NOTICE OF SPECIAL MEETING OF STOCKHOLDERS

TO BE HELD DECEMBER 13, 2012

To the Stockholders of Mission West Properties, Inc.:

NOTICE IS HEREBY GIVEN that a Special Meeting of Stockholders (the Special Meeting) of Mission West Properties, Inc., a Maryland corporation, will be held at our principal executive offices at 10050 Bandlely Drive, Cupertino, California 95014 on December 13, 2012, at 10:00 a.m., Pacific Time, for the following purposes:

1. to consider and vote on the approval of a recapitalization (the OP Recapitalization) of our operating partnerships (the Operating Partnerships) pursuant to the Asset Alignment and Limited Partnership Conversion Agreement and the Partnership Separation Agreement each dated November 2, 2012 by and among us, each of the Operating Partnerships and the limited partners of the Operating Partnerships (the Recapitalization Agreements). Pursuant to the agreements, following certain sales or transfers of assets among the Operating Partnerships and conversions of ownership interests, we will withdraw as the general partner of, and with respect to any general partner interest and any limited partner interests in, each of the Operating Partnerships, resulting in the non-converting limited partners (the Surviving LPs) having an ownership interest in the remaining Operating Partnerships, and with entities affiliated with Carl E. Berg holding a majority in interest of the interests in the remaining Operating Partnerships;
2. to consider and vote on the approval of the sale of substantially all of our assets following the OP Recapitalization (the Asset Sale) to M West Holdings, L.P., pursuant to the Agreement of Purchase and Sale and Escrow Instructions dated as of November 2, 2012 (the Sale Agreement);
3. to consider and vote on the approval of the liquidation and dissolution of our company, subject to and conditioned upon the approval and consummation of the OP Recapitalization and Asset Sale, following the closing of the Asset Sale (the Liquidation);
4. to consider and vote on a non-binding advisory proposal to approve compensation to certain executive officers in connection with the OP Recapitalization, the Asset Sale and the Liquidation; and
5. to consider and vote on the approval of the adjournment of the Special Meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the Special Meeting to approve any of Proposals 1, 2 or 3.

The Board of Directors (our Board) has set the close of business on November 2, 2012, as the record date for the determination of stockholders entitled to receive notice of and to vote at the Special Meeting and at any postponements or adjournments thereof.

More information about the OP Recapitalization, the Sale Agreement and Asset Sale, and the Liquidation and the other proposals is contained in the accompanying Proxy Statement and the accompanying Annexes, which we strongly encourage you to read in their entirety. After careful consideration, a committee of our independent directors and our Board has each unanimously approved the OP Recapitalization, the Asset Sale and the Liquidation, and each recommends that stockholders approve the OP Recapitalization, the Asset Sale and the Liquidation.

If the OP Recapitalization, the Asset Sale and the Liquidation are all approved by the stockholders, the Board expects to effect the Liquidation of our company as soon as reasonably practicable after the completion of the OP Recapitalization and the closing of the Asset Sale.

Table of Contents

Following completion of the OP Recapitalization and the closing of the Asset Sale, we intend to liquidate after satisfying outstanding debts, applicable taxes and related transaction costs. We currently estimate these transactions will result in a distribution to stockholders in the range of \$9.20 to \$9.28 per share in cash, although the amount ultimately distributed to stockholders may be below this range. The estimated distribution amount includes the sales proceeds, after liabilities and expenses, and the final 2012 dividend in accordance with statutory REIT distribution requirements.

The closing price of our common stock on November 23, 2012, the most recent practicable trading date prior to mailing this Proxy Statement, was \$8.94 per share.

If stockholder approval is not obtained for each of Proposals 1, 2 and 3, none of the OP Recapitalization, the Asset Sale or the Liquidation will occur, and our common stock will continue to be listed and traded on the NASDAQ Stock Market, LLC.

Carl E. Berg, our Chairman and Chief Executive Officer, has agreed to vote any shares of our common stock that he owns in favor of the proposals. As of October 31, 2012, Mr. Berg owned 2,000,000 shares of our common stock, representing approximately 8.8% of the voting power of our common stock.

All of our stockholders are cordially invited to attend the Special Meeting in person. **However, to assure your representation at the Special Meeting, please submit your proxy as promptly as possible using one of the following methods: (1) through the Internet, (2) by telephone or (3) by marking, signing and dating the enclosed proxy card and returning it in the postage-paid envelope provided.** Any stockholder attending the Special Meeting may vote in person even if he or she has authorized a proxy to vote his or her shares using the Internet, telephone or proxy card.

This Proxy Statement and the accompanying form of proxy are being mailed to stockholders on or about November 28, 2012.

SUMMARY TERM SHEET

This summary briefly describes information included elsewhere in this Proxy Statement. This summary may not contain all of the information you should consider before voting on Proposals 1, 2, 3, 4 and 5 described in this Proxy Statement. We strongly encourage you to read the entire Proxy Statement carefully, including the attached Annexes. For your convenience, we have included cross references to direct you to a more complete description of the topics in this summary. In this Proxy Statement, we, us, our, the company, our company and Mission West refer to Mission West Properties, Inc., unless the context otherwise requires. We refer to TPG Capital L.P. as TPG and Divco West Acquisitions, LLC as Divco. We refer to M West Holdings, L.P. as the Buyer.

Overview of the Transactions

Our stockholders are being asked to consider and vote on three proposals that, if approved, will result in the liquidation and dissolution of our company. The first proposal is to approve the recapitalization of our six operating partnerships. The second proposal is to approve the sale of substantially all of our assets to a third party following the recapitalization. The third proposal is to approve the liquidation of our company.

The OP Recapitalization (page 56)

In a series of transactions accomplished pursuant to the Asset Alignment and Limited Partnership Conversion Agreement dated November 2, 2012, by and among us, the Operating Partnerships (as defined herein) and the limited partners of the Operating Partnerships (each a Limited Partner, and collectively, the Limited Partners) and the Partnership Separation Agreement dated November 2, 2012, by and among us, the Operating Partnerships and the Limited Partners (collectively, the Recapitalization Agreements), certain of the real estate assets held by our six operating partnerships, Mission West Properties, L.P., Mission West Properties, L.P. I, Mission West Properties, L.P. II, Mission West Properties, L.P. III, Mission West Properties, L.P. IV and Mission West Properties, L.P. V (collectively, the Operating Partnerships), will be sold or transferred among the Operating Partnerships. In addition, certain limited partners of the Operating Partnerships may elect to tender their interests in the Operating Partnerships (the LP Units) pursuant to the Exchange Rights Agreement (as further described herein) and convert their LP Units into cash, shares of our common stock, par value \$.001 per share, a combination of cash and stock, or by other means, including promissory notes issued in lieu of shares of common stock, if issuance of shares of common stock would cause us not to satisfy the REIT requirements of the Internal Revenue Code or would cause the tendering Limited Partner to exceed certain restrictions on ownership

and transfer contained in our charter. Upon completion of these sales and conversions, we will withdraw as the general partner of each of the Operating Partnerships and with respect to any general partner interests or limited partner interests we hold in the Operating Partnerships and will acquire the exclusive right of possession of the Target Properties and certain other assets and liabilities. In addition, certain Operating Partnerships will retain their remaining assets and liabilities with an approximate net value of \$525 million and the non-converting Limited Partners will retain an ownership interest in those Operating Partnerships, of which the Berg Group will hold a majority in interest. The transactions contemplated by the Recapitalization Agreements are referred to as the OP Recapitalization. If the OP Recapitalization and Proposals 2 and 3 are approved by our stockholders at the Special Meeting, we expect to consummate the OP Recapitalization as soon as practicable after the Special Meeting and immediately prior to the Asset Sale (as defined below). The Berg Group consists of Carl E. Berg, Mission West's Chairman of the Board and Chief Executive Officer, Clyde J. Berg, Kara Ann Berg, Berg & Berg Enterprises, Inc., Berg & Berg Enterprises, LLC, 1981 Kara Ann Berg Trust, West Coast Venture Capital, Inc., the Carl and Mary Ann Berg Charitable Remainder Trust, the Clyde J. Berg 2011 Charitable Remainder Trust and the Kara Ann Berg 2011 Charitable Remainder Trust.

The Asset Sale (page 69)

Pursuant to the Agreement of Purchase and Sale and Escrow Instructions (the Sale Agreement) dated as of November 2, 2012, by and between us and the Buyer, we have agreed to sell a significant portion of our assets (the Asset Sale) to the Buyer following completion of the OP Recapitalization, subject to stockholder approval. On the closing of the Asset Sale, the Buyer will pay to us approximately \$399.6 million in cash (including \$20 million in deposits made prior to the closing), plus or minus any proration or adjustment amounts, and assume debt and other obligations totaling approximately \$397.9 million. If the OP Recapitalization, the Asset Sale and the Liquidation described below are approved by our stockholders at the Special Meeting, and all of the conditions to closing under the Sale Agreement have been met, we currently expect the Asset Sale to take place by December 27, 2012.

The Liquidation (page 83)

The Board has adopted a plan to liquidate our assets remaining after the completion of the OP Recapitalization and the Asset Sale (the Liquidation and, together with the OP Recapitalization and the Asset Sale, the Transactions). We currently estimate that the Transactions will result in a distribution to stockholders (and any holders of LP Units that elect to redeem their LP Units for common stock) in the range of \$9.20 to \$9.28 per share in cash, although the amount ultimately distributed to stockholders may be below this range. The estimated distribution amount includes the sales proceeds, after liabilities and expenses, and the final 2012 dividend in accordance with statutory REIT distribution requirements. We intend to complete the Liquidation as soon as practicable after the closing of the Asset Sale.

Independent Directors Committee

Because Carl E. Berg, our Chairman of the Board and Chief Executive Officer, and persons affiliated with Mr. Berg, as well as some of our officers and other members of our Board, have interests in the Transactions (including in the case of Mr. Berg, the Berg Group's ownership interest in the Operating Partnerships), our Board unanimously delegated to our Independent Directors Committee, which consists entirely of directors who are not officers or employees of our company and who have no economic interest in any of the Transactions (aside from their interest as stockholders of our company), the power and authority to, among other things, explore strategic alternatives available to us, review and evaluate the terms and conditions of any potential strategic transaction and make recommendations to the Board related thereto. The Independent Directors Committee was also given the power to retain and obtain advice from advisors and experts and to take any other actions it deemed to be advisable. No limitations were placed on the authority of the Independent Directors Committee to act on behalf of our holders of the issued and outstanding shares of our common stock who are not Affiliated Stockholders (the

Table of Contents

Unaffiliated Stockholders). The term Affiliated Stockholders means the Berg Group, holders of our common stock who are affiliated with the Berg Group and our executive officers. The Independent Directors Committee was charged with representing the interests of our Unaffiliated Stockholders and was actively involved in extended and numerous deliberations and negotiations regarding the Transactions on behalf of the Unaffiliated Stockholders. In this capacity, the Independent Directors Committee retained and received advice from Stifel, Nicolaus & Company, Incorporated (Stifel Nicolaus), as independent financial advisor, and Venable LLP (Venable), as independent legal advisor. The members of the Independent Directors Committee are William A. Hasler, Lawrence B. Helzel and Martin S. Roher, all of whom are independent directors of our company. The Independent Directors Committee members received no additional remuneration for their service on the committee, other than their annual director compensation of \$25,000 plus \$1,500 for attendance (in person or by telephone) at each meeting of the Board and \$500 for attendance at each separate committee meeting. The Independent Directors Committee members are not entitled to and will not receive any incentive fee for approving the Transactions. As of November 14, 2012, Mr. Helzel earned \$12,500 and each of Mr. Hasler and Mr. Roher earned \$12,000 for their service on the Independent Directors Committee.

Reasons for the OP Recapitalization, the Asset Sale and the Liquidation and Factors Considered by the Independent Directors Committee in Determining Fairness (page 31)

In evaluating the Transactions and the other transactions contemplated by the Recapitalization Agreements and the Sale Agreement, the Independent Directors Committee consulted with our senior management, as well as our outside legal counsel and the Independent Directors Committee's own legal counsel and financial advisor, and considered a number of factors, including the following, among others:

as described below Background of the Transactions beginning on page 15, the solicitation process undertaken by our company;

the current and historical market prices of shares of our common stock, and the fact that a liquidating distribution of \$9.20 per share of our common stock represented a premium of approximately 21.0% over our company's three-month average closing stock price and a premium of approximately 19.6% over our company's ten-day average closing stock price prior to December 20, 2011, the day before we announced that our company was exploring strategic alternatives;

our company's future prospects, including market conditions, the future performance of our company's assets and the potential risks to successful execution of our business strategy; and

Stifel Nicolaus' opinion and financial presentation, dated November 1, 2012, to the Independent Directors Committee as to the fairness, from a financial point of view and as of the date of the opinion, of the proposed per share consideration to be received in the Liquidation by holders of our common stock, other than Affiliated Stockholders, as more fully described below under The Transactions Stifel, Nicolaus & Company, Incorporated, Financial Advisor to the Independent Directors Committee .

See the section entitled The Transactions Reasons for the OP Recapitalization, the Asset Sale and the Liquidation and Factors Considered by the Independent Directors Committee in Determining Fairness on page 31 for further discussion of the Independent Directors Committee's and the Board's reasons for the Transactions.)

Reasons for the OP Recapitalization, the Asset Sale and the Liquidation and Factors Considered by the Board in Determining Fairness (page 33)

In evaluating the Transactions and the other transactions contemplated by the Recapitalization Agreements and the Sale Agreement, the Board considered the recommendation of the Independent Directors Committee, consulted with our senior management, as well as our outside legal counsel and considered a number of factors, including the following, among others:

the Board's understanding of the economic conditions in Silicon Valley;

Table of Contents

the favorability of the Transactions to our stockholders in comparison to other available potential strategic alternatives, including continuing to operate as an independent company;

the outcome of the lengthy and extensive bidding process undertaken by management;

Stifel Nicolaus' opinion and financial presentation to the Independent Directors Committee as to the financial fairness of the proposed per share consideration to be received by holders of our common stock, other than Affiliated Stockholders; and

the approval and declaration of the Independent Directors Committee finding the Transactions in the best interests of our company and of our stockholders and its recommendation to the Board to approve the Transactions.

See the section entitled "The Transactions – Reasons for the OP Recapitalization, the Asset Sale and the Liquidation and Factors Considered by the Board in Determining Fairness" on page 33 for further discussion of the Independent Directors Committee's and the Board's reasons for the Transactions.)

Recommendations of the Board (page 36)

The Board, based on the recommendation of the Independent Directors Committee, unanimously recommends that you vote "FOR" all matters put to a vote at the Special Meeting.

Opinion of Financial Advisor (page 37 and Annex A)

Stifel Nicolaus delivered an opinion to the Independent Directors Committee in connection with the sale of certain properties to the Buyer. The terms and conditions of the Transactions are more fully described in the Sale Agreement and the Recapitalization Agreements (collectively, the Transaction Agreements).

Stifel Nicolaus delivered its opinion to the Independent Directors Committee on November 1, 2012 that, based upon and subject to the factors, considerations, qualifications, limitations and assumptions set forth in the opinion, the consideration to be received in the Transactions pursuant to the Transaction Agreements by the Unaffiliated Stockholders was fair to such holders, from a financial point of view.

The full text of the written opinion of Stifel Nicolaus, dated November 1, 2012, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex A to this Proxy Statement. Our stockholders should read the opinion in its entirety, as well as the section of this Proxy Statement entitled "The Transactions – Opinion of Stifel Nicolaus & Company, Incorporated, Financial Advisor to the Independent Directors Committee" beginning on page 37. Stifel Nicolaus provided its opinion for the information and assistance of the Independent Directors Committee in connection with the Independent Directors Committee's consideration of the Transactions. Stifel Nicolaus addressed its opinion to the Independent Directors Committee, and its opinion does not constitute a recommendation to any stockholder as to how such stockholder should vote at the Special Meeting with respect to the Transactions or as to any other action that a stockholder should take with respect to the Transactions.

Financing of the Asset Sale (page 43)

The Buyer estimates the total amount of funds required to complete the Asset Sale and related transactions, to be approximately \$797 million, which represents the Purchase Price as defined in the Sale Agreement. This

Table of Contents

amount is expected to be provided through a combination of (1) assumption of existing indebtedness of approximately of \$251 million, (2) obtaining new debt financing of approximately \$138 million, and (3) equity contributions totaling approximately \$408 million by the equity sponsors of the Buyer.

Interests of Management, Directors and Significant Stockholders in the OP Recapitalization, the Asset Sale and the Liquidation (page 45)

In considering the Transactions, you should be aware that some of our stockholders, directors and executive officers have interests in the Transactions that may be different from, or in addition to, your interests as a stockholder generally, including the following:

in connection with the OP Recapitalization, certain of the real estate assets held by the Operating Partnerships will be sold or transferred among the Operating Partnerships, and the Berg Group will own substantially all of the LP Units of the remaining Operating Partnerships;

as of October 31, 2012, Mr. Berg owned 2,000,000 shares of our common stock, representing approximately 8.8% of the voting power of our outstanding common stock;

two of our executive officers will receive compensation in connection with completion of the Transactions; and

our directors and executive officers, including Mr. Berg, also will be entitled to receive the same consideration for their shares of our common stock as the Unaffiliated Stockholders in connection with the Liquidation. As of October 31, 2012, our directors and executive officers held 2,371,500 shares of our outstanding common stock and options to purchase 2,039,438 shares of our common stock, which are fully vested and exercisable.

See The Transaction Interests of our Directors and Executive Officers in the Transactions beginning on page 45 and Proposal 4 Non-Binding Advisory Vote on Compensation Payments .

Conditions to Closing of the Asset Sale (page 74)

Mission West's and the Buyer's obligations to consummate the Asset Sale as set forth in the Sale Agreement are subject to the satisfaction or waiver of a number of closing conditions. For a detailed description of these conditions, please see Proposal 2: Asset Sale Conditions to Closing of the Asset Sale beginning on page 74.

Termination of the Sale Agreement (page 76)

We and the Buyer may, by mutual written consent, terminate the Sale Agreement and abandon the Asset Sale at any time prior to the closing, and the Buyer may terminate the Sale Agreement at any time on or prior to the business day immediately preceding the date the Special Meeting is held. The Sale Agreement may also be terminated and the Asset Sale abandoned at any time prior to the Closing by either us or the Buyer under certain circumstances.

Termination Fees and Expenses (page 77)

In connection with the termination of the Sale Agreement, we may be required to pay the Buyer a termination fee of up to \$14 million or reimburse the Buyer for up to \$2.5 million in expenses. Under certain circumstances, the Buyer may be required to forfeit its deposit of up to \$20 million upon termination of the Sale Agreement.

Table of Contents

No Solicitation of Transactions (page 80)

The Sale Agreement contains restrictions on our ability to solicit or engage in discussions or negotiations with a third party regarding specified transactions involving us or our subsidiaries. We may, however, engage in such discussions or negotiations with a third party in response to an unsolicited written acquisition proposal that our Board, acting upon the recommendation of the Independent Directors Committee, determines in good faith (after consultation with outside legal counsel and its financial advisor) constitutes or is reasonably likely to result in a superior proposal and the failure to take such action with respect to such acquisition proposal would be inconsistent with the duties of the Independent Directors Committee under applicable law, subject to certain requirements and limitations specified in the Sale Agreement. The Independent Directors Committee has reserved a similar right to consider a superior proposal as to the OP Recapitalization.

Listing and Trading of Shares (page 86)

As a result of the proposed Transactions, we will cease to be a publicly-traded company. Following the filing of articles of dissolution with, and the acceptance for record by, the State Department of Assessments and Taxation of Maryland, our common stock will cease to be listed and traded on the NASDAQ Stock Market, LLC (NASDAQ), and will cease to be registered under the Securities and Exchange Act of 1934, as amended (the Exchange Act).

Use of Liquidation Proceeds (page 83)

Subject to the payment of the claims of creditors and any necessary reserves for unknown claims, the balance of the net proceeds from the Asset Sale will be available for distribution to our stockholders in the Liquidation. As of the date of this Proxy Statement, the Board expects to distribute, in the form of one or more liquidating distributions, between \$9.20 and \$9.28 per share in cash to stockholders and certain Limited Partners who elect to convert their LP Units into shares of our common stock as part of the OP Recapitalization.

Liquidation Procedure and Distributions (page 83)

In the event that the Asset Sale is consummated and the Liquidation is approved by our stockholders, our officers will be directed to commence our immediate liquidation. We will cease to carry on our business except to the extent necessary to wind up our company. All cash remaining after the discharge of or after making adequate provision for the discharge of, our debts, obligations and liabilities will be distributed in one or more liquidating distributions on a pro rata basis to stockholders on the record date to be determined by the Board (the Final Record Date). We may elect to transfer all of the cash and other assets to a liquidating trust (the Liquidating Trust) following the closing of the Asset Sale. The Board presently intends to pay an initial distribution to stockholders as soon as practicable following the Asset Sale, provided that at that time the Board is of the opinion that the expected reserve is adequate to provide for our obligations, liabilities (actual and contingent) and expenses. We currently expect a second, and final, distribution to stockholders will be made within approximately 12 months of the initial distribution. There can be no assurances as to the amount of any distribution, if any, or the timing of any distribution.

Certain Material U.S. Federal Income Tax Consequences (page 46)

Please see The Transactions Certain Material U.S. Federal Income Tax Consequences of the Transactions .

We recommend that you consult your personal tax advisor regarding the federal, state, local and foreign tax consequences to you of the proposed OP Recapitalization, Asset Sale and Liquidation.

Appraisal Rights (page 51)

Under Maryland law, stockholders will not be entitled to appraisal rights in connection with the proposed Transactions.

Stockholder Vote Required to Approve Proposals 1, 2, 3, 4 and 5 (page 51)

In addition, Proposal 1 must be approved by the affirmative vote of the holders of shares of common stock entitled to cast a majority of all of the votes entitled to be cast on Proposal 1, disregarding (in the numerator and denominator) votes cast or entitled to be cast by the Buyer, Carl E. Berg, or any person who is a member of the immediate family of Carl E. Berg or any entity which is controlled by Carl E. Berg.

