PROXY STATEMENT
OF
SVB FINANCIAL GROUP
3003 Tasman Drive
Santa Clara, California 95054

INFORMATION CONCERNING THE PROXY SOLICITATION

General

This Proxy Statement is furnished in connection with the solicitation of proxies by, and on behalf of, the Board of Directors (the "Board") of SVB Financial Group (the "Company") for use at the 2012 Annual Meeting of Stockholders of the Company to be held at the Company's offices located at 3005 Tasman Drive, Santa Clara, California 95054, on Thursday, April 26, 2012 at 4:30 p.m., local time, and at all postponements or adjournments thereof (the "Meeting"). (For directions to attend the Meeting in person, please contact us at the telephone number below.) Only stockholders of record on February 28, 2012 (the "Record Date") will be entitled to vote at the Meeting. At the close of business on the Record Date, there were 43,788,864 shares of the Company's Common Stock, \$0.001 par value (the "Common Stock"), outstanding.

The Company is a Delaware corporation and financial holding company for Silicon Valley Bank (the "Bank") and its affiliates. The Company's principal executive offices are located at 3003 Tasman Drive, Santa Clara, California 95054, and its telephone number at that location is (408) 654-7400.

Important Notice Regarding the Availability of Proxy Materials for the Meeting

This Proxy Statement and our 2011 Annual Report on Form 10-K are available electronically at www.svb.com/proxy. See also *Delivery of Proxy Materials* below.

Voting

Stockholders of the Company's Common Stock are entitled to one vote for each share held on all matters covered by this Proxy Statement, except for the election of directors. With respect to the election of directors, each stockholder has the right to invoke cumulative voting, which entitles each stockholder to as many votes as shall equal the number of shares held by such stockholder multiplied by the number of directors to be elected. A stockholder may cast all of his or her votes for a single candidate or distribute such votes among as many of the candidates as he or she chooses (up to a maximum of the number of directors to be elected). However, no stockholder shall be entitled to cumulate votes for a candidate unless such candidate's name has been properly placed in nomination prior to the voting in accordance with Article Fifth of the Restated Certificate of Incorporation of the Company and the stockholder (or any other stockholder) has given notice at the meeting prior to the voting of the stockholder's intention to cumulate votes. If any stockholder has given such notice, all stockholders may cumulate their votes for candidates properly placed in nomination. If cumulative voting is properly invoked, the Proxy holders (the individuals named on the Proxy Card) are given discretionary authority under the terms of the Proxy to cumulate votes represented by shares for which they are named Proxy holders as they see fit among the nominees in order to assure the election of as many of such nominees as possible.

Edgar Filing: SVB FINANCIAL GROUP - Form DEF 14A

Whether you hold shares in your name or through a broker, bank or other nominee, you may vote without attending the meeting. You may vote by granting a Proxy or, for shares held through a broker, bank or other nominee, by submitting voting instructions to that nominee. Instructions for voting by telephone, by using the Internet or by mail are on your Proxy Card or Notice Regarding the Availability of Proxy Materials, as applicable. For shares held through a broker, bank or other nominee, follow the voting instructions included

Table of Contents

with your materials. If you provide specific voting instructions, your shares will be voted as you have instructed for any item on which you provide instructions and as the Proxy holders may determine within their discretion for any other matters, including any additional matters, which properly come before the meeting.

If you hold shares in your name and you sign and return a Proxy Card without giving specific voting instructions, your shares will be voted as recommended by our Board on all matters set forth in this Proxy Statement and as the Proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on certain matters. *See Quorum; Abstentions; Broker Non-Votes below.*

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Meeting is a majority of the shares of Common Stock issued and outstanding on the Record Date. Shares voted are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares represented and voting at the Meeting (the Votes Cast) with respect to such matter.

The Company counts abstentions for purposes of determining both (i) the presence or absence of a quorum for the transaction of business, and (ii) the total number of Votes Cast with respect to a proposal (other than Proposal No. 1 regarding the election of directors). Accordingly, in cases other than the election of directors, abstentions will have the same effect as a vote against the proposal.

Broker non-votes occur on a matter when a broker, bank or other nominee is not permitted to vote on that matter without instructions from the beneficial owner and the beneficial owner does not give instructions. Without such voting instructions, for example, your broker or other nominee cannot vote your shares on non-routine matters such as the election of directors, the proposed amendment to the Company's 2006 Equity Incentive Plan, and the advisory vote on Say on Pay. Your broker or other nominee may, however, have discretion to vote your shares on routine matters, such as the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the 2012 fiscal year. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business but will not be counted for purposes of determining the number of Votes Cast with respect to proposals on which brokers, banks or other nominees are prohibited from exercising their discretionary authority.

Voting Required

The vote required for each proposal is as follows:

Proposal	Vote Required	Broker Non-Votes Allowed	You May Vote
<i>Proposal No. 1 - Election of Directors</i>	Plurality of Votes Cast	No	FOR or WITHHOLD
<i>Proposal No. 2 - Approval of the Company's 2006 Equity Incentive Plan, as amended and restated</i>	Majority of Votes Cast	No	FOR, AGAINST or ABSTAIN
<i>Proposal No. 3 - Ratification of Auditors</i>	Majority of Votes Cast	Yes	FOR, AGAINST or ABSTAIN
<i>Proposal No. 4 - Advisory Vote on Say on Pay</i>	Majority of Votes Cast	No	FOR, AGAINST or ABSTAIN

Revocability of Proxies

Any person giving a Proxy in the form accompanying this Proxy Statement has the power to revoke the Proxy at any time prior to its use. A Proxy is revocable prior to the Meeting by delivering either a written instrument revoking it or a duly executed Proxy bearing a later date to the Secretary of the Company. A Proxy is also automatically revoked if the stockholder is present at the Meeting and votes in person.

Table of Contents

Solicitation

This solicitation of Proxies is made by, and on behalf of, the Board of Directors of the Company. The Company will bear the entire cost of preparing, assembling, printing, mailing and otherwise making available Proxy materials furnished by the Board of Directors to stockholders. Copies of Proxy materials will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to the beneficial owners of the Company's Common Stock, as requested. In addition to the solicitation of Proxies by mail, some of the officers, directors and employees of the Company may (without additional compensation) solicit Proxies by telephone or personal interview, the costs of which the Company will bear.

Unless otherwise instructed, each valid returned Proxy that is not revoked will be voted:

FOR each of the Company's nominees to the Board of Directors,

FOR approval of the Company's 2006 Equity Incentive Plan, as amended and restated, to reserve an additional 2,100,000 shares of common stock for issuance thereunder,

FOR ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012,

FOR approval of an advisory (non-binding) proposal on the Company's executive compensation (Say on Pay), and

At the Proxy holders' discretion on such other matters, if any, as may properly come before the Meeting (including any proposal to adjourn the Meeting).

Delivery of Proxy Materials

In accordance with the rules adopted by the Securities and Exchange Commission (the SEC), commonly referred to as Notice and Access, we have decided to provide access to our Proxy materials over the internet instead of mailing a printed copy of the materials to every stockholder. Stockholders will not receive printed copies of the Proxy materials unless they request them. Instead, a Notice Regarding the Availability of Proxy Materials (the Notice) was mailed to stockholders of record (other than stockholders who previously requested electronic or paper delivery of proxy materials) on or about March 16, 2012. The Notice explains the process to access and review the information contained in the Proxy materials and how to vote their proxies over the internet. In addition, the Notice will provide you the option to instruct us to send our future Proxy materials to you electronically by email. All stockholders will have the ability to access the Proxy materials on a website referred to in the Notice or request to receive a printed set of the Proxy materials.

For those stockholders who will receive printed copies of the Proxy materials upon request or otherwise, you may receive more than one set of materials, including multiple copies of this Proxy Statement and multiple Proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one Proxy Card. Please follow the instructions on your Proxy Card(s) and vote accordingly.

How to Obtain a Separate Set of Proxy Materials

Stockholders may request to receive Proxy materials in printed form by mail or electronically by email on an ongoing basis. Stockholders who sign up to receive Proxy materials electronically will receive an email with links to the materials, which may give them faster delivery of the materials and will help save printing and mailing costs and conserve natural resources. If you choose to receive future Proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive Proxy materials by email will remain in effect until you terminate it.

Edgar Filing: SVB FINANCIAL GROUP - Form DEF 14A

For those stockholders who share an address with another stockholder, you may receive only one set of Proxy materials (including our 2011 Annual Report on Form 10-K, Proxy Statement or Notice Regarding the

Availability of Proxy Materials, as applicable) unless you have provided contrary instructions. If you wish to receive a separate set of Proxy materials now or in the future, you may write or call us to request a separate copy of these materials from:

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We are committed to having sound corporate governance principles. These principles are important to the way in which the Company manages its business and to maintaining the Company's integrity in the marketplace. Our Corporate Governance Guidelines and the charters of the Audit Committee, Compensation Committee, Directors' Loan Committee, Finance Committee and Governance Committee of our Board of Directors are available at www.svb.com under Corporate Governance. The contents of the website are not incorporated herein by reference and the website address provided above and throughout this Proxy Statement is intended to be an inactive textual reference only.

Board Independence, Leadership and Risk Oversight

The Board has determined that, with the exception of Mr. Greg Becker, our President and Chief Executive Officer, all of our current directors and director nominees, are independent within the meaning of the director independence standards set by the Nasdaq Stock Market, Inc. (Nasdaq) and the SEC, as currently in effect.

Board Leadership - Separate Chairperson/CEO Roles

The Board has determined that it is in the best interests of the Company to maintain the Board chairperson and chief executive officer positions separately. It believes that having an outside, independent director serve as chairperson is the most appropriate leadership structure for the Board, as it enhances the Board's independent oversight of management and the Company's strategic planning, reinforces the Board's ability to exercise its independent judgment to represent stockholder interests, and strengthens the objectivity and integrity of the Board. Moreover, an independent chairperson can more effectively lead the Board in objectively evaluating the performance of management, including the chief executive officer, and guide it through appropriate Board governance processes.

Mr. Pete Hart, our current Chairman of the Board, is independent within the meaning of the director independence standards described above. Mr. Hart will not be standing for election for the 2012-2013 term. Subject to his election, Mr. Roger Dunbar is expected to serve as the Board's Chairman for the 2012-2013 term, and is also independent within the meaning of the director independence standards described above.

Risk Oversight

Oversight of risks to the Company is carried out by the Board as a whole and by each of its various committees. The Board receives periodic reports from management on the Company's risk management, including, on at least an annual basis, an assessment of the Company's top risks.

The Board has expressly delegated to the Governance Committee the primary oversight responsibility for the Company's enterprise-wide risk management (EWRM) function, which is responsible for managing, on an enterprise-wide basis, the Company's credit, market/liquidity, operational, legal/regulatory, strategic/reputation and other risks. On at least a quarterly basis, our Chief Strategy and Risk Officer reports to the Governance Committee on the EWRM function, including risk assessment and risk management. Based on management's reports, the chairman of the Governance Committee reports to the Board any material changes or updates to the Company's risk profile.

Additionally, each Board committee is engaged in overseeing the Company's risks in its respective areas of oversight. For example, the Audit Committee regularly oversees our risks relating to our accounting and financial reporting. The Compensation Committee engages in periodic risk assessments to review and evaluate our compensation programs in relation to the Company's risks. The Finance Committee actively oversees the Company's capital, liquidity and financial management and the associated risks (whether as an ongoing matter or as it relates specifically to a transaction, such as an equity or debt securities offering). Moreover, the Directors' Loan Committee routinely oversees the Company's management of credit risks. Each of the

Table of Contents

committees regularly report back to the full Board on its risk oversight activities, and the Board routinely engages in discussions with management about the Company's risks.

Executive Sessions

The Company's independent directors meet in regularly scheduled executive sessions at which only independent directors are present. Mr. Becker is generally not present at these executive sessions, but will from time to time meet with the independent directors without other members of management present, at the Board's discretion.

Committee Independence and Audit Committee Financial Experts

The Board has determined that each of the current members of the Audit Committee, Compensation Committee and Governance Committee are independent under Nasdaq director independence standards.

In addition, the Board has determined that Mr. Dunbar and Ms. Krishnan meet all of the attributes of an audit committee financial expert, as those meanings are defined for purposes of audit committee members by the applicable rules and regulations of the SEC and Nasdaq.

Board Evaluation

The Governance Committee of the Board conducts, in coordination with the full Board, an annual evaluation of the Board's performance and effectiveness. Each year, the Governance Committee develops and implements a process for such evaluation and review, which may involve outside consultants or advisers and may include a review of how certain attributes affect Board effectiveness, such as Board size, meeting frequency, quality and timing of information provided to the Board, director communication, director education, director skills and qualifications, director independence and Board strategy sessions. The results of the evaluation are discussed with the Board. The Governance Committee also conducts annually a separate evaluation of the performance and effectiveness of each of the Board's committees. *See Board Committees and Meeting Attendance Committee Governance below.*

Consideration of Director Nominees

Stockholder Nominees

The Governance Committee will consider Board nominees proposed by stockholders. The Governance Committee has no formal policy with regard to stockholder nominees as it considers all nominees on their merits, as discussed below. Any stockholder nominations proposed for consideration by the Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

SVB Financial Group

¹ From July to September 2011, the Company employed the college-aged son of Ms. Krishnan as a summer intern. His total compensation was \$6,564. Ms. Krishnan was not involved in the Company's decision to hire her son and, when she learned about the internship, she took appropriate steps to confirm that his employment did not affect her independence or create a conflict of interest. Due to an internal oversight, the Company failed to identify the internship as an issue that affected Ms. Krishnan's independence under the audit committee independence rules until early 2012. At that time, the Company notified Ms. Krishnan, who offered to (and did) repay the amount previously received by her son. The Company considers this director to be an independent audit committee member.

Table of Contents

In addition, the bylaws of the Company permit stockholders to nominate directors for consideration at an annual stockholder meeting. For a description of the process for nominating directors in accordance with the bylaws, please see *Stockholder Proposals and Director Nominations* below.

Board Diversity; Selection and Evaluation of Director Candidates

While the Board has not formally adopted a policy governing board diversity, it recognizes the importance of assembling a body of directors that, taken together, has the experience, qualifications, skills and attributes appropriate for functioning effectively as a board. The Governance Committee, with the participation of the full Board, is primarily responsible for reviewing the composition of the Board and for identifying candidates for membership on the Board, all in light of the Company's ongoing requirements, its assessment of the Board's performance and any input received from stockholders or other key constituencies. The Governance Committee makes determinations as to whether to recommend directors for re-election or director candidates' nomination to the Board based on their skills, character, judgment and business experience, as well as their ability to diversify and add to the Board's existing strengths. The Governance Committee typically seeks an appropriate mix of individuals with diverse backgrounds and skills complementary to the Company's business and strategic direction. This assessment typically includes issues of expertise in industries important to the Company (such as technology, life sciences, and premium wine), functional expertise in areas such as banking, global markets, venture capital, private equity, law, accounting, finance and information technology, and an assessment of an individual's abilities to work constructively with the other Board members and management. The Governance Committee also seeks certain characteristics common to all Board members, such as integrity, strong professional reputation, record of achievement, collegiality and ability and commitment to devote sufficient time and energy to Board service.

The Governance Committee has not formally established any minimum qualifications for director candidates. All nominees to be considered at the Meeting were recommended by the Governance Committee.

Director Qualifications

The Board believes that each of its current directors and its director nominee possesses particular attributes which qualify him or her to serve on the Board. In addition to the attributes specifically identified for each director in his or her respective biography below, the Board believes that all of the directors possess the following attributes enabling the Board to function effectively as a collective body: integrity, collegial spirit, sound business judgment, professionalism, ability to generate public confidence, ability to act independently, and availability and commitment to serve.

