PROXY STATEMENT

FOR ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

The Board of Directors of Interface, Inc. (the Company) is furnishing this Proxy Statement to solicit Proxies for Common Stock to be voted at the annual meeting of shareholders of the Company. The meeting will be held at 10:00 a.m. Eastern Time on May 17, 2012. The Proxies also may be voted at any adjournments of the meeting. It is anticipated that this Proxy Statement will first be made available to shareholders on April 5, 2012.

The record of shareholders entitled to vote at the annual meeting was taken as of the close of business on March 9, 2012. On that date, the Company had outstanding and entitled to vote 65,373,142 shares of Common Stock. Prior to March 5, 2012, the Company had two classes of common stock Class A Common Stock and Class B Common Stock. On March 5, 2012, the number of issued and outstanding shares of Class B Common Stock constituted less than 10% of the aggregate number of issued and outstanding shares of the Company's Class A Common Stock and Class B Common Stock, as the cumulative result of varied transactions that caused the conversion of shares of Class B Common Stock into shares of Class A Common Stock. Accordingly, in accordance with the respective terms for the Class B Common Stock and the Class A Common Stock in Article V of the Company's Articles of Incorporation, the Class A Common Stock and Class B Common Stock now constitute, irrevocably from March 5, 2012, a single class of Common Stock in all respects, with no distinction whatsoever between the voting rights or any other rights and privileges of the holders of Class A Common Stock and the holders of Class B Common Stock.

Each Proxy for Common Stock (Proxy) that is properly completed (whether executed in writing or submitted by telephone or Internet) by a shareholder will be voted as specified by the shareholder in the Proxy. If no specification is made, the Proxy will be voted (i) for the election of the nominees listed in this Proxy Statement under the caption Nomination and Election of Directors, (ii) for the resolution approving executive compensation, and (iii) for the ratification of the appointment of BDO USA, LLP as independent auditors for 2012. A Proxy given pursuant to this solicitation may be revoked by a shareholder who attends the meeting and gives notice of his or her election to vote in person, without compliance with any other formalities. In addition, a Proxy given pursuant to this solicitation may be revoked prior to the meeting by delivering to the Secretary of the Company either an instrument revoking it or a duly executed Proxy for the same shares bearing a later date.

An automated system administered by the Company's transfer agent tabulates the votes. Abstentions and broker non-votes are included in the determination of the number of shares present and entitled to vote for the purpose of establishing a quorum. A broker non-vote occurs when a broker or other nominee who holds shares for a customer does not have authority to vote on certain non-routine matters because its customer has not provided any voting instructions on the matter. Abstentions are the equivalent of a non-vote since (i) directors are elected by a plurality of the votes cast, and (ii) other proposals are approved if the affirmative votes cast exceed the negative votes cast. Broker non-votes are not counted for purposes of determining whether a proposal has been approved.

If your shares of Common Stock are held by a broker, bank or other nominee (e.g., in street name), you should receive instructions from your nominee, which you must follow in order to have your shares voted the instructions may appear on a special proxy card provided to you by your nominee (also called a voting instruction form). Your nominee may offer you different methods of voting, such as by telephone or Internet. If

Edgar Filing: INTERFACE INC - Form DEF 14A

you do hold your shares in street name and plan on attending the annual meeting of shareholders, you should request a proxy from your broker or other nominee holding your shares in record name on your behalf in order to attend the annual meeting and vote at that time (your broker or other nominee may refer to it as a legal proxy).

The expense of this solicitation, including the cost of preparing and mailing this Proxy Statement, will be paid by the Company. Copies of solicitation material may be furnished to banks, brokerage houses and other custodians, nominees and fiduciaries for forwarding to the beneficial owners of shares of the Company's Common Stock, and normal handling charges may be paid for the forwarding service. In addition to solicitations by mail, directors and employees of the Company may solicit Proxies in person or by telephone, fax or e-mail. The Company also has retained Georgeson Inc., a proxy solicitation firm, to assist in soliciting Proxies from record and beneficial owners of shares of the Company's Common Stock. The fee paid by the Company for such assistance will be \$8,000 (plus expenses).

NOMINATION AND ELECTION OF DIRECTORS

(ITEM 1)

The Bylaws of the Company provide that the Board of Directors shall consist of a maximum of 15 directors, the exact number of directors being established by action of the Board taken from time to time. The Board of Directors has set the number of directors at 9. (The Board of Directors will consider adding, subsequent to the annual meeting of shareholders, potential tenth and eleventh directors.) The term of office for each director continues until the next annual meeting of shareholders and until his or her successor, if there is to be one, has been elected and has qualified.

In the event that any nominee for director withdraws or for any reason is not able to serve as a director, each Proxy that is properly executed and returned will be voted for such other person as may be designated as a substitute nominee by the Board of Directors. Each nominee is an incumbent director standing for re-election, and has consented to being named herein and to continue serving as a director if re-elected.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors held five meetings during 2011. All of the directors attended at least 75% of the total number of meetings of the Board and any committees of which he or she was a member.

Board Leadership Structure and Role in Risk Management

We currently have a Lead Independent Director and a combined Chairman and Chief Executive Officer. Mr. Gable serves as Lead Independent Director, and Mr. Hendrix serves as Chairman and Chief Executive Officer. Although we do not have a formal policy on whether the same person should (or should not) serve as both the Chairman and Chief Executive Officer, the Board has determined that it is appropriate at the current time to have those positions combined in light of the recent death of our founder and original Chairman Ray C. Anderson and the need for continuity of Company leadership following his death. In making this determination, the Board took into account its evaluation of Mr. Hendrix's performance as Chief Executive Officer, his very positive relationships with the other members of the Board and the strategic vision and perspective he would bring to the Chairman position. In addition, we believe that Mr. Anderson's high global profile with respect to the Company's sustainability mission had created similarly high expectations for the role of Chairman of the Company, for which Mr. Hendrix was uniquely qualified. The Board was of the view that Mr. Hendrix would provide excellent leadership to the Board in the performance of its duties.

Because our Chairman and Chief Executive Officer is an employee of the Company and therefore not considered independent under applicable standards (see below), the Board has appointed Mr. Gable to serve as Lead Independent Director. The Board considers it to be useful and appropriate at the current time to have a non-management director serve in a lead capacity to promote corporate governance, coordinate the activities of the other non-management directors, and perform such other duties and responsibilities as the Board may determine. The specific responsibilities of the Lead Independent Director are as follows:

Preside at Executive Sessions. Presides at all meetings of the Board at which the Chairman and Chief Executive officer is not present, including executive sessions of the independent directors.

Call Meetings of Independent Directors. Has the authority to call meetings of the independent directors.

Function as Liaison with the Chairman. Serves as the principal liaison on Board-wide issues between the independent directors and the Chairman.

Participate in Flow of Information to the Board such as Board Meeting Agendas and Schedules. Provides the Chairman and Chief Executive Officer with input as to meeting agenda items, advises the Chairman and Chief Executive Officer as to the quality, quantity and timeliness of information sent to the Board, and approves meeting schedules to assure there is sufficient time for discussion of all agenda items.

Recommends Outside Advisors and Consultants. Recommends the retention of outside advisors and consultants who report directly to the Board.

Shareholder Communication. Ensures that he is available, if requested by shareholders and when appropriate, for consultation and direct communication.

The Board of Directors has the following standing committees that assist the Board in carrying out its duties: the Executive Committee, the Audit Committee, the Compensation Committee, and the Nominating & Governance Committee. The following table lists the members of each committee:

The function of the Audit Committee is to (i) serve as an independent and objective party to review the Company's financial statements, financial reporting process and internal control system, (ii) review and evaluate the performance of the Company's independent auditors and internal financial management, and (iii) provide an open avenue of communication among the Company's independent auditors, management (including internal financial management) and the Board. Compensation Committee. The Compensation Committee met three times and acted by unanimous written consent four times during 2011. The function of the Compensation Committee is to (i) evaluate the performance of the Company's Chief Executive Officer and other senior executives, (ii) determine compensation arrangements for such executives, (iii) administer the Company's stock and other incentive plans for key employees, and (iv) review the administration of the Company's employee benefit plans. The Compensation Committee's policies and philosophy are described in more detail below in this Proxy Statement under the heading Compensation Discussion and Analysis.

