Prior to that time he held various executive positions at Bausch & Lomb, Inc., Digital Equipment Corp. and Mars, Inc.

Corporate Governance

The Audit Committee

The Company has a standing Audit Committee consisting of Mr. Levy, its Chairperson, Mr. Khederian and Mr. Townsend. Among other things, the Audit Committee oversees our accounting and financial reporting processes, including the selection, retention and oversight of our independent registered public accounting firm and the pre-approval of all auditing and non-auditing services provided by our independent registered public accounting firm. The Board has determined that Mr. Levy is an audit committee financial expert, as defined by SEC rules adopted pursuant to the Sarbanes-Oxley Act.

Code of Ethics

Our Board has adopted a code of ethics that applies to all of our employees and agents worldwide, including our chief executive officer, our chief financial officer, our controller, our other executive officers and the members of the Board. Known as the Alere Inc. Business Conduct Guidelines, the code of ethics is posted in its entirety on the Corporate Governance page of our website at <u>www.alere.com</u>. We intend to make required disclosures of amendments to our code of ethics, or waivers of a provision of our code of ethics, on the Corporate Governance page of our website.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our officers and directors and persons who beneficially own more than 10% of our outstanding shares of common stock or Series B preferred stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Such persons are required by applicable regulations to furnish us with copies of all reports filed pursuant to Section 16(a).

To our knowledge, based solely on a review of the copies of such reports received by us and certain written representations that no other reports were required, we believe that for the fiscal year ended December 31, 2011, all of our officers, directors and 10% beneficial owners complied with the requirements of Section 16(a), except that Manning & Napier Advisors, Inc., which reported beneficial ownership of more than 10% of our outstanding shares of common stock in a Schedule 13G filed with the SEC on July 7, 2011, did not timely file a Form 3.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis discusses the compensation paid to our named executive officers. Based on 2011 total compensation, our named executive officers are:

Ron Zwanziger, Chief Executive Officer, or our CEO;

Dave Teitel, Chief Financial Officer, or our CFO;

Hilde Eylenbosch, President, Europe and Middle East;

Josef Leiter, Advisor to CEO; and

Thomas Underwood, former Chief Executive Officer, Alere Health, LLC. In January 2012, Mr. Underwood resigned as the Chief Executive Officer of Alere Health, LLC, and he is no longer an officer or employee of our company.

For purposes of this Compensation Discussion and Analysis, we are also treating David Scott, Ph.D., Chief Scientific Officer, and Jerry McAleer, Ph.D., Senior Vice President, Research & Development, as named executive officers. We refer to these two individuals and our CEO as our key executives.

Philosophy and Objectives

The objective of our executive compensation program for 2011 was to attract, retain and motivate the talented and dedicated executives who were critical to our goals of continued growth, innovation, increasing profitability and, ultimately, maximizing stockholder value. Specifically, we sought to attract and reward executives who displayed certain fundamental leadership characteristics for hiring and promotion that we had identified as consistent with our corporate goals and culture. We provided these executives with what we believed to be a competitive total compensation package consisting primarily of base cash compensation, which in most cases consists of annual salary, but in the case of certain named executive officers who are independent contractors consists of annual consulting fees, performance-based incentive compensation packages, including both equity and cash components, and a broad-based benefits program. Our 2011 compensation program was designed to reward each executive s individual performance by considering generally their past and potential contribution to our achievement of key strategic goals, such as revenue generation, margin improvement and the establishment and maintenance of key strategic relationships. These performance factors were used to determine whether the performance-based incentive compensation awards would be granted to each executive. Our 2011 executive compensation program aimed to provide a risk-balanced compensation package which was competitive in our market sector and, more importantly, relevant to the individual executive. In addition, in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act, at our 2011 annual meeting of stockholders, we submitted a non-binding, advisory proposal to our stockholders to approve the compensation paid to our named executive officers. More than 98% of our stockholders who cast votes with respect to that proposal supported our executive compensation practices as set forth in our 2011 proxy statement. Our Compensation Committee interpreted the results of this advisory vote as a strong affirmation of our executive compensation practices. Given that our Compensation Committee implemented our executive compensation program for 2011 before the date of our 2011 annual meeting of stockholders, the Compensation Committee could not have considered the results of this advisory vote in establishing our executive compensation program for 2011. However, the Compensation Committee was aware of the results of the advisory vote at the time it assessed achievement of the performance goals established as part of our 2011 executive compensation program, which are described in more detail below.

