ANNUAL MEETING OF SHAREHOLDERS, TO BE HELD ON NOVEMBER 3, 2011

PROXY STATEMENT

PROXIES AND VOTING INFORMATION

The Board of Directors of DeVry Inc. (DeVry) is sending you this Proxy Statement and the accompanying proxy card to solicit your proxy to vote your shares at DeVry s Annual Meeting of Shareholders to be held on November 3, 2011, and any adjournment thereof. The solicitation of proxies gives every shareholder an opportunity to vote because your shares can be voted only if you are present or represented by proxy at the meeting. This Proxy Statement and accompanying proxy card are first being sent to shareholders on or about October 7, 2011.

When you have returned your proxy, the proxy committee (and each of them, with full powers of substitution) will vote your shares as you direct. Please follow the instructions on the enclosed card, which explain how to submit your proxy by mail, by telephone or through the Internet. If you submit a proxy by telephone or through the Internet, you should not also mail in a card. If you return your proxy to us by any of these means without choices for each proposal, the proxy committee will vote your shares on the unmarked proposals as recommended by DeVry s Board of Directors. Abstentions, directions to withhold authority and broker non-votes (where a named entity holds shares for a beneficial owner who has not provided voting instructions) will be considered present at the meeting for purposes of a quorum but will not be counted in determining the total number of votes cast. A proxy may be revoked at any time before the proxy is voted at the meeting by: (1) notifying DeVry in writing that the proxy has been revoked, (2) submitting a later-dated proxy by mail, over the telephone or through the Internet, or (3) voting in person at the meeting. The election of Christopher B. Begley, David S. Brown, Gary Butler, Lisa W. Pickrum and Fernando Ruiz as Class II Directors (Proposal No. 1), the ratification of the selection of the independent registered public accounting firm (Proposal No. 2) and the approval of executive compensation in the advisory vote (Proposal No. 3) each will require the affirmative vote of a majority of the shares of Common Stock of DeVry outstanding on the record date, as required by DeVry s Restated Certificate of Incorporation (the Certificate of Incorporation). The effect of an abstention, direction to withhold authority or broker non-vote with respect to these proposals is the same as a no vote.

With respect to the approval standard for the shareholder advisory vote on the frequency of the executive compensation vote, under Article Fifth of DeVry s Certificate of Incorporation, [w]hen a quorum is present or represented at any meeting, the vote of the holders of a majority of the voting power of all of the shares of stock of [DeVry] outstanding and entitled to vote on any matter, question or proposal brought before such meeting shall decide such question, unless the question is one upon which, by express provision of law, [the] Certificate of Incorporation or the By-Laws, a different vote is required, in which case such express provision shall govern and control the decision of such question. As this is an advisory vote, the results of the shareholder vote will not be binding on DeVry, the Board of Directors or the Compensation Committee. The Board of Directors, however, will carefully consider the number of votes that each option receives when determining the frequency of the shareholder advisory vote to approve the compensation of DeVry s named executive officers.

If you are a DeVry employee who is a participant in the DeVry Inc. Employee Stock Purchase Plan and/or the DeVry Inc. Success Sharing Retirement Plan s DeVry Stock Fund, your proxy will serve as direction to the custodian of the DeVry Inc. Employee Stock Purchase Plan or the trustee of the DeVry Inc. Success Sharing Retirement Plan to vote your shares for your account as you have directed. If you submit a proxy without indicating your voting preference, your shares will be voted in the same proportion as shares for which instructions have been received.

DeVry will bear the expense of soliciting proxies and will reimburse all shareholders for the expense of sending proxies and proxy material to beneficial owners, including expenditures for foreign mailings. The solicitation initially will be made by mail but also may be made by DeVry employees by telephone, electronic means or personal contact.

As of September 19, 2011, DeVry had 68,009,527 shares of Common Stock (\$0.01 par value) outstanding. Shareholders are entitled to one vote per share owned on the record date.

BOARD OF DIRECTORS AND BOARD COMMITTEE INFORMATION

Board of Directors

DeVry's Board of Directors held five meetings during fiscal year 2011, consisting of four regular meetings and one special meeting. Board members are expected to attend Board meetings, the meetings of the committees on which they serve and the Annual Meeting of Shareholders, except in unusual circumstances. During fiscal year 2011, all incumbent Directors attended 75% or more of the aggregate total number of meetings of the Board of Directors and of the committees on which they served. All of the Directors, except one, attended DeVry's 2010 Annual Meeting of Shareholders. During fiscal year 2011, the Board met in executive session without employee Directors or other employees present at each regular Board of Directors meeting. Dr. Harold Shapiro presided over these sessions as the non-executive Board Chair.

Director Independence

The Board of Directors has considered whether or not each Director, and Mr. Begley as a director nominee, has any material relationship with DeVry (either directly or as a partner, shareholder or officer of an organization that has a relationship with DeVry) and has otherwise complied with the requirements for independence under the applicable listing standards of the New York Stock Exchange (NYSE).

As a result of this review, the Board of Directors affirmatively determined that all of DeVry's current Directors and Mr. Begley are independent of DeVry and its management within the meaning of the applicable NYSE rules, with the exception of Mr. Taylor and Mr. Hamburger. Mr. Taylor is considered an inside director because of his status as a Senior Advisor to DeVry. In addition, Mr. Hamburger is considered an inside Director because of his employment as President and CEO of DeVry.

The Board considered the relationship between DeVry and Northern Trust Corporation, at a subsidiary of which DeVry maintains depository accounts and through which a significant portion of DeVry's disbursement activity is conducted, because Mr. Logan is Executive Vice President and Managing Director, Global Financial Institutions Group, with Northern Trust Global Investments, a business unit of Northern Trust Corporation. In fiscal year 2011, DeVry incurred approximately \$1.2 million in fees to Northern Trust Corporation, which were partially offset against compensating balance credits earned on an average monthly outstanding balance of approximately \$10.6 million. The Board of Directors concluded, after considering that Mr. Logan had no involvement in the transactions, the lack of materiality of the transactions to DeVry and to Northern Trust Corporation, and the fact that the terms of the transactions are not preferential either to DeVry or to Northern Trust Corporation, that the relationship is not a material one for purposes of the NYSE listing standards and would not influence Mr. Logan's actions or decisions as a Director of DeVry.

The Board also considered the relationship between DeVry and Automatic Data Processing, Inc. (ADP) because Mr. Butler is Chief Executive Officer of ADP. In fiscal year 2011, DeVry paid approximately \$2.1 million in fees for services purchased in the ordinary course of business relating to benefits solution centers, payroll outsourcing and hosting, COBRA and health care flex spending administration and student refund administration. The Board of Directors concluded, after considering that Mr. Butler had no involvement in the transactions, the lack of materiality of the transactions to DeVry and to ADP, and the fact that the terms of the transactions are not preferential either to DeVry or to ADP, that the relationship is not a material one for purposes of the NYSE listing standards and would not influence Mr. Butler's actions or decisions as a Director of DeVry.

