, any broker-dealer that acquired any of its original notes directly from Windstream:

may not rely on the applicable interpretation of the staff of the SEC's position contained in Exxon Capital Holdings Corp., SEC no-action letter (April 13, 1988), Morgan, Stanley & Co. Inc., SEC no-action letter (June 5, 1991), and Shearman & Sterling, SEC no-action letter (July 2, 1993); and

must also be named as a selling holder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

As a condition to participation in the exchange offer, each holder will be required to represent that it is not Windstream's affiliate or a broker-dealer that acquired the original notes directly from Windstream.

Consequences of Not Exchanging Original Notes

Original notes that are not tendered, or that are tendered but not accepted, will be subject to their existing transfer restrictions. sell assets or merge with other companies.

These covenants contain important exceptions, limitations and qualifications. At any time that the notes are rated investment grade, certain covenants will be terminated. For more details, see Description of the Exchange Notes.

No Established Trading Market

The notes will not be listed on any securities exchange or on any automated dealer quotation system. We cannot assure you that an active or liquid trading market for the notes will develop. If an active or liquid trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

RISK FACTORS

You should carefully consider the following risk factors in addition to the other information included in this prospectus before tendering your original notes in the exchange offer. In addition, you should carefully consider the matters discussed under Risk Factors in our Form 10-K and in other documents that are subsequently filed with the SEC, which are incorporated by reference into this prospectus. If any of the following risks actually occur, our business, financial condition, prospects, results of operations or cash flow could be materially and adversely affected. Additional risks or uncertainties not currently known to us, or that we currently deem immaterial, may also impair our business operations. We cannot assure you that any of the events discussed in the risk factors below will not occur and if such events do occur, you may lose all or part of your original investment in the notes. The risks discussed below also include forward-looking statements and our actual results may differ substantially from those discussed in these forward-looking statements. See Forward-Looking Statements.

Risks Related to the Exchange Offer

You may have difficulty selling the original notes that you do not exchange.

If you do not exchange your original notes for exchange notes pursuant to the exchange offer, the original notes you hold will continue to be subject to the existing transfer restrictions. The original notes may not be offered, sold or otherwise transferred, except in compliance with the registration requirements of the Securities Act, pursuant to an exemption from registration under the Securities Act or in a transaction not subject to the registration requirements of the Securities Act, and in compliance with applicable state securities laws. We do not anticipate that we will register the original notes under the Securities Act. After the exchange offer is consummated, the trading market for the remaining untendered original notes may be small and inactive. Consequently, you may find it difficult to sell any original notes you continue to hold because there will be fewer original notes of such series outstanding.

If you do not exchange your original notes in the exchange offer, you will no longer be entitled to an increase in interest payments on original notes that the Indenture provides for if we fail to complete the exchange offer.

Once the exchange offer has been completed, holders of outstanding original notes will not be entitled to any increase in the interest rate on their original notes that the Indenture governing the notes provides for if we fail to complete the exchange offer. Holders of original notes will not have any further rights to have their original notes registered, except in limited circumstances, once the exchange offer is completed.

Some holders of the exchange notes may be required to comply with the registration and prospectus delivery requirements of the Securities Act.

If you exchange your original notes in the exchange offer for the purpose of participating in a distribution of the exchange notes, you may be deemed to have received restricted securities and, if so, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

In addition, a broker-dealer that purchased original notes for its own account as part of market-making or trading activities must deliver a prospectus when it sells the exchange notes it received in the exchange offer. Our obligation to make this prospectus available to broker-dealers is limited. We cannot assure you that a proper prospectus will be available to broker-dealers wishing to resell their exchange notes.

Failure to comply with the exchange offer procedures could prevent a holder from exchanging its original notes.

Holders of the original notes are responsible for complying with all exchange offer procedures. The issuance of exchange notes in exchange for original notes will only occur upon completion of the procedures described in this prospectus under The Exchange Offer. Therefore, holders of original notes who wish to exchange them for

Table of Contents

exchange notes should allow sufficient time for timely completion of the exchange procedure. Neither Windstream nor the exchange agent are obligated to extend the offer or notify you of any failure to follow the proper procedure.

Risks Related to the Exchange Notes

Our substantial debt could adversely affect our cash flow and prevent us from fulfilling our obligations under the notes.

After giving pro forma effect to the issuance of the notes and the use of the proceeds therefrom, together with related borrowings under our revolving line of credit, the 2021 Notes offering and the use of the proceeds therefrom and the Additional 2020 Notes offering and the use of the proceeds therefrom, we would have had approximately \$7.5 billion of consolidated debt as of December 31, 2010.

Our substantial amount of debt could have important consequences to you. For example, it could:

make it more difficult for us to satisfy our obligations under the notes;

increase our vulnerability to general adverse economic and industry conditions;

require us to dedicate a substantial portion of our cash flow from operations to make interest and principal payments on our debt, thereby limiting the availability of our cash flow to fund future capital expenditures, working capital and other general corporate requirements;

limit our flexibility in planning for, or reacting to, changes in our business and the telecommunications industry;

place us at a competitive disadvantage compared with competitors that have less debt; and

limit our ability to borrow additional funds, even when necessary to maintain adequate liquidity.

Further, a substantial portion of our debt, including borrowings under our senior secured credit facilities, bears interest at variable rates. If market interest rates increase, variable-rate debt will create higher debt service requirements, which could adversely affect our cash flow. While we may enter into agreements limiting our exposure to higher interest rates, any such agreements may not offer complete protection from this risk.

In addition to our debt, we have significant contractual obligations, as discussed in Management's Discussion and Analysis of Results of Operations and Financial Condition incorporated by reference herein.

Despite our substantial debt, we or our subsidiaries may still be able to incur significantly more debt. This could further exacerbate the risks associated with our substantial debt.

We or our subsidiaries may be able to incur additional debt in the future. The terms of our senior secured credit facilities, the Indenture and the agreements governing our other debt will allow us to incur substantial amounts of additional debt, subject to certain limitations. If additional debt is added to our current debt levels, the related risks we could face would be magnified.

The agreements governing our debt, including the notes and our senior secured credit facilities, contain various covenants that impose restrictions on us that may affect our ability to operate our business and to make payments on the notes.

The agreements governing our senior secured credit facilities, the Indenture governing the notes and the agreements governing our other debt each impose operating and financial restrictions on our activities. These restrictions include compliance with or maintenance of certain financial tests and ratios, including minimum interest coverage ratio and maximum leverage ratio, and limit or prohibit our ability to, among other things:

incur additional debt and issue preferred stock;

create liens;

Table of Contents

redeem and/or prepay certain debt;

pay dividends on our stock or repurchase stock;

make certain investments;

engage in specified sales of assets;

enter into transactions with affiliates;

enter new lines of business;

engage in consolidation, mergers and acquisitions;

make certain capital expenditures; and

pay dividends and make other distributions.

These restrictions on our ability to operate our business could seriously harm our business by, among other things, limiting our ability to take advantage of financing, merger and acquisition and other corporate opportunities.

Various risks, uncertainties and events beyond our control could affect our ability to comply with these covenants and maintain these financial tests and ratios. Failure to comply with any of the covenants in our existing or future financing agreements would result in a default under those agreements and under other agreements containing cross-default provisions. A default would permit debt holders to accelerate the maturity for the debt under these agreements and to foreclose upon any collateral securing the debt and to terminate any commitments to lend. Under these circumstances, we might have insufficient funds or other resources to satisfy all our obligations, including our obligations under the notes. In addition, the limitations imposed by financing agreements on our ability to incur additional debt and to take other actions might significantly impair our ability to obtain other financing.

The notes are effectively subordinated to our secured debt and that of the guarantors.

The notes, and each guarantee of the notes, are unsecured and therefore are effectively subordinated to any of our secured debt and that of the guarantors to the extent of the assets securing such debt. In the event of a bankruptcy or similar proceeding, the assets which serve as collateral for any secured debt will be available to satisfy the obligations under the secured debt before any payments are made on the notes. As of December 31, 2010, after giving pro forma effect to the issuance of the notes and the use of the proceeds therefrom, together with related borrowings under our revolving line of credit, the issuance of the 2021 Notes and the use of the proceeds therefrom and the issuance of the Additional 2020 Notes and the use of the proceeds therefrom, we had approximately \$2.2 billion of secured debt outstanding.

In addition, as of December 31, 2010, after giving pro forma effect to the issuance of the notes and the use of the proceeds therefrom, the issuance of the 2021 Notes and the use of the proceeds therefrom, the issuance of the Additional 2020 Notes and the use of the proceeds therefrom, related borrowings under our revolving line of credit and the increase of our revolving line of credit by \$500.0 million, we had approximately \$777.8 million of availability under our senior secured revolving credit facility and can request up to an additional \$850.0 million of commitments, loans or other extensions of credit under the optional incremental facility of our credit agreement. See Description of Other Indebtedness Indebtedness Issued Directly by Windstream Senior Credit Facilities. The notes are effectively subordinated to any borrowings under our senior secured credit facilities and certain of our existing notes. The Indenture governing the notes and the terms of our senior secured credit facilities allow us to incur a substantial amount of additional secured debt in certain circumstances.

Table of Contents

Not all of our subsidiaries are required to guarantee the notes, and the assets of any non-guarantor subsidiaries may not be available to make payments on the notes as your claims in respect of the notes will be effectively subordinated to all of the liabilities of any of our subsidiaries that is not a guarantor.

Subsidiaries of the company that currently guarantee our senior secured credit facilities also guarantee the notes. However, most of our regulated subsidiaries do not guarantee the senior secured credit facilities and those subsidiaries do not guarantee the notes. As of December 31, 2010, the non-guarantor subsidiaries held approximately 74% of our total assets. In addition, for the year ended December 31, 2010, the non-guarantors contributed approximately 74% of our total revenue and operating income. All of our future unrestricted subsidiaries, and any of our future restricted subsidiaries that do not guarantee our senior secured credit facilities, will not be required to guarantee the notes, and under certain circumstances the guarantees of a note may be released. See Description of the Notes Certain Covenants Guarantees.

In the event that any of our non-guarantor subsidiaries becomes insolvent, liquidates, reorganizes, dissolves or otherwise winds up, holders of the debt and trade creditors of such non-guarantor subsidiaries will be entitled to payment on their claims from the assets of that subsidiary before any of those assets are made available to us or any guarantors. Consequently, your claims in respect of the notes will be structurally subordinated to all of the liabilities of any of our subsidiaries that is not a guarantor, including trade payables. In addition, the Indenture, subject to certain limitations, permits our subsidiaries to incur additional indebtedness and does not contain any limitation on the amount of other liabilities, such as trade payables, that our subsidiaries may incur.

To service our debt and meet our other cash needs, we will require a significant amount of cash, which may not be available.

Our ability to make payments on, or repay or refinance, our debt, including the notes, and to fund planned capital expenditures, dividends and other cash needs will depend largely upon our future operating performance. Our future performance, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. In addition, our ability to borrow funds in the future to make payments on our debt will depend on the satisfaction of the covenants in our senior secured credit facilities and our agreements governing our other debt, including the Indenture governing the notes, and other agreements we may enter into in the future. Specifically, we will need to maintain specified financial ratios and satisfy financial condition tests. It is our current practice to pay dividends of \$1.00 per share per annum. Based on the number of shares of our common stock outstanding as of February 15, 2011, and after giving effect to our contribution on February 28, 2011, of 4.9 million shares of our common stock to the Windstream Pension Plan, payment of such dividends would result in the disbursement of an aggregate of approximately \$509.2 million per year to holders of our common stock. We cannot assure you that our business will generate sufficient cash flow from operations, that future borrowings will be available to us under our senior secured credit facilities or from other sources in an amount sufficient to enable us to pay our debt, including the notes, or to fund our dividends and other liquidity needs.

We are dependent upon dividends from our subsidiaries to meet our debt service obligations.

We are a holding company and conduct all of our operations through our subsidiaries. Our ability to meet our debt service obligations will be dependent on receipt of dividends from our direct and indirect subsidiaries. Subject to the restrictions contained in the Indenture, future borrowings by our subsidiaries may contain restrictions or prohibitions on the payment of dividends by our subsidiaries to us. See Description of the Exchange Notes Certain Covenants. In addition, federal and state regulations governing our regulated subsidiaries and applicable state corporate law may limit the ability of our subsidiaries to pay dividends to us. We cannot assure you that the agreements governing the current and future indebtedness of our subsidiaries, applicable laws or state regulation will permit our subsidiaries to provide us with sufficient dividends, distributions or loans to fund payments on these notes when due.

Table of Contents

Fraudulent conveyance laws may void guarantees or subordinate the guarantees.

The issuance of the guarantees may be subject to review under federal bankruptcy law or relevant state fraudulent conveyance laws if a bankruptcy lawsuit is commenced by or on behalf of the guarantors' creditors. Under these laws, if in such a lawsuit a court were to find that, at the time the notes were issued, we:

incurred the guarantees with the intent of hindering, delaying or defrauding current or future creditors; or

received less than reasonably equivalent value or fair consideration for incurring this debt, and the applicable guarantor:

- (1) was insolvent or was rendered insolvent by reason of the related financing transactions;
- (2) was engaged, or about to engage, in a business or transaction for which our remaining assets constituted unreasonably small capital to carry on its business; or
- (3) intended to incur, or believed that it would incur, debts beyond our ability to pay these debts as they mature, as all of the foregoing terms are defined in or interpreted under the relevant fraudulent transfer or conveyance statutes;

then the court could void the guarantee or subordinate the guarantee to our presently existing or future debt or take other actions detrimental to you.

The measure of insolvency for purposes of the foregoing considerations will vary depending upon the law of the jurisdiction that is being applied in any such proceeding. Generally, an entity would be considered insolvent if, at the time it incurred the debt:

it could not pay its debts or contingent liabilities as they become due;

the sum of its debts, including contingent liabilities, is greater than its assets, at fair valuation; or

the present fair saleable value of its assets is less than the amount required to pay the probable liability on its total existing debts and liabilities, including contingent liabilities, as they become absolute and mature.

We cannot assure you as to what standard a court would apply in order to determine whether the Company or a guarantor was insolvent as of the date the notes were issued, and we cannot assure you that, regardless of the method of valuation, a court would not determine that the Company or a guarantor was insolvent on that date. Nor can we assure you that a court would not determine, regardless of whether the Company or a guarantor was insolvent on the date the notes were issued, that the payments constituted fraudulent transfers on another ground.

Our obligations under the notes are guaranteed by all of our existing subsidiaries that are currently guarantors under our senior secured credit facilities, and the guarantees may also be subject to review under various laws for the protection of creditors. The analysis set forth above would generally apply, except that the guarantees could also be subject to the claim that, since the guarantees were incurred for our benefit, and only indirectly for the benefit of the guarantors, the obligations of the guarantors thereunder were incurred for less than reasonably equivalent value or fair consideration. A court could void a guarantor's obligation under its guarantee, subordinate the guarantee to the other indebtedness of a guarantor, direct that holders of the notes return any amounts paid under a guarantee to the relevant guarantor or to a fund for the benefit of its creditors, or take other action detrimental to the holders of the notes. In addition, the liability of each guarantor under the Indenture will be limited to the amount that will result in its guarantee not constituting a fraudulent conveyance, and there can be no assurance as to what standard a court would apply in making a determination as to what would be the maximum liability of each guarantor or whether a court would give effect to such limitation. In the event that a court declares the guarantees to be void, or in the event that the guarantees must be limited or voided

Edgar Filing: NUVOX INC - Form S-4

in accordance with their terms, any claim you may make against us for amounts payable on the notes would be effectively subordinated to the obligations of our subsidiaries, including trade payables and other liabilities that constitute indebtedness.

Table of Contents

We may be unable to make a change of control offer required by the Indenture governing the notes which would cause defaults under the Indenture governing the notes, our senior secured credit facilities and our other financing arrangements.

The terms of the Indenture governing the notes require us to make an offer to repurchase the notes upon the occurrence of a change of control at a purchase price equal to 101% of the principal amount of the notes, plus accrued interest to the date of the purchase. The terms of our senior secured credit facilities will require, and other financing arrangements may require, repayment of amounts outstanding in the event of a change of control and limit our ability to fund the repurchase of your notes in certain circumstances. It is possible that we will not have sufficient funds at the time of the change of control to make the required repurchase of notes or that restrictions in our senior secured credit facilities and other financing arrangements will not allow the repurchases. See Description of the Exchange Notes Repurchase at the Option of Holders Change of Control.

An active, public market may not develop for the notes, which may hinder your ability to liquidate your investment.

There has not been an established trading market for the notes and we do not intend to list them on any securities exchange. In addition, the liquidity of the trading market in the notes, and the market price quoted for the notes, may be adversely affected by changes in the overall market for fixed income securities and by changes in our financial performance or prospects or in the prospects for companies in our industry in general. As a result, we cannot assure you that an active trading market will develop for the notes. If no active trading market develops, you may not be able to resell your notes at their fair market value or at all.

Statements contained in this prospectus or incorporated by reference that are not historical facts are identified as forward-looking statements for the safe harbor provided by Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act), and Section 27A of the Securities Act. Such forward-looking statements are subject to uncertainties that could cause actual future events and results to differ materially from those expressed in the forward-looking statements. These forward-looking statements are based on estimates, projections, beliefs, and assumptions that Windstream believes are reasonable but are not guarantees of future events and results. Actual future events and results of Windstream may differ materially from those expressed in these forward-looking statements as a result of a number of important factors. Factors that could cause actual results to differ materially from those contemplated above include, among others: further adverse changes in economic conditions in the markets served by Windstream; the extent, timing and overall effects of competition in the communications business; continued access line loss; the impact of new, emerging or competing technologies; the adoption of inter-carrier compensation and/or universal service reform proposals by the Federal Communications Commission or Congress that results in a significant loss of revenue to Windstream; the risks associated with the integration of acquired businesses or the ability to realize anticipated synergies, cost savings and growth opportunities; for Windstream's competitive local exchange carrier operations, adverse effects on the availability, quality of service and price of facilities and services provided by other incumbent local exchange carriers on which Windstream's competitive local exchange carrier services depend; the availability and cost of financing in the corporate debt markets; the potential for adverse changes in the ratings given to Windstream's debt securities by nationally accredited ratings organizations; the effects of federal and state legislation, and rules and regulations governing the communications industry; material changes in the communications industry that could adversely affect vendor relationships with equipment and network suppliers and customer relationships with wholesale customers; unfavorable results of litigation; unfavorable rulings by state public service commissions in proceedings regarding universal service funds, inter-carrier compensation or other matters that could reduce revenues or increase expenses; the effects of work stoppages; the impact of equipment failure, natural disasters or terrorist acts; earnings on pension plan investments significantly below Windstream's expected long term rate of return for plan assets; changes in federal, state and local tax laws and rates; and those additional factors under the caption Risk Factors in Windstream's Form 10-K for the year ended December 31, 2010, and in subsequent filings with the Securities and Exchange Commission. In addition to these factors, actual future performance, outcomes and results may differ materially because of more general factors including, among others, general industry and market conditions and growth rates, economic conditions, and governmental and public policy changes. Notes to Selected Consolidated Financial Data:

Explanations for significant events affecting Windstream's historical operating trends during the periods 2008 through 2010 are provided in Management's Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K for the year ended December 31, 2010.

During 2007, the Company incurred \$4.6 million in restructuring costs from a workforce reduction plan and the announced realignment of its business operations and customer service functions intended to improve overall support to its customers. Of these charges, \$4.1 million was paid in cash during the year. In addition, the Company incurred \$3.7 million in transaction costs to complete the spin off of its publishing business and incurred approximately \$1.3 million in rebranding costs associated with the acquisition of CTC.

During 2006, we incurred \$27.6 million of incremental costs, principally consisting of rebranding costs, audit and legal fees, system conversion costs and employee related costs, related to the spin-off from Alltel and merger with Valor. We also incurred \$10.6 million in restructuring charges, which consisted of severance and employee benefit costs related to a planned workforce reduction, to improve operating efficiencies and better serve our customers through the realignment of certain customer service, engineering and information technology functions. In addition, we incurred \$11.2 million in investment banker, audit and legal fees associated with the announced split-off of its directory publishing business. These restructuring charges decreased operating income by \$49.4 million and net income by \$36.0 million. Effective January 1, 2006, we prospectively reduced depreciation rates for our operations in Pennsylvania. In the second quarter of 2006 we prospectively reduced depreciation rates for our operations in Alabama and North Carolina, and in the fourth quarter 2006 we prospectively reduced depreciation rates for our operations in Arkansas and in one of our operating subsidiaries in Texas. The depreciable lives were lengthened to reflect the estimated remaining useful lives of the wireline plant based on expected future network utilization and capital expenditure levels required to provide service to our customers. The effects of this change during the year ended December 31, 2006 resulted in a decrease in depreciation expense of \$30.1 million and an increase in net income of \$18.6 million.

Table of Contents**DESCRIPTION OF OTHER INDEBTEDNESS**

Set forth below is a list of all indebtedness, other than the notes, of Windstream (or any of its subsidiaries) that is currently outstanding. The following descriptions do not purport to be complete and are qualified in their entirety by reference to their respective governing documents.

Indebtedness Issued Directly by Windstream***Senior Credit Facilities***

Windstream's existing senior credit facilities consist of the following:

a senior secured revolving credit facility, of which we had approximately \$777.8 million of availability as of December 31, 2010 (after giving pro forma effect to the issuance of the notes and the use of proceeds therefrom, together with related borrowings under our revolving line of credit, the issuance of the 2021 Notes and the use of the proceeds therefrom, the issuance of the Additional 2020 Notes and the use of the proceeds therefrom and the increase of our revolving line of credit by \$500.0 million), and

senior secured term loan facilities in the aggregate amount of approximately \$1.6 billion as of December 31, 2010, consisting of subfacilities in the following amounts:

- (i) Tranche A term loans (the Tranche A Term Loans) approximately \$100.9 million;
- (ii) Tranche A-2 term loans (the Tranche A-2 Term Loans) approximately \$182.3 million;
- (iii) Tranche B-1 term loans (the Tranche B-1 Term Loans) approximately \$286.8 million; and
- (iv) Tranche B-2 term loans (the Tranche B-2 Term Loans) approximately \$1,064.5 million.