Nominating & Governance Committee. The Nominating & Governance Committee met twice in 2011. The Nominating & Governance Committee assists the Board in reviewing and analyzing, and makes recommendations regarding, corporate governance matters. The Nominating & Governance Committee also assists the Board in establishing qualifications for Board membership and in identifying, evaluating and selecting qualified candidates to be nominated for election to the Board. In the event of a vacancy on the Board, the Nominating & Governance Committee develops a pool of potential director candidates for consideration. The Nominating & Governance Committee seeks candidates for election and appointment with excellent decision-making ability, valuable and varied business experience and knowledge, and impeccable personal integrity and reputations. The Committee does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for Board membership, in an effort to obtain a variety of viewpoints in the Board's proceedings. The Nominating & Governance Committee considers whether candidates are free of constraints or conflicts which might interfere with the exercise of independent judgment regarding the types of matters likely to come before the Board, and have the time required for preparation, participation and attendance at Board and committee meetings. Other factors considered by the Nominating & Governance Committee in identifying and selecting candidates include the needs of the Company and the range of talent and experience already represented on the Board. The Nominating & Governance Committee solicits suggestions from other members of the Board regarding persons to be considered as possible nominees. Shareholders who wish the Nominating & Governance Committee to consider their recommendations for director candidates should submit their recommendations in writing to the Nominating & Governance Committee, in care of the office of the Chairman of the Board, Interface, Inc., 2859 Paces Ferry Road, Suite 2000, Atlanta, GA 30339. Recommendations should include the information which would be required for a Shareholder Proposal as set forth in Article II, Section 9 of the Company's Bylaws. Director candidates who are recommended by shareholders in accordance with these procedures will be evaluated by the Nominating & Governance Committee in the same manner as director candidates recommended by the Company's directors.

The Board of Directors has determined that each member of the Nominating & Governance Committee is independent in accordance with applicable law, including the rules and regulations of the Securities and Exchange Commission and the rules of the Nasdaq Stock Market. The Nominating & Governance Committee

operates pursuant to a Nominating & Governance Committee Charter that was adopted by the Board of Directors. The Nominating & Governance Committee Charter may be viewed on the Company's website, [www.interfaceglobal.com/Investor-Relations/Corporate-Governance/Nominating-Governance-Charter-\(1\).aspx](http://www.interfaceglobal.com/Investor-Relations/Corporate-Governance/Nominating-Governance-Charter-(1).aspx).

The Board receives quarterly reports on elements of risk that may potentially affect the Company, as identified and presented by management. The Board also assists in the Company's risk oversight through its various committees described below. For example, the Audit Committee assists in overseeing risk as it relates to the Company's financial statements, financial reporting process and internal control system. In that regard, the Company's Director of Internal Audit and outside auditors report directly to the Audit Committee. The Nominating & Governance Committee assists in overseeing risk related to the Company's corporate governance practices as well as the performance of individual Board members and committees, while the Compensation Committee assists in overseeing risk as it relates to the Company's executive compensation program and practices.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Overall Philosophy and Objectives**

The Company's compensation program is designed in a manner intended to both attract and retain a highly-qualified, motivated and engaged management team whose focus is on enhancing shareholder value. The Company believes a straightforward program that is readily understood and endorsed by its participants best serves these goals, and has constructed a program that contains (1) multiple financial elements, (2) clear and definitive targets, (3) challenging but attainable objectives, and (4) specified performance metrics. More specifically, the objectives of the Company's management compensation program include:

Establishing strong links between the Company's performance and total compensation earned i.e., paying for performance ;

Providing incentives for executives to achieve specific performance objectives;

Promoting and facilitating management stock ownership, and thereby motivating management to think and act as owners;

Emphasizing the Company's mid and long-term performance, thus enhancing shareholder value; and

Offering market competitive total compensation opportunities to attract and retain talented executives.

Program Design and Administration

The Compensation Committee of the Board of Directors, which is composed entirely of independent directors, has developed and administers the Company's executive pay program so as to provide compensation commensurate with the level of financial performance achieved, the responsibilities undertaken by the executives, and the compensation packages offered by comparable companies. The program currently consists of four principal components, each of which is designed to drive a specific behavioral focus, which in turn helps to provide specific benefits to the Company:

Program Component	Behavioral Focus	Ultimate Benefit to Company
Competitive base salary	Rewards individual competencies, performance and level of experience	Assists with attraction and retention of highly-qualified executives, and promotes management stability
Annual cash bonuses based on achievement of established goals	Rewards individual performance and operational results of specific business units and Company as a whole	Aligns individual interests with overall short term (quarterly and annual) objectives, and reinforces pay for performance program goals
Long-term incentives	Rewards engagement, longevity, sustained performance and actions designed to enhance overall shareholder value	Aligns individual interests with the long-term investment interests of shareholders, and assists with retention of highly-qualified executives
Other elements such as special incentives, retirement benefits and elective deferred compensation	Rewards targeted operational results, engagement and longevity, and sustained performance	Focuses enhanced efforts on a particular key objective (e.g., debt reduction), aligns individual interests with the long-term investment interests of shareholders, assists with the attraction

and retention of highly-qualified executives, and promotes management stability

Table of Contents

The Company strives to structure various elements of these program components so that a large portion of executive compensation is directly linked to advancing the Company's financial performance and the interests of shareholders.

The Committee establishes base salaries for the executive officers, including the Named Executive Officers listed in the Summary Compensation Table included in this Proxy Statement. The Committee also administers the annual bonus program, the long-term incentive program, retirement benefits, deferred compensation arrangements, and, when applicable, special incentive programs.

The Committee has directly engaged Pearl Meyer & Partners, a nationally-recognized, independent compensation consultant, to provide input on compensation matters. The services performed by Pearl Meyer & Partners may vary according to the particular needs of the engagement, but typically will consist of providing a market or peer group overview of compensation elements, including salary, bonus, long-term incentives and special incentives. For 2011, the corporate peer group used for benchmarking compensation was: Actuant Corp.; Acuity Brands, Inc.; Albany International Corp.; BE Aerospace, Inc.; The Dixie Group, Inc.; Herman Miller, Inc.; HNI Corporation; Kimball International, Inc.; Knoll, Inc.; Mohawk Industries, Inc.; Steelcase, Inc.; Unifi, Inc.; and USG Corp. Occasionally, Pearl Meyer & Partners also may conduct a business performance review of our Company compared with other companies, to assist the Committee in making its compensation decisions.

The Committee also seeks compensation input from the Company's Chief Executive Officer and General Counsel. In addition, the Committee takes into account publicly available data relating to the compensation practices and policies of other companies within and outside the Company's industry. Furthermore, the policies and programs described below are subject to change as the Committee deems necessary from time to time to respond to economic conditions, meet competitive standards and serve the objectives of the Company and its shareholders.

The Board, in conjunction with management, has reviewed our compensation policies and practices as generally applicable to our employees and determined that they do not encourage excessive risk or unnecessary risk taking and do not otherwise create risks that are reasonably likely to have a material adverse effect on the Company.

Table of Contents**Discussion of Principal Elements of Compensation Program*****Base Salaries***

The Committee generally strives to set base salaries at the market median (50th percentile) of salaries offered by other employers in our industry and other publicly traded companies with characteristics similar to the Company (size, growth rate, etc.), based, by and large, on information provided by our independent compensation consultant and internal equalization policies of the Company. Some of the companies considered from time to time are included in the list of companies comprising the self-determined peer group index used to create the stock performance graph included in the Company's Annual Report on Form 10-K for the year ended January 1, 2012 (which graph is reproduced below for your reference). The Company's current self-determined peer group is comprised of the following companies: Actuant Corp.; Acuity Brands, Inc.; Albany International Corp.; BE Aerospace, Inc.; The Dixie Group, Inc.; Herman Miller, Inc.; HNI Corporation; Kimball International, Inc.; Knoll, Inc.; Mohawk Industries, Inc.; Steelcase, Inc.; Unifi, Inc.; and USG Corp.

In addition, the Committee may consider other factors when setting individual salary levels, which may result in salaries somewhat above or below the targeted amount. These factors include the executive's level of responsibility, achievement of goals and objectives, tenure with the Company, and specific background or experience, as well as external factors such as the availability of talent, the recruiting requirements of the particular situation, and general economic conditions and rates of inflation. In this Proxy Statement, compensation for Named Executive Officers based outside the United States is reported in U.S. dollars based on the currency exchange rate in effect as of the end of each fiscal year, and therefore fluctuations in currency exchange rates may impact the reported amounts.

Base salary adjustments for executive officers generally are made (if at all) annually and are dependent on the factors described above. In 2011, the Named Executive Officers received base salary increases ranging from 5-10% (an aggregate of approximately \$181,000 for the five Named Executive Officers) following a period of three years during which they had received no base salary increases.