Our policy for allocating between base cash compensation and incentive compensation for 2011 was to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize value for our company and our stockholders. For 2011, we provided (i) base cash compensation to meet competitive cash compensation norms and (ii) performance-based compensation in the form of compensation packages that included the potential for the executive to earn cash-based and stock-based awards to reward superior performance against annual

strategic targets and long-term stock price appreciation. Our Compensation Committee believed that this compensation structure would appropriately focus our executives attention on both current-year performance targets, which are critical to achievement of our stated corporate objectives, and long-term stock price appreciation, and would also enable us to recruit and retain talented executives by ensuring that our annual base cash compensation would be competitive with other companies.

Executive Compensation Process

The compensation of our named executive officers, as well as our other executive officers, has been reviewed by our Compensation Committee at least annually for consistency with our compensation philosophy and objectives. Our management, including our CEO, has participated in this review by making its own recommendations as to the base cash compensation and performance-based compensation of our executive officers to the Compensation Committee has considered the recommendations of management in assessing executive compensation, but from time to time it has also gathered and relied on other data and resources and from time to time has utilized the services of a compensation consultant in reviewing and determining executive compensation.

In reviewing executive compensation during 2011, the Compensation Committee and management considered the practices of companies of similar size, geographic location and market focus. For this purpose, management and the Compensation Committee utilized the 2011 Radford Global Life Sciences Survey, or the 2011 Radford Survey, which provided comprehensive baseline compensation data on positions at the executive, management and professional levels, including base cash compensation, total cash compensation, options and equity compensation, for 600 multinational life sciences companies. Our management and Compensation Committee also collected and analyzed other publicly available compensation data and subscription compensation survey data and used this information in determining executive compensation. While benchmarking may not always be appropriate as a standalone tool for setting compensation due to the aspects of our business and objectives that may be unique to us, we generally believe that gathering this compensation information is an important part of our compensation-related decision-making process.

During 2011, the Compensation Committee also engaged a compensation consultant, Aon Consulting s Radford Surveys + Consulting, or Radford, to assist the committee in assessing total compensation of our key executives. As part of its engagement, Radford assisted the Compensation Committee in updating the peer group of companies used by our Compensation Committee in assessing the competitiveness of the compensation of our key executives. The revised peer group selected by the Compensation Committee for purposes of evaluating compensation of the key executives consisted of twenty publicly traded companies in a similar industry space and with similar revenues and market capitalizations. Of the peer group companies, 26% were health management companies and 74% were diagnostics/medical equipment companies. Specifically, the peer group consisted of the following companies:

Beckman Coulter, Inc.

Becton Dickinson and Company

Bio-Rad Laboratories, Inc.

Catalyst Health Solutions, Inc.

C.R. Bard, Inc.

Edwards Lifesciences LLC

Gen-Probe Incorporated

Healthways, Inc.

Hologic, Inc.

Hospira, Inc.

IDEXX Laboratories, Inc.

Laboratory Corporation of America Holdings

Life Technologies Corporation

Lincare Holdings, Inc.

Myriad Genetics, Inc.

PerkinElmer, Inc.

RehabCare Group, Inc.

ResMed Inc.

St. Jude Medical, Inc.

Varian Medical Systems, Inc.

In connection with its engagement, Radford provided a detailed report, the Radford Report, which included summary observations and considerations regarding our compensation philosophy and methodology, as well as detailed competitive assessments of the cash and equity compensation of the key executives.

In 2011, we established a new annual process for awarding performance-based incentive compensation packages, known as the Annual Executive Incentive Compensation Process, or the Annual Incentive Process, under which a broad group of executives and managers worldwide, including our named executive officers other than the key executives, were eligible to participate in performance-based compensation packages pursuant to which they could earn stock-based awards and cash awards based on the achievement of stated performance conditions. The proposed awards, if earned, would have been granted in the first quarter of 2012. The applicable performance conditions covered a broad range of the Company s business goals, including financial, strategic, operational and organizational criteria. Adoption of this process was not intended to preclude the Compensation Committee from making equity or other awards outside of this process in appropriate circumstances, and the process is expected to evolve year-to-year. In addition, the Compensation Committee expects to continue to make grants under our stockholder-approved stock option and incentive plans, or our Option Plans, outside of the Annual Incentive Process in connection with changes in responsibility, significant accomplishments, new hires and in other appropriate circumstances.

In determining each component of an executive s compensation under our processes, numerous factors particular to the executive were considered, including:

The executive s particular background, including prior relevant work experience;

The demand for individuals with the executive s specific expertise and experience;

The executive s role with us and the compensation paid to similar persons determined through benchmark studies, such as the Radford Report;

The executive s performance and contribution to our achievement of corporate goals and objectives; and

Comparison to our other executives.