Maturity. Under our senior credit facilities, as of January 26, 2011, (i) all of the revolving commitments will mature on July 17, 2013 (the Revolving Commitments), (ii) the Tranche A Term Loans will mature on July 17, 2011, (iii) the Tranche A-2 Term Loans will mature on July 17, 2013, (iv) the Tranche B-1 Term Loans will mature on July 17, 2013 and (v) the Tranche B-2 Term Loans will mature on December 17, 2015.

Amortization. The final required amortization payment for Tranche A Term Loans prior to their maturity will be approximately \$2.94 million on March 31, 2011. The Tranche A-2 Term Loans will amortize quarterly during the period from and including September 30, 2011 to but excluding June 30, 2013 in an amount equal to approximately \$5.01 million. The Tranche B-1 Term Loans amortize quarterly on the last day of each quarter prior to the maturity date thereof in an aggregate principal amount equal to approximately \$743,000. The Tranche B-2 Term Loans amortize quarterly on the last day of each quarter prior to the maturity date thereof in an amount equal to 0.25% of the initial principal amount of the Tranche B-2 Term Loans, resulting in an aggregate principal amount equal to approximately \$2.7 million. The outstanding principal balance of each tranche of senior secured term loans will be due on the respective maturity dates thereof.

Interest Rate and Fees. At the commencement of each borrowing period, Windstream may elect an Alternate Base Rate loan (ABR Loan) or a Eurodollar loan (Eurodollar Loan) for each of the subfacilities and revolving credit facility. The below table provides the effective interest rate applicable to the ABR Loan and the Eurodollar Loan. Windstream has currently elected the LIBOR based rates applicable to the Eurodollar Loans for borrowings under the credit facilities.

Edgar Filing: NUVOX INC - Form S-4

Tranche A Term Loans	ABR plus 0.25%	LIBOR plus 1.25%
Tranche A-2 Term Loans	ABR plus 1.25%	LIBOR plus 2.25%
Tranche B-1 Term Loans	ABR plus 0.50%	LIBOR plus 1.50%
Tranche B-2 Term Loans	ABR plus 1.75%	LIBOR plus 2.75%
2011 Revolving Loans	ABR plus 0.25%	LIBOR plus 1.25%
2013 Revolving Loans	ABR plus 1.25%	LIBOR plus 2.25%

Table of Contents

The commitment fee on the average daily amount of unused Revolving Commitments is 0.50% (subject to a step-down to 0.40% based on the company's leverage ratio). We pay certain additional fees with respect to the revolving credit facility, including (i) participation fees on letters of credit issued under the revolving credit facility at a rate equal to the LIBOR margin applicable to revolving loans of each applicable lender, (ii) fronting fees at a rate of 0.25% per annum on letters of credit issued under the revolving credit facility and (iii) customary annual administration fees.

Mandatory Prepayments. Subject to certain conditions and exceptions, our credit facilities require us to prepay outstanding term loans in an amount equal to 100% of the net proceeds from dispositions of assets and casualty insurance condemnation awards and similar recoveries in each case which are not reinvested within one year.

Voluntary Prepayments. The credit facilities provide for voluntary commitment reductions and prepayments of loans, subject to certain conditions and restrictions.

Covenants. Our credit facilities contain affirmative and negative covenants that, among other things, limit or restrict our ability (as well as those of our subsidiaries) to: create liens and encumbrances; incur debt; merge, dissolve, liquidate or consolidate; make acquisitions and investments; dispose of or transfer assets; pay dividends or make other payments in respect of our capital stock; amend material documents; change the nature of our business; make certain payments of debt; engage in certain transactions with affiliates; enter into sale/leaseback or hedging transactions; and make capital expenditures. In particular, our credit agreement permits us (i) to issue senior secured notes on a *pari passu* basis with the security interests supporting the senior secured credit facilities so long as the aggregate amount of such senior secured notes and the commitments and borrowings under the incremental facility available under the credit agreement (excluding amounts used to prepay the term loans and to refinance outstanding *pari passu* indebtedness) do not exceed \$850 million (provided that the senior debt leverage ratio must be less than 2.25 to 1.00 on a pro forma basis at the time of incurring any amounts in excess of \$800.0 million) and (ii) to use an additional 20% of the consolidated adjusted EBITDA of each acquired business for permitted capital expenditures starting in the fiscal year in which an acquisition occurs and for each fiscal year thereafter.

In addition, the financial covenants under our credit facilities require us to maintain certain ratios, including a minimum interest coverage ratio of 2.75 to 1.0 and a maximum leverage ratio of 4.50 to 1.0.

Guarantees and Collateral. Our obligations under the credit facilities are guaranteed by all of our current and future domestic subsidiaries, except any subsidiaries with total assets of not more than \$5 million (subject to an aggregate limit for all such subsidiaries of \$25 million) and any subsidiaries for which state regulatory approval is required or would be required for any guarantee, which include, without limitation, our incumbent local exchange carrier subsidiaries that operate in Florida, Georgia, Kentucky, Mississippi, Missouri, Nebraska, New York, North Carolina, Ohio and Pennsylvania as well as Windstream Communications, Inc., which holds certain of our long distance and CLEC licenses. In addition, our obligations under the credit facilities are guaranteed by any other subsidiaries that guarantee any other debt obligations of any loan party. Subject to certain exclusions, each guarantee is secured by substantially all of the tangible and intangible personal property assets of the applicable guarantor. We have also pledged the capital stock in certain of our subsidiaries to secure our obligations under the credit facilities.

Events of Default. The credit facilities contain customary events of default such as nonpayment of obligations under the credit facilities, violation of affirmative and negative covenants, material inaccuracy of representations, defaults under other material debt, bankruptcy, ERISA and judgment defaults, loss of material regulatory licenses, change of control and loss of lien perfection or priority or unenforceability of guarantees.

The indenture governing the 6.50% debentures contains covenants that, among other things, restrict Windstream Georgia from issuing or incurring any indebtedness ranking senior to the 6.50% debentures in right of payment or of priority. These covenants are subject to a number of important exceptions.

Events of Default. The 6.50% debentures specify certain events of default including failure to pay principal and interest on the 6.50% debentures, failure to comply with covenants and certain bankruptcy, insolvency or reorganization events.

6.75% Notes due 2028

General. Windstream Holding of the Midwest, Inc. (formerly known as Alltel Communications Holdings of the Midwest, Inc.) (Windstream Midwest) issued \$100.0 million in aggregate principal amount of the 6.75% notes due 2028, all of which are currently outstanding.

Ranking. The 6.75% notes are senior secured obligations ranking equally with our credit facilities to the extent of Windstream Midwest's assets securing the credit facilities and the 6.75% notes. Optional Redemption. We may redeem all or a part of the 6.75% notes upon not less than 30 nor more than 60 days' notice, at the redemption price equal to the greater of (i) 100% of the principal amount of the notes to be redeemed or (ii) the sum of the present values of the remaining scheduled payments thereon discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the treasury rate plus 12.5 basis points, together in either case with accrued interest to the date of redemption.

Mandatory Redemption. We will not be required to make mandatory redemption or sinking fund payments with respect to the 6.75% notes.

Covenants. The indenture governing the 6.75% notes contains affirmative and negative covenants, that, among other things, require Windstream Midwest to secure the 6.75% notes in the event Windstream Midwest or any of its restricted subsidiaries were to incur secured debt and restricts the ability of Windstream Midwest and its restricted subsidiaries to enter into sale and leaseback transactions or to merge, consolidate or sell all or substantially all of its assets. These covenants are subject to a number of important exceptions.

Events of Default. The 6.75% notes specify certain events of default including failure to pay principal and interest on the 6.75% notes, failure to make a sinking fund deposit, failure to comply with covenants and certain bankruptcy, insolvency or reorganization events.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

On March 16, 2011, we issued an aggregate principal amount of \$600,000,000 of original notes under the Indenture in an offering under Rule 144A and Regulation S of the Securities Act that were not registered under the Securities Act. In connection with the issuance and sale of the original notes, we entered into a registration rights agreement with the representative of the initial purchasers of the original notes. Under the registration rights agreement, we agreed to file a registration statement regarding the exchange of the original notes for exchange notes which are registered under the Securities Act. We also agreed to use our reasonable best efforts to cause the registration statement to become effective with the SEC and to conduct this exchange offer after the registration statement is declared effective. The form and terms of the exchange notes are substantially identical to the original notes except that the issuance of the exchange notes has been registered under the Securities Act and the transfer restrictions, registration rights and certain additional interest provisions relating to the original notes do not apply to the exchange notes. Under the registration rights agreement, we may be required to make additional payments in the form of additional interest to the holders of the original notes under circumstances relating to the timing of the exchange offer. The registration rights agreement provides that we will be required to pay additional interest to the holders of the original notes if:

we do not file the exchange offer registration statement with the SEC on or prior to July 14, 2011;

the exchange offer registration statement has not been declared effective on or prior to September 12, 2011; or

the exchange offer is not consummated and no shelf registration statement is declared effective on or prior to October 12, 2011. The exchange offer is not being made to holders of original notes in any jurisdiction where the exchange would not comply with the securities or blue sky laws of such jurisdiction. The registration rights agreement entered into in connection with the issuance of the original notes, dated March 16, 2011, is filed as an exhibit to our Current Report on Form 8-K filed with the SEC on March 18, 2011, which is incorporated by reference into this prospectus.

Terms of the Exchange Offer

Upon the terms and conditions described in this prospectus, we will accept for exchange original notes that are properly tendered on or before the expiration date and not withdrawn as permitted below. As used in this prospectus, the term expiration date means 5:00 p.m., New York City time, on _____, 2011. However, if we, in our sole discretion, have extended the period of time for which the exchange offer is open, the term expiration date means the latest time and date to which we extended the exchange offer.

As of the date of this prospectus, \$600,000,000 aggregate principal amount of the original notes is outstanding. The original notes were offered under the Indenture. This prospectus is first being sent on or about _____, 2011 to all holders of original notes known to us. Our obligation to accept original notes for exchange in the exchange offer is subject to the conditions described under _____ Conditions to the Exchange Offer. We reserve the right to extend the period of time during which the exchange offer is open. We would then delay acceptance for exchange of any original notes by giving oral or written notice of an extension and delay to the holders of original notes as described below. During any extension period, all original notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us. Any original notes not accepted for exchange will be returned to the tendering holder after the expiration or termination of the exchange offer.

You may only exchange outstanding notes in denominations of \$2,000 and higher integral multiples of \$1,000.

Table of Contents

We expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any original notes not previously accepted for exchange, upon the occurrence of any of the conditions of the exchange offer specified under Conditions to the Exchange Offer. We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the original notes as promptly as practicable. We will notify you of any extension by means of a press release or other public announcement no later than 9:00 a.m., New York City time on the expiration date.

Our acceptance of the tender of original notes by a tendering holder will form a binding agreement upon the terms and subject to the conditions provided in this prospectus.

Procedures for Tendering

You may only tender your original notes by book-entry transfer of the original notes into the exchange agent's account at the Depository Trust Company, or DTC. The tender to us of original notes by you, as set forth below, and our acceptance of the original notes will constitute a binding agreement between us and you, upon the terms and subject to the conditions set forth in this prospectus.

Except as described below, a tendering holder must, on or prior to the expiration date, transmit an agent's message to the exchange agent at the address listed below under Exchange Agent.

In addition, the exchange agent must receive timely confirmation of book-entry transfer of the original notes into the exchange agent's account at the DTC, the book-entry transfer facility, along with the agent's message.

The term agent's message means a message, transmitted to DTC and received by the exchange agent and forming a part of a book-entry transfer.

If you are a beneficial owner whose original notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and wish to tender, you should promptly instruct the registered holder to tender on your behalf. Any registered holder that is a participant in DTC's book-entry transfer facility system may make book-entry delivery of the original notes by causing DTC to transfer the original notes into the exchange agent's account.

We will determine in our sole discretion all questions as to the validity, form and eligibility of original notes tendered for exchange. This discretion extends to the determination of all questions concerning the timing of receipts and acceptance of tenders. These determinations will be final and binding.

We reserve the right to reject any particular original note not properly tendered, or any acceptance that might, in our judgment or our counsel's judgment, be unlawful. We also reserve the right to waive any conditions of the exchange offer as applicable to all original notes prior to the expiration date. We also reserve the right to waive any defects or irregularities or conditions of the exchange offer as to any particular original note prior to the expiration date. Our interpretation of the terms and conditions of the exchange offer as to any particular original note either before or after the expiration date shall be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of original notes must be cured within a reasonable period of time. None of us, the exchange agent or any other person will be under any duty to give notification of any defect or irregularity in any tender of original notes. Nor will we, the exchange agent or any other person incur any liability for failing to give notification of any defect or irregularity.

By tendering, each holder represents to us that:

the holder is not an affiliate of Windstream (as defined in Rule 405 under the Securities Act) or a broker-dealer tendering notes acquired directly from us for its own account;

the exchange notes are being acquired in the ordinary course of business of the person receiving the exchange notes, whether or not that person is the holder; and

neither the holder nor the other person has any arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the exchange notes.

In the case of a holder that is not a broker-dealer, that holder, by tendering, will also represent to us that the holder is not engaged in, and does not intend to engage in, a distribution of the exchange notes.

However, each holder who is our affiliate (within the meaning of the Securities Act) who intends to participate in the exchange offer for the purpose of distributing the exchange notes or a broker-dealer (within the meaning of the Securities Act) that acquired original notes in a transaction other than as part of its trading or market-making activities and who has arranged or has an understanding with any person to participate in the distribution of the exchange notes:

will not be able to rely on the applicable interpretation by the staff of the SEC set forth in the applicable no-action letters;

will not be able to tender its original notes in the exchange offer; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements.

Each broker or dealer that receives exchange notes for its own account in exchange for original notes, where the original notes were acquired by it as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. By so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. However, a broker-dealer may be a statutory underwriter. See Plan of Distribution.

Furthermore, any broker-dealer that acquired any of its original notes directly from us:

may not rely on the applicable interpretation of the staff of the SEC's position contained in *Exxon Capital Holdings Corp.*, SEC no-action letter (April 13, 1988), *Morgan, Stanley & Co. Inc.*, SEC no-action letter (June 5, 1991), and *Shearman & Sterling*, SEC no-action letter (July 2, 1993); and

must also be named as a selling holder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

By delivering an agent's message, a beneficial owner (whose original notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee) or holder will be deemed to have irrevocably appointed the exchange agent as its agent and attorney-in-fact (with full knowledge that the exchange agent is also acting as an agent for us in connection with the exchange offer) with respect to the original notes, with full power of substitution (such power of attorney being deemed to be an irrevocable power coupled with an interest subject only to the right of withdrawal described in this prospectus), to receive for our account all benefits and otherwise exercise all rights of beneficial ownership of such original notes, in accordance with the terms and conditions of the exchange offer.

Each beneficial owner or holder will also be deemed to have represented and warranted to us that it has authority to tender, exchange, sell, assign and transfer the original notes it tenders and that, when the same are accepted for exchange, we will acquire good, marketable and unencumbered title to such original notes, free and clear of all liens, restrictions, charges and encumbrances, and that the original notes tendered are not subject to any adverse claims or proxies. Each beneficial owner and holder, by tendering its original notes, also agrees that it will comply with its obligations under the registration rights agreements.

Acceptance of Original Notes for Exchange; Delivery of Exchange Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the expiration date, all original notes properly tendered, unless we terminate the exchange offer because of the non-satisfaction of conditions. We will issue the exchange notes as soon as practicable after acceptance of the original notes. For purposes of the exchange offer, we will be deemed to have accepted properly tendered original notes for exchange when, as and if it has given oral or written notice to the exchange agent, with prompt written confirmation of any oral notice. See Conditions to the Exchange Offer below for a discussion of the conditions that must be satisfied before we accept any original notes for exchange.

For each original note accepted for exchange, the holder of the original note will receive an exchange note having a principal amount equal to that of the surrendered original note. The exchange notes will bear interest from the most recent date to which interest has been paid on the original notes. Accordingly, registered holders of exchange notes on the relevant record date for the first interest payment date following the completion of the exchange offer will receive interest accruing from the most recent date to which interest has been paid or, if no interest has been paid on the original notes, from March 16, 2011. Original notes accepted for exchange will cease to accrue interest from and after the date of completion of the exchange offer. Holders of original notes whose original notes are accepted for exchange will not receive any payment for accrued interest on the original notes otherwise payable on any interest payment date, the record date for which occurs on or after completion of the exchange offer and will be deemed to have waived their rights to receive the accrued interest on the original notes.

In all cases, issuance of exchange notes for original notes will be made only after timely receipt by the exchange agent of an agent's message and a timely confirmation of the book-entry transfer of the original notes, into the exchange agent's account at DTC.

Unaccepted or non-exchanged original notes will be returned without expense to the tendering holder of the original notes. The non-exchanged original notes will be credited to an account maintained with the DTC, as promptly as practicable after the expiration of the exchange offer.

Book-Entry Transfer

The exchange agent will make a request to establish an account for the original notes at DTC for purposes of the exchange offer within two business days after the date of this prospectus. Any financial institution that is a participant in DTC's systems must make book-entry delivery of original notes by causing DTC to transfer those original notes into the exchange agent's account at DTC in accordance with DTC's procedure for transfer. This participant should transmit its acceptance to DTC on or prior to the expiration date. DTC will verify this acceptance, execute a book-entry transfer of the tendered original notes into the exchange agent's account at DTC and then send to the exchange agent confirmation of this book-entry transfer. The transmission of the original notes and agent's message to DTC and delivery by DTC to and receipt by the exchange agent of the related agent's message will be deemed to be a valid tender.

Exchanging Book-Entry Notes

The exchange agent and the book-entry transfer facility have confirmed that any financial institution that is a participant in the book-entry transfer facility may utilize the book-entry transfer facility Automated Tender Offer Program, or ATOP, procedures to tender original notes. Any participant in the book-entry transfer facility may make book-entry delivery of original notes by causing the book-entry transfer facility to transfer such original notes into the exchange agent's account in accordance with the book-entry transfer facility's ATOP procedures for transfer. However, the exchange for the original notes so tendered will only be made after a book-entry confirmation of the book-entry transfer of original notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message. The term agent's message means a message, transmitted by the book-entry transfer facility and received by the exchange agent and forming part of a book-entry

confirmation, which states that the book-entry transfer facility has received an express acknowledgment from a participant tendering original notes that are the subject of such book-entry confirmation that such participant has received and agrees to be bound by the terms of the exchange offer as described in this prospectus, and that we may enforce such terms against such participant.

Withdrawal Rights

Tenders of original notes may be withdrawn at any time before 5:00 p.m., New York City time, on the expiration date.

For a withdrawal of a tender of original notes to be effective, the exchange agent must receive a valid withdrawal request through ATOP from the tendering DTC participant before the expiration date. Any such request for withdrawal must include the VOI number of the tender to be withdrawn and the name of the ultimate beneficial owner of the related original notes in order that such bonds may be withdrawn.

We will determine all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal. Any original notes so withdrawn will be deemed not to have been validly tendered for exchange. No exchange notes will be issued unless the original notes so withdrawn are validly re-tendered. Any original notes that have been tendered for exchange, but which are not exchanged for any reason, will be returned to the tendering holder without cost to the holder. The original notes will be credited to an account maintained with DTC for the original notes. The original notes will be credited to the DTC account as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn original notes may be re-tendered by following the procedures described under the heading

Procedures for Tendering above at any time on or before 5:00 p.m., New York City time, on the expiration date.

Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any original notes, and may terminate or amend the exchange offer, if at any time prior to the expiration date any of the following events occurs:

there is threatened, instituted or pending any action or proceeding before, or any injunction, order or decree issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission which, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer; or

a change in applicable law prohibits the consummation of such exchange offer; or

any change, or any development involving a prospective change, has occurred or been threatened in our business, financial condition, operations or prospects and those of our subsidiaries taken as a whole that is or may be adverse to us, or we have become aware of facts that have or may have an adverse impact on the value of the original notes or the exchange notes, which in our reasonable judgment in any case makes it inadvisable to proceed with the exchange offer and about which change or development it makes a public announcement.

All conditions will be deemed satisfied or waived prior to the expiration date, unless we assert them prior to the expiration date. The foregoing conditions to the exchange offer are for our sole benefit and we may prior to the expiration date assert them regardless of the circumstances giving rise to any of these conditions, or we may prior to the expiration date waive them in whole or in part in our reasonable discretion. Our failure at any time to exercise any of the foregoing rights will not be deemed a waiver of any right.

In addition, we will not accept for exchange any original notes tendered, and no exchange notes will be issued in exchange for any original notes, if at this time any stop order is threatened or in effect relating to the registration statement of which this prospectus constitutes a part. We are required to make every reasonable effort to obtain the withdrawal of any order suspending the effectiveness of a registration statement at the earliest possible moment.

Consequences of Exchanging or Failing to Exchange the Original Notes

consequence of the issuance of the original notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, the original notes may not be offered or sold, unless registered under the Securities Act, except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Original note holders that do not exchange original notes for exchange notes in the exchange offer will no longer have any registration rights with respect to such notes.

Based on existing interpretations of the Securities Act by the SEC's staff contained in several no-action letters to third parties, and subject to the immediately following sentence, we believe that the exchange notes would generally be freely transferable by holders after the exchange offer without further registration under the Securities Act, subject to certain representations required to be made by each holder of exchange notes, as set forth below. However, any purchaser of exchange notes who is one of our affiliates (as defined in Rule 405 under the Securities Act) or who intends to participate in the exchange offer for the purpose of distributing the exchange notes:

will not be able to rely on the applicable interpretation of the staff of the SEC;

will not be able to tender its original notes in the exchange offer; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements. See Plan of Distribution.