Board Leadership Structure

In accordance with DeVry's Corporate Governance Principles, the Board believes that it makes its selection of the Board Chair and the CEO in the way that it deems best for the organization and its shareholders and assesses this determination on an ongoing basis. The Board therefore has no specific policy with respect to the separation of the offices of Board Chair and CEO. The Board believes that this issue can be part of the succession planning process and that it is in the best interests of DeVry and its shareholders for the Board to make a determination regarding this issue when it annually elects the Board Chair. Since 2004, the offices of Board Chair and CEO have been held by different individuals, with the Board Chair currently being an independent director. The Board believes that the existing leadership structure currently serves DeVry and its shareholders well.

Board Committees

The Board has standing committees: the Nominating and Governance, Audit, Compensation, Finance, Academic and External Relations Committees. A current copy of the charters of each of these committees and a current copy of DeVry's Corporate Governance Principles are available in print from the Secretary of DeVry, 3005 Highland Parkway, Downers Grove, IL 60515-5799, to any shareholder upon written request and can also be found on DeVry's website, www.devryinc.com. Only Directors who meet the NYSE listing standards definition of independent are appointed to the Nominating and Governance and Compensation Committees. Only Directors who meet the NYSE listing standards and the Securities and Exchange Commission definitions of independent are appointed to the Audit Committee.

Academic Committee. Directors Connie R. Curran (Chair), Gary Butler, Darren R. Huston and Ronald L. Taylor serve as members of DeVry's Academic Committee, which was established to assure that the academic perspective is heard and represented at the highest policy-setting level, and incorporated in all of DeVry's activities and operations. The purpose of the Committee, which met two times in fiscal year 2011, is to support improvement in academic quality by providing oversight of DeVry's academic policy and input to the Board and management regarding academic activities. The Committee reviews each of the academic policies of DeVry's institutions. Specifically, the Academic Committee evaluates the academic quality and assessment process and evaluates curriculum and programs, offering recommendations for improvement. The Committee also has oversight responsibility for risks and exposures related to academic quality, including accreditation, curriculum development and delivery, student persistence and outcomes.

Audit Committee. Directors William T. Keevan (Chair), David S. Brown, Lisa W. Pickrum and Fernando Ruiz serve as members of the Audit Committee, which was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act. The Committee met eight times in fiscal year 2011. The Board of Directors has determined that all of the members of the Audit Committee are independent as required by the applicable listing standards of the NYSE and by the applicable rules and regulations issued by the Securities and Exchange Commission. The Board also has determined that the Audit Committee has one audit committee financial expert serving on that Committee; namely, William T. Keevan, whose business background may be found on page 7 of this Proxy Statement.

The principal duties of the Audit Committee include:

Selecting DeVry's independent registered public accounting firm, subject to ratification by the shareholders;

Evaluating the independent registered public accounting firm's independence;

Monitoring the scope, approach and results of the annual audits and quarterly reviews of financial statements and discussing the results of those audits and reviews with management and the independent registered public accounting firm;

Overseeing the effectiveness of DeVry's internal audit function and overall risk management processes; and

Table of Contents

Discussing with management and the independent registered public accounting firm the nature and effectiveness of DeVry's internal control systems.

Additional detail about the Committee's activities are spelled out in the Committee's Charter, which was most recently amended and restated by the Board of Directors on March 2, 2011. The report of the Audit Committee appears on page 40 of this Proxy Statement. The Committee also has oversight responsibility for risks and exposures relating to the adequacy and effectiveness of the accounting, information technology, and financial controls, including DeVry's policies and procedures to assess, monitor and manage exposure to risk (business and financial) and the steps management has taken with respect thereto; DeVry's adherence to legal, regulatory and ethics compliance programs; and enterprise-wide risk management.

Compensation Committee. Directors Julia A. McGee (Chair), Gary Butler, Connie R. Curran and William T. Keevan serve as members of the Compensation Committee, which held six meetings in fiscal year 2011, consisting of four regular meetings and two special meetings. The Board of Directors has determined that all of the members of the Compensation Committee are independent as defined in the applicable NYSE listing standards. The role of the Compensation Committee is discussed below in the section on Compensation Discussion and Analysis. The report of the Compensation Committee appears on page 19 of this Proxy Statement.

The principal duties of the Compensation Committee include:

Periodically reviewing the compensation paid to non-employee directors and making recommendations to the Board for any adjustments;

Reviewing eligibility criteria and award guidelines for DeVry's compensation programs;

Assisting the other non-employee members of the Board in establishing CEO annual goals, objectives and compensation;

Monitoring and evaluating matters relating to DeVry's compensation structure; and

Retaining independent compensation consultants to advise the Compensation Committee, as it deems appropriate, including approval of the consultants' fees and other retention terms.

The Compensation Committee also has oversight responsibility for risks and exposures related to employee compensation programs and management succession planning and assesses whether the organization's compensation practices encourage risk taking that would have a material adverse effect on DeVry. In connection with fulfilling this responsibility, the Compensation Committee reviewed the structure and elements of DeVry's compensation program and its policies and practices that manage or mitigate such risk, including, the balance of short-term and long-term incentives, use of multiple performance measures, a multi-year vesting schedule for long-term incentives, the stock ownership guidelines, and the implementation of a claw-back policy. Based on this review, we concluded that our compensation program does not encourage excessive risk taking.

Finance Committee. Directors Fernando Ruiz (Chair), David S. Brown, Lyle Logan and Lisa W. Pickrum serve as members of DeVry's Finance Committee, which met four times during fiscal year 2011, consisting of two regular meetings and two special meetings. The Committee's principal duties include review and recommendation with respect to DeVry's financing policies and actions related to investment, capital structure and financing strategies, as well as a risk management policy related thereto. The Committee also has oversight responsibility for risks and exposures related to DeVry's capital structure and debt.

Nominating and Governance Committee. Directors Lyle Logan (Chair), David S. Brown and Julia A. McGee serve as members of DeVry's Nominating and Governance Committee, which met four times during fiscal year 2011. The Board of Directors has determined that all of the members of the Nominating and Governance Committee are independent, as defined in the applicable NYSE listing standards. In accordance with the Committee's Charter, its responsibilities include:

Edgar Filing: DEVRY INC - Form DEF 14A

Regularly reviewing the skills and experience of the Board as a whole, and evaluating their suitability to serve the current and future interests of DeVry and its employees, students and shareholders;

Table of Contents

Regularly updating DeVry's director search criteria to ensure an appropriate and effective Board composition that provides effective governance for the growing, complex, global educational operations of DeVry and as a reflection of the broad spectrum of students that DeVry serves, including representing a diversity of thought, background, experience and other characteristics;

Overseeing CEO and director succession;

Overseeing risks and exposures stemming from governance structures and processes as well as Board composition and function;

Proposing a slate of directors for election by the shareholders at each annual meeting and proposing candidates to fill any vacancies on the Board;

Reviewing the committee structure; and

Leading the Board and committee evaluation process.

The Nominating and Governance Committee will consider shareholder recommendations of candidates for Director. Such recommendations should be sent to the Secretary of DeVry. Detailed procedures, including minimum qualifications and specific qualities or skills believed necessary, and the Committee's process (arising primarily out of DeVry's By-Laws) for identifying and evaluating nominees, have been codified in DeVry's policy on the Director Nominating Process, which is described below under the caption "Director Nominating Process and Factors Considered."