Elements of Compensation

For 2011, executive compensation consisted of the following elements:

Base Cash Compensation. Base cash compensation was established based on the factors discussed above. Our general compensation philosophy for 2011, as described above, was to offer competitive base cash compensation plus performance-based incentive compensation packages. We sought to ensure that the base cash compensation of our executives would be competitive by targeting annual base cash compensation for a particular individual near the average of the range of annual cash compensation (base cash compensation plus annual non-equity incentive compensation) for executives in similar positions with similar responsibilities at companies. Other elements of compensation, including past and present grants of stock-based awards, were also considered. The Compensation Committee believed that competitive base cash compensation was necessary to attract and retain a management team with the requisite skills to lead our company. In 2011, based on its analysis of our salary objectives, the various factors discussed above, and the 2011 Radford Survey, and considering the total compensation of our named executive officers, the annual base cash compensation paid to Mr. Teitel, Dr. Eylenbosch and Mr. Underwood was increased from \$300,000, \$486,567 and \$439,600, respectively, to \$375,000,

\$550,000, and \$520,000, respectively. In approving the base cash compensation increases for each of these named executive officers, the Compensation Committee considered an analysis of total compensation for comparable executives as well as each individual s background, expertise and experience, and individual performance and past contributions to our overall goals and objectives. While many of these factors are subjective measures, and are not based on any stated quantified objectives, they played an important role in the Compensation Committee s decision-making process. These subjective factors were considered in the aggregate and, accordingly, no specific factor played a greater role in determining the base cash compensation increases. Mr. Leiter, who has served as a consultant to us for several years, was determined to be one of our executive officers in December 2011 and, for this reason, his annual base cash compensation was not reviewed by the Compensation Committee as part of its 2011 process. The Compensation Committee had not completed its review of the compensation of the key executives based on the results of the Radford Report and our general compensation strategy and objectives as described above as of the end of 2011 and did not adjust the base salary or other base cash compensation of the key executives during 2011.

Stock Options and Stock-based Awards. For 2011, our Compensation Committee believed that the use of stock options and other stock-based awards would continue to offer the best approach to achieving our long-term compensation goals. Consistent with this belief, our Option Plans were established to provide certain of our employees, including our executive officers, with incentives to help align those employees interests with the interests of stockholders and with our long-term success. While our Option Plans allow our Compensation Committee to grant a number of different types of stock-based awards, we have relied exclusively on stock options to provide equity incentive compensation to our executive officers, other than one restricted stock grant made to Mr. Zwanziger in 2001. Stock options granted to our executive officers have historically had an exercise price equal to the fair market value of our common stock on the grant date, except for certain grants of options to our key executives in July 2008 and February 2010 that had exercise prices above the fair market value of our common stock on the grant date. Our stock options have typically vested 25% per annum based upon continued employment over a four-year period, and generally have had terms expiring ten years after the date of grant. Stock option grants to our executive officers have been made in connection with the commencement of employment, in conjunction with an annual review of total compensation and, occasionally, following a significant change in job responsibilities or to meet other special retention or performance objectives. While our Compensation Committee expects to continue to grant stock options on an ad hoc basis as circumstances warrant (consistent with the granting policy described below), in the future we expect that stock option awards will primarily be granted to our named executive officers as part of the Annual Incentive Process. Proposals to grant stock options to our executive officers in 2011, including those made in connection with the Annual Incentive Process, were made by our CEO to the Compensation Committee. With respect to proposals for grants made to our executive officers in 2011, the Committee reviewed consultant reports, as discussed above, individual performance, the executive s existing compensation and other retention considerations. The Compensation Committee considered the estimated Black-Scholes valuation of each proposed stock option grant in determining the number of options subject to each grant in 2011. Generally, 2011 stock option grants for each named executive officer were based on the factors discussed above and were intended to be valued near the average of the range of the value of long-term incentive awards for executives in similar positions with similar responsibilities at comparable companies, although other elements of compensation, including salary, were also considered.

Generally, stock option grants to executive officers have been made in conjunction with meetings of the Board of Directors. In 2011, grants were made in accordance with the Board s previously adopted stock option granting policy, which includes the following elements:

Options to purchase shares of our common stock shall be granted effective as of the last calendar day of the following months: February, April, June, August, October and December (each such date, a Grant Date);

For each employee (or prospective employee) that is not (or, upon hire, will not be) subject to Section 16 of the Exchange Act, the CEO shall have the authority to grant, in his sole discretion, an option or options to purchase up to an aggregate of 5,000 shares of common stock (on an annual basis); provided, however, that the total number of shares of common stock underlying such option grants shall not exceed 150,000 per calendar year.