We do not intend to seek our own interpretation regarding the exchange offer and there can be no assurance that the SEC's staff would make a similar determination with respect to the exchange notes as it has in other interpretations to other parties, although we have no reason to believe otherwise.

DESCRIPTION OF THE EXCHANGE NOTES

General

In this description, the word "Windstream" refers only to Windstream Corporation and not to any of its subsidiaries. In this description, the \$600,000,000 aggregate principal amount of Windstream's registered 7.50% Senior Notes due 2023 exchanged for the original notes are referred to as the "exchange notes". Windstream issued the original notes and will issue the exchange notes under an indenture, dated as of March 16, 2011, or the issue date, among Windstream, the guarantors party thereto and U.S. Bank National Association, as trustee, or the Indenture. As used in this "Description of the Exchange Notes," unless the context otherwise requires, the term "note" or "notes" refers collectively to the original notes and the exchange notes. All such notes will be treated as a single class for all purposes under the Indenture. The terms of the exchange notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. The following description is a summary of the material provisions of the Indenture and the exchange notes. It does not restate those agreements in their entirety and is qualified in its entirety by reference to the provisions of the Indenture and the exchange notes, including the definitions therein of certain terms. A copy of the Indenture has been filed as an exhibit to our Current Report on Form 8-K filed with the SEC on March 18, 2011. We urge you to read the Indenture because it, and not this description, defines your rights as holders of the exchange notes. You can find the definitions of some of the terms used in this description below under the caption "Certain Definitions." The defined terms used in this description but not defined below under "Certain Definitions" have the meanings assigned to them in the Indenture.

The registered holder of an exchange note will be treated as the owner of it for all purposes. Only registered holders will have rights under the Indenture.

The terms of the exchange notes are identical in all material respects to those of the original notes except that the exchange notes are registered under the Securities Act and the transfer restrictions, registration rights and additional interest provisions applicable to the original notes do not apply to the exchange notes.

Brief Description of the Exchange Notes

The exchange notes:

will be general unsecured obligations of Windstream;

will be effectively subordinated to all existing and future secured Indebtedness of Windstream, including Indebtedness under the Credit Agreement, to the extent of the assets securing such Indebtedness, and to all existing and future liabilities of Windstream's subsidiaries that are not Guarantors, to the extent of the assets of such subsidiaries;

will be *pari passu* in right of payment with all existing and future unsecured, unsubordinated Indebtedness of Windstream;

will be senior in right of payment to any future subordinated Indebtedness of Windstream; and

will be guaranteed by the Guarantors.

As of December 31, 2010, on a pro forma as adjusted basis after giving effect to the issuance of the notes and the use of the proceeds therefrom, together with related borrowings under our revolving line of credit, the 2021 Notes offering and the use of the proceeds therefrom and the Additional 2020 Notes offering and the use of the proceeds therefrom, we would have had approximately \$7.5 billion of consolidated debt outstanding, \$2.2 billion of which was secured indebtedness.

Currently, all of Windstream's subsidiaries are "Restricted Subsidiaries." However, under the circumstances described below under the caption "Certain Covenants - Designation of Restricted and Unrestricted Subsidiaries," Windstream is permitted to designate certain of its subsidiaries as "Unrestricted Subsidiaries."

Table of Contents

Any Unrestricted Subsidiaries will not be subject to any of the restrictive covenants in the Indenture and will not guarantee the exchange notes. Only those Restricted Subsidiaries of Windstream that guarantee any Indebtedness under the Credit Agreement will be Guarantors.

Principal, Maturity and Interest

The Indenture provides for the issuance of notes in an unlimited principal amount, of which \$600,000,000 were issued under the Indenture on March 16, 2011. We may issue additional notes (the Additional Notes) from time to time. Any offering of Additional Notes is subject to the covenant described below under the caption Certain Covenants Incurrence of Indebtedness. The notes constitute Additional Notes under the Indenture. The notes and any Additional Notes subsequently issued under the Indenture would be treated as a single class for all purposes under the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase; *provided* that the Additional Notes may be issued at different prices from the issue price of the original notes and the exchange notes. The exchange notes will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The exchange notes will mature on April 1, 2023

Interest on the Exchange notes will accrue at the applicable rate of 7.50% per annum and be payable semi-annually in arrears on April 1 and October 1, commencing on October 1, 2011, to the Holders of record on the immediately preceding March 15 and September 15.

Interest on the Exchange notes will accrue from the Issue Date or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Exchange Notes

If a Holder has given wire transfer instructions to Windstream, Windstream will pay all principal, interest and premium, if any, on that Holder's exchange notes in accordance with those instructions. All other payments on exchange notes will be made at the office or agency of the Paying Agent and Registrar within the United States of America unless Windstream elects to make interest payments by check mailed to the Holders at their addresses set forth in the register of Holders.

Paying Agent and Registrar for the Exchange Notes

The Trustee will initially act as Paying Agent and Registrar for the exchange notes. Windstream may change the Paying Agent or Registrar without prior notice to the Holders, and Windstream or any of its Subsidiaries may act as Paying Agent or Registrar.

Transfer and Exchange

A Holder may transfer or exchange notes in accordance with the Indenture. The Registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and Windstream may require a Holder to pay any taxes and fees required by law or permitted by the Indenture. Windstream is not required to transfer or exchange any note selected for redemption. Also, Windstream is not required to transfer or exchange any note for a period of 15 days before the mailing of a notice of redemption of notes to be redeemed.

The registered Holder of an exchange note will be treated as the owner of it for all purposes.

Table of Contents

Note Guarantees

The exchange notes will initially be guaranteed, jointly and severally, by each Restricted Subsidiary of Windstream that guarantees any Indebtedness under the Credit Agreement. Many of our regulated Subsidiaries will not Guarantee Indebtedness under the Credit Agreement. Each Note Guarantee:

will be a general unsecured obligation of the Guarantor;

will be effectively subordinated to all existing and future secured Indebtedness of the Guarantor, including the Guarantee of the Guarantor under the Credit Agreement;

will be *pari passu* in right of payment with all existing and future unsecured, unsubordinated Indebtedness of the Guarantor; and

will be senior in right of payment to any future subordinated Indebtedness of the Guarantor.

The obligations of each Guarantor under its Note Guarantee is limited as necessary to prevent that Note Guarantee from constituting a fraudulent conveyance under applicable law. Fraudulent conveyance laws may void the guarantees or subordinate the guarantees. See Risk Factors Risks Related to the Exchange Notes .

In the event that any of Windstream s Restricted Subsidiaries that are not Guarantors guarantee certain other debt, they will be required to guarantee the exchange notes. See Certain Covenants Guarantees.

At any time on or after April 1, 2016, Windstream may redeem all or a part of the notes upon not less than 30 nor more than 60 days notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Additional Interest, if any, thereon, to the applicable redemption date, if redeemed during the twelve-month period beginning on April 1 of the years indicated below:

Edgar Filing: NUVOX INC - Form S-4

If less than all of the notes are to be redeemed at any time, the Trustee will select notes for redemption as follows:

- (1) if the notes are listed on any national securities exchange, in compliance with the requirements of such principal national securities exchange;
or
- (2) if the notes are not so listed, on a pro rata basis, by lot or by such method as the Trustee will deem fair and appropriate.

Table of Contents

No notes of \$2,000 or less will be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of notes to be redeemed at its registered address. Notices of redemption may not be conditional.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the Holder thereof upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of them called for redemption.

Mandatory Redemption

Windstream is not required to make mandatory redemption or sinking fund payments with respect to the notes.

Repurchase at the Option of Holders

Change of Control

If a Change of Control Triggering Event occurs, each Holder of notes will have the right to require Windstream to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess of \$2,000) of that Holder's notes pursuant to an offer, or a Change of Control Offer, on the terms set forth in the Indenture. In the Change of Control Offer, Windstream will offer payment (a Change of Control Payment) in cash equal to not less than 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, thereon, to the date of repurchase, or the Change of Control Payment Date. No later than 30 days following any Change of Control Triggering Event (unless Windstream has exercised its right to redeem the notes as described under Optional Redemption), Windstream will mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control Payment Date specified in such notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. Windstream will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, Windstream will comply with the applicable securities laws and regulations and will not be deemed to have breached their obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

On the Change of Control Payment Date, Windstream will, to the extent lawful:

- (1) accept for payment all notes or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all notes or portions thereof so tendered; and
- (3) deliver or cause to be delivered to the Trustee the notes so accepted together with an Officers' Certificate stating the aggregate principal amount of notes or portions thereof being purchased by Windstream.

The Paying Agent will promptly mail or wire transfer to each Holder of notes so tendered the Change of Control Payment for such notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Note equal in principal amount to any unpurchased portion of the notes surrendered, if any, *provided* that each such new Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess of \$2,000.

Windstream will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

Table of Contents

The Credit Agreement limits Windstream's ability to purchase any notes, and also provides that certain change of control events with respect to Windstream would constitute a default under the Credit Agreement. Windstream's existing notes also provide that certain change of control events will require the notes to be repurchased. Any future credit agreements or other similar agreements to which Windstream or its subsidiaries become party may contain similar restrictions and provisions. In the event a Change of Control Triggering Event occurs at a time when Windstream is prohibited from purchasing notes, Windstream could seek the consent of its lenders to the purchase of notes or could attempt to refinance the borrowings that contain such prohibition. If Windstream does not obtain such a consent or repay such borrowings, Windstream will remain prohibited from purchasing notes. In such case, Windstream's failure to purchase tendered notes would constitute an Event of Default under the Indenture which would, in turn, constitute a default under such other agreements.

The provisions described above that require Windstream to make a Change of Control Offer following a Change of Control Triggering Event will be applicable regardless of whether any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control Triggering Event, the Indenture does not contain provisions that permit the Holders of the notes to require that Windstream repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

Windstream will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by Windstream and purchases all notes validly tendered and not withdrawn under such Change of Control Offer.

The definition of Change of Control Triggering Event includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of all or substantially all of the properties or assets of Windstream and its Restricted Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of notes to require Windstream to repurchase such notes as a result of a sale, transfer, conveyance or other disposition of less than all of the assets of Windstream and its Restricted Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Windstream will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) Windstream (or the Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the assets or Equity Interests issued or sold or otherwise disposed of; and

(2) at least 75% of the consideration therefor received by Windstream or such Restricted Subsidiary is in the form of cash, Cash Equivalents or Replacement Assets or a combination of both. For purposes of this provision, each of the following will be deemed to be cash:

(a) any liabilities (as shown on Windstream's or such Restricted Subsidiary's most recent balance sheet) of Windstream or any Restricted Subsidiary (other than contingent liabilities, Indebtedness that is by its terms subordinated to the notes or any Note Guarantee and liabilities to the extent owed to Windstream or any Subsidiary of Windstream) that are assumed by the transferee of any such assets or Equity Interests pursuant to a written assignment and assumption agreement that releases Windstream or such Restricted Subsidiary from further liability therefor;

(b) any securities, notes or other obligations received by Windstream or any such Restricted Subsidiary from such transferee that are converted by Windstream or such Restricted Subsidiary into Cash Equivalents or Replacement Assets within 180 days of the receipt thereof (to the extent of the Cash Equivalents or Replacement Assets received in that conversion);

Table of Contents

(c) any Designated Noncash Consideration received by Windstream or any of its Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Noncash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed the greater of (x) 1.5% of Total Assets and (y) \$100.0 million (with the Fair Market Value of each item of Designated Noncash Consideration being measured at the time received and without giving effect to subsequent changes in value).

Within 365 days after the receipt by Windstream or any of its Restricted Subsidiaries of any Net Proceeds from an Asset Sale, Windstream or such Restricted Subsidiary may apply such Net Proceeds at its option:

(1) to repay (x) Indebtedness secured by assets of Windstream or its Restricted Subsidiaries (to the extent of the value of the assets securing such Indebtedness), (y) Obligations under the Credit Agreement or (z) Indebtedness of a Restricted Subsidiary of Windstream that is not a Guarantor (to the extent of the value of the assets of such Restricted Subsidiary); or

(2) to purchase Replacement Assets.

Pending the final application of any such Net Proceeds, Windstream or such Restricted Subsidiary may temporarily reduce revolving credit borrowings or otherwise invest such Net Proceeds in any manner that is not prohibited by the Indenture.

On the 366th day after an Asset Sale or such earlier date, if any, as Windstream determines not to apply the Net Proceeds relating to such Asset Sale as set forth in the preceding paragraph (each such date being referred to as an Excess Proceeds Trigger Date), such aggregate amount of Net Proceeds that has not been applied on or before the Excess Proceeds Trigger Date as permitted in the preceding paragraph, or the Excess Proceeds, will be applied by Windstream to make an offer, or an Asset Sale Offer, to all Holders of notes and all holders of other Indebtedness that is *pari passu* with the notes or any Note Guarantee containing provisions similar to those set forth in the Indenture with respect to offers to purchase with the proceeds of sales of assets, to purchase the maximum principal amount of notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount of the notes and such other *pari passu* Indebtedness plus accrued and unpaid interest, if any, to the date of purchase, and will be payable in cash.

Windstream may defer the Asset Sale Offer until there are aggregate unutilized Excess Proceeds equal to or in excess of \$30.0 million resulting from one or more Asset Sales, at which time the entire unutilized amount of Excess Proceeds (not only the amount in excess of \$30.0 million) will be applied as provided in the preceding paragraph. If any Excess Proceeds remain after consummation of an Asset Sale Offer, Windstream and its Restricted Subsidiaries may use such Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of notes and such other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the notes and such other *pari passu* Indebtedness will be purchased on a pro rata basis based on the principal amount of notes and such other *pari passu* Indebtedness tendered. Upon completion of each Asset Sale Offer, the Excess Proceeds subject to such Asset Sale will no longer be deemed to be Excess Proceeds.

Windstream will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sales provisions of the Indenture, Windstream will comply with the applicable securities laws and regulations and will not be deemed to have breached their obligations under the Asset Sale provisions of the Indenture by virtue of such compliance.

The Credit Agreement limits Windstream's ability to purchase any notes, and also provides that certain asset sale events with respect to Windstream would constitute a default under the Credit Agreement. Any future credit agreements or other similar agreements to which Windstream becomes party may contain similar restrictions and

provisions. In the event an Asset Sale occurs at a time when Windstream is prohibited from purchasing notes, Windstream could seek the consent of its lenders to the purchase of notes or could attempt to refinance the borrowings that contain such prohibition. If Windstream does not obtain such a consent or repay such borrowings, Windstream will remain prohibited from purchasing notes. In such case, Windstream's failure to purchase tendered notes would constitute an Event of Default under the Indenture which would, in turn, constitute a default under such other agreements.

Certain Covenants

Restricted Payments

(A) Windstream will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay (without duplication) any dividend or make any other payment or distribution on account of Windstream's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Windstream or any of its Restricted Subsidiaries) or to the direct or indirect holders of Windstream's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends, payments or distributions (x) payable in Equity Interests (other than Disqualified Stock) of Windstream or (y) to Windstream or a Restricted Subsidiary of Windstream);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Windstream or any of its Restricted Subsidiaries) any Equity Interests of Windstream or any Restricted Subsidiary thereof held by Persons other than Windstream or any of its Restricted Subsidiaries;

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Subordinated Debt, except (a) a payment of interest or principal at the Stated Maturity thereof or (b) the purchase, repurchase or other acquisition of any such Indebtedness in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of such purchase, repurchase or other acquisition; or

(4) make any Restricted Investment (all such payments and other actions set forth in clauses (1) through (4) above being collectively referred to as Restricted Payments), unless, at the time of and after giving effect to such Restricted Payment:

(a) no Default or Event of Default will have occurred and be continuing or would occur as a consequence thereof;

(b) Windstream would, after giving pro forma effect to such Restricted Payment as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Leverage Ratio test set forth in the first paragraph of the covenant described below under the caption "Incurrence of Indebtedness"; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Windstream and its Restricted Subsidiaries on or after July 17, 2006 (excluding Restricted Payments permitted by clauses (2), (3), (4), (5), (6), (8), (9) (only in connection with any calculation made for purposes of making a Restricted Payment on or prior to July 17, 2007; any payments made under such clause (9), even prior to such date, will be included as Restricted Payments for purposes of making any calculation after such date), (10) and (11) of the next succeeding paragraph (B)), is less than the sum, without duplication, of:

(i) an amount equal to Windstream's Consolidated Cash Flow for the period (taken as one accounting period) from October 1, 2006 to the end of Windstream's most recently ended fiscal quarter for which internal financial statements are available, or the Basket Period, less 1.4 times Windstream's Fixed Charges for the Basket Period, *plus*

(ii) 100% of the aggregate net cash proceeds received by Windstream after July 17, 2006 as a contribution to its common equity capital or from the issue or sale of Equity Interests (other than Disqualified Stock) of Windstream or from the Incurrence of Indebtedness (including the issuance of Disqualified Stock) of Windstream or any of its Restricted Subsidiaries that has been converted into or exchanged for such Equity Interests (other than Equity Interests sold to, or Indebtedness held by, a Subsidiary of Windstream and except to the extent converted into or exchanged for Disqualified Stock), *plus*

(iii) with respect to Restricted Investments made by Windstream and its Restricted Subsidiaries after July 17, 2006 pursuant to this paragraph (A), (i) the aggregate amount of cash equal to the return from such Restricted Investments in any Person resulting from repayments of loans or advances, or other transfers of assets, in each case to Windstream or any Restricted Subsidiary or from the net proceeds received in cash, from the sale of any such Restricted Investment (except, in each case, to the extent any such payment or proceeds are included in the calculation of Consolidated Net Income) or (ii) in the case of redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries, the Fair Market Value of the Restricted Investments therein at the time of such redesignation.

(B) The preceding provisions will not prohibit, so long as, in the case of clauses (5), (7) and (8) below, no Default has occurred and is continuing or would be caused thereby:

(1) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of the Indenture;

(2) the payment of any dividend or other distribution by a Restricted Subsidiary of Windstream to the holders of its Equity Interests on a pro rata basis;

(3) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of a contribution to the common equity of Windstream or a substantially concurrent sale (other than to a Subsidiary of Windstream) of, Equity Interests (other than Disqualified Stock) of Windstream; *provided* that the amount of any such net cash proceeds that are utilized for any such Restricted Payment will be excluded from clause (3)(b) of the preceding paragraph (A);

(4) the defeasance, redemption, repurchase or other acquisition of Indebtedness subordinated to the notes or the Note Guarantees with the net cash proceeds from an Incurrence of Permitted Refinancing Indebtedness;

(5) the declaration and payment of dividends or distributions to holders of any class or series of Disqualified Stock of Windstream or any Preferred Stock of its Restricted Subsidiaries issued or incurred in accordance with the covenant entitled *Incurrence of Indebtedness* ;

(6) the repurchase of Equity Interests deemed to occur upon the exercise of options or warrants to the extent that such Equity Interests represent all or a portion of the exercise price thereof;

(7) the repurchase of Equity Interests of Windstream constituting fractional shares in an aggregate amount since July 17, 2006 not to exceed \$300,000;

(8) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Windstream or any of its Restricted Subsidiaries held by any current or former employee, consultant or director of Windstream or any of its Restricted Subsidiaries pursuant to the terms of any employee equity subscription agreement, stock option agreement or similar agreement; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests in any fiscal year will not exceed the sum of:

(a) \$20.0 million, with unused amounts pursuant to this subclause (a) being carried over to succeeding fiscal years; *plus*

Table of Contents

(b) the aggregate net cash proceeds received by Windstream since July 17, 2006 as a contribution to its common equity capital or from the issue or sale of Equity Interests (other than Disqualified Stock) of Windstream to any current or former employee, consultant or director of Windstream or any of its Restricted Subsidiaries; *provided* that the amount of any such net cash proceeds that are used to permit a repurchase, redemption or other acquisition under this subclause (b) will be excluded from clause (3)(b) of the preceding paragraph (A);

(9) dividends paid by Windstream on its Common Stock in an amount not to exceed \$237.5 million in the aggregate for the first two quarterly dividend payments immediately following July 17, 2006 and any dividend declared by Valor prior to July 17, 2006 and paid thereafter;

(10) the repurchase of any Subordinated Debt at a purchase price not greater than 101% of the principal amount thereof in the event of (x) a change of control pursuant to a provision no more favorable to the holders thereof than the provision described under the caption of *Repurchase at the Option of Holders Change of Control* or (y) an Asset Sale pursuant to a provision no more favorable to the holders thereof than the provision described under the caption of *Repurchase at the Option of Holders Asset Sales*, *provided* that, in each case, prior to the repurchase, Windstream has made a Change of Control Offer or Asset Sale Offer, as the case may be, and repurchased all Notes issued under the Indenture that were validly tendered for payment in connection therewith; and

(11) Restricted Payments made on July 17, 2006 as part of the Transactions, as described in the offering memorandum dated June 28, 2006; and

(12) other Restricted Payments in an aggregate amount not to exceed \$50.0 million.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued to or by Windstream or such Subsidiary, as the case may be, pursuant to the Restricted Payment. Not later than the date of making any Restricted Payment, Windstream will deliver to the Trustee an Officers Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Restricted Payments covenant were computed, together with a copy of any opinion or appraisal required by the Indenture.

For the purposes of this covenant, any payment made on or after July 17, 2006, but prior to the Issue Date, shall be deemed to be a Restricted Payment to the extent that such payment would have been a Restricted Payment had the Indenture been in effect at the time of such payment (and, to the extent that such Restricted Payment was permitted by clauses (1) through (12) above, such Restricted Payment may be deemed by Windstream to have been made pursuant to such clause).

Incurrence of Indebtedness

Windstream will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness; *provided, however*, that Windstream or any of its Restricted Subsidiaries that are Guarantors may Incur Indebtedness, if Windstream's Consolidated Leverage Ratio at the time of the Incurrence of such additional Indebtedness, and after giving effect thereto, is less than 4.50 to 1.