Under our bylaws, Proposals 4 (approval of certain executive compensation) and 5 (approval of adjournment of the Special Meeting, if necessary) require the affirmative vote of a majority of the votes cast at the Special Meeting.

Berg, our Chairman of the Board and Chief Executive Officer, beneficially owns an aggregate of 2,000,000 shares, or approximately 8.8%, of our outstanding common stock as of October 31, 2012 and has entered into a voting agreement with the Buyer pursuant to which he has agreed to vote his shares in favor of each of Proposals 1, 2 and 3. QUESTIONS AND ANSWERS

The following questions and answers are intended to address briefly some commonly asked questions regarding the Special Meeting, the OP Recapitalization, the Asset Sale and the Liquidation. These questions and answers may not address all questions that may be important to you as a stockholder. Please refer to the Summary Term Sheet and the more detailed information contained elsewhere in this Proxy Statement, the Annexes to this Proxy Statement and the documents referred to in this Proxy Statement, which you should read carefully and in their entirety.

Q. When and where is the Special Meeting?

- A. The Special Meeting will be held on December 13, 2012 at 10:00 a.m., Pacific Time, at our principal executive offices at 10050 Bandle Drive, Cupertino, California 95014.

Q. What am I being asked to vote on at the Special Meeting?

- A. Stockholders are being asked:

Proposal 1: to consider and vote on the approval of the OP Recapitalization pursuant to the Recapitalization Agreements. Pursuant to the Recapitalization Agreements, following certain sales of assets and conversions of ownership interests, we will withdraw as the general partner of, and with respect to any general partner interests or limited partner interests in, each of the Operating Partnerships, resulting in the Surviving LPs having complete ownership interest in the remaining Operating Partnerships, and with the Berg Group holding a majority in interest of the remaining Operating Partnerships;

Proposal 2: to consider and vote on the approval of the Asset Sale;

Proposal 3: to consider and vote on the approval of the Liquidation;

Proposal 4: to consider and vote, on a non-binding advisory basis, on the approval of certain executive compensation; and

Proposal 5: to consider and vote on the approval of the adjournment of the Special Meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the Special Meeting to approve any of Proposals 1, 2 and 3.

In the Liquidation, any amounts remaining after payment of liabilities and expenses will be distributed in one or more liquidating distributions to our stockholders. If our stockholders do not approve each of Proposals 1, 2 and 3 described in this Proxy Statement, there will be no liquidating distribution to stockholders and our common stock will continue to be listed on NASDAQ.

Q. How does the Independent Directors Committee recommend that I vote?

- A. The Independent Directors Committee unanimously recommends that you vote **FOR** each of Proposals 1, 2, 3, 4 and 5.

Q. How does the Board recommend that I vote?

A. The Board unanimously recommends that you vote **FOR** each of Proposals 1, 2, 3, 4 and 5.

Q. Who can vote at the Special Meeting?

A. The close of business on November 2, 2012, has been set as the record date (the Record Date) for determining the stockholders entitled to receive notice of and to vote at the Special Meeting. As of the Record Date, 22,674,020 shares of our common stock, par value \$.001 per share, were outstanding and entitled to vote at the Special Meeting. Holders of common stock outstanding on the Record Date will be entitled to one vote for each share of common stock held.

Table of Contents

Q. What is a quorum?

- A. The presence, in person or by proxy, of the holders of at least a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the Special Meeting. For purposes of determining a quorum at the Special Meeting, abstentions and broker non-votes will be treated as present.

In the event that a quorum is not present, or if there are insufficient votes to approve the OP Recapitalization, the Asset Sale or the Liquidation at the time of the Special Meeting, it is expected that the Special Meeting will be adjourned pursuant to Proposal 5 to solicit additional proxies.

Q. What vote is required to approve Proposals 1, 2, 3 and 4?

- A. Assuming the presence of a quorum, the affirmative vote of the holders of our common stock entitled to cast a majority of all of the votes entitled to be cast on such matters at the Special Meeting is necessary to approve each of Proposals 1, 2 and 3. In addition, Proposal 1 must be approved by the affirmative vote of the holders of shares of our common stock entitled to cast a majority of all of the votes entitled to be cast at the Special Meeting, disregarding (in the numerator and denominator) votes cast or entitled to be cast by the Buyer, Carl E. Berg, or any person who is a member of the immediate family of Carl E. Berg or any entity which is controlled by Carl E. Berg. Broker non-votes, if any, abstentions or failure to submit a proxy or vote in person at the Special Meeting will have the same effect as a vote AGAINST each of Proposals 1, 2 and 3. Approval of the advisory vote regarding the compensation of certain executive officers described in Proposal 4 requires the affirmative vote of a majority of the votes cast on the proposal. Broker non-votes, if any, abstentions or failure to submit a proxy or vote in person at the Special Meeting will not affect the result of the vote on Proposal 4.

Q. What vote of our stockholders is required to approve Proposal 5 to adjourn the Special Meeting, if necessary or appropriate, to solicit additional proxies?

- A. The affirmative vote of a majority of the votes cast by holders of shares of common stock present in person or by proxy at the Special Meeting is necessary to adjourn the Special Meeting. Abstentions and broker non-votes, if any, will not be counted as votes cast on Proposal 5 and will have no effect on the result of this vote.

Q. How do I vote?

- A. You may vote your shares at the Special Meeting by telephone, via the Internet, by mail or in person as described below. The Board recommends that you vote by telephone, via the Internet or by mail as it is not practical for most stockholders to attend the Special Meeting. Stockholders holding shares in street name through a bank or broker should follow the instructions on the voting instruction form received from the bank or broker.

Voting by Telephone or via the Internet. You can vote over the Internet or by telephone. Please follow the instructions provided on the proxy card or voting instruction card you receive.

Voting by Mail. You may vote by dating, signing and returning your proxy card or voting instructions in the enclosed postage-prepaid return envelope or in the envelope provided by your bank or broker, as applicable.

Voting at the Special Meeting. You may vote in person at the Special Meeting. If you hold shares of common stock in your name, giving a proxy will not affect your right to vote your shares if you attend the Special Meeting and vote in person. If you hold shares through a bank or broker, you must obtain a proxy, executed in your favor, from the bank or broker to be able to vote at the Special

Meeting. Voting by telephone, via the Internet or by mail will not limit your right to vote at the Special Meeting, if you decide to attend in person.

If you return your proxy, but do not mark your voting preferences, the proxy holders will vote your shares FOR Proposals 1, 2, 3, 4 and 5. If your shares are held in street name, and you return your signed voting

instructions but do not indicate your voting preference for each Proposal on the voting card, your bank or broker will not be able to vote your shares on that Proposal at the Special Meeting.

Q. How can I change or revoke my vote?

A. Stockholders may revoke their proxies at any time before they are voted at the Special Meeting in any one of three ways:

by sending a properly signed written notice of your revocation to our Corporate Secretary at the address listed on page 1 of this Proxy Statement;

by submitting another proxy that is properly signed and bears a later date; or

by attending the Special Meeting and voting in person.

If your shares are registered in the name of a broker, dealer, commercial bank, trust company or other nominee you must contact your broker, dealer, commercial bank, trust company or other nominee to revoke your proxy.

Attendance at the Special Meeting will not itself revoke a previously submitted proxy.

Q. If a stockholder gives a proxy, how are the shares of common stock voted?

A. All proxies will be voted as specified on the proxy cards or voting instructions submitted by stockholders as long as they are properly submitted in accordance with our voting procedures and are received by us before the close of voting at the Special Meeting or any postponement or adjournment thereof. If no choice has been specified, a properly executed and timely proxy will be voted FOR Proposals 1, 2, 3, 4 and 5, which proposals are described in detail elsewhere in this Proxy Statement. If you do not return your voter information card to your broker or, if you do not provide your broker with instructions on how to vote your shares, your broker will not be able to vote your shares at the Special Meeting.

If your shares are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, in order for your shares to be voted you must provide your broker, dealer, commercial bank, trust company or other nominee with specific voting instructions on Proposals 1, 2, 3, 4 and 5. If you do not provide specific instructions, your shares will not be voted as your broker, dealer, commercial bank, trust company or other nominee does not have discretionary voting power with respect to Proposals 1, 2, 3, 4 and 5.

Q. Who will cover the cost of the proxy solicitation?

A. The cost of soliciting proxies, including expenses in connection with preparing and mailing this Proxy Statement, will be borne by us. In addition, we will reimburse brokerage firms and other persons representing beneficial owners of our common stock for their expenses in forwarding proxy materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, facsimile and other electronic means, and personal solicitation by our directors, officers or employees. No additional compensation will be paid to directors, officers or employees for such solicitation. At this time we have not engaged a proxy solicitor, however we may elect to do so in the future. If we do engage a proxy solicitor we will pay the customary costs associated with such engagement.

Q. What do I do if I receive more than one proxy or set of voting instructions?

- A. If you hold shares of our common stock in street name and also directly as a record holder or otherwise, you may receive more than one proxy and/or set of voting instructions relating to the Special Meeting. These should each be voted and/or returned separately in accordance with the instructions provided in this Proxy Statement in order to ensure that all of your shares of common stock are voted.

Q. What happens if I sell my shares of common stock before the Special Meeting?

- A. If you transfer your shares of common stock after the Record Date but before the Special Meeting, unless special arrangements (such as provision of a proxy) are made between you and the person to whom you transfer your shares and each of you notifies us in writing of such special arrangements, you will retain your right to vote such shares at the Special Meeting but will transfer the right to receive the consideration to the person to whom you transfer your shares.

Q. What will I receive if the OP Recapitalization, the Asset Sale and the Liquidation are completed?

- A. Our Board anticipates that each stockholder of record as of a date to be determined by the Board will receive a distribution in the range of \$9.20 and \$9.28 per share of our common stock. However, there are no assurances as to the amount of the distribution or the timing of any such distribution. The estimated amount of distribution includes the sales proceeds, after liabilities and expenses, and the final 2012 quarterly dividend in accordance with statutory REIT distribution requirements. Only stockholders of record on the Final Record Date will be entitled to a cash distribution.

Q. When do you expect the Asset Sale and related transactions to be completed?

- A. If stockholder approval is obtained for each of Proposals 1, 2 and 3 the OP Recapitalization is expected to take place as soon as practicable following the Special Meeting, and the closing of the Asset Sale is expected to take place as soon as practicable following the completion of the OP Recapitalization. The Board has not established a firm timetable for the Liquidation and distribution to stockholders, if any, but expects to start the liquidation process as soon as practicable after the closing of the Asset Sale.

Q. How will the Board use the proceeds from the Asset Sale?

- A. Following the closing of the Asset Sale, the Board plans to complete the Liquidation and distribute to those stockholders who hold shares of our common stock on the Final Record Date the remaining assets after payment of our outstanding debts and other obligations.

Q. What happens if the OP Recapitalization is not completed?

- A. If stockholders do not approve the OP Recapitalization or the OP Recapitalization is not completed, we will not complete the Asset Sale or the Liquidation. In such event, our common stock will continue to be listed and traded on NASDAQ. The effectiveness of the OP Recapitalization is necessary for the Asset Sale because the Target Properties to be sold to the Buyer will be transferred to us in connection with the OP Recapitalization.

Q. What happens if the Asset Sale is not completed?

- A. If the Asset Sale is not approved by our stockholders or if the Asset Sale is not completed for any other reason, the OP Recapitalization and the Liquidation will not be completed and stockholders as of the Final Record Date will not receive any payment for their shares of our common stock that they would have received upon completion of the Liquidation. In such event, our common stock will continue to be listed and traded on NASDAQ.

Edgar Filing: MISSION WEST PROPERTIES INC - Form DEFM14A

Under specified circumstances, we may be required to pay to the Buyer a termination fee and/or expense reimbursement, or we may be entitled to retain the deposit made by the Buyer, in connection with the termination of the Sale Agreement.

Q. What happens if the Liquidation is not approved by stockholders?

- A. If the Liquidation is not approved by our stockholders or if the Liquidation is not completed for any other reason, no liquidating distribution will be paid. In such event, our common stock will continue to be listed and traded on NASDAQ.

Q. Am I entitled to exercise appraisal rights instead of receiving the consideration from the Liquidation?

- A. Under Maryland law, stockholders will not be entitled to appraisal rights in connection with the OP Recapitalization, the Asset Sale or the Liquidation.

Q. What do I need to do now?

- A. Even if you plan to attend the Special Meeting, after carefully reading and considering the information contained in this Proxy Statement and the accompanying annexes, please vote promptly to ensure that your shares are represented at the Special Meeting. If you hold your shares of common stock in your own name as the stockholder of record, please vote your shares of common stock by

completing, signing, dating and returning the enclosed proxy card in the accompanying prepaid reply envelope;

authorizing a proxy using the telephone number printed on your proxy card; or

authorizing a proxy using the Internet voting instructions printed on your proxy card.

If you decide to attend the Special Meeting and vote in person, your vote by ballot will revoke any proxy previously submitted. If you are a beneficial owner of stock held in street name, please refer to the instructions provided by your bank, brokerage firm or other nominee to see which of the above voting choices are available to you.

Q. Should I send in my stock certificates now?

- A. No. You will be sent a letter of transmittal promptly after the Final Record Date for the distribution has been set, describing how you may exchange your shares of common stock for cash. If your shares of common stock are held in street name by your bank, brokerage firm or other nominee, you will receive instructions from your bank, brokerage firm or other nominee as to how to effect the surrender of your shares of common stock. **In order to receive a distribution, you must be a stockholder on the Final Record Date to be established for the distribution. Please do NOT return your stock certificate(s) with your proxy or voting instructions.**

Q. Are there risks regarding any of the proposals?

- A. Yes, please see Risk Factors and Cautionary Statement Concerning Forward-Looking Information for the risks related to the OP Recapitalization, the Asset Sale and the Liquidation.

Q. Who can help answer my other questions?

- A. The information provided above in the summary term sheet and in the question and answer format is for your convenience only and is merely a summary of the information contained in this Proxy Statement. You should carefully read this entire Proxy Statement, including the documents annexed to this Proxy Statement and the documents we refer to in this Proxy Statement. The Transactions

OP Recapitalization

On November 2, 2012, we entered into an Asset Alignment and Limited Partnership Conversion Agreement (the Alignment Agreement) with each of our Operating Partnerships and the limited partners (the Limited

Table of Contents

Partners) of the Operating Partnerships. Also on November 2, 2012, Mission West, the Operating Partnerships and the Limited Partners entered into a Partnership Separation Agreement (the Separation Agreement). The Alignment Agreement and the Separation Agreement are collectively referred to as the Recapitalization Agreements.

Prior to consummating the transactions contemplated by the Recapitalization Agreements, Mission West will remain the general partner of, and continue to own general partnership interests in, each of the Operating Partnerships and members of the Berg Group will continue to hold a majority of the limited partnership interests in the Operating Partnerships. In connection with and prior to the OP Recapitalization, certain Limited Partners may choose to tender their interests in the Operating Partnerships (the LP Units) for shares of our common stock, cash or a combination thereof (in some instances, due to REIT regulations and the restrictions on ownership and transfer contained in our charter, certain Limited Partners may receive promissory notes in lieu of shares of our common stock; the notes will allow for the Limited Partner to participate in the proceeds of the Asset Sale and Liquidation (both as defined herein) in such amounts as if the LP Units had been converted to shares of our common stock). No tenders of LP Units by Limited Partners will be accepted at or after the close of the OP Recapitalization.

Pursuant to the Alignment Agreement, at the closing of the OP Recapitalization, certain of the real estate assets held by one of the Operating Partnerships will be transferred among three other Operating Partnerships in exchange for cash and promissory notes. Immediately upon completion of such transfers in exchange for the full right of possession of certain real property interests (the Target Properties), we will submit our general partner interests and any LP Units we hold for full redemption and cancellation and Limited Partners who choose not to tender their LP Units prior to the close of the OP Recapitalization (the Surviving LPs) will forfeit any rights they have to convert their LP Units into shares of our common stock. In addition, the Operating Partnerships will retain their remaining assets and liabilities with an approximate net value of \$525 million, and the non-converting Limited Partners will retain their ownership interests in those Operating Partnerships, of which the Berg Group will hold in excess of 96%. The transactions contemplated by the Recapitalization Agreements are referred to as the OP Recapitalization.

In addition, under certain circumstances, we may consider other written, unsolicited transaction proposals received by us prior to the Special Meeting with respect to the properties not being purchased by the Buyer (the Retained Properties), if any such proposal is deemed a superior proposal by the Independent Directors Committee. The Board may also change its recommendation to stockholders if it receives a superior proposal. There are no termination fees associated with taking such actions, provided that we are able to consummate the Asset Sale pursuant to the terms of the Sale Agreement (as defined below).

Asset Sale

Also on November 2, 2012, Mission West and the Buyer entered into an Agreement of Purchase and Sale and Escrow Instructions (the Sale Agreement), pursuant to which we agreed to sell a significant portion of our assets (the Asset Sale) to the Buyer. The assets to be sold to the Buyer consist of all of the Target Properties and will represent substantially all of our assets following the OP Recapitalization. For a more detailed description of the Target Properties, please see Proposal 2: Asset Sale Assets to be Sold beginning on page 58. On the closing of the Asset Sale, the Buyer will pay to Mission West approximately \$399.6 million in cash and assume debt and other obligations totaling approximately \$397.9 million to acquire the Target Properties. If the Asset Sale and the OP Recapitalization are approved by our stockholders and satisfaction and/or waiver of the conditions to closing occurs, the closing of the Asset Sale is currently expected to take place by December 27, 2012. Completion of the Asset Sale is contingent upon the consummation of the OP Recapitalization. Each of us and the Buyer has made customary representations and warranties in the Sale Agreement. Completion of the Asset Sale is subject to customary closing conditions including, but not limited to, (1) approval of the Asset Sale by our stockholders, (2) the absence of any order or injunction prohibiting the consummation of the Asset Sale and (3) subject to certain materiality qualifications, the truth and correctness of each party's representations and warranties at closing. In addition, certain lenders must agree to the Buyer's assumption of certain loans in

Table of Contents

connection with the Asset Sale. Each party is permitted to terminate the Sale Agreement under certain circumstances as set forth in the Sale Agreement, including if the closing of the Asset Sale does not occur on or prior to December 27, 2012, and the Buyer may terminate the Sale Agreement at any time on or prior to the business day prior to the Special Meeting for any reason. Upon termination of the Sale Agreement in certain circumstances, we may be required to pay the Buyer expenses of up to \$2.5 million or a termination fee of up to \$14 million or the Buyer may be required to forfeit certain deposits of up to \$20 million. In addition, under certain circumstances as set forth in the Sale Agreement, we may consider other written, unsolicited transaction proposals received by us prior to the Special Meeting, if any such proposal is deemed a superior proposal as defined in the Sale Agreement. The Board may also change its recommendation to stockholders if it receives a superior proposal. In either event, Mission West would be required to pay the Buyer a termination fee of \$14 million and to return the Buyer's deposit.

Liquidation

Following completion of the OP Recapitalization and the Asset Sale, we will have transferred or disposed of substantially all of our assets and intend to liquidate (the Liquidation) pursuant to the plan of liquidation after satisfying outstanding debts and obligations, applicable taxes and related transaction costs. We currently estimate these transactions will result in a distribution to stockholders (and any holders of LP Units that elect to redeem their LP Units for common stock) in the range of \$9.20 to \$9.28 per share in cash, although the amount ultimately distributed to stockholders may be below this range. The estimated distribution amount includes the sales proceeds, after liabilities and expenses, and the final 2012 quarterly dividend in accordance with statutory REIT distribution requirements. To the extent they hold shares of our common stock at the time of a distribution, members of the Berg Group and our executive officers will be entitled to receive the same per share distribution as our other stockholders. The OP Recapitalization, the Asset Sale and the Liquidation are referred to as the Transactions.

Background of the OP Recapitalization and the Asset Sale

From time to time prior to the date of the Sale Agreement, our Board and members of our management team have considered various strategic opportunities intended to further the development of our business, including informally engaging in preliminary discussions and executing confidentiality agreements with other entities regarding various strategic alternatives, including potential business transactions or combinations.

From March 2011 until October 2011, eight independent parties approached Carl E. Berg, our Chairman of the Board and Chief Executive Officer, about possibly acquiring us or some portion of our properties. During this period of time, although Mr. Berg held discussions with these parties, no formal offers were made by these parties. Mr. Berg updated the Board at various meetings on the status of these discussions.

At a Board meeting held on April 14, 2011, the Board reviewed various strategic options for our business, including these indications of interest, and directed management to continue to evaluate these strategies. The Board continued such review at its meeting on July 13, 2011, and reaffirmed its direction to management.

On May 19, 2011, following the Board's April meeting, we entered into a confidentiality agreement with, and provided certain confidential information to, Company A. Discussion ensued between Company A and Mr. Berg acting on our behalf. Between July 2011 and late October 2011, we also entered into confidentiality agreements with each of four additional potential buyers, including Divco and TPG.

On August 10, 2011, Divco submitted an unsigned letter to us requesting a sixty-day exclusive negotiation period. We did not execute the letter and advised Divco that the Board was not interested in exclusive negotiations at that time.

By late August 2011, it became apparent that our portfolio of properties did not meet the goals of Company A, and we mutually agreed to discontinue discussions.

Table of Contents

On September 18, 2011, Divco submitted an unsigned letter to us again requesting a sixty-day exclusive negotiation period. Once again, we declined to execute the letter.

On September 23, 2011, the Board held a meeting to review the status of discussions with the various potential buyers, the strategic objectives of each party and the company and the various options available to us to maximize value for our stockholders. No conclusions were reached.

During September and October 2011, at the direction of the Board, Mr. Berg continued to have numerous calls and meetings with Divco. Divco had advised us that they were having discussions with TPG about various joint ventures and might consider having them join with Divco for an offer on a portfolio of our properties and asked if Mr. Berg would meet with TPG when he was in New York.

On October 5, 2011, Mr. Berg met in New York with representatives from TPG.