Communications with the Board

Individuals who wish to communicate with the Company's Board may do so by sending an e-mail to the Company's Board at bod@svb.com. Any communications intended for non-management directors should be sent to the e-mail address above to the attention of the Board Chairman. Board-related communications are reviewed by the Chairman of the Board and shared with the full Board as he determines appropriate.

Code of Ethics

The Company has a Code of Ethics that applies to our principal executive officer and our senior financial officers, including our principal financial officer and principal accounting officer. A copy of this Code of Ethics is available on the Company's website at www.svb.com under Corporate Governance, or can be obtained without charge by any person requesting it. To request a copy of our Code of Ethics, please contact: Lisa Bertolet, Stock Administration, SVB Financial Group, 3003 Tasman Drive, Santa Clara, California 95054, at telephone (408) 654-7400.

The Company intends to disclose any waivers from or changes in its Code of Ethics by posting such information on our website. No waivers or substantive changes were made during fiscal year 2011.

Proposal No. 1

ELECTION OF DIRECTORS

The Board of Directors Recommends a Vote For All Nominees

Pursuant to the Company's bylaws, the Board of Directors shall consist of at least eight (8), but no more than thirteen (13) members, with the exact number to be fixed by the Board of Directors. As of the Record Date, the Board has fixed the number of authorized directors at thirteen (13), and as of the date of the Meeting, the number will be fixed at twelve (12).

Additionally, under the Company's bylaws, the Board of Directors shall not have more than two directors who do not meet the definition of an Outside Director. An Outside Director is any director who meets the independence and experience requirements of the SEC and Nasdaq and who, in the opinion of the Board, has the ability to exercise independent judgment in carrying out the responsibilities of a director of the Company. Pursuant to the Board's director term limit policy, Outside Directors may not serve more than nine (9) consecutive one-year terms (excluding any partial time served); provided, however, that if in any one year, more than two (2) Outside Directors would be required to end their service on the Board of Directors because of the application of the term limit, the Board of Directors may at its discretion extend the term of one or more such directors for successive one year terms so as to avoid requiring more than three Outside Directors to end their service in any one year. Any Outside Director who has served the maximum term or resigned prior to serving the maximum term may be eligible to stand for election for another maximum term after a one-year waiting period, during which the director may serve as an advisory director. This term limit policy does not apply to the position of the Chairman of the Board.

Nominees for Director

All Proxies will be voted FOR the election of the following twelve (12) nominees recommended by the Board of Directors for a term of one year, unless authority to vote for the election of directors (or for any particular nominee) is withheld. With the exception of Messrs. Staglin and Maggioncalda, all of the nominees have served as directors of the Company since the last annual meeting of stockholders in April 2011. Mr. Staglin served as an advisory director of the Board in a non-voting capacity from February 2011 until his election to the Board in August 2011. Mr. Maggioncalda has been serving as an advisory director of the Board since October 2011.

All incumbent directors, except Messrs. Hart and Hardymon, are nominees for re-election to the Board. Messrs. Hart and Hardymon have fulfilled their director terms and will not be standing for re-election.

If any of the nominees should unexpectedly decline or be unable to act as a director, the Proxies may be voted for a substitute nominee designated by the Board of Directors. As of the date of this Proxy Statement, the Board of Directors has no reason to believe that any nominee will become unavailable and has no present intention to nominate persons in addition to or in lieu of those listed below. Directors of the Company serve until the next annual meeting of stockholders and until their successors are elected and qualified, or until their earlier death, resignation or removal.

Table of Contents

We are asking our stockholders to approve the amendment and restatement of our 2006 Equity Incentive Plan (the *Incentive Plan*) so that we can continue to use it to achieve our goals and also continue to receive a federal income tax deduction for certain compensation paid under the plan. Our Board of Directors has approved the amended and restated Incentive Plan, subject to approval from our stockholders at the Annual Meeting. Approval of the amended Incentive Plan requires the affirmative vote of a majority of the Votes Cast. Our named executive officers and directors have an interest in this proposal.

We are proposing to amend the Incentive Plan to increase the number of shares of our common stock (*shares*) that may be issued under the plan by 2,100,000. We are additionally requesting approval of the Incentive Plan so that awards granted under it can continue to qualify as performance based compensation under Section 162(m) of the Internal Revenue Code (discussed in greater detail below).

We believe strongly that the increase in shares issuable under the amended Incentive Plan is essential to our continued success and therefore is in the best interests of the Company and our stockholders. Our employees are our most valuable assets. The Board believes that grants of stock options and other equity awards available under the Incentive Plan help create long-term equity participation in the Company and thereby assist us in attracting, retaining, motivating and rewarding employees, directors, and consultants.

Additionally, approval of the Incentive Plan will allow us to continue to deduct in full for federal income tax purposes the compensation recognized by our executive officers in connection with certain awards granted under the plan. Section 162(m) generally denies a corporate tax deduction for annual compensation exceeding \$1 million paid to the chief executive officer and other covered employees as determined under Section 162(m) and applicable guidance. However, certain types of compensation, including performance-based compensation, are generally excluded from this deductibility limit. To enable compensation in connection with stock options, stock appreciation rights and certain restricted stock grants, restricted stock units, performance shares and performance units awarded under the Incentive Plan to continue to qualify as performance-based within the meaning of Section 162(m), we are asking our stockholders to approve the Incentive Plan.

The amended Incentive Plan does not differ from the current version of the Incentive Plan in any other material respect.

Summary of the Amended and Restated 2006 Equity Incentive Plan

The following is a summary of the principal features of the Incentive Plan, as amended, and its operation. The summary is qualified in its entirety by reference to the Incentive Plan itself set forth in Appendix A.

The Incentive Plan provides for the grant of the following types of incentive awards: (i) stock options, (ii) stock appreciation rights, (iii) restricted stock, (iv) restricted stock units, (v) performance shares and performance units, and (vi) other cash or stock awards. Each of these is referred to individually as an Award. Those who will be eligible for Awards under the Incentive Plan include employees, directors and consultants who provide services to the Company and its affiliates. As of December 31, 2011, approximately 355 employees and directors were eligible to participate in the Incentive Plan. During 2011, 337 current employees and directors received equity grants. No consultants participated in the Incentive Plan in 2011.

Number of Shares of Common Stock Available Under the Amended Incentive Plan. Subject to receipt of stockholders' approval, the Board has approved 2,100,000 shares of the Company's common stock for issuance under the Incentive Plan. A total of 3,000,000 shares of our common stock were initially authorized and reserved for issuance under the Incentive Plan plus (i) any shares that have been reserved but not issued under the Company's 1997 Equity Incentive Plan as of the date of stockholder approval of the Incentive Plan and (ii) any shares subject to stock options or similar award granted under the Company's 1997 Equity Incentive Plan that expire or otherwise terminate without having been exercised in full and shares issued pursuant to awards granted under the Company's 1997 Equity Incentive Plan that are forfeited or repurchased by the Company. In 2011, stockholders approved an increase of 425,000 shares to the Incentive Plan.

If this proposal is approved by our stockholders, a total of 3,486,360 shares will be available for issuance on the date of such approval (assuming for these purposes that after December 31, 2011, no additional grants of Awards are made and no shares are returned to the plan from terminating or expiring awards). Pursuant to

Table of Contents

the commitment letters we entered into with certain stockholders in 2006, we are subject to an annual equity burn rate limit. The total number of shares of our common stock subject to Awards granted under the Incentive Plan during a fiscal year may not exceed two and one-half percent (2.5%) of the total number of shares of common stock outstanding as of the beginning of such fiscal year. We may, in the future, amend these commitments to increase the burn rate limit.

Shares subject to Awards granted with an exercise price less than the fair market value on the date of grant, which would include Awards of restricted stock, restricted stock units, performance shares and performance units (*Full Value Awards*), count against the share reserve as two (2) shares for every one (1) share subject to such an Award. To the extent that a share that was subject to a Full Value Award that counted as two (2) shares against the Incentive Plan reserve pursuant to the preceding sentence is returned to the Incentive Plan, the Incentive Plan reserve will be credited with two (2) shares that will thereafter be available for issuance under the Incentive Plan.

If the Company declares a stock dividend or engages in a reorganization or other change in its capital structure, including a merger, the Administrator (as defined below) will have the discretion to adjust the number of shares (i) available for issuance under the Incentive Plan, (ii) subject to outstanding Awards, and (iii) specified as per-person limits on Awards, as appropriate to reflect the change.

Administration of the Amended Incentive Plan. The Board, or a committee of directors or of other individuals satisfying applicable laws and appointed by the Board, administers the Incentive Plan. To make grants to certain of the Company’s officers and key employees, the members of the committee must qualify as non-employee directors under Rule 16b-3 of the Securities Exchange Act of 1934, and as outside directors under Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*) (so that the Company can receive a federal tax deduction for certain compensation paid under the Incentive Plan). Subject to the terms of the Incentive Plan, the Board or its committee has the sole discretion to select the employees, consultants, and directors who will receive Awards, determine the terms and conditions of Awards, and interpret the provisions of the Incentive Plan and outstanding Awards. Notwithstanding the foregoing, the Board or committee may not modify or amend an option or stock appreciation right to reduce the exercise price of that Award after it has been granted (except for certain adjustments made pursuant to the Incentive Plan), cancel any outstanding option or stock appreciation right and replace it with a new option or stock appreciation right with a lower exercise price, or accelerate certain vesting provisions contained in the Incentive Plan other than upon or in connection with a change of control of the Company or upon or in connection with a participant’s termination of service due to death, disability or retirement. The Board or other committee administering the Incentive Plan is referred to below as the *Administrator*. The Board has delegated its authority to the Compensation Committee to administer the Incentive Plan.

Options. The Administrator is able to grant nonstatutory stock options and incentive stock options under the Incentive Plan. The Administrator determines the number of shares subject to each option, although the Incentive Plan provides that a participant may not receive options for more than 250,000 shares in any fiscal year, except in connection with his or her initial service with the Company, in which case he or she may be granted an option to purchase up to an additional 500,000 shares.

The Administrator determines the exercise price of options granted under the Incentive Plan, provided the exercise price must be at least equal to the fair market value of the Company’s common stock on the date of grant. In addition, the exercise price of an incentive stock option granted to any participant who owns more than 10% of the total voting power of all classes of the Company’s outstanding stock must be at least 110% of the fair market value of the common stock on the grant date.

The term of an option may not exceed seven (7) years, except that, with respect to any participant who owns 10% of the voting power of all classes of the Company’s outstanding capital stock, the term of an incentive stock option may not exceed five (5) years.

After a termination of service with the Company, a participant will be able to exercise the vested portion of his or her option for the period of time stated in the Award agreement. If no such period of time is stated in the participant’s Award agreement, the participant will generally be able to exercise his or her option for

Table of Contents

(i) three (3) months following his or her termination for reasons other than death or disability, and (ii) twelve (12) months following his or her termination due to death or disability. If a participant is terminated for cause, the option will immediately terminate. In no event may an option be exercised later than the expiration of its term.

Stock Appreciation Rights. The Administrator is able to grant stock appreciation rights, which are the rights to receive the appreciation in fair market value of common stock between the exercise date and the date of grant. The Company can pay the appreciation in cash, shares of common stock or a combination thereof. Stock appreciation rights will become exercisable at the times and on the terms established by the Administrator, subject to the terms of the Incentive Plan. The Administrator, subject to the terms of the Incentive Plan, will have complete discretion to determine the terms and conditions of stock appreciation rights granted under the Incentive Plan, provided, however, that the exercise price may not be less than 100% of the fair market value of a share on the date of grant. No participant will be granted stock appreciation rights covering more than 250,000 shares during any fiscal year, except that a participant may be granted stock appreciation rights covering up to an additional 500,000 shares in connection with his or her initial service as an employee with the Company.

The term of a stock appreciation right may not exceed seven (7) years. After termination of service with the Company, a participant will be able to exercise the vested portion of his or her stock appreciation right for the period of time stated in the Award agreement. If no such period of time is stated in a participant's Award agreement, a participant generally will be able to exercise his or her stock appreciation right for (i) three (3) months following his or her termination for reasons other than cause, death, or disability, and (ii) twelve (12) months following his or her termination due to death or disability. If a participant is terminated for cause, the stock appreciation right will immediately terminate. In no event will a stock appreciation right be exercised later than the expiration of its term.

Restricted Stock. Awards of restricted stock are rights to acquire or purchase shares of Company common stock, which vest in accordance with the terms and conditions established by the Administrator, subject to the terms and conditions of the Incentive Plan. For example, the Administrator may set restrictions based on the achievement of specific performance goals. The restrictions will lapse at a rate determined by the Administrator; provided, however, that with respect to restricted stock granted to employees and consultants, and except in the event of a change in control, Awards of restricted stock will not vest more rapidly than 1/3 of the shares of restricted stock subject to the Award each year from the date of grant (or the date of the participant's employment or service, as applicable), unless the Administrator determines that the Award is to vest upon the achievement of performance criteria and the period for measuring such performance will cover at least twelve (12) months. However, the Administrator may provide at the time of or following the grant of the Award for accelerated vesting for an Award of restricted stock upon or in connection with a change in control or upon or in connection with a participant's termination of service due to death, disability, or retirement. The Award agreement will generally grant the Company a right to repurchase or reacquire the shares upon the termination of the participant's service with the Company for any reason (including death or disability). The Administrator will determine the number of shares granted pursuant to an Award of restricted stock, but no participant will be granted a right to purchase or acquire more than 125,000 shares of restricted stock during any fiscal year, except that a participant may be granted up to an additional 250,000 shares of restricted stock in connection with his or her initial employment with the Company.

Restricted Stock Units. Awards of restricted stock units result in a payment to a participant only if the vesting criteria the Administrator establishes, subject to the terms and conditions of the Incentive Plan, is satisfied. For example, the Administrator may set restrictions based on the achievement of specific performance goals. The restricted stock units will vest at a rate determined by the Administrator; provided, however, that except in the event of a change in control, Awards of restricted stock units to employees or consultants will not vest more rapidly than 1/3 of the restricted stock units subject to the Award each year from the date of grant (or the date of the participant's employment or service, as applicable), unless the Administrator determines that the Award is to vest upon the achievement of performance criteria and the period for measuring such performance will cover at least twelve (12) months. Notwithstanding the foregoing,

Table of Contents

the Administrator, in its sole discretion, may provide at the time of or following the date of grant for accelerated vesting for an Award of restricted stock units upon or in connection with a change in control or upon or in connection with a participant's termination of service due to death, disability, or retirement. Upon satisfying the applicable vesting criteria, the participant will be entitled to the payout specified in the Award agreement. The Administrator, in its sole discretion, may pay earned restricted stock units in cash, shares, or a combination thereof. Restricted stock units that are fully paid in cash will not reduce the number of shares available for grant under the Incentive Plan. On the date set forth in the Award agreement, all unearned restricted stock units will be forfeited to the Company. The Administrator determines the number of restricted stock units granted to any participant, but during any fiscal year of the Company, no participant may be granted more than 125,000 restricted stock units during any fiscal year, except that the participant may be granted up to an additional 250,000 restricted stock units in connection with his or her initial employment with the Company.