The first paragraph of this covenant will not prohibit the Incurrence of any of the following items of Indebtedness (collectively referred to as Permitted Debt):

(1) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness under Credit Facilities in an aggregate principal amount at any one time outstanding pursuant to this clause (1) not to exceed \$2.8 billion, less the aggregate amount of all Net Proceeds of Asset Sales applied by Windstream or any Restricted Subsidiary thereof to permanently repay any such Indebtedness pursuant to the covenant described above under the caption *Repurchase at the Option of Holders Asset Sales*;

(2) the Incurrence of Existing Indebtedness;

Table of Contents

(3) the Incurrence by Windstream of Indebtedness represented by the notes to be issued on the Issue Date and Guarantees of notes (including Additional Notes) by the Guarantors;

(4) the Incurrence by Windstream or any Restricted Subsidiary thereof of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, Incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property (real or personal), plant or equipment used in the business of Windstream or such Restricted Subsidiary (whether through the direct acquisition of such assets or the acquisition of Equity Interests of any Person owning such assets), in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness Incurred to refund, refinance or replace any Indebtedness Incurred pursuant to this clause (4), not to exceed the greater of (x) 3.0% of Total Assets and (y) \$250.0 million;

(5) the Incurrence by Windstream or any Restricted Subsidiary thereof of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was permitted by the Indenture to be Incurred under the first paragraph of this covenant or clauses (2), (3), (4), (5), (14) or (15) of this paragraph;

(6) the Incurrence by Windstream or any of its Restricted Subsidiaries of intercompany Indebtedness owing to and held by Windstream or any of its Restricted Subsidiaries; *provided, however*, that (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Windstream or a Restricted Subsidiary thereof and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Windstream or a Restricted Subsidiary thereof, will be deemed, in each case, to constitute an Incurrence of such Indebtedness by Windstream or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);

(7) the Guarantee by Windstream or any of its Restricted Subsidiaries of Indebtedness of Windstream or a Restricted Subsidiary thereof that was permitted to be Incurred by another provision of this covenant;

(8) the Incurrence by Windstream or any of its Restricted Subsidiaries of Hedging Obligations that are Incurred for the purpose of fixing, hedging or swapping interest rate, commodity price or foreign currency exchange rate risk (or to reverse or amend any such agreements previously made for such purposes), and not for speculative purposes;

(9) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness arising from agreements providing for indemnification, adjustment of purchase price or similar obligations, or Guarantees or letters of credit, surety bonds or performance bonds securing any obligations of Windstream or any of its Restricted Subsidiaries pursuant to such agreements, in any case Incurred in connection with the disposition of any business, assets or Restricted Subsidiary (other than Guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or Restricted Subsidiary for the purpose of financing such acquisition), so long as the principal amount does not exceed the gross proceeds actually received by Windstream or any Restricted Subsidiary thereof in connection with such disposition;

(10) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business, *provided, however*, that such Indebtedness is extinguished within five Business Days of its Incurrence;

(11) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness constituting reimbursement obligations with respect to letters of credit in respect of workers' compensation claims or self insurance obligations or bid, performance, appeal or surety bonds (in each case other than for an obligation for borrowed money);

Table of Contents

(12) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness constituting reimbursement obligations with respect to letters of credit issued in the ordinary course of business; *provided* that, upon the drawing of such letters of credit or the Incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or Incurrence;

(13) the Incurrence by Windstream or any Guarantor of Indebtedness to the extent that the net proceeds thereof are promptly deposited to defease or to satisfy and discharge the notes;

(14) the Incurrence of Acquired Debt, *provided* that after giving effect to the Incurrence thereof, Windstream could Incur at least \$1.00 of Indebtedness under the Consolidated Leverage Ratio set forth in the first paragraph above; and

(15) the Incurrence by Windstream or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness Incurred to refund, refinance or replace any Indebtedness Incurred pursuant to this clause (15), not to exceed \$250.0 million.

For purposes of determining compliance with this covenant, in the event that any proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (15) above, or is entitled to be Incurred pursuant to the first paragraph of this covenant, Windstream will be permitted to classify such item of Indebtedness at the time of its Incurrence in any manner that complies with this covenant; provided that any refinancing, or a Credit Facility Refinancing, of amounts Incurred in reliance on the exception provided by clause (1) of the definition of Permitted Debt will be deemed to have been Incurred in reliance on such clause (1). Indebtedness under the Credit Agreement outstanding on the Issue Date will be deemed to have been Incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt. Additionally, all or any portion of any item of Indebtedness (other than Indebtedness under the Credit Agreement Incurred on the Issue Date and Credit Facility Refinancings, which at all times shall be deemed to have been Incurred under clause (1) above) may later be reclassified as having been Incurred pursuant to the first paragraph of this covenant or under any clause of Permitted Debt so long as such Indebtedness is permitted to be Incurred pursuant to such provision at the time of reclassification.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that may be Incurred pursuant to this covenant will not be deemed to be exceeded with respect to any outstanding Indebtedness due solely to the result of fluctuations in the exchange rates of currencies.

Windstream will not Incur any Indebtedness that is contractually subordinate in right of payment to any other Indebtedness of Windstream unless it is contractually subordinate in right of payment to the notes to the same extent. No Guarantor will Incur any Indebtedness that is contractually subordinate in right of payment to any other Indebtedness of such Guarantor unless it is contractually subordinate in right of payment to such Guarantor's Note Guarantee to the same extent. For purposes of the foregoing, no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of Windstream or any Guarantor, as applicable, solely by reason of any Liens or Guarantees arising or created in respect thereof or by virtue of the fact that the holders of any secured Indebtedness have entered into intercreditor agreements giving one or more of such holders priority over the other holders in the collateral held by them.

Liens

Windstream will not, and will not permit any of its Restricted Subsidiaries to, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind securing Indebtedness (other than Permitted Liens) upon any of their property or assets, now owned or hereafter acquired, unless all payments due under the Indenture and the notes are secured on an equal and ratable basis with the obligations so secured (or, in the case of Indebtedness subordinated to the notes or the related Note Guarantees, prior or senior thereto, with the same relative priority as the notes will have with respect to such subordinated Indebtedness) until such time as such obligations are no longer secured by a Lien.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

Windstream will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (a) pay dividends or make any other distributions on its Capital Stock (or with respect to any other interest or participation in, or measured by, its profits) to Windstream or any of its Restricted Subsidiaries or pay any liabilities owed to Windstream or any of its Restricted Subsidiaries;
- (b) make loans or advances to Windstream or any of its Restricted Subsidiaries; or
- (c) transfer any of its properties or assets to Windstream or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions:

- (1) existing under, by reason of or with respect to the Credit Agreement, Existing Indebtedness or any other agreements in effect on the Issue Date and any amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings thereof, *provided* that the encumbrances and restrictions in any such amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacement or refinancings are, in the good faith judgment of Windstream's Board of Directors, no more restrictive, taken as a whole, than those contained in the Credit Agreement, Existing Indebtedness or such other agreements, as the case may be, as in effect on the Issue Date;
- (2) set forth in the Indenture, the notes and the Note Guarantees;
- (3) existing under, by reason of or with respect to applicable law, rule, regulation or order;
- (4) with respect to any Person or the property or assets of a Person acquired by Windstream or any of its Restricted Subsidiaries existing at the time of such acquisition and not incurred in connection with or in contemplation of such acquisition, which encumbrance or restriction is not applicable to any Person or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired and any amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings thereof, *provided* that the encumbrances and restrictions in any such amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacement or refinancings are no more restrictive, taken as a whole, than those in effect on the date of the acquisition;
- (5) in the case of clause (c) of the first paragraph of this covenant:
 - (a) that restrict in a customary manner the subletting, assignment or transfer of any property or asset that is a lease, license, conveyance or contract or similar property or asset,
 - (b) existing by virtue of any transfer of, agreement to transfer, option or right with respect to, or Lien on, any property or assets of Windstream or any Restricted Subsidiary thereof not otherwise prohibited by the Indenture,
 - (c) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on the property so acquired, or
 - (d) arising or agreed to in the ordinary course of business, not relating to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of Windstream or any Restricted Subsidiary thereof in any manner material to Windstream or any Restricted Subsidiary thereof;
- (6) existing under, by reason of or with respect to any agreement for the sale or other disposition of all or substantially all of the Capital Stock of, or property and assets of, a Restricted Subsidiary that restrict distributions by that Restricted Subsidiary pending such sale or other disposition;

(7) on cash or other deposits or net worth imposed by customers or required by insurance, surety or bonding companies, in each case, under contracts entered into in the ordinary course of business;

(8) existing under, by reason of or with respect to Permitted Refinancing Indebtedness; provided that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) existing under, by reason of or with respect to provisions with respect to the disposition or distribution of assets or property, in each case contained in joint venture agreements, limited liability company agreements and other similar agreements and which Windstream's Board of Directors determines will not adversely affect Windstream's ability to make payments of principal or interest payments on the notes; and

(10) existing under, by reason of or with respect to Indebtedness of any Guarantor; provided that Windstream's Board of Directors determines in good faith at the time such encumbrances or restrictions are created that they do not adversely affect Windstream's ability to make payments of principal or interest payments on the notes.

Merger, Consolidation or Sale of Assets

Windstream will not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not Windstream is the surviving Person) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties and assets of Windstream and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person, unless:

(1) either: (a) Windstream is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than Windstream) or to which such sale, assignment, transfer, conveyance or other disposition will have been made (i) is a corporation or limited liability company organized or existing under the laws of the United States, any state thereof or the District of Columbia (*provided* that, if the Person formed by or surviving such consolidation or merger, or the transferee of such properties or assets, is a limited liability company, then there shall be a Restricted Subsidiary of such Person which shall be a corporation organized in the jurisdictions permitted by this clause (1) and a co-obligor of the notes) and (ii) assumes all the obligations of Windstream under the notes, the Indenture and the Registration Rights Agreement pursuant to agreements reasonably satisfactory to the Trustee;

(2) immediately after giving effect to such transaction, no Default or Event of Default exists;

(3) immediately after giving effect to such transaction on a pro forma basis, Windstream or the Person formed by or surviving any such consolidation or merger (if other than Windstream), or to which such sale, assignment, transfer, conveyance or other disposition will have been made, will either (x) be permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Leverage Ratio test set forth in the first paragraph of the covenant described above under the caption *Incurrence of Indebtedness* or (y) have a Consolidated Leverage Ratio that is lower than the Consolidated Leverage Ratio of Windstream immediately prior to such transaction; and

(4) each Guarantor, unless such Guarantor is the Person with which Windstream has entered into a transaction under this covenant, will have by amendment to its Note Guarantee confirmed that its Note Guarantee will apply to the obligations of Windstream or the surviving Person in accordance with the notes and the Indenture.

Upon any consolidation or merger, or any sale, assignment, transfer, conveyance or other disposition of all or substantially all of the assets of Windstream in accordance with this covenant, the successor Person formed by such consolidation or into or with which Windstream is merged or to which such sale, assignment, transfer,

conveyance or other disposition is made will succeed to, and be substituted for (so that from and after the date of such consolidation, merger, sale, assignment, conveyance or other disposition, the provisions of the Indenture referring to Windstream will refer instead to the successor person and not to Windstream), and may exercise every right and power of, Windstream under the Indenture with the same effect as if such successor Person had been named as Windstream in the Indenture. In the event of any such transfer (other than any transfer by way of lease), the predecessor will be released and discharged from all liabilities and obligations in respect of the notes and the Indenture and the predecessor may be dissolved, wound up or liquidated at any time thereafter.

In addition, Windstream and its Restricted Subsidiaries may not, directly or indirectly, lease all or substantially all of the properties or assets of Windstream and its Restricted Subsidiaries considered as one enterprise, in one or more related transactions, to any other Person.

Clauses (2) and (3) above of this covenant will not apply to:

any merger, consolidation or sale, assignment, transfer, conveyance or other disposition of assets between or among Windstream and any of its Restricted Subsidiaries; or

any transaction if, in the good faith determination of the Board of Directors of Windstream, the sole purpose of the transaction is to reincorporate Windstream in another state of the United States.

Transactions with Affiliates

Windstream will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into, make, amend, renew or extend any transaction, contract, agreement, understanding, loan, advance or Guarantee with, or for the benefit of, any Affiliate, or an Affiliate Transaction, unless:

(1) such Affiliate Transaction is on terms that are no less favorable to Windstream or the relevant Restricted Subsidiary than those that would have been obtained in a comparable arm's-length transaction by Windstream or such Restricted Subsidiary with a Person that is not an Affiliate of Windstream or any of its Restricted Subsidiaries; and

(2) Windstream delivers to the Trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$25.0 million, a Board Resolution set forth in an Officers' Certificate certifying that such Affiliate Transaction or series of related Affiliate Transactions complies with this covenant and that such Affiliate Transaction or series of related Affiliate Transactions has been approved by a majority of the disinterested members of the Board of Directors of Windstream (if any); and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$100.0 million, an opinion as to the fairness to Windstream or such Restricted Subsidiary of such Affiliate Transaction or series of related Affiliate Transactions from a financial point of view issued by an independent accounting, appraisal or investment banking firm of national standing.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) transactions between or among Windstream and/or its Restricted Subsidiaries or any Person that will become a Restricted Subsidiary as part of any such transactions (but excluding any such transaction to the extent that any payments thereunder made by Windstream or any of its Restricted Subsidiaries to such Person are substantially concurrently paid by such Person to any other Affiliate of Windstream, except to the extent that any such transaction would not be prohibited by this covenant);

(2) payment of reasonable and customary fees to, and reasonable and customary indemnification and similar payments on behalf of, directors of Windstream;

- (3) Permitted Investments and Restricted Payments that are permitted by the provisions of the Indenture described above under the caption Restricted Payments ;
- (4) any sale of Equity Interests (other than Disqualified Stock) of Windstream;
- (5) transactions pursuant to agreements or arrangements in effect on the Issue Date, or any amendment, modification, or supplement thereto or replacement thereof, as long as such agreement or arrangement, as so amended, modified, supplemented or replaced, taken as a whole, is not more disadvantageous to Windstream and its Restricted Subsidiaries than the original agreement or arrangement in existence on the Issue Date;
- (6) any employment, consulting, service or termination agreement, or reasonable and customary indemnification arrangements, entered into by Windstream or any of its Restricted Subsidiaries with officers and employees of Windstream or any of its Restricted Subsidiaries and the payment of compensation to officers and employees of Windstream or any of its Restricted Subsidiaries (including amounts paid pursuant to employee benefit plans, employee stock option or similar plans), so long as such agreement or payment has been approved by a majority of the disinterested members of the Board of Directors of Windstream;
- (7) payments or loans to employees or consultants in the ordinary course of business which are approved by a majority of the disinterested members of the Board of Directors of Windstream in good faith;
- (8) transactions with a Person that is an Affiliate of Windstream solely because Windstream, directly or indirectly, owns Equity Interests in, or controls, such Person; and
- (9) transactions with customers, clients, suppliers or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture, which are fair to Windstream and its Restricted Subsidiaries in the determination of a majority of the disinterested members of the Board of Directors or the senior management of Windstream, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of Windstream may designate any Restricted Subsidiary of Windstream to be an Unrestricted Subsidiary; *provided that*:

- (1) any Guarantee by Windstream or any Restricted Subsidiary thereof of any Indebtedness of the Subsidiary being so designated will be deemed to be an Incurrence of Indebtedness by Windstream or such Restricted Subsidiary (or both, if applicable) at the time of such designation, and such Incurrence of Indebtedness would be permitted under the covenant described above under the caption Incurrence of Indebtedness ;
- (2) the aggregate Fair Market Value of all outstanding Investments owned by Windstream and its Restricted Subsidiaries in the Subsidiary being so designated (including any Guarantee by Windstream or any Restricted Subsidiary thereof of any Indebtedness of such Subsidiary) will be deemed to be a Restricted Investment made as of the time of such designation and that such Investment would be permitted under the covenant described above under the caption Restricted Payments ;
- (3) the Subsidiary being so designated:
- (a) is not party to any agreement, contract, arrangement or understanding with Windstream or any Restricted Subsidiary thereof unless either
- (i) such agreement, contract, arrangement or understanding is with customers, clients, suppliers or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture, which are fair to Windstream and its Restricted Subsidiaries in the determination of a majority of the disinterested members of the Board of Directors or the

senior management of Windstream, or (ii) the terms of any such agreement, contract, arrangement or understanding are no less favorable to Windstream or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of Windstream;

(b) is a Person with respect to which neither Windstream nor any of its Restricted Subsidiaries has any direct or indirect obligation (i) to subscribe for additional Equity Interests or (ii) to maintain or preserve such Person's financial condition or to cause such Person to achieve any specified levels of operating results; and

(c) has not Guaranteed or otherwise directly or indirectly provided credit support for any Indebtedness of Windstream or any of its Restricted Subsidiaries, except (i) to the extent such Guarantee or credit support would be released upon such designation or (ii) a pledge of the Equity Interests of the Unrestricted Subsidiary that is the obligor thereunder; and

(4) no Default or Event of Default would be in existence following such designation.

Any designation of a Restricted Subsidiary of Windstream as an Unrestricted Subsidiary will be evidenced to the Trustee by filing with the Trustee the Board Resolution giving effect to such designation and an Officers' Certificate certifying that such designation complied with the preceding conditions and was permitted by the Indenture. If, at any time, any Unrestricted Subsidiary would fail to meet any of the preceding requirements described in clause (3) above, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Indebtedness, Investments, or Liens on the property, of such Subsidiary will be deemed to be Incurred or made by a Restricted Subsidiary of Windstream as of such date and, if such Indebtedness, Investments or Liens are not permitted to be Incurred or made as of such date under the Indenture, Windstream will be in default under the Indenture.

The Board of Directors of Windstream may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; *provided* that:

(1) such designation will be deemed to be an Incurrence of Indebtedness by a Restricted Subsidiary of Windstream of any outstanding Indebtedness (including any Non-Recourse Debt) of such Unrestricted Subsidiary and such designation will only be permitted if such Indebtedness is permitted under the covenant described under the caption "Incurrence of Indebtedness";

(2) all outstanding Investments owned by such Unrestricted Subsidiary will be deemed to be made as of the time of such designation and such designation will only be permitted if such Investments would be permitted under the covenant described above under the caption "Restricted Payments";

(3) all Liens upon property or assets of such Unrestricted Subsidiary existing at the time of such designation would be permitted under the caption "Liens"; and

(4) no Default or Event of Default would be in existence following such designation.

Sale and Leaseback Transactions

Windstream will not, and will not permit any of its Restricted Subsidiaries to, enter into any Sale and Leaseback Transaction; *provided* that Windstream or any Restricted Subsidiary thereof may enter into a Sale and Leaseback Transaction if:

(1) Windstream or such Restricted Subsidiary, as applicable, could have (a) Incurred Indebtedness in an amount equal to the Attributable Debt relating to such Sale and Leaseback Transaction pursuant to the covenant described above under the caption "Certain Covenants - Incurrence of Indebtedness" and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption "Certain Covenants - Liens" in which case such Indebtedness and Liens shall be deemed to have been so incurred;

Table of Contents

(2) the gross cash proceeds of that Sale and Leaseback Transaction are at least equal to the Fair Market Value of the property that is the subject of that Sale and Leaseback Transaction; and

(3) the transfer of assets in that Sale and Leaseback Transaction is permitted by, and Windstream applies the proceeds of such transaction in compliance with, the covenant described above under the caption *Repurchase at the Option of Holders Asset Sales*.

Guarantees

Windstream will not permit any of its Restricted Subsidiaries (other than any Insignificant Subsidiary), directly or indirectly, to Guarantee or pledge any assets to secure the payment of any other Indebtedness of Windstream or any Domestic Restricted Subsidiary unless such Restricted Subsidiary is a Guarantor or simultaneously executes and delivers to the Trustee an Opinion of Counsel and a supplemental indenture providing for the Guarantee of the payment of the notes by such Restricted Subsidiary, which Guarantee will be senior to or *pari passu* with such Subsidiary's Guarantee of such other Indebtedness.

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than Windstream or another Guarantor, unless:

(1) immediately after giving effect to that transaction, no Default or Event of Default exists; and

(2) either:

(a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger (if other than the Guarantor) is organized or existing under the laws of the United States, any state thereof or the District of Columbia and assumes all the obligations of that Guarantor under the Indenture, its Note Guarantee and the Registration Rights Agreement pursuant to a supplemental indenture satisfactory to the Trustee; or

(b) such sale or other disposition or consolidation or merger complies with the covenant described above under the caption *Repurchase at the Option of Holders Asset Sales*.

The Note Guarantee of a Guarantor will be released:

(1) in connection with any transaction permitted by the Indenture after which such Guarantor would no longer constitute a Restricted Subsidiary of Windstream, if the sale of Capital Stock, if any, complies with the covenant described above under the caption *Repurchase at the Option of Holders Asset Sales* ;

(2) if Windstream properly designates any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary under the Indenture;

(3) upon satisfaction and discharge of the notes as set forth under *Satisfaction and Discharge* or upon defeasance of the notes as set forth under *Legal Defeasance and Covenant Defeasance* ; or

(4) solely in the case of a Note Guarantee created pursuant to the first paragraph of this covenant, upon the release or discharge of the Guarantee which resulted in the creation of such Note Guarantee pursuant to this covenant, except a discharge or release by or as a result of payment under such Guarantee.

Business Activities

Windstream will not, and will not permit any Restricted Subsidiary thereof to, engage in any business other than Permitted Businesses, except to such extent as would not be material to Windstream and its Restricted Subsidiaries taken as a whole.