Please see the Summary Compensation Table included in this Proxy Statement for the base salaries of the Named Executive Officers in 2011.

Annual Bonuses

The Committee administers the shareholder-approved Executive Bonus Plan, which provides quarterly and annual bonus opportunities for Company executives. The bonus opportunities provide an incentive for executives to earn compensation based on the achievement of important corporate or business unit (division or subsidiary) financial performance and, in some cases, individual performance goals. In determining the appropriate bonus opportunities, the Committee seeks to establish potential awards that, when combined with annual salary, place the total overall cash compensation opportunity for the Company's executives in the third quartile (between the market 50th percentile and the market 75th percentile) for comparable companies, provided that the performance objectives are substantially achieved.

Each executive officer of the Company, including the Chief Executive Officer, is assigned a bonus potential (typically ranging between 65% and 110% of base salary), and a personalized set of quarterly and annual financial objectives. Actual awards can range from 0% to 150% of the bonus potential, depending on the degree to which the established financial objectives are achieved, and are paid on a quarterly and annual basis in the following manner:

Achievement of Objectives	Percentage of Bonus Opportunity Payable	Timing of Payment to Employee Participant
First Quarter Objectives Achieved	15%	Approximately 45 days following end of first quarter
Second Quarter Objectives Achieved	15%	Approximately 45 days following end of second quarter
Third Quarter Objectives Achieved	15%	Approximately 45 days following end of third quarter
Fourth Quarter Objectives Achieved	15%	Approximately 60 days following end of year
Fiscal Year Objectives Achieved	40%	Approximately 60 days following end of year

In 2011, 100% of the bonus potential for the Chief Executive Officer, Chief Financial Officer and each of the other Named Executive Officers was based on measurable financial objectives. For Messrs. Hendrix and Wells (who manages the Company's Americas floorcoverings business), these objectives consisted of growth in operating income and cash flow for operations managed, earnings per share and FLOR (consumer products division) gross billings, and the relative weights assigned to these financial objectives were 60%, 10%, 20% and 10%, respectively. For Messrs. Lynch and Willoch, these objectives consisted of growth in operating income, earnings per share and cash flow, and the relative weights assigned to these financial objectives were 60%, 20%

Table of Contents

and 20%, respectively. For Mr. Coombs (who manages the Company's Asia-Pacific floorcoverings business), the objectives were growth in operating income and cash flow for operations managed and earnings per share, and the relative weights were 60%, 20% and 20%, respectively.

For each objective, the Committee establishes a threshold level that must be achieved in order for any bonus amount to be earned with respect to that objective, and establishes a goal that must be achieved or exceeded to maximize bonus compensation for that objective (except that no bonus is payable if the threshold for operating income is not exceeded). A pro rata bonus amount is earned to the extent that the threshold is exceeded, up to 150% of the goal number for the Chief Executive Officer and for the other Named Executive Officers. Historically, the Committee has set the threshold level, in its discretion, based primarily on a consideration of the Company's prior year results for each objective, such that no bonus will be earned with respect to the objective in the event that the Company fails to experience improvement. Also historically, the Committee has set the goal, in its discretion, based primarily on factors that would approximate 15% sales growth and 20% operating income and earnings per share growth from such incremental sales. With respect to cash flow, the Committee sets the goal, in its discretion, using similar approximations, but taking into account anticipated growth initiatives, capital expenditures, research and development costs, debt maturities, and other cash uses that the Committee deems relevant. Given this methodology, the Committee believes that the threshold level, while challenging, is reasonably likely to be achieved in normalized market conditions, while the target would be fully achieved or exceeded only with exceptional performance.

For 2011, each of the Named Executive Officers received a bonus, which appears in the Summary Compensation Table included in this Proxy Statement, as their respective performance objectives were determined to have been achieved, in part, during the year. For 2011, actual bonus earned, expressed as a percentage of maximum bonus potential, was 25%, 23%, 12%, 40% and 23% for Messrs. Hendrix, Lynch, Wells, Coombs and Willoch, respectively. The bonuses were attributable to their achieving or exceeding their respective financial objective goals, primarily during the first two quarters of the year.

For fiscal year 2012, annual incentive awards are again based on the achievement of important corporate or business unit (division or subsidiary) financial performance. The annual incentive awards for 2012 are structured in a manner similar to the annual incentive awards in 2011, with the same performance objectives and relative weights.

Long-Term Incentives

The Committee administers the shareholder-approved Interface, Inc. Omnibus Stock Incentive Plan (the Omnibus Stock Plan), which is an equity-based plan that allows for long-term incentive awards such as restricted stock and stock options. The Omnibus Stock Plan provides for the grant to key employees and directors of the Company and its subsidiaries of restricted stock, incentive stock options (which qualify for certain favorable tax treatment), nonqualified stock options, stock appreciation rights, deferred shares, performance shares and performance units. The size of the awards made to individual officers is based on an evaluation of several factors, including the officer's level of responsibility, the officer's base salary and the Company's overall compensation objectives. The amount and nature of prior equity incentive awards also are generally considered in determining new Omnibus Stock Plan awards for executive officers.

Long-term incentives are intended to attract and retain outstanding executive talent, create a direct link between shareholder and executive interests by focusing executive attention on increasing shareholder value, and motivate executives to achieve specific performance objectives. For instance, stock options (when granted) have an exercise price equal to at least 100% of the market price of the underlying Common Stock on the date of grant. Thus, the stock options only have value if the market price of the Company's stock rises after the grant date. Additionally, restricted stock awards generally vest, in whole or in part, over a period of multiple years (three to five years for grants made in recent years), giving the executive an incentive to remain employed with the Company for a significant time period to have the opportunity to vest in an award. Moreover, awards of restricted stock may vest earlier if specific performance criteria are met, and these performance criteria are designed to drive shareholder value. (As discussed below, 50% of the 2008, 2010 and 2011 awards are ineligible for time/retention vesting and are forfeited altogether if the performance criterion is not met. In addition, for the 2008 award, the shares that are eligible for time/retention vesting are reduced share-for-share by the number of shares that vest based on achievement of the performance criterion).

Table of Contents

Description of Available Awards

Restricted Shares

Awards of restricted shares under the Omnibus Stock Plan generally vest over a period of multiple years following the date of award, and may vest earlier if specified performance criteria established by the Committee are satisfied. Unvested awards are also subject to forfeiture under certain circumstances. All restricted shares awarded to date have been made without consideration from the participant (although the Omnibus Stock Plan authorizes the Committee, in connection with any award, to require payment by the participant of consideration, which can be less than the fair market value of the award on the date of grant). Awards of restricted stock generally will not be transferable by the participant other than by will or applicable laws of descent and distribution.

Stock Options

Options granted under the Omnibus Stock Plan may be incentive stock options (as defined in Section 422 of the Internal Revenue Code of 1986, as amended), nonqualified stock options or a combination of the foregoing, although only employees are eligible to receive incentive stock options. All options under the Omnibus Stock Plan will be granted at an exercise price per share equal to not less than 100% of the fair market value of the Common Stock on the date the option is granted. Options may be structured to vest over a period of multiple years. Options granted under the Omnibus Stock Plan expire following a pre-determined period of time after the date of grant (which may not be more than 10 years after the grant date), and generally will terminate on the date three months following the date that a participant's employment with the Company terminates.

The Company receives no consideration upon the granting of an option. Full payment of the option exercise price must be made when an option is exercised. The exercise price may be paid in cash or in such other form as the Committee may approve, including shares of Common Stock valued at their fair market value on the date of option exercise. Options generally will not be transferable by the holder thereof other than by will or applicable laws of descent and distribution.

Other Potential Awards

The Omnibus Stock Plan also provides for the award of stock appreciation rights, deferred shares, performance shares and performance units. To date, the Committee has not granted any of these types of awards.