Mr. Begley's candidacy resulted from an extensive search process assisted by the firm of Russell Reynolds Associates, which was retained by the Board for this purpose. The Nominating and Governance Committee evaluated Mr. Begley against other candidates and the criteria set forth in the policy on the Director Nominating Process, which is discussed below, and recommended him to the full Board of Directors for nomination.

External Relations Committee. Directors Lisa W. Pickrum (Chair), Darren R. Huston and Ronald L. Taylor serve as members of DeVry's External Relations Committee, which met four times during fiscal year 2011. The Committee's principal duties include assisting DeVry's management team and the Board in identifying, evaluating and monitoring political and legislative trends, issues and concerns and determining how DeVry can anticipate and adjust to government policy trends in order to more effectively achieve its business goals. The Committee also has oversight responsibility for risks and exposures related to present and future public policy on education, as well as laws and regulations applicable to DeVry.

Director Nominating Process and Factors Considered

The Nominating and Governance Committee is responsible for making recommendations of nominees for directors to the Board. The Committee's goal is to put before the shareholders candidates who, with the incumbent directors, will constitute a board that has the characteristics necessary to provide effective oversight for the growing, complex, global educational operations of DeVry and reflects the broad spectrum of students that DeVry serves, including representing a diversity of thought, background, experience and other characteristics. To this end, DeVry's Governance Principles provide that nominees are to be selected on the basis of, among other things, knowledge, experience, skills, expertise, diversity, personal and professional integrity, business judgment, time availability in light of other commitments, absence of conflicts of interest and such other relevant factors that the Committee considers appropriate in the context of the interests of DeVry and its Board. When considering nominees, the Committee seeks to ensure that the Board as a whole possesses, and individual members possess at least one of, the following characteristics or expertise:

Accounting and finance expertise;

Business judgment;

Management experience;

Industry knowledge;

Accreditation and other specialized knowledge of higher education;

Table of Contents

Public policy experience, particularly in higher education;

Leadership; and

Strategic vision.

The Committee has implemented this policy by evaluating each prospective director nominee as well as each incumbent director on the criteria described above and in the context of the composition of the full Board, to determine whether she or he should be nominated to stand for election or re-election.

In screening director nominees, the Committee also reviews potential conflicts of interest, including interlocking directorships and substantial business, civic, and social relationships with other members of the Board that could impair the prospective nominee's ability to act independently.

The Committee will not only consider nominees that it identifies, but will consider nominees submitted by shareholders in accordance with the process for shareholder nominations identified in the By-Laws. Under this process, all shareholder nominees must be submitted in writing to the Secretary of DeVry Inc., 3005 Highland Parkway, Downers Grove, IL 60515-5799, not less than 90 days prior to the anniversary of the immediately preceding Annual Meeting of Shareholders. Such shareholder's notice shall be signed by the shareholder of record who intends to make the nomination (or his duly authorized proxy) and shall also include, among other things, the following information:

the name and address, as they appear on DeVry's books, of such shareholder and the beneficial owner or owners, if any, on whose behalf the nomination is made;

the number of shares of DeVry's Common Stock which are beneficially owned by such shareholder or beneficial owner or owners;

a representation that such shareholder is a holder of record entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to make the nomination;

the name and residence address of the person or persons to be nominated;

a description of all arrangements or understandings between such shareholder or beneficial owner or owners and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination is to be made by such shareholder;

such other information regarding each nominee proposed by such shareholder as would be required to be disclosed in solicitations of proxies for elections of directors, or would otherwise be required to be disclosed, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, including any information that would be required to be included in a proxy statement filed pursuant to Regulation 14A had the nominee been nominated by the Board of Directors; and

the written consent of each nominee to be named in a proxy statement and to serve as a director if so elected.

In addition to candidates submitted through this By-Law process for shareholder nominations, shareholders may also recommend candidates by following the procedures set forth below under the caption "Communication with Directors."

In identifying potential nominees and determining which nominees to recommend to the Board, the Nominating and Governance Committee has retained the advisory services of Russell Reynolds Associates. In connection with each vacancy, the Nominating and Governance Committee develops a specific set of ideal characteristics for the vacant director position. The Nominating and Governance Committee looks at nominees it

identifies and any identified by shareholders on an equal basis using these characteristics and the general criteria identified above.

Stock Ownership Guidelines

In February 2010, the Board of Directors adopted stock ownership guidelines that apply to all Directors and executive officers of DeVry, including the NEOs. Under the guidelines, all executive officers are expected to maintain ownership of DeVry stock equal to a multiple of his or her current base salary (as adjusted from time to time), as follows: the CEO three times current base salary; all other NEOs two times current base salary; and all other executive officers one times current base salary. All directors are expected to maintain ownership of DeVry stock equal to a multiple of three times his or her current annual retainer (as adjusted from time to time). Shares that count toward satisfaction of the Guidelines include DeVry stock directly and/or beneficially owned, DeVry stock held in DeVry's Profit Sharing 401(k) Retirement Plan or other private accounts, DeVry stock held in DeVry's Nonqualified Deferred Compensation Plan, vested Full-Value Shares, and the after-tax value of unvested Full-Value Shares and/or vested options, provided that these can make up no more than 50% of the ownership requirement. All participants who were Directors or executive officers when the guidelines were adopted will have until February 2015 to achieve his or her respective expected stock ownership level, and participants who became Directors or executive officers after February 2010 will have until five years following the date of hire to achieve his or her respective expected stock ownership level.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides an overview and analysis for fiscal year 2011 of our compensation program and policies, the material compensation decisions of the Board of Directors and the Compensation Committee made under the program and policies, how the Board of Directors and the Compensation Committee made those decisions, and the material factors the Board of Directors and the Compensation Committee considered in making those decisions. Later in this Proxy Statement, under the heading Executive Compensation you will find a series of tables and related narratives containing specific information about the compensation earned or paid in fiscal year 2011 to the following individuals, whom we refer to as our Named Executive Officers or NEOs :

Daniel M. Hamburger, President and Chief Executive Officer, DeVry Inc.

Richard M. Gunst, Chief Financial Officer and Treasurer, DeVry Inc.

William B. Hughson, President, Healthcare Group, DeVry Inc.

David J. Pauldine, President, DeVry University

Steven Riehs, President, K-12, Professional and International Education, DeVry Inc.

On June 8, 2011, Mr. Gunst informed DeVry of his decision to retire from DeVry. Mr. Gunst also informed DeVry that he will continue in his role while DeVry conducts an internal and external search for his successor and as long as necessary to ensure a smooth transition of duties.

The discussion below is intended to help you understand the detailed information provided in those tables and related narratives and put that information into context within our overall compensation program. When we use the words we, our or us, they refer to DeVry.

Executive Compensation Philosophy and Objectives

For fiscal year 2011, the overall goals of our compensation program were to serve the essential purpose of the organization, which is to empower students to achieve their educational and career goals, and to maximize the long-term return to our stakeholders. We designed our program to:

Attract, motivate and retain high-quality executives;

Align NEO compensation with academic, student service and financial objectives; and

Reward organizational and individual performance.

As part of our compensation philosophy, we believe we should pay our NEOs total compensation that is competitive with other alternatives available to them in the marketplace and that a significant portion of each NEO's total compensation should be variable with both upside potential and downside risk depending upon the performance of DeVry and of the individual. In addition, we believe we should maintain a clear, straightforward and transparent approach to our executive compensation program.