Payments for Consent

Windstream will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the notes unless such consideration is offered to be paid and is paid to all Holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Reports

Windstream will furnish to the Trustee and, upon request, to beneficial owners and prospective investors a copy of all of the information and reports referred to in clauses (1) and (2) below within the time periods specified in the SEC's rules and regulations:

(1) all quarterly and annual financial information that is required to be contained in a filing with the SEC on Forms 10-Q and 10-K, including a Management's Discussion and Analysis of Financial Condition and Results of Operations and, with respect to the annual information only, a report on the annual financial statements by Windstream's certified independent accountants; and

(2) all current reports that are required to be filed with the SEC on Form 8-K.

Whether or not required by the SEC, Windstream will comply with the periodic reporting requirements of the Exchange Act and will file the reports specified in the preceding paragraph with the SEC within the time periods specified above unless the SEC will not accept such a filing. Windstream agrees that it will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept Windstream's filings for any reason, Windstream will post the reports referred to in the preceding paragraph on its website within the time periods that would apply if Windstream were required to file those reports with the SEC.

If Windstream has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by this covenant will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of Windstream and its Restricted Subsidiaries separate from the financial condition and results of operations of Windstream's Unrestricted Subsidiaries.

In addition, Windstream and the Guarantors have agreed that, for so long as any notes remain outstanding, they will furnish to the Holders and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Termination of Applicability of Certain Covenants if Notes Rated Investment Grade

Notwithstanding the foregoing, Windstream's and its Restricted Subsidiaries' obligations to comply with the provisions of the Indenture described above under the captions Repurchase at the Option of Holders, Asset Sales and Certain Covenants (except for the covenants described under the caption Certain Covenants Liens, Certain Covenants Merger, Consolidation or Sale of Assets (other than clause (3) of the first paragraph thereof, Certain Covenants Sale and Leaseback Transactions, Certain Covenants Guarantees and Certain Covenants Reports) will terminate with respect to the notes and cease to have any further effect from and after the first date when the notes are rated Investment Grade.

Events of Default and Remedies

Each of the following is an Event of Default with respect to the notes:

(1) default for 30 days in the payment when due of interest on the notes;

(2) default in payment when due (whether at maturity, upon acceleration, redemption, required repurchase or otherwise) of the principal of, or premium, if any, on the notes;

Table of Contents

(3) failure by Windstream or any of its Restricted Subsidiaries to comply with the provisions described under the caption Certain Covenants Merger, Consolidation or Sale of Assets ;

(4) failure by Windstream or any of its Restricted Subsidiaries for 30 days after written notice by the Trustee or Holders representing 25% or more of the aggregate principal amount of notes then outstanding to comply with the provisions described under the captions Repurchase at the Option of Holders Change of Control or Repurchase at the Option of Holders Asset Sales (other than a failure to purchase notes in connection therewith, which shall constitute an Event of Default under clause (2) above);

(5) failure by Windstream or any of its Restricted Subsidiaries for 60 days after written notice by the Trustee or Holders representing 25% or more of the aggregate principal amount of notes then outstanding to comply with any of the other agreements in the Indenture;

(6) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness by Windstream or any of its Restricted Subsidiaries (or the payment of which is Guaranteed by Windstream or any of its Restricted Subsidiaries) whether such Indebtedness or Guarantee now exists, or is created after the Issue Date, if that default:

(a) is caused by a failure to make any principal payment when due at the final maturity of such Indebtedness and prior to the expiration of any grace period provided in such Indebtedness on the date of such default, or a Payment Default ; or

(b) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$75.0 million or more;

(7) failure by Windstream or any of its Restricted Subsidiaries to pay final judgments (to the extent such judgments are not paid or covered by insurance provided by a reputable carrier that has the ability to perform) aggregating in excess of \$75.0 million, which judgments are not paid, discharged or stayed for a period of 60 days;

(8) except as permitted by the Indenture, any Note Guarantee with respect to the notes will be held in any judicial proceeding to be unenforceable or invalid or will cease for any reason to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, will deny or disaffirm its obligations under its Note Guarantee with respect to the notes; and

(9) certain events of bankruptcy or insolvency with respect to (i) Windstream or (ii) any Significant Subsidiary of Windstream (or any Restricted Subsidiaries that together would constitute a Significant Subsidiary).

In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to (i) Windstream or (ii) any Significant Subsidiary of Windstream (or any Restricted Subsidiaries that together would constitute a Significant Subsidiary), all outstanding notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the then outstanding notes may declare all the notes to be due and payable immediately by notice in writing to Windstream specifying the Event of Default. Upon such declaration, the notes, together with accrued and unpaid interest, shall become due and payable immediately.

In the event of a declaration of acceleration of the notes because an Event of Default has occurred and is continuing as a result of the acceleration of any Indebtedness described in clause (6) above, the declaration of acceleration of the notes will be automatically annulled if the holders of all Indebtedness described in clause

Table of Contents

(6) above have rescinded the declaration of acceleration in respect of such Indebtedness within 30 Business Days of the date of such declaration, and if the annulment of the acceleration of the notes would not conflict with any judgment or decree of a court of competent jurisdiction, and all existing Events of Default, except non-payment of principal or interest on the notes that became due solely because of the acceleration of the notes, have been cured or waived.

Holders of the notes may not enforce the Indenture or the notes except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders of the notes notice of any Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest or Additional Interest) if it determines that withholding notice is in their interest.

The Holders of a majority in aggregate principal amount of the notes then outstanding by notice to the Trustee may on behalf of the Holders of all of the notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest or Additional Interest on, or the principal of, the notes. The Holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee with respect to the notes. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the Trustee in personal liability, or that the Trustee determines in good faith may be unduly prejudicial to the rights of Holders of notes not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from Holders of notes. A Holder may not pursue any remedy with respect to the Indenture or the notes unless:

- (1) the Holder gives the Trustee written notice of a continuing Event of Default;
- (2) the Holders of at least 25% in aggregate principal amount of outstanding notes make a written request to the Trustee to pursue the remedy;
- (3) such Holder or Holders offer the Trustee indemnity satisfactory to the Trustee against any costs, liability or expense;
- (4) the Trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and
- (5) during such 60-day period, the Holders of a majority in aggregate principal amount of the outstanding notes do not give the Trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any Holder of a Note to receive payment of the principal of, premium or Additional Interest, if any, or interest on, such Note or to bring suit for the enforcement of any such payment, on or after the due date expressed in the notes, which right will not be impaired or affected without the consent of the Holder.

In the case of any Event of Default occurring by reason of any willful action or inaction taken or not taken by or on behalf of Windstream or any of its Restricted Subsidiaries with the intention of avoiding payment of the premium that Windstream would have had to pay if Windstream then had elected to redeem the notes pursuant to the optional redemption provisions of the Indenture, an equivalent premium will also become and be immediately due and payable to the extent permitted by law upon the acceleration of the notes.

Windstream is required to deliver to the Trustee annually within 120 days after the end of each fiscal year a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, Windstream is required to deliver to the Trustee, within 30 days after the occurrence thereof, a statement specifying such Default or Event of Default.

Table of Contents

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator, stockholder, member, manager or partner of Windstream or any Guarantor, as such, will have any liability for any obligations of Windstream or the Guarantors under the notes, the Indenture, the Note Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of exchange notes by accepting an exchange note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the exchange notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

Windstream may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding notes and all obligations of the Guarantors discharged with respect to their Note Guarantees related to the notes, described as Legal Defeasance, except for:

- (1) the rights of Holders of outstanding notes to receive payments in respect of the principal of, or interest or premium, if any, on such notes when such payments are due from the trust referred to below;
- (2) Windstream's obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and Windstream's and the Guarantors' obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, Windstream may, at its option and at any time, elect to have the obligations of Windstream and the Guarantors released with respect to certain covenants that are described in the Indenture, described as Covenant Defeasance, and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default will no longer constitute Events of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) Windstream must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, or interest and premium, if any, on the outstanding notes on the Stated Maturity or on the applicable redemption date, as the case may be, and Windstream must specify whether the notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, Windstream will have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that (a) Windstream has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel will confirm that, the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, Windstream will have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

Table of Contents

(4) no Default or Event of Default will have occurred and be continuing either: (a) on the date of such deposit; or (b) insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 123rd day after the date of deposit;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument to which Windstream or any of its Restricted Subsidiaries is a party or by which Windstream or any of its Restricted Subsidiaries is bound;

(6) Windstream must have delivered to the Trustee an Opinion of Counsel to the effect that, assuming no intervening bankruptcy of Windstream or any Guarantor between the date of deposit and the 123rd day following the deposit and assuming that no Holder is an insider of Windstream under applicable bankruptcy law, after the 123rd day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally, including Section 547 of the United States Bankruptcy Code and Section 15 of the New York Debtor and Creditor Law;

(7) Windstream must deliver to the Trustee an Officers' Certificate stating that the deposit was not made by Windstream with the intent of preferring the Holders over the other creditors of Windstream with the intent of defeating, hindering, delaying or defrauding creditors of Windstream or others;

(8) if the notes are to be redeemed prior to their Stated Maturity, Windstream must deliver to the Trustee irrevocable instructions to redeem all of the notes on the specified redemption date; and

(9) Windstream must deliver to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent (other than the expiration of the 123-day period referred to above) relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture or the notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing default or compliance with any provision of the Indenture or the notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each Holder affected, an amendment or waiver may not (with respect to any notes held by a non-consenting Holder):

(1) reduce the principal amount of notes whose Holders must consent to an amendment, supplement or waiver;

The Indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

(1) either:

(a) all notes that have been authenticated (except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has theretofore been deposited in trust and thereafter repaid to Windstream) have been delivered to the Trustee for cancellation; or

In addition, Windstream must deliver an Officers Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the Trustee becomes a creditor of Windstream or any Guarantor, the Indenture and the Trust Indenture Act limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Indenture provides that in case an Event of Default will occur and be continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder of notes, unless such Holder will have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Book-Entry, Delivery and Form

Except as set forth below, exchange notes will be issued in the form of one or more global securities, or the Global Exchange Notes. The Global Exchange Notes will be issued in fully-registered book form without interest coupons that will be deposited upon issuance with the trustee under the Indenture and registered in the name of DTC or its nominee. Exchange notes will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000.

Table of Contents

Except as set forth below, the Global Exchange Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Exchange Notes may not be exchanged for exchange notes in certificated form, except in the circumstances described below. See Exchange of Global Exchange Notes for Certificated Exchange Notes. In addition, transfers of beneficial interests in the Global Exchange Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time. The exchange notes may be presented for registration of transfer and exchange at the Corporate Trust Office of the trustee.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. Windstream takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised Windstream that DTC is a limited-purpose trust company created to hold securities for its participating organizations, collectively, the Participants, and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly collectively, the Indirect Participants. Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised Windstream that, pursuant to procedures established by it:

(1) upon deposit of the Global Exchange Notes, DTC will credit the accounts of Participants designated by the initial purchasers with portions of the principal amount of the Global Exchange Notes; and

(2) ownership of these interests in the Global Exchange Notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Exchange Notes).

Investors in the Global Exchange Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Exchange Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants in such system. All interests in a Global Exchange Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems.

Except as described below, owners of interests in the Global Exchange Notes will not have exchange notes registered in their names, will not receive physical delivery of exchange notes in certificated form and will not be considered the registered owners or Holders thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Exchange Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered Holder under the Indenture. Under the terms of the Indenture, Windstream and the Trustee will treat the Persons in

Table of Contents

whose names the exchange notes, including the Global Exchange Notes, are registered as the owners thereof for the purpose of receiving payments and for all other purposes. Consequently, neither Windstream, the Trustee nor any agent of Windstream or the Trustee has or will have any responsibility or liability for:

(1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Exchange Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Exchange Notes; or

(2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised Windstream that its current practice, upon receipt of any payment in respect of securities such as the exchange notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of exchange notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or Windstream. Neither Windstream nor the Trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the exchange notes, and Windstream and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Subject to compliance with the transfer restrictions applicable to the exchange notes described herein, cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Exchange Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised Windstream that it will take any action permitted to be taken by a Holder of exchange notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Exchange Notes and only in respect of such portion of the aggregate principal amount of the exchange notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the exchange notes, DTC reserves the right to exchange the Global Exchange Notes for legended exchange notes in certificated form, and to distribute such exchange notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Exchange Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. Neither Windstream nor the Trustee nor any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Exchange Notes for Certificated Exchange Notes

A Global Exchange Note is exchangeable for definitive exchange notes in registered certificated form, or Certificated Exchange Notes, if:

- (1) DTC (a) notifies Windstream that it is unwilling or unable to continue as depository for the Global Exchange Notes or (b) has ceased to be a clearing agency registered under the Exchange Act, and in each case Windstream fails to appoint a successor depository;
- (2) Windstream, at its option, notifies the Trustee in writing that it elects to cause the issuance of Certificated Exchange Notes (DTC has advised Windstream that, in such event, under its current practices, DTC would notify its participants of Windstream's request, but will only withdraw beneficial interests from a Global Exchange Note at the request of each DTC participant); or
- (3) there will have occurred and be continuing a Default or Event of Default with respect to the exchange notes.

In addition, beneficial interests in a Global Exchange Note may be exchanged for Certificated Exchange Notes upon prior written notice given to the Trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Exchange Notes delivered in exchange for any Global Exchange Note or beneficial interests in Global Exchange Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Same Day Settlement and Payment

Windstream will make payments in respect of the exchange notes represented by the Global Exchange Notes (including principal, premium, if any, and interest, if any) by wire transfer of immediately available funds to the accounts specified by the Global Exchange Note Holder. Windstream will make all payments of principal, interest and premium, if any, with respect to Certificated Exchange Notes by wire transfer of immediately available funds to the accounts specified by the Holders thereof or, if no such account is specified, by mailing a check to each such Holder's registered address. The exchange notes represented by the Global Exchange Notes are expected to trade in PORTAL and to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such exchange notes will, therefore, be required by DTC to be settled in immediately available funds. Windstream expects that secondary trading in any Certificated Exchange Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Exchange Note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised Windstream that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Exchange Note by or through a Euroclear or Clearstream participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

(2) the then outstanding principal amount of such Indebtedness.

Table of Contents**CERTAIN MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES**

The following is a summary of certain United States federal income tax consequences that apply to holders of the original notes who (i) exchange the original notes for exchange notes pursuant to the exchange offer, (ii) purchased the original notes for cash at original issuance at the price indicated on the cover of the original offering circular and (iii) hold the original notes and will hold the exchange notes as capital assets (generally, property held for investment) as defined in the Internal Revenue Code of 1986, as amended, or the Code. This summary is based upon existing United States federal income tax law, which is subject to change or differing interpretations, possibly with retroactive effect. This summary does not discuss all aspects of United States federal income taxation that may be important to particular investors in light of their individual circumstances, such as investors subject to special tax rules (e.g., financial institutions, insurance companies, broker-dealers, traders that elect to mark-to-market and tax-exempt organizations), persons that held the original notes or will hold the exchange notes as a part of a straddle, hedge, conversion, constructive sale or other integrated transaction for United States federal income tax purposes, partnerships or U.S. Holders (as defined below) that have a functional currency other than the United States dollar, all of whom may be subject to tax rules that differ materially from those summarized below. In addition, this summary does not discuss any federal estate or gift, foreign, state or local tax considerations of the exchange offer. We have not sought any ruling from the Internal Revenue Service, or the IRS, with respect to the statements made and the conclusions reached in the following summary and there can be no assurance that the IRS will agree with our statements and conclusions.

Each prospective investor should consult its tax advisor regarding the United States federal, state, local and foreign income and other tax consequences of the exchange offer and holding and disposing of the exchange notes.

Exchange Offer

The exchange of the original notes for the exchange notes in the exchange offer generally will not constitute a taxable event for U.S. federal income tax purposes because the exchange notes generally will not be considered to differ materially in kind or extent from the original notes. As a result, for U.S. federal income tax purposes (i) a holder generally will not recognize any income, gain or loss as a result of exchanging the original notes for the exchange notes, (ii) the holding period of the exchange notes generally will include the holding period of the original notes exchanged and (iii) the adjusted tax basis of the exchange notes generally will be the same as the adjusted tax basis of the original notes exchanged immediately before such exchange.

U.S. Holders

For purposes of this summary, a U.S. Holder is a beneficial owner of an exchange note that is, for United States federal income tax purposes, (i) an individual who is a citizen or resident of the United States, (ii) a corporation or other entity treated as a corporation for United States federal income tax purposes, created in or organized under the law of the United States or any state or political subdivision thereof, (iii) an estate the income of which is includible in gross income for United States federal income tax purposes regardless of its source, or (iv) a trust (A) the administration of which is subject to the primary supervision of a United States court and with respect to which one or more United States persons have the authority to control all substantial decisions of the trust or (B) that has in effect a valid election under applicable United States Treasury regulations to be treated as a United States person.

If a partnership (including any entity or arrangement treated as a partnership for United States federal income tax purposes) is a beneficial owner of exchange notes, the treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. A holder of exchange notes that is a partnership and partners in such a partnership should consult their tax advisors regarding the United States federal, state, local and foreign income and other tax consequences of the exchange offer and of the holding and disposing of exchange notes.

Table of Contents

Payment of Interest

Stated interest on an exchange note generally will be included in the gross income of a U.S. Holder as ordinary income at the time such interest is accrued or received, in accordance with the holder's method of accounting for United States federal income tax purposes.

Sale or Other Taxable Disposition of the Exchange Notes

A U.S. Holder will generally recognize taxable gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of an exchange note. The amount of gain or loss will equal the difference between the amount a holder receives for the exchange note (in cash or other property, valued at fair market value), except to the extent amounts received are attributable to accrued interest on the exchange note, and such holder's adjusted tax basis in the exchange note. As described above, a holder's tax basis in the exchange note generally will equal the price a holder paid for the original note that was exchanged for the exchange note. A holder's gain or loss will generally be long-term capital gain or loss if a holder's holding period for the exchange note is more than one year at the time of the sale, exchange, redemption, retirement or other taxable disposition, and such holding period will generally include the holding period in the original notes. Otherwise, it will be short-term capital gain or loss. For a non-corporate U.S. Holder, the current maximum U.S. federal income tax rate applicable to long-term capital gains is generally 15%. The ability to deduct capital losses is subject to limitations. Payments attributable to accrued interest which a holder has not yet included in income will be taxed as ordinary interest income.

New Legislation

Newly-enacted legislation requires certain U.S. Holders who are individuals, estates or trusts to pay an additional 3.8% tax on, among other things, interest on and capital gains from the sale or other disposition of notes for taxable years beginning after December 31, 2012. Holders should consult their own tax advisor regarding the effect, if any, of this legislation on their ownership and disposition of the exchange notes.

Information Reporting and Backup Withholding Tax

In general, we must report certain information to the IRS with respect to payments of principal, premium, if any, and interest (including any additional interest) on an exchange note and payments of the proceeds of the sale or other disposition of an exchange note, to certain non-corporate U.S. Holders. The payor (which may be us or an intermediate payor) will be required to impose backup withholding tax if (i) the payee fails to furnish a taxpayer identification number (TIN) to the payor or to establish an exemption from backup withholding tax, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a notified payee underreporting described in section 3406(c) of the Code, or (iv) the payee has not certified under penalties of perjury that it has furnished a correct TIN and that the IRS has not notified the payee that it is subject to backup withholding tax under the Code. The backup withholding tax rate is currently 28%. Any amounts withheld under the backup withholding tax rules from a payment to a U.S. Holder will be allowed as a credit against that holder's United States federal income tax liability and may entitle the holder to a refund, provided that the required information is furnished to the IRS.

Holders should consult their tax advisor as to their qualification for exemption from backup withholding and the procedures for obtaining such exemption.

Non-U.S. Holders

For purposes of this summary, a Non-U.S. Holder is a beneficial owner of an exchange note that is, for United States federal income tax purposes, a nonresident alien, or a corporation, estate, or trust that is not a U.S. Holder.

Table of Contents

The following discussion applies only to Non-U.S. Holders, and assumes that no item of income, gain, deduction or loss derived by the Non-U.S. Holder in respect of the notes at any time is effectively connected with the conduct of a United States trade or business. Special rules, not discussed herein, may apply to certain Non-U.S. Holders, such as (i) certain former citizens or residents of the United States, (ii) controlled foreign corporations, (iii) passive foreign investment companies, (iv) corporations that accumulate earnings to avoid United States federal income tax, (v) investors in pass-through entities that are subject to special treatment under the Code, and (vi) Non-U.S. Holders that are engaged in the conduct of a United States trade or business.

Payment of Interest Portfolio Interest Exemption

Subject to the discussion of backup withholding tax below, interest paid on an exchange note by us or any paying agent to a Non-U.S. Holder generally will be exempt from United States withholding tax under the portfolio interest exemption; provided that (i) the Non-U.S. Holder does not, actually or constructively, own 10% or more of the combined voting power of all classes of our stock entitled to vote, (ii) the Non-U.S. Holder is not a controlled foreign corporation related to us, actually or constructively, through stock ownership, (iii) the Non-U.S. Holder is not a bank that acquired the notes in consideration for an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business, and (iv) either (a) the Non-U.S. Holder provides to us or our paying agent an applicable IRS Form W-8BEN (or a suitable substitute form), signed under penalties of perjury, that includes its name and address and that certifies its non-United States status in compliance with applicable law and regulations, or (b) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business holds the exchange notes on behalf of the Non-U.S. Holder and provides a statement to us or our agent under penalties of perjury in which it certifies that an applicable IRS Form W-8BEN (or a suitable substitute form) has been received by it from the Non-U.S. Holder or qualifying intermediary and furnishes a copy to us or our agent. This certification requirement may be satisfied with other documentary evidence in the case of an exchange note held in an offshore account or through certain foreign intermediaries.

Payment of Interest U.S. Federal Income or Withholding Tax If Interest Is Not Portfolio Interest

If a Non-U.S. Holder cannot satisfy the requirements of the portfolio interest exemption described above, payments of interest made to such holder generally will be subject to United States withholding tax at the rate of 30%, unless reduced or eliminated by an applicable income tax treaty.