On October 11, 2011, Divco submitted an unsigned proposal to purchase our company and/or our assets and liabilities for \$9.50 per share in cash, subject to due diligence. The proposal also called for a forty-five day exclusive negotiation period, as well as a thirty-day period immediately following execution of a definitive agreement during which we would be permitted to solicit superior offers, subject to the right of Divco to match any such superior offer and our agreement to pay a \$30 million breakup fee, inclusive of up to \$2 million in expense reimbursement, in the event we accepted another offer.

On October 12, 2011, the Board held a meeting at which Mr. Berg reported on his activities since the September Board meeting, his discussions with Divco and TPG, including Divco's October 11, 2011 proposal, and discussions with several additional potential buyers who had requested that we enter into confidentiality agreements. The Board discussed in detail the Divco offer, including the potential effect of the matching right and breakup fee on the possible interest in the company from other potential buyers. The Board discussed their duties in connection with considering a sale of the company, as well as the fact that Mr. Berg held a significant interest in the company and therefore could be considered an interested party in any proposed transaction. At this time, the existing Independent Directors Committee of the Board of Directors (Independent Directors Committee) consisting of William A. Hasler, Lawrence B. Helzel and Martin S. Roher discussed these developments, stated that they did not consider the company to be for sale at this time but were willing to consider all options for the company, and requested management to keep the Board informed. Mr. Berg informed the Board that he had contacted CBRE to assist in identifying additional qualified prospects that might be interested in a transaction with us. CBRE had advised Mr. Berg that they believed there were approximately one hundred qualified prospects available for a large property portfolio like that of our company. The Independent Directors Committee in discussion with Messrs. Berg and Marino determined that we should explore potential strategic opportunities, and directed management to meet with CBRE and request a proposal for a marketing strategy designed to reach the largest number of potential buyers to evaluate the market. The Independent Directors Committee also instructed Mr. Berg to contact Divco and inform them that we were rejecting their proposal and would instead pursue an open bidding process.

On December 3, 2011, Mr. Berg discussed with the Independent Directors Committee the need to complete a tax analysis before accepting any proposal to sell the properties held by the Operating Partnerships, as it was critical to both us and potential purchasers to fully understand the tax implications of any proposed transaction on us, our stockholders and the holders of the LP Units. Mr. Berg also recommended that we provide a complete bid package to each potential bidder that was willing to sign a confidentiality agreement, including each potential bidder that previously had indicated an interest in pursuing a transaction with us and that was willing to sign a confidentiality agreement. In this regard, Mr. Berg recommended that the Board establish an appropriate data room and that CBRE be engaged to manage that operation as well as the rest of the proposed marketing program for a flat fee of \$50,000, with a further fee of \$1 million payable only in the event a sale was consummated.

On December 9, 2011, the Board again considered the proposed marketing program, approving the retention of CBRE on the terms identified in the preceding paragraph and approved management's proposal to hire other

Table of Contents

third-party advisors to complete the physical and environmental inspections required for the data room at a projected cost of \$250,000 to \$300,000. The Board directed management to continue working with CBRE. In addition, the Board discussed how we could maximize the profits from existing contractual options to sell certain properties on McCandless Drive in Milpitas, California (the Lots). It was decided to include them in the bidding process and to guarantee any buyer net cash on a certain date so that we could obtain a bid that was close to the full value that would be realized by the company, assuming all such sales were consummated. Our company, using Mr. Berg as guarantor on our behalf, then guaranteed the potential bidders net cash on a certain scheduled date for the \$93.88 million in potential sales proceeds for the Lots and included them in the initial bidding process. Ultimately, we removed these Lots from the bidding process and subsequently sold all but one Lot, which now is scheduled to be sold in December 2012. The value of these Lots were included in the original bids, but are excluded from the Purchase Price. A portion of the sales price for these Lots has been distributed as dividends, or used to complete certain asset acquisitions, and the balance has been used for other working capital purposes. From October 6, 2011 through the date of this proxy statement, we distributed an aggregate of \$0.74 in dividends per share of common stock or distributions per LP Unit, respectively, in accordance with statutory REIT distribution requirements.

On December 21, 2011, in response to a two-day increase of nearly \$0.49 (\$7.87 to \$8.36) in the closing price of our common stock, the Board directed management to announce the initiation of a process to identify potential qualified buyers for all or part of the company. A press release to that effect was issued by our company on December 21, 2011. In addition, the Board directed management to continue to explore appropriate structures for the sale of the properties held by our Operating Partnerships taking into account the potential value of such sales to both our stockholders and the holders of the LP Units as well as structures that would be appropriate for tax purposes.

On December 29, 2011, we engaged CBRE to act as marketing agent, to make the market aware of our offering (because the sale process at the time was expected to be structured as a stock sale, CBRE could not participate beyond a marketing role as they were not licensed to sell securities). CBRE conducted a broad-based marketing effort using the CBRE database, augmented by leads provided by several third-party brokers. Although authorizing the initiation of such process, the Independent Directors Committee had not yet determined to proceed with a sale of the company or the properties held by the Operating Partnerships.

On December 31, 2011, CBRE provided the Board with a copy of the property book, containing certain financial and property-level information, as well as the ability to access an online data room. Mr. Berg advised the Board that he had reviewed a draft of the CBRE marketing plan and believed the data room as well as the final marketing plan would be ready for consideration by the Board by early January. The Independent Directors Committee accessed the data room prior to its opening and reviewed materials contained therein. The Board also discussed retention of independent counsel.

At a meeting of the Board held on January 4, 2012, the Board determined that the Independent Directors Committee should be responsible for authorizing the initiation of the marketing effort by management and that the Independent Directors Committee should have independent legal counsel to advise it with respect to the independent interests of our company and stockholders in connection with any transaction, due to the potential special interests of the Berg Group in the matter (please see [Interests of our Directors and Executive Officers in the Transactions](#)).

At a meeting of the Board held on January 17, 2012, Mr. Berg reported that in early January management had emailed notices to approximately 112 real estate investment trusts (REITs), operating partnerships, investment funds and insurance companies soliciting interest in a potential strategic transaction and offering access to our data room upon delivery of an executed confidentiality agreement. Mr. Berg further reported that to date we had entered into over 50 such confidentiality agreements, and that the data room was near completion. A representative of Venable was present at the meeting at the request of the Independent Directors Committee and advised the Board regarding their duties under Maryland law. The Board unanimously delegated to the Independent Directors Committee the power and authority to, among other things, explore strategic alternatives

available to us, review and evaluate the terms and conditions of any potential strategic transaction and make recommendations to the Board related thereto. The Independent Directors Committee was also given the power to retain and obtain advice from advisors and experts and to take any other actions it deemed to be advisable. Encouraged by the report of the enthusiastic response to our initial marketing efforts, the Independent Directors Committee authorized management to move forward with the strategic marketing effort to explore possibilities for the potential sale of our company or all or any part of its assets or Operating Partnerships.

As further described below, the Independent Directors Committee then engaged in an exhaustive process over many months, including over 25 meetings of the Independent Directors Committee, to determine whether it was advisable to engage in a strategic transaction and, if so, to consider the various strategic transactions available to us.

On January 19, 2012, CBRE sent a notice to each party that signed a confidentiality agreement providing access to the data room information and a schedule of dates for bus tours of the properties. CBRE also notified prospective bidders of dates they could self-tour the vacant properties. CBRE continued to request additional information and documents for the data room as they received questions from prospective bidders. CBRE continually notified prospective bidders of updates to the data room, responded to all questions, and set up meetings between management and prospective bidders.

During the balance of January, Mr. Berg, at the direction of the Independent Directors Committee, met with prospective bidders, provided additional information to CBRE and worked with tax and other advisors on the bidding package.

On February 1, 2012, the Board held a meeting at which Mr. Berg updated the Board on the response to the notices we sent to potential bidders in early January.

On February 6, 2012, at a telephonic meeting of the Independent Directors Committee, the Independent Directors Committee retained Venable as independent legal advisor to the Independent Directors Committee. After consideration of their relationships and business interests and other factors deemed relevant in evaluating each member's independence from us and our management, all members of the Independent Directors Committee confirmed their independence from us and our executive officers. The Independent Directors Committee reviewed our exploration of strategic alternatives to date and discussed retaining an independent financial advisor. Also, Venable reviewed our takeover defenses and the duties of the members of the Independent Directors Committee under applicable law and provided other general advice to the Independent Directors Committee.

On February 14, 2012, based on our discussions with CBRE as to the list of potential bidders, we emailed a bid package for a portfolio of our properties to more than 50 prospective bidders with a request for written or email responses by 5:00 p.m., Pacific Time, on February 22, 2012. This deadline was subsequently extended until 5:00 p.m., Pacific Time, on February 26, 2012. An additional bidder submitted a bid on February 27, 2012, which we also considered.

By February 27, 2012, we had received six bids ranging from \$7.50 to \$10.07 per share with the four highest bids being reasonably close to one another on both price and terms. We also had received indications from several other potential bidders that they would only be interested in submitting a bid at a price below \$9.00 per share. After reviewing the bids, and in light of the fact that our common stock was trading at an average closing price of \$10.03 per share for the prior 20-day trading period, the Independent Directors Committee directed management to request that each of the bidders increase its offer price and to determine the most qualified bid. Under the direction of the Independent Directors Committee, we solicited another round of bidding, which resulted in very little change in price and we also requested completion of a questionnaire from the top four bidders exploring their respective ability to close a transaction. Mr. Berg was directed to engage with each bidder to evaluate and report back to the Independent Directors Committee on the terms of each bid and the bidder's likely ability to close (including access to financing) a transaction.

On March 15, 2012, Mr. Berg informed the Independent Directors Committee that, having engaged with each bidder, and based on the terms of the bids, he believed the Independent Directors Committee should proceed to negotiate with the top four bidders: the Buyer, Company B, Company C and Company D (the Finalists).

On March 16, 2012, the Board, including all members of the Independent Directors Committee, held a telephonic Board meeting to discuss the various bids. Mr. Berg informed the Board that based on his discussions with the bidders, three of the Finalists clearly preferred to buy only a portion of the portfolio of properties held by our Operating Partnerships (Target Properties), specifically excluding (1) the five-building campus located at 1065-1105 La Avenida in Mountain View, California, (2) 1040-1050 La Avenida in Mountain View, California, and (3) 20605-20705 Valley Green Drive, 10500 DeAnza Boulevard and 20400 Mariani Avenue, all located in Cupertino, California (the Excluded Properties). In addition, bidders were asked to provide a separate valuation on our property located at 5300 Hellyer Avenue located in San Jose, California (5300 Hellyer) in order for us to advise our 50% joint venture partner as to the value they would receive in a sale transaction. Mr. Berg proposed that final bid proposals be sent to the Finalists and that they be allowed to bid on the entire portfolio of properties of the company (Option #1) or have the option of purchasing the portfolio of properties held by the Operating Partnerships other than the Excluded Properties (Option #2). Mr. Berg proposed that if Option #2 were selected, the Berg Group would agree to retain the Operating Partnerships with the Excluded Properties in exchange for forfeiting their right to convert certain of their LP Units into shares of our common stock, in an amount equal to \$525 million, assuming the Operating Partnerships could obtain a ten-year option with a buyer to purchase certain of the Excluded Properties from the Berg Group in exchange for a loan in an amount in excess of eighty percent (80%) of the purchase price for such properties from the option holder, which loan would be partially guaranteed by the Operating Partnerships or their limited partners (the Berg Proposal). Mr. Berg advised the Independent Directors Committee that if he could not obtain offers at this price, he would reduce his valuation of the Excluded Properties. Meeting separately, the Independent Directors Committee reviewed the proposals and concluded that the two option proposal was the best approach to maximizing value for our stockholders, that Option #2 would include the Berg Proposal. The Independent Directors Committee instructed management to proceed with the process to allow the Finalists to bid in accordance with the two options described above.

On March 22, 2012, we sent new bid proposals to the Finalists giving the bidders the option to bid on Option #1 or Option #2. Bidders were provided an overview of tax protection requirements for the limited partners (the Initial Tax Plan), which included requirements for any purchaser to provide qualified non-recourse debt as well as information that included a structure whereby the bidder was requested to pay for their purchase with a combination of cash and preferred limited partnership interests in the purchasing entity with an 8% annual return (the 8% Preferred LP Units). We asked for final bids to be submitted by 5:00 p.m., Pacific Time, on March 27, 2012. In addition to working with the Finalists, we continued responding to other bidders and told all bidders, including the active bidders from the first round such as Company E, that we would continue accepting bids until we had signed an exclusivity agreement. These bidders were also informed of Option #1 and Option #2. None of these other potential bidders submitted a bid.

Following March 22, 2012, Mr. Berg continued to talk with Company E, encouraging it to make a new proposal. Although Company E was not a Finalist (it was one of the lowest bidders), the Board believed that Company E was financially capable and was the most knowledgeable regarding our portfolio of properties.

On March 23, 2012, the Independent Directors Committee held a telephonic meeting at which it reviewed the status of the bidding process and discussed both the current marketing effort to identify potential qualified buyers for the sale of our company and the potential complexity of a transaction with regard to tax implications for the Berg Group and certain other holders of LP Units. The Independent Directors Committee also reviewed the Board's consideration of strategic alternatives, including recent discussions on maintaining the status quo and taking our company private, and reviewed the Board's discussions with management regarding strategic alternatives, including management's view that it was the right time to consider a sale of our company based on the current commercial R&D real estate market in Silicon Valley, California. Venable reviewed the duties of the members of the Independent Directors Committee under applicable law and provided other general advice to the

Independent Directors Committee. The Independent Directors Committee again discussed hiring an independent financial advisor, the scope of services to be provided by an independent financial advisor to the Independent Directors Committee, fairness opinions and preferred qualifications of such an advisor, including expertise with respect to real estate investment trusts and real estate located in Silicon Valley. The Independent Directors Committee expressed its desire to obtain bids from several qualified investment banking firms to provide advice with respect to the financial terms of a transaction and, as appropriate, a fairness opinion.

By March 27, 2012, we received the first round of new bids from each of the Finalists as follows:

Company B indicated an offer of \$10.08 per share for the company as a whole.

Company C indicated it would purchase either the entire portfolio of properties or the entire portfolio less the Excluded Properties. The offer indicated a total enterprise value of \$1.3 billion and allocated \$525 million to the Excluded Properties. Based on the assumptions in the final bid proposal regarding debt balances and other obligations, the value per share was approximately \$8.84.

Company D indicated a willingness to purchase the entire portfolio of properties. The implied purchase price contemplated an offer of \$9.15 per share, structured with 8.0% Preferred LP Units, and assumed a cash payment for stockholders and converting limited partners. Company D provided an allocation of its valuation assumptions that included an indicated value for the Excluded Properties of \$525 million, dependent on certain of those assumptions.

The Buyer offered to purchase the entire portfolio of properties, less the Excluded Properties, for an implied value of \$9.00 per share, allocating \$4.95 per share for the Excluded Properties and \$4.05 per share to the balance of the portfolio.

Between March 27 and April 16, 2012, we continued discussions with the four Finalists to try to improve their bids. On April 8, 2012, we were informed by Company B that it was withdrawing its bid due to the loss of its financial backer. We continued discussions with the three remaining Finalists. After six or more calls and three in-person meetings, however, Company C, the lowest bidder of the Finalists, stated it could not increase its bid. All of the bidders were not sure they could finance the requirement that they provide an unsecured seven-year loan to the Operating Partnerships at no interest, and it became apparent that the initial tax plan would be very difficult, if not impossible, to implement. After discussion with the Independent Directors Committee, an affiliate of Mr. Berg retained Ernst & Young LLP (E&Y) at the company's expense, to review the potential transactions and marketing strategy and present a plan that involved a real estate transaction and eliminated the requirement to acquire the company, which could have been very cumbersome due to the REIT tax rules which require any potential acquirer of the company as a whole to engage in extensive audits that could delay any transaction. Management believed that the initial tax plan would be extremely difficult to complete, but continued working with the top two bidders to increase their bids which resulted in the following:

Company D revised its bid to purchase the entire portfolio, excluding the Excluded Properties, for approximately \$4.48 per share. The implied purchase price equaled \$9.43 per share (assuming \$4.95 per share attributable to the Excluded Properties). The transaction was to be structured with a cash payment for stockholders and converting limited partners with the Berg Group receiving 8.0% Preferred LP Units in lieu of cash. This proposal also stated the per share price would increase (making the same assumptions with respect to the Excluded Properties) to \$9.56 per share if the 8.0% Preferred LP Units could be repriced as 7.0% Preferred LP Units (of which 5.0% would be paid annually and 2.0% would accrue). As described below, Stifel Nicolaus, whom the Independent Directors Committee later retained as its financial advisor, contacted Company D on October 22 and 23, 2012 to determine whether the bid submitted on March 27, 2012 was still an active offer to acquire our portfolio of properties and through such conversation clarified the structure of Company D's bid proposal. It was ultimately determined, through details provided by Company D, that the offer had an implied per share value of less than the Buyer's offer, when adjusted to account for the company's operations since the bid was received in order to accurately compare Company D's bid to the current transactions.

Table of Contents

The Buyer offered to purchase the entire portfolio, excluding the Excluded Properties and the McCandless land parcels. The implied purchase price equaled \$9.75 per share, allocating \$4.95 per share to the Excluded Properties, \$0.89 per share to the McCandless land parcels, and \$3.91 per share to the balance of the portfolio. Included in the Buyer's bid was a \$31.0 million allocation to 5300 Hellyer. The Buyer provided an option whereby 5300 Hellyer could be added to the Excluded Properties at the allocated valuation, an option that was subsequently exercised.

As described in this Proxy Statement, we currently estimate the Transactions will result in a distribution to stockholders in the range of \$9.20 to \$9.28 per share in cash, although the amount ultimately distributed to stockholders may be below this range.

On March 28, 2012, the Board held a telephonic meeting to discuss the status of the offers. Concurrent therewith, the Independent Directors Committee held a telephonic meeting at which Mr. Berg and Raymond V. Marino, our President and Chief Operating Officer, Bingham McCutchen LLP (Bingham), our outside legal counsel at that time, and Venable were present by invitation of the Independent Directors Committee. Mr. Berg reviewed our marketing efforts to date and discussed the current bids and their respective bidders. The Independent Directors Committee then discussed certain terms of a potential transaction, including, among other things, termination fees, financing contingencies, buyer walk-away rights in the event of destruction or condemnation of properties, and liquidated damages, and discussed with Mr. Berg the possibility of a bid from a party who had yet to indicate an interest to us, which Mr. Berg felt was unlikely given the large number of potential bidders contacted. Bingham provided an overview of the proposed transaction structure and explained that the transaction included a possibility of the Berg Group retaining an interest in certain of our properties and contingent assets and liabilities, including ongoing company litigation, and that Mr. Berg might guarantee existing or new indebtedness on certain properties that might be retained. The Independent Directors Committee questioned Mr. Berg about the proposed transaction structure, then, after further discussion, unanimously directed that management, including Mr. Berg, focus on negotiating with Company B, as the current highest bidder, subject to Mr. Berg confirming, among other things, the strength of Company B's financing source. The Independent Directors Committee also directed that management should continue to negotiate with the other bidders to ensure that we had as many alternatives as possible in the event that the discussions with Company B were to terminate without a definitive agreement. The Independent Directors Committee then directed Venable to compile a list of recommended investment banking firms in order to assist the Independent Directors Committee in selecting a financial advisor.

Following the March 28th meeting, Mr. Roher and Venable contacted four prospective financial advisors on behalf of the Independent Directors Committee to determine each firm's willingness to be engaged as a financial advisor to the Independent Directors Committee and requested proposals from each with regard to their qualifications and fees.

On April 10, 2012, the Independent Directors Committee held a telephonic meeting at which they discussed Company B's withdrawal of its bid due to the loss of its financial backing and the remaining outstanding bids and potential acquirers. The Independent Directors Committee also discussed going private transactions and fairness of a transaction to stockholders unaffiliated with any buyer. The Independent Directors Committee determined that, notwithstanding the possibility that a definitive agreement might not be reached with a third-party bidder, the Independent Directors Committee was inclined to engage a financial advisor. Mr. Roher updated the Independent Directors Committee on his conversations with representatives from each of the four financial advisor candidates, and Venable discussed their views of the qualifications of each of the financial advisor candidates and the candidates' respective proposals to serve as a financial advisor to the Independent Directors Committee. The Independent Directors Committee determined not to take any action with regard to a financial advisor until after the following day's meeting of the Board, at which the Independent Directors Committee would obtain more information about the status of the bidding process. The Independent Directors Committee also discussed with Venable issues relating to the amount and structure of the financial advisor candidates' proposed fees.

Table of Contents

On April 11, 2012, immediately following the Board meeting, the Independent Directors Committee convened an in-person meeting and discussed the status of the bidding process and the proposed structure of the transaction, including the possibility that Mr. Berg and the Berg Group might purchase our properties that were currently leased to Tenant A and Tenant B (which properties were included in the Excluded Properties), if a potential acquirer of our assets determined to exclude such properties from a transaction. The Independent Directors Committee also noted that they were informed by Mr. Berg that another large portfolio of properties would be coming on the market for sale shortly that could compete with the company's sale process. The Independent Directors Committee discussed obtaining an independent appraisal of any properties that would be retained by Mr. Berg or the Berg Group and expressed a desire to obtain the advice of a financial advisor as to the merits of obtaining appraisals on any of our other properties. The Independent Directors Committee directed Mr. Roher to contact the financial advisor candidates to inform them of the revised transaction structure and to provide each an opportunity to adjust its proposal, if necessary. The Independent Directors Committee also discussed the qualifications of each of the four financial advisor candidates.

On April 16, 2012, Mr. Berg again advised the Independent Directors Committee that if both Tenant A and Tenant B rejected his proposal for an option to purchase their respective properties that were part of the Excluded Properties, then Mr. Berg reserved his right to adjust his \$525 million valuation of the Excluded Properties. The Independent Directors Committee reserved its right to review any valuation at such time.