Table of Contents**How the Compensation Committee Determined Executive Compensation*****Role of the Compensation Committee***

The Compensation Committee has responsibility for establishing, implementing and monitoring adherence to our compensation program. The Compensation Committee's role is to oversee, on behalf of the Board and for the benefit of DeVry and its shareholders, our compensation and benefit plans and policies and their effective execution, including reviewing and approving equity awards to directors and NEOs, and reviewing and approving annually all compensation decisions relating to our NEOs. The Compensation Committee meets periodically to review the design and effective functioning of our executive compensation program, including approving compensation levels and performance targets, reviewing management performance, and approving annual cash incentive compensation distributions and long-term incentive compensation awards. The Compensation Committee operates under a written Charter, a copy of which is available on DeVry's website, www.devryinc.com.

Role of Executive Officers and Management

The Compensation Committee invites select members of management to participate in its meetings. The CEO, General Counsel and Senior Vice President of Human Resources were regular attendees at Compensation Committee meetings in fiscal year 2011. The Compensation Committee also invited the CFO to provide perspective and participate in its meetings from time to time. Management's role was to contribute input and analysis to the Compensation Committee's discussions. At the Compensation Committee's direction and request, management made recommendations to the Compensation Committee with respect to the key elements of our executive compensation program for fiscal year 2011, which are discussed in more detail below. The CEO and Senior Vice President of Human Resources, with input from the CFO, recommended the aggregate dollars to be available to all of DeVry's employees for increases in base salaries (known as the "merit pool"), as well as the guidelines under which merit increases to base salaries of employees were to be made. The CEO and Senior Vice President of Human Resources, with input from the CFO, recommended the aggregate dollars available to be distributed to eligible employees under DeVry's Management Incentive Plan ("MIP") for fiscal year 2011, and made specific recommendations to the Compensation Committee with respect to MIP awards for members of the senior leadership team that report directly to the CEO. Similarly, the CEO and Senior Vice President of Human Resources, with input from the CFO, made recommendations to the Compensation Committee concerning the aggregate number of stock options and restricted stock units to be awarded to deserving employees under DeVry's long-term incentive plans for fiscal year 2011, and made specific recommendations with respect to individual equity awards to members of the senior leadership team. As we discuss below, our CEO made specific recommendations to the Compensation Committee for his direct reports, including the other NEOs, regarding performance goals, increases to their annual base salaries, MIP awards and long-term incentive compensation grants for fiscal year 2011. After receiving the recommendations of management, the Compensation Committee gave feedback on the recommendations, regularly met in executive session for further discussion and analysis, and consulted with outside advisors. It approved the overall magnitude of MIP awards and equity grants, and all compensation decisions for the NEOs other than Mr. Hamburger. The Compensation Committee made all final compensation decisions with respect to the NEOs (other than Mr. Hamburger), and the independent members of the Board approved all compensation decisions for Mr. Hamburger.

Role of Independent Consultants

For fiscal year 2011, management used widely-published surveys (provided by Watson Wyatt, Towers Perrin and Mercer) to help inform many of the decisions related to the total compensation of its executive team. For fiscal year 2011, the Compensation Committee engaged The Delves Group as compensation consultants to review management's recommendations and provide data and insights that ensure that our executive compensation program is fair, reasonable, and consistent with our compensation objectives. The role of the outside consultants involved in our compensation processes was purely advisory in nature and the Compensation Committee retained ultimate responsibility for its compensation-related decisions.

Table of Contents

The Compensation Committee and management analyzed and considered survey data provided by the consultants to help provide a broad perspective on the marketplace and market trends given DeVry's stated objective of paying compensation that is competitive with other marketplace alternatives. This survey data was one of many pieces of information included in a subjective process of determining executive compensation. The Compensation Committee used the survey data as general guidance, together with its own knowledge, experience and discretion, in establishing each of the individual elements of NEO compensation for its executives. The Compensation Committee did not target any specific percentile levels in establishing compensation levels and opportunities.

The Role of Performance

A significant portion of the total compensation of the NEOs is performance-based. The performance criteria include the financial performance of DeVry and/or their specific functional or operating unit, along with the NEO's performance relative to individual objectives. Under DeVry's operating philosophy that quality leads to growth, we believe that this places appropriate emphasis on academic quality, student service and career outcomes, thereby helping us to achieve our most significant short-term and long-term objectives. The Compensation Committee used specific goals and objectives to measure performance, and these goals and objectives played an important role in establishing the amounts paid to our NEOs in each element of our executive compensation program.

Performance Goals and Measures

We have a confidential five-year strategic plan containing various milestones, which was developed by our executive management team and approved by our Board. The plan is rigorously reviewed and updated annually. At the outset of fiscal year 2011, our executive management team recommended, and our Board subsequently approved, a fiscal year operating plan based upon our five-year strategic plan. The specific, quantitative goals set for NEO and organizational performance in fiscal year 2011 were, in turn, derived from our 2011 operating plan.

The Compensation Committee continued its recent practice of using earnings per share and annual revenue as the key measures of organizational performance. For fiscal year 2011, DeVry's organizational performance goals were revenue of \$2,228.3 million and earnings per share of \$4.50.

The Compensation Committee used operating unit revenue and operating income as key measures in assessing the performance of NEOs in operating roles in fiscal year 2011. We do not disclose the particular operating unit performance goals utilized in our annual cash incentive program (MIP) or otherwise. We consider such information confidential, as its disclosure would cause competitive harm. The internal revenue and earnings goals for the various operating segments flowed from the DeVry organization-wide goals.

The Compensation Committee considered the organization's performance goals to represent the best estimate of what the organization could deliver, if management, individually and collectively, were to materially satisfy its goals and objectives for the year. The Compensation Committee intended all the goals to be aggressive yet achievable. At the time the Compensation Committee set these goals, it expected that it would take extraordinary performance on the part of management to exceed them to the extent necessary to yield maximum incentive payouts under our MIP. We believe that DeVry's incentive plans have successfully implemented its philosophy of pay for performance in fiscal year 2011 because they focused management and the entire organization on key value drivers and performance incentives to deliver strong results.

Individual Performance Goals

At the beginning of fiscal year 2011, the Compensation Committee approved individual performance goals and objectives for the CEO. The CEO also worked collaboratively with the other NEOs in developing their individual performance goals and to assign weightings to them to place additional emphasis on tactical priorities. These individual performance goals reflected functional results or operating unit performance appropriate for each NEO's respective role. Each stressed the building of academic outcomes, organizational strength and advancement of DeVry's core values. The individual performance goals are factors in determining base salary,

Table of Contents

annual cash incentive compensation (MIP) and long-term incentive compensation. The individual performance goals intentionally include elements that can be rated objectively as well as elements that are of a subjective nature. This allows the evaluator the independent members of the Board in the case of the CEO and the CEO with input and approval from the Compensation Committee in the case of the other NEOs to assess the individual's performance objectively, while utilizing its discretion to make adjustments based on the individual's perceived contributions and other subjective criteria.

The primary individual performance goals and objectives set for our CEO, Mr. Hamburger, were to:

Achieve high quality academic outcomes;

Implement DeVry's growth and diversification strategy; and

Strengthen infrastructure.