Recent Omnibus Stock Plan Awards to Named Executive Officers

The long-term incentive awards made under the Omnibus Stock Plan in January 2008 to the Company's executive officers consisted of restricted stock grants with performance-based vesting and, with respect to a portion of such grants, tenure-based vesting. The 2008 awards were higher than the typical restricted stock awards in prior years because they were made pursuant to a three-year performance program applicable during 2008-2010. The 2008 awards are eligible to performance vest to the extent that the Company's earnings per share plus dividends exceeds a specified baseline threshold and reaches a target amount during the performance period (provided that a stated minimum level of operating income also is achieved). At the time of the awards, the Committee believed that a three-year performance period was appropriate because the Committee desired to focus this incentive award on longer-term performance. Fifty percent of each 2008 award is eligible to vest on the fifth anniversary of the grant date if the executive remains employed by the Company at that time, but the shares eligible to vest based on tenure of employment are reduced share-for-share by the number of shares that performance vest (such that if at least fifty percent of the shares performance vest there will be no shares eligible to time vest). The remaining fifty percent would be forfeited altogether if the performance criterion is not met. The 2008 awards originally provided that additional shares would be issued to the executives on a pro rata basis to the extent the performance target was exceeded during the three-year performance period.

The Committee established the baseline threshold for the 2008 awards at the level of the Company's actual earnings per share plus dividends for the prior year period (2007), such that none of the award would performance-vest if the Company failed to achieve some growth in earnings per share plus dividends.

Table of Contents

Accordingly, at the time of the awards, the Committee believed that the threshold level, while challenging, was reasonably likely to be achieved in normalized market conditions. The Committee established the target level at an amount that exceeded a 20% compound annual growth rate over the actual earnings per share plus dividends for the prior year period (2007), such that the target could be fully achieved or exceeded only with exceptional performance.

In January 2009, the Committee determined that an amendment of the awards was appropriate in response to the deteriorating market conditions brought on by the severe worldwide recession because otherwise the awards, based on obsolete targets, would have had no incentive value whatsoever (yet remain an expense for the Company). The amendment extended the performance period through the year 2012 (to allow some time for economic conditions to stabilize and begin recovering) and reduced the threshold (to a challenging but potentially achievable level that took into account the Company's forecasted decline in earnings per share plus dividends as a result of the worldwide financial and credit crisis) at which such restricted shares would begin to performance vest on a pro rata basis during the extended performance period. However, the performance target that must be achieved for vesting in the entirety of the award remained unchanged, and the executive's opportunity to receive additional shares for exceeding that performance target was removed. To date, approximately 21% of the 2008 awards have vested, based on 2010 and 2011 performance.

As an additional performance incentive, each of the Named Executive Officers received an award of stock options in 2009. Each award vests one-half on the first two anniversaries of the grant date and has a term of ten years. The Committee believes these awards were appropriate in light of the decreased likelihood of vesting in the 2008 restricted stock awards described above, and to further align management and shareholder interests by granting awards focused directly on an increase in the Company's stock price.

In July 2010, each of the Named Executive Officers received an award of restricted stock. The 2010 awards are eligible to performance vest to the extent that the Company's earnings per share plus dividends reaches specified target levels during a three-year performance period, with a special accelerated vesting opportunity based on 2010 earnings per share plus dividends. Fifty percent of any unvested shares from the 2010 award will vest on the third anniversary of the grant date if the executive remains employed by the Company at that time. Substantially all of these shares vested based on the Company's 2010 performance, and the small remainder vested based on the Company's 2011 performance.

In January 2011, each of the Named Executive Officers received an award of restricted stock, as described in the Grants of Plan-Based Awards table included in this Proxy Statement. The 2011 awards are eligible to performance vest to the extent that the Company's earnings per share plus dividends reaches specified target levels during a three-year performance period. Fifty percent of any unvested shares from the 2011 award will vest on the third anniversary of the grant date if the executive remains employed by the Company at that time. None of the 2011 awards have vested to date.

In February 2011, Mr. Hendrix received a special award of 200,000 shares of restricted stock, as also described in the Grants of Plan-Based Awards table included in this Proxy Statement. This special award is eligible to performance vest to the extent that FLOR gross billings reach specified target levels during a five-year performance period. None of the shares are eligible to vest based on Mr. Hendrix's tenure of employment. The Committee believe this special award was appropriate because (1) the Committee wanted to focus management on the growth of the FLOR consumer carpet tile business, both through the internet and catalog channels as well as through additional FLOR retail store openings, and (2) the Committee believed that the number of restricted shares held by Mr. Hendrix had fallen well below historical levels as well as the levels desired both for his retention and to align his compensation with the long-term interests of our shareholders. None of the special award has vested to date.

At the time the 2011 awards were granted, the Committee believed that the specified target levels, while challenging, could possibly be achieved in normalized market conditions and would be achieved with exceptional performance. However, based on current market conditions, the Committee believes that the specified target levels are not reasonably likely to be achieved.

Stock Ownership and Retention Guidelines

To further tie the financial interests of Company executives to those of shareholders, the Committee has established stock ownership and retention guidelines. Under these guidelines, executive officers are expected to accumulate a number of shares (unrestricted) of the Company's Common Stock having a value equaling one and one-half times base salary in the case of the Chief Executive Officer and one times base salary in the case of the other executive officers (based on salaries and the stock price at the time the guidelines were adopted several years ago). All executives have now met this target. To facilitate accomplishing the ownership targets, executive officers generally are expected to retain at least one-half of the net after-tax shares (i.e., the net shares remaining after first selling sufficient shares to cover the anticipated tax liability and, in the case of stock options, the exercise price) obtained upon the vesting of restricted stock and the exercise of stock options.

Directors also are subject to stock ownership requirements. The directors who were serving when the requirements were adopted were required to accumulate at least 2,000 shares (unrestricted) by March 31, 2006, and any new director elected thereafter is required to accumulate at least 2,000 shares (unrestricted) by the second anniversary of his or her election. All directors have met this stock ownership standard. As a guideline, non-employee directors also are expected to retain during their tenure all of the net after-tax shares obtained upon the vesting of restricted stock and at least one-half of the net after-tax shares obtained upon the exercise of stock options.

Other Elements of Compensation Program

In addition to the principal compensation program elements described above, the Company has adopted a number of other elements to further its compensation program goals, including, on occasion, special incentive programs to strengthen the alignment of our executive officers' interests with shareholder long-term interests. They are as follows:

401(k) Plan and Superannuation Plan	Special Incentive Programs
Elective Deferred Compensation Program	Severance Agreements
Pension/Salary Continuation Programs	Perquisites
<i>401(k) Plan and Superannuation Plan</i>	

The Company maintains the Interface, Inc. Savings and Investment Plan (the 401(k) Plan), a tax-qualified 401(k) plan which provides its U.S.-based employees a convenient and tax-advantaged opportunity to save for retirement. The Company's Named Executive Officers who are based in the United States are eligible to participate in the 401(k) Plan on the same terms as other executive and non-executive employees based in the United States, and receive the same benefits afforded all other participants.

Under the 401(k) Plan, all participating employees are eligible to receive matching contributions that are subject to vesting over time. The Company periodically evaluates the level of matching contributions afforded participant employees to ensure competitiveness in the marketplace. The Company matches 50% of the first 6% of the employee's eligible compensation (capped by statutory limitations) that the employee contributed to the 401(k) Plan.

Mr. Coombs, who is based in Australia, participates in a government-required defined contribution retirement plan called a superannuation plan. Pursuant to this plan, the Company contributes monthly to Mr. Coombs' superannuation account an amount equal to approximately 8% of his monthly salary.

Elective Deferred Compensation Program

The Company maintains the Interface, Inc. Nonqualified Savings Plan and Interface, Inc. Nonqualified Savings Plan II (collectively, the Nonqualified Plan) for certain U.S.-based highly compensated employees (as such term is defined in applicable IRS regulations), including the Named Executive Officers who are based in the United States. As with the Company's 401(k) Plan, the Named Executive Officers who are based in the United States are eligible to participate in the Nonqualified Plan on the same terms as other executive and non-executive eligible employees based in the United States, and receive the same benefits afforded all other

Table of Contents

participants. Under the Nonqualified Plan, all eligible employees can elect to defer, on a pre-tax basis, a portion of their salary and/or annual bonus compensation. The Company matches 50% of the first 6% of the employee's eligible salary and bonus that was deferred, less any potential Company matching amounts under the 401(k) Plan.

The Nonqualified Plan also contains a Key Employee Retirement Savings Benefit feature to permit discretionary contributions to certain key employees' accounts (in a separately tracked sub-account) to enhance retirement savings and to couple such contributions with vesting structures that will promote the retention of such key employees. In each of 2009, 2010 and 2011, the Compensation Committee made a Key Employee Retirement Savings Benefit contribution of \$50,000 to the Nonqualified Plan account of Mr. Lynch. This contribution will vest 50% upon his reaching age 50 and 50% upon his reaching age 55, assuming continuous service with the Company until such ages.