On April 18, 2012, the Board held a meeting to discuss the withdrawal of one of the Finalists and that two of the other Finalists, including the Buyer, were only interested in acquiring certain of our assets. Immediately following the Board meeting, the Independent Directors Committee convened a telephonic meeting and discussed the bid proposal from the Buyer and the proposed structure of a transaction, as presented at the Board meeting. The Independent Directors Committee discussed potential deal execution risks at length and reconfirmed its desire to obtain advice from a qualified financial advisor, including whether to obtain appraisals on the Excluded Properties and certain other properties held by the Operating Partnerships. The Independent Directors Committee discussed structuring the engagement with a financial advisor so that the company would not be responsible for all of the advisor's fees in the event that negotiations with the Buyer and all other bidders terminated without a definitive agreement. The Independent Directors Committee discussed at length with Venable what it believed to be the qualifications and reputations of each of the four financial advisor candidates and narrowed down the field of candidates to three. The Independent Directors Committee then directed Mr. Roher and Venable to contact the remaining financial advisor candidates to attempt to negotiate improved pricing as well as to inquire as to each candidate's anticipated timing to complete its fairness analysis and related work, and then to report back to the Independent Directors Committee on such discussions. After considering all of the bids and the information provided by Mr. Berg, the Independent Directors Committee indicated to the Board that it was in favor of proceeding with contract negotiations on an exclusive basis with the Buyer and instructed Mr. Berg to so proceed. The Independent Directors Committee authorized Mr. Berg to negotiate an exclusivity agreement with the Buyer and to work with company counsel to begin drafting a sale agreement.

Throughout the course of the next three weeks, Mr. Roher and Venable engaged in several further email and telephone communications with each of the three financial advisor candidates, including, among other things, with regard to each candidate's experience and knowledge of our company and the Silicon Valley real estate market in particular; the assistance the candidate would be prepared to provide to the Independent Directors Committee during its engagement; fees and terms of the engagement; and various other matters.

On April 22, 2012, at the direction of the Independent Directors Committee, we notified the other bidders that another bid had been selected and that contract negotiations had started.

The Independent Directors Committee convened a telephonic meeting on May 8, 2012, by which time one of the three remaining financial advisor candidates had voluntarily removed itself from consideration rather than increase its fee quote to a range that was no longer competitive, which it felt would otherwise be required as a result of the work that is typically required with the proposed structure of the transaction. The other two financial

Table of Contents

advisor candidates had submitted new bid proposals with improved pricing and terms for the Independent Directors Committee. At the meeting, the Independent Directors Committee reviewed the status of the negotiations with the Buyer thus far, then discussed the remaining two financial advisor candidates' current proposals. After discussion, the Independent Directors Committee selected Stifel Nicolaus to serve as independent financial advisor to the Independent Directors Committee in connection with its exploration and consideration of strategic alternatives. The Independent Directors Committee based its decision to select Stifel Nicolaus on Stifel Nicolaus' excellent reputation, knowledge of the company's real estate, experience in providing fairness opinions, Mr. Roher's recommendation based on his interaction with representatives of Stifel Nicolaus over the prior several weeks and Stifel Nicolaus' competitive fee structure. The Independent Directors Committee then discussed with Venable the timing of a financial advisor engagement and determined to refrain from formally engaging Stifel Nicolaus until the Independent Directors Committee had received more information about exclusivity negotiations with the Buyer. The Independent Directors Committee unanimously authorized Mr. Roher to execute an engagement letter with Stifel Nicolaus, subject to review and comment by Venable, if the Buyer executed an exclusivity agreement with us.

During the next two weeks, the Independent Directors Committee and Venable negotiated the terms of an engagement letter with Stifel Nicolaus. On May 22, 2012, the Independent Directors Committee held a telephonic meeting at which it considered the material terms of the engagement letter with Stifel Nicolaus and discussed with Venable the open negotiation and business points with respect to the engagement letter. The issues discussed included, among other things, the scope of Stifel Nicolaus' engagement, Stifel Nicolaus' compensation and fee structure, the fairness opinion detailed in Stifel Nicolaus' engagement letter and Stifel Nicolaus' expense reimbursement. The Independent Directors Committee also discussed the fairness of the consideration to be received by our Unaffiliated Stockholders relative to the consideration that, based on the current proposed transaction structure, might be received or retained by the Berg Group and certain other holders of limited partnership interests. The Independent Directors Committee also considered obtaining appraisals on other properties retained by the Berg Group in the proposed transaction structure. Venable reviewed with the Independent Directors Committee the standard of conduct applicable to members of the Independent Directors Committee under applicable law in connection with their consideration of a possible change-in-control transaction. The Independent Directors Committee directed Venable to discuss the scope of the proposed fairness opinion with Bingham and report back to the Independent Directors Committee, at which time it would consider whether to approve the other provisions discussed at the meeting.

On May 9, 2012, following preliminary negotiations between the Buyer and us, we entered into an exclusivity agreement for sixty days for negotiation of definitive agreements.

During this period and continuing until execution of the Sale Agreement, the Buyer and its representatives conducted legal, financial and business due diligence on our company including a review of documents and other information in the data room. During that time, multiple in-person and telephonic meetings were held between various representatives of our management and representatives of the Buyer.

On May 31, 2012, the Board held a meeting to discuss the structure of the proposed transactions with our company, the Buyer and the Berg Group. Immediately prior to the meeting of the full Board, the Independent Directors Committee met separately to discuss the remaining open negotiating points on the Independent Directors Committee's engagement letter with Stifel Nicolaus and reached an agreement with Stifel Nicolaus, who joined the Board meeting by telephone. Also present at the Board meeting were Bingham, Venable and E&Y. E&Y explained the structure of the proposed transactions with our company, the Buyer and the Berg Group and discussed the associated tax-related risks and benefits. Stifel Nicolaus discussed the work that it would be performing in connection with the proposed transactions. At this meeting, it was the sense of the Board, including the Independent Directors Committee, to move forward with the transaction, including drafting and negotiating an agreement with the Buyer and continuing with the work of the Independent Directors Committee and its advisors. The engagement letter between Stifel Nicolaus and the Independent Directors Committee was executed as of June 6, 2012.

Table of Contents

Over the next several weeks, based on the data room materials and additional information requested and received from our management and other sources, Stifel Nicolaus began its preliminary financial analysis of our company and the prospective transactions. In addition, Stifel Nicolaus met in person with our management to discuss our operations and business, market trends, management's forecasts and the marketing and bidding process.

On June 13, 2012, the Independent Directors Committee held a meeting with Stifel Nicolaus and Venable to review the proposals Venable obtained, on behalf of the Independent Directors Committee, from three real estate appraisal firms to provide appraisals on the Retained Properties (the Property Appraisals) and certain of our other properties. The Independent Directors Committee discussed the proposals at length and decided to select Colliers International (Colliers) based on its qualifications, independence from us and our executive officers, reputation, experience in Silicon Valley real estate, ability to complete the Property Appraisals by the desired deadline and proposed fees. Stifel Nicolaus also provided an update to the Independent Directors Committee on its work, including its meetings with management to review the marketing process and the company's business and operations. Over the course of the next week, Venable, on behalf of the Independent Directors Committee, negotiated the terms of Colliers's engagement letter, which was executed on June 21, 2012.

On June 15, 2012, the Independent Directors Committee held a meeting at which it reviewed and discussed with Stifel Nicolaus and Venable Unaffiliated Stockholder protections to be considered for possible negotiation and inclusion in the prospective transaction agreements. The Independent Directors Committee discussed at length which protections would be consistent with the proposed transaction structure and advisable to include in an agreement with either the Buyer or the Berg Group.

On June 22, 2012, the Independent Directors Committee met again to review and discuss the process.

On June 22, 2012, we provided the Buyer with an initial draft of a Sale Agreement for their review and negotiation.

On June 26, 2012, we engaged Pillsbury Winthrop Shaw Pittman LLP (Pillsbury) to represent us in connection with the transactions being considered and certain other company legal matters in lieu of Bingham.

On June 26, 2012, the Independent Directors Committee held a meeting with Stifel Nicolaus to review the list of properties to be appraised by Colliers, the Independent Directors Committee's assessment that the proposed transaction was worth pursuing further for our stockholders, certain Unaffiliated Stockholder protections previously circulated by Venable and the timeline for the transaction. The Independent Directors Committee also informed Stifel Nicolaus of the company's engagement of Pillsbury as counsel to the company in connection with the proposed transaction.

On July 6, 2012, our exclusivity agreement with the Buyer expired, but the parties continued to negotiate the Sale Agreement.

On July 11, 2012, the Board held a meeting at which Mr. Berg updated the Independent Directors Committee on his discussions with the Buyer, and the Independent Directors Committee provided Mr. Berg direction with respect to the items under discussion. Mr. Berg also updated the Independent Directors Committee on his discussions with Tenants A and B.

On July 14, 2012, we provided the Buyer with a further draft of the Sale Agreement for their review and negotiation.

On July 20, 2012, the Independent Directors Committee received draft Property Appraisals from Colliers. The Independent Directors Committee, Stifel Nicolaus and Venable reviewed the reports over the next several weeks.

Table of Contents

On numerous occasions between July 2012 and October 2012, representatives of the company, Pillsbury, Venable, the Buyer and Buyer's counsel Gibson, Dunn & Crutcher LLP (Gibson) and Skadden, Arps, Slate, Meagher & Flom LLP (Skadden), participated in discussions and exchanged drafts and correspondence negotiating the terms of a possible transaction, focusing primarily on the provisions of the Sale Agreement.

By July 31, 2012, Mr. Berg had been informed by both Tenant A and Tenant B that they were not interested in purchasing their respective buildings that were part of the Retained Properties. Mr. Berg reported these discussions to the Independent Directors Committee.

On August 5, 2012, Mr. Berg notified the Independent Directors Committee that he had adjusted the valuation of the Retained Properties based on his knowledge of market pricing, valuation, market conditions, his discussions with Tenant A and Tenant B, and his review of the Colliers real estate valuations for those assets prepared at the request of the Independent Directors Committee. Mr. Berg informed the Independent Directors Committee that the Berg Group and other limited partners would forfeit their right to convert LP Units into shares of our common stock in an amount equal to \$495 million for the Retained Property including \$31 million for 5300 Hellyer, which was a total amount that nevertheless exceeded the Independent Directors Committee's independent third-party valuation by Colliers for the Retained Properties by over \$19 million (including 5300 Hellyer, or \$14 million without it). This exchange would be effected through the recapitalization of the Operating Partnerships. Mr. Berg and the Independent Directors Committee continued to negotiate the terms of the Berg Proposal while also negotiating with the Buyer the final terms of the Asset Sale.

On August 7, 2012, the Independent Directors Committee met with Venable to discuss Mr. Berg's reduced valuation on Retained Properties. The Independent Directors Committee discussed Unaffiliated Stockholder protections and their duties under applicable law. The Independent Directors Committee also discussed their negotiating strategy with respect to maximizing the price per share to the Unaffiliated Stockholders in any transaction. The Independent Directors Committee also considered alternatives to the proposed transaction, including recommending that the Board not approve any transaction.

On August 9, 2012, the Independent Directors Committee met with Mr. Berg to discuss the Berg Proposal, including price. The negotiations were characterized by the Independent Directors Committee as vigorous, but did not result in Mr. Berg changing his valuation of the Retained Properties.

At a telephonic meeting of the Independent Directors Committee held on August 10, 2012, the Independent Directors Committee reviewed Mr. Berg's reduction in his valuation of the Retained Properties again and discussed its position with regard to such reduction. The Independent Directors Committee discussed with Stifel Nicolaus its possible fairness opinion relating to the proposed transactions and the effect of the price reduction on the bidding and sale process, Mr. Berg's role in the process, changing market conditions and the possible outcome of a remarketing of the Retained Properties. Stifel Nicolaus then reviewed the results of the Colliers appraisals as they related to Mr. Berg's valuations of the Retained Properties, which appraisals were approximately \$19 million (including 5300 Hellyer) below Mr. Berg's revised valuation on the Retained Properties including 5300 Hellyer. The Independent Directors Committee also considered the possible effect on the value of our company of the contemplated transactions being delayed or ultimately not consummated. Stifel Nicolaus then reviewed its preliminary analysis with respect to the valuation and fairness of the prospective transactions with the Buyer. The Independent Directors Committee discussed obtaining the best possible value for the Unaffiliated Stockholders and discussed its negotiating strategy with respect to its next meeting with Mr. Berg. The Independent Directors Committee then discussed with Venable and Stifel Nicolaus possible alternative transaction structures for Mr. Berg's prospective transaction with us. The Independent Directors Committee directed Venable to contact Pillsbury to discuss the Independent Directors Committee's requirements that certain Unaffiliated Stockholder protections were to be included in the draft Sale Agreement between the Buyer and the company, and Stifel Nicolaus advised that it would continue working with our management to update certain information needed for Stifel Nicolaus' financial analysis. The Independent Directors Committee also directed Venable to contact Colliers to finalize the Property Appraisals.

Table of Contents

At a telephonic meeting of the Independent Directors Committee held on September 7, 2012, the Independent Directors Committee, Stifel Nicolaus and Venable further discussed Mr. Berg's adjustment of his valuation of the Retained Properties. Stifel Nicolaus reviewed its analysis comparing each of the three highest Finalist bids, which Stifel Nicolaus advised included balance sheet and other relevant adjustments to account for the company's operations and cash flow since the initial bids were received and in order to accurately compare each of the bids to one another. The Independent Directors Committee considered its negotiating strategy with respect to Mr. Berg's adjusted valuation, then discussed with Stifel Nicolaus and Venable the relative benefits and risks of a *de novo* remarketing of all of our properties and a remarketing of solely the Retained Properties, including, among other things, the potential risk of the Buyer deciding to terminate negotiations and the potential negative effect on our stockholders should our stock price decline due to failed negotiations. The Independent Directors Committee expressed its concerns that a *de novo* remarketing would produce a worse result for our Unaffiliated Stockholders. The members of the Independent Directors Committee reviewed with Venable their duties as members of the Independent Directors Committee under applicable law. The Independent Directors Committee directed Stifel Nicolaus to work to finalize its updated bid and valuation analyses and directed Venable to review and discuss with Pillsbury the revised draft Sale Agreement.

On September 13, 2012, the Independent Directors Committee held a telephonic meeting at which the Independent Directors Committee discussed its prior meeting with Mr. Berg, in which the Independent Directors Committee pressed Mr. Berg during an approximately four hour meeting to increase his valuation on the Retained Properties and therefore forfeit a greater number of rights to convert LP Units into shares of our common stock. However, based on several factors, including the negative responses from Tenants A and B to acquire their properties at those values, Tenant B's lease for in excess of 500,000 square feet was scheduled to expire in August 2014 and the fact that Tenant B was unwilling to engage in lease renewal discussions, as well as the Colliers Property Appraisals indicating that they were worth considerably less than the initial estimates, Mr. Berg declined to do so. The Independent Directors Committee discussed its views of the market conditions for our properties, including its views that substantial submarkets were likely to continue with poor performance and substantial vacancies, and increased development of Class A space in many Silicon Valley submarkets. The Independent Directors Committee expressed their views that it was likely that our public stock price would decline significantly if no strategic transaction was consummated. The Independent Directors Committee then discussed whether the current proposals from the Buyer and the Berg Group were fair to the Unaffiliated Stockholders and constituted the best alternative available for the Unaffiliated Stockholders, considering all of the circumstances, including, among other things, the risks being assumed by Mr. Berg with respect to Tenant B possibly deciding not to renew its lease in 2014. The Independent Directors Committee then discussed with Venable the risks and potential benefits of informing the bidders of the change in assumed value for the Retained Properties. The Independent Directors Committee discussed Mr. Berg's blocking rights with respect to any sale of the company and the Berg Group's desired tax structure. The Independent Directors Committee acknowledged that Mr. Berg had verbally presented Company D, the next highest bidder, with the general terms of the real estate transaction and after considering those terms, Company D advised they would not be submitting a new bid. Upon advice from Stifel Nicolaus, the Independent Directors Committee determined that it would schedule a meeting with CBRE to review the marketing process and to further inform themselves of CBRE's views on the Silicon Valley real estate market and submarkets, including valuation of the Retained Properties. The Independent Directors Committee then discussed the terms of the draft Sale Agreement with the Buyer, including, among other things, the termination fee payable by us and the Buyer's potential option to terminate the Sale Agreement. The Independent Directors Committee considered the likelihood that an agreement could be reached with the Buyer without such an option. The Independent Directors Committee directed Venable to obtain additional information from the Buyer's counsel with respect to the ability of Buyer to terminate the Sale Agreement prior to the Stockholder Meeting (Walk Rights) and to attempt to negotiate more favorable window shop, termination fee and Walk Rights provisions in the Sale Agreement. The Independent Directors Committee directed that Venable continue working with Pillsbury on the unresolved issues in the draft Sale Agreement with the Buyer to try to achieve the best outcome for the Unaffiliated Stockholders.

On September 14, 2012, Stifel Nicolaus had a call with Mr. Berg to review certain financial information, which impacted Stifel Nicolaus' bid analysis.

On September 24, 2012, Venable and Pillsbury held a telephonic meeting with the Buyer's counsel to discuss open issues in the Sale Agreement with the Buyer, including certain Walk Rights afforded to the Buyer. Counsel for the Buyer explained that the Walk Rights were offered by us as a solution to stalled negotiations related to the Buyer's insistence on indemnification from the company, which we and the Independent Directors Committee found unacceptable. After this call, principals of the Buyer informed Mr. Berg that without the current Walk Rights afforded to the Buyer in the Sale Agreement, the Buyer would not be willing to enter into an agreement with our company to purchase the Target Properties, and, instead, would terminate negotiations.

On September 25, 2012, Mr. Helzel and Mr. Roher held an in-person meeting with representatives of CBRE and Stifel Nicolaus, with Venable participating by telephone, to discuss the marketing and bidding process for our properties. Mr. Helzel and Mr. Roher also questioned the CBRE representatives about general market conditions for purchasing and leasing Silicon Valley real estate and about sale and lease prospects with regard to our properties in general and, in particular, among others, the Retained Properties. Immediately following this meeting, Mr. Helzel and Mr. Roher met separately with Stifel Nicolaus and Venable to review and consider the information discussed in the meeting with CBRE, including that the CBRE representatives felt that the initial valuation of \$525 million by Mr. Berg on the Retained Properties was too high and CBRE's opinion that a current tenant of a property would be likely to provide the highest valuation for any given property which was a factor in the original valuation by the Berg Group for the Retained Properties. In addition, the continued delay by the City of Mountain View, California, to consider our request for re-zoning of the Tenant B property barred expansion and, therefore, had a negative effect on the value of our land adjacent to such property. On the other hand, since CBRE noted that there had been no material change in the real estate submarkets where the Retained Properties were located during the marketing process through the present timeframe, the Independent Directors Committee could conclude that Company D's valuation of the Retained Properties would be unchanged. Messrs. Roher and Helzel confirmed their consensus that the Independent Directors Committee should continue to press Mr. Berg to increase his revised valuation on the Retained Properties and for the Independent Directors Committee to authorize Stifel Nicolaus to contact Company D to confirm its bid generally and specifically in regard to the Retained Properties.

On September 27, 2012, the Independent Directors Committee held a telephonic meeting at which Venable updated the Independent Directors Committee on the status of negotiations of the Sale Agreement with the Buyer, including, among other things, the Buyer's rights to terminate the agreement, the termination fees and the definition of a superior proposal for purposes of the no-shop and fiduciary out provisions. The Independent Directors Committee directed Venable to attempt to negotiate amendments to the Walk Rights and other provisions that would be more favorable to the company and our stockholders. The Independent Directors Committee and Stifel Nicolaus discussed Stifel Nicolaus' financial analysis comparing the last proposals from each of the Finalists, as adjusted to account for the company's operations since such bids were received, which adjustments were necessary in order to accurately compare each of the bids to one another. Stifel Nicolaus advised the Independent Directors Committee to contact Company D for more information on the terms of its bid and to find out whether its offer was still open. The Independent Directors Committee discussed the risks and benefits of engaging Company D, including the possibility that the Buyer could terminate negotiations and that Mr. Berg (assuming he learned that Company D was no longer interested in a transaction to acquire our properties) could attempt to further lower his valuation on the Retained Properties. At the Independent Directors Committee's request, Venable reviewed the duties of the members of the Independent Directors Committee under applicable law. The Independent Directors Committee also discussed Mr. Berg's blocking rights as a controlling stockholder (assuming full conversion of LP Units), and the importance of the Independent Directors Committee exploring all available strategic alternatives, including the possibility of the Independent Directors Committee deciding not to approve a transaction. The Independent Directors Committee also reviewed their meeting with CBRE on September 25 and discussed their conclusions, including that it would be beneficial to contact Company D to confirm its bid to determine whether the Buyer transaction combined with the valuation offered by Mr. Berg on the Retained Properties was superior to Company D's bid.

On October 2, 2012, Pillsbury, Stifel Nicolaus and Venable held a telephonic meeting with the Buyer's counsel to discuss the Buyer's termination rights. Ultimately, the Buyer's counsel agreed to revise the Buyer's unqualified right to terminate the agreement so that such right expires prior to the stockholders meeting held to consider and vote upon the proposed transaction, rather than after such meeting.

On October 10, 2012, the Independent Directors Committee met with Mr. Berg to discuss price again. However, Mr. Berg refused to increase his valuation on the Retained Properties. Mr. Berg insisted that he had offered both Tenant A and Tenant B the opportunity to purchase their respective properties, but neither party accepted such offer. Mr. Berg also explained that he did not believe the prior transaction structure would work from a tax planning perspective and could not be completed in time to meet a December 31, 2012 closing date. Mr. Berg noted that he had worked with E&Y on a revised transaction structure to sell all or substantially all of the company's assets, financed with a loan from the Buyer. The following day, Stifel Nicolaus met telephonically with Mr. Berg to discuss price and other matters, but, again, Mr. Berg would not agree to increase his valuation on the Retained Properties.

On October 10, 15 and 19, 2012, the Board held meetings to discuss the status of the Sale Agreement and Mr. Berg updated the Independent Directors Committee on the remaining open issues. Mr. Berg also discussed the anticipated timing of signing the Sale Agreement. The Independent Directors Committee provided Mr. Berg with direction as to the negotiation of open issues.