The Compensation Committee must approve all other stock option grants. Grants by the Compensation Committee must be approved only at a meeting of the Compensation Committee with and in consultation with the other independent directors and not by written consent.

Grants of options to existing employees, shall be effective as of, and the grant date thereof shall for all purposes be deemed to be, the Grant Date following the date of approval (except that any grants subject to stockholder approval shall be effective as of the date of stockholder approval).

Options approved for new hires, including those hired through acquisitions, shall be effective as of, and the grant date thereof shall for all purposes be deemed to be, the Grant Date following the later of (i) the date of such approval or (ii) the date on which the new hire s employment commences.

We have not adopted stock ownership guidelines for our executive officers.

For 2011, Mr. Teitel, Dr. Eylenbosch and Mr. Underwood participated in the Annual Incentive Process. Under the terms of the performance-based compensation packages developed for these executives, if performance conditions had been met during 2011, Mr. Teitel, Dr. Eylenbosch and Mr. Underwood would have been eligible to receive in 2012, subject to approval and grant by the Compensation Committee, stock options and cash awards with values based upon 10,000, 15,000 and 12,000 shares of our common stock, respectively. There were numerous performance conditions applicable to the proposed awards to these named executive officers, all of which had to be satisfied in order for the named executive officers to become eligible to receive any award. These performance conditions included an earnings per share target of \$2.80 and an operating income increase of 15%, excluding acquisitions, among other goals. Neither of these two specific goals was met and as a result no stock options or cash awards were granted under the Annual Incentive Process based on 2011 performance. Because our stock price declined during 2011, the cash awards would have had no value even if all performance conditions had been met.

As of February 28, 2011, Dr. Eylenbosch was granted options to purchase 20,000 shares of our common stock at an exercise price of \$38.64 per share in connection with her appointment as our Chief Commercial Officer. The Compensation Committee considered this grant an appropriate incentive for Dr. Eylenbosch in accepting this new role, which the Committee expected would constitute a global, strategic leadership role. In approving this grant, the Compensation Committee also considered an analysis of total compensation for comparable executives, the estimated Black-Scholes valuation of the stock option grant, as well as Dr. Eylenbosch s background, expertise and experience, and individual performance and past contributions to our overall goals and objectives. While many of these factors are subjective measures, and are not based on any stated quantified objectives, they played an important role in the Compensation Committee s decision-making process. These subjective factors were considered in the aggregate and, accordingly, no specific factor played a greater role in determining the grants.

As of August 31, 2011, Mr. Leiter was granted options to purchase 50,000 shares of our common stock at an exercise price of \$24.97 per share in connection with assuming his role as Advisor to the CEO. The Compensation Committee considered an analysis of total compensation for comparable executives and consultants and determined that Mr. Leiter s long-term incentive compensation remained below that of executives holding similar positions at comparable companies. In approving this grant, the Compensation Committee also considered the estimated Black-Scholes valuation of the proposed stock option grant, as well as Mr. Leiter s background, expertise and experience, and individual performance and significant contributions to our overall goals and objectives. While many of these factors are subjective measures, and are not based on any stated quantified objectives, they played an important role in the Compensation Committee s decision-making process. These subjective factors were considered in the aggregate and, accordingly, no specific factor played a greater role in determining the grants.

As of October 31, 2011, Mr. Teitel, Mr. Underwood and Dr. Eylenbosch were granted options to purchase 10,000, 10,000 and 20,000 shares of our common stock, respectively, at an exercise price of \$26.06. With respect to these grants, the Compensation Committee considered each recipient s cash compensation, prior equity grants, role in leading our company, expertise and experience, and his or her performance and contribution to our overall goals and objectives and, in particular, the likelihood that the corporate performance conditions applicable to the proposed awards under the 2011 Annual Incentive Process would not be achieved. While background, expertise and experience, and individual performance and contribution to our overall goals and objectives are all subjective measures, and are not based on any stated quantified objectives, they play an important role in the Compensation Committee s decision-making process. These subjective factors were considered in the aggregate and, accordingly none of these subjective factors played a greater role in determining the grants.

Bonuses. Cash bonuses and other non-equity incentive compensation have not historically been a regular or important element of our executive compensation strategy; instead, our Compensation Committee has focused on stock-based awards designed to reward long-term performance. While the Compensation Committee generally remains committed to this strategy, the Annual Incentive Process established during 2011 does provide for potential cash awards, vesting over two years, if performance targets are met during the target year. The primary purpose of the potential cash awards proposed under the Annual Incentive Process in 2011 was to permit the participating executives to realize the price appreciation of our common stock during 2011 (which we expected would result in a higher exercise price for any stock options granted during 2012 under the Annual Incentive Process). As explained above, 2011 performance targets applicable to the proposed cash awards were not met, and no cash awards were granted under the Annual Incentive Process based on 2011 performance.