The primary individual performance goals and objectives set for our CFO, Mr. Gunst, in his role as the head of a critical function for DeVry, were to:

Provide insightful business analysis/planning;

Lead and coordinate mergers and acquisitions evaluation and due diligence efforts;

Provide strategic and executional leadership to business units on all key real estate activity;

Pursue cost savings opportunities in purchasing/supply management;

Lead risk management and insurance efforts across the organization;

Pursue tax planning opportunities while ensuring full compliance;

Evaluate alternative capital structure opportunities;

Effectively represent DeVry externally to media, investors, government agencies, and the general public;

Monitor and enhance internal control and enterprise risk management processes; and

Build the finance team, and develop succession and talent management plans.

The primary individual performance goals and objectives set for Mr. Hughson, Mr. Pauldine and Mr. Riehs as operating division heads were to:

Achieve high quality academic outcomes;

Optimize operational and financial performance; and

Effectively execute strategic plans, particularly concerning facilities, student services and relationships with accreditation, government and other education professionals.

These goals were selected by the Compensation Committee in the case of the CEO, and the CEO in the case of the NEOs, because they were reflective of management's role in DeVry achieving the overall goals set forth in the fiscal year 2011 operating plan and, in turn, our long-term strategic objectives. At the same time, these goals were selected because they were reflective of a number of qualities we expect of all of our executives, such as behaviors that:

Reinforce DeVry's core values;

Attract, motivate, reward and retain employees who consistently deliver strong performance to ensure DeVry's long term success;

Promote teamwork that is focused on meeting the expectations of customers (students and employers of graduates), various outside agencies (regulators and accreditors) and shareholders; and

Promote dedication to the empowerment of students to achieve their educational and career goals.

Elements of Executive Compensation

The key elements of our executive compensation program for fiscal year 2011 were unchanged from fiscal year 2010:

Annual base salary;

Annual cash incentive (MIP); and

Long-term incentive (LTI).

The Compensation Committee aimed to provide total compensation to each NEO that was market-competitive, combining a stable base salary element with two at-risk elements (annual cash incentive awards and long-term incentive awards) available to be earned based upon individual and organizational performance. For example, approximately 85% of the CEO's total compensation was at-risk in fiscal 2011, consistent with the nature of our compensation program. We believe this approach helps reinforce a culture of performance by recognizing individual potential and rewarding results.

The following is a description for fiscal year 2011 of the three main components of our compensation program, the purpose of each, and the role each played in fiscal year 2011 in meeting the overarching objectives of our compensation program for our NEOs.

Annual Base Salary

We pay base salaries as a secure, predictable component of cash compensation, which is essential for attracting and retaining talented executives. An initial base salary is negotiated at the outset of employment, thereby establishing it as satisfactory to the executive and thus, by inference, consistent with current market conditions. The Compensation Committee then adjusts base salaries, effective as of the early part of each succeeding fiscal year to reflect the executive's prior performance and to respond to changes in market conditions.

The Compensation Committee evaluated the CEO's annual base salary early in fiscal year 2011. Its evaluation took into account actual results versus the performance targets and goals previously set for DeVry and for him for fiscal year 2010, which are described above under Individual Performance Goals. The Compensation Committee also considered its interaction with Mr. Hamburger, its observation of his performance throughout fiscal year 2010 and the perceived market for CEOs, thus adding a further discretionary element to its evaluation. The Compensation Committee believes that our executive compensation program is better because of this element, as it allows for the consideration of unforeseen circumstances and factors that cannot be measured with precision. DeVry did exceptionally well in fiscal year 2010, particularly in a year of difficult economic conditions. The CEO contributed materially to these favorable results and achieved or exceeded nearly all of his individual performance objectives for fiscal year 2010. The Committee felt these considerations, taken alone, were sufficient to justify a significant increase in Mr. Hamburger's base salary. At the same time, the Committee took into account additional considerations, including the uncertain economic outlook at the time and the conservative approach taken with respect to merit increases throughout the organization. As a result, for fiscal year 2011, the Compensation Committee set Mr. Hamburger's annual base salary at \$800,000, which represented approximately a 5.9% increase over his fiscal year 2010 salary. The Compensation Committee increased the CEO's salary because the Compensation Committee wanted to reward the CEO for DeVry's and the CEO's excellent performance during the previous fiscal year, as well as for his consistently strong executive performance, his success in building a high quality executive team, his potential to continue building a positive future for DeVry and to ensure that his salary is comparable to the salaries of chief executive officers at other companies in the marketplace.

Table of Contents

Mr. Hamburger recommended to the Compensation Committee the annual base salary of each of the other NEOs at the outset of fiscal year 2011. His recommendations were made in consultation with the Senior Vice President of Human Resources. They were based upon their experience with and analysis of the market at that time, their monitoring of the compensation levels at other companies in DeVry's market and Mr. Hamburger's assessment of each NEO's performance for the prior year. Generally, the CEO made his assessments for adjustment of the other NEOs' fiscal year 2011 salaries, based on the following seven criteria:

- (1) DeVry's overall financial performance compared to the prior year operating plan;
- (2) Each NEO's performance against his previously established individual goals and objectives;
- (3) Each NEO's effectiveness in instilling a culture of teamwork, student service and integrity;
- (4) Each NEO's expected future contributions;
- (5) The compensation practices of other similar or competitor companies, including average salary increases in the U.S.;
- (6) The general merit increase parameters set for all employees in the organization; and
- (7) Discretion based on interaction and observation throughout the year.

We believe that the annual base salaries paid in fiscal year 2011 to each NEO served our executive compensation objectives to:

Retain our high-quality executives by paying them a market competitive annual base salary; and

Reward individual performance by increasing annual base salaries from prior year levels as a result of DeVry's overall, and each NEO's individual, positive performances.

Annual Cash Incentive Compensation

The MIP is a portion of executive cash compensation. It is an annual cash incentive program designed to motivate and reward our NEOs and other management employees by putting a substantial portion of cash compensation at risk and paying annual incentives depending upon the extent to which DeVry's financial objectives and each NEO's respective individual performance goals are met or exceeded. We determine and pay the MIP payments for a particular fiscal year only after that fiscal year has ended (i.e., in the beginning of the next fiscal year). Thus, MIP awards for fiscal year 2011 were determined and paid in the early part of fiscal year 2012, after the results for fiscal year 2011 were known and confirmed.

The Compensation Committee considered three primary items in determining the amounts of MIP awards for fiscal year 2011:

- (1) MIP Targets;
- (2) Organizational and/or operating unit performance; and
- (3) Individual performance.

Edgar Filing: DEVRY INC - Form DEF 14A

An NEO's ability to hit his or her MIP Target is based 70% on the organization's and/or applicable operating unit's achievement of its performance metrics and 30% on the achievement of his or her individual performance goals.

2011 NEO MIP Targets

MIP Targets were set for each NEO as a percentage of base salary at the outset of the fiscal 2011 year. The CEO's MIP Target is 100% of base salary rate, pursuant to his employment agreement, which is discussed in more detail below. MIP Targets for the other NEOs are recommended by the CEO and approved by the Compensation Committee. The possible payouts derived from the MIP Targets for all of the NEOs are set forth on the 2011 Grants of Plan Based Awards table on page 31 below.

