Below is an outline of the highlights of this period:

Revenues and EBITDA from the rental segments increased 23% and 25%, respectively, during the first 9 months of this fiscal year. They account for 75% of IRSA's Revenues and 89% of its EBITDA.

The performance of these segments was partially offset by lower revenues from the Consumer Financing segment derived from the sale of 80% of Tarshop S.A. in September 2010 and lower results from the Sales and Development segment which had recorded a positive impact in the previous year resulting from higher sales of non-strategic office assets.

All this led to an increase in revenues of 6% to Ps. 1,013.4 million and a 5% increase in EBITDA to Ps. 539.5 million for the first nine months of this fiscal year.

The Shopping Center segment continues to exhibit a sound performance, with an increase in Sales of 29%, EBITDA/Sales margins at 78% and occupancy levels higher than 97%.

Hotel operations have shown a firm recovery during the first nine months of this fiscal year, with an occupancy rate higher than 76% and an increase in EBITDA of 26%.

The real estate market looks robust. Market prices for residential and office properties have increased significantly, favorably impacting on our portfolio of land reserves, developments and offices.

As a result of partial sales of our interest in Hersha Hospitality Trust, in which we hold an equity interest above 9%, we recognized a gain of more than USD 10 million in this fiscal year.

Net income was Ps. 223.2 million compared to Ps. 299.7 million in the same period of the previous fiscal year due to increased financial charges and lower income from Banco Hipotecario S.A.

Our Board of Directors has called a General Shareholders Meeting scheduled for May 26, in order to deal with the position to adopt at the Shareholders Meeting called by Alto Palermo S.A. that will consider an increase in its capital stock. In addition, it will consider the approval of a dividend payment.