However, income from payments or accruals of interest that is effectively connected with the conduct by a Non-U.S. Holder of a trade or business in the United States will be subject to U.S. federal income tax on a net basis at a rate applicable to United States persons generally (and, if paid to corporate holders, may also be subject to a branch profits tax at a rate of 30% or lower applicable treaty rate). If payments are subject to U.S. federal income tax on a net basis in accordance with the rules described in the preceding sentence, such payments will not be subject to United States withholding tax so long as a holder provides us or our paying agent with a properly executed IRS Form W-8ECI (or suitable substitute form).

Non-U.S. Holders should consult any applicable income tax treaties, which may provide for a lower rate of withholding tax, exemption from or reduction of the branch profits tax, or other rules different from those described above. Generally, in order to claim any treaty benefits a holder must submit a properly executed IRS Form W-8BEN (or suitable substitute form).

Sale or Other Taxable Disposition of the Exchange Notes

Subject to the discussion of backup withholding tax below, a Non-U.S. Holder will generally not be subject to U.S. federal income tax or withholding tax on gain recognized on a sale, exchange, redemption, retirement, or other disposition of an exchange note unless such gain is effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States. Any gain that is effectively connected with the conduct by a Non-U.S. Holder of a trade or business within the United States will be subject to U.S. federal income tax on a net basis at the rates generally applicable to U.S. Holders as described above.

Table of Contents

Information Reporting and Backup Withholding Tax Payments From U.S. Office

If a Non-U.S. Holder receives payment of interest or principal directly from us or through the U.S. office of a custodian, nominee, agent or broker, you may be subject to both backup withholding and information reporting.

With respect to interest payments made on the exchange notes, however, backup withholding and information reporting will not apply if a Non-U.S. Holder certifies, generally on a Form W-8BEN (or Form W-8ECI) or suitable substitute form, that it is not a U.S. person in the manner described above under the heading *Non-U.S. Holders Payment of Interest*, or such holder otherwise establishes an exemption.

Moreover, with respect to proceeds received on the sale, exchange, redemption, or other disposition of an exchange note, backup withholding or information reporting generally will not apply if a Non-U.S. Holder properly provides, generally on Form W-8BEN (or Form W-8ECI) or a suitable substitute form, a statement that the Non-U.S. Holder is an exempt foreign person for purposes of the broker reporting rules, and other required information. If a Non-U.S. Holder is not subject to United States federal income or withholding tax on the sale or other disposition of an exchange note, as described above under the heading *Non-U.S. Holders-Interest Sale or Other Disposition of Exchange Notes*, such Non-U.S. Holder will generally qualify as an exempt foreign person for purposes of the broker reporting rules.

Information Reporting and Backup Withholding Tax Payments From Foreign Office

If payments of principal and interest are made to a Non-U.S. Holder outside the United States by or through the foreign office of a Non-U.S. Holder's foreign custodian, nominee or other agent, or if a Non-U.S. Holder receives the proceeds of the sale of an exchange note through a foreign office of a broker, as defined in the Code, a Non-U.S. Holder will generally not be subject to backup withholding or information reporting. A Non-U.S. Holder will however, be subject to backup withholding and information reporting if the foreign custodian, nominee, agent or broker has actual knowledge or reason to know that the Non-U.S. Holder is a U.S. person. Non-U.S. Holders will also be subject to information reporting, but not backup withholding, if the payment is made by a foreign office of a custodian, nominee, agent or broker that has certain relationships to the United States unless the broker has in its records documentary evidence that a such holder is a Non-U.S. Holder and certain other conditions are met.

Refunds

Any amounts withheld from a payment to a Non-U.S. Holder under the backup withholding rules may be credited against a Non-U.S. Holder's U.S. federal income tax liability and may entitle such Non-U.S. Holder to a refund, provided the required information is properly furnished to the IRS on a timely basis.

The information reporting requirements may apply regardless of whether withholding is required. Copies of the information returns reporting interest and withholding also may be made available to the tax authorities in the country in which a Non-U.S. Holder is a resident under the provisions of an applicable income tax treaty or other agreement.

The preceding summary is for general information only and is not tax advice. Please consult your own tax advisor to determine the tax consequences of participating in the exchange offer and holding and disposing of the notes under your particular circumstances.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account under the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of those notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer for resales of exchange notes received in exchange for original notes that had been acquired as a result of market-making or other trading activities. We have agreed to furnish to each broker-dealer who has delivered to us the notice required by each of the registration rights agreements, without charge, as many copies of this prospectus, including any preliminary prospectus, and any amendment or supplement thereto, as such broker-dealer may reasonably request. Any broker-dealers required to use this prospectus and any amendments or supplements to this prospectus for resales of the exchange notes must notify us of this fact by requesting additional copies of these documents, to furnish to each broker-dealer who has delivered to us the notice required by each of the registration rights agreements, without charge, as many copies of each prospectus included in the registration statement, including any preliminary prospectus, and any amendment or supplement thereto, as such broker-dealer may reasonably request.

Neither we nor the subsidiary guarantors will receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account under the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on those notes or a combination of those methods, at market prices prevailing at the time of resale, at prices related to prevailing market prices or at negotiated prices. Any resales may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from the selling broker-dealer or the purchasers of the exchange notes. Any broker-dealer that resells exchange notes received by it for its own account under the exchange offer and any broker or dealer that participates in a distribution of the exchange notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any resale of exchange notes and any commissions or concessions received by these persons may be deemed to be underwriting compensation under the Securities Act. By acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incidental to the exchange offer other than commissions and concessions of any broker or dealer and certain transfer taxes and will indemnify holders of the notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act.

Under existing interpretations of the Securities Act by the SEC's staff contained in several no-action letters to third parties, and subject to the immediately following sentence, we believe that the exchange notes would generally be freely transferable by holders after the exchange offer without further registration under the Securities Act, subject to certain representations required to be made by each holder of exchange notes, as set forth below. However, any purchaser of exchange notes who is one of our affiliates (as defined in Rule 405 under the Securities Act) or who intends to participate in the exchange offer for the purpose of distributing the exchange notes:

will not be able to rely on the applicable interpretation of the staff of the SEC;

will not be able to tender its original notes in the exchange offer; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements.

We do not intend to seek the interpretation of the SEC's staff regarding the exchange offer and there can be no assurance that the SEC's staff would make a similar determination with respect to the exchange notes as it has in other interpretations to other parties, although we have no reason to believe otherwise.

**1. Summary of Significant Accounting Policies
Description of Business and Principles of Consolidation**

On February 15, 2008, the members of Hosted Solutions, LLC entered into an agreement with Hosted Solutions Holdings LLC, Hosted Solutions Acquisition LLC, and certain owners identified within the Asset Purchase Agreement to acquire the assets and assume the liabilities of Hosted Solutions, LLC. The purchase was consummated on April 2, 2008, and the new Company was capitalized by an investment of \$70,765. See Note 2 for additional information.

Hosted Solutions Parent LLC and Subsidiary (the Company) operates five world class Dual OC-3 secured data centers and provides outsourced managed web hosting and co-location data services to business customers of all sizes located in the Carolinas and in Massachusetts.

The accompanying consolidated financial statements include the accounts of Hosted Solutions Parent LLC and its wholly owned subsidiary, Hosted Solutions Acquisition LLC. All significant intercompany transactions and accounts have been eliminated. The Company is organized based on the products and services that it offers and operates its business as a single reporting segment.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2009 and 2008, and the reported amounts of revenues and expenses for the year ended December 31, 2009 and the period from April 2, 2008 to December 31, 2008. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all investments purchased with remaining maturities of three months or less to be cash equivalents. During the year ended December 31, 2009 and the period from April 2, 2008 to December 31, 2008, the Company maintained cash balances in excess of federally insured limits of \$9,657 and \$8,702, respectively.

Inventory

Inventory includes computer equipment, parts and supplies and is stated at the lower of cost or market. Cost is determined using the first-in, first-out method.

Table of Contents**Hosted Solutions Parent LLC and Subsidiary****Notes to Consolidated Financial Statements****Year Ended December 31, 2009 and****for the Period From April 2, 2008 to December 31, 2008***(Dollar and share amounts in thousands except per share amounts)***Property and Equipment**

Property and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation and amortization are provided by straight-line rates intended to distribute the cost over the estimated service life as follows:

	Estimated
	Useful Life
	(in years)
Equipment data centers	2 - 6
Office equipment	7
Furniture and fixtures	8
Leasehold improvements	2 -15

Equipment recorded under capital leases is amortized using the straight-line method over the shorter of the respective lease term or estimated useful life of the asset. Leasehold improvements are amortized over the lesser of estimated useful life or the life of the leases including expected renewals. Maintenance and repairs are charged to operations as incurred. Major renewals and betterments that extend the useful lives of the assets or increase the productivity are capitalized. Interest expense related to the acquisition of fixed assets is capitalized. Capitalized interest was \$438 and \$153 net of accumulated depreciation of \$27 and \$0 at December 31, 2009 and 2008, respectively. When items of property or equipment are sold or retired, the related cost and accumulated depreciation or amortization is removed from the account and any gain or loss is included in operating income.

Deferred Installation Costs

Deferred installation costs include both customer up-fit and labor related to direct costs allocated to the installation of equipment for new contracts. Customer up-fit charges are amortized on a straight line basis over the length of the initial contract term. Customer up-fit charges were \$2,620 and \$1,791 net of accumulated amortization of \$1,372 and \$470 at December 31, 2009 and 2008, respectively. The Company recognized amortization expense of \$902 and \$470 related to customer up-fit charges year ended December 31, 2009 and the period from April 2, 2008 to December 31, 2008, respectively. Capitalized labor costs are amortized over a period of 24 months, which is the average term per contract. Capitalized labor costs were \$675 and \$244 net of accumulated amortization of \$281 and \$49 at December 31, 2009 and 2008, respectively. The Company recognized amortization expense of \$232 and \$49 related to capitalized labor costs for the year ended December 31, 2009 and the period from April 2, 2008 to December 31, 2008, respectively.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable in accordance with the provisions of the Property, Plant and Equipment Topic of the Financial Accounting Standards Board (FASB) Accounting Standards. Accordingly, when indicators of impairment are present, the Company evaluates the carrying value of property, plant and equipment, and amortizable intangible assets in relation to operating performance. The Company incurred no impairment charges during the year ended December 31, 2009 or during the period from April 2, 2008 to December 31, 2008.

Table of Contents**Hosted Solutions Parent LLC and Subsidiary****Notes to Consolidated Financial Statements****Year Ended December 31, 2009 and****for the Period From April 2, 2008 to December 31, 2008***(Dollar and share amounts in thousands except per share amounts)***Deferred Financing Costs**

Deferred financing costs, composed of facility, agency, and certain legal fees associated with acquiring new debt financing, are amortized over the term of the related agreement using the effective interest rate method. Capitalized loan fees were \$4,047 as of December 31, 2009 and 2008, net of accumulated amortization of \$1,249 and \$534, respectively. The Company recognized amortization expense of \$715 and \$534 related to capitalized loan fees for the year ended December 31, 2009 and the period from April 2, 2008 to December 31, 2008, respectively.

Intangible Assets and Goodwill

The Company accounts for intangible assets in accordance with the Intangibles Goodwill and Other Topic of the FASB Accounting Standards. Intangible assets consist of customer relationships, tradename, and covenants not to compete which are evaluated annually to determine if the remaining useful life is reasonable. Amortization for the identifiable intangible assets is computed using the straight-line method based on the estimated useful lives of the respective assets which are as follows:

	Estimated Useful Life (in years)
Customer relationships	15
Tradename	30
Covenants not to compete	15

Goodwill represents the excess of cost over net assets acquired by the Company. At each balance sheet date, the Company evaluates the realizability of its goodwill unless there is an indicator that would require a test during the year. The Company incurred no impairment charges during the year ended December 31, 2009 or during the period from April 2, 2008 to December 31, 2008.

Advertising Costs

Advertising and marketing costs are expensed as incurred and are included in operating expenses. Advertising expense was \$738 and \$357 for the year ended December 31, 2009 and for the period from April 2, 2008 to December 31, 2008, respectively

Revenue, Deferred Revenue, and Accounts Receivable

Revenue is recognized ratably as services are performed. Upfront installation revenue is amortized on a straight-line basis over the initial contract period. The Company's policy is to bill one month in advance, and some customers elect to prepay for longer periods. Customer prepayments and upfront installation revenue are recorded as deferred revenue and amortized into revenue over the service period.

License fees are recorded net in accordance with Revenue Recognition Topic of the FASB Accounting Standards.

The Company performs ongoing credit evaluations of its customers' financial condition and generally requires no collateral from its customers. Payment of all fees are due within 30 days of invoice. Late payments accrue interest at 1.5% per month. In the event a customer's account becomes past due for 30 days

or more, the Company may at its sole discretion suspend, interrupt, or disconnect the service upon ten days written notice. There is a five day grace period if the customer's account is not paid by the end of the service period, usually 60 days from invoice date. If the customer has made no effort to contact the Company by day 76, then the Company will send a letter stating that the account is being sent to collections.

Receivables that management deems uncollectible are charged-off. The Company charged off \$934 and \$365 to bad debt expense in the year ended December 31, 2009 and for the period from April 2, 2008 to December 31, 2008, respectively. Recoveries of receivables previously charged off are recorded when received. In the opinion of management, an allowance for doubtful accounts of \$764 and \$501 as of December 31, 2009 and 2008, respectively, are adequate. Actual results could differ from the estimates that were used.

Concentration of Credit Risk

One customer accounts for approximately 15% and 0% of the Company's outstanding accounts receivable at December 31, 2009 and 2008, respectively, and 3% and 0% of revenue for the year ended December 31, 2009 and the period from April 2, 2008 to December 31, 2008, respectively.

Fair Value Measurements

The Company has adopted the provisions of the Fair Value Topic of the FASB Accounting Standards. The adoption of the Fair Value topic did not impact the Company's operations, but rather, provided the Company with a framework for measuring fair value and enhanced the Company's disclosures about fair value measurements.

Financial Instruments

The Company has elected to account for a certain derivative instrument (the Cap) as an economic hedge of its debt but has elected not to account for the Cap as a hedge under the provisions of the Derivatives and Hedging Topic of the FASB Accounting Standards. As the Cap was not designated as a hedge for accounting purposes, all changes in the fair market value are recorded in the consolidated statement of operations as a component of interest expense.

Income Taxes

The Company, a limited liability company, is not a taxpaying entity, and thus no income tax expense has been recorded in the consolidated financial statements. Income of the Company is taxed to the member in its respective income tax return.

Uncertain Tax Positions

The Company adopted provisions of the Income Taxes Topic of the FASB Accounting Standards on January 1, 2009. The Company may recognize an income tax benefit from an uncertain position only if it is more likely than not that the position is sustainable, based solely on its technical merits and consideration of the relevant taxing authority's widely understood administrative practices and precedents. If this threshold is

Table of Contents**Hosted Solutions Parent LLC and Subsidiary****Notes to Consolidated Financial Statements****Year Ended December 31, 2009 and****for the Period From April 2, 2008 to December 31, 2008***(Dollar and share amounts in thousands except per share amounts)*

met, the Company measures the tax benefit as the largest amount of the benefit that has greater than a 50% likelihood of being realized upon ultimate settlement. The adoption of these provisions did not result in the recognition of an adjustment for the cumulative effect of adoption of a new accounting principle. The Company did not have any unrecognized tax benefit resulting from tax positions related to either the current year or prior period, and had no settlements. No unrecognized tax benefits existed as of December 31, 2009 and the Company does not expect any change in unrecognized tax benefits within the next fiscal year.

New Accounting Pronouncements

In May 2009, the FASB issued guidance which sets forth the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements, and disclosures that an entity should make about events or transactions that occurred after the balance sheet date. The Subsequent Events Topic of the FASB Accounting Standards Codification requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date. This disclosure is effective for financial periods ending after June 15, 2009.

In June 2009, the FASB issued the FASB Accounting Standards Codification (the Codification). The Codification is the single source of authoritative nongovernmental US GAAP, superseding existing FASB, American Institute of Certified Public Accountants (AICPA), Emerging Issues Task Force (EITF) and related literature. The Codification eliminates the US GAAP hierarchy contained in Statement of Financial Accounting Standards and establishes one level of authoritative US GAAP. All other literature is considered non-authoritative. The Codification is effective for financial statements issued for interim and annual periods ending after September 15, 2009. In response, the Company has used plain English or included the references to the Codification, as appropriate, in these consolidated financial statements.

2. Acquisition

On April 2, 2008, Hosted Solutions Acquisition LLC acquired Hosted Solutions, LLC for an aggregate purchase price of 145,765, including cash paid of \$116,664, the retirement of \$9,354 in liabilities, roll-over shares valued at \$14,150, deferred financing costs of \$4,035, and other transaction expenses of \$1,562. The acquisition was accounted for using the purchase method of accounting in accordance with the Business Combinations Topic of the FASB Accounting Standards. Accordingly, the consideration paid was allocated based on the estimated fair value of the net assets acquired. The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of the acquisition:

Fair Value Measurements**

Under the Fair Value Topic of the FASB Accounting Standards, fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under the Fair Value Topic must maximize the use of observable inputs and minimize the use of unobservable inputs. The topic describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than Level 1 that are either directly or indirectly observable, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In November 2008, the Company entered into the Cap agreement for a notional amount of \$45,000 to help manage the risk of rising interest rates on its term debt. The Cap matures on November 16, 2011. The Company recorded an expense related to the Cap of \$1 and \$91 for the year ended December 31, 2009 and for the period from April 2, 2008 to December 31, 2008, respectively, in the consolidated statement of operations in interest expense. The fair value of the Cap was estimated by obtaining a quote from the broker and is the estimated amount that the Company would pay to terminate the agreement at the reporting date, taking into account current interest rates and the then current credit worthiness of the counter party. Due to the nature of this instrument and indirectly observable inputs, the Cap is included in Level 2 of the fair value hierarchy as of December 31, 2009.

The following table summarizes the composition and fair value hierarchy of the Company's financial assets and liabilities at December 31, 2009:

Balance at April 2, 2008	\$

Total change in fair value reported in the consolidated statement of operations	(91)

7. Incentive Share Plan

The Hosted Solutions Holdings LLC Incentive Share Plan (the "Plan") permits the grant of incentive stock awards to eligible participants. Stock awards are granted upon approval of the Board of Directors and generally are subject to vesting over a period of five years. Stock-based compensation is issued by Hosted Solutions Holdings LLC and is pushed down to the Company's reporting level as stock-based compensation charges with the offset to capital contribution.

Under the fair value recognition provisions of the Stock Compensation Topic of the FASB Accounting Standards, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense over the requisite service period, which is the vesting period.

The Plan allows the Company to grant Class C shares in Hosted Solutions Holdings LLC to executives and employees of the Company. The fair value of these awards is recorded as compensation cost over the term of vesting period with corresponding increases in member's equity. A summary of the status of unearned restricted shares under the Plan as of December 31, 2009 and 2008, and changes during the year ended December 31, 2009 and for the period from April 2, 2008 to December 31, 2008 are presented below:

The agreement requires the Company's compliance with certain financial and other covenants and expires on April 1, 2013 or upon the acceleration of any obligations pursuant to the agreement. Interest is payable, at the Company's option, at the Prime Rate plus a margin of 4.75% or at LIBOR plus a margin of 6% over a term of one, two, or three months. The interest rate was 9% as of December 31, 2009 and 2008. The Company had an outstanding balance on the line of credit of \$4,534 and \$0 and an available amount of \$466 and \$5,000 as of December 31, 2009 and 2008, respectively. The line of credit is cross collateralized with the other debt to the syndicate of lenders.

1. Summary of Significant Accounting Policies
Description of Business and Principles of Consolidation

On February 15, 2008, the members of Hosted Solutions, LLC entered into an agreement with Hosted Solutions Holdings LLC, Hosted Solutions Acquisition LLC, and certain owners identified within the Asset Purchase Agreement to acquire the assets and assume the liabilities of Hosted Solutions, LLC. The purchase was consummated on April 2, 2008, and the new Company was capitalized by an investment of \$70,765.

Hosted Solutions Parent LLC and Subsidiary (the Company) operates five world class Dual OC-3 secured data centers and provides outsourced managed web hosting and co-location data services to business customers of all sizes located in the Carolinas and in Massachusetts. Hosted Solutions Holdings LLC is the Company's sole equity member. The Company is organized based on the products and services that it offers and operates its business as a single reporting segment.

The accompanying consolidated financial statements include the accounts of Hosted Solutions Parent LLC and its wholly owned subsidiary, Hosted Solutions Acquisition LLC. All significant intercompany transactions and accounts have been eliminated.

Preparation of Interim Financial Statements

The accompanying unaudited consolidated financial statements have been prepared based upon Securities and Exchange Commission (SEC) rules that permit reduced disclosure for interim periods. Certain information and footnote disclosures have been condensed or omitted in accordance with those rules and regulations. The accompanying consolidated balance sheet at December 31, 2009 was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States. In our opinion, these financial statements reflect all adjustments that are necessary for a fair presentation of results of operations and financial condition for the interim periods shown including normal recurring accruals and other items. The results for the interim periods are not necessarily indicative of results for the full year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at September 30, 2010 and December 31, 2009, and the reported amounts of revenues and expenses for the nine months ended September 30, 2010 and 2009. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all investments purchased with remaining maturities of three months or less to be cash equivalents.

Inventory

Inventory includes computer equipment, parts and supplies and is stated at the lower of cost or market. Cost is determined using the first-in, first-out method.