At a telephonic meeting of the Independent Directors Committee on October 14, 2012, Stifel Nicolaus recounted the details of its telephonic meeting with Mr. Berg on October 11, 2012. The Independent Directors Committee then discussed with Venable the possible timing of the prospective transactions and the draft Sale Agreement between the Buyer and the company. The Independent Directors Committee directed Stifel Nicolaus and Venable to contact E&Y to clarify the tax implications of the transaction structure proposed by E&Y and the initial transaction structure proposed by Bingham. The Independent Directors Committee felt it needed to better understand whether any transaction to acquire our entire company could be structured to accomplish the Berg Group's tax planning, including whether Company D's proposed structure was feasible. Based on this information, the Independent Directors Committee would further consider whether to direct Stifel Nicolaus to contact Company D to clarify whether Company D was in fact still interested in bidding for the company's assets, and if so to clarify the structure, price and other terms of its bid.

On October 18, 2012, Mr. Berg provided the Independent Directors Committee, Venable and Pillsbury with the first drafts of the Recapitalization Agreements.

On numerous occasions between October 18 and November 1, 2012, with the assistance of Venable and Pillsbury, the Independent Directors Committee negotiated the Recapitalization Agreements with Mr. Berg. In addition, we discussed the Recapitalization Agreements with the Buyer.

On October 19, 2012, the Independent Directors Committee held an in-person meeting with Pillsbury and connected Venable by telephone to review and discuss the draft Sale Agreement between us and the Buyer. After a lengthy discussion, the Independent Directors Committee directed Venable to make certain changes to the Sale Agreement and send the same to Pillsbury for further distribution to the Buyer's counsel. The Independent Directors Committee then directed Pillsbury to review and revise the draft Recapitalization Agreements and then send the revised Recapitalization Agreements to Venable for its review and comment.

Over the next several days, Stifel Nicolaus, Venable and Pillsbury negotiated with Mr. Berg on the terms and conditions of the draft Recapitalization Agreements, including, among other provisions, the structure of the contemplated transactions, a non-waivable majority-of-the-Unaffiliated Stockholder approval requirement, directors and officers insurance and fiduciary-out provisions that mirrored the Sale Agreement.

On October 20 and 21, 2012, E&Y, Stifel Nicolaus and Venable held two telephonic meetings to review the current and prior proposed transaction structures and to clarify the tax implications of each. It was determined

from these conversations that both structures worked from a tax perspective for the Berg Group. On October 21, 2012, the Independent Directors Committee authorized Stifel Nicolaus to contact Company D to confirm its bid, including if Company D was willing to purchase the Retained Properties. On October 22 and 23, 2012, Stifel Nicolaus contacted Company D. As a result of these telephone calls, it became apparent that Company D was only interested in the Target Properties and had assumed the Retained Properties would be sold. Company D confirmed that, while it bid on the entire portfolio, Company D assumed that there would be a pre-sale of the Retained Properties and did not actually desire to purchase the Retained Properties for \$525 million. Company D also indicated that the bid increase from \$9.15 to \$9.43 per share between March 27 and April 16 was reflective, in large part, of certain assumptions regarding the treatment of minority interests in joint venture properties, which Company D believed, based on conversations with Mr. Berg, were necessary for comparability with other bids. Thereafter, and based on its call with Company D, Stifel Nicolaus revised its bid analysis, which, after adjustments to account for the company's operations since the initial bids were received and in order to accurately compare Company D's bid to the Buyer transaction, resulted in a re-valuation of the bid by Company D that was less than the Buyer's bid.

On October 29, 2012, the Board held a meeting at which time Mr. Berg and Pillsbury updated the Board on the status of the negotiations and the various agreements. Immediately following the Board meeting, the Independent Directors Committee met with Venable by telephone to discuss the Recapitalization Agreements. The Independent Directors Committee also discussed whether sale of the company's assets was the best strategic alternative for the company.

On October 30, 2012, the Independent Directors Committee held a telephonic meeting at which Venable updated the Independent Directors Committee on the status of negotiations concerning the open issues on the draft Recapitalization Agreements. Later that day, company management, including Mr. Berg, Pillsbury, Stifel Nicolaus, Venable and E&Y reviewed the Partnership Separation Agreement and the schedules thereto by telephone.

On October 31, 2012, the Independent Directors Committee held a telephonic meeting with Pillsbury and Venable to review certain open items to the Recapitalization Agreements.

On November 1, 2012, the Independent Directors Committee held a special meeting by videoconference to consider and vote upon the proposed Recapitalization Agreements and the Sale Agreement, which had been reviewed, commented on and negotiated by the Independent Directors Committee in advance of the meeting. At the meeting, at the request of the Independent Directors Committee, Pillsbury provided an update on the status of the prospective sale of our assets, including with regard to the draft transaction agreements. Venable reviewed the duties of the members of the Independent Directors Committee under applicable law. At the request of the Independent Directors Committee, Stifel Nicolaus reviewed in detail its financial analysis of our company and the proposed transactions and discussed the bases for and assumptions in such analyses. Stifel Nicolaus informed the Independent Directors Committee that, subject to review of the final transaction agreements and preparation of Stifel Nicolaus' final presentation and written opinion, and assuming there were no subsequent material changes in the facts or terms of the transaction agreements that would impact Stifel Nicolaus' valuation analyses, Stifel Nicolaus would deliver an oral opinion, to be subsequently confirmed in writing, that, based on and subject to the assumptions and limitations contained in its written opinion, as of the date of the meeting, the consideration to be received in the transactions pursuant to the transaction agreements by our common stockholders, other than the Buyer, Mr. Berg or Mr. Berg's affiliates, was fair to such common stockholders from a financial point of view. The Independent Directors Committee then adjourned the meeting to attempt to resolve the open issues and finalize the draft transaction agreements and planned to reconvene to consider the proposed transactions and final agreements once this was done.

Following the meeting, the Independent Directors Committee negotiated with Mr. Berg on the final open issues in connection with the Recapitalization Agreements. The Independent Directors Committee also discussed with Mr. Berg his opinion on the proposed Asset Sale. After further negotiations and discussions among Pillsbury, Stifel Nicolaus, Venable and Mr. Berg, the Independent Directors Committee held another meeting on November 1,

2012, by telephone. Stifel Nicolaus and Venable discussed with Pillsbury the status of the draft transaction agreements, including the resolution of all open issues. Stifel Nicolaus then reviewed for the Independent Directors Committee Stifel Nicolaus' draft written fairness opinion and certain revisions to Stifel Nicolaus' earlier presentation. At the Independent Directors Committee's invitation, Mr. Berg and Mr. Marino joined the meeting for Pillsbury to review the key terms of, and any changes to, each of the proposed transaction agreements. Mr. Berg, Mr. Marino, Pillsbury and Stifel Nicolaus then left the meeting, after which Venable reviewed with the Independent Directors Committee the protective provisions of the transaction agreements, as well as the Buyer's termination rights under its draft Sale Agreement with us and the no-shop/window-shop provisions. After further discussion among the Independent Directors Committee and Venable regarding the price and other terms of the transaction agreements, the Independent Directors Committee invited Stifel Nicolaus to rejoin the meeting, at which time Stifel Nicolaus delivered its oral opinion, to be subsequently confirmed in writing, that, subject to the assumptions and limitations contained in the written opinion, as of the date of the meeting, the consideration to be received in the proposed transactions pursuant to the transaction agreements by our common stockholders, other than the Buyer, Mr. Berg or Mr. Berg's affiliates, was fair to such common stockholders from a financial point of view. Stifel Nicolaus also indicated that, based solely on its review of the Property Appraisals from Colliers, it believed that it would be appropriate for the Independent Directors Committee to conclude that the value being attributed to the Retained Properties as set forth in the Partnership Separation Agreement is reasonable from the perspective of the holders of our shares of common stock other than the Affiliated Stockholders. The full text of the opinion of Stifel Nicolaus, dated as of November 1, 2012, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations and qualifications of the review undertaken by Stifel Nicolaus in rendering its opinion, is attached as Annex A to this Proxy Statement. Upon further review and after further discussion, the Independent Directors Committee then unanimously determined (i) that the proposed transactions were the best strategic alternative reasonably available to us and were in our best interests, (ii) that the proposed transaction agreements and the transactions contemplated thereby represented the best value and other terms reasonably available to our stockholders, and (iii) to recommend to the Board that the Board approve the proposed transactions on the terms set forth in the transaction agreements and to recommend to our stockholders approval of the proposed transactions.

On November 1, 2012, the Board held a special meeting to consider and vote to approve the proposed Sale Agreement and Recapitalization Agreements that had been provided to the Board in advance of the meeting. The Board discussed with its advisors the Independent Directors Committee's recommendation to approve the Asset Sale, the Sale Agreement, and the Recapitalization Agreements. Based on the recommendation of the Independent Directors Committee, the Board unanimously (i) approved the OP Recapitalization, the Recapitalization Agreements, the Asset Sale and the Sale Agreement, (ii) determined the OP Recapitalization and the Asset Sale to be advisable and fair to and in the best interests of our Unaffiliated Stockholders, (iii) determined to submit the Recapitalization, as provided in the Recapitalization Agreements and the Asset Sale, as provided in the Sale Agreement, to our stockholders, and (iv) recommended that our stockholders approve the OP Recapitalization, and the Asset Sale.

Following the adjournment of the meeting of the Board on November 1, 2012, we engaged in final discussions with the Buyer and the parties signed the Sale Agreement and the Recapitalization Agreements on November 2, 2012, after the closing of the NASDAQ Stock Market. Shortly thereafter, we issued a news release announcing the signing of the Sale Agreement and the Recapitalization Agreements and filed a current report on Form 8-K dated November 2, 2012.

On November 12, 2012, the Independent Directors Committee unanimously (i) approved the Liquidation and (ii) determined the Liquidation to be advisable and fair to and in the best interests of our Unaffiliated Stockholders. The Independent Directors Committee recommended that the Board approve the Liquidation.

On November 12, 2012, based on the recommendation of the Independent Directors Committee, the Board unanimously (i) approved the Liquidation, (ii) determined the Liquidation to be advisable and fair to and in the best interests of our Unaffiliated Stockholders, (iii) determined to submit the Liquidation to our stockholders, and (iv) recommended that our stockholders approve the Liquidation.

Reasons for the OP Recapitalization, the Asset Sale and the Liquidation and Factors Considered by the Independent Directors Committee in Determining Fairness

At a meeting held on November 1, 2012, the Independent Directors Committee unanimously approved and declared advisable and in the best interests of our company and of our stockholders the OP Recapitalization and Asset Sale, on substantially the terms and conditions set forth in the Recapitalization Agreements and the Sale Agreement, and recommended to the Board that it approve the OP Recapitalization, and the Asset Sale. At a meeting held on November 12, 2012, the Independent Directors Committee unanimously approved and declared advisable and in the best interests of our company and of our stockholders the Liquidation (together with the OP Recapitalization and Asset Sale, the Transactions) on substantially the terms and conditions set forth in the plan of liquidation, and recommended to the Board that it approve the Liquidation.

In evaluating the Transactions and the other transactions contemplated by the Recapitalization Agreements and the Sale Agreement, the Independent Directors Committee consulted with our senior management, as well as our outside legal counsel and the Independent Directors Committee's separate legal counsel and financial advisor, and considered a number of factors, including the following:

the Independent Directors Committee's understanding of our business, operations, financial condition, earnings and prospects, including our prospects as an independent entity, and management's and the Independent Directors Committee's views and opinions on the current state of the REIT industry;

the Independent Directors Committee's belief based on its review, with the assistance of its own advisors and our management and our advisors, that the Transactions are more favorable to our stockholders than other potential strategic alternatives available to us, including continuing to operate as an independent company;

as described above Background of the Transactions beginning on page 15, the solicitation process undertaken by our company;

the Independent Directors Committee's belief that, in light of the solicitation process conducted at the direction of and in consultation with the Board and the Independent Directors Committee's knowledge of other participants in the REIT industry, another party would be unlikely to propose an alternative transaction that would be more favorable to us and our stockholders than the Transactions, and the fact that, if such alternative transaction was proposed, it could be pursued subject to the terms of the Sale Agreement as described below;

Stifel Nicolaus' opinion and financial presentation, dated November 1, 2012, to the Independent Directors Committee as to the fairness, from a financial point of view and as of the date of the opinion, of the proposed per share consideration to be received by holders of our common stock, other than Affiliated Stockholders, as more fully described below under The Transactions Stifel, Nicolaus & Company, Incorporated, Financial Advisor to the Independent Directors Committee ;

Stifel Nicolaus' belief that, based solely on a review of the Property Appraisals by Colliers with respect to the properties not being purchased by the Buyer (the Retained Properties) and certain other of our properties, it would be appropriate for the Independent Directors Committee to conclude that the value being attributed to the Retained Properties as part of the OP Recapitalization as set forth in the Separation Agreement is reasonable from the perspective of the Unaffiliated Stockholders, as more fully described below under The Transactions Stifel, Nicolaus & Company, Incorporated, Financial Advisor to the Independent Directors Committee ;

Table of Contents

the Independent Directors Committee considered the fact that the Transactions were the product of active negotiations between Mr. Berg and the Buyer and the Independent Directors Committee, which resulted in an 18.5% increase in the consideration for the Target Properties from the Buyer's initial offer;

the current and historical market prices of shares of our common stock, and the fact that a liquidating distribution of \$9.20 per share of our common stock represented a premium of approximately 21.0% over our company's three-month average closing share price and a premium of approximately 19.6% over our company's ten-day average closing stock price prior to December 20, 2011, the day before we announced that our company was exploring strategic alternatives;

the likelihood that the Asset Sale would be completed based on, among other things (not in any relative order of importance):

the reputation of the Buyer and its financial sponsors (TPG and Divco), its familiarity with our industry and its demonstrated ability to complete similar transactions; and

the Independent Directors Committee's assessment of the Buyer's resources and access to capital to fund the consideration contemplated by the Sale Agreement;

the terms and conditions of the Recapitalization Agreements and the Sale Agreement, which were reviewed by the Independent Directors Committee with its outside financial and legal advisors, and the fact that such terms were the product of arm's-length negotiations between the parties;

the Board's ability, under certain circumstances, to (1) withhold, withdraw, qualify or modify its recommendation or (2) cause us to terminate the Sale Agreement in order to enter into an agreement providing for a superior proposal, subject in each case to the payment by us of a termination fee of \$14 million to the Buyer, which the Independent Directors Committee concluded was reasonable in the context of termination fees in comparable transactions and in light of the overall terms of the Sale Agreement, including the per share consideration;

that no other bidder proposed a cash price in a final bid with the proposed structure that was as high as the consideration offered collectively by the Buyer and the Berg Group in the Transactions;

the fact that the consideration to be received by the holders of shares of our common stock in the Liquidation will provide our common stockholders with immediate liquidity and value that is not subject to market fluctuations;

the high cost, relative to the size of our company, of maintaining public company status, as well as the substantial amounts of time and attention from members of our senior management necessary to ensure compliance; and

our company's future prospects, including market conditions, the future performance of our company's assets and the potential risks to successful execution of our business strategy.

The Independent Directors Committee also considered a variety of potentially negative factors in its deliberations concerning the OP Recapitalization, the Recapitalization Agreements, the Asset Sale and the Sale Agreement, including the following (not in any relative order of importance):

Edgar Filing: MISSION WEST PROPERTIES INC - Form DEFM14A

the OP Recapitalization and the Asset Sale would preclude our stockholders from having the opportunity to participate in the future performance of our assets, our future earnings growth, if any, and future appreciation of the value of our common stock, if any;

the fact that the cash distribution would be taxable to our stockholders that are U.S. holders for U.S. federal income tax purposes and may be taxable to our foreign stockholders;

the significant costs involved in connection with entering into and consummating the Transactions and the substantial time and effort of our management required to complete the Transactions and related disruptions to the operation of our business;

Table of Contents

if the Transactions are not consummated, our company would have incurred significant expenses and employees would have expended extensive efforts to complete the Transactions, and, as a result, our company might experience adverse effects on our operating results, ability to attract or retain employees and our general competitive position;

the fact that we would be prohibited from affirmatively soliciting acquisition proposals for our company after execution of the Sale Agreement;

the fact that Mr. Berg and the Berg Group in the OP Recapitalization have interests in the Asset Sale that are different from, or in addition to, the interests of our stockholders. See The Transactions Interests of our Directors and Executive Officers in the Transactions beginning on page 45;

the fact that the Buyer can terminate the Sale Agreement for any reason at any time until the Benchmark Date as defined below;

the possibility that the termination fee of \$14 million or expense reimbursement of up to \$2.5 million payable by us upon termination of the Sale Agreement under certain circumstances could discourage other potential acquirers from making a competing bid to acquire us;

the fact that, while we expect that the Asset Sale will be consummated, there can be no assurance that all conditions to the parties obligations to complete the Asset Sale set forth in the Sale Agreement will be satisfied;

the timing risks inherent in the Transactions such that the failure to close the Asset Sale following completion of the OP Recapitalization could result in a loss of our REIT status and adverse tax consequences to our stockholders and to us;

the fact that, if the Liquidation does not occur in 2012, the liquidating distribution may be taxed at a higher rate; and

the other risks described under Risk Factors and Cautionary Statement Concerning Forward-Looking Information beginning on page 97.

The foregoing discussion of the information and factors considered by the Independent Directors Committee is not intended to be exhaustive, but includes the significant factors considered by the Independent Directors Committee in evaluating the Transactions. In view of the variety of factors considered in connection with its evaluation of the Transactions, the Independent Directors Committee did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determination and recommendation. In addition, individual members of the Independent Directors Committee may have given different weights to different factors. The Independent Directors Committee did not undertake to make any specific determination as to whether any factor, or any particular aspect of any factor, supported or did not support its ultimate determination. The Independent Directors Committee based its recommendation to the Board on the totality of the information presented.

Reasons for the OP Recapitalization, the Asset Sale and the Liquidation and Factors Considered by the Board in Determining Fairness

At a meeting held on November 1, 2012, the Board unanimously approved and declared advisable and in the best interests of our company and of our stockholders the OP Recapitalization and the Asset Sale, on substantially the terms and conditions set forth in the Recapitalization Agreements and the Sale Agreement, directed that the Asset Sale and the OP Recapitalization be submitted to our stockholders for approval, and recommended that stockholders vote in favor of the approval of the OP Recapitalization and the Asset Sale on substantially the terms and conditions set forth in the Recapitalization Agreements and the Sale Agreement. At a meeting held on November 12, 2012, the Board unanimously approved and declared advisable and in the best

interests of our company and of our stockholders the Liquidation on substantially the terms and conditions set forth in the plan of liquidation, and directed that the Liquidation to be submitted to our stockholders for approval, and recommended that stockholders vote in favor of the approval of the Liquidation.

In evaluating the Transactions and the other transactions contemplated by the Recapitalization Agreements and the Sale Agreement, the Board considered the recommendation of the Independent Directors Committee, consulted with our senior management, as well as our outside legal counsel and considered a number of factors, including the following:

the Board's understanding of our business, operations, financial condition, earnings and prospects, including our prospects as an independent entity, and management's and the Board's views and opinions on the current state of the REIT industry;

the Board's belief based on its review, with the assistance of management and our advisors, that the Transactions are more favorable to our stockholders than other potential strategic alternatives available to us, including continuing to operate as an independent company;

Management's efforts to find a buyer for our company, including:

the fact that, in late 2011, our management began an extensive marketing effort with respect to our real estate portfolio, including an open bidding process where more than 100 REITs, operating partnerships, investment funds and insurance companies were invited to indicate their interest in our company;

as a result of those solicitations of interest, we sent bid packages to more than 50 prospective bidders, received six bids and decided to explore the financial strength and ability to close a transaction with four of the bidders;

the fact that at least two of the four final bidders preferred to purchase a portion of our properties, as opposed to our entire portfolio, because they determined that certain of the properties were too expensive for the bidders to obtain the necessary return on their investment; and

the fact that one of the final bidders lost its financial backing and withdrew from the bidding process;

the fact that Mr. Berg and the Berg Group were willing to purchase the properties that were not wanted by certain of the bidders for a price that exceeded the appraised value of the Retained Properties;

the Board's belief that, in light of the solicitation process conducted at the direction of and in consultation with the Board and its and the Independent Directors Committee's knowledge of other participants in the REIT industry, another party would be unlikely to propose an alternative transaction that would be more favorable to us and our stockholders than the Transactions, and the fact that, if such alternative transaction was proposed, it could be pursued subject to the terms of the Sale Agreement as described below;

the receipt by the Independent Directors Committee of Stifel Nicolaus' opinion and financial presentation, dated November 1, 2012, as to the fairness, from a financial point of view and as of the date of the opinion, of the proposed per share consideration to be received by the Unaffiliated Stockholders, as more fully described below under "The Transactions" Stifel, Nicolaus & Company, Incorporated, Financial Advisor to the Independent Directors Committee ;

Stifel Nicolaus belief that, based solely on a review of the Property Appraisals it would be appropriate for the Independent Directors Committee to conclude that the value being attributed to the Retained Properties as part of the OP Recapitalization as set forth in the Separation Agreement is reasonable from the perspective of the Unaffiliated Stockholders, as more fully described below under The Transactions Stifel, Nicolaus & Company, Incorporated, Financial Advisor to the Independent Directors Committee ;

the likelihood that the Asset Sale would be completed based on, among other things (not in any relative order of importance):

the reputation of the Buyer and its financial sponsors, its familiarity with our industry and its demonstrated ability to complete similar transactions; and

the Board's assessment of the Buyer's resources and access to capital to fund the consideration contemplated by the Sale Agreement;

the Board's ability, under certain circumstances, to (1) withhold, withdraw, qualify or modify its recommendation or (2) cause us to terminate the Sale Agreement in order to enter into an agreement providing for a superior proposal, subject in each case to the payment by us of a termination fee of \$14 million to the Buyer, which the Independent Directors Committee concluded was reasonable in the context of termination fees in comparable transactions and in light of the overall terms of the Sale Agreement, including the per share consideration;

that no other bidder proposed a cash price in a final bid with the proposed structure that was as high as the consideration offered by the Buyer;

the Board's understanding of economic conditions in Silicon Valley, including:

a slow recovery in the real estate market for assets similar to ours that contributed to increased market volatility and diminished expectations for the Silicon Valley economy and the real estate market, in particular;

lower demand for manufacturing and R&D properties similar to ours by companies in Silicon Valley;

an opportunity to take advantage of the low interest rate environment which has increased capitalization rates and the value of income producing real estate;

an opportunity for an adequately capitalized buyer to take advantage of improving market conditions to increase the occupancy of our vacant properties; and

the fact that the Transactions are subject to approval by our stockholders, including, with respect to the OP Recapitalization, approval by a majority vote of the Unaffiliated Stockholders.