Please see the Non-Qualified Deferred Compensation table included in this Proxy Statement for further details regarding the Nonqualified Plan, as well as the Company's Named Executive Officers' contributions, earnings and account balances applicable to the Nonqualified Plan for fiscal year 2011.

Pension/Salary Continuation Programs

Foreign Defined Benefit Plans

The Company has trustee-administered defined benefit retirement plans (Pension Plans) which cover certain of its overseas employees. The benefits are generally based on years of service and the employee's average monthly compensation. As determined by their respective trustees, the investment objectives of the Pension Plans are to maximize the return on the investments without exceeding the limits of prudent pension fund investment and to ensure that the assets ultimately will be sufficient to exceed minimum funding requirements. The goal is to optimize the long-term return on plan assets at a moderate level of risk, by balancing higher-returning assets, such as equity securities, with less volatile assets, such as fixed income securities. The assets are managed by professional investment firms and performance is evaluated periodically against specific benchmarks. The Pension Plans' net assets did not include any shares of the Company's own stock at January 1, 2012. Only one of our executive officers, Mr. Lindsey Parnell, based in Europe, is a participant in a Pension Plan. None of our Named Executive Officers are participants.

Salary Continuation Plan

The Company maintains a nonqualified Salary Continuation Plan designed to induce selected employees of the Company to remain in the employ of the Company by providing them with retirement, disability and death benefits in addition to those which they may receive under the Company's other benefit programs. The Salary Continuation Plan entitles participants to (i) retirement benefits upon normal retirement from the Company at age 65 (or early retirement as early as age 55) after completing at least 15 years of service with the Company (unless otherwise provided in the plan), payable for the remainder of their lives (or, if elected by a participant, a reduced benefit is payable for the remainder of the participant's life and any surviving spouse's life) and in no event for less than 10 years under the death benefit feature; (ii) disability benefits payable for the period of any pre-retirement total disability; and (iii) death benefits payable to the designated beneficiary of the executive for a period of up to 10 years. The annual retirement benefit for retirement at age 65 is 50% of the executive's final average earnings (defined as the average of the salary and bonus paid by the Company for the four individual calendar years of the executive's highest compensation during the last eight full calendar years of the executive's employment with the Company ending on or prior to the effective date of the executive's retirement), which decreases proportionately to 30% of final average earnings for early retirement at age 55. The annual disability benefit is structured to essentially equate to 66% of current pay (salary and bonus) at the time of disability. The annual death benefit, for the 10-year payment period, is 50% of final average earnings, for a pre-retirement death, or a continuation of the actual retirement payments for the balance of the 10-year period (if any) for a post-retirement death (assuming no election of spousal survival benefits). The Salary Continuation Plan is administered by the Compensation Committee, which has full discretion in choosing participants and the benefits

applicable to each. The Company's obligations under the Salary Continuation Plan are currently unfunded (although the Company uses insurance instruments to hedge its exposure thereunder); however, the Company is required to contribute the present value of its obligations thereunder to an irrevocable grantor trust in the event of a "Change in Control" (as such term is defined in the Salary Continuation Plan) of the Company.

Pursuant to the Salary Continuation Plan, the Company has maintained Salary Continuation Agreements with each of Named Executive Officers Hendrix, Wells and Willoch since 1986, 1998 and 1996, respectively. (The Company most recently amended and restated the Salary Continuation Agreements with Messrs. Hendrix, Wells and Willoch in January 2008, primarily to comply with Section 409A of the Internal Revenue Code of 1986, as amended. The benefits under their amended and restated agreements are substantially similar to those under their respective prior agreements.) The individual Salary Continuation Agreements contain essentially all of the benefit terms and conditions, and those agreements control in the event of any conflict with the Salary Continuation Plan document. Please see the "Pension Benefits" table included in this Proxy Statement for information about the Salary Continuation Plan benefits applicable to Messrs. Hendrix, Wells and Willoch.

Special Incentive Programs

From time to time, in its discretion, the Committee may implement special incentive programs which provide executives an opportunity to earn additional compensation if specific performance objectives are met. Special incentive programs are used when the Committee recognizes a need or desire for the Company to achieve one or more targeted strategic or financial objectives (such as stock price appreciation, debt reduction, cash accumulation, or attainment of a specified financial ratio) in addition to those objectives generally covered by annual bonuses and long-term incentives. The time period for achievement of the objectives may vary from less than a year to a multiple-year period. In each case, the performance objectives are designed to represent challenging but achievable targets that will serve to align the interests of executives with the interests of shareholders, and encourage executives to think and act as owners.

In January 2009, the Committee adopted a special incentive program that provided executive officers of the Company a bonus compensation opportunity based on the achievement of a key business performance objective. The performance objective was reduction in Company debt and/or accumulation of cash on the balance sheet in a specified amount by the end of fiscal year 2009. (The baseline was the fiscal 2008 year-end balance sheet, and a specified minimum amount of operating income must have been achieved as an additional condition to the bonus opportunity.) This performance objective was viewed as particularly important by the Committee in light of the Company's then-outstanding 10.375% Senior Notes which matured in February 2010. The target amount was set by the Committee at an amount such that, if achieved, the Company would have had sufficient liquidity, considering its cash on hand, borrowing availability, and cash generated during 2009, to pay off the 10.375% Senior Notes while still funding forecasted capital expenditures and working capital, with the threshold being set at approximately two-thirds of the target amount. Given the relatively large balance of 10.375% Senior Notes outstanding at the time the program was adopted, the Committee believed the target could be fully achieved only with exceptional performance. The potential payout to each executive officer for achievement of the performance objective was set at a cash amount equaling 50% to 100% of the officer's respective base salary, depending on the extent (pro rata) to which the specified threshold is exceeded and the specified target is achieved. The potential aggregate payout to the executive officers as a group for achieving the objective ranged from approximately \$1.4 million (for achieving the threshold amount) to approximately \$2.8 million (for achieving the target amount or more). Any bonus paid under this program is excluded from any severance benefits available to the officer in case of termination (except in case of termination following a change in control of the Company), and also is excluded from the final average earnings formulas of Salary Continuation Agreements and all other applicable retirement or pension plans. During 2009, the performance objective was met to an extent that entitled each executive officer to a bonus amount equaling 50% of base salary. However, in light of economic conditions and the salary freeze then in effect at the Company, the executive officers voluntarily agreed to reduce the bonus amount actually paid by one-half.

No special incentive programs were applicable during 2010 or 2011.

Severance Agreements

The Company has substantially similar Employment and Change in Control Agreements in effect with each of Messrs. Hendrix, Lynch, Wells and Willoch, and has two employment agreements in effect with Mr. Parnell covering his activities (i) within and (ii) outside of the United Kingdom. (Mr. Coombs is not a party to an employment or change in control agreement.) These agreements generally provide for certain benefits (salary, bonus, medical benefits, etc.) in the event of a Named Executive Officer's termination of employment without cause (as defined in the agreements), as well as certain benefits upon his resignation, death or disability. These agreements also contain provisions placing restrictions on a Named Executive Officer's ability to compete with the Company, or solicit its customers or employees, for a specified period of time following termination of employment.

For Messrs. Hendrix, Lynch, Wells and Willoch, these agreements provide for certain benefits in the event of a termination of employment in connection with a Change in Control (as defined in the agreements) of the Company.

Please see the further discussion below in the Potential Payments Upon Termination or Change of Control section of this Proxy Statement regarding the respective employment and change in control agreements of the Company's Named Executive Officers.

Perquisites

In order to provide a market competitive total compensation package to certain of the Company's executive officers, including the Named Executive Officers, the Company provides those limited perquisites that it believes enable its Named Executive Officers to perform their responsibilities efficiently and with minimal distractions. The perquisites provided to one or more Named Executive Officers in 2011 included the following:

Company-provided automobile/allowance
Health club dues
Tax return preparation services

Company-provided telephone
Long-term care insurance
Split dollar insurance agreement (for Mr. Hendrix only)

Please see the Summary Compensation Table included in this Proxy Statement (and the notes thereto) for a more detailed discussion of these perquisites and their valuation.

Compensation Deductibility

An income tax deduction under federal law will be generally available for annual compensation in excess of \$1 million paid to the chief executive officer and the named executive officers of a public corporation only if that compensation is performance-based and complies with certain other tax law requirements. Executive compensation under the Company's Executive Bonus Plan, described above, meets these requirements and therefore qualifies for an income tax deduction under federal law.