Table of Contents**Hosted Solutions Parent LLC and Subsidiary****Notes to Unaudited Interim Consolidated Financial Statements***(Dollar and share amounts in thousands except per share amounts)***Property and Equipment**

Property and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation and amortization are provided by straight-line rates intended to distribute the cost over the estimated service life as follows:

	Estimated Useful Life (in years)
Equipment - data centers	2 - 6
Office equipment	7
Furniture and fixtures	8
Leasehold improvements	2 - 15

Equipment recorded under capital leases is amortized using the straight-line method over the shorter of the respective lease term or estimated useful life of the asset. Leasehold improvements are amortized over the lesser of estimated useful life or the life of the leases including expected renewals. Maintenance and repairs are charged to operations as incurred. Major renewals and betterments that extend the useful lives of the assets or increase the productivity are capitalized. Interest expense related to the acquisition of fixed assets is capitalized. Capitalized interest was \$438 net of accumulated depreciation of \$57 and \$27 at September 30, 2010 and December 31, 2009, respectively. When items of property or equipment are sold or retired, the related cost and accumulated depreciation or amortization is removed from the account and any gain or loss is included in operating income.

Deferred Installation Costs

Deferred installation costs include both customer up-fit and labor related to direct costs allocated to the installation of equipment for new contracts. Customer up-fit charges are amortized on a straight line basis over the length of the initial contract term. Customer up-fit charges were \$3,255 and \$2,620 net of accumulated amortization of \$2,013 and \$1,372 at September 30, 2010 and December 31, 2009, respectively. The Company recognized amortization expense of \$641 and \$699 related to customer up-fit charges for the nine months ended September 30, 2010 and 2009, respectively. Capitalized labor costs are amortized over a period of 24 months, which is the average term per contract. Capitalized labor costs were \$1,037 and \$675 net of accumulated amortization of \$588 and \$281 at September 30, 2010 and December 31, 2009, respectively. The Company recognized amortization expense of \$307 and \$153 related to capitalized labor costs for the nine months ended September 30, 2010 and 2009, respectively.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable in accordance with the provisions of the Property, Plant and Equipment Topic of the Financial Accounting Standards Board (FASB) Accounting Standards. Accordingly, when indicators of impairment are present, the Company evaluates the carrying value of property, plant and equipment, and amortizable intangible assets in relation to operating performance. The Company incurred no impairment charges during the nine months ended September 30, 2010 and 2009.

Table of Contents**Hosted Solutions Parent LLC and Subsidiary****Notes to Unaudited Interim Consolidated Financial Statements**

(Dollar and share amounts in thousands except per share amounts)

Deferred Financing Costs

Deferred financing costs, composed of facility, agency, and certain legal fees associated with acquiring new debt financing, are amortized over the term of the related agreement using the effective interest rate method. Capitalized loan fees were \$4,097 and \$4,047 as of September 30, 2010 and December 31, 2009, net of accumulated amortization of \$1,866 and \$1,249, respectively. The Company recognized amortization expense of \$617 and \$547 related to capitalized loan fees for the nine months ended September 30, 2010 and 2009, respectively.

Intangible Assets and Goodwill

The Company accounts for intangible assets in accordance with the Intangibles - Goodwill and Other Topic of the FASB Accounting Standards. Intangible assets consist of customer relationships, tradename, and covenants not to compete which are evaluated annually to determine if the remaining useful life is reasonable. Amortization for the identifiable intangible assets is computed using the straight-line method based on the estimated useful lives of the respective assets which are as follows:

	Estimated Useful Life (in years)
Customer relationships	15
Tradename	30
Covenants not to compete	15

Goodwill represents the excess of cost over net assets acquired by the Company. At December 31, 2009, the Company evaluated the realizability of its goodwill. The Company incurred no impairment charges during 2009 and there have been no indicators requiring additional tests during the year.

Advertising Costs

Advertising and marketing costs are expensed as incurred and are included in operating expenses. Advertising expense was \$349 and \$499 for the nine months ended September 30, 2010 and 2009, respectively.

Revenue, Deferred Revenue, and Accounts Receivable

Revenue is recognized ratably as services are performed. Upfront installation revenue is amortized on a straight-line basis over the initial contract period. The Company's policy is to bill one month in advance, and some customers elect to prepay for longer periods. Customer prepayments and upfront installation revenue are recorded as deferred revenue and amortized into revenue over the service period.

License fees are recorded net in accordance with Revenue Recognition Topic of the FASB Accounting Standards.

The Company performs ongoing credit evaluations of its customers' financial condition and generally requires no collateral from its customers. Payment of all fees are due within 30 days of invoice. Late payments accrue interest at 1.5 percent per month. In the event a customer's account becomes past due for 30 days or more, the Company may at its sole discretion suspend, interrupt, or disconnect the service upon ten days written notice. There is a five day grace period if the customer's account is not paid by the end of the service period, usually 60 days from invoice date. If the customer has made no effort to contact the Company by day 76, then the Company will send a letter stating that the account is being sent to collections.

Hosted Solutions Parent LLC and Subsidiary

Notes to Unaudited Interim Consolidated Financial Statements

Receivables that management deems uncollectible are charged-off. The Company recognized \$155 and \$780 in bad debt expense for the nine months ended September 30, 2010 and 2009, respectively. Recoveries of receivables previously charged off are recorded when received. In the opinion of management, an allowance for doubtful accounts of \$646 and \$764 as of September 30, 2010 and December 31, 2009, respectively, is adequate. Actual results could differ from the estimates that were used.

Concentration of Credit Risk

One customer accounts for approximately 10 percent and 15 percent of the Company's outstanding accounts receivable at September 30, 2010 and December 31, 2009, respectively and 4 percent and 3 percent of revenue for the nine months ended September 30, 2010 and 2009, respectively.

Fair Value Measurements

The Company has adopted the provisions of the Fair Value Topic of the FASB Accounting Standards. The adoption of the Fair Value topic did not impact the Company's operations, but rather, provided the Company with a framework for measuring fair value and enhanced the Company's disclosures about fair value measurements.

Financial Instruments

The Company has elected to account for a certain derivative instrument (the Cap) as an economic hedge of its debt but has elected not to account for the Cap as a hedge under the provisions of the Derivatives and Hedging Topic of the FASB Accounting Standards. As the Cap was not designated as a hedge for accounting purposes, all changes in the fair market value are recorded in the consolidated statement of operations as a component of interest expense.

Income Taxes

The Company, a limited liability company, is not a taxpaying entity, and thus no income tax expense has been recorded in the consolidated financial statements. Income of the Company is taxed to the member in its respective income tax return.

Uncertain Tax Positions

The Company adopted provisions of the Income Taxes Topic of the FASB Accounting Standards on January 1, 2009. The Company may recognize an income tax benefit from an uncertain position only if it is more likely than not that the position is sustainable, based solely on its technical merits and consideration of the relevant taxing authority's widely understood administrative practices and precedents. If this threshold is met, the Company measures the tax benefit as the largest amount of the benefit that has greater than a 50 percent likelihood of being realized upon ultimate settlement. The adoption of these provisions did not result in the recognition of an adjustment for the cumulative effect of adoption of a new accounting principle. The Company did not have any unrecognized tax benefit resulting from tax positions related to either the current period or prior period, and had no settlements. No unrecognized tax benefits existed as of September 30, 2010 and the Company does not expect any change in unrecognized tax benefits within the next fiscal year.

New Accounting Pronouncements

In December 2010, the FASB issued updated guidance when testing for goodwill impairment. The guidance modifies Step 1 of the goodwill impairment test for reporting units with zero or negative carrying amounts. For those reporting units, an entity is required to perform Step 2 of the goodwill impairment test if it is more likely than not that a goodwill impairment exists. This updated guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2010. Early adoption is not permitted. The Company does not expect that this guidance will have a material impact on its consolidated financial statements.

In January 2010, the FASB issued authoritative guidance related to fair value measurements. This guidance requires separate disclosure for purchase, sale, issuance and settlement activity in the reconciliation of Level 3 fair value measurements. This guidance is effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. The Company does not expect this guidance to have a material impact on its consolidated financial statements.

In June 2009, the FASB issued the FASB Accounting Standards Codification (the Codification). The Codification is the single source of authoritative nongovernmental US GAAP, superseding existing FASB, American Institute of Certified Public Accountants (AICPA), Emerging Issues Task Force (EITF) and related literature. The Codification eliminates the US GAAP hierarchy contained in Statement of Financial Accounting Standards and establishes one level of authoritative US GAAP. All other literature is considered non-authoritative. The Codification is effective for financial statements issued for interim and annual periods ending after September 15, 2009. In response, the Company has used plain English or included the references to the Codification, as appropriate, in these consolidated financial statements.

In May 2009, the FASB issued guidance which sets forth the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements, and disclosures that an entity should make about events or transactions that occurred after the balance sheet date. The Subsequent Events Topic of the FASB Accounting Standards Codification requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date. This disclosure is effective for financial periods ending after June 15, 2009.

2. Depreciation Expense

Depreciation expense was \$5,964 and \$5,932 for the nine months ended September 30, 2010 and 2009, respectively.

Table of Contents**Hosted Solutions Parent LLC and Subsidiary****Notes to Unaudited Interim Consolidated Financial Statements***(Dollar and share amounts in thousands except per share amounts)***3. Intangible Assets, Net**

The following table summarizes the Company's intangible assets as of September 30, 2010 and December 31, 2009:

	2010	2009

Customer relationships	\$ 54,700	\$ 54,700

Amortization expense of \$3,056 was recognized for the nine months ended September 30, 2010 and 2009. Amortization expense for intangible assets subject to amortization is estimated to be \$1,021 for the remainder of 2010 and as follows for the years ended December 31:

2011	4,077

2013	4,077
2014	4,077
2015	4,077

4. Fair Value Measurements

Under the Fair Value Topic of the FASB Accounting Standards, fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under the Fair Value Topic must maximize the use of observable inputs and minimize the use of unobservable inputs. The topic describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are either directly or indirectly observable, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the

full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In November 2008, the Company entered into the Cap agreement for a notional amount of \$45,000 to help manage the risk of rising interest rates on its term debt. The Cap matures on November 16, 2011. The Company did not record an expense related to the Cap for the nine months ended September 30, 2010 and 2009 as there was no significant change in the fair value of the Cap. The fair value of the Cap was estimated by obtaining a quote from the broker and is the estimated amount that the Company would pay to terminate the agreement at the reporting date, taking into account current interest rates and the then current credit worthiness of the counter party. Due to the nature of this instrument and indirectly observable inputs, the Cap is included in Level 2 of the fair value hierarchy as of September 30, 2010 and December 31, 2009.

The following table summarizes the composition and fair value hierarchy of the Company's financial assets and liabilities at September 30, 2010:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

5. Incentive Share Plan

The Hosted Solutions Holdings LLC Incentive Share Plan (the Plan) permits the grant of incentive stock awards to eligible participants. Stock awards are granted upon approval of the Board of Directors and generally are subject to vesting over a period of five years. Stock-based compensation is issued by Hosted Solutions Holdings LLC and is pushed down to the Company's reporting level as stock-based compensation charges with the offset to capital contribution.

Under the fair value recognition provisions of the Stock Compensation Topic of the FASB Accounting Standards, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense over the requisite service period, which is the vesting period.

The Plan allows the Company to grant Class C shares in Hosted Solutions Holdings LLC to executives and employees of the Company. The fair value of these awards is recorded as compensation cost over the term of the vesting period with corresponding increases in member's equity. A summary of the status of unearned restricted shares under the Plan as of September 30, 2010 and December 31, 2009 and changes during the period ended September 30, 2010 are presented below:

The Company, through its subsidiaries, is a diversified provider of telecommunications and like services. One of its subsidiaries operates a fiber optic network which spans in excess of 30,000 route miles. Over this network, it provides fiber optic transport, dedicated Internet access and ancillary services to its customers. Its fiber optic transport offerings range from T-1 circuits to 10 Gbps wavelengths. Carriers, in this instance, are referred to as wireless service providers, incumbent local telephone companies, internet service providers, providers of cable television service, competitive local exchange companies, long distance companies and the like. The Company also provides a comprehensive suite of voice and data communications services including local, long distance, broadband and internet connectivity, cable television, home security, network management, hosted PBX and hosted application services. The Company extends unsecured credit to its customers.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Norlight, Inc. (formerly Cinergy Communications Company), Cinergy MetroNet, Inc., Kentucky Data Link, Inc., Equity Leasing, Inc., EIC Insurance, Inc., nGenX Corporation, Norlight Data Centers, Inc., Q Services, Inc. and Norlight Telecommunications, Inc., which was acquired in February 2007 (*see Note 10*). All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Property and Equipment

Property and equipment are depreciated over the estimated useful life of each asset. Leasehold improvements are depreciated over the shorter of the lease term or the estimated useful lives of the improvements. Annual depreciation is primarily computed using straight-line methods.

Construction in progress includes expenditures for projects primarily related to new fiber optic cable route installation and collocation projects.

The Company capitalizes interest costs as a component of construction in progress, based on the weighted average rates paid for long-term borrowing. Total interest incurred each year was:

	2009	2008	2007
Interest costs capitalized	\$ 3,602,000	\$ 3,798,000	\$ 2,492,885
Interest costs charged to expense	14,527,804	15,777,124	13,163,159

Notes to Consolidated Financial Statements

September 30, 2009, 2008 and 2007

Income Taxes

Deferred tax liabilities and assets are recognized for the tax effects of differences between the financial statement and tax bases of assets and liabilities. A valuation allowance is established to reduce deferred tax assets if it is more likely than not that a deferred tax asset will not be realized.

Uncertain Tax Positions

The Company has elected to defer the effective date of the guidance within ASC 740, *Income Taxes*, which addresses accounting for uncertainty in income taxes (formerly FASB Interpretation No. 48), until its fiscal year ending September 30, 2010. The Company has continued to account for any uncertain tax positions in accordance with literature that was authoritative immediately prior to the effective date of this guidance.

Cash Equivalents

The Company considers all liquid investments with original maturities of three months or less to be cash equivalents. At September 30, 2009 and 2008, cash equivalents consisted primarily of money market accounts.

Cinergy MetroNet, a subsidiary of the Company, is required to maintain a Pledged Deposit Account for all unspent proceeds received from the note (*see Note 4*). Unused loan proceeds held in the pledged account were \$13,935 and \$7,806 as of September 30, 2009 and 2008, respectively.

Revenue Recognition

Revenue from the use of telecommunication lines is recognized in the month that service was rendered. Revenue from long-term agreements, such as IRU and capacity agreements (*see Note 6*), is recognized on the straight-line method over the term of the contract. Deferred revenue also includes amounts collected one month in advance.

Other Assets

Other assets contain equipment and parts staged in the Company's warehouse. This equipment is awaiting deployment on new construction, repairs and maintenance or designated spares. Spare equipment is used in immediate replacement of failed equipment or fiber cuts.

Stock Option Plans

At September 30, 2009, the Company has a stock-based Associate compensation plan, which is described more fully in Note 7. Effective October 1, 2006, the Company adopted the fair value recognition provisions related to share-based payments. Accordingly, after October 1, 2006, the Company began expensing the fair value of stock options granted, modified, repurchased or cancelled. No fair value disclosures with respect to stock options are presented because, in the opinion of management, such values do not have a material effect.

Accounts Receivable

Accounts receivable are stated at the amounts billed to the customers plus any accrued and unpaid interest. The Company provides an allowance for doubtful accounts, which is based upon a review of the outstanding receivables, historical collection information and existing economic conditions.

Table of Contents**Q-Comm Corporation****Notes to Consolidated Financial Statements****September 30, 2009, 2008 and 2007**

Accounts receivable are ordinarily due 30 days after the issuance of the invoice. Accounts past due more than 90 days are considered delinquent. Delinquent receivables are written off based on individual credit evaluation and specific circumstances of the customer.

Short-term Investments

Investments represent available-for-sale securities (debt and equity securities) for which the Company has no immediate plans to sell but that may be sold in the future.

The components of investments at September 30, 2009 and 2008 are as follows:

	2009	2008

Cost approximates market for all the above investments at September 30, 2009 and 2008.

Reclassifications

Certain reclassifications have been made to the 2008 financial statements to conform to the 2009 financial statement presentation. These reclassifications had no effect on net earnings.

The expected term of options granted represents the period of time that options granted are expected to be outstanding. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

Total compensation cost recognized in the income statement for share-based payment arrangements during the years 2009, 2008 and 2007 was \$17,308, \$5,321 and \$13,405, respectively. The recognized tax benefit related thereto was \$6,058, \$1,862 and \$5,400 for the years ended September 30, 2009, 2008 and 2007, respectively.

As of September 30, 2009 and 2008, there was \$152,533 and \$81,594, respectively, of total unrecognized compensation cost related to non-vested share-based compensation arrangements granted under the Plan. That cost is expected to be recognized over a period of nine and eight years for 2009 and 2008, respectively. The total fair value of shares vested during the years ended September 30, 2009, 2008 and 2007 was \$10,191, \$3,156 and \$19,120, respectively.

Cash received from option exercises under all share-based payment arrangements for the years ended September 30, 2009, 2008 and 2007 was \$72,656, \$86,237 and \$1,002,364, respectively.

Note 8: Profit Sharing Plan

The Company has a defined contribution plan covering substantially all employees. The Company's contributions to the plan are determined annually by the Board of Directors. Effective January 1, 2004, the Company elected to incorporate the Safe Harbor Provisions into its defined contribution plan. For 2009, 2008 and 2007, the Company matched 100% of employee deferrals up to 3.0% of eligible compensation and 50% of employee deferrals from 3.0% to 6.0% of eligible compensation. Contributions to the plan were \$1,180,488, \$1,013,473 and \$556,527 for 2009, 2008 and 2007, respectively.

Note 9: Commitments

The Company has entered into numerous collocation agreements that allow it to locate equipment in facilities owned by telecommunication providers. Additionally, the Company is involved in numerous pole attachment agreements which allow it to extend its fiber optic network.

Typically, these agreements involve locating multiplexing/muxing equipment (a rack) in local exchange carrier (LEC) central offices. These agreements have specified beginning and ending dates; however, absent notification from either party of the intent to end the agreement, the term automatically converts to a month-to-month agreement with no specified ending date. These agreements typically require minimal rental payments for the use of the space and are assumed to exist in near perpetuity.

Should the Company elect to exit such an agreement, the terms provide that they are responsible for both the removal of the equipment and fiber as well as the cost of returning the space to its original condition.

Table of Contents**Q-Comm Corporation****Notes to Consolidated Financial Statements****September 30, 2009, 2008 and 2007**

ASC 410, *Asset Retirement and Environment Obligations* (formerly, FASB Interpretation 47, *Accounting for Conditional Asset Retirement Obligations*) requires a liability to be recognized in the period in which (1) a legal obligation to retire a long-lived asset exists and (2) the fair value of the obligation based on retirement cost and settlement date is reasonably estimable.

The Company believes it has a legal obligation to remove the aforementioned equipment and to restore the facilities upon termination of agreements. However, it believes it does not have a reasonable basis by which to assign probabilities to the timing of the potential agreement terminations and, accordingly, cannot reasonably estimate the fair value of the asset retirement obligation.

Note 10: Business Acquisitions

On February 26, 2007, the Company acquired 100% of the outstanding common stock of Norlight Telecommunications, Inc. The results of Norlight Telecommunication, Inc.'s operations have been included in the consolidated financial statements since that date. Norlight is a facilities-based communications company that provides network and Internet Protocol and Enhanced (IP&E) managed services solutions to wholesale and commercial customers. The acquisition is intended to expand the Company's market into a new geographic territory. The Company also expects to reduce costs through economies of scale.

The aggregate purchase price was \$182,963,724. The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition. The Company obtained third-party valuations of certain property, plant and equipment and intangible assets to determine the fair value of certain assets acquired. Fair value of assets determined by the third-party valuation was \$110,123,000 for property, plant and equipment and \$37,884,000 for intangible assets.

Current assets	\$ 5,617,955
Property, plant and equipment	115,585,565
Intangible assets	37,884,000
Goodwill	36,970,473
Other assets	994,406
Total assets acquired	197,052,399
Current liabilities	10,749,865
Other liabilities	3,338,810
Total liabilities assumed	14,088,675
Net assets acquired	\$ 182,963,724

Of the \$37,884,000 of acquired intangible assets, \$6,695,000 was assigned to the Norlight Trade Name and acquired licenses and permits that are not subject to amortization. The remaining \$31,189,000 of acquired intangible assets was related to established customer relationships, internal business systems software and favorable operating IRU agreements and has useful lives ranging from five to 24 years.

Upon acquisition, the assets and liabilities of the Company were allocated to separate reporting units, which management believes appropriately represents the two significant business units for Norlight Telecommunications, Inc. Effective August 31, 2007, the assets and liabilities of the commercial unit were assigned to Cinergy Communications Company, Inc, which was renamed to Norlight, Inc.

Table of Contents**Q-Comm Corporation****Notes to Consolidated Financial Statements****September 30, 2009, 2008 and 2007**

The wholesale reporting unit's assets and liabilities continue to be held under Norlight Telecommunications, Inc. Allocation of acquired assets and liabilities to each reporting unit is as follows at the acquisition date:

	Commercial	Wholesale	Total
Current assets	\$ 2,924,657	\$ 2,693,298	\$ 5,617,955
Property, plant and equipment	14,682,934	100,902,631	115,585,565

 Total liabilities assumed	 1,612,018	 12,476,657	 14,088,675
 Net assets acquired	 \$ 29,263,226	 \$ 153,700,498	 \$ 182,963,724

To better align the activities and synergies of the two business units with the operations of the Company, management combined the activity from the date of acquisition of the commercial unit with Norlight, Inc. (formerly Cinergy Communications Company, Inc.) and the wholesale unit with Kentucky Data Link, Inc.

