Item 8.01 Other Events.

On August 16, 2011, SandRidge Permian Trust (the Permian Trust) completed its initial public offering of 34,500,000 units of beneficial interest in the Permian Trust denominated as common units. In connection with the offering, SandRidge Energy, Inc. (SandRidge) conveyed to the Permian Trust royalty interests in certain oil and natural gas properties located in Andrews County, Texas (the Permian Trust Royalty Interests) in exchange for 4,875,000 common units, 13,125,000 units of beneficial interest in the Permian Trust denominated as subordinated units, and the net proceeds of the Permian Trust s initial public offering equal to \$580.6 million, after deducting underwriting discounts and commissions. The Permian Trust Royalty Interests entitle the Permian Trust to a percentage of the proceeds received by SandRidge from the production of oil, natural gas and natural gas liquids from currently producing wells and development wells to be drilled by SandRidge within an area of mutual interest.

Additionally, on November 14, 2011, SandRidge sold producing properties located on over 23,000 net acres in Gregg, Harrison, Rusk and Panola counties in Texas for \$231.0 million (East Texas Sale). The transaction is subject to customary post-closing adjustments.

Additionally, on January 5, 2012, SandRidge and SandRidge Mississippian Trust II, a newly formed Delaware trust, filed a registration statement with the U.S. Securities and Exchange Commission relating to the initial public offering of common units representing beneficial interests in SandRidge Mississippian Trust II. In connection with the offering, SandRidge will convey to SandRidge Mississippian Trust II royalty interests in certain oil and natural gas properties located in northern Oklahoma and southern Kansas (the Mississippian Trust II Royalty Interests) in exchange for the net proceeds from the offering and units representing approximately 48% of the beneficial interest of SandRidge Mississippian Trust II. The Mississippian Trust II Royalty Interests will entitle SandRidge Mississippian Trust II to a percentage of the proceeds from the sale of oil, natural gas and natural gas liquids production from currently producing wells and development wells to be drilled by SandRidge within an area of mutual interest.

SandRidge is filing this Current Report on Form 8-K to reflect the historical results of SandRidge adjusted on a pro forma basis to give effect to (i) its conveyance of the Mississippian Trust II Royalty Interests to SandRidge Mississippian Trust II, (ii) the sale of the East Texas Properties and (iii) its conveyance of the Permian Trust Royalty Interests to the Permian Trust. SandRidge s historical results have also been adjusted to give effect to final adjustments recorded in 2011 by SandRidge with respect to its July 2010 acquisition of Arena Resources, Inc.