Although the Committee considers deductibility issues when approving executive compensation elements, the Company and the Committee believe that other compensation objectives, such as attracting, retaining and providing incentives to qualified managers, are important and may supersede the goal of maintaining deductibility. Consequently, the Company and the Committee may make compensation decisions without regard to deductibility when it is deemed to be in the best interests of the Company and its shareholders to do so.

The stock options exercised by Mr. Coombs had an exercise price of \$4.08 per share, and were granted in 2009.

- (1) The Company maintains the Interface, Inc. Nonqualified Savings Plan and Interface, Inc. Nonqualified Savings Plan II (collectively, the Nonqualified Plan) for certain U.S.-based highly compensated employees (as such term is defined in applicable IRS regulations), including the Named Executive Officers who are based in the United States (Messrs. Hendrix, Lynch, Wells and Willoch). As with the Company's 401(k) Plan, Messrs. Hendrix, Lynch, Wells and Willoch are eligible to participate in the Nonqualified Plan on the same terms as other eligible executive and non-executive employees based in the United States, and receive the same benefits afforded all other participants.

Under the Nonqualified Plan, all eligible employees can elect to defer, on a pre-tax basis, a portion of their salary and/or annual bonus compensation. Each participant elects when the deferred amounts will be paid out, which can be during or after employment, subject to the provisions of Section 409A of the Internal Revenue Code. The employee earns a deferred return based on deemed investments in mutual funds selected by the employee from a list provided by the Company. The investment risk is borne entirely by the employee participant. Gains and losses are credited based on the participant's election of a variety of deemed investment choices. Participants' accounts may or may not appreciate, and may even depreciate, depending on the performance of their deemed investment choices. None of the deemed investment choices provide interest at above-market rates (or any guaranteed interest rate). The Company has established a rabbi trust to hold, invest and reinvest deferrals and contributions under the Nonqualified Plan, and all deferrals are paid out in cash upon distribution.

- (2) The amounts reported in column (c) reflect, for each Named Executive Officer (as applicable), the actual amounts contributed by the Company to the Nonqualified Plan during fiscal year 2011 (including contributions in 2011 with respect to compensation deferrals in 2010).
- (3) The amounts reported in column (d) were not reported as compensation to the Named Executive Officers in the Company's Summary Compensation Table. However, the Company's matching contributions reported in column (c) are included in the All Other Compensation column of the Company's Summary Compensation Table.

(1) The amounts reported in the Stock Awards column are computed based upon the aggregate grant date fair value of the respective awards. See the Note entitled Shareholder's Equity to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended January 1, 2012, regarding assumptions underlying valuation of equity awards. The ultimate payout value may be significantly more or less than the amounts shown, and possibly zero, depending on the recipient's tenure as a director. In 2011, each of the directors listed in the table (except Mr. Anderson) received an award of 3,000 shares of restricted stock having a grant date fair value of \$17.26 per share. As of January 1, 2012, each of those same directors held an aggregate of 4,500 shares of restricted stock that had not vested.

(2) Any amounts reported in the Option Awards column would have been computed based upon the aggregate grant date fair value of the respective awards. However, no stock options were granted to directors in 2011. As of January 1, 2012, each of Messrs. Gable and Miller and Ms. Henton held 10,000 outstanding options, Messrs. Callaway and Kohler held 2,500 outstanding options, Ms. Dillon-Ridgley and Mr. Kennedy held 5,000 outstanding options, and Mr. Paisner held 20,000 outstanding options.

(3) Mr. Anderson, who served as non-executive Chairman of the Board and Chairman of the Executive Committee of the Board, remained an employee of the Company until his death in August 2011. Mr. Anderson was the Company's primary spokesperson in support of its environmental sustainability initiative, giving many speeches, webcasts and interviews, reaching a total estimated audience in the millions. In his capacity as an employee, Mr. Anderson was compensated during 2011 in the amounts reflected in the table above.

The amount reported in the Non-Equity Incentive Plan Compensation column reflects the amount earned by and paid to Mr. Anderson for 2011 under the Company's Executive Bonus Plan. The material provisions of the Executive Bonus Plan are more fully described in the Compensation Discussion and Analysis section included herein. In addition, as an employee of the Company, Mr. Anderson also was covered by certain of the Company's benefits programs, such as medical and dental insurance plans. Mr. Anderson had an Employment Agreement and Change in Control Agreement with the Company that was substantially similar to those described below for Messrs. Hendrix, Lynch, Wells and Willoch.

The Company maintained a Salary Continuation Agreement with Mr. Anderson pursuant to the Salary Continuation Plan described in the Compensation Discussion and Analysis section herein. The amount

Table of Contents

reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column relates to Mr. Anderson's accumulated benefit thereunder. In 2007, Mr. Anderson's annual salary was reduced to \$350,000 and he began drawing payments under his Salary Continuation Agreement totaling \$449,605 per year. The amount in column (f) reflects the reduction in the actuarial present value of his salary continuation benefits (a reduction of \$1,746,826), plus the salary continuation payments of \$281,003, for a net reduction of \$1,465,823.

All Other Compensation. The amount reported in column (g) for Mr. Anderson reflects the incremental cost to the Company of all perquisites and other personal benefits. The following table outlines those perquisites and all other compensation required by SEC rules to be separately quantified that were provided to Mr. Anderson during 2011.

Name	Automobile (\$)	Health Club Dues (\$)	Financial, Legal and Tax Planning (\$)	Telephone (\$)	Long Term Care Insurance (\$)
Ray C. Anderson	5,348	720	75,418	875	1,026

Automobile/Automobile Allowance. Mr. Anderson was provided with use of a company-provided automobile, plus fuel and maintenance.

Health Club Dues. Certain health club membership dues were paid on behalf of Mr. Anderson. The Company does not provide any tax reimbursement in connection with the personal use of the club.

Financial, Legal and Tax Planning. The Company paid certain fees associated with Mr. Anderson's use of certain financial, legal and tax planning services, which included tax preparation and estate planning services.

Telephone. The Company paid certain fees associated with Mr. Anderson's use of a company-provided cellular telephone.

(4) For fiscal year 2011, the Company's non-employee directors (outside directors) were paid an annual director's fee of \$45,000. Outside directors who serve on the Audit Committee, the Compensation Committee and the Nominating & Governance Committee were paid an additional \$5,000 per year, except that the respective Chairpersons of the Audit Committee, Compensation Committee and Nominating & Governance Committee were paid an additional \$10,000 per year (rather than \$5,000). In addition, the lead independent director of the Board was paid an incremental \$10,000 per year. Directors also were reimbursed for expenses in connection with attending Board and Committee meetings.

In 2011, each outside director was awarded 3,000 restricted shares of Company stock. The awards of restricted stock vest in two increments (one-half each) on the first and second anniversaries, respectively, of the grant date of the award if the individual continues to serve as a director on those dates. Also in 2011, the Company paid on all outstanding Common Stock of the Company (including restricted stock) dividends of \$0.02 per share in each quarter. The amounts in the All Other Compensation column reflect dividends on the restricted shares of each director in 2011.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors of the Company recognizes that transactions with related persons can present a heightened risk of conflict of interests and/or improper valuation (or the perception thereof). Accordingly, as a general matter, it is the Company's preference to avoid transactions with related persons. Nevertheless, there are circumstances where the Company may obtain products or services (i) of a nature, quantity or quality that are not readily available from alternative sources, (ii) on terms comparable to those provided by other, unrelated parties, or (iii) when the Company provides products or services on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms provided to employees generally.

Table of Contents

Policy Regarding Review, Approval or Ratification of Transactions Involving Related Persons

The Company has adopted a written policy (the Related Transactions Policy) with respect to the review, approval or ratification of transactions with related persons involving the Company (or its subsidiaries or controlled affiliates). In evaluating potential transactions with related persons, the Related Transactions Policy incorporates and applies the contents of Item 404(a) of Regulation S-K (including but not limited to the definitions of related persons and transaction , as well as the threshold for direct or indirect material interest contained therein).