Performance Units and Performance Shares. The Administrator will be able to grant performance units and performance shares, which are Awards that will result in a payment to a participant only if the performance goals or other vesting criteria the Administrator may establish in accordance with the terms and conditions of the Incentive Plan are achieved or the Awards otherwise vest. The Administrator will establish performance or other vesting criteria in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. The performance units and performance shares will vest at a rate determined by the Administrator; provided, however, that except in the event of a change in control, performance units and performance shares to employees or consultants will not vest more rapidly than 1/3 of the performance units and performance shares subject to the Award each year from the date of grant (or the date of the participant's employment or service, as applicable), unless the Administrator determines that the Award is to vest upon the achievement of performance criteria and the period for measuring such performance will cover at least twelve (12) months. Notwithstanding the foregoing, the Administrator, in its sole discretion, may provide at the time of or following the date of grant for accelerated vesting for an Award of performance units or performance shares upon or in connection with a change in control or upon or in connection with a participant's termination of service due to death, disability, or retirement. During any fiscal year, no participant will receive more than 125,000 performance shares and no participant will receive performance units having an initial value greater than \$1,000,000, except that a participant may be granted performance shares covering up to an additional 250,000 shares in connection with his or her initial employment with the Company. Performance units will have an initial dollar value established by the Administrator on or before the date of grant. Performance shares will have an initial value equal to the fair market value of a share of the Company's common stock on the grant date.

Limitation on Vesting of Full Value Awards. Up to 5% of the maximum aggregate number of shares authorized for issuance under the Incentive Plan may be granted without respect to any minimum vesting provisions under the Plan.

Performance Goals. Awards of restricted stock, restricted stock units, performance shares, performance units and other incentives under the Incentive Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code and may provide for a targeted level or levels of achievement including: assets; bond rating; cash flow; cash position; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings per share; economic profit; economic value added; equity or stockholder's equity; earnings; revenue; market share; net income; net profit; net sales; noninterest income as percent of total income; operating earnings; operating income; profit before tax; ratio of debt to debt plus equity; ratio of operating earnings to capital spending; return on equity; results of regulatory reviews and examinations; return on assets; return on sales; revenues; sales; or total return to stockholders. With respect to the Company as a whole or a business unit of the Company, any performance goals may be: (i) used to measure specific performance levels or growth over certain performance periods, and (ii) may be measured relative to a peer group or index.

Table of Contents

Transferability of Awards. Awards granted under the Incentive Plan are generally not transferable, and all rights with respect to an Award granted to a participant generally will be available during a participant's lifetime only to the participant.

Change of Control. In the event of a change of control of the Company, each outstanding Award will be assumed or an equivalent option or right substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event that the successor corporation, or the parent or subsidiary of the successor corporation, refuses to assume or substitute for the Award, the participant will fully vest in and have the right to exercise all of his or her outstanding options or stock appreciation rights, including shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on restricted stock will lapse, and, with respect to restricted stock units, performance shares and performance units, all performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an option or stock appreciation right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a change of control, the Administrator will notify the participant in writing or electronically that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the Administrator in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

Amendment and Termination of the Incentive Plan. The Administrator will have the authority to amend, alter, suspend or terminate the Incentive Plan, except that stockholder approval will be required for any amendment to the Incentive Plan to the extent required by any applicable laws. No amendment, alteration, suspension or termination of the Incentive Plan will impair the rights of any participant, unless mutually agreed otherwise between the participant and the Administrator and which agreement must be in writing and signed by the participant and the Company. The Incentive Plan will terminate on February 21, 2016, unless the Board terminates it earlier.

Number of Awards Granted to Employees, Consultants, and Directors

The number of Awards that an employee or consultant may receive, or that an outside director may receive, under the Incentive Plan is in the discretion of the Administrator and therefore cannot be determined in advance. The following table sets forth (a) the aggregate number of shares of common stock subject to options or other awards (if any) granted under the Incentive Plan during the last fiscal year, (b) the average per share exercise price of such options (or other awards (if any), and (c) the dollar value of such shares based on \$47.69 per share, the fair market value as of December 31, 2011:

Name of Individual or Group	Number of Shares Granted	Average Per Share Exercise Price	Dollar Value of Shares Granted
All executive officers, as a group:			
Options	98,795	\$ 60.17	\$ 4,711,534
Restricted Stock Units	97,500	N/A	4,649,775
All directors who are not executive officers, as a group:

Restricted Stock Units	22,164	N/A	1,057,001
All employees who are not executive officers, as a group:

Restricted Stock Units	205,783	N/A	9,813,791

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and use of Awards granted under the Incentive Plan. Tax consequences for any particular individual may be different.

Table of Contents

Nonstatutory Stock Options. No taxable income is reportable when a nonstatutory stock option with an exercise price at least equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by us. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Incentive Stock Options. No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more than two (2) years after the grant date and more than one (1) year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two (2)- or one (1)-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock, Restricted Stock Units, Performance Units and Performance Shares. A participant generally will not have taxable income at the time an Award of restricted stock, restricted stock units, performance shares or performance units, are granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the Award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. However, the recipient of a restricted stock Award may elect to recognize income at the time he or she receives the Award in an amount equal to the fair market value of the shares underlying the Award (less any cash paid for the shares) on the date the Award is granted.

Tax Effect for Us. We generally will be entitled to a tax deduction in connection with an Award under the Incentive Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to covered employees within the meaning of Section 162(m). Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the Incentive Plan, setting limits on the number of Awards that any individual may receive and for Awards other than certain stock options, establishing performance criteria that must be met before the Award actually will vest or be paid. The Incentive Plan has been designed to permit the Administrator to grant Awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to continue to receive a federal income tax deduction in connection with such Awards.

Section 409A. Section 409A of the Internal Revenue Code, or Section 409A, which was added by the American Jobs Creation Act of 2004, provides certain requirements on non-qualified deferred compensation arrangements. These include requirements with respect to an individual's election to defer compensation and the individual's selection of the timing and form of distribution of the deferred compensation. Section 409A also generally provides that distributions must be made on or following the occurrence of certain events (e.g., the individual's separation from service, a predetermined date, or the individual's death). Section 409A imposes restrictions on an individual's ability to change his or her distribution timing or form after the compensation has

Table of Contents

been deferred. For certain individuals who are officers, subject to certain exceptions, Section 409A requires that such individual's distribution commence no earlier than six (6) months after such officer's separation from service.

Awards granted under the Incentive Plan with a deferral feature will be subject to the requirements of Section 409A. If an Award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that Award may recognize ordinary income on the amounts deferred under the Award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an Award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as possible interest charges and penalties. In addition, certain states such as California have adopted similar provisions. It is the Company's intention to structure all Awards to comply with, or be exempt from, Section 409A.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECTS OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO AWARDS UNDER THE AMENDED INCENTIVE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

Our Board of Directors recommends that stockholders vote FOR the approval of the 2006 Equity Incentive Plan, as amended and restated, to increase the number of shares reserved for issuance thereunder.

The Company's Audit Committee (the Audit Committee) has prepared the following report for inclusion in this Proxy Statement. The Audit Committee is governed by a Board-adopted charter, a copy of which is available on the Company's website at www.svb.com. The charter specifies, among other things, the scope of the committee's responsibilities and how those responsibilities are performed. The Audit Committee members are independent as defined by Nasdaq, the listing standard applicable to the Company.

The primary responsibility of the Audit Committee is to act on behalf of the Board in fulfilling the Board's responsibility with respect to overseeing the Company's accounting and reporting practices and the quality and integrity of the Company's financial statements and reports, and the Company's internal control over financial reporting. The committee also reviews the qualifications, independence, and performance of the registered public accounting firm engaged as the Company's independent auditors. Management has the primary responsibility for the financial statements and the reporting process, as well as for the Company's internal controls. The Company's independent registered public accounting firm, KPMG LLP, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles, as well as an opinion on the effectiveness of the Company's internal control over financial reporting. In addition, the Audit Committee oversees the Company's internal audit function, which is responsible for reviewing and evaluating the effectiveness of the Company's internal controls.

The Audit Committee has reviewed and discussed with management its assessment and report on the effectiveness of the Company's internal control over financial reporting as of December 31, 2011, which it made using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control - Integrated Framework. The committee also has reviewed and discussed with KPMG LLP its review and report on the Company's internal control over financial reporting.

Moreover, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements. The Audit Committee discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61, *Communication with Audit Committees*. In addition, the Audit Committee received from the independent auditors the written disclosures and letter required by Public Company Accounting Oversight Board Rule 3526, *Communication with Audit Committees Concerning Independence*, and discussed with the independent auditors the auditors' independence from the Company and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011, for filing with the SEC.

This report is included herein at the direction of the members of the Audit Committee.

Table of Contents**Proposal No. 3****RATIFICATION OF APPOINTMENT OF****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****The Board of Directors Recommends a Vote For the Ratification of the Appointment
of KPMG LLP as the Company's Independent Registered Public Accounting Firm**

The Audit Committee has appointed the firm of KPMG LLP to be the independent registered public accounting firm of the Company for the 2012 fiscal year. KPMG LLP has audited the Company's financial statements since November 1994. While neither the Company's bylaws nor other governing documents require stockholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm, the Board is, based on the recommendation of the Audit Committee, submitting the appointment of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify such selection by the affirmative vote of the holders of a majority of the Votes Cast, the Audit Committee may reconsider its selection.

Representatives from the firm of KPMG LLP will be present at the Meeting and afforded the opportunity to make a statement if they desire to do so. They will also be available to respond to stockholders' questions.

PRINCIPAL AUDIT FEES AND SERVICES

The following table sets forth fees for services billed by or expected to be billed by KPMG LLP for the fiscal years 2011 and 2010, all of which were approved by the Audit Committee in conformity with its pre-approval process:

Audit-related fees (1)	198,391	203,685
Tax fees (2)	569,274	497,665
All other fees (3)	273,581	638,151
Total	\$ 5,187,644	\$ 5,388,151

(1) Consists principally of fees billed or expected to be billed related to reviews of internal controls for selected information systems and business units (SSAE 16 audits), and services related to proposed accounting standards.

(2) Represents fees for services provided in connection with the Company's tax compliance, tax advice and tax planning.

(3) Represents fees for advisory services relating to the Company's global banking initiatives, analysis of certain accounting standards and processes, and analysis of outsourcing initiatives.

In accordance with its charter, the Audit Committee must explicitly approve the engagement of the independent auditor for all audit and permissible non-audit related services, as required by law. The charter also provides that, to the extent permitted by applicable law, the Audit Committee may adopt pre-approval policies and procedures, as well as delegate authority to grant approvals to one or more members of the Audit Committee. During the fiscal years 2011 and 2010, all such services provided by KPMG LLP were approved or pre-approved by the Audit Committee. Additionally, all non-audit related services provided by KPMG LLP were reviewed with the Audit Committee, which concluded that the provision of such services did not compromise KPMG LLP's independence in the conduct of its auditing function. KPMG LLP also confirmed their independence to the Audit Committee.

ADVISORY (NON-BINDING) VOTE ON THE COMPANY'S EXECUTIVE COMPENSATION

The Board of Directors Recommends a Vote FOR the Approval of the Compensation of our Named Executive Officers, as Disclosed in this Proxy Statement

In 2011, pursuant to the recommendation of our Board of Directors, our stockholders approved the frequency of our advisory vote to approve our executive compensation (otherwise known as "Say on Pay") to be on an annual basis. Accordingly, we are submitting this Say on Pay vote to provide our stockholders with the opportunity to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers ("NEOs") as further described in the "Compensation Discussion and Analysis" section of this Proxy Statement, including the compensation tables and narrative discussion. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement.

We ask our stockholders to indicate their support for our executive compensation program for our NEOs and vote FOR the following resolution at the Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Because your vote is advisory, it will not be binding upon the Board or the Compensation Committee and may not be construed as overruling any decision by the Board or the Compensation Committee. However, the Board and Compensation Committee may, in each of their sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

Stockholders are encouraged to carefully review the "Compensation Discussion and Analysis" and "Compensation for Named Executive Officers" sections of this Proxy Statement for a detailed discussion of the Company's executive compensation program for our NEOs.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (*CD&A*) discusses our 2011 executive compensation program, primarily as it relates to our five named executive officers that are currently serving as executive officers (each, an *NEO*): (i) **Greg Becker**, President and Chief Executive Officer, (ii) **Michael Descheneaux**, Chief Financial Officer, (iii) **David Jones**, Chief Credit Officer, (iv) **Joan Parsons**, Head of US Banking, and (v) **Mary Dent**, General Counsel. We also discuss our 2011 compensation for **Ken Wilcox**. Mr. Wilcox served as Chief Executive Officer until April 2011. He is currently leading our effort to expand the Bank's Asia strategy, including the formation of a joint venture bank in China and serving as Chairman of Silicon Valley Bank.

² In 2011, the Committee shifted the emphasis on long term compensation from cash to equity. As such, no new long-term cash incentive awards were granted in 2011; however, we made 2011 payouts for awards granted in 2010 under our Long-Term Cash Incentive Plan for the 2010-2012 performance period. The plan was adopted in 2010 primarily to help manage our equity burn rate. The Committee intends to terminate this plan upon completion of the 2010-2012 period.

Table of Contents**2011 Executive Compensation Highlights**

Specific highlights of our 2011 executive compensation program include:

- ii **2011 Executive Compensation Summary.** Our executive compensation consists of various key short-term/long-term and fixed/variable components of compensation, with varying earnings opportunities. Below is a summary of the outcomes of each component for 2011:

Compensation Component	Type of pay	Earnings Opportunity*	Performance Measures Used to Determine Compensation	2011 Outcomes
Base Salary	Fixed Cash	Fixed	---	Fixed
Annual Cash Incentives	Variable Cash	Dependent on performance; executive pool subject to maximum funding of 200% of aggregate target	Return on average equity (<i>ROE</i>); and company /individual performance	200% of executive pool funded
Stock Options	Fixed Equity Award (value subject to stock price)	Dependent on stock price appreciation	---	Fixed equity award** (value subject to stock price)
Performance-Based Restricted Stock Units (<i>PRSU</i> s)	Variable Equity	0% to 150% of target	Relative total stockholder return (<i>TSR</i>)	50% of target earned**
Restricted Stock Units (<i>RSU</i> s)	Fixed Equity Award	Dependent on stock price	---	Fixed equity award**
Long-Term Cash Incentives***	Variable Cash	75% to 125% of target	Book value (<i>BV</i>) (50%) & TSR (50%)	100% of target (cumulative 2010-2011)

* Payouts are generally paid within the ranges noted; however, the Committee retains discretion to pay above or below the ranges based on individual performance.

** Subject to time-based vesting

*** Based on awards granted in 2010 for the 2010-2012 performance period under the Long-Term Cash Incentive Plan. There were no new awards granted in 2011 under this plan.

- ii **Continued emphasis in the design of our compensation structure on performance-based target pay.**

i *CEO: 61% performance-based pay, 39% non-performance-based pay*

i *Other NEOs (on average): 56% performance-based pay, 44% non-performance-based pay*

- ii ***Shifted long-term compensation emphasis from cash to equity.***
 - i We replaced long-term cash incentives with long-term equity incentives to align the interests of our NEOs and our stockholders.
 - i We expanded the mix of equity awards to our NEOs by adding restricted stock units (20%), and continued to include stock options (46%) and performance-based restricted stock units (34%).
- ii ***Maintained NEO base salaries at 2010 levels, except for a promotional increase for Mr. Becker as CEO.***
- ii ***Designed compensation packages for our new and former CEOs that are aligned with our business objectives and performance.***
 - i ***New CEO.*** As a result of our multi-year succession planning efforts, we promoted our incumbent President Greg Becker as our CEO in April 2011.
 - i ***Transition of former CEO to new global role.*** Mr. Wilcox served as CEO until April 2011. At that time, he transitioned into a new key role to expand our Asia strategy (including establishing our joint venture bank in China), which included his international assignment (and temporary relocation) to China.
- ii ***Strong stockholder support of 2011 Say on Pay vote.*** We received 95% of the votes cast in approval of our 2010 executive compensation program (as described in our 2011 proxy statement).