On July 1, 2011, we paid Tom Underwood a bonus of \$462,666 pursuant to a retention and severance agreement with Mr. Underwood dated November 18, 2009, as amended. Two identical bonuses were paid to Mr. Underwood under this agreement in November 2009 and November 2010. This agreement represented a restructuring of a change of control severance obligation under a 2007 agreement between Mr. Underwood and Matria Healthcare, Inc., a predecessor of Alere Health, LLC. The 2007 agreement predated our acquisition of Matria Healthcare and we viewed it as providing a potential disincentive to Mr. Underwood s continued employment.

Other Compensation. None of our named executive officers is entitled to receive any payment upon a change in control of our company or a termination of his or her employment with us. Dr. Eylenbosch s consulting agreement may currently be terminated by her or by us with 180 days prior written notice. Beginning in August 2015, Dr. Eylenbosch s consulting agreement may only be terminated with 360 days prior written notice. Dr. Leiter s consulting agreement, as amended, may not be terminated prior to December 31, 2013. Our other named executive officers service with our company is at will. The named executive officers were not eligible to participate in, and did not have any accrued benefits under, any company-sponsored defined benefit pension plan in 2011. They were eligible to, and in some case did, participate in defined contributions plans, such as a 401(k) plan, on the same terms as other employees. The terms of these defined contribution plans varied depending on the jurisdiction of employment of the executive. In addition, consistent with our compensation philosophy, the Compensation Committee believes that these benefits and perquisites provided to our executive officers in 2011 were lower than median competitive levels for comparable companies. Finally, all of our executives were eligible to participate in our other employee benefit plans, including, medical, dental, life and disability insurance.

Tax Implications

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits the deductibility on our tax return of compensation over \$1,000,000 to certain of the named executive officers unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by our stockholders. We have periodically reviewed the potential consequences of Section 162(m) and on occasion have sought to structure the performance-based portion of our executive compensation to comply with the exemptions available under Section 162(m). We believe that options granted in 2011 under our Option Plans generally qualify as performance-based compensation under Section 162(m). However, we reserve the right to use our judgment to authorize compensation payments that do not comply with these exemptions when we believe that such payments are appropriate and in the best interest of the stockholders, after taking into consideration changing business conditions or the applicable officer s performance.

Compensation Committee Report

We, the Compensation Committee, have reviewed and discussed the Compensation Discussion and Analysis beginning on page 9 of this annual report with management.

Based on this review and discussion, we recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this annual report.

THE COMPENSATION COMMITTEE

Carol R. Goldberg, Chairperson

Eli Y. Adashi, Member

Robert P. Khederian, Member

Compensation Committee Interlocks and Insider Participation

During 2011, the members of the Compensation Committee were Ms. Goldberg (Chairperson), Dr. Adashi and Mr. Khederian. No member of the Compensation Committee has ever been an officer or employee of ours or any of our subsidiaries. None of our executive officers serves as a director or member of the compensation committee of another entity in a case where an executive officer of such other entity serves as a director of ours or a member of our Compensation Committee.

Compensation of Executive Officers and Directors

Set forth below is information regarding the compensation of our named executive officers.

Summary Compensation Table. The following table sets forth information regarding the named executive officers compensation for the fiscal years 2011, 2010 and 2009. For our named executive officers, the amount of salary and bonus represented between 36% and 100% of the named executive officers total compensation for 2011.

- (1) These amounts represent the aggregate grant date fair value of stock option awards made during 2011, 2010 and 2009, respectively, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation Stock Compensation (FASB ASC Topic 718), excluding estimated forfeitures. See Note 14 of the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2011 for a discussion of the relevant assumptions used in calculating these amounts.
- (2) The amounts in this column include for 2011: (a) matching contributions we made to our defined contribution plans in the amounts of \$7,350 on behalf of Mr. Teitel and \$6,922 on behalf of Mr. Underwood; (b) life insurance premiums paid in the amounts of \$713 on behalf of Mr. Zwanziger, Mr. Teitel and Mr. Underwood; and (c) imputed group term life insurance in the amount of \$1,518 on behalf of Mr. Underwood.
- (3) Salary and other cash compensation for these named executive officers were paid in British pounds. British pounds were converted to U.S. dollars at assumed exchange rates of £1:\$1.60349, £1:\$1.54589 and £1:\$1.56448 which were the average exchange rates for 2011, 2010 and 2009, respectively.
- (4) Dr. Eylenbosch and Mr. Leiter were not named executive officers in 2009 or 2010.
- (5) Amounts reported in the salary column for Dr. Eylenbosch and Dr. Leiter consisted of consulting fees, which were paid in Euros. Euros were converted to U.S. dollars at an assumed exchange rate of 1:\$1.39174, which was the average exchange rate for 2011.