Prior to entering into a transaction with a related person, the related person is required to advise a Company-designated Compliance Officer (currently the Company s General Counsel), who shall determine whether the proposed transaction is a transaction with a related person under this policy. If the Compliance Officer determines that the proposed transaction is a transaction with a related person, the transaction is required to be submitted to the Audit Committee of the Board of Directors for consideration at its next meeting or, in those instances in which it is not practicable or desirable for the Company to wait until the next Audit Committee meeting, to the Chair of the Audit Committee (who possesses delegated authority to act between committee meetings). The Audit Committee (or where submitted to the Chair, the Chair) shall consider all of the available relevant facts and circumstances, including (if applicable) but not limited to: (i) the benefits to the Company; (ii) the impact on a director s independence in the event the related person is a director, an immediate family member of a director, or an entity in which the director is a partner, equity holder or executive officer; (iii) the availability of other sources for comparable products or services; (iv) the terms of the transaction; and (v) the terms available to or from unrelated third parties or employees generally, as the case may be. After review, the Audit Committee or Chair either approves or disapproves the proposed transaction and advises the Compliance Officer, who in turn conveys the decision to the appropriate persons within the Company. No member of the Audit Committee is permitted to participate in any review, consideration, or approval of any potential transaction with a related person with respect to which such member or any of his or her immediate family members is a related person.

The Related Transactions Policy also provides for the review of (i) transactions involving related persons entered into by the Company not previously approved or ratified under this policy, as well as (ii) any previously approved or ratified transactions with related persons that remain ongoing and have a remaining term of more than six months or remaining amounts payable to or receivable from the Company of more than \$120,000. The policy also explicitly requires disclosure of all transactions that are required to be disclosed under the Securities Act of 1933, the Securities Exchange Act of 1934 and related rules and regulations.

Transactions Involving Related Persons

A wholly-owned subsidiary of the Company employs James A. Lanier, Jr., son-in-law of the Company s former Chairman Ray C. Anderson, as its Vice President of Sales, Higher Education. In 2011, Mr. Lanier earned salary and bonus of \$201,098, an automobile allowance of \$9,600, and participated in certain of the Company s benefit programs generally available to employees in the U.S.

DIRECTOR INDEPENDENCE

For each director, the Board makes a determination of whether the director is independent under the criteria established by the Nasdaq Stock Market and other governing laws and regulations. In its review of director independence, the Board considers all commercial, banking, consulting, legal, accounting, charitable or other business relationships any director may have with the Company. The current directors are Edward C. Callaway, Dianne Dillon-Ridgley, Carl I. Gable, Daniel T. Hendrix, June M. Henton, Christopher G. Kennedy, K. David Kohler, James B. Miller, Jr. and Harold M. Paisner. As a result of its review, the Board has determined that all of the current directors, with the exception of Daniel T. Hendrix (who is an employee), are independent.

The independent directors meet in regularly scheduled executive sessions without Mr. Hendrix or other members of management present. In 2011, the independent directors met four times in executive session.

(2) Each share issued under the Omnibus Stock Plan pursuant to an award other than a stock option will reduce the number of remaining shares available by 1.33 shares.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company is generally obligated to provide its Named Executive Officers with certain payments or other forms of compensation when their employment with the Company is terminated. The actual amount of compensation due each of the Named Executive Officers, as well as the duration of any periodic payments, depends on both the circumstances surrounding the termination, as well as the particulars of any employment-related agreements to which the Company and the Named Executive Officer are party.

Employment and Change in Control Agreements

As of January 1, 2012, the Company had Employment and Change in Control Agreements with Messrs. Hendrix, Lynch, Wells and Willoch (Mr. Coombs does not have an employment or change in control agreement), which generally describe the benefits payable at, following, or in connection with various termination scenarios. (The agreements have been in place since 1997 for Messrs. Hendrix, Wells and Willoch, and since 2005 for Mr. Lynch, with the primary substantive changes since execution being those necessary to bring the agreements into compliance with Section 409A of the Internal Revenue Code of 1986, as amended.) Each Employment and Change in Control Agreement is for a rolling two-year term, such that the remaining term is always two years (until a specified retirement age). The Company may terminate any of such agreements at any time, with or without cause, and each executive may voluntarily terminate his respective employment upon 90 days notice. The agreements provide for certain benefits in the event of various termination scenarios, including termination without cause, termination with cause, voluntary retirement or resignation, termination due to death or disability, and termination in connection with a change in control (as defined in the agreements) of the Company. The agreements also provide for the executives to receive a tax gross up payment to cover the amount of any excise taxes imposed on the benefits payable in the event of a termination in connection with a change in control. Each agreement also contains provisions placing restrictions on the executive's ability to compete with the Company for a period of two years following the termination of his employment.

The tables do not include amounts payable under employee benefit plans in which Company associates are eligible to participate on a non-discriminatory basis. (1) Unlike a number of publicly-traded companies, the Company does not utilize a single trigger concept for severance payments in its Employment and Change in Control Agreements. The Change in Control (as defined in the applicable agreements) does not, by itself, provide the Named Executive Officer with any right to resign and receive a severance benefit. Instead, for severance benefits to be payable, there must be a second trigger of either (i) an Involuntary Separation from Service or (ii) a Separation from Service for

Table of Contents

Good Reason (essentially, resignation in the face of negative changes in executive's employment relationship with the Company) that occurs within 24 months after the date of a Change in Control. The amounts included in this column thus assume that both a Change in Control and a subsequent termination (as described immediately above) occurred as of December 31, 2011. If a related termination did not in fact occur, no severance payments would be payable. The amounts in this column for Base Salary and Bonus would be paid in a lump sum within 30 days.

- (2) These amounts assume each Named Executive Officer sold all newly vested shares of restricted stock immediately upon termination of employment.
- (3) The amounts included in the Death/Disability column represent the *annual* payments to which Messrs. Hendrix, Wells and Willoch would be entitled under the Salary Continuation Plan following their death or disability as of December 31, 2011. The annual benefit amount following a participant's death would be paid for 10 years, after which time it would permanently cease. In the event of a participant's disability, the annual benefit amount would continue for as long as the participant continued to suffer the qualifying disability, up to age 65, at which point a reduced annual benefit would be payable (\$549,148, \$290,638 and \$212,263 for Messrs. Hendrix, Wells and Willoch, respectively, assuming no election of the extended spousal life benefit described above). For Mr. Hendrix, the amount reported in the Retirement or Resignation column represents the *annual* payment to which he would be entitled under the Salary Continuation Plan following his retirement or resignation as of December 31, 2011, assuming no election of surviving spouse benefits.
- (4) The amounts noted for Messrs. Hendrix, Lynch, Wells and Willoch represent payments required to be made by the Company to each executive in lieu of 401(k) Plan matching contributions, following termination, and assume each executive maintained the maximum level of contribution to the 401(k) Plan as in effect on the date of termination.
- (5) These amounts represent premiums paid by the Company on behalf of each Named Executive Officer following termination, and assume each Named Executive Officer chose to maintain his current coverages under the various medical and/or insurance plans in which he was a participant.
- (6) For Mr. Hendrix, the amount represents the *annual* payment to which he would be entitled under the Salary Continuation Plan, payable for the remainder of his life and assuming no election of surviving spouse benefits. If Mr. Wells or Mr. Willoch were terminated on December 31, 2011 without cause or following a Change in Control, he would not be entitled to any accelerated vesting and/or immediate payment of Salary Continuation Plan benefits. Instead, he would remain eligible for participation in the Plan as if he remained employed, and would receive reduced benefits (\$290,638 for Mr. Wells and \$212,263 for Mr. Willoch) beginning at age 55. The benefits are payable annually for the remainder of his life, or, if elected, a further reduced benefit is payable for the remainder of his and any surviving spouse's life. However, the excise tax calculations performed pursuant to Sections 4999 and 280G of the Internal Revenue Code require, for purposes of the presentation for a termination following a Change in Control and the resulting excise tax gross-up set forth herein for each executive (except for Mr. Hendrix, who already has passed the early retirement age of 55), that the full *lifetime* benefit amount ultimately payable to each Plan participant (reduced to a net present value) be included. The aggregate actuarial lifetime benefit amounts payable, reduced to a present value and assuming Plan benefits are paid beginning at age 55 (or, in the case of Mr. Hendrix, his actual age of 57), are \$9,649,689, \$5,102,840 and \$3,822,488 for Messrs. Hendrix, Wells and Willoch, respectively.

Each Plan participant would, however, in the case of a termination following a Change in Control, receive the benefit of a cost of living adjustment calculated with reference to a specified consumer price index on each participant's annual Plan benefit amount (such adjustment accruing from the date of termination until such date that the participant actually begins to receive benefits, and not thereafter). The aggregate actuarial *lifetime* value of the cost of living adjustment, reduced to a present value and assuming Plan benefits are paid beginning at age 55, are \$0, \$536,644 and \$138,991 for Messrs. Hendrix, Wells and Willoch, respectively.