Additional Executive Compensation Program Features

Our executive compensation program is also based on the following prudent compensation governance principles:

- ii ***No pensions or SERPs.*** We do not provide any pension, excess retirement, or supplemental executive retirement (***SERP***) plans to any executive, other than participation in our 401(k) plan.

- ii ***No executive benefit programs.*** We do not have any programs that offer benefits exclusively to our executives. Our executives receive the same retirement, health, welfare and other benefits that are generally available to all our U.S. employees, and may also participate in certain programs that are available to members of senior management, such as our Deferred Compensation Program.

- ii ***No executive perquisite program.*** We do not have any executive perquisite programs. From time to time, we may provide benefits that may be considered perquisites, on a limited or exception basis, which we disclose as required by applicable rules. In 2011, we provided certain benefits to Mr. Wilcox, primarily relating to his international assignment and temporary relocation to Asia. (See *2011 Compensation for Ken Wilcox* below.)

- ii ***Our incentives are subject to certain performance minimums and maximum limits on incentive awards.***³ We establish minimum thresholds for certain incentives where awards/payouts may not be earned or made unless actual performance meets or exceeds thresholds, such as our PRSUs and our long-term cash incentives. We also establish maximum limits, such as our PRSU awards, long-term cash incentives, and funding for our annual cash incentives funding and broad-based profit sharing plan.

- ii ***Our executives equity awards are made under our equity plan that have the following features:***
 - i No evergreen provision
 - i Minimum 3 year time-based vesting for full value awards
 - i Minimum 100% fair market value exercise price for options
 - i Minimum 1 year vesting for performance-based full value awards (although NEO performance-based equity awards are subject to performance conditions and time-based vesting)
 - i No repricing without stockholder approval
 - i Maximum seven-year term for options
 - i Annual burn rate maximum of 2.5% (under commitment letter with certain stockholders)
 - i Each full value award share counted as two shares
(For more information about our 2006 Equity Incentive Plan, please see *Proposal No. 2* on page 22.)

Edgar Filing: SVB FINANCIAL GROUP - Form DEF 14A

- ii **Equity ownership guidelines.** To align economic interests with stockholders, our executive officers are subject to equity ownership guidelines, which are monitored on a regular basis. As of December 31, 2011, all NEOs satisfied their respective ownership requirements.

- ii **No employment agreements.** We do not have any employment agreements with any of our executive officers. We entered into an at-will employment letter agreement with Mr. Wilcox to memorialize his compensation and temporary relocation arrangement.

- ii **Competitive benchmarking.** In making compensation decisions, we consider compensation data from our benchmarking reference peer group and routinely review the composition of the companies within the peer group. Our current peer group is comprised of 21 financial institutions.

- ii **Compensation risk management.** We conduct annual compensation risk assessments so that our compensation-related risks are not reasonably likely to have a material adverse effect on the Company.

Executive Compensation Philosophy

We have retained a consistent overarching compensation philosophy that we believe appropriately reflects our business objectives, the diverse nature of our lines of business, the relative complexity this business diversity represents in an organization of our size, appropriate risk management practices, emerging trends in executive compensation (particularly for financial institutions), stockholder interests and market practices.

The key principles of our executive compensation philosophy are to:

Align compensation with business objectives and stockholder interests. Our executive compensation plans are designed to:

- i Tie pay to Company and individual performance by setting appropriate performance metrics.
- i Provide for executive equity ownership to align economic interests with stockholders.
- i Take into account the dynamics of the market and business environment within which the Company and management operate.

Establish an appropriate mix of performance-based pay and non-performance based pay, with an emphasis on performance-based pay.

Establish an appropriate mix of long-term performance incentive compensation and short-term (annual) incentive compensation, with an emphasis on long-term.

Base incentive compensation on Company and individual performance without encouraging undue risk-taking.

Pay competitively, relying primarily on external market peer group standards while also considering internal parity and the importance of creating a cohesive, well-aligned management team.

In addition, our executive compensation program is grounded in appropriate governance oversight, processes and risk controls (including annual risk assessment reviews), and is designed to comply with all applicable laws and regulations.

Compensation Governance

Our executive compensation program is subject to the oversight of the Committee pursuant to its authority as outlined in its charter, including the design and administration of executive compensation plans and the approval of executive compensation. In carrying out its oversight responsibilities, the Committee routinely reports to and consults with the Board on compensation matters. In addition, the Committee retains an independent compensation consultant, and where appropriate, discusses compensation related matters with our Chief Executive Officer.

Role of Compensation Committee

The Committee is responsible for overseeing the compensation program and strategies of the Company and approving director and executive compensation and equity awards. The Committee is composed of directors who are independent under applicable Nasdaq rules. Committee members hold meetings on a regular basis (11 meetings in 2011), and routinely meet in executive session without management present. The Committee reports regularly to the Board on the actions it has taken, and makes recommendations for any compensation-related matters that

require Board approval. During 2011, the Board did not reject or modify in any material way any action of or recommendation by the Committee.

Role of Compensation Committee Consultant

The Committee has retained Pay Governance LLC, an independent outside compensation consultant, to provide guidance on all compensation matters under its oversight responsibilities. The Committee in its sole discretion selects the consultant, determines the scope of the consultant's responsibilities, and determines the consultant's compensation.

Table of Contents

The services provided to the Committee by its outside compensation consultant in 2011 include: support in the Committee’s effort to periodically review and update, as appropriate, the Company’s compensation philosophy and strategies; advice on executive and director compensation levels and practices, including review and recommendations on CEO compensation; advice on the Company’s peer group; guidance on the design of our compensation plans; assistance with the Committee’s periodic review of potential risks associated with the Company’s compensation programs; analysis of Company equity utilization; and periodic reports to the Committee on market and industry compensation trends and regulatory developments. The Committee did not engage Pay Governance for any additional services outside of executive compensation consulting during 2011.

Role of Chief Executive Officer

From time to time, our CEO will attend portions of the Committee’s meetings to discuss the Company’s performance and compensation-related matters. The CEO does not attend executive sessions. While he does not participate in any deliberations relating to his own compensation, he reviews on at least an annual basis the performance of each of the other NEOs and other executive officers. Based on these performance reviews and the Company’s overall performance, our CEO makes recommendations to the Committee on any changes to base salaries, incentive compensation awards and equity awards. The Committee considers the recommendations submitted by our CEO, as well as data and analyses provided by management, but retains full discretion to set all executive compensation.

Our CEO and management may from time to time retain an outside compensation consultant to provide management with guidance on our compensation program and management’s recommendations to the Committee. Management’s consultant does not provide any services to the Committee or any non-compensated-related services to the Company.

Executive Compensation Competitive Benchmarking

In making compensation decisions, the Committee considers competitive compensation data from the Company’s benchmarking reference peer group and periodically reviews the composition of companies within that peer group. In determining the composition of the peer group, the Company considers various factors and characteristics including market capitalization, asset size, assets under management, number of employees, business model and complexity of the platform, and performance on financial and market-based measures.

During 2011, the Committee, along with management and the outside consultants of the Committee and management, reviewed the peer group used in 2010 and considered whether to add any other financial institution peer companies. Ultimately, they determined that the companies named in the existing peer group continued to be appropriate and relevant and no changes were required. Accordingly, the 2011 peer group continued to consist of the following 21 companies (the **Peer Group**):*

Associated Banc-Corp	East West Bancorp, Inc.	TCF Financial Corporation
Bank of Hawaii Corp	First Citizens Bancshares, Inc.	UMB Financial Corporation
BOK Financial Corp	FirstMerit Corporation	Umpqua Holdings Corporation
CapitalSource Inc.	Investors Bancorp, Inc.	Valley National Bancorp
City National Corporation	MB Financial, Inc.	Webster Financial Corporation
Commerce Bancshares, Inc.	Prosperity Bancshares, Inc.	
Cullen/Frost Bankers, Inc.	Raymond James Financial, Inc.	
CVB Financial Corp.	Signature Bank	

* Whitney Holding Corporation has been deleted from the list which was acquired in June 2011.

While the Committee did not change the composition of the Peer Group, it did consider a broader group of financial institutions for comparative purposes, including the Company’s key competitors and other companies with whom the Company competes for executive talent.

Table of Contents

In addition, the Committee referred to this Peer Group for corporate performance benchmarking. In particular, we measure our total stockholder return performance, relative to this Peer Group, for our 2011 PRSU awards and our Long-Term Cash Incentive Plan awards for the 2010-2012 performance period. See *Equity Incentives and Long-Term Cash Incentives* below.

2011 Executive Compensation

The highlights of our 2011 executive compensation are as follows:

We continued to design total target compensation packages for our NEOs that emphasize long-term pay and performance-based pay, to drive performance and executive retention. The 2011 target total pay mix for our CEO and, on average, for the other NEOs was as follows:

2011 Target Total Executive Compensation Mix

Balanced Long-Term/Short-Term Pay Mix That Emphasizes Performance

Long-Term Compensation:	Short-Term Compensation:	Performance-Based:	Non-Performance Based:
Performance-based RSUs	Base salary	Annual cash incentives	Base salary
Stock options	Annual cash incentives	Performance-based RSUs	RSUs
RSUs		Stock options	

* Does not include Mr. Becker's one-time special equity grant in connection with his promotion as CEO.

We shifted our long-term compensation emphasis from cash to equity for our NEOs (excluding Mr. Wilcox). In 2010, to help manage our equity burn rate, we adopted our Long-Term Cash Incentive Plan (*Cash LTIP*), which rewards our NEOs in cash for performance over multi-year periods. In 2010, we made awards subject to performance over the three year period between 2010-2012 (the **2010-2012 Performance Period**). In 2011, we decided to place more emphasis on our long-term compensation with equity instead of cash. We believe equity incentives align better with stockholder interests and our business focus on long-term growth. As such, we did not make any additional awards under the Cash LTIP in 2011, and instead focused long-term incentives on equity-based awards. In doing so, we also expanded the mix of equity awards to our NEOs by adding restricted stock units, and continued to include stock options and performance-based restricted stock units.

2011 Compensation for Greg Becker

Mr. Becker became the Company's CEO in April 2011. The Board and Mr. Becker's predecessor, Ken Wilcox, engaged in a multi-year succession planning effort, which culminated in Greg Becker's promotion to CEO in April 2011.

Mr. Becker joined the Company in 1993. He has served in a variety of leadership roles over his 19 year career with the Company. Most recently, Mr. Becker served as President of Silicon Valley Bank and SVB Financial Group. Prior to that role, he served as Chief Operating Officer and Chief Banking Officer, where he was

responsible for leading the commercial bank's sales and operational efforts in the 26 U.S. offices and international subsidiaries in the U.K., Israel, India and China. Mr. Becker has also served as the division manager for the Company's Venture Capital Group; as a Managing Director for several of the Company's venture capital funds; and in other banking and funds roles.

In his inaugural year as CEO, Mr. Becker's goals focused on three core areas: financial performance, long term strategy, and leadership (including client satisfaction, employee engagement, and effective compliance/regulatory results).

In accordance with its general approach to compensation, the Committee determined Mr. Becker's total pay and each of the components based on a review of peer compensation, as well as his level of experience and expertise. Mr. Becker received a total pay package which included the following specific promotion-related compensation: a 14% increase in base salary, a new annual cash incentives target of 70% of base salary, and a one-time special promotion equity grant (subject to cliff vesting after four years). See *Elements of Compensation* below.

2011 Compensation for Ken Wilcox

Mr. Wilcox served as the Company's CEO for a ten-year period, until April 2011. The Company's performance during the first half of 2011 and throughout the remainder of the year reflected Mr. Wilcox's leadership, business planning and effective succession planning.

When Mr. Wilcox decided to step down from the role of CEO, the Company's Board asked him to continue to work for the Company and lead the Bank's Asia strategy. One of the Company's most important and most complex growth initiatives is its international expansion. In particular, we view the expansion of the SVB platform into Asia as our most significant long term strategic initiative, in terms of both its potential to drive growth as well as its complexity. Mr. Wilcox agreed to temporarily relocate to China and to be personally responsible for expanding the broad Asia strategy and specifically lead the Company's planned joint venture bank in China. This effort will draw upon the experience and skills we believe Mr. Wilcox uniquely holds, including the relationship building and communication skills, which will enable him to establish and maintain strong working relationships with our joint venture partner, Shanghai Pudong Development Bank, and with regulatory authorities in China and the United States. In addition, we believe that having an individual of Mr. Wilcox's caliber leading the Company's efforts in Asia will enhance Mr. Becker's overall effectiveness, by allowing him to devote more of his time to the remainder of the Company's business.

In addition to his responsibilities in Asia, Mr. Wilcox's role included Chairman of the Board of Directors of Silicon Valley Bank and member of the Board of Governors of the Federal Reserve Bank in San Francisco.

Given the importance of Mr. Wilcox's responsibilities and his agreement to relocate to China, we decided to maintain Mr. Wilcox's total target compensation at 2010 levels (excluding costs related to his temporary assignment to China). We shifted his long term variable pay from equity to cash, in order to provide a more effective incentive delivery approach for Mr. Wilcox and to preserve appropriate levels of equity for management and employees while maintaining an acceptable level of overall dilution. We also set an internal guideline of \$4.0 million as the maximum amount of annual compensation for Mr. Wilcox, including base salary, annual cash incentives, and long-term cash incentives (excluding Cash LTIP payouts and costs related to his temporary assignment to China) (the *Maximum Guideline*).

Table of Contents

We entered into a letter agreement with Mr. Wilcox containing the terms of his international assignment and temporary relocation arrangement in China. Under its terms, the agreement has an expected assignment termination date of December 31, 2012 (but is subject to extension or earlier termination). Moreover, under this agreement, Mr. Wilcox received for 2011 an estimated total of \$782,386 in benefits relating to his international assignment and temporary relocation to China, which included: (i) one-time relocation payments of \$19,526, (ii) local housing benefits and living expenses of \$106,217, (iii) transportation and home travel benefits of \$54,097, and (iv) total estimated taxes to be paid by the Company under a tax equalization arrangement of approximately \$602,546 (Tax Amount). Our tax equalization arrangement with Mr. Wilcox is intended to offset any additional taxes he is expected to incur as a result of his international assignment due to China's higher income tax rates. He continues to be obligated to pay taxes on all of his income to the same extent as he would in the United States. The estimated portion of the Tax Amount is currently calculated based on certain assumptions that we believe are, to some extent, conservative. The actual amount to be paid may differ from our current estimate. We believe these costs relating to his temporary assignment, including the Tax Amount, are appropriate, given Mr. Wilcox's role and the importance of his physical presence in China to lead our efforts to expand our Asian presence and to establish our Chinese joint venture bank.

**Health/Welfare
and Retirement
Programs;
Perquisites**

As further discussed below, executives receive health, welfare and retirement benefits that are generally available to employees. *(See also Other Post-Employment Benefits below.)*

We do not have any executive perquisite programs. From time to time, we may provide benefits that may be considered perquisites, on a limited or exception basis, which we disclose as required by applicable rules. In 2011, we provided certain benefits to Mr. Wilcox, primarily relating to his international assignment and temporary relocation to Asia.

Base Salary

We provide base salaries in order to provide each NEO with a reasonable level of fixed short-term compensation. Base salary levels for our NEOs are typically reviewed at least annually by the Committee and adjusted as appropriate. When determining any NEO base salary increases, the Committee considers an individual NEO's total compensation package, his or her performance, Company performance, applicable laws and regulations, and other relevant factors, including for example the scope of the NEO's responsibilities relative to peers and retention concerns, if any. The Committee also takes into consideration changes in the competitive market base salaries among our Peer Group for the position in question.