Table of Contents*Organizational, Operating Unit and Individual Performance Measures*

As discussed above, the Compensation Committee selected DeVry earnings per share, DeVry revenue, operating unit operating income and operating unit revenue as the measures most reflective of management's role in DeVry achieving its operating plan. The Compensation Committee also used individual performance measures because it believed this served to advance our short-term goal of each NEO meeting his respective individual performance goals for the year, which the Compensation Committee believed would, on a combined basis, help DeVry meet its aggregate goals. These various measures were allocated to best align the measurements with each NEO's respective role and the goals of the organization and our compensation programs. The relative percentages assigned to each of the organizational, operating unit and individual performance goals for each NEO for fiscal year 2011 were as follows:

| Name | NEO Organizational, Operating Unit, and Individual Performance Measure Allocations | | | | |
|---------------------|--|---------------|---------------------------------|------------------------|------------------------|
| | DeVry Earnings Per Share | DeVry Revenue | Operating Unit Operating Income | Operating Unit Revenue | Individual Performance |
| Daniel M. Hamburger | 40% | 30% | | | 30% |
| Richard M. Gunst | 40% | 30% | | | 30% |
| William B. Hughson | 20% | 10% | 25% | 15% | 30% |
| David J. Pauldine | 20% | 10% | 25% | 15% | 30% |
| Steven Riehs | 20% | 10% | 25% | 15% | 30% |

MIP Payouts for Fiscal Year 2011

MIP payouts for each NEO can be as low as zero but also provide an overachievement opportunity of up to 200% of MIP Target, which rewards exceptional performance compared to expectations, over-delivery of strategic initiatives, and/or achievement of initiatives not contemplated at the time goals were set.

The independent members of the Board, based on the recommendation of the Compensation Committee, awarded Mr. Hamburger a MIP payout of \$867,000 which was approximately 108% of his MIP Target. In doing so, they took into account that DeVry's organizational goals were well satisfied as it over-performed against its fiscal year 2011 operating plan in terms of earnings per share. In addition, the independent members of the Board evaluated Mr. Hamburger's achievement of his personal performance goals and found his performance in that regard to be outstanding.

The process was essentially the same for the other NEOs, except that the CEO reviewed each NEO's performance, and the CEO's recommendations were reviewed and approved by the Committee. NEO MIP awards were based on an evaluation of organizational performance, individual performance, and in the case of Messrs. Hughson, Pauldine and Riehs, their respective operating unit performance. Please see Executive Compensation 2011 Summary Compensation Table below for specific information about annual cash incentive (MIP) awards for the NEOs.

We believe that the annual incentive compensation that we paid for fiscal year 2011 to each NEO served our executive compensation objectives to:

Retain our high-quality executives by providing them with the opportunity to earn market competitive annual incentive compensation;

Reward DeVry performance by paying NEOs when pre-established organization performance goals were met or exceeded; and

Reward individual performance by paying NEOs for meeting or exceeding pre-established individual performance goals.

Table of Contents

Long-Term Incentive Compensation

In fiscal year 2011 the Compensation Committee continued its reliance on long-term incentive vehicles to align the long-term interests of management and shareholders. In doing so, the Compensation Committee encouraged its executives to focus on the behaviors and initiatives that would lead to increased long-term value to our students and other stakeholders. The Compensation Committee believes that long-term equity compensation also is an important retention tool and, thus, the Compensation Committee chose to use a four-year vesting schedule for option grants and a three-year cliff vesting schedule for restricted stock units, to encourage longer-term focus and retention.

The Compensation Committee made equity grants to each of the NEOs in the early part of fiscal year 2011 based on both retrospective and prospective considerations. The Committee took into account the same seven criteria described in the Annual Base Salary section above in determining the size of these grants. The Compensation Committee targeted the value of the long-term equity compensation for each NEO to represent a substantial percentage of total compensation to serve two complementary objectives of our compensation program: the long-term retention of quality executives and the creation of long-term value.

The Compensation Committee granted Incentive Stock Options (ISOs) with a value of up to the \$100,000 IRS limitation applicable to each one-year vesting period. To the extent this limitation was met for any NEO, the remaining portion of the award was issued in the form of non-qualified stock options. The Compensation Committee recognizes that DeVry may not receive a tax deduction for ISOs. The Compensation Committee weighed this consideration against the benefit ISOs provide to employees and the consequent enhancement to DeVry's ability to attract and retain executives and determined it was in DeVry's best interest to continue utilizing ISOs in the manner described.

The Compensation Committee may grant performance-based restricted stock units commonly referred to by DeVry as performance shares to NEOs, in addition to stock options. The Compensation Committee has again determined that 70% of long-term incentive compensation be in the form of stock options, with the remaining 30% in the form of performance shares. Performance shares are granted under the DeVry Inc. Incentive Plan of 2005. Some key design elements of the performance share program are:

There is a three-year performance period associated with each grant of performance shares.

The performance shares vest based on the level of attainment of annual targets within the performance period but shares of common stock are only distributed after the end of the performance period.

The performance metric for the performance shares is Return on Invested Capital (ROIC). The target ROIC for performance shares granted in fiscal year 2011 was 12.1%. The Compensation Committee set the target ROIC for performance shares granted in fiscal year 2012 as 14.3%. Participants have the opportunity to accrue one-third of the target number of performance shares in each year of the three-year performance period if ROIC is attained at target or higher.

At the end of the three-year performance period, there is a cumulative look-back feature whereby there is an opportunity to earn up to 120% of the target number of shares based on the three-year average of ROIC.

Details concerning fiscal year 2011 stock option and performance share grants for the NEOs appear in the 2011 Grants of Plan-Based Awards table on page 31. The Compensation Committee awarded the option and performance share grants reflected in the table based on an evaluation of individual performance and the extent to which DeVry's goals, and in the case of Messrs. Hughson Pauldine and Riehs their respective operating unit goals, were met or exceeded.

Table of Contents

We believe that the long-term incentive compensation granted in fiscal year 2011 to each NEO served our executive compensation objectives to:

Align NEO compensation with our pre-established business objectives;

Reward individual and DeVry performance by tying a portion of the number of stock options and performance shares that we granted to each NEO to both our organization's and each NEO's individual performance against pre-established goals; and

Provide incentives consistent with the overall goal of enhancing long-term value by requiring the stock options to vest in equal installments over a four-year period and performance shares to be distributed at the end of a three-year performance period, which provides incentives to our NEOs to remain with DeVry for an extended period of time in order to realize the greatest possible value of their equity compensation grants.

Incentive Compensation Recoupment Policy

DeVry has adopted an incentive compensation recoupment policy, which is applicable to all executive officers. The policy provides that in addition to any other remedies available to DeVry (but subject to applicable law), if the Board of Directors or any committee of the Board of Directors determines that it is appropriate, DeVry may recover (in whole or in part) any incentive payment, commission, equity award or other incentive compensation received by an executive officer of DeVry to the extent that such incentive payment, commission, equity award or other incentive compensation is or was paid on the basis of any financial results that were subsequently restated due to conduct determined by the independent directors to have been as a result of the executive officer's knowing or intentional fraudulent or illegal conduct.