Grants of Plan-Based Awards. The following table sets forth certain information with respect to options granted to the named executive officers in 2011.

- (1) The grant dates of the options for the named executive officers are in accordance with our stock option granting policy, under which grants of options approved by the Compensation Committee for existing employees shall be effective as of the next Grant Date following the date of approval (except that any grants subject to stockholder approval shall be effective as of the date of stockholder approval). Under this policy, Grant Date means the last day of the following months: February, April, June, August, October and December.
- (2) Amounts in these columns represent eligibility under our Annual Incentive Process to receive awards of cash and options upon satisfaction of applicable performance conditions. Under the terms of these incentive compensation packages, the named executive officer would have been eligible to receive, subject to the satisfaction of applicable performance conditions and subject to approval and grant by the Compensation Committee, (i) a cash award equal to the appreciation in the price of our common stock during 2011 times the number of shares set forth in the table and (ii) an award of options to purchase the number of shares set forth in the table. The performance conditions were not satisfied, and accordingly no cash or option awards were made. Moreover, because our stock price declined during 2011, the cash award would have had no value even if all performance conditions had been met. For more information regarding our Annual Incentive Process, including the performance-based conditions, see Compensation Discussion and Analysis beginning on page 9.
- (3) All stock option awards were made under our 2010 Stock Option and Incentive Plan.
- (4) The terms of these options provide for vesting in four equal annual installments, commencing on the first anniversary of the date of grant and conditioned upon the recipient s continued employment with the Company on the applicable vesting date. The options will expire on the tenth anniversary of the grant date or, if earlier, three months after the recipient s employment terminates.
- (5) The exercise price of the stock option awards to the named executive officers is equal to the closing price of the common stock on the applicable Grant Date.
- (6) These amounts represent the aggregate grant date fair value of stock option awards made during 2011, calculated in accordance with FASB ASC Topic 718, excluding estimated forfeitures. See Note 14 of the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2011, for a discussion of the relevant assumptions used in calculating these amounts.

Outstanding Equity Awards at Fiscal Year-End. The following table sets forth certain information with respect to unexercised options held by the named executive officers at the end of 2011. No named executive officer held any stock awards at the end of 2011.

- (1) Unless otherwise noted, options become exercisable in four equal annual installments beginning on the first anniversary of the date of grant.
- (2) Unless otherwise noted, the expiration date of each option occurs ten years after the date of grant of such option.
- (3) Fifty percent of the stock option granted to Mr. Underwood on June 30, 2008 became exercisable on the second anniversary of the date of grant. An additional twenty-five percent of the stock option became exercisable on the third anniversary of the date of grant. The final twenty-five percent of the stock option would have become exercisable on the fourth anniversary of the date of grant, subject to Mr. Underwood s continued employment with the Company. Mr. Underwood s employment with the Company was terminated in January 2012 and, as a result, the final twenty-five percent of the stock option will not vest.

Option Exercises and Stock Vested. The following table sets forth certain information with respect to options exercised by the named executive officers in fiscal year 2011. No named executive officer held any stock awards that vested during 2011.

(1) Represents the difference between the aggregate exercise price and the aggregate fair market value of the common stock on the dates of exercise.

Non-qualified Deferred Compensation Plans. During 2011, our named executive officers did not participate in any non-qualified defined contribution or other non-qualified deferred compensation plans.

Pension Benefits. During 2011, our named executive officers did not participate in any plan that provides for specified retirement benefits, or payments and benefits that will be provided primarily following retirement, other than defined contribution plans, such as our 401(k) savings plan.

Employment Agreement and Potential Payments upon Termination or Change-in-Control. On November 18, 2009, we entered into a retention and severance agreement with Tom Underwood in order to restructure change of control severance obligations existing under a 2007 agreement between Mr. Underwood and Matria Healthcare, Inc., a predecessor to Alere Health, LLC. On December 30, 2010, we entered into a letter agreement with Mr. Underwood amending a portion of the 2009 agreement. Pursuant to Mr. Underwood s retention and severance agreement, he was paid stay bonuses in the amount of \$462,666 in each of 2009, 2010 and 2011. Under the agreement, Mr. Underwood may not compete with us within the United States for a period of two years after the termination of his employment with us. As part of the 2009 agreement, Mr. Underwood also entered into our standard non-solicitation agreement.