Table of Contents

The Committee did not make any changes to the annual base salaries of our NEOs, except for Mr. Becker, who received a promotional increase effective as of April 21, 2011, the date he assumed the position of Chief Executive Officer:

NEO/Other Executive	Amount of Increase	2011 Annual Base Salary
Greg Becker	\$ 100,000 (Promotion-related)	\$ 800,000
Michael Descheneaux		485,000
David Jones		400,000
Joan Parsons		385,000
Mary Dent		360,000
Ken Wilcox		1,000,000

Annual Cash Incentives

Our NEOs and Mr. Wilcox participate in the Company's Incentive Compensation Plan for executives (*ICP*), an annual cash incentive plan that rewards performance against individual and company objectives.

NEO Target Awards

For each participant, the Committee establishes a target incentive, stated as a percentage of the individual's annual base salary:

NEO/Other Executive	Target ICP
Greg Becker	70%
Michael Descheneaux	40
David Jones	40
Joan Parsons	45
Mary Dent	50
Ken Wilcox	70

The Committee did not change the target ICP for Mr. Wilcox or any of the NEOs, other than Mr. Becker. In connection with Mr. Becker's promotion to CEO, the Committee increased his target ICP from 40% to 70%.

ICP Funding

The Committee establishes one or more metrics that it will use to measure company performance for ICP funding purposes. Similar to prior years, for 2011, the Committee established ROE relative to the Board-approved annual budget as the ICP performance metric. The Committee continues to believe that ROE is an appropriate indicator of financial performance that is directly related to the creation of stockholder value.

Table of Contents

At the beginning of the year, the Committee determines the extent to which the Company will fund the incentive pool. The graph below illustrates the relationship in 2011 between (i) achieved ROE as a percentage of the annual plan, and (ii) the percentage of the target incentive pool accrued for the NEOs. There is a maximum funding amount of 200% of target payment for achievement of 125% or over of our budgeted ROE under our annual plan.

The Committee retains discretion to fund up to 50% of the target ICP pool for performance below the 90% threshold, if and when it believes that making partial ICP payments are in the Company's interests. The Committee decides in its sole discretion over whether and to what extent it will fund or spend the provisional pool and in no way does this pool represent a form of guaranteed incentive payments. The Committee did not approve any provisional funding pool for 2011 because of the Company's above-target ROE performance.

In addition, the Committee retains discretion to determine the extent to which the Company met its ICP performance target, including discretion to consider adjustments for certain out of the ordinary items, such as non-recurring accounting items. In the second quarter of 2011, per management's recommendation, the Committee excluded certain non-recurring investment gains.

2011 NEO ICP Awards

At the close of the year, the Committee determines actual incentive awards for the NEOs based upon the individual's target incentive level, the Company's performance, and the individual NEO's performance. ICP awards for NEOs may be at, above, or below the target incentive and are made at the sole discretion of the Committee.

In determining each NEO's performance, the Committee considered a variety of factors that it believed to be relevant, including each NEO's contributions to (i) the Company's business and financial results, (ii) the Company's successful execution of its 2011 corporate initiatives, and (iii) broader leadership within the organization. For Mr. Becker, the Committee considered the performance assessment conducted by the Board. For the other NEOs, the Committee considered the performance assessments conducted by Mr. Becker. In addition to these management assessments, the Committee considered its direct observations and assessments of each NEO's performance.

Table of Contents

The Committee determined that the NEOs had earned the following incentive awards for 2011: *(All items denoted with an asterisk (*) indicate Company record amounts for the year.)*

Equity Incentives

Each NEO is eligible to receive equity awards, including stock options, restricted stock units and restricted stock awards under our 2006 Equity Incentive Plan. The Company believes that equity-based awards, particularly in combination with the Company's equity ownership guidelines as discussed below, tie each of the NEOs' compensation to the Company's long-term financial performance and align the interests of the NEOs and our stockholders. For the reasons discussed above, the Company did not grant equity incentives to Mr. Wilcox in 2011, and does not expect to grant equity incentives to Mr. Wilcox in 2012.

The Committee typically makes equity awards to each NEO at the time the individual is hired or promoted, and annually thereafter. The size of the awards reflects the overall number of shares available to the

Table of Contents

Company under its equity incentive plan, the Committee's determination of an appropriate annual equity burn rate (the percentage of total shares outstanding that the Company has issued during the year in the form of equity compensation), the NEO's role and performance, and the market compensation data for the NEO's external peers.

In 2011, in an effort to tie more executive compensation to the future performance of the Company's common stock, the Committee discontinued new awards under the Cash LTIP, and increased long-term equity compensation. The Committee determined a target long-term equity award total value for each NEO and, effective as of April 27, 2011, awarded each NEO the following mix of performance-based (80%) and non-performance-based (20%) equity awards, as further discussed below:

NEO/Other Executive	NEO Equity Awards Granted in 2011		
	Number of Shares of the Common Stock Subject to:		
	Non-Performance-Based	Performance-Based Equity Awards (80%)	
	Equity Awards (20%)	Restricted Stock Units	Stock Options
	(20%)	(46%)	Stock Units (34%)
			(Target)
Greg Becker	5,000	24,000	9,000
Michael Descheneaux	3,000	16,000	6,000
David Jones	2,000	10,000	4,000
Joan Parsons	2,000	7,000	3,000
Mary Dent	2,000	9,000	3,000
Ken Wilcox	---	---	---

The **stock options** and **restricted stock units (RSUs)** are subject to annual vesting over a four-year period. The stock options have a maximum term of seven years. The Committee did not establish performance-based criteria, as the value of these stock options, and any increase in the value of the RSUs, are inherently tied to the future performance of the Company's common stock.

The **performance-based restricted stock units (PRSUs)** are subject to performance-based vesting over a one-year period and if earned, time-based vesting until December 20, 2013. The Committee determines at its discretion the performance conditions upon which the awards are earned, which for 2011, was the Company's TSR performance, as measured against its Peer Group:

Relative TSR	Bottom Quartile	Second Quartile	Third Quartile	Top Quartile
Performance (Against Peer Group)	(0-25% of 2011 Peer Group Performance)	(26-50% of 2011 Peer Group Performance)	(51-75% of 2011 Peer Group Performance)	(>75% of 2011 Peer Group Performance)

<i>Extent of PRSUs Earned</i>	<i>0% of Target</i>	<i>50% of Target</i>	<i>100% of Target</i>	<i>150% of Target (Maximum)</i>
-------------------------------	---------------------	----------------------	-----------------------	---------------------------------

After the end of the year, the Committee determined whether (and to what extent) the NEOs had earned the PRSUs, based on the Company's performance against the TSR. As calculated for purposes of the PRSUs, the Company's 2011 TSR ranked within the second quartile, or between 26% and 50% of TSR performance for the Peer Group. Accordingly, the Committee determined that the NEOs had earned 50% of their respective target PRSUs. The earned PRSUs are subject to further time-based vesting and will vest on December 20, 2013, subject to each respective NEO's continued employment or other service to the Company.

In addition, in connection with his promotion as CEO, Mr. Becker received a one-time promotion award of 19,000 restricted stock units, all of which is subject to cliff vesting on April 27, 2015, the fourth anniversary of the effective date of grant, subject to continued employment through such date.

Table of Contents

Long-Term Cash Incentives

The Committee did not make any new long-term cash incentive awards to any NEO in 2011. During 2011, Mr. Wilcox was eligible to earn an LTI Award of up to \$2.3 million. 50% of the award was subject to the Company's TSR performance, as measured against its Peer Group (determined in the same manner as the NEOs' PRSUs, as described above), and 50% was based on performance conditions specifically relating to the Company's global expansion, including progress made on our Chinese joint venture bank. Based on the Company's relative TSR performance and the significant progress made in preparation of our Chinese joint venture bank, and after the application of the Maximum Guideline, the Committee awarded Mr. Wilcox a total payment of \$1.6 million for 2011, payable in three annual installments.

During 2010, the Company had implemented the Cash Long Term Incentive Plan (Cash LTIP) to increase the proportion of long-term performance-based pay in our NEOs' total target compensation packages and to manage the Company's equity burn rate. In 2011, the Committee increased the NEOs' long-term equity incentives (as discussed above under *Equity Incentives*), and discontinued making new awards under the Cash LTIP. The only awards made under the Cash LTIP plan were in 2010, which cover the 2010-2012 performance period.

Cash LTIP awards are deemed earned at the Committee's sole discretion and are not guaranteed. The Committee determined 2011 payouts for the 2010 awards based on the Company's book value growth and relative total shareholder return performance during the 2010-2012 performance period, as follows:

Target Award Payment:	75% of Target Award (Threshold Payment)	100% of Target Award (Target Payment)	125% of Target Award (Maximum Payment)
Book Value Growth*	90% of Annual Book Value Growth Target	100% of Annual Book Value Growth Target	110% of Annual Book Value Growth Target
(50% of Target)	Lower 35% of Peer Group TSR	Middle 30% of Peer Group TSR	Upper 35% of Peer Group TSR
Company TSR, as measured against range of Peer Group TSR			
(50% of Target)			

* The calculation of the actual award is intended to be calculated on a linear basis based on the achievement against established book value goals, subject to the Committee's discretion to adjust the award.

While the Committee intends to primarily consider the above performance goals to determine 2012 payouts under the 2010 awards, the Committee may approve actual awards based on other factors it deems appropriate and adjust the award at its complete discretion.

For 2011, the Committee approved the following Cash LTIP payments for the NEOs and Mr. Wilcox. The Committee considered, among other things: (i) the Company's achievement of over 110% of its book value target for 2010 and 2011; (ii) the Company's TSR for 2010 - 2011, which ranked within the middle 30% of the Peer Group; and (iii) overall Company performance. The Committee approved payments of 100% of target for 2011 to each NEO (after adjusting for amounts previously paid for 2010 in order to reflect the cumulative performance of the 2010-2011 period):

Participant	Target Award for 2010-2012 Three-Year Performance Period	One-Year Award for Fiscal Year 2011 (30% of total target award)
Greg Becker	\$ 212,600	\$ 63,780
Michael Descheneaux	107,800	32,340
David Jones	150,000	45,000
Joan Parsons	181,500	54,450
Mary Dent	60,000	18,000
Ken Wilcox	900,000	270,000

After the 2010-2012 performance period is completed, it is the Committee's intention to terminate the Cash LTIP.

Executive Benefits

Deferred Compensation

We do not provide NEOs with any Company-funded deferred compensation benefits. However, in order to help them achieve their retirement objectives, we offer each NEO the opportunity to tax-defer a portion of their income, beyond what is allowed to be deferred in the Company's qualified retirement plan. Specifically, under our Deferred Compensation Plan (*DCP*), each individual may defer 5% to 25% of their base pay and 5% to 100% of eligible incentive payments during each plan year. The DCP is an unfunded plan, and participating executives bear the risk of forfeiture in the event that we cannot fund DCP liabilities. We do not match executive deferrals to the DCP, nor do we make any other contributions to the DCP. See *Compensation for Named Executive Officers Non-Qualified Deferred Compensation* below.

We establish and maintain a bookkeeping account for each participant which reflects compensation deferrals made by the executive along with any associated earnings, expenses, gains and losses. The amount in a participant's account is adjusted for hypothetical investment earnings or losses in an amount equivalent to the gains or losses reported by the investment options selected by the participant from among the investment options designated for this purpose by the Company. A participant may, in accordance with rules and procedures we establish, change the investments to be used for the purpose of calculating future hypothetical investment adjustments to the participant's account. The account of each participant is adjusted each business day to reflect: (a) the hypothetical investment earnings and/or losses described above; (b) participant deferrals; and (c) distributions or withdrawals from the account. Distributions or withdrawals from the DCP shall be made in full accordance with the requirements of Internal Revenue Code Section 409A.

No NEOs participated in the DCP in 2011. Among the NEOs, only Mr. Becker holds a balance due to deferrals made under the plan in 2008.

Employee Retirement Benefits

Our NEOs are eligible to participate in our SVB Financial Group 401(k) and Employee Stock Ownership Plan, our qualified retirement plan that is generally available to all of the Company's employees. Other than our 401(k) plan, SVB Financial Group does not provide any pension, excess retirement, or SERPs to our NEOs.

Under our 401(k) plan, our U.S. employees, including our NEOs, may make voluntary pre-tax deferrals up to the maximum provided for by IRS regulations. The Company provides dollar-for-dollar matching contributions up to a maximum of 5% of cash compensation or the Internal Revenue Section 401(a) compensation limit, whichever is less. Company 401(k) matching contributions vest immediately upon deposit into the individual's 401(k) account.

The plan also includes an Employee Stock Ownership Plan (*ESOP*). We make discretionary annual contributions for U.S. employees ranging from 0% to 10% of eligible compensation. The Committee determines the amount of the ESOP contribution annually. ESOP contributions may be in the form of cash, the Company's common stock, or a combination of both. Contributions are determined based on the Company's performance and are not adjusted to reflect individual performance.

For 2011, the Committee established performance criteria based on the Company's ROE, similar to the ICP, to fund the ESOP contribution, and established a 5% (of eligible compensation) funding level based on target ROE performance. During 2011, the Committee decided to cap contributions at a maximum of 5%, even if the Company's ROE achievement exceeded target performance. As a result, despite the Company's above-target achievement of ROE for 2011, the Committee approved a contribution of 5% of eligible compensation in cash (50%) and the Company's common stock (50%).

Table of Contents

All U.S. regular employees as of December 31, 2011 are eligible to receive an ESOP contribution regardless of whether or not they make deferrals in the 401(k) component of the plan. ESOP contributions vest annually during the first five years of employee service; thereafter, all contributions are fully vested when made.

Health and Welfare Benefits; Paid Time-Off

Our U.S. employees, including our NEOs, are eligible to participate in our standard health and welfare benefits program, which provides insured medical, dental, life, accident, and disability coverage to all of our eligible U.S.-based employees. We do not provide executives with any health and welfare benefits that are not generally available to other Company employees. In addition, we offer our executives paid vacation days, sick days and other paid time-off benefits on the same basis as our employees.

Mr. Wilcox is eligible to participate in our standard U.S. health and welfare benefits program. His work and holiday schedule is the work and holiday schedule for our representative office in Shanghai, China.

Executive Termination Benefits

See Compensation for Named Executive Officers Other Post-Employment Payments below.

Perquisites

We do not have any executive perquisite programs. From time to time, we may provide benefits that may be considered perquisites on a limited or exception basis, which we disclose as required by applicable rules. In 2011, we provided certain benefits to Mr. Wilcox, primarily relating to his international assignment and temporary relocation to Asia. *See footnote 36 of the Summary Compensation Table below.*

Stock Option and Other Equity Grant Practices

Grant Practices for Executive Officers

The Committee approves all equity grants that are made to any executive officer of the Company. Typically, the Committee approves annual equity compensation grants to executives during the first or second quarters of the year, and grants are made effective during an open trading window pursuant to our Insider Trading Policy. The exercise price for stock option grants is equal to the closing market price on the grant's effective date and grants typically have an annual vesting period of four years, subject to continued employment or service. All 2011 grants to our NEOs were made in accordance with this practice.

For newly-hired executive officers, the Committee typically approves an equity grant amount prior to the executive's start of employment, and the effective grant date is typically set during an open trading window. This approach ensures that the exercise price of stock options reflects a fair market price, since the exercise price for stock option grants is equal to the closing market price on the grant's effective date.