All Other Compensation

In general, we do not provide perquisites to our NEOs that are not available to other employees, with the exception of these:

Matching contributions credited in fiscal year 2011 under the DeVry Inc. Nonqualified Deferred Compensation Plan;

A leased automobile or cash automobile allowance;

Certain medical insurance costs, and

Personal financial planning services (for the NEOs other than the CEO).

Perquisites make up the smallest portion of each NEO's total compensation package. The nature and quantity of perquisites provided by DeVry did not change materially in fiscal year 2011 versus 2010, consistent with our philosophy that perquisites should not represent a primary component of our compensation program. The Compensation Committee periodically reviews the perquisite program and allowances provided to each NEO to determine if adjustments are appropriate.

The All Other Compensation column of the 2011 Summary Compensation Table shows the amounts of perquisite compensation we provided for fiscal year 2011 to each of the NEOs.

Deferred Compensation

DeVry maintains the DeVry Inc. Nonqualified Deferred Compensation Plan (the Deferred Plan). The Deferred Plan is a voluntary, non-tax qualified, deferred compensation plan for executives and directors to save for retirement by deferring a portion of their current compensation until termination of service with DeVry or other specified dates. We credit matching contributions to participants' accounts under the Deferred Plan to the extent their matching contributions to our tax-qualified Success Sharing 401(k) Retirement Plan are limited by the Internal Revenue

Edgar Filing: DEVRY INC - Form DEF 14A

Code. The Deferred Plan enables the NEOs and other employees with a certain level of annual compensation (\$110,000 for fiscal year 2011) to save a portion of their income for retirement on a scale consistent with other employees not subject to IRS limits. We did not contribute to the Deferred Plan except as a

Table of Contents

matching contribution to amounts the NEOs contributed during the 2011 fiscal year. We do not have a defined benefit pension plan, and, therefore, our Success Sharing 401(k) Retirement Plan and the Deferred Plan are the only retirement savings vehicles for executives.

Employment Agreements

DeVry and Mr. Hamburger entered into an employment agreement effective November 15, 2006 that provides for an initial base salary, annual salary increases and annual cash incentive during the term and sets forth the severance benefits that will be provided upon termination of his employment under certain conditions.

DeVry and each of Mr. Gunst and Mr. Pauldine entered into employment agreements effective October 12, 2009, and DeVry and Mr. Hughson entered into an employment agreement effective September 9, 2009. The employment agreements set forth, among other things, the severance benefits that will be provided upon certain employment termination scenarios.

The Compensation Committee believes that the employment agreements with Messrs. Gunst, Hughson and Pauldine provide:

security and incentives that help enable DeVry to retain and attract top executives,

greater ability for DeVry to retain its key executives following the occurrence of an extraordinary corporate transaction, and

benefits to DeVry, including non-competition and non-solicitation covenants by the NEOs.

Each of these employment agreements is discussed in detail in the narrative accompanying the Summary Compensation Table under the caption Employment Agreements, and DeVry's obligation to provide severance benefits in accordance with the agreements is discussed beginning on page 35 under the caption 2011 Potential Payments Upon Termination or Change-in-Control.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million per year paid to covered employees, defined as the chief executive officer and the three other most highly compensated officers (other than the chief financial officer) employed as executive officers at year-end. Certain compensation, including performance-based compensation, may qualify for an exemption from the deduction limit if it satisfies certain requirements under Section 162(m). The Compensation Committee views the tax deductibility of executive compensation as one factor to be considered in the context of its overall compensation philosophy. The Compensation Committee reviews each material element of compensation on a continuing basis and takes steps to assure deductibility if that can be accomplished while still remaining faithful to our executive compensation philosophy and objectives.

Base salaries do not qualify as performance-based compensation under Section 162(m). However the base salaries of DeVry's NEOs are below the \$1 million level. Amounts paid to an executive that are excludable from gross income, such as Success Sharing Retirement Plan contributions reflected in the All Other Compensation column in the Summary Compensation Table, are not subject to Section 162(m). Incentive compensation paid by DeVry in fiscal year 2011 under the MIP that is based on DeVry performance is expected to qualify as performance-based compensation. Gains on the exercise of stock options in fiscal year 2011 by persons who were covered employees at the end of the fiscal year qualify as performance-based compensation under Section 162(m).

(1) Payouts under the MIP were based on performance in fiscal year 2011. Therefore, the information in the Threshold, Target and Maximum columns reflect the range of potential payouts when the performance goals were set in September 2010. The amounts actually paid under the MIP for fiscal year 2011 appear in the Non-Equity Incentive Plan Compensation column of the 2011 Summary Compensation Table.

(2) Restricted stock units, commonly referred to within DeVry as Performance Shares, were issued as part of the fiscal year 2011 annual incentive grant under the Incentive Plan of 2005. The restricted stock units are paid out at the end of the three-year performance period if certain performance goals are achieved.

Table of Contents

- (3) Pursuant to the MIP, performance below a performance goal threshold will result in no payment with respect to that performance goal. If a performance goal threshold is met or exceeded, then the performance would result in a payment ranging from the threshold amount (50% of the Target) to the maximum amount payment for such performance goal, depending upon the level at which the performance goal had been attained.
- (4) The amount shown in this column represents the Target incentive payment under the MIP, which is calculated as a set percentage of base salary.
- (5) Pursuant to the MIP, the amount shown in this column represents the maximum incentive payment, 200% of the Target.
- (6) At the end of the three-year performance period, participants can earn a threshold of 80% of the target number of restricted stock units if the three-year average of return on invested capital performance goal is attained at the threshold level (9.9%). Straight line interpolation will be used to determine achievement between threshold and target.
- (7) In each year of the three-year performance period, participants can accrue one-third of the target number of restricted stock units if the performance goal of return on invested capital is attained at target level (12.1%) or higher for fiscal year 2011. If the target is not attained at the end of each fiscal year, then no restricted stock units are earned in that fiscal year.
- (8) At the end of the three-year period, participants can earn up to 120% of the target number of restricted stock units if the three-year average of return on invested capital performance goal is attained at the maximum level (13.2%). Straight line interpolation will be used to determine achievement between target and maximum.
- (9) Stock option grant issued as part of the annual incentive grant under the Incentive Plan of 2005, which becomes exercisable at 25% per year for four years and has a maximum term of ten years.
- (10) All options granted to the NEOs in fiscal year 2011 have an exercise price equal to the closing sales price of the common stock on the date of grant.
- (11) This column shows the grant date fair value of the performance-based restricted stock units (assuming payout at target value) and stock options awarded to each of the NEOs in fiscal year 2011, computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, which was \$16.53 for stock options and \$38.32 for Performance Shares. Also see Note 3: Stock-Based Compensation to the Consolidated Financial Statements contained in DeVry's Annual Report on Form 10-K for the year ended June 30, 2011, filed with the SEC on August 26, 2011, for an explanation of the assumptions made by DeVry in the valuation of these awards.

- (6) Represents the value derived by multiplying the number of shares of common stock covered by the performance-based restricted stock units by \$59.13 (the closing market price of DeVry's common stock as reported in *The Wall Street Journal* for June 30, 2011). The value provided assumes the performance-based restricted stock awards payout at target value.