The Board also considered a variety of potentially negative factors in its deliberations concerning the OP Recapitalization, the Recapitalization Agreements, the Asset Sale and the Sale Agreement, including the following (not in any relative order of importance):

Edgar Filing: MISSION WEST PROPERTIES INC - Form DEFM14A

the OP Recapitalization and the Asset Sale would preclude our stockholders from having the opportunity to participate in the future performance of our assets, our future earnings growth, if any, and future appreciation of the value of our common stock, if any;

the fact that any gain on the cash distribution would be taxable to our stockholders that are U.S. holders for U.S. federal income tax purposes and may be taxable to our foreign stockholders;

the significant costs involved in connection with entering into and consummating the Transactions and the substantial time and effort of our management required to complete the Transactions and related disruptions to the operation of our business;

the fact that the Buyer can terminate the Sale Agreement for any reason at any time until one business day prior to the date of the Special Meeting;

the fact that we would be prohibited from affirmatively soliciting acquisition proposals for our company after execution of the Sale Agreement;

Table of Contents

the possibility that the termination fee of \$14 million or expense reimbursement of up to \$2.5 million payable by us upon termination of the Sale Agreement under certain circumstances could discourage other potential acquirers from making a competing bid to acquire us;

the fact that Mr. Berg and the Berg Group in the OP Recapitalization have interests in the Asset Sale that are different from, or in addition to, the interests of our stockholders. See The Transactions Interests of our Directors and Executive Officers in the Transactions beginning on page 45;

the fact that, while we expect that the Asset Sale will be consummated, there can be no assurance that all conditions to the parties obligations to complete the Asset Sale set forth in the Sale Agreement will be satisfied;

the timing risks inherent in the structure of the Transactions such that the failure to close the Asset Sale following completion of the OP Recapitalization could result in a loss of our REIT status and adverse tax consequences to our stockholders and to us;

the fact that, if the Liquidation does not occur in 2012, any gain recognized by a stockholder in connection with the liquidating distribution may be taxed at a higher rate; and

the other risks described under Risk Factors and Cautionary Statement Concerning Forward-Looking Information beginning on page 97.

The foregoing discussion of the information and factors considered by the Board is not intended to be exhaustive, but includes the significant factors considered by the Board in evaluating the Transactions. In view of the variety of factors considered in connection with its evaluation of the Transactions, the Board did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determination and recommendation. In addition, individual directors may have given different weights to different factors. The Board did not undertake to make any specific determination as to whether any factor, or any particular aspect of any factor, supported or did not support its ultimate determination. The Board based its recommendation on the totality of the information presented.

Opinion of Stifel, Nicolaus & Company, Incorporated, Financial Advisor to the Independent Directors Committee

The Independent Directors Committee retained Stifel Nicolaus on June 6, 2012 to provide a fairness opinion and related services in connection with the Transactions contemplated by the Recapitalization Agreements and the Sale Agreement. The Independent Directors Committee selected Stifel Nicolaus based on Stifel Nicolaus' excellent reputation, knowledge of Silicon Valley real estate, experience in providing fairness opinions, Mr. Roher's recommendation based on his interaction with representatives of Stifel Nicolaus and Stifel Nicolaus' competitive fee structure. On November 1, 2012, Stifel Nicolaus delivered its written opinion, dated November 1, 2012, to the Independent Directors Committee that, as of the date of the opinion and subject to and based on the assumptions made, procedures followed, matters considered and limitations of the review undertaken in such opinion, the consideration to be received in the Transactions pursuant to the Recapitalization Agreements and the Sale Agreement by holders of issued and outstanding shares of our common stock who are not Affiliated Stockholders was fair to such holders, from a financial point of view.

The full text of the written opinion of Stifel Nicolaus is attached as Annex A to this Proxy Statement and is incorporated into this document by reference. The summary of Stifel Nicolaus' fairness opinion set forth in this Proxy Statement is qualified in its entirety by reference to the full text of the opinion. Stockholders are urged to read the opinion carefully and in its entirety for a discussion of the procedures followed, assumptions made, other matters considered and limits of the review undertaken by Stifel Nicolaus in connection with such opinion.

The opinion of Stifel Nicolaus is directed to the Independent Directors Committee in connection with its consideration of the financial terms of the Transactions. Stifel Nicolaus' opinion did not constitute a recommendation to the Independent Directors Committee, the Board or any stockholder as to how the Independent Directors Committee, the Board or such stockholder should vote on the Transactions or to any stockholder as to how any such stockholder should vote at any stockholders' meeting at which the Transactions are considered or whether or not any stockholder should exercise any dissenters' or appraisal rights that may be available to such stockholder. Stifel Nicolaus' opinion does not compare the relative merits of the Transactions with any other alternative transaction or business strategy which may have been available to us and does not address the underlying business decision of the Independent Directors Committee, the Board or us to proceed with the Transactions or any aspect thereof. Stifel Nicolaus was not engaged to assist in, and was not involved in, the sales process, our decision to pursue certain strategic alternatives, or our consideration of transactions other than the Transactions pursuant to the sales process.

Stifel Nicolaus' opinion is limited to whether the consideration to be received by the holders of the Shares who are not Affiliated Stockholders is fair from a financial point of view. At the direction of the Independent Directors Committee, Stifel Nicolaus did not pass upon the fairness of the consideration to be paid to the Affiliated Stockholders or holders of LP Units. Stifel Nicolaus noted in its opinion that we engaged in a process earlier in 2012 which resulted in the selection of Divco and TPG as the principal purchaser of our assets, and that process included a stated assumption that certain of the Retained Properties, which, in addition to certain other properties, constitute the Retained Properties, would be purchased or retained by the Berg Group at a valuation in excess of the ultimate price being paid by the Berg Group. That process was not reopened after the purchase price initially indicated to be offered by the Berg Group for certain of the Retained Properties was reduced. Further, Stifel Nicolaus' opinion noted that Mr. Berg and certain affiliated parties and entities have certain approval rights with respect to fundamental corporate actions, including any merger, consolidation or sale of all or substantially all of our assets. In addition, Stifel Nicolaus' opinion does not consider, address or include: (1) the legal, tax or accounting consequences of the Transactions on Mission West, the Berg Group or the holders of our common stock, including the continuation of statutory REIT qualification requirements; (2) the fairness of the amount or nature of any compensation to any of our officers, directors or employees, or class of such persons, relative to the compensation to the holders of our securities; (3) the fairness of the consideration to be paid to affiliates of the Berg Group or the holders of LP Units; (4) the independent fairness of the component parts of the

Table of Contents

Transactions, including, without limitation, the fairness of the Transactions to the Berg Group or fairness of the OP Recapitalization; (5) the risks and attendant costs to us of the Transactions; (6) the risks and attendant impact of a delay in the Liquidation or a need to defer payments to stockholders in connection with the Liquidation; or (7) any advice or opinions provided by any other advisor to us other than Colliers. Furthermore, Stifel Nicolaus did not express any opinion as to the prices, trading range or volume at which our securities will trade following public announcement or consummation of the Transactions.

In connection with its opinion, Stifel Nicolaus, among other things:

discussed the Transactions and related matters with the Independent Directors Committee and its counsel and our counsel and reviewed draft copies of the Recapitalization Agreements and the Sale Agreement;

reviewed our audited consolidated financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2011 and our unaudited consolidated financial statements contained in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2012 and draft Quarterly Report on Form 10-Q for the quarter ended September 30, 2012;

reviewed and discussed with our management certain other information concerning us, our Operating Partnerships and properties;

reviewed certain non-publicly available information concerning our company, including internal financial analyses and forecasts prepared by our management, including but not limited to Argus models provided by us and revised to incorporate updated assumptions provided by our management, asset sale forecasts and pro forma balance sheets, and held discussions with our management regarding recent developments;

reviewed and analyzed certain publicly available information concerning the terms of selected merger and acquisition transactions that were considered relevant to its analysis;

reviewed and analyzed certain publicly available financial and stock market data relating to selected public companies that were considered relevant to its analysis;

reviewed the reported prices and trading activity of our equity securities;

reviewed the Property Appraisals;

conducted such other financial studies, analyses and investigations and considered such other information that it deemed necessary or appropriate for purposes of its opinion; and

took into account its assessment of general economic, market and financial conditions and its experience in other transactions, as well as its experience in securities valuation and knowledge of our industry generally.

In connection with rendering its opinion, Stifel Nicolaus relied upon and assumed, without independent verification, the accuracy and completeness of all of the financial and other information that was provided to Stifel Nicolaus by or on behalf of the Independent Directors Committee or us, including, but not limited to, the Property Appraisals. Stifel Nicolaus has not assumed any responsibility for independently verifying any of such information or any other information that it reviewed.

Edgar Filing: MISSION WEST PROPERTIES INC - Form DEFM14A

With respect to the financial forecasts and projections we supplied to Stifel Nicolaus, including projections in the form of property level operating forecasts and projections relating to the Liquidation and the net cash amount per share available for distribution to our stockholders, Stifel Nicolaus assumed that the forecasts and projections were reasonably prepared on the basis reflecting the best currently available estimates and judgments of our management, and that they provided a reasonable basis upon which Stifel Nicolaus could form its opinion. All such projected financial information is based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic, market and competitive conditions. Accordingly, actual results could vary significantly from those set

forth in such projected financial information. Stifel Nicolaus relied on this projected information without independent verification or analyses and does not in any respect assume any responsibility for the accuracy or completeness thereof. Stifel Nicolaus has further relied upon the assurances by our management that our management is unaware of any facts that would make any of the information provided to Stifel Nicolaus incomplete or misleading. Stifel Nicolaus did not make any independent evaluation, appraisal or physical inspection of our assets or liabilities, the collateral securing any liabilities, or the collectability of amounts due to us.

Stifel Nicolaus' opinion is necessarily based solely on economic, market, monetary, financial and other conditions as they exist on, and on the information made available to Stifel Nicolaus as of, the date of its opinion. It is understood that subsequent developments may affect the conclusions reached in, or information set forth in, its opinion, and that Stifel Nicolaus does not have any obligation to update, revise or reaffirm its opinion. Stifel Nicolaus assumed that the Transactions will be consummated substantially on the terms and conditions described in the Recapitalization Agreements and the Sale Agreement, without any waiver of material terms or conditions by us or any other party and without any dilution or other adjustment to the consideration, and that obtaining any necessary regulatory approvals or satisfying any other conditions for consummation of the Transactions will not have an adverse effect on us or the Transactions. In addition, Stifel Nicolaus has assumed that the definitive Recapitalization Agreements and the Sale Agreement would not differ materially from the drafts it reviewed.

The summary set forth below does not purport to be a complete description of the analyses performed by Stifel Nicolaus, but describes, in summary form, the material elements of the presentation that Stifel Nicolaus made to the Independent Directors Committee on November 1, 2012, in connection with Stifel Nicolaus' fairness opinion.

In accordance with customary investment banking practice, Stifel Nicolaus employed generally accepted valuation methods and financial analyses in reaching its opinion. The following is a summary of the material financial analyses performed by Stifel Nicolaus in arriving at its opinion. These summaries of financial analyses alone do not constitute a complete description of the financial analyses Stifel Nicolaus employed in reaching its conclusions. Some of the summaries of the financial analyses include information presented in tabular format. In order to understand the financial analyses used by Stifel Nicolaus more fully, you should read the tables together with the text of each summary. The tables alone do not constitute a complete description of Stifel Nicolaus' financial analyses, including the methodologies and assumptions underlying the analyses, and if viewed in isolation could create a misleading or incomplete view of the financial analyses performed by Stifel Nicolaus. The summary data set forth below do not represent and should not be viewed by anyone as constituting conclusions reached by Stifel Nicolaus with respect to any of the analyses performed by it in connection with its opinion. Rather, Stifel Nicolaus made its determination as to the fairness to holders of shares of our common stock who are not Affiliated Stockholders of the consideration to be received by such holders, from a financial point of view, on the basis of its experience and professional judgment after considering the results of all of the analyses performed. Accordingly, the data included in the summary tables and the corresponding imputed ranges of value for shares of our common stock should be considered as a whole and in the context of the full narrative description of all of the financial analyses set forth in the following pages, including the assumptions underlying these analyses. Considering the data included in the summary table without considering the full narrative description of all of the financial analyses, including the assumptions underlying these analyses, could create a misleading or incomplete view of the financial analyses performed by Stifel Nicolaus.

Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before November 1, 2012 and is not necessarily indicative of current market conditions. The analyses described below do not purport to be indicative of actual future results, or to reflect the prices at which any securities may trade in the public markets, which may vary depending upon various factors, including changes in interest rates, dividend rates, market conditions, economic conditions and other factors that influence the price of securities.

No company or transaction used in any analysis as a comparison is identical to us or the Transactions, and they all differ in material ways. Stifel Nicolaus selected comparable publicly traded companies and publicly

Table of Contents

announced transactions on the basis of various factors, including the size of the public companies and the similarity of the lines of business to Mission West. Accordingly, an analysis of the results described below is not mathematical; rather it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading value of the comparable companies or transactions to which they are being compared. In addition, because the market conditions, rationale and circumstances surrounding each of the transactions analyzed were specific to each transaction and because of the inherent differences between our business, operations and prospects and those of the comparable companies analyzed, Stifel Nicolaus believed that it was inappropriate to, and therefore did not, rely solely on the quantitative results of the analyses. Accordingly, Stifel Nicolaus also made qualitative judgments concerning the differences between the characteristics of these transactions (including market conditions, rationale and circumstances surrounding each of the transactions, and the timing, type and size of each of the transactions) and the Transactions that could affect the acquisition value of our company.

In conducting its analysis, Stifel Nicolaus used several methodologies to determine the approximate valuations of our company. These analyses were developed and applied collectively. Consequently, each individual methodology was not given a specific weight, nor can any methodology be viewed individually. Stifel Nicolaus used these analyses to determine the impact of various operating metrics on the implied equity value of our company. Each of these analyses yielded a range of implied equity values, and therefore, such implied equity value ranges developed from these analyses must be viewed collectively and not individually. Unless noted otherwise, all analyses are based on our management's minimum estimated liquidation value for the consideration, or \$9.20 per share.

Summary of Stifel Nicolaus's Financial Analyses

Net Asset Value Analysis

Using balance sheet estimates as of October 31, 2012 and forward 12-month net operating income projections beginning November 1, 2012, as provided by our management, Stifel Nicolaus calculated a net asset value per share. For this analysis, Stifel Nicolaus classified our properties into three categories: stabilized, lease-up and vacant. Stabilized properties were those greater than 90% leased at the time of analysis and not subject to lease expiration which would bring occupancy levels below 90% during the 12-month forecast period. These properties were valued by applying a capitalization rate, on a property-by-property basis, to the forward 12-month net operating income as projected by our management. The aggregate of the property-by-property valuations imply a range of capitalization rates of 6.6% to 7.2% for the stabilized property category. Lease-up properties were those functional properties with occupancy less than 90% at the time of analysis or for which the property was subject to lease expirations which would bring occupancy levels below 90% during the 12-month forecast period. Lease-up properties were valued by applying value per building square foot to the total building area. The aggregate of the property-by-property valuations imply a range of \$91.04 per building square foot to \$117.14 per building square foot for the lease-up property category. The developable parcels included vacant properties which were viewed to be functionally obsolete and developable land parcels. Developable parcels were valued by applying a range of values per land square foot, on a property-by-property basis, to the parcel square footage. The aggregate of the property-by-property valuations imply a range of \$7.65 per land square foot to \$14.25 per land square foot for the developable parcel category. The capitalization rates, values per building square foot and values per land square foot were derived from historical data for comparable sales from published sources, discussions with management, and an evaluation of market data from various market data and brokerage service companies.

The valuation ranges for the three categories were combined to provide a range of values for our real estate holdings. To determine our net asset value Stifel Nicolaus added cash and cash equivalents, notes receivable from asset sales, and investments in unconsolidated joint ventures, and subtracted the minority interest of the consolidated joint ventures, and mortgage notes and other liabilities, inclusive of management's projection of transaction costs to be incurred. The net asset value was subsequently divided by the total shares of common

Table of Contents

stock and LP Units outstanding on a fully diluted basis. This analysis indicated a net asset value range of \$8.74 to \$10.54 per share.

Comparable Company Multiples Analysis

Using publicly available information, Stifel Nicolaus compared our selected financial data with similar data for a select universe of publicly traded companies engaged in businesses viewed by Stifel Nicolaus to be similar to that of our company. The companies selected were

DCT Industrial Trust, Inc.

Duke Realty Corp.

EastGroup Properties Inc.

First Industrial Realty Trust

Liberty Property Trust

PS Business Parks, Inc.

These companies were selected, among other reasons, because of their asset focus, specifically in the office and R&D spaces, asset quality, market capitalization, and capital structure. None of the companies used as part of this analysis were viewed to be identical to us and as such, a complete analysis of the results of the following calculations cannot be limited to a quantitative review. The analysis involves considerations and judgments concerning the differences in the financial and operating characteristics of the companies, among other factors, that could affect the public trading value of the comparable companies and us alike.

Stifel Nicolaus analyzed publicly available financial performance data for the comparable companies listed above. Stifel Nicolaus calculated the 2012 estimated and 2013 estimated trading multiples for funds from operations by dividing the closing share prices of the comparable companies on November 1, 2012 by equity analysts consensus funds from operations (FFO) estimates for 2012 and 2013. This analysis indicated the following high, mean, median and low multiples for the comparable companies, which implied the following common share prices for our common stock when applied to our 2012 and 2013 FFO estimates, based on management's projections:

	2012 FFO Multiple	Implied Common Share Price Based on 2012 Consensus FFO	2013 FFO Multiple	Implied Common Share Price Based on 2013 Consensus FFO
High	17.0x	\$ 8.79	16.4x	\$ 9.14
Mean	14.9x	\$ 7.69	13.9x	\$ 7.76
Median	14.5x	\$ 7.51	13.3x	\$ 7.40

Precedent REIT Transaction Analysis

Using publicly available information, Stifel Nicolaus analyzed select announced transactions across all REIT sectors during the period from March 1, 2007 to December 31, 2011 (there were no relevant REIT sector transactions after December 31, 2011). Specifically, Stifel Nicolaus reviewed the following transactions:

Stifel Nicolaus analyzed premiums paid relative to the average closing stock price for the periods 10 days, 30 days, 60 days and 90 days prior to announcement for the transactions listed above, which implied the following common share prices when applied to our respective share prices:

	Premium Paid	Implied Per Share Value

Mean	15.2%	\$ 8.79
Low	4.9%	\$ 8.07

Discounted Cash Flow Analysis

Stifel Nicolaus performed a discounted cash flow analysis for us based on projections and assumptions (inclusive of consolidated joint ventures) provided by our management for free cash flow through the period ended October 31, 2016 and net operating income through the period ended October 31, 2017. These projections and assumptions provided by our management were in the form of property level operating forecasts and projections. Stifel Nicolaus calculated a range of terminal values for us at October 31, 2016 by applying a range of capitalization rates from 7.0% to 7.75% to the forward 12-month net operating income through October 31, 2017. The projected annual cash flows and range of terminal values were then discounted to present values using a range of cost of capital discount rates from 9.5% to 11.5% reflecting a weighted average cost of capital calculation using standard valuation techniques. The sum of the present value of future cash flows combined with the terminal value was then added to cash and cash equivalents, the present value of our notes receivable from property sales, land values as concluded in the Property Appraisals, and our equity in unconsolidated joint ventures. From this

Table of Contents

amount, Stifel Nicolaus reduced the gross value by total debt outstanding pro forma for the period ended October 31, 2012 as provided by our management and divided this figure by the fully diluted shares and LP Units outstanding. This analysis concluded a valuation range of \$8.39 per share to \$10.12 per share.

Conclusion

Based upon the foregoing analyses and the assumptions and limitations set forth in full in the text of Stifel Nicolaus' opinion, Stifel Nicolaus was of the opinion that, as of the date of Stifel Nicolaus' opinion, the consideration to be received in the Transactions pursuant to the Recapitalization Agreements and the Sale Agreement by holders of issued and outstanding shares of our common stock who are not Affiliated Stockholders was fair to such holders, from a financial point of view.

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to a partial analysis or summary description. In arriving at its opinion, Stifel Nicolaus considered the results of all of its analyses as a whole and did not attribute any particular weight to any analysis or factor considered by it. Stifel Nicolaus believes that the summary provided and the analyses described above must be considered as a whole and that selecting portions of these analyses, without considering all of them, would create an incomplete view of the process underlying Stifel Nicolaus' analyses and opinion; therefore the range of valuations resulting from any particular analysis described above should not be taken to be Stifel Nicolaus' view of the actual value of our company.