Grant Practices for Other Employees

The Board has delegated authority to the Equity Awards Committee to make equity grants to non-executive employees under our 2006 Equity Incentive Plan. The Equity Awards Committee is a committee of two, comprised of our Chief Executive Officer and the Chair of our Board. The Equity Awards Committee may not make equity grants to executives or any non-executive employee that reports directly to the Chief Executive Officer.

The Equity Awards Committee may make grants only within established individual employee and aggregate share limits and in accordance with established requirements regarding the term, vesting period, exercise price and other terms and conditions for the grant. In addition, all grants of stock options, stock appreciation rights, and restricted stock units made by the Equity Awards Committee must be made (or become effective) on the first Monday of each month or, where the first Monday is a Company-observed U.S. holiday,

Table of Contents

on the first Tuesday of such month. The Equity Awards Committee must approve all grants in writing on or before the date of grant, subject to the respective employee remaining an employee as of the date of grant. Finally, management updates the Committee regarding all grants made by the Equity Awards Committee on a regular basis. Any grant that does not meet the requirements established for the Equity Awards Committee must be made by the Board, the Committee or other authorized committee.

Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) limits our deductibility of compensation paid to our CEO and each of the next three most highly compensated executive officers (excluding the Chief Financial Officer) in excess of \$1,000,000, but excludes performance-based compensation from this limit. Stock options and restricted stock units vesting solely upon achievement of performance goals awarded under our 2006 Equity Incentive Plan qualify for this tax deductibility. However, in order to maintain flexibility and promote simplicity in the Committee's administration of and oversight over executive compensation arrangements, other compensation arrangements, such as performance-based restricted stock units that vest based on the Committee's discretion, restricted stock units that vest based solely on continued service, and payments under ICP and Cash LTIP, are designed to allow the Committee to balance tax deductibility with other business priorities that affect stockholder value.

Equity Ownership Guidelines for Executive Officers

The Company maintains stock ownership guidelines for the Company's executive officers, including the NEOs. These stock ownership guidelines reflect the Board's belief in the importance of aligning the economic interests of stockholders and management. The guidelines are as follows:

Executive Position	Minimum Requirement (number of shares owned)		
	After One Year in Office	After Three Years in Office	After Five Years in Office
Chief Executive Officer	12,500	30,000	50,000*
President, Chief Financial Officer and Chief Risk & Strategy Officer	3,000	8,000	12,000
All Other Executive Officers	2,500	6,500	9,500

* Based on the closing price of the Company's common stock as of the Record Date of \$60.65, this requirement represents a multiple of 3.8 times Mr. Becker's annual base salary.

The Committee reviews executive equity holdings on a quarterly basis. In evaluating whether executives are meeting the ownership guidelines, the Committee considers the following as shares owned: (1) shares privately held, (2) shares owned through investment in the Company's stock fund in the SVB Financial Group 401(k) and Employee Stock Ownership Plan, and (3) earned but unvested awards of restricted stock and restricted stock units. The Committee does not count vested or unvested stock options towards the ownership guidelines. Exceptions to meeting the guidelines due to personal financial or other reasons are reviewed by the Governance Committee.

As of December 31, 2011, all of our NEOs were in compliance with the applicable ownership guidelines.

(1) Includes charitable donations of vacation time.

(2) We have reflected values for the Company's ICP and Cash LTIP incentive programs under the Bonus column because these programs provide for the Committee's discretion to make final determinations on individual incentive payments. We therefore have reported these payments as part of a discretionary incentive plan under Bonus (as opposed to Non-Equity Incentive Plan Compensation). See *Elements of Compensation Annual Cash Incentives and Long-Term Cash Incentives under Compensation Discussion and Analysis* above.

(3) Values indicated for restricted stock unit and stock option awards reflect the fair market value of grants made during the fiscal year. Values for performance-based restricted stock unit awards reflect the probable outcome, reported as the target amounts as of the date of grant. Actual outcomes determined by the Committee were as follows: (i) for 2009, 50% of the target amounts were earned; (ii) for 2010, 100% of the target amounts were earned; and (iii) for 2011, 50% of the target amounts were earned. See *Elements of Compensation Equity Incentives under Compensation Discussion and Analysis* above.

- (4) We do not provide NEOs with any Company-funded deferred compensation benefits but do offer each NEO the opportunity to tax-defer a portion of their income. The amounts below reflect increases or decreases in the value of an NEO's deferred compensation account based on such hypothetical earnings or losses. Among the NEOs, only Mr. Becker participates in the DCP. See *Executive Benefits - Deferred Compensation* under *Compensation Discussion and Analysis* above.

- (1) For the performance-based restricted stock unit grants to the NEOs made in 2011, the performance achievement was determined as of December 31, 2011 based upon the performance criteria presented under *Compensation Discussion and Analysis Equity Incentives* above. Since the achievement under this performance-based restricted stock grant was determined as of December 31, 2011, there are no estimated future payouts to be disclosed in the table above. *See Compensation Discussion and Analysis Equity Incentives* above.
- (2) The stock awards reported above reflect performance-based restricted stock unit awards granted to each NEO. The target payout of the awards to Mr. Becker, Mr. Descheneaux, Mr. Jones, Ms. Parsons and Ms. Dent were 9,000, 6,000, 4,000, 3,000 and 3,000 shares, respectively. The achievement resulted in a 50% payout of target, which is subject to further time-based vesting until December 20, 2013. Mr. Wilcox did not receive any equity awards in 2011.
- (3) Only the exercise price of the stock option awards is reported in the table above.
- (4) The fair values reported above are also reported in the *Summary Compensation Table* under the *Stock Awards* and *Stock Option Awards* columns. With respect to the restricted stock unit awards, the fair value of the awards is calculated based upon the per share price of \$60.37, the fair market value on the date of grant.

Other Post-Employment Payments

There are certain circumstances in which our NEOs may be entitled to post-employment payments, which are discussed in further detail below:

Change in Control Plan

Our Change in Control Plan, adopted in 2006, provides a specified severance benefit to our executive officers in the event their employment is involuntarily terminated (or they resign from such employment for a good reason, as defined by the plan) following a change in control of the Company. The Company adopted this plan in order to ensure that its executives did not have a disincentive to consider and, where determined by the Board or stockholders, as appropriate, to be in the Company's best interests, to act diligently to promote a change in the control of the Company.

We did not make any amendments or changes to the plan in 2011.

The plan provides for a cash severance payment equal to 300% of base salary and target ICP incentive for the Chief Executive Officer, 200% of base salary and target ICP incentive for the Chief Financial Officer, the President and the Chief Strategy and Risk Officer, and 100% of base salary and target ICP incentive for the other executive officers. In addition, it provides for up to 12 months of Company-paid COBRA medical, dental and vision coverage, full vesting of Company contributions to tax-qualified retirement plans, and certain outplacement services. The plan provides for a tax gross-up to cover an individual's excise taxes if the total change-in-control benefits to an individual executive exceed the Internal Revenue Code Section 280G limit by more than 10%.

The circumstances that constitute a Change in Control are set forth in the Change in Control Plan. Generally speaking, a Change in Control includes a merger or consolidation, other than a merger or consolidation in which the owners of the Company's voting securities own fifty percent (50%) or more of the voting securities of the surviving entity; a liquidation or dissolution or the closing of the sale or other disposition of all or substantially all of the Company's assets; an acquisition by any person, directly or indirectly, of 50% or more of the Company's voting securities; and an acquisition by any person, directly or indirectly, of 25% or more of the Company's voting securities and, within twelve (12) months of the occurrence of such event, a change in the composition of the Board occurs as a result of which sixty percent (60%) or fewer of the directors are incumbent directors.

The Change in Control Plan includes a number of restrictive covenants that govern the executives' rights to receive benefits under the plan. Specifically, unless the Company provides otherwise in writing, the executive

Table of Contents

must not directly or indirectly engage in, have any ownership in or participate in the financing, operation, management or control of any person, firm, corporation or business that competes with the Company or its affiliates, or any customer of the Company or its affiliates, for 18 months with respect to the Chief Executive Officer, 12 months for the Chief Financial Officer, President and Chief Strategy Officer, and six months for other covered executives. In addition, unless the Company provides otherwise in writing, the executive may not directly or indirectly solicit, recruit or otherwise hire or attempt to hire any employee of the Company or cause any such person to leave his or her employment during the periods described in the previous sentence. Finally, the executive must execute a general release of claims in favor of the Company covering all claims arising out of the executive's involuntary termination of employment (as defined in the Change in Control Plan) and employment with the Company and its affiliates.

Any benefits payable to an executive under this Plan are reduced by any severance benefits we pay to that executive under any other policy, plan, program, or arrangement, including our Group Severance Benefit Policy.

SVB Financial Group Severance Benefit Policy

The Company's Severance Benefit Policy provides severance pay and benefits to eligible employees who are involuntarily terminated from employment due to staff reduction, position elimination, closure of a business unit, organization restructuring, or such other circumstances as the Company deems appropriate for the payment of severance benefits. The policy is intended to promote the Company's ability to modify its workforce and structure while providing a reasonable level of certainty and job security to its employees. The policy covers all regular full-time or regular part-time employees, including the NEOs.

The policy provides for a cash severance payment based on level of job. For NEOs, this benefit is equal to 6 weeks' pay per year of service, with a minimum benefit of 6 months' pay and a maximum benefit of 1 year's pay. In addition, under the policy the Company continues to make co-payments for COBRA medical, dental, and vision coverage during the severance pay period and pays for certain designated outplacement services provided by a Company-selected external vendor. Any benefits payable to an executive under this Policy are reduced by any severance benefits we pay to that executive under any other policy, plan, program, or arrangement, including our Change in Control Plan discussed above.

Long-Term Cash Incentive Plan

The Cash LTIP provides for post-termination payments under certain circumstances, subject to the Committee's determination. If a participant's service is terminated as the result of his or her death or disability, then the participant (or his or her estate) will be entitled to receive a pro-rata portion of the actual award (as determined by the Committee) he or she would otherwise have received had the participant remained employed through the end of the applicable performance period (less amounts previously paid, if any). If the Cash LTIP plan is terminated in connection with a change of control that occurs during the performance period, or if the plan continues following a change of control but the participant is terminated without cause or resigns for good reason within ninety (90) days prior to, or at any time following the change of control, the participant will be paid an actual award for the performance period then in progress with the amount to be based on actual achievement of the previous year's performance goals, or if there are none, at 100% of target (less amounts previously paid, if any).

Additionally, if a participant terminates his or her service during the performance period as the result of his or her retirement, then the participant will be entitled to receive the actual award (as determined by the Committee) he or she would have otherwise received had the participant remained employed through the end of the performance period (less amounts previously paid, if any). For purposes of the Cash LTIP, retirement means a resignation from the Company or any affiliate if at the time of the resignation a participant is at least 62 years old, has completed at least 20 years of service with the Company or any affiliate, and is in good standing as determined by the Company. As of the date of this Proxy Statement, Mr. Wilcox is 63 years old and has completed at least 20 years of service with the Company.

Table of Contents*Equity Incentive Plans*

The Company's 2006 Equity Incentive Plan, in which the NEOs participate, provides for full vesting of outstanding awards in the event of a change in control (as defined in the plan) of the Company in the event that a successor corporation does not assume or substitute an equivalent option or right for the original equity awards under the plans. The Company's 1997 Equity Incentive Plan, in which certain NEOs participate, provides for full vesting of outstanding awards in the event of a change in control (as defined in the plan) of the Company.

(1) Values indicated for stock awards reflect the fair market value of grants made during the fiscal year, and are calculated based upon the closing share price of \$58.67 as of the date of grant. These stock awards represent annual equity grants of restricted stock units made to directors for the 2011-2012 director term. *See Equity below.*

(2) Ms. Rodeno's directorship ended as of April 21, 2011.

(3) Mr. Staglin joined the board as an advisory director on February 22, 2011, and was elected to the board on August 24, 2011.

(4) The amounts reported in this column represent amounts paid to directors under the Retention Program. *See Retention Program below.* The Compensation Committee establishes the compensation arrangement for directors, using a combination of annual retainer fees, meeting fees and annual equity awards. In prior years, the Company allowed its directors to participate in the Company's Retention Program. Certain directors continue to receive benefits under that program for earlier plan years, as described below.

The current annual term for directors began on April 21, 2011, following their election by stockholders at our Annual Meeting on that date. For the year 2011, the Company paid a total of \$2.3 million in compensation to its non-employee directors.

Elements of Director Compensation

The elements of compensation paid to each non-employee director for 2011 are as follows:

Fees

Each of the Company's non-employee directors received:

An annual retainer fee of \$35,000; and

A per-meeting fee of \$1,000 for each Board meeting attended in person and a per-meeting fee of \$500 for each Board meeting held entirely by telephone. (The meeting fee for the multi-day strategy session was \$2,000.)

Table of Contents

In addition to the above:

The chairperson of the Board received an additional annual fee of \$90,000.

The chairperson of the Audit Committee received an additional annual fee of \$20,000, the chairperson of the Compensation Committee received an additional annual fee of \$12,500, and the chairpersons of each of the Directors' Loan Committee, Finance Committee and Governance Committee received an additional annual fee of \$10,000.

Each member of the Audit Committee received a fee of \$2,500 for each Audit Committee meeting attended in person, and \$1,250 for each Audit Committee meeting held entirely by telephone.

For members of all other committees, each committee member received a fee of \$1,500 for each committee meeting attended in person and \$750 for each committee meeting held entirely by telephone. (The meeting fee for an all-day strategic planning meeting was \$3,000.)

The members of the Board are also eligible for reimbursement for their reasonable expenses incurred in connection with attendance at meetings or the performance of their director duties in accordance with Company policy.

Equity

During fiscal year 2011, the Company granted 3,409 restricted stock units to the Chairman of the Board and 1,705 restricted stock units to each of the other non-employee directors elected at the annual stockholders meeting. The shares were granted on May 19, 2011 and are scheduled to vest in full upon the completion of their director term, expected to be on April 26, 2012.

The Compensation Committee previously approved a voluntary deferral arrangement and form of agreement under the 2006 Equity Incentive Plan which allows non-employee directors to elect an irrevocable deferral of the receipt of restricted stock unit awards until: (a) a specific future settlement date that meets the requirements of Internal Revenue Code 409A, (b) separation from service, (c) the date of a change in control, (d) death, or (e) date of disability. Elections will apply to restricted stock unit awards received during 2011. Mr. Hardymon and Ms. Krishnan elected to defer the receipt of their 2011 equity grants.

Retention Program

In earlier years, directors participated in the Company's Retention Program. Messrs. Hardymon and Hart, and our former director, Ms. Rodeno currently participate in the program for plan years of 2002 and earlier, and each of them received distributions for 2011. No directors participate in any plan years subsequent to 2002.

Director Equity Ownership Guidelines

The Governance Committee of the Board has adopted equity ownership guidelines for the Company's non-employee directors. Compliance with these guidelines are reviewed by the Governance Committee on a quarterly basis.

Under these guidelines, within five years of assuming their respective roles, the Chairperson of the Board should hold a minimum of 7,150 shares, and each of the other non-employee directors should hold a minimum of 2,000 shares, of the Company's common stock. As of December 31, 2011, all directors met the guidelines, by ownership of the requisite number of shares or having served less than five years on the Board.