Note 11: Interest Rate Swap Agreements

As a strategy to maintain acceptable levels of exposure to the risk of changes in future cash flows due to interest rate fluctuations, the Company had entered into an interest rate swap agreement for a portion of its floating rate debt. Prior to March 2007, the agreement provided for the Company to receive interest from the counterparty at LIBOR and to pay interest to the counterparty at a fixed rate of 4.615% on the notional amount of \$25,000,000. Under the agreement, the Company paid or received the net interest amount monthly, with the monthly settlements included in interest expense. In March 2007, the Company re-designated this agreement as a hedge of the newly acquired floating rate debt (*see Note 4*).

In March 2007, the Company also entered into multiple additional interest rate-swap agreements for portions of the new floating rate debt. The agreements provide for the Company to receive interest from the counterparties at LIBOR and to pay interest to the counterparties at fixed rates ranging from 4.880% to 4.950% on the notional amounts in aggregate of \$216,000,000. Under the agreement, the Company pays or receives the net interest amount quarterly through expiration of the agreements which settle between 2010 and 2012, with the quarterly settlements included in interest expense.

During 2009, the Company also entered into multiple additional interest rate swap agreements that go into effect April 2010, but for which a liability is recorded at year-end, for portions of the new floating rate debt. The agreements provide for the Company to receive interest from the counterparties at LIBOR and to pay interest to the counterparties at fixed rates ranging from 2.595% to 2.655% on the notional amounts in aggregate of \$40,000,000. Under the agreement, the Company pays or receives the net interest amount quarterly through expiration of the agreements which settle between 2010 and 2013, with the quarterly settlements included in interest expense.

Edgar Filing: NUVOX INC - Form S-4

Management has designated the interest rate swap agreements as cash flow hedging instruments, and has determined that they are highly effective and qualify for hedge accounting under the provisions of ASC 815, *Derivatives and Hedging*. As a result, the agreement is recorded at its fair value with subsequent changes in fair value included in comprehensive income.

Notes to Consolidated Financial Statements

September 30, 2009, 2008 and 2007

At September 30, 2009 and 2008, the Company has recorded a liability of \$14,455,676 and \$7,105,868, respectively, relating to the fair value of these agreements, which is included in other liabilities on the accompanying consolidated balance sheets.

Note 12: Disclosures About Fair Value of Assets and Liabilities

Effective October 1, 2008, the Company adopted Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* (FAS 157), which was subsequently incorporated into FASB Accounting Standards Codification (ASC) as Topic 820. Topic 820 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Topic 820 has been applied prospectively as of the beginning of the year.

Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheet, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Interest Rate Swap

The agreements are recorded at fair value with subsequent changes in fair value included in interest expense. The fair value is estimated by a third party using inputs that are observable or that can be corroborated by observable market data and, therefore, are classified within Level 2 of the valuation hierarchy.

Short-term Investments

Short-term investments consist primarily of auction rate securities. Fair value is estimated by management based on their discussions with financial institutions, as well as using certain observable inputs, including other transactions of similar securities by other companies and, therefore, are classified within Level 3 of the valuation hierarchy. Remaining short-term investments are equity securities and exchange traded funds that are quoted.

Table of Contents**Q-Comm Corporation****Notes to Consolidated Financial Statements****September 30, 2009, 2008 and 2007**

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying consolidated balance sheet measured at fair value on a recurring basis and the level within the Topic 820 fair value hierarchy in which the fair value measurements fall at September 30, 2009:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest rate swap agreements	\$ 14,455,676	\$	\$ 14,455,676	\$
Short-term investments	3,356,251	1,464,751		1,891,500

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying consolidated balance sheet using significant unobservable (Level 3) inputs:

	Short-term Investments
Balance, October 1, 2008	\$ 2,891,500
Purchases, issuances and settlements	(1,000,000)
Balance, September 30, 2009	\$ 1,891,500

Total gains or losses for the period included in net income attributable to the change in unrealized gains or losses related to assets and liabilities still held at the reporting date

\$

Realized and unrealized gains and losses included in net income for the period from October 1, 2008 through September 30, 2009, are reported in the consolidated statements of income as follows:

	Other Income (Expense)
Total gains or losses in other income (expense)	\$ (56,629)
Change in unrealized gains or losses relating to assets still held at the balance sheet date	(61,418)

The following methods were used to estimate the fair value of all other financial instruments recognized in the accompanying consolidated balance sheet at amounts other than fair value.

Cash and Cash Equivalents

The carrying amount approximates fair value.

Long-term Debt

The carrying amount approximates fair value for the majority of the debt because the interest rate for these instruments is generally variable based on specified financial instruments. The fair value for remaining debt with fixed interest rates is estimated based on the borrowing rates currently available to the Company with similar terms and maturities and funding agencies.

Note 13: Economic Conditions and Concentrations

Accounting principles generally accepted in the United States of America require disclosure of certain economic conditions and current vulnerabilities due to certain concentrations. Those matters include the following:

General Litigation

The Company is subject to claims and lawsuits that arise primarily in the ordinary course of business. It is the opinion of management that the disposition or ultimate resolution of such claims and lawsuits will not have a material effect on the financial position, results of operations or cash flows of the Company.

Major Customer

Approximately 9%, 11% and 13% of the Company's sales were from transactions with one company for the years ended September 30, 2009, 2008 and 2007, respectively.

Current Economic Conditions

The current economic environment presents telecommunications companies with circumstances and challenges. The financial statements have been prepared using values and information currently available to the Company.

Current economic and financial market conditions could adversely affect our results of operations in future periods. The current instability in the financial markets may make it difficult for the Company to obtain financing, which could have an adverse impact on the Company's future operating results.

The Company, through its subsidiaries, is a diversified provider of telecommunications and like services. The Company is organized based on the products and services that it offers and operates its business as multiple reporting segments. Kentucky DataLink operates a fiber optic network which spans in excess of 30,000 route miles. Over this network, it provides fiber optic transport, dedicated Internet access and ancillary services to its customers. Its fiber optic transport offerings range from T-1 circuits to 10 Gbps wavelengths. Customers include wireless service providers, incumbent local telephone companies, internet service providers, providers of cable television service, competitive local exchange companies, long distance companies and the like. Norlight Small Business offers data and voice communications services to small business customers. The Company's other operations provide cable television, home security, network management, hosted PBX and hosted application services. The Company extends unsecured credit to its customers.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Norlight, Inc. (formerly Cinergy Communications Company), Cinergy MetroNet, Inc., Kentucky Data Link, Inc., Equity Leasing, Inc., EIC Insurance, Inc., nGenX Corporation, Norlight Data Centers, Inc., Q Services, Inc. and Norlight Telecommunications, Inc. All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Property and Equipment

Property and equipment are depreciated over the estimated useful life of each asset. Leasehold improvements are depreciated over the shorter of the lease term or the estimated useful lives of the improvements. Annual depreciation is primarily computed using straight-line methods.

Construction in progress includes expenditures for projects primarily related to new fiber optic cable route installation and collocation projects.

The Company capitalizes interest costs as a component of construction in progress, based on the weighted average rates paid for long-term borrowing. Total interest incurred was:

Interest costs capitalized	\$ 4,213,000
Interest costs charged to expense	13,739,891
Total interest incurred	\$ 17,952,891

Notes to Unaudited Consolidated Financial Statements, Continued

Year Ended September 30, 2010

Income Taxes

Deferred tax liabilities and assets are recognized for the tax effects of differences between the financial statement and tax bases of assets and liabilities. A valuation allowance is established to reduce deferred tax assets if it is more likely than not that a deferred tax asset will not be realized.

Uncertain Tax Positions

The Company accounts for income taxes in accordance with income tax accounting guidance ASC 740, Income Taxes). The income tax accounting guidance results in two components of income tax expense: current and deferred. Current income tax expense reflects taxes to be paid or refunded for the current period by applying the provisions of the enacted tax law to the taxable income or excess of deductions over revenues. The Company determines deferred income taxes using the liability (or balance sheet) method. Under this method, the net deferred tax asset or liability is based on the tax effects of the differences between the book and tax bases of assets and liabilities, and enacted changes in tax rates and laws are recognized in the period in which they occur.

Deferred income tax expense results from changes in deferred tax assets and liabilities between periods. Deferred tax assets are recognized if it is more likely than not, based on the technical merits, that the tax position will be realized or sustained upon examination. The term *more likely than not* means a likelihood of more than 50 percent; the terms *examined and upon examination* also include resolution of the related appeals or litigation processes, if any. A tax position that meets the *more-likely-than-not* recognition threshold is initially and subsequently measured as the largest amount of tax benefit that has a greater than 50 percent likelihood of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The determination of whether or not a tax position has met the *more-likely-than-not* recognition threshold considers the facts, circumstances and information available at the reporting date and is subject to the management's judgment. Deferred tax assets are reduced by a valuation allowance if, based on the weight of evidence available, it is more likely than not that some portion or all of a deferred tax asset will not be realized.

The Company files consolidated federal income tax returns. With few exceptions, the Company is no longer subject to state income tax examinations by tax authorities for years prior to 2006. The Company did not have any uncertain tax positions at September 30, 2010.

Cash Equivalents

The Company considers all liquid investments with original maturities of three months or less to be cash equivalents. At September 30, 2010, cash equivalents consisted primarily of money market accounts.

Restricted Cash

Cinergy MetroNet, a subsidiary of the Company, is required to maintain a Pledged Deposit Account for all unspent proceeds received from a promissory note payable to the United States of America, acting through the Administrator of the Rural Utilities Service RUS (*see Note 4*). The agreement contains certain restrictions as to the use of the proceeds. Unused loan proceeds held in the pledged account were \$4,435,538 as of September 30, 2010.

interests of its Associates with those of its shareholders. Option awards are generally granted with an exercise price equal or greater to the market price of the Company's stock at the date of grant; those option awards generally vest based on nine years of continuous service and have ten-year contractual terms. Share awards generally vest over a five-year vesting schedule at the rate of 20% per year, commencing on a date that is five years from the Associate's entrance into the plan. Incentive Stock Option awards provide for accelerated vesting if there is a sale or merger (as defined in the Plans).

A summary of the status of the plans at September 30, 2010 and changes during the years then ended is presented below:

	Shares	Weighted-Average Exercise Price
Outstanding, beginning of year	691,517	\$ 10.95

The weighted-average grant-date fair value of options granted during the years ended 2010 was \$13.13.

Effective October 1, 2006, the Company adopted the fair value recognition provisions for share-based payments (formerly under the guidance of Statement of Financial Accounting Standards (SFAS) No. 123R, *Share-Based Payment*). As allowed by this statement, the fair value of each option award is estimated on the date of grant using a Black Scholes option valuation model that uses the assumptions noted in the following table. Expected volatility is based on historical volatility of the NASDAQ Telecommunications Index (^IXUT) and other factors.

The expected term of options granted represents the period of time that options granted are expected to be outstanding. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

Total compensation cost recognized in the income statement for share-based payment arrangements during the year 2010 was \$63,526. The recognized tax benefit related thereto was \$22,234 for the year ended September 30, 2010.

As of September 30, 2010, there was \$521,769 of total unrecognized compensation cost related to non-vested share-based compensation arrangements granted under the Plan. That cost is expected to be recognized over a period of eight years for 2010. The total fair value of shares vested during the year ended September 30, 2010 was \$17,376.

Cash received from option exercises under all share-based payment arrangements for the year ended September 30, 2010 was \$217,395.

Note 8: Profit Sharing Plan

The Company has a defined contribution plan covering substantially all employees. The Company's contributions to the plan are determined annually by the Board of Directors. Effective January 1, 2004, the Company elected to incorporate the Safe Harbor Provisions into its defined contribution plan. For 2010, the Company matched 100% of employee deferrals up to 3.0% of eligible compensation and 50% of employee deferrals from 3.0% to 6.0% of eligible compensation. Contributions to the plan were \$1,323,288 for 2010.

Note 9: Commitments

The Company has entered into numerous collocation agreements that allow it to locate equipment in facilities owned by telecommunication providers. Additionally, the Company is involved in numerous pole attachment agreements which allow it to extend its fiber optic network.

Typically, these agreements involve locating multiplexing/muxing equipment (a rack) in local exchange carrier (LEC) central offices. These agreements have specified beginning and ending dates; however, absent notification from either party of the intent to end the agreement, the term automatically converts to a month-to-month agreement with no specified ending date. These agreements typically require minimal rental payments for the use of the space and are assumed to exist in near perpetuity.

Should the Company elect to exit such an agreement, the terms provide that they are responsible for both the removal of the equipment and fiber as well as the cost of returning the space to its original condition.

Note 10: Interest Rate Swap Agreements

As a strategy to maintain acceptable levels of exposure to the risk of changes in future cash flows due to interest rate fluctuations, the Company had entered into an interest rate swap agreement for a portion of its floating rate debt. Prior to March 2007, the agreement provided for the Company to receive interest from the counterparty at LIBOR and to pay interest to the counterparty at a fixed rate of 4.615% on the notional

amount of \$25,000,000. Under the agreement, the Company paid or received the net interest amount monthly, with the monthly settlements included in interest expense. In March 2007, the Company re-designated this agreement as a hedge of the newly acquired floating rate debt (*see Note 4*).

In March 2007, the Company also entered into multiple additional interest rate-swap agreements for portions of the new floating rate debt. The agreements provide for the Company to receive interest from the counterparties at LIBOR and to pay interest to the counterparties at fixed rates ranging from 4.880% to 4.950% on the notional amounts in aggregate of \$216,000,000. Under the agreement, the Company pays or receives the net interest amount quarterly through expiration of the agreements which settle between 2010 and 2012, with the quarterly settlements included in interest expense.

During 2009, the Company also entered into multiple additional interest rate swap agreements that go into effect April 2010, but for which a liability is recorded at year-end, for portions of the new floating rate debt. The agreements provide for the Company to receive interest from the counterparties at LIBOR and to pay interest to the counterparties at fixed rates ranging from 2.595% to 2.655% on the notional amounts in aggregate of \$40,000,000. Under the agreement, the Company pays or receives the net interest amount quarterly through expiration of the agreements which settle between 2010 and 2013, with the quarterly settlements included in interest expense.

Management has designated the interest rate swap agreements as cash flow hedging instruments, and has determined that they are highly effective and qualify for hedge accounting under the provisions of ASC 815, *Derivatives and Hedging*. As a result, the agreement is recorded at its fair value with subsequent changes in fair value included in comprehensive income.

At September 30, 2010, the Company has recorded a liability of \$11,325,751, relating to the fair value of these agreements, which is included in other liabilities on the accompanying consolidated balance sheets.

Note 11: Disclosures About Fair Value of Assets and Liabilities

Effective October 1, 2008, the Company adopted Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* (FAS 157), which was subsequently incorporated into FASB Accounting Standards Codification (ASC) as Topic 820. Topic 820 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Topic 820 has been applied prospectively as of the beginning of the year.

Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Table of Contents**Q-Comm Corporation****Notes to Unaudited Consolidated Financial Statements, Continued****Year Ended September 30, 2010**

Following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheet, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Interest Rate Swap

The agreements are recorded at fair value with subsequent changes in fair value included in interest expense. The fair value is estimated by a third party using inputs that are observable or that can be corroborated by observable market data and, therefore, are classified within Level 2 of the valuation hierarchy.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying consolidated balance sheet measured at fair value on a recurring basis and the level within the Topic 820 fair value hierarchy in which the fair value measurements fall at September 30, 2010:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Cash and cash equivalents (a)	\$ 12,274,432	\$ 12,274,432	\$	\$
Interest rate swap agreements (b)	\$ 11,325,571	\$	\$ 11,325,571	\$

(a) Included in cash and cash equivalents on the unaudited consolidated balance sheet as of September 30, 2010.

(b) Included in other liabilities on the unaudited consolidated balance sheet as of September 30, 2010.

Realized and unrealized gains and losses included in net income for the period from October 1, 2009 through September 30, 2010, are reported in the consolidated statements of income as follows:

Total gains or losses in other income (expense)	Other Income (Expense) \$ (227,479)
Change in unrealized gains or losses relating to assets still held at the balance sheet date	\$ 148,845

The following methods were used to estimate the fair value of all other financial instruments recognized in the accompanying consolidated balance sheet at amounts other than fair value.

Cash and Cash Equivalents

The carrying amount approximates fair value.

Long-term Debt

Edgar Filing: NUVOX INC - Form S-4

The carrying amount approximates fair value for the majority of the debt because the interest rate for these instruments is generally variable based on specified financial instruments. The fair value for remaining debt with fixed interest rates is estimated based on the borrowing rates currently available to the Company with similar terms and maturities and funding agencies.

Note 12: Economic Conditions and Concentrations

Accounting principles generally accepted in the United States of America require disclosure of certain economic conditions and current vulnerabilities due to certain concentrations. Those matters include the following:

General Litigation

The Company is subject to claims and lawsuits that arise primarily in the ordinary course of business. It is the opinion of management that the disposition or ultimate resolution of such claims and lawsuits will not have a material effect on the financial position, results of operations or cash flows of the Company.

Major Customer

One customer accounts for approximately 10 percent of the Company's outstanding accounts receivable at September 30, 2010 and 9 percent of revenue for the year ended September 30, 2010.

Current Economic Conditions

The current economic environment presents telecommunications companies with circumstances and challenges. The financial statements have been prepared using values and information currently available to the Company.

Current economic and financial market conditions could adversely affect our results of operations in future periods. The current instability in the financial markets may make it difficult for the Company to obtain financing, which could have an adverse impact on the Company's future operating results.

Note 13: Business Segments

The Company organizes itself based on the services and products offered by its subsidiaries. Kentucky DataLink operates a fiber optic network which spans in excess of 30,000 route miles. Over this network, it provides fiber optic transport, dedicated Internet access and ancillary services to its customers. The chief operating decision maker reviews each operating segment for profitability and to determine allocation of resources and uses net income as the basis for evaluation of segment performance.

The Company accounts for affiliated sales at current market prices, tariff rates, or negotiated prices. Transactions between entities are eliminated in the consolidated financial statements. Sales to affiliates are not presented separately to the chief operating decision maker. Transactions between affiliates are eliminated in the consolidated financial statements.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

The following summary is qualified in its entirety by reference to the complete text of any statutes referred to below and the amended certificate of incorporation and by-laws of Windstream Corporation, a Delaware corporation ("Windstream" or the "Company").

Section 102 of the Delaware General Corporation Law, or the DGCL, as amended, allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except where the director breached the duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit.

Section 145 of the DGCL provides, among other things, that we may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding other than an action by or in the right of the corporation by reason of the fact that the person is or was a director, officer, agent, or employee of the corporation, or is or was serving at our request as a director, officer, agent or employee of another corporation, partnership, joint venture, trust or other enterprise against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding. The power to indemnify applies (a) if such person is successful on the merits or otherwise in defense of any action, suit or proceeding or (b) if such person acting in good faith and in a manner he reasonably believed to be in the best interest, or not opposed to the best interest, of the corporation, and with respect to any criminal action or proceeding had no reasonable cause to believe his or her conduct was unlawful. The power to indemnify applies to actions brought by or in the right of the corporation as well but only to the extent of defense expenses, including attorneys' fees but excluding amounts paid in settlement, actually and reasonably incurred and not to any satisfaction of judgment or settlement of the claim itself, and with the further limitation that in such actions no indemnification shall be made in the event of any adjudication of liability to the corporation, unless the court believes that in light of all the circumstances indemnification should apply.

As permitted by the Delaware General Corporation Law, Article VIII of Windstream's Amended and Restated Certificate of Incorporation eliminates the personal liability of its directors for monetary damages for breach of fiduciary duty as a director, except for liability (a) for any breach of the director's duty of loyalty to Windstream or its stockholders, (b) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, (c) under Section 174 of the Delaware General Corporation Law (regarding unlawful dividends and stock purchases) or (d) for any transaction from which the director derived an improper personal benefit. If the Delaware General Corporation Law is amended to authorize further elimination or limiting of directors' personal liability, then the Amended and Restated Certificate provides that the personal liability of directors will be eliminated or limited to the fullest extent provided under the Delaware General Corporation Law.

As permitted by the Delaware General Corporation Law, Article VIII of Windstream's Amended and Restated Certificate of Incorporation provides that (a) Windstream is required to indemnify its directors and officers to the fullest extent permitted by the Delaware General Corporation Law, subject to certain very limited exceptions, (b) Windstream may indemnify its other employees and agents as set forth in the Delaware General Corporation Law, (c) Windstream is required to advance expenses, as incurred, to its directors and executive officers in connection with a legal proceeding to the fullest extent permitted by the Delaware General Corporation Law, subject to certain conditions and (d) the rights conferred by the Amended and Restated Certificate of Incorporation and Bylaws are not exclusive.

Table of Contents

The Delaware General Corporation Law authorizes a corporation to indemnify its directors and officers provided that the corporation shall not eliminate or limit the liability of a director as follows:

- (a) for any action brought by or in the right of a corporation where the director or officer is adjudged to be liable to the corporation, except where a court determines the director or officer is entitled to indemnity;
- (b) for acts or omissions not in good faith or which involve conduct that the director or officer believes is not in the best interests of the corporation;
- (c) for knowing violations of the law;
- (d) for any transaction from which the directors derived an improper personal benefit; and
- (e) for payment of dividends or approval of stock repurchases or redemptions leading to liability under Section 174 of the Delaware General Corporation Law.

The Delaware General Corporation Law requires a corporation to indemnify a director or officer to the extent that the director or officer has been successful, on the merits or otherwise, in defense of any action, suit or proceeding for which indemnification is lawful.

The Company maintains a director and officer insurance policy which insures the directors and officers of the Company against damages, judgments, settlements and costs incurred by reason of certain wrongful acts committed by such persons in their capacities as directors and officers.

Item 21. Exhibits and Financial Statement Schedules.

(a) Exhibits

The exhibits to this registration statement are listed in the Exhibit Index, which appears elsewhere herein and is incorporated by reference.

Item 22. Undertakings.

The undersigned registrants hereby undertake:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Table of Contents

- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit, or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (5) The undersigned registrants hereby undertake that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (6) The undersigned registrants hereby undertake to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.
- (7) The undersigned registrants hereby undertake to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