Dr. Leiter and Dr. Eylenbosch, as consultants, each have a consulting agreement with us. Dr. Eylenbosch s consulting agreement may currently be terminated by her or by us with 180 days prior written notice. Beginning in August 2015, Dr. Eylenbosch s consulting agreement may only be terminated with 360 days prior written notice. Dr. Leiter s consulting agreement, as amended, may not be terminated prior to December 31, 2013. Our remaining named executive officers are employees-at-will and do not otherwise have employment or severance contracts with us. Other than provisions in our Option Plans that provide for all stock options to automatically become fully exercisable and any stock awards to become vested and non-forfeitable in the event of a change of control as defined in the plans, there are no other contracts, agreements, plans or arrangements that provide for payments to our named executive officer s responsibilities. All of the outstanding stock options held by our named executive officers reported above under Outstanding Equity Awards at Fiscal Year-End were issued under our Option Plans and are subject to accelerated exercisability upon a change of control. The table below sets forth the value attributable to such an acceleration of exercisability.

Name

(1) Assumes the occurrence of a change of control of the Company on December 31, 2011. The value attributable to the acceleration of stock options equals the difference between the applicable option exercise prices and the closing sale price of our common stock as reported by the New York Stock Exchange on December 30, 2011, which was \$23.09, multiplied by the number of shares underlying the options.

Risk Related to Compensation Policies

Our compensation policies and practices for our employees, including our executive compensation program described in our Compensation Discussion and Analysis, aim to provide a risk-balanced compensation package which is competitive in our market sectors and relevant to the individual executive. In 2011, the Compensation Committee established an annual process pursuant to which we expect to continue to award to certain executives and managers, upon satisfaction of applicable performance conditions and subject to future approval and grant by the Compensation Committee, option and cash awards. Because both the option and cash awards contemplated under this process would vest over several years, we believe that the process discourages short-term risk taking and to align the interest of our executives and managers with those of our stockholders. We do not believe that risks arising from these practices, or our compensation policies and practices considered as a whole, are reasonably likely to have a material adverse effect on us.

Compensation of Directors

The following table sets forth information regarding the compensation of our directors for 2011.

(3) As of December 31, 2011, each director had the following number of options outstanding: Eli Adashi: 41,515; Carol R. Goldberg: 74,868; Robert P. Khederian: 59,999; John F. Levy: 101,006; John A. Quelch: 115,540; James Roosevelt, Jr.: 57,156; Peter Townsend: 49,868. After reviewing the analysis of non-employee director compensation conducted by Radford in May 2010, the Compensation Committee determined that the non-employee directors of the Company should receive cash compensation of \$70,000 annually, plus additional cash compensation for committee service as described in the table below, payable quarterly in arrears beginning with the third calendar quarter of 2010 and subject to their continued service on the Board and any

applicable committees. Each director was afforded a one-time right to receive, in lieu of all or part of her or his cash compensation for the period October 31, 2010 through June 30, 2013, stock options of equal value calculated as described below.

Committee Chair (Total Additional Cash Compensation)	
Audit	\$ 24,000
Compensation	\$ 16,000
Nominating and Corporate Governance	\$ 10,000
Committee Members other than Chair (Total Additional Cash Compensation)	

Audit	\$ 12,000
Compensation	\$ 8,000
Nominating and Corporate Governance	\$ 5,000

In addition to the cash compensation described above, on October 31, 2010, each of the non-employee directors received stock options to purchase a number of shares of our common stock calculated using a Black-Scholes model based on (i) an assumed aggregate value on the grant date equal to the sum of (a) \$400,000, or \$150,000 annually for the period October 31, 2010 through June 30, 2013, and (b) the total amount of any cash compensation foregone for that period at the election of the director, as described above, (ii) \$29.55 per share, the closing price of our common stock on the New York Stock Exchange on the most recent trading day before the grant date and (iii) management estimates of other Black-Scholes variables, including estimated life and volatility. These options vest in three equal annual installments, beginning June 30, 2011.

Employee directors do not receive compensation for their services as directors.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table furnishes information as to shares of our common stock beneficially owned by:

each person or entity known by us to beneficially own more than five percent of our common stock;

each of our directors;

each of our named executive officers (as defined in Compensation Discussion and Analysis beginning on page 9); and

all of our current directors and executive officers as a group.