Compensation Committee Interlocks and Insider Participation

During 2011, the Compensation Committee performed all compensation functions of the Board, including administration of the Company's stock-based employee benefit plans. (See discussion above under *Board Committees and Meeting Attendance* for additional information on

Edgar Filing: SVB FINANCIAL GROUP - Form DEF 14A

the Compensation Committee.) None of the members of the Compensation Committee has ever been an officer or employee of the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy

The Company currently has in place a written policy on related party transactions (Related Party Policy), which governs the transactions involving the Company and certain related persons that are required to be disclosed under Item 404 of the SEC's Regulation S-K (S-K 404). Under the Related Party Policy, any transaction, arrangement or relationship in which:

the Company is a participant;

the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; and

a related person has or will have a direct or indirect material interest, will be considered an interested transaction and required to be approved by the Audit Committee of the Board of Directors. Transactions not required to be disclosed under S-K 404 are excluded from this policy. Any of the following persons is considered a related person under the Related Party Policy:

Any director or executive officer of the Company;

Any nominee for director of the Company;

Any holder of more than 5% of the Company's Common Stock; and

Any immediate family member of any of the above.

Management of the Company has primary responsibility for identifying such related party transactions, which may include, from time to time, loan transactions by the Company or the Bank, investments through SVB Capital, or other business transactions involving our subsidiaries. The Audit Committee has responsibility for reviewing these transactions for potential conflicts of interests and approving them (or denying approval, as the case may be). Under the Related Party Policy, the Audit Committee's approval may be granted in advance, as a ratification or based on certain standing approvals previously authorized by resolution. The Audit Committee may delegate its approval authority under the Related Party Policy to the committee chairperson.

Insider Loan Policy

The Bank has in place a policy, as approved by the Directors' Loan Committee, which permits the Bank to make loans to directors, executive officers and principal stockholders (Insiders) and the related interests of those Insiders (Insider Loans). The Insider Loan policy is designed to comply with Regulation O of the Federal Reserve Act. Insider Loans qualify for an exemption from Section 402 of the Sarbanes-Oxley Act of 2002 as they are made by the Bank and subject to the insider lending restrictions of Section 22(h) of the Federal Reserve Act.

Pursuant to Regulation O, the Insider Loan policy authorizes the Bank to make Insider Loans if such Insider Loans: (a) are approved in advance by a majority of the Board of Directors of the Bank for Insider Loans where the aggregate amount of all outstanding extensions of credit exceeds \$500,000; (b) are extended under the same terms and conditions and rates as those prevailing at the time of the Insider Loan for comparable transactions with other Bank clients; and (c) do not have more than a normal risk of failure of repayment to the Bank or other unfavorable features. The Insider whose credit extension is subject to Board approval must not participate either directly or indirectly in the voting to approve such extension of credit. Prior approval of the Board of Directors of the Bank is not required for an extension of credit made pursuant to a line of credit that was approved by the Board of Directors within 14 months of the date of the extension.

Edgar Filing: SVB FINANCIAL GROUP - Form DEF 14A

The Insider Loan policy also limits the aggregate amount of all loans to any Insider and his or her related interests. The Insider Loan policy also prohibits the Bank from paying an overdraft on a personal bank account of an Insider except if the overdraft is inadvertent, the aggregated amount of all overdrafts to the Insider at any time is \$1,000 or less and the overdraft is outstanding for less than five business days.

Loan Transactions

During the second quarter of 2011, the Bank resolved a \$0.7 million nonperforming loan made to Bruce and Dee Dee Nollenberger, who are the brother-in-law and sister-in-law of Harry Kellogg, an executive officer of the Company. The largest aggregate amount of principal outstanding during 2011 was \$0.7 million. During 2011, the Bank recovered total payments of \$0.2 million, which was applied towards principal. \$0.5 million has been charged off.

Additionally, during 2011, the Bank made loans to related parties, including certain companies in which certain of our directors or their affiliated venture funds are beneficial owners of ten percent or more of the equity securities of such companies. Such loans: (a) were made in the ordinary course of business; (b) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons; and (c) did not involve more than the normal risk of collectibility or present other unfavorable features.

Fund Investments

Managed Funds

In 2000, we formed two venture investment funds: SVB Strategic Investors Fund, LP (SIF I) and Silicon Valley BancVentures, LP (SVBV). SIF I is a \$121.8 million fund that primarily invests in venture capital funds and SVBV is a \$56.1 million direct equity investment fund that invests in privately-held companies. Both funds are managed by their respective general partners, which are subsidiaries of the Company and hold an interest in the respective funds. Certain of our directors have also invested in the funds and hold a noncontrolling interest: Mr. Hardymon (through his family limited partnership) (\$0.9 million) is a limited partner of SIF I, and Messrs. Hardymon (through his family limited partnership) (\$1.5 million) and Kramlich (\$1.0 million) are limited partners of SVBV.

In 2004, we created SVB Strategic Investors Fund II, LP (SIF II), a \$175.0 million fund-of-funds that invests primarily in venture capital funds. SIF II is managed by its general partner, which is a subsidiary of the Company and holds an interest in the fund. One of our directors has invested in SIF II and holds a noncontrolling interest as a limited partner: Mr. Hardymon (through his family limited partnership) (\$1.0 million).

In 2006, we created SVB India Capital Partners I, LP (SICP), a \$53.9 million direct equity investment fund that invests in privately-held companies in India. SICP is managed by its general partner, which is a subsidiary of the Company and holds an interest in the fund. Certain of our current and former directors have invested in SICP and hold a noncontrolling interest as a limited partner: Messrs. Benhamou (through Benhamou Global Ventures) (\$0.3 million), and Friedman (through his family trust) (\$0.1 million) and Mmes. Krishnan (through her family trust) (\$0.3 million) and Rodeno (\$0.3 million).

In 2007, we created SVB Capital Partners II, LP (SCPII), a \$90.1 million fund that invests in privately-held companies. SCPII is managed by its general partner, a subsidiary of the Company, and holds an interest in the fund. One of our directors has invested in SCPII and holds a noncontrolling interest as a limited partner: Mr. Hardymon (through his family limited partnership) (\$0.5 million).

Sponsored Funds

In 2003, Gold Hill Venture Lending 03, LP, a venture debt fund, and certain affiliated funds (the Gold Hill Funds) were created. The total size of the Gold Hill Funds is approximately \$214.1 million. We have a majority interest in the general partner of the Gold Hill Funds, in addition to being a limited partner in one of the Gold Hill Funds. Our combined commitment total in the general partner and the Gold Hill Funds is \$20.0 million. Certain of our current and former directors are also limited partners of the Gold Hill Funds and hold a noncontrolling interest: Mr. Hardymon (through his family limited partnership) (\$2.5 million) and Ms. Rodeno (\$0.2 million).

Table of Contents

In 2005, Partners for Growth II, LP, a special situation debt fund (PFG II), was created. The total size of PFG II is approximately \$62.0 million and our investment in the fund was \$15.0 million. The general partner of PFG II is not owned or controlled by us. Certain of our current and former directors are also limited partners in PFG II and hold a noncontrolling interest: Mr. Hardymon (\$1.0 million) and Ms. Rodeno (\$0.3 million).

Employee Funds

In 2000, we created SVB Qualified Investors Fund, LLC (QIF), a \$7.6 million investment fund for employees that met certain eligibility requirements. To be eligible to participate in QIF, an employee must be of a certain grade level and must be an accredited investor, as such term is defined by the SEC. QIF was initially capitalized by commitments and contributions from certain eligible employees including our senior management. All employee participants are required to invest in this fund with their own money, but we manage the fund and pay all administrative costs associated with the fund. QIF's principal purpose is to invest in a select number of venture capital and private equity funds managed primarily by us or our affiliates. The following executive officers participate in QIF, each with individual commitment amounts ranging between \$50 thousand and \$0.5 million: Messrs. Becker, Jones, Kellogg, Verissimo and Wilcox, and Ms. Parsons. QIF is also a limited partner of, and holds an interest in, each of SIF I (\$2.7 million), SIF II (\$2.1 million) and SVBV (\$2.0 million).

In 2005, we formed SVB Qualified Investors Fund II, LLC (QIF II), a \$5.1 million investment fund for employees that met certain eligibility requirements similar to those of QIF. All employee participants are required to invest in this fund with their own money, but we manage the fund and pay all administrative costs associated with the fund. QIF II's principal purpose is to invest in a select number of venture capital and private equity funds managed primarily by us or our affiliates. The following executive officers participate in QIF II, each with individual commitment amounts ranging between \$50 thousand and \$0.3 million: Messrs. Wilcox, Becker, Jones, Kellogg and Verissimo, and Mmes. Parsons and Dent. QIF II is also a limited partner of, and holds an interest in, each of SIF II (\$0.4 million), SCPII (\$0.8 million), SICP (\$0.5 million), SVB Strategic Investors Fund III, LP (SIF III) (\$1.0 million), Partners for Growth, LP (PFG I) (\$0.8 million) and PFG II (\$0.5 million). PFG I, a special situation debt fund, was created in 2004. The total size of PFG I is approximately \$50.0 million and our investment in the fund was \$25.0 million. The general partner of PFG I is not owned or controlled by us. SIF III is a \$255.5 million fund-of-funds that invests primarily in private equity funds. SIF III is managed by its general partner, which is a subsidiary of the Company and holds an interest in the fund.

3. Stock Subject to the Plan.

- (a) Stock Subject to the Plan. Subject to the provisions of Section 15 of the Plan, the maximum aggregate number of Shares that may be awarded and sold under the Plan is 5,525,000 Shares plus (i) any Shares which have been reserved but not issued under the Company's 1997 Equity Incentive Plan (the 1997 Plan) as of the date of stockholder approval of this Plan and (ii) any Shares subject to stock options or similar awards granted under the 1997 Plan that expire or otherwise terminate without having been exercised in full and Shares issued pursuant to awards granted under the 1997 Plan that are forfeited to or repurchased by the Company. The Shares may be authorized, but unissued, or reacquired Common Stock.
- (b) Full Value Awards. Any Shares subject to Full Value Awards will be counted against the numerical limits of this Section 3 as two Shares for every one Share subject thereto. Further, if Shares acquired pursuant to any such Award are forfeited or repurchased by the Company and would otherwise return to the Plan pursuant to Section 3(c), two times the number of Shares so forfeited or repurchased will return to the Plan and will again become available for issuance.
- (c) Lapsed Awards. If an Award expires or becomes unexercisable without having been exercised in full, or, with respect to Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units, is forfeited to or repurchased by the Company, the unpurchased Shares (or for Awards other than Options and Stock Appreciation Rights, the forfeited or repurchased Shares) which were subject thereto will become available for future grant or sale under the Plan (unless the Plan has terminated). With respect to Stock Appreciation Rights, all of the Shares covered by the Award (that is, Shares actually issued pursuant to a Stock Appreciation Right, as well as the Shares that represent payment of the exercise price) will cease to be available under the Plan. However, Shares that have actually been issued under the Plan under any Award will not be returned to the Plan and will not become available for future distribution under the Plan; provided, however, that if unvested Shares of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units are repurchased by the Company or are forfeited to the Company, such Shares will become available for future grant under the Plan. Shares used to pay the tax and exercise price of an Award will not become available for future grant or sale under the Plan. To the extent an Award under the Plan is paid out in cash rather than Shares, such cash payment will not result in reducing the number of Shares available for issuance under the Plan. Notwithstanding the foregoing and, subject to adjustment provided in Section 15, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options will equal the aggregate Share number stated in Section 3(a), plus, to the extent allowable under Section 422 of the Code, any Shares that become available for issuance under the Plan under this Section 3(c).

4. Administration of the Plan.
- (a) Procedure.
- (i) Multiple Administrative Bodies. Different Committees with respect to different groups of Service Providers may administer the Plan.
- (ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as performance-based compensation within the meaning of Section 162(m) of the Code, the Plan will be administered by a Committee of two or more outside directors within the meaning of Section 162(m) of the Code.
- (iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder will be structured to satisfy the requirements for exemption under Rule 16b-3.
- (iv) Other Administration. Other than as provided above, the Plan will be administered by (A) the Board or (B) a Committee, which committee will be constituted to satisfy Applicable Laws.
- (b) Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator will have the authority, in its discretion:
- (i) to determine the Fair Market Value;
- (ii) to select the Service Providers to whom Awards may be granted hereunder;
- (iii) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder;
- (iv) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;
- (v) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of satisfying applicable foreign laws;
- (vi) to modify or amend each Award (subject to Section 20(c) of the Plan). Notwithstanding the previous sentence, the Administrator may not: (A) modify or amend an Option or Stock Appreciation Right to reduce the exercise price of such Option or Stock Appreciation Right after it has been granted (except for adjustments made pursuant to Section 15), (B) cancel any outstanding Option or Stock Appreciation Right and immediately replace it with a new Option or Stock Appreciation Right with a lower exercise price, or (C) subject to Section 4(d), accelerate the vesting provisions contained in Sections 8(e), 9(b), or 10(c) other than upon or in connection with a Change in Control or upon or in connection with a Participant's termination of service due to death, Disability or retirement;
- (vii) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;

Table of Contents

(viii) to allow a Participant to defer the receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant under an Award pursuant to such procedures as the Administrator may determine; and

(ix) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) Effect of Administrator's Decision. The Administrator's decisions, determinations and interpretations will be final and binding on all Participants and any other holders of Awards.

(d) Limitations on Vesting and Acceleration. Full Value Awards that result in issuing up to 5% of the maximum aggregate number of Shares authorized for issuance under the Plan (the 5% Limit) may be granted to any one or more Service Providers without respect to any minimum vesting provisions included in the Plan. Further, all Full Value Awards that have their vesting discretionarily accelerated by the Administrator other than upon or in connection with a Change in Control or upon or in connection with a Participant's termination of service due to death, Disability or retirement, are subject to the 5% Limit. Notwithstanding the foregoing, the Administrator may, in its discretion, accelerate the vesting of Full Value Awards such that the Plan minimum vesting requirements still must be met, without such vesting acceleration counting toward the 5% Limit. The 5% Limit shall be considered as one aggregate limit applying to the granting of Full Value Awards to Service Providers without respect to Plan minimum vesting requirements and to the discretionary vesting acceleration of Full Value Awards.

(e) Vesting of Full Value Awards Granted to Directors. Full Value Awards that are granted on an annual basis to Directors following the Company's Annual Meeting of Stockholders, shall become fully vested no earlier than the last day of the Director's then current annual term of service as a member of the Board. Notwithstanding the foregoing, Full Value Awards granted pursuant to the 5% Limit or Full Value Awards that accelerate in connection with a Change in Control or upon or in connection with a Director's termination of service due to death, Disability or retirement are not subject to the vesting provisions contained in this Section 4(e).

5. Eligibility. Nonstatutory Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights, Performance Units, Performance Shares and such other cash or stock awards as the Administrator determines may be granted to Service Providers. Incentive Stock Options may be granted only to employees of the Company or any Parent or Subsidiary of the Company.

6. Stock Options.

(a) Limitations.

(i) Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

Table of Contents

(ii) The following limitations will apply to grants of Options:

(1) No Service Provider will be granted, in any Fiscal Year, Options to purchase more than 250,000 Shares.

(2) In connection with his or her initial service, a Service Provider may be granted Options to purchase up to an additional 500,000 Shares, which will not count against the limit set forth in Section 6(a)(2)(ii)(1) above.

(3) The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 15.

(4) If an Option is cancelled in the same Fiscal Year in which it was granted (other than in connection with a transaction described in Section 15), the cancelled Option, as applicable, will be counted against the limits set forth in subsections (1) and (2) above.

(5) The exercise price for an Option may not be reduced. This will include, without limitation, a repricing of the Option as well as an Option exchange program whereby the Participant agrees to cancel an existing Option in exchange for an Option, Stock Appreciation Right or other Award.