- (7) As discussed in Footnote 6, these amounts are calculated assuming (as applicable) the inclusion of the full *lifetime* benefit amount ultimately payable to each Salary Continuation Plan participant (reduced to a net present value) in connection with a termination following a Change in Control. To the extent that the cost of living adjustment amounts referenced in Footnote 6, rather than the full lifetime benefit amounts, were

instead included in the 280G excise tax calculations, no excise tax gross-up benefits would be payable to

Messrs. Wells or Willoch in connection with a termination following a Change in Control. The excise tax gross-up amounts presented further assume that none of the payments in the event of a termination following a Change in Control would be categorized as reasonable compensation (such as, for example, payments associated with non-compete and other restrictive covenants) for purposes of the Section 280G excise tax calculation. The Company believes that a substantial amount of the payments could be deemed reasonable compensation for purposes of Section 280G, which could substantially reduce the excise tax gross-up payable hereunder.

APPROVAL OF EXECUTIVE COMPENSATION

(ITEM 2)

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act), the Company is asking its shareholders to vote, on an advisory basis, to approve the compensation of its Named Executive Officers as described in this Proxy Statement. This proposal, commonly known as a say-on-pay proposal, gives the Company's shareholders the opportunity to express their views on the compensation of the Company's Named Executive Officers.

Compensation Program and Philosophy

Our executive compensation program is designed to attract, reward and retain key employees, including our Named Executive Officers, who are critical to the Company's long-term success. Shareholders are urged to read the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement for greater detail about the Company's executive compensation programs, including information about the fiscal year 2011 compensation of the Named Executive Officers.

The Company is asking the shareholders to indicate their support for the compensation of the Company's Named Executive Officers as described in this Proxy Statement by voting in favor of the following resolution:

RESOLVED, that the shareholders approve, on an advisory, non-binding basis, the compensation paid to the Company's Named Executive Officers as disclosed in the Compensation Discussion and Analysis and Executive Compensation sections, and the related compensation tables, notes, and narrative in this Proxy Statement.

Even though this say-on-pay vote is advisory and therefore will not be binding on the Company, the Compensation Committee and the Board value the opinions of the Company's shareholders. Accordingly, to the extent there is a significant vote against the compensation of the Named Executive Officers, the Board will consider the shareholders' concerns and the Compensation Committee will evaluate what actions may be necessary or appropriate to address those concerns.

You may vote for, against, or abstain from the proposal to approve on an advisory basis the compensation of our Named Executive Officers.

Vote Required and Recommendation of the Board

Advisory approval of the compensation of the Named Executive Officers requires the affirmative vote of a majority of the shares present at the annual meeting, in person or by proxy, and entitled to vote on the proposal at the meeting.

THE BOARD RECOMMENDS THAT YOU VOTE **FOR** THE APPROVAL OF EXECUTIVE COMPENSATION, AS DISCLOSED IN THIS PROXY STATEMENT.

Table of Contents**RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS****(ITEM 3)****Information Concerning the Company's Accountants**

BDO USA, LLP (BDO USA) acted as the Company's independent auditor during the past fiscal year. The Audit Committee has again appointed BDO USA to act as the independent auditor of the Company for fiscal year 2012. The Board of Directors will present to the annual meeting a proposal that such appointment be ratified. Should the shareholders fail to ratify the appointment, the Audit Committee will reconsider its selection, but may continue the engagement. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time. BDO USA has no financial interest, direct or indirect, in the Company or any subsidiary.

A representative of BDO USA is expected to be present at the annual meeting to make a statement if he or she desires to do so and to respond to appropriate questions.

Audit and Non-Audit Fees

The following table shows the fees for professional audit and other services provided by BDO USA to the Company for fiscal years 2011 and 2010.

	2011	2010
Audit Fees ⁽¹⁾	\$ 1,643,000	\$ 1,755,000
Audit-Related Fees ⁽²⁾	20,000	20,000
Tax Fees ⁽³⁾	80,000	82,000
All Other Fees ⁽⁴⁾		
Total	\$ 1,743,000	\$ 1,857,000

- (1) Audit Fees consist of fees billed or accrued for professional services rendered for the audit of the Company's annual financial statements, audit of the Company's effectiveness of internal control over financial reporting, review of the interim financial statements included in quarterly reports, and services that are normally provided by BDO USA in connection with statutory and regulatory filings.
- (2) Audit-Related Fees consist of fees billed or accrued primarily for employee benefit plan audits and other attestation services.
- (3) Tax Fees consist of fees billed or accrued for professional services rendered for tax compliance, tax advice and tax planning, both domestic and international.
- (4) All Other Fees consist of fees billed or accrued for those services not captured in the audit, audit-related and tax categories. The Company generally does not request such services from the independent auditors.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Consistent with the Securities and Exchange Commission policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the Company's independent auditors. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and non-audit services provided by the independent auditors.

These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for and detailed as to the particular services or category of services and is generally subject to a specific budget. None of the services rendered by the independent auditors under the categories Audit-Related Fees, Tax Fees and All Other Fees described above were approved by the Audit Committee after services were rendered pursuant to the de minimis exception established by the Commission.

Vote Required and Recommendation of the Board

Under the Company's Bylaws, the proposal to ratify the appointment of BDO USA to act as the Company's independent auditors for fiscal year 2012 is approved if the affirmative votes cast by the Company's outstanding shares of Common Stock entitled to vote and represented (in person or by proxy) at the meeting exceed the negative votes. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL, AND THE PROXY SUBMITTED BY TELEPHONE OR INTERNET OR PROXY CARD WILL BE VOTED IN THIS MANNER UNLESS THE SHAREHOLDER SUBMITTING THE PROXY SPECIFICALLY VOTES TO THE CONTRARY (OR ABSTAINS).**

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission and the Nasdaq Stock Market reports of ownership and changes in ownership of Common Stock and other equity securities of the Company. Directors, executive officers and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that during fiscal 2011 all filing requirements applicable to its directors, executive officers and greater than 10% beneficial owners were met except that (1) Ray C. Anderson, former Chairman of the Company, filed a late Form 5 with respect to his spouse's gift of 2,000 Class A shares; (2) Robert A. Coombs, Senior Vice President of the Company, filed a late Form 4 with respect to his sale of 38,000 Class A shares; (3) Harold M. Paisner, a Director of the Company, filed a late Form 4 with respect to an exercise of 5,000 stock options; and (4) Lindsey K. Parnell, a Senior Vice President of the Company, filed a late Form 4 with respect to his sale of 9,900 Class A shares and conversion of 50,857 Class B shares into Class A shares.

AUDIT COMMITTEE REPORT

The Audit Committee operates pursuant to an Audit Committee Charter that was adopted by the Board of Directors. (A copy of the Audit Committee Charter may be viewed on the Company's website, www.interfaceglobal.com/Investor-Relations/Corporate-Governance/Audit-Committee-Charter.aspx.) The Company's management is responsible for its internal accounting controls and the financial reporting process. The Company's independent accountants, BDO USA, are responsible for performing an audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States. The independent auditors also are responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles, and on the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

In keeping with that responsibility, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements with management and BDO USA. In addition, the Audit Committee has discussed with BDO USA the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committee, as currently in effect. In addition, the Audit Committee has received the written disclosures from BDO USA required by Public Company Accounting Oversight Board Rule 3526, Communication with Audit Committees Concerning Independence, and has discussed with the independent accountants their independence. The Audit Committee has also considered whether the provision of any services discussed above in Item 4 under the caption Ratification of Appointment of Independent Auditors Audit and Non-Audit Fees by BDO USA is compatible with maintaining BDO USA's independence.

The Board of Directors, in its business judgment, has determined that all three members of the Audit Committee are independent, as required by applicable listing standards of the Nasdaq Stock Market as currently in effect. Although the members of the Audit Committee are not professionally engaged in the practice

Table of Contents

of auditing or accounting and are not experts in the fields of auditing or accounting (including in respect of auditor independence), the Board of Directors determined that each member during fiscal year 2011 does qualify as an audit committee financial expert as defined by Item 407(d)(5) of Regulation S-K. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and BDO USA. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has followed appropriate accounting and financial reporting principles or maintained appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are independent.

Based on the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in the Company's Annual Report on Form 10-K for the year ended January 1, 2012 for filing with the Securities and Exchange Commission.

HOUSEHOLDING OF PROXY MATERIALS

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold shares as the registered holder. You can notify us by sending a written request to Interface, Inc., Attn: Secretary, 2859 Paces Ferry Road, Suite 2000, Atlanta, Georgia 30339.