2011 Option Exercises and Stock Vested

This table sets forth information concerning (1) the exercise during fiscal year 2011 of options to purchase shares of common stock by each of the NEOs and (2) the dollar amount realized on exercise of the exercised options.

| Name | Option Awards | |
|---------------------|---|------------------------------------|
| | Number of Shares Acquired on Exercise (#) | Value Realized on Exercise (\$)(1) |
| Daniel M. Hamburger | 20,144 | 656,538 |

| William B. Hughson | 0 | 0 |
| David J. Pauldine | 0 | 0 |
| Steven Riehs | 1,100 | 39,996 |

- (1) *Value Realized on Exercise.* If the exercise was executed as part of a cashless transaction where the shares acquired were immediately sold, this represents the difference between the sales price of the shares acquired and the option exercise price multiplied by the number of shares of common stock covered by the options exercised. If the exercise was executed as part of a buy and hold transaction, this represents the difference between the closing market price of the common stock as reported in *The Wall Street Journal* for the date of exercise of the option and the option exercise price multiplied by the number of shares of common stock covered by the options held.

Deferred Compensation Plan

The Deferred Plan covers directors and selected key employees approved for participation by the Compensation Committee. All of the named executive officers are eligible to participate in the Plan. Under the Deferred Plan as it applies to employees, participants may make an advance election to defer up to 50% of salary and up to 100% of annual cash incentive (MIP) compensation until termination of service with DeVry or certain other specified dates. DeVry credits matching contributions to participants' accounts under the Deferred Plan to the extent they have elected to defer the maximum amount under DeVry's Success Sharing Retirement Plan and their matching contributions to the Success Sharing Retirement Plan are limited by applicable Internal Revenue Code provisions. DeVry may also credit participants' accounts with discretionary success sharing contributions. Participants are fully vested in their own deferral and matching contributions, plus earnings, and will vest in discretionary contributions, if any, as determined by the Compensation Committee. Participants may elect to have their Deferred Plan accounts credited with earnings based on various investment choices made available by the Compensation Committee for this purpose. Participants can elect to have account balances paid in a lump sum or in installments. Distributions are generally made or commence in January of the year following termination of employment (but not earlier than six months after termination) or January of the year in which the specified payment date occurs. In the event of death before benefits commence, participants' accounts will be paid to their beneficiaries in a lump sum.

2011 Potential Payments Upon Termination or Change-in-Control

DeVry provides benefits to certain of the NEOs upon termination of employment from DeVry in specific circumstances. These benefits are in addition to the benefits to which these NEOs would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA). In addition, DeVry's equity compensation plans and the stock award agreements used to implement them provide for accelerated vesting of outstanding stock awards in the event of a change in control of DeVry, regardless of whether a termination of employment occurs.

Employment Agreements

Mr. Hamburger

The employment agreement of Mr. Hamburger was effective as of November 15, 2006 in connection with his assumption of the duties of President and Chief Executive Officer of DeVry. The employment agreement provides that either party may terminate Mr. Hamburger's employment upon 180 days' advance notice, except that DeVry may terminate his employment immediately for any reason, Mr. Hamburger may terminate his employment immediately for good reason, and his employment will automatically terminate immediately in the event of death or disability. The agreement provides the following severance benefits:

If a change in control of DeVry has not occurred and Mr. Hamburger's employment is terminated for reasons other than by DeVry for cause or due to retirement at age 65, he is entitled to an immediate payment equal to 12 times his monthly base salary.

If at any time Mr. Hamburger terminates his employment for good reason, he is entitled to an immediate payment equal to 12 times his monthly base salary.

If DeVry terminates Mr. Hamburger's employment following a change in control of DeVry, he is entitled to the following:
i. an immediate payment equal to 24 times his monthly base salary;

- ii. an immediate payment equal to a *pro rata* portion of the average MIP award paid to him for the two years prior to his termination; and
- iii. immediate vesting of all outstanding stock options.

For purposes of the agreement:

(i) *cause* means Mr. Hamburger's conviction of a felony or a crime involving monies, other property, fraud or embezzlement; (ii) *good reason* exists if Mr. Hamburger is not accorded the duties and responsibilities described in the agreement, if his duties or responsibilities are materially or substantially reduced, if he is not paid amounts owed under the agreement within 10 days' notice to DeVry, or if DeVry otherwise breaches the agreement; (iii) *disability* means a physical or mental disability that causes Mr. Hamburger to be unable to perform his duties under the agreement for a period of 180 days; and (iv) *change in control* means a sale of substantially all of DeVry's assets or the acquisition by another entity of a majority of DeVry's common stock.

Mr. Gunst, Mr. Hughson and Mr. Pauldine

On October 12, 2009, DeVry entered into employment arrangements with Mr. Gunst and Mr. Pauldine, and with Mr. Hughson on September 9, 2009. Mr. Gunst's employment agreement replaced a previous employment arrangement. These employment agreements provide, among other things, that if the NEO's employment with DeVry is terminated by DeVry without *cause* or by the NEO with *good reason* and the NEO executes a release of claims, then the NEO will be entitled to the following benefits:

one and one-half times the sum of the NEO's base salary plus MIP target, payable in 18 equal monthly payments;

a pro-rated MIP award (if employed for at least six months in the fiscal year during which termination occurs) based on actual performance paid in a lump sum at the time MIP awards are paid to other employees;

18 months of continued health benefit plan coverage at active employee rates following the termination date; and

access to a nine month senior executive level outplacement program at DeVry's sole expense.

In the case of Mr. Pauldine, his employment arrangement also provides that if his termination occurs after the day that is 18 months prior to his 55th birthday, he will be treated as having been terminated due to *retirement* for purposes of all outstanding stock options and other equity awards that include a definition of the term *retirement*, including both those outstanding on the date of the employment agreement and those thereafter granted.

In addition, the employment arrangements with Mr. Gunst, Mr. Pauldine and Mr. Hughson provide that if the NEO's employment with DeVry is terminated by DeVry without *cause* or by the NEO with *good reason* during a *change in control* period and the NEO executes a release of claims, then the NEO will be entitled to the following benefits:

two times the sum of the NEO's base salary plus MIP target, payable in 24 equal monthly payments;

24 months of continued health benefit plan coverage at active employee rates following the termination date; and

access to a 12 month senior executive level outplacement program at DeVry's sole expense.

For purposes of these employment agreements:

Equity Award Plans

The provisions of the equity award agreements under which options and performance shares are held by employees, including the NEOs, provide for the immediate vesting of unvested options and of performance shares at the target levels in the event of a change in control of DeVry. The provisions of the equity award agreements under which options and performance shares were granted to employees, including the NEOs, in fiscal year 2011 provide the following:

If the participant's employment is terminated due to death or disability (as defined in the agreement), options will become fully vested and exercisable for the remaining term of the option and performance shares will continue to vest in accordance with their terms.

If the participant's employment terminates due to mutual agreement, the optionee will be credited with one additional year of service for vesting purposes and the options will be exercisable until the earlier of one year from termination or the expiration of the term of the option.

If the participant's employment terminates due to retirement, options will continue to vest and be exercisable and performance shares will continue to vest in accordance with their respective terms. Retirement means the participant's termination without cause after age 55 when the sum of his age and full years of service equals or exceeds 65.