Stifel Nicolaus acted as financial advisor to the Independent Directors Committee and received a fee upon the delivery of its fairness opinion. Pursuant to the terms of Stifel Nicolaus' engagement letter with the Independent Directors Committee, we agreed to pay Stifel Nicolaus a fee of \$500,000, of which \$50,000 was due upon execution of the engagement letter, \$50,000 was due two weeks after the execution of the engagement letter and the balance was due upon delivery of its opinion. In certain circumstances, we also agreed to pay an additional financial advisory fee payable upon the closing of the Transactions. We have also agreed to reimburse Stifel Nicolaus for certain out-of-pocket expenses incurred by it in connection with its engagement. In addition, we have agreed to indemnify Stifel Nicolaus for certain liabilities relating to or arising out of its engagement. Our Operating Partnerships are co-obligors with respect to our payment obligations to Stifel Nicolaus. During the two years preceding the date of its opinion, no material relationships existed or were mutually understood to be contemplated in which any compensation was received or is intended to be received as a result of the relationship between Stifel Nicolaus and any party to the Transactions. Stifel Nicolaus may seek to provide investment banking services to the Buyer or its affiliates or the Berg Group in the future, for which Stifel Nicolaus would seek customary compensation. In the ordinary course of business, Stifel Nicolaus and its clients may trade our securities and, accordingly, may at any time hold a long or short position in such securities. Stifel Nicolaus' internal Fairness Opinion Committee approved the issuance of its fairness opinion.

Financing of the Asset Sale

It is estimated that total funds of approximately \$797 million, which is the Purchase Price under the Sale Agreement, will be needed by the Buyer to complete the Asset Sale. The Buyer is expected to finance this amount as follows:

by assuming existing indebtedness of (1) Mission West Properties, L.P. to Allianz Life Insurance Company of North America (Allianz), in the approximate aggregate amount of \$112 million and (2) Mission West Properties, L.P., Mission West Properties, L.P. I and Mission West Properties, L.P. II to Hartford Life Insurance Company, Hartford Life and Annuity Insurance Company and Hartford Life and Accident Insurance Company (collectively, Hartford), in the approximate aggregate amount of \$139 million (collectively, the Debt Assumption);

obtaining new debt financing originated by Bank of America, of which the approximate principal amount of \$138 million will be advanced at the closing of the Asset Sale (the New Debt Financing, and together with the Debt Assumption, the Debt Financing); and

Table of Contents

funding the \$408 million balance through equity contributions by the Buyer's equity sponsors (the Equity Financing). The Equity Financing and Debt Financing are subject to certain conditions, including conditions that do not relate directly to the Sale Agreement.

We believe the amounts (1) committed under the commitments for the Equity Financing and New Debt Financing (collectively, the Financing Commitments) and (2) that may be assumed by the Buyer pursuant to the Debt Assumption, with the consent of Allianz and Hartford, will be in the aggregate sufficient to satisfy the aggregate consideration for the Asset Sale together with related expenses, but we cannot assure you of that. Those amounts might be insufficient if, among other things, one or more of the parties to the Financing Commitments fail to fund the committed amounts in breach of such Financing Commitments, if Allianz or Hartford do not consent to the Debt Assumption, as applicable, if Buyer is unable to obtain alternative financing from alternative sources in an amount sufficient to consummate the Asset Sale or if the conditions to such Financing Commitments or Debt Assumption are not met. The Financing Commitments and Debt Assumption are subject to certain conditions, including conditions that do not relate directly to the Sale Agreement.

Prior to the closing of the Asset Sale, we have agreed to use our commercially reasonable efforts to provide to the Buyer, at the Buyer's sole expense, all cooperation reasonably requested by the Buyer that is customary in connection with the arrangement of the Equity Financing and New Debt Financing or any permitted replacement, amended, modified or alternative financing.

Equity Financing

In connection with the Sale Agreement, the Buyer's equity sponsors entered into an equity commitment letter agreement with the Buyer, pursuant to which the Buyer's equity sponsors severally committed to purchase equity securities of the Buyer at or prior to the closing of the Asset Sale in an amount necessary to fund an amount in cash equal to the Purchase Price minus the Debt Financing.

The obligation of the Buyer's equity sponsors to fund the Equity Commitment is subject to (1) the satisfaction or waiver of all the conditions to the Buyer's obligations to effectuate the closing of the Asset Sale, (2) the New Debt Financing being funded concurrently in accordance with the terms thereof and (3) the contemporaneous consummation of the closing of the Asset Sale.

The obligation of the Buyer's equity sponsors to fund the Equity Commitment will terminate automatically and immediately upon the earliest to occur of (a) the valid termination of the Sale Agreement in accordance with its terms, (b) the closing of the Asset Sale, at which time the obligation will be fulfilled, and (c) the Operating Partnerships or any of their affiliates, directly or indirectly, asserting a claim against the Buyer in connection with the Sale Agreement or any of the transactions contemplated thereby.

Debt Financing

New Debt Financing

In connection with the Sale Agreement, TPG Capital, L.P. (TPG) and Divco West Acquisitions, LLC (Divco), on behalf of the Buyer, entered into a debt commitment letter with Bank of America (the Debt Commitment Letter), pursuant to which Bank of America committed to make a senior secured term loan to one or more direct or indirect subsidiaries of a newly created joint venture sponsored by one or more entities affiliated with, advised by or managed by each of TPG and Divco, in an amount of up to approximately \$156 million, a portion of which in the approximate aggregate amount of \$138 million will be advanced at the closing of the Asset Sale. The New Debt Financing is subject to a due diligence or a market out provision, which allows Bank of America not to fund its commitment if it is not satisfied with its due diligence findings

with respect to the proposed assets that will form part of its collateral or if certain conditions in the financial markets prevail. As of the date hereof, no alternative financing arrangements or alternative financing plans have been made in the event the New Debt Financing is not available as anticipated.

The provision of the New Debt Financing pursuant to the Debt Commitment Letter is subject to certain customary closing conditions, including, but not limited to:

completion of all due diligence with respect to Buyer and property that will secure the loan;

receipt of customary property related deliverables;

the execution and delivery of definitive documentation with respect to the applicable debt facility consistent with the Debt Commitment Letter; and

the absence of a material adverse change in the loan syndication market or a material adverse change in the financial markets which might have a material adverse effect on the loan syndication market.

The final termination date of the Debt Commitment Letter is the earliest of (1) December 31, 2012 (Expiration Date), and (2) the date on which the Debt Commitment Letter is validly terminated in accordance with its terms which includes, without limitation, for breach of the Debt Commitment Letter by TPG and Divco or termination of the Sale Agreement; provided, however, if the closing date set forth in the Sale Agreement is extended, Bank of America has agreed to simultaneously extend the Expiration Date for up to 90 days to such extended closing date.

Debt Assumption

In connection with the Sale Agreement, it is proposed that the Buyer assume the existing indebtedness of Mission West Properties, L.P., Mission West Properties, L.P. I and Mission West Properties, L.P. II to Allianz and Hartford, as applicable. The Buyer has agreed to use commercially reasonable efforts to (1) procure the consent of Allianz and Hartford to the Debt Assumption, and (2) take, or cause to be taken, all actions, and do, or cause to be done, all things necessary to consummate the Debt Assumption. As of the date hereof, no alternative financing arrangements or alternative financing plans have been made in the event the Debt Assumption is not consummated as anticipated.

The consummation of the Debt Assumption is subject to certain customary closing conditions, including, but not limited to:

the delivery of customary information regarding the Buyer and its subsidiaries;

receipt of customary property related deliverables;

Allianz and Hartford being paid for certain fees and expenses;

the replacement of the existing guarantor/indemnitor with an entity which is reasonably acceptable to the applicable lenders and unless such entity is the Buyer, acceptable to the Buyer in its sole discretion;

the execution and delivery of definitive documentation with respect to the Debt Assumption; and

all required payments with respect to the loans being made current.

Interests of our Directors and Executive Officers in the Transactions

Mr. Carl E. Berg, our Chief Executive Officer, is directly and indirectly a Limited Partner. Mr. Clyde J. Berg, Mr. Berg's brother, and Ms. Kara Ann Berg, Mr. Berg's daughter, are also Limited Partners, either directly or indirectly. As of October 31, 2012, the Berg Group collectively beneficially owns 75,769,684 LP Units, which represent the right to acquire the same number of shares of our common stock, subject to certain conditions, including restrictions on ownership and transfer contained in our charter.

Table of Contents

Berg Group's Interest in the OP Recapitalization

In connection with the OP Recapitalization, certain of the real estate assets held by our Operating Partnerships will be sold or transferred among the Operating Partnerships and we will withdraw as the general partner of each of the Operating Partnerships. The Limited Partners will be given the option to exchange their LP Units for shares of our common stock and those who do not elect to do so will forfeit this right and will retain their LP Units in the Operating Partnerships. Following the OP Recapitalization, the Berg Group will hold 98.6% of the remaining Operating Partnerships, which will hold properties with an enterprise value of approximately \$524.3 million. See Proposal 1 Recapitalization of Operating Partnerships .

Compensation Payments to Executive Officers

Raymond V. Marino, our President and Chief Operating Officer and a member of the Board, and Wayne N. Pham, our Vice President of Finance and Controller, will receive additional compensation upon their termination following completion of the Transactions. Our Compensation Committee, which is comprised of William A. Hasler, Lawrence B. Helzel and Martin S. Roher, has approved an aggregate pool of \$1 million for retention and severance payments, of which Mr. Marino will receive a lump sum payment of \$500,000 and Mr. Pham will receive a lump sum payment of \$138,000. See Proposal 4 Non-Binding Advisory Vote on Compensation Payments .

Stock options

Under our 2004 Equity Incentive Plan, as of October 31, 2012, options to purchase 360,000 shares of our common stock at a weighted average exercise price of \$9.12 per share held by certain of our independent directors were vested and outstanding, and options to purchase 1,679,438 shares of our common stock at a weighted average exercise price of \$8.29 per share held by certain of our officers and were vested and outstanding. Upon stockholder approval of the Liquidation, the stock incentive plan will terminate and any outstanding options will terminate and be forfeited. Our officers and directors have not informed us whether they intend to exercise any vested options prior to the Liquidation.

Stock ownership

As of October 31, 2012, our executive officers and directors owned a total of 2,371,500 shares of our common stock for which we estimate they will receive distributions of between approximately \$21.8 million if the per share distribution is \$9.20 per share and \$22.0 million if the per share distribution is \$9.28 per share in connection with the Liquidation assuming they continue to hold the same number of shares of our common stock on the Final Record Date (as defined below).

Effect on our Common Stock as a Result of the Transactions

Following the Liquidation, our common stock will cease to be listed and traded on NASDAQ and will cease to be registered under the Exchange Act.

Stockholder Distribution

After payment of indebtedness and the costs of operation and professional fees during liquidation and payment of all outstanding liabilities, we expect the total liquidating distributions to our stockholders and any holders of LP Units that elect to redeem their LP Units for common stock to be in a range of \$9.20 to \$9.28 per share, although the amount of the actual distributions may be less. Unforeseen liabilities asserted during the Liquidation will reduce the amount of the distributions. The estimated distribution amount includes the sales proceeds, after liabilities and expenses, and the final 2012 quarterly dividend in accordance with statutory REIT distribution requirements.

Certain Material U.S. Federal Income Tax Consequences of the Transactions

The following is a general discussion of the material U.S. federal income tax considerations that may be relevant to you as a result of the OP Recapitalization, the Asset Sale and the Liquidation. We did not obtain an

Table of Contents

opinion of tax counsel with respect to the Transactions. This discussion applies only to stockholders who hold their shares as capital assets (generally property held for investment) within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the Code). This discussion is based on the Code, income tax regulations promulgated thereunder, judicial decisions, published positions of the Internal Revenue Service (IRS) and other applicable authorities, all as in effect as of the date hereof and all of which are subject to change, possibly with retroactive effect. This discussion is general in nature and is not exhaustive of all possible tax considerations, nor does the discussion address any state, local or foreign tax considerations or any U.S. tax considerations (e.g., estate or gift tax) other than U.S. federal income tax considerations, that may be applicable to particular holders. This discussion does not address all the tax consequences that may be relevant to a particular holder or to holders subject to special treatment under the Code, such as financial institutions, brokers, dealers in securities and commodities, insurance companies, certain former U.S. citizens or long-term residents, regulated investment companies, real estate investment trusts, tax-exempt organizations, controlled foreign corporations, passive foreign investment companies, persons subject to the alternative minimum tax, U.S. persons whose functional currency is not the U.S. dollar, persons that are, or that hold their shares through, partnerships or other pass-through entities, or persons that hold shares as part of a straddle, hedge, conversion, synthetic security or constructive sale transaction for U.S. federal income tax purposes. Except as specifically provided below with respect to Non-U.S. Holders (as defined below), the discussion is limited to beneficial owners of our common stock that are U.S. Holders.

The following discussion has no binding effect on the IRS or the courts and assumes that Mission West will liquidate substantially in accordance with the process described under Proposal 3: The Liquidation. It is also assumed that all liquidating distributions by us to our stockholders or to the Liquidating Trust will occur, as planned, during 2012, and that a final distribution from the Liquidating Trust to stockholders will occur not later than six months after the Liquidating Trust is established. If the OP Recapitalization, the Asset Sale or creation of the Liquidating Trust is delayed beyond 2012, some of the tax consequences to stockholders may be significantly different and may result in additional tax being payable in respect of the Transactions. No assurances can be given that the tax treatment described herein will remain unchanged at the time of the distributions.

STOCKHOLDERS SHOULD CONSULT THEIR TAX ADVISORS REGARDING THE U.S. FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX CONSEQUENCES OF THE OP RECAPITALIZATION, THE ASSET SALE AND THE LIQUIDATION.

For purposes of this discussion, a U.S. Holder means a beneficial owner of our common stock that, for U.S. federal income tax purposes, is

a citizen or individual resident of the United States;

a corporation (including an entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or

a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust, or (b) it has a valid election in place to be treated as a United States person.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes is a holder of shares our common stock, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Partnerships that hold shares of our common stock (and partners in such partnerships) should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

A Non-U.S. Holder means any beneficial owner of our common stock that is not a U.S. Holder or an entity or arrangement treated as a partnership for U.S. federal income tax purposes.

Table of Contents

Consequences of the OP Recapitalization, Asset Sale and Liquidation to Us

We may recognize gain or loss on the redemption of the LP Units in the OP Recapitalization, the sale of our real estate assets in the Asset Sale, and the distribution of our assets and liabilities to the Liquidating Trust in the Liquidation.

We elected to be taxed as a REIT under the Code beginning with our taxable year ended December 31, 1999. We believe that we have been organized and have operated in a manner that will allow us to qualify for taxation as a REIT under the Code commencing with our initial taxable year and continuing through the termination of our company in the Liquidation. If the OP Recapitalization, the Asset Sale and the Liquidation are approved by our stockholders, we expect to carry out the Liquidation in a manner that will allow us to continue to meet the requirements for qualification as a REIT until we have distributed all of our assets to our stockholders, which may include the transfer of assets to a liquidating trust, and terminated the company.

Qualification and taxation as a REIT depend upon our ability to meet, through actual annual (or in some cases quarterly) operating results, requirements relating to income, asset ownership, income distribution levels and diversity of share ownership, and the various other REIT qualification requirements imposed under the Code. In any year in which we qualify as a REIT, in general, we will not be subject to U.S. federal income tax on that portion of our net taxable income that we timely distribute to stockholders.

So long as we continue to qualify as a REIT, any net gain from prohibited transactions will be subject to a 100% tax. Prohibited transactions are sales of property held primarily for sale to customers in the ordinary course of a trade or business. Whether a real estate asset is property held primarily for sale to customers in the ordinary course of a trade or business is a highly factual determination. We believe that all of our properties are held for investment and the production of rental income, and that none of the sales of our properties in accordance with the OP Recapitalization or the Asset Sale will constitute a prohibited transaction. There can, however, be no assurances that the IRS will not successfully challenge the characterization of properties we hold for purposes of applying the 100% tax.

For U.S. federal income tax purposes, we will treat the liquidating distributions and any distribution to a liquidating trust as a liquidating distribution of all of our assets and liabilities to our stockholders in exchange for their common stock. Provided that we retain our qualification as a REIT through the completion of the Liquidation and termination of our company, and certain other conditions are met, we generally can deduct such liquidating distributions as a dividends paid deduction against our net taxable income for our taxable year which includes the OP Recapitalization, the Asset Sale and the Liquidation and, therefore, we would not expect to be taxed on any of our income and gains realized from the sale of our assets or ordinary income earned during our taxable year which includes the Liquidation, nor will we be taxed on gains realized upon a liquidating distribution to a liquidating trust. While we expect to continue to qualify as a REIT for the period through the distribution of all of our assets to our stockholders, which includes the transfer of assets to a liquidating trust, no assurance can be given that we will not lose or terminate our status as a REIT as a result of unforeseen circumstances. Should we lose our status as a REIT, either inadvertently or because the Board deems such loss to be in the best interests of our stockholders, we would be taxable as a corporation for U.S. federal income tax purposes and would be liable for federal income taxes at the corporate rate with respect to our entire income from operations and from liquidating sales and distribution of our assets for the taxable year in which our qualification as a REIT terminates and in any subsequent years.

Consequences of the Liquidation to U.S. Holders of Our Common Stock

Liquidating distributions we make will not be dividend income to a U.S. Holder, notwithstanding our company's treatment of such distributions as dividends for purposes of the dividends paid deduction. Distributions in the Liquidation, including an amount equal to a U.S. Holder's pro rata share of the fair market value of the assets transferred to a liquidating trust, should first reduce the basis of such holder's shares, with any

Table of Contents

excess constituting a capital gain if the shares are held as a capital asset. If the sum of all liquidating distributions is less than the U.S. Holder's basis in its shares, the difference will constitute a capital loss which is recognized at the time the U.S. Holder receives its final liquidating distribution, which for U.S. federal income tax purposes includes the transfer of assets to a liquidating trust. Gain or loss will be calculated separately for each block of shares, with a block consisting of shares acquired at the same cost in a single transaction. Such gain or loss will constitute long-term capital gain or loss if the U.S. Holder held such shares for more than one year. However, if a U.S. Holder recognizes loss upon the receipt of cash in the Liquidation in exchange for shares that it has held for six months or less, after applying certain holding period rules, the loss recognized will be treated as a long-term capital loss to the extent such holder received distributions from us which were required to be treated as long-term capital gains. Long-term capital gains of noncorporate taxpayers generally are taxable at a maximum federal income tax rate of 15% through the end of 2012. Capital gains of corporate stockholders generally are taxable at the regular tax rates applicable to corporations. The deductibility of capital losses may be subject to limitations. In addition, the IRS has the authority to prescribe, but has not yet prescribed, regulations that would apply a tax rate of 25% to a portion of capital gain realized by a noncorporate stockholder on the sale of REIT shares that would correspond to the REIT's unrecaptured Section 1250 gain. The treatment of your interest in the Liquidating Trust is described below under [The Liquidating Trust](#).

Consequences of the Liquidation to Non-U.S. Holders of Our Common Stock

The U.S. federal income tax consequences of the Liquidation to a particular non-U.S. Holder will depend on whether the receipt of the liquidating distributions is taxed under the provisions of the Foreign Investment in Real Property Tax Act of 1980 (FIRPTA) governing distributions from REITs, or those applicable generally to non-U.S. persons receiving liquidating distributions. If the FIRPTA provisions governing distributions from REITs apply, for U.S. federal income tax purposes, the Liquidation will be treated as a liquidating distribution from us to our stockholders of the net proceeds from the Asset Sale, with the tax consequences described below under [Distribution of Gain from the Disposition of U.S. Real Property Interests](#). The IRS has taken the position in Notice 2007-55 that the FIRPTA provisions governing distributions from REITs apply to the extent liquidation distributions are attributable to gain from the sale of U.S. real property interests, except where a special exception (the 5% Exception) applies. Non-U.S. Holders should consult their tax advisors regarding the application of those provisions.

Distribution of Gain from the Disposition of U.S. Real Property Interests.

The IRS stated in Notice 2007-55 that it is taking the position that REIT liquidating distributions are subject to tax under Section 897(h)(1) of the Code to the extent attributable to gain from the sale of U.S. real property interests. Thus, under Notice 2007-55, the liquidating distributions received by a non-U.S. Holder are subject to tax under FIRPTA as a distribution to the extent they are attributable to gain from the sale of our U.S. real estate assets in the OP Recapitalization and Asset Sale, unless the 5% Exception (described below) applies. If the distributions were taxed under FIRPTA, the gain recognized by a non-U.S. Holder generally would be subject to U.S. federal income tax on a net basis to the extent attributable to gain from the sale of our real estate assets, and a corporate non-U.S. Holder could also be subject to the branch profits tax on such FIRPTA gain. On the other hand, if the non-U.S. Holder does not own more than 5% of our common stock at any time during the one-year period ending on the date of the distribution (the 5% Exception), the FIRPTA tax on our gains from the sale of real estate assets would not apply. In that event, the non-U.S. Holder should be taxed as described below under [Taxation of Liquidating Distributions Under the 5% Exception](#).

As described above, IRS Notice 2007-55 takes the position that the receipt of the liquidation proceeds by a non-U.S. Holder not qualifying for the 5% Exception will be treated as a distribution from us to the extent it is attributable to gain from the sale of our U.S. real estate assets in the OP Recapitalization and the Asset Sale. Accordingly, we intend to withhold U.S. federal income tax at a rate of 35% from the portion of the liquidation distributions that are, or are treated as, attributable to gain from the sale of U.S. real property interests and paid to a non-U.S. Holder unless such holder qualifies for the 5% Exception.

Table of Contents

A non-U.S. Holder may be entitled to a refund or credit against the holder's United States tax liability, if any, with respect to any amount withheld pursuant to FIRPTA, provided that the required information is furnished to the IRS on a timely basis. Non-U.S. Holders should consult their tax advisor regarding withholding tax considerations.

Taxation of Liquidating Distributions Under the 5% Exception. Subject to the discussion of backup withholding and of distribution of gain from the disposition of U.S. real property interests above, the non-U.S. Holder should not be subject to U.S. federal income taxation on any gain from the Liquidation unless: (a) the gain is effectively connected with the non-U.S. Holder's conduct of a trade or business in the United States; (b) the non-U.S. Holder is an individual present in the United States for 183 days or more in the taxable year of the Liquidation and certain other requirements are met; or (c) such common stock constitutes a U.S. real property interest under FIRPTA.

A non-U.S. Holder whose gain is effectively connected with the conduct of a trade or business in the United States will be subject to U.S. federal income tax on such gain on a net basis in the same manner as a U.S. Holder. In addition, a non-U.S. Holder that is a corporation may be subject to the 30% branch profits tax on such effectively connected gain.