(b) **Term of Option.** The Administrator will determine the term of each Option in its sole discretion. Any Option granted under the Plan will not be exercisable after the expiration of seven (7) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(c) **Option Exercise Price and Consideration.**

(i) **Exercise Price.** The per share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, but will be no less than 100% of the Fair Market Value per Share on the date of grant. In addition, in the case of an Incentive Stock Option granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than 110% of the Fair Market Value per Share on the date of grant. Notwithstanding the foregoing provisions of this Section 6(c), Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

(ii) **Waiting Period and Exercise Dates.** At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(iii) **Form of Consideration.** The Administrator will determine the acceptable form(s) of consideration for exercising an Option, including the method of payment, to the extent permitted by Applicable Laws.

Table of Contents

(d) Exercise of Option.

(i) Procedure for Exercise: Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (i) notice of exercise (in such form as the Administrator specify from time to time) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised (together with an applicable withholding taxes). No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 15 of the Plan.

(ii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's termination for Cause or as the result of the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

Table of Contents

(v) **Termination for Cause.** If a Participant's status as a Service Provider is terminated for Cause, then the Option will immediately terminate, and the Shares covered by such Option will revert to and again become available for issuance under the Plan.

(vi) **Other Termination.** A Participant's Award Agreement may also provide that if the exercise of the Option following the termination of Participant's status as a Service Provider (other than upon the Participant's death or Disability) would result in liability under Section 16(b), then the Option will terminate on the earlier of (A) the expiration of the term of the Option set forth in the Award Agreement, or (B) the 10th day after the last date on which such exercise would result in such liability under Section 16(b). Finally, a Participant's Award Agreement may also provide that if the exercise of the Option following the termination of the Participant's status as a Service Provider (other than upon the Participant's death or disability) would be prohibited at any time solely because the issuance of Shares would violate the registration requirements under the Securities Act, then the Option will terminate on the earlier of (A) the expiration of the term of the Option, or (B) the expiration of a period of three (3) months after the termination of the Participant's status as a Service Provider during which the exercise of the Option would not be in violation of such registration requirements.

7. **Stock Appreciation Rights.**

(a) **Grant of Stock Appreciation Rights.** Subject to the terms and conditions of the Plan, a Stock Appreciation Right may be granted to Service Providers at any time and from time to time as will be determined by the Administrator, in its sole discretion.

(b) **Number of Shares.** The Administrator will have complete discretion to determine the number of Stock Appreciation Rights granted to any Participant, provided that during any Fiscal Year, no Participant will be granted Stock Appreciation Rights covering more than 250,000 Shares. Notwithstanding the foregoing limitation, in connection with a Participant's initial service as an Employee, an Employee may be granted Stock Appreciation Rights covering up to an additional 500,000 Shares.

(c) **Exercise Price and Other Terms.** The Administrator, subject to the provisions of the Plan, will have complete discretion to determine the terms and conditions of Stock Appreciation Rights granted under the Plan, provided, however, that the exercise price will be not less than 100% of the Fair Market Value of a Share on the date of grant.

(d) **Stock Appreciation Right Agreement.** Each Stock Appreciation Right grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the Stock Appreciation Right, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(e) **Expiration of Stock Appreciation Rights.** The Administrator will determine the term of each Stock Appreciation Right in its sole discretion. Any Stock Appreciation Right granted under the Plan will not be exercisable after the expiration of seven (7) years from the date of grant or such shorter term as may be provided in the Award Agreement. Notwithstanding the foregoing, the rules of Section 6(d) also will apply to Stock Appreciation Rights.

(f) **Payment of Stock Appreciation Right Amount.** Upon exercise of a Stock Appreciation Right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

(i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times

Table of Contents

- (ii) The number of Shares with respect to which the Stock Appreciation Right is exercised.

At the discretion of the Administrator, the payment upon Stock Appreciation Right exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

8. **Restricted Stock.**

- (a) **Grant of Restricted Stock.** Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine.

(b) **Restricted Stock Agreement.** Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Notwithstanding the foregoing sentence, during any Fiscal Year no Participant will receive more than an aggregate of 125,000 Shares of Restricted Stock; provided, however, that in connection with a Participant's initial service as an Employee, an Employee may be granted an aggregate of up to an additional 250,000 Shares of Restricted Stock. Unless the Administrator determines otherwise, Shares of Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

(c) **Transferability.** Except as provided in this Section 8, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

(d) **Other Restrictions.** The Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate.

(e) **Removal of Restrictions.** Except as otherwise provided in this Section 8, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The restrictions will lapse at a rate determined by the Administrator; provided, however, that, with respect to Restricted Stock granted to Employees or Consultants, and except as otherwise provided in Section 15(c), Shares of Restricted Stock will not vest more rapidly than one-third (1/3rd) of the total number of Shares of Restricted Stock subject to an Award each year from the date of grant (or, if applicable, the date an Employee or Consultant begins his or her employment or service with the Company or any Parent or Subsidiary of the Company), unless the Administrator determines that the Award is to vest upon the achievement of performance criteria and the period for measuring such performance will cover at least twelve (12) months. Notwithstanding the foregoing sentence, the Administrator, in its sole discretion, may provide at the time of or following the date of grant for accelerated vesting for an Award of Restricted Stock upon or in connection with a Change in Control or upon or in connection with a Participant's termination of service due to death, Disability or retirement.

(f) **Voting Rights.** During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

(g) **Dividends and Other Distributions.** During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares unless otherwise provided in the Award Agreement. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

(h) Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

9. Restricted Stock Units.

(a) Grant. Restricted Stock Units may be granted at any time and from time to time as determined by the Administrator. Each Restricted Stock Unit grant will be evidenced by an Award Agreement that will specify such other terms and conditions as the Administrator, in its sole discretion, will determine, including all terms, conditions, and restrictions related to the grant, the number of Restricted Stock Units and the form of payout, which, subject to Section 9(d), may be left to the discretion of the Administrator. Notwithstanding the anything to the contrary in this subsection (a), during any Fiscal Year of the Company, no Participant will receive more than an aggregate of 125,000 Restricted Stock Units; provided, however, that in connection with a Participant's initial service as an Employee, an Employee may be granted an aggregate of up to an additional 250,000 Restricted Stock Units.

(b) Vesting Criteria and Other Terms. The Administrator will set vesting criteria in its discretion, which, depending on the extent to which the criteria are met, will determine the number of Restricted Stock Units that will be paid out to the Participant. Each Award of Restricted Stock Units will be evidenced by an Award Agreement that will specify the vesting criteria, and such other terms and conditions as the Administrator, in its sole discretion, will determine; provided, however, that, with respect to Restricted Stock Units granted to Employees or Consultants, and except as otherwise provided in Section 15(c), an Award of Restricted Stock Units will not vest more rapidly than one-third (1/3rd) of the total number of Restricted Stock Units subject to an Award each year from the date of grant (or, if applicable, the date an Employee or Consultant begins his or her employment or service with the Company or any Parent or Subsidiary of the Company), unless the Administrator determines that the Award is to vest upon the achievement of performance criteria and the period for measuring such performance will cover at least twelve (12) months. Notwithstanding the foregoing sentence, the Administrator, in its sole discretion, may provide at the time of or following the date of grant for accelerated vesting for an Award of Restricted Stock Units upon or in connection with a Change in Control or upon or in connection with a Participant's termination of service due to death, Disability or retirement.

(c) Earning Restricted Stock Units. Upon meeting the applicable vesting criteria, the Participant will be entitled to receive a payout as specified in the Award Agreement.

(d) Form and Timing of Payment. Payment of earned Restricted Stock Units will be made as soon as practicable after the date(s) set forth in the Award Agreement. The Administrator, in its sole discretion, may pay earned Restricted Stock Units in cash, Shares, or a combination thereof. Shares represented by Restricted Stock Units that are fully paid in cash again will be available for grant under the Plan.

(e) Cancellation. On the date set forth in the Award Agreement, all unearned Restricted Stock Units will be forfeited to the Company.

10. Performance Units and Performance Shares.

(a) Grant of Performance Units/Shares. Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the

Table of Contents

number of Performance Units/Shares granted to each Participant provided that during any Fiscal Year, (a) no Participant will receive Performance Units having an initial value greater than \$1,000,000, and (b) no Participant will receive more than 125,000 Performance Shares. Notwithstanding the foregoing limitation, in connection with a Participant's initial service as an Employee, an Employee may be granted up to an additional 250,000 Performance Shares.

(b) Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Service Provider) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Participant. The Administrator may set performance objectives based upon the achievement of Company wide, divisional, or individual goals, or any other basis determined by the Administrator in its discretion. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine; provided, however, that, with respect to Performance Units/Shares granted to Employees or Consultants, and except as otherwise provided in Section 15(c), Performance Units/Shares will not vest more rapidly than one-third (1/3rd) of the total number of Performance Units/Shares subject to an Award each year from the date of grant (or, if applicable, the date an Employee or Consultant begins his or her employment or service with the Company or any Parent or Subsidiary of the Company), unless the Administrator determines that the Award is to vest upon the achievement of performance criteria and the period for measuring such performance will cover at least twelve (12) months. Notwithstanding the foregoing sentence, the Administrator, in its sole discretion, may provide at the time of or following the date of grant for accelerated vesting for an Award of Performance Units/Shares upon or in connection with a Change in Control or upon or in connection with a Participant's termination of service due to death, Disability, or retirement.

(d) Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved.

(e) Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

11. Performance Goals. Awards of Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units and other incentives under the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code and may provide for a targeted level or levels of achievement ("Performance Goals") including assets; bond rating; cash flow; cash position; earnings before interest and taxes; earnings before interest, taxes, depreciation

and amortization; earnings per Share; economic profit; economic value added; equity or stockholder's equity; earnings; revenue; market share; net income; net profit; net sales; noninterest income as percent of total income; operating earnings; operating income; profit before tax; ratio of debt to debt plus equity; ratio of operating earnings to capital spending; results of regulatory reviews and examinations; return on equity; return on net assets; return on sales; revenue; sales; or total return to stockholders. With respect to the Company as a whole or a business unit of the Company, any Performance Goals may be: (i) used to measure specific performance levels or growth over certain performance periods, and (ii) may be measured relative to a peer group or index. The Performance Goals may differ from Participant to Participant and from Award to Award. Prior to the Determination Date, the Compensation Committee of the Board (the "Committee") will determine whether any significant element(s) will be included in or excluded from the calculation of any Performance Goal with respect to any Participant. In all other respects, Performance Goals will be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Committee prior to the issuance of an Award, which is consistently applied and identified in the financial statements, including footnotes, or the management discussion and analysis section of the Company's annual report.

In determining the amounts earned by a Participant pursuant to an Award intended to qualified as "performance-based compensation" under Section 162(m) of the Code, the Committee will have the right to (a) reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period, (b) determine what actual Award, if any, will be paid in the event of a termination of employment as the result of a Participant's death or disability or upon a Change in Control or in the event of a termination of employment following a Change in Control prior to the end of the Performance Period, and (c) determine what actual Award, if any, will be paid in the event of a termination of employment other than as the result of a Participant's death or disability prior to a Change of Control and prior to the end of the Performance Period to the extent an actual Award would have otherwise been achieved had the Participant remained employed through the end of the Performance Period. A Participant will be eligible to receive payment pursuant to an Award intended to qualify as "performance-based compensation" under Section 162(m) of the Code for a Performance Period only if the Performance Goals for such period are achieved.

12. **Compliance With Code Section 409A.** Awards will be designed and operated in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A of the Code such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Section 409A of the Code, except as otherwise determined in the sole discretion of the Administrator. The Plan and each Award Agreement under the Plan is intended to meet the requirements of Section 409A of the Code and will be construed and interpreted in accordance with such intent, except as otherwise determined in the sole discretion of the Administrator. To the extent that an Award or payment, or the settlement or deferral thereof, is subject to Section 409A of the Code the Award will be granted, paid, settled or deferred in a manner that will meet the requirements of Section 409A of the Code, such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Section 409A of the Code.

13. **Leaves of Absence.** Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence. A Service Provider will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company and its Affiliates. For purposes of Incentive Stock Options, no such leave may exceed three (3) months, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then six (6) months and one day following the commencement of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

14. **Transferability of Awards.** Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate.

15. **Adjustments; Dissolution or Liquidation; Merger or Change in Control.**

(a) **Adjustments.** In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, may (in its sole discretion) adjust the number and class of Shares that may be delivered under the Plan and/or the number, class, and price of Shares covered by each outstanding Award, and the numerical Share limits set forth in Sections 3, 6, 7, 8, 9 and 10.

(b) **Dissolution or Liquidation.** In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed action.

(c) **Change in Control.** In the event of a Change in Control, each outstanding Award will be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation (the Successor Corporation). In the event that the Successor Corporation refuses to assume or substitute for the Award, the Participant will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock will lapse, and, with respect to Restricted Stock Units, Performance Shares and Performance Units, all Performance Goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an Option or Stock Appreciation Right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a Change in Control, the Administrator will notify the Participant in writing or electronically that the Option or Stock Appreciation Right will be fully vested and exercisable for a period of time determined by the Administrator in its sole discretion, and the Option or Stock Appreciation Right will terminate upon the expiration of such period.

For the purposes of this subsection (c), an Award will be considered assumed if, following the Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) or, in the case of a Stock Appreciation Right upon the exercise of which the Administrator determines to pay cash or a Performance Share or Performance Unit which the Administrator can determine to pay in cash, the fair market value of the consideration received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the Successor Corporation, the Administrator may, with the consent of the Successor Corporation, provide for the consideration to be received upon the exercise of an Option or Stock Appreciation Right or upon the payout of a Performance Share or Performance Unit, for each Share subject to such Award (or in the case of Performance Units, the number of implied shares determined by dividing the value of the Performance Units by the per share consideration received by holders of Common Stock

Table of Contents

in the Change in Control), to be solely common stock of the Successor Corporation equal in fair market value to the per share consideration received by holders of Common Stock in the Change in Control.

Notwithstanding anything in this Section 15(c) to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the Successor Corporation's post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

16. Tax Withholding

(a) Withholding Requirements. Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof), the Company will have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, local, foreign or other taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

(b) Withholding Arrangements. The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part by (a) paying cash, (b) electing to have the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the amount required to be withheld, (c) delivering to the Company already-owned Shares having a Fair Market Value equal to the amount required to be withheld, or (d) selling a sufficient number of Shares otherwise deliverable to the Participant through such means as the Administrator may determine in its sole discretion (whether through a broker or otherwise) equal to the amount required to be withheld. The amount of the withholding requirement will be deemed to include any amount which the Administrator agrees may be withheld at the time the election is made, not to exceed the amount determined by using the maximum federal, state or local marginal income tax rates applicable to the Participant with respect to the Award on the date that the amount of tax to be withheld is to be determined. The Fair Market Value of the Shares to be withheld or delivered will be determined as of the date that the taxes are required to be withheld.

17. No Effect on Employment or Service. Neither the Plan nor any Award will confer upon a Participant any right with respect to continuing the Participant's relationship as a Service Provider with the Company, nor will they interfere in any way with the Participant's right or the Company's right to terminate such relationship at any time, with or without cause, to the extent permitted by Applicable Laws.

18. Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

19. Term of Plan. Subject to Section 23 of the Plan, the Plan will become effective upon its adoption by the Board. It will continue in effect for a term of ten (10) years unless terminated earlier under Section 20 of the Plan.

20. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Administrator may at any time amend, alter, suspend or terminate the Plan.

(b) Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

Table of Contents

(c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

21. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares will not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares will comply with Applicable Laws and will be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

22. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.

23. Stockholder Approval. The Plan will be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted. Such stockholder approval will be obtained in the manner and to the degree required under Applicable Laws.