Unless otherwise stated, beneficial ownership is calculated as of April 15, 2012. For the purpose of this table, a person, group or entity is deemed to have beneficial ownership of any shares that such person, group or entity has the right to acquire within 60 days after such date through the exercise of options or warrants.

- (4) Represents shares issuable upon exercise of outstanding options issued as inducement grants in connection with our acquisition of Concateno, plc. These options have terms which are substantially the same as options granted under our 2001 Stock Option and Incentive Plan.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE Director Independence

The Board of Directors has determined that the following directors are independent under the rules of the New York Stock Exchange: Dr. Adashi, Ms. Goldberg, Mr. Khederian, Mr. Levy, Dr. Quelch, Mr. Roosevelt and Mr. Townsend. The Board has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, each composed solely of directors who satisfy the applicable independence requirements of the New York Stock Exchange s listing standards for such committees.

Policies and Procedures with Respect to Related Party Transactions

Our Audit Committee Charter requires that the Audit Committee, which is composed solely of independent directors, conduct an appropriate review of, and be responsible for the oversight of, all related party transactions on an ongoing basis. We do not have written policies or procedures governing the Audit Committee s review of related party transactions but rely on the Audit Committee s exercise of business judgment in reviewing such transactions.

Investments by the Zwanziger Family Trust

In November 2008, the Zwanziger Family Trust, a trust established for the benefit of the children of Ron Zwanziger, our Chairman, Chief Executive Officer and President, and the trustee of which is Mr. Zwanziger s sister, purchased certain of our securities from third parties in market transactions. The purchase consisted of approximately \$1.0 million of each of the following securities: our common stock, our Series B preferred stock, our 3% senior subordinated convertible notes, interests (\$1.0 million face amount) in our first lien credit agreement and interests (\$1.0 million face amount) in our second lien credit agreement. On June 30, 2011, we entered into a new credit facility and repaid in full all of our indebtedness arising under the first lien credit agreement and the second lien credit agreement, including all amounts owed to the Zwanziger Family Trust.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Our Audit Committee engaged PricewaterhouseCoopers LLP, or PwC, to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2011. Our Audit Committee has also engaged PwC to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2012.

We expect representatives of PwC to be present at our 2012 annual meeting of stockholders, that they will have the opportunity to make a statement at such meeting if they so desire, and that they will be available to respond to appropriate questions from stockholders.

Audit Fees

Aggregate audit fees billed (or reasonably expected to be billed) by PwC for 2011 were \$3,973,309. Audit fees include fees billed for professional services rendered in connection with PwC s integrated audit of our consolidated annual financial statements and internal control over financial reporting and review of our quarterly financial statements, and audit services normally provided by the principal independent registered public accounting firm in connection with other statutory or regulatory filings. Aggregate audit fees billed by PwC for 2010 were \$3,263,158.

Audit-related Fees

Aggregate audit-related fees billed in 2011 and 2010 by PwC were \$40,000 and \$309,909, respectively. Audit-related fees consist primarily of fees billed for professional services rendered by the firm for accounting consultations and services related to business acquisitions and financings.

Tax Fees

Aggregate tax fees billed in 2011 for tax-related services performed by PwC were \$1,609,528. Aggregate tax fees billed in 2010 for tax-related services performed by PwC were \$981,821. Tax fees include fees billed for professional services rendered by PwC for tax compliance, tax advice and tax planning.

All Other Fees

No other fees were billed by PwC for 2011 or 2010.

Pre-approval Policies and Procedures

The Audit Committee pre-approves all audit and non-audit services provided by the independent registered public accounting firm other than permitted non-audit services estimated in good faith by the independent registered public accounting firm and management to entail fees payable of \$25,000 or less on a project-by-project basis and which would also qualify for exemption from the pre-approval requirements of the Securities Exchange Act of 1934, as amended. No services were provided for 2011 or 2010 in reliance on this exemption. The authority to pre-approve non-audit services may be delegated to one or more members of the Audit Committee, who shall present any services so pre-approved to the full Audit Committee at its next meeting

3. Exhibits.

Some of the agreements filed as exhibits to this Annual Report Form 10-K contain representations and warranties that were made solely for the benefit of the parties to the agreement. These representations and warranties:

may have been qualified by disclosures that were made to the other party or parties in connection with the negotiation of the agreements, which disclosures are not necessarily reflected in the agreements;

may apply standards of materiality that differ from those of investors; and

were made only as of specified dates contained in the agreements and are subject to subsequent developments and changed circumstances.

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date that these representations and warranties were made or at any other time. Investors should not rely on them as statements of fact.