A non-U.S. Holder who is an individual present in the United States for 183 days or more in the taxable year of the Liquidation and who meets certain other requirements will be subject to a flat 30% tax on the gain recognized in the Liquidation, which may be offset by United States source capital losses. In addition, the non-U.S. Holder may be subject to applicable alternative minimum taxes.

If a non-U.S. Holder's common stock constitutes a U.S. real property interest under FIRPTA, such holder will be subject to U.S. federal income tax on the gain recognized in the Liquidation on a net basis in the same manner as a U.S. Holder. A non-U.S. Holder's common stock generally will not constitute a U.S. real property interest if (1) we are a domestically controlled qualified investment entity at the time of the distribution, or (2) the non-U.S. Holder holds, directly and by attribution, 5% or less of the total fair market value of our common stock at all times during the shorter of (a) the five-year period ending with the date of the distribution and (b) the non-U.S. Holder's holding period for the shares. A qualified investment entity includes a REIT. Assuming we qualify as a REIT, we will be a domestically controlled qualified investment entity at the time of a liquidating distribution if non-U.S. Holders held directly or indirectly less than 50% in value of our common stock at all times during the five-year period ending with the distribution. We believe that we are a domestically controlled qualified investment entity. Accordingly, we do not currently expect to withhold from liquidating distributions to non-U.S. Holders that satisfy the 5% Exception. However, no assurances can be given that the actual ownership of our common stock has been or will be sufficient for us to qualify as a domestically controlled qualified investment entity at the time of any liquidating distribution, or that any other exception from FIRPTA taxation or withholding may apply.

Income Tax Treaties. If a non-U.S. Holder is eligible for treaty benefits under an income tax treaty with the United States, the non-U.S. Holder may be able to reduce or eliminate certain of the U.S. federal income tax consequences discussed above, such as the branch profits tax. Non-U.S. Holders should consult their tax advisor regarding possible relief under an applicable income tax treaty.

Information Reporting and Backup Withholding

Under the Code, a U.S. Holder of our shares may be subject to information reporting on the cash received for the shares, unless an exemption applies. Backup withholding, currently at a rate of 28%, may also apply to payments made in connection with the Liquidation. Backup withholding will not apply, however, to a holder who (a) in the case of a U.S. Holder, furnishes a correct taxpayer identification number and certifies that the holder is not subject to backup withholding on the substitute IRS Form W-9 or successor form, (b) in the case of a non-U.S. Holder, furnishes an applicable IRS Form W-8 or successor form, or (c) is otherwise exempt from

Table of Contents

backup withholding and complies with other applicable rules and certification requirements. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against such holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS.

The Liquidating Trust

In the event liquidating distributions from our company are transferred to a Liquidating Trust, stockholders will be treated for tax purposes as having received their pro rata share of property transferred to the Liquidating Trust, reduced by the amount of known liabilities assumed by the Liquidating Trust or to which the property transferred is subject. See Proposal 3: Plan of Liquidation Liquidating Trust. The Liquidating Trust itself should not be subject to tax. After formation of a Liquidating Trust, the stockholders must take into account for U.S. federal income tax purposes each year their allocable portion of any income, expense, gain or loss recognized by the Liquidating Trust. As a result of the transfer of property to a Liquidating Trust and the possible receipt of income by the Liquidating Trust, stockholders should be aware that they may be subject to tax, whether or not they have received any actual distributions from the Liquidating Trust with which to pay the tax. Any final distribution from a Liquidating Trust to stockholders would not have any further U.S. federal income tax consequences to stockholders.

State and Local Income Tax Consequences

Stockholders may also be subject to liability for state and local taxes with respect to the receipt of liquidating distributions for their shares, as well as their Interests in the Liquidating Trust.

THE FOREGOING DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OF THE POTENTIAL TAX CONSIDERATIONS RELATING TO THE OP RECAPITALIZATION, THE ASSET SALE AND THE LIQUIDATION AND IS NOT TAX ADVICE. THEREFORE, HOLDERS OF OUR COMMON STOCK ARE URGED TO CONSULT THEIR TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE TRANSACTIONS, INCLUDING THE APPLICABILITY AND EFFECT OF UNITED STATES FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX LAWS.

Appraisal Rights

Under Maryland law, because our common stock is listed on NASDAQ, holders of shares of our common stock will not be entitled to appraisal rights in connection with the Transactions.

Required Vote

The Board and Independent Directors Committee each unanimously has determined that each of the OP Recapitalization, the Asset Sale and the Liquidation is advisable and in our best interests and the best interests of our stockholders, and has approved, subject to stockholder approval, the OP Recapitalization, the Asset Sale, and the Liquidation. In making its determination that each of these transactions is advisable and in the best interests of us and our stockholders, the Board and Independent Directors Committee considered those factors described in Reasons for the OP Recapitalization, the Asset Sale and the Liquidation and Factors the Board Considered in Determining Fairness and Reasons for the OP Recapitalization, the Asset Sale and the Liquidation and Factors the Independent Directors Committee Considered in Determining Fairness . Under the Maryland General Corporation Law and our charter and bylaws, the affirmative vote of the holders of shares of common stock entitled to cast a majority of all of the votes entitled to be cast on such matters at the Special Meeting is required to approve each of the OP Recapitalization, the Asset Sale and the Liquidation. In addition, pursuant to the Separation Agreement, we must obtain the affirmative vote of the holders of shares of common stock entitled to cast a majority of all of the votes entitled to be cast on the matters at the Special Meeting, disregarding (in the numerator and denominator) votes cast or entitled to be cast by the Buyer, Carl Berg, or any person who is a

member of the immediate family of Carl Berg or any entity which is controlled by Carl Berg, to approve the OP Recapitalization. Pursuant to an agreement between Mr. Berg and the Buyer, so long as the Sale Agreement remains in effect, Mr. Berg has agreed to vote his shares of common stock in favor of each of these transactions and against any competing proposals. In the event our stockholders do not approve each of the OP Recapitalization, the Asset Sale and the Liquidation at the Special Meeting, we will not complete any of the Transactions. Unless directed otherwise, the shares represented by the enclosed proxy will be voted FOR each of Proposals 1, 2, 3, 4 and 5.

SPECIAL MEETING

We are furnishing this Proxy Statement to our stockholders as part of the solicitation of proxies by the Board for use at the Special Meeting.

Date, Time and Place

We will hold the Special Meeting at 10:00 a.m., Pacific Time, on December 13, 2012, at 10050 Bandley Drive, Cupertino, California 95014. If you plan to attend the Special Meeting, please note that you may be asked to present valid photo identification, such as a driver's license or passport. Stockholders owning stock in brokerage accounts must bring a copy of a brokerage statement reflecting stock ownership as of the record date. Cameras, recording devices and other electronic devices will not be permitted at the Special Meeting.

Purpose of the Special Meeting

At the Special Meeting, stockholders will be asked to vote on the following:

Proposal 1 to consider and vote on approval of the recapitalization of our Operating Partnerships (the OP Recapitalization) pursuant to the Asset Alignment and Limited Partnership Conversion Agreement and the Partnership Separation Agreement by and among us, each of our Operating Partnerships and the limited partners of the Operating Partnerships. Pursuant to the agreements, following certain sales of assets and conversions of ownership interests, we will withdraw as the general partner of, and with respect to any limited partnership interests in, each of the Operating Partnerships, resulting in the Surviving LPs having complete ownership interest in the remaining Operating Partnerships, and with entities affiliated with Carl E. Berg holding a majority in interest of the remaining Operating Partnerships;

Proposal 2 to consider and vote on approval of the sale of substantially all of our remaining assets after giving effect to the OP Recapitalization (the Asset Sale) to the Buyer following completion of the OP Recapitalization pursuant to the Sale Agreement;

Proposal 3 to consider and vote on the approval of the liquidation and dissolution of our company following the closing of the OP Recapitalization and the Asset Sale (the Liquidation and, together with the OP Recapitalization and the Asset Sale, the Transactions);

Proposal 4 to consider and vote on a non-binding advisory proposal to approve compensation to certain executive officers in connection with the Transactions; and

Proposal 5 to consider and vote on approval of the adjournment of the Special Meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the Special Meeting to approve any of Proposals 1, 2 or 3 (the Adjournment).

Recommendation of our Board and Independent Directors Committee

The Board, after careful consideration and acting on the unanimous recommendation of the Independent Directors Committee composed entirely of independent directors, unanimously deemed it advisable and in our best interests and those of our stockholders that we enter into the Recapitalization Agreements, complete the OP Recapitalization, enter into the Sale Agreement, complete the Asset Sale and complete the Liquidation and has determined that the Sale Agreement and the transactions contemplated by the Sale Agreement, including the Asset Sale and the Liquidation, are advisable, fair to and in our best interests and those of our stockholders and recommended that our stockholders approve the OP Recapitalization, the Asset Sale and the Liquidation at the Special Meeting. The Board recommends that our stockholders vote **FOR** each of Proposal 1, 2, 3, 4 and 5.

Table of Contents

Record Date; Stockholders Entitled to Vote; Quorum

The close of business on November 2, 2012, has been set as the record date for determining the stockholders entitled to receive notice of and to vote at the Special Meeting. As of November 2, 2012, 22,674,020 shares of our common stock, par value \$.001 per share, were issued and outstanding and entitled to vote at the Special Meeting. Holders of shares of our common stock outstanding as of the close of business on the record date will be entitled to one vote per share of common stock at the Special Meeting on each proposal.

Abstentions and broker non-votes will be counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a broker, dealer, commercial bank, trust company or other nominee does not vote on a particular matter because such broker, dealer, commercial bank, trust company or other nominee does not have the discretionary voting power with respect to that proposal and has not received voting instructions from the beneficial owner. Brokers, dealers, commercial banks, trust companies and other nominees will not have discretionary voting power with respect to the Proposals to approve the OP Recapitalization, the Asset Sale, the Liquidation or the compensation of certain executive officers. As a result, if you hold shares in street name, it is very important that you provide specific voting instructions on each of the Proposals and promptly return your voting instruction card to your bank or broker.

A quorum will be present at the Special Meeting if the holders of a majority of the shares of our common stock outstanding and entitled to vote on the record date are present, in person or by proxy. In the event that a quorum is not present, or if there are insufficient votes to approve the OP Recapitalization, the Asset Sale or the Liquidation at the time of the Special Meeting, it is expected that the Special Meeting will be postponed or will be adjourned pursuant to Proposal 5 in order to solicit additional proxies.

Vote Required

Assuming the presence of a quorum, the affirmative vote of the holders of shares of common stock entitled to cast a majority of all of the votes entitled to be cast on such matters at the Special Meeting is required to approve each of Proposals 1, 2 and 3. In addition, Proposal 1 must be approved by the affirmative vote of the holders of shares of common stock entitled to cast a majority of all of the votes entitled to be cast at the Special Meeting, disregarding (in the numerator and denominator) votes cast or entitled to be cast by the Buyer, Carl E. Berg, or any person who is a member of the immediate family of Carl E. Berg or any entity which is controlled by Carl E. Berg. Broker non-votes, abstentions or failure to submit a proxy or vote in person at the Special Meeting will have the same effect as a vote AGAINST each of Proposals 1, 2 and 3.

Approval of the advisory vote regarding the compensation of certain executive officers described in Proposal 4 requires the affirmative vote of a majority of the votes cast on the proposal. The affirmative vote of a majority of the votes cast, whether in person or by proxy, at the Special Meeting is required to approve Proposal 5. Abstentions and broker non-votes, if any, will not be counted as votes cast on Proposals 4 or 5 and will have no effect on the results of these votes.

Voting by Directors and Executive Officers; Voting Agreement

As of October 31, 2012, our executive officers and directors owned an aggregate of 4,412,500 shares of our common stock, representing approximately 17.85% of the voting power of our common stock. No directors or executive officers have indicated a present intention to vote against any of the Proposals. (See Security Ownership of Certain Beneficial Owners and Management)

Pursuant to a voting agreement between Carl E. Berg, our Chairman and Chief Executive Officer, and the Buyer, Mr. Berg has agreed to vote any shares of our common stock that he owns in favor of each of Proposals 1, 2 and 3. As of October 31, 2012, Mr. Berg owned 2,000,000 shares of our common stock, representing approximately 8.8% of the voting power of our outstanding common stock.

Voting Procedures

Ensure that your shares of common stock can be voted at the Special Meeting by submitting your proxy or contacting your broker, dealer, commercial bank, trust company or other nominee.

Table of Contents

If your shares of common stock are registered in the name of a broker, dealer, commercial bank, trust company or other nominee: check the voting instruction card forwarded by your broker, dealer, commercial bank, trust company or other nominee to see which voting options are available or contact your broker, dealer, commercial bank, trust company or other nominee in order to obtain directions as to how to ensure that your shares of common stock are voted at the Special Meeting.

If your shares of common stock are registered in your name: submit your proxy as soon as possible by telephone, via the Internet or by signing, dating and returning the enclosed proxy card in the enclosed postage-paid envelope, so that your shares of common stock can be voted at the Special Meeting. Instructions regarding telephone and Internet voting are included on the proxy card.

The failure to vote will have the same effect as a vote against Proposals 1, 2 and 3. If you sign, date and mail your proxy card without indicating how you wish to vote, your proxy will be voted in favor of Proposals 1, 2, 3 and 4 and the proposal to adjourn the Special Meeting, if necessary and appropriate, to solicit additional proxies.

Voting by Proxy or in Person at the Special Meeting

Holders of record can ensure that their shares of common stock are voted at the Special Meeting by completing, signing, dating and delivering the enclosed proxy card in the enclosed postage-paid envelope. Submitting by this method or voting by telephone or the Internet as described below will not affect your right to attend the Special Meeting and to vote in person. If you plan to attend the Special Meeting and wish to vote in person, you will be given a ballot at the Special Meeting. Please note, however, that if your shares of common stock are held in street name by a broker, dealer, commercial bank, trust company or other nominee and you wish to vote at the Special Meeting, you must bring to the Special Meeting a proxy, executed in your favor, from the record holder of those shares of common stock authorizing you to vote at the Special Meeting.

Revocation of Proxies

Submitting a proxy on the enclosed form does not preclude a stockholder from voting in person at the Special Meeting. Stockholders may revoke their proxies at any time before they are voted at the Special Meeting in any one of three ways:

by sending a properly signed written notice of your revocation to our Corporate Secretary at the address listed on page 1 of this Proxy Statement;

by submitting another proxy that is properly signed and bears a later date; or

by attending the Special Meeting and voting in person.

If your shares are registered in the name of a broker, dealer, commercial bank, trust company or other nominee you must contact your broker, dealer, commercial bank, trust company or other nominee to revoke your proxy.

Attendance at the Special Meeting will not itself revoke a previously submitted proxy.

Solicitation of Proxies

This proxy solicitation is being made by us on behalf of the Board and will be paid for by us. Our directors, officers and employees may also solicit proxies by personal interview, mail, e-mail, telephone, facsimile or other means of communication. These persons will not be paid additional remuneration for their efforts. In addition, we will reimburse brokerage firms and other persons representing beneficial owners of common stock for their expenses in forwarding proxy material to such beneficial owners. At this time we have not engaged a proxy solicitor, however we may do so in the future. If we do engage a proxy solicitor we will pay the customary costs associated with such engagement.

Therefore we encourage you to carefully read the Recapitalization Agreements included as Annexes C and D to this Proxy Statement for a complete description of the terms of the OP Recapitalization, the rights and obligations of the parties to the Recapitalization Agreements and other information that may be important to you.

The OP Recapitalization

We are the general partner of each of the Operating Partnerships, and members of the Berg Group and certain other persons are the Limited Partners.

The table below sets forth certain information about each of the Operating Partnerships as of October 31, 2012 prior to giving effect to the OP Recapitalization (the amounts shown as Aggregate Value of Other Assets and Liabilities are subject to change up to and until the closing of the OP Recapitalization).

- (1) Includes a 60.13% ownership interest held by the Carl and Mary Ann Berg Charitable Remainder Trust and a 5.56% ownership interest held by the Kara Ann Berg Charitable Remainder Trust.
- (2) Includes a 41.56% ownership interest held by each of the Carl and Mary Ann Berg Charitable Remainder Trust and the Clyde J. Berg 2011 Charitable Remainder Trust (together with the Kara Ann Berg 2011 Charitable Remainder Trust, the Charitable Remainders Trusts).
- (3) Includes the value of both the Retained Properties and Target Properties held by each Operating Partnership prior to the OP Recapitalization, determined as set forth below.

Valuation of the Assets.

We and Mr. Berg (representing a majority in interest of the Limited Partners) have agreed upon the fair value of each real property asset. The value of the Retained Properties is based in part upon independent third party appraisals by Colliers dated June 25 through June 27, 2012. The aggregate value of the Target Properties is based on our arms-length negotiations with the Buyer with respect to the Target Properties. Other assets and liabilities to be transferred to or retained by the Operating Partnerships were valued as shown based on the estimated book value of those assets as of October 31, 2012.

Limited Partnership Unit Conversion.

We, in our capacity as general partner of the Operating Partnerships, have previously entered into an Exchange Rights Agreement dated as of December 29, 1998, as amended (the Exchange Rights Agreement),

Table of Contents

which gives Limited Partners that are a party thereto the right to tender their LP Units in exchange for newly issued shares of our common stock on a one-for-one basis, cash or a combination of cash and stock, at our election. In connection with the OP Recapitalization and in accordance with the Exchange Rights Agreement, the Limited Partners will be given the opportunity to tender their LP Units for conversion, prior to the closing of the OP Recapitalization (the Conversion). Pursuant to the Exchange Rights Agreement, if the issuance of shares of our common stock or cash in exchange for LP Units would result in any person not satisfying the REIT requirements or cause an exchanging Limited Partner to exceed certain restrictions on ownership and transfer contained in our charter, the Limited Partners have agreed to restructure the exchange of the LP Units so as to provide any such person the same substantive exchange rights, including by issuance of promissory notes in lieu of shares of our common stock, that will allow for those Limited Partners affected to participate in the proceeds of the Asset Sale and the Liquidation in such amounts as if the LP Units had been converted to shares of our common stock on a one-to-one basis. Further, the Limited Partners electing not to tender their LP Units will be asked to forfeit any rights they may have pursuant to the Exchange Rights Agreement upon and after the closing of the Recapitalization and to agree to terminate the Exchange Rights Agreement after the closing of the OP Recapitalization. Immediately prior to the closing of the OP Recapitalization, it is anticipated that 48,504,094 LP Units will be exchanged for the same number of shares of our common stock or promissory notes in lieu thereof, including 1,379,280 LP Units in MWP4 held by members of the Berg Group. In the event holders of more or less than 48,504,094 LP Units tender their interests, the Berg Group has agreed to increase or decrease the number of LP Units members of the Berg Group tender such that the final number of shares of our common stock to be issued is 48,504,094. After the Conversion and the OP Recapitalization, the remaining Limited Partners will own all of the Limited Partnership interests in the Operating Partnerships (the Surviving LPs).

Asset Alignment.

As part of the OP Recapitalization and pursuant to the Alignment Agreement, MWP4 will sell certain real property assets at an agreed upon fair value of approximately \$134 million to MWP0, MWP2 and MWP3 in exchange for approximately \$15 million in cash and \$118 million in promissory notes (the Asset Alignment). Upon the closing of this sale, MWP4 will no longer hold any real property assets and will only hold notes and cash received in the sale.

Separation from the Operating Partnerships.

As part of the OP Recapitalization and immediately after the Asset Alignment, the Operating Partnerships will transfer real property and cash, debt and certain other assets and liabilities to us in exchange for full redemption and cancellation of our general partnership interest in each of the Operating Partnerships and any LP Units we hold, and our resignation as general partner of each of the Operating Partnerships (the Separation). The transfers will occur as set forth below:

MWP0.

MWP0 will transfer certain properties valued at \$514,791,629, together with \$270,526,757 of debt and other obligations in full redemption and cancellation of all of our ownership interest in MWP0. Following this transfer, the Surviving LPs will own 100% of MWP0.

MWP1.

MWP1 will transfer certain properties valued at \$106,208,946, together with \$85,814,549 of debt and other obligations, to us in full redemption and cancellation of all of our ownership interest in MWP1. Following this transfer, the Surviving LPs will own 100% of MWP1.

MWP2.

MWP2 will transfer certain properties valued at \$146,245,184, together with \$155,344,252 of debt and other obligations, to us in full redemption and cancellation of all of our ownership interest in MWP2. Following this transfer, the Surviving LPs will own 100% of MWP2.

MWP3.

MWP3 will transfer certain properties valued at \$30,182,184, together with \$17,970,892 of debt and other obligations, to us in full redemption and cancellation of all of our ownership interest in MWP3. Following this transfer, the Surviving LPs will own 100% of MWP3.

MWP4.

MWP4 will transfer certain receivables, debt and other obligations at a net value of \$132,599,221, to us in full redemption and cancellation of all of our ownership interest in MWP4. Following this transfer, and after the closing of the OP Recapitalization, MWP4 will be dissolved.

MWP5.

MWP5 will transfer certain receivables, debt and other obligations at a net value of \$45,598,820, in full redemption and cancellation all of our ownership interest in MWP4. Following this transfer, and after the closing of the OP Recapitalization, MWP5 will be dissolved.

The table below sets forth certain information about each of the Operating Partnerships as of October 31, 2012, on a pro forma basis after giving effect to the OP Recapitalization; the Aggregate Value of Other Assets and Liabilities are subject to change up to and until the closing the OP Recapitalization.

If approved, it is intended that the OP Recapitalization will occur immediately prior to the closing of the Asset Sale. Following the OP Recapitalization, we will no longer have any interest in the Operating Partnerships.

Consideration of a Superior Proposal

In addition, under certain circumstances, we may consider other written, unsolicited transaction proposals received by us prior to the Special Meeting with respect to the properties not being purchased by the Buyer (the Retained Properties), if any such proposal is deemed a superior proposal by the Independent Directors Committee. The Board may also change its recommendation to stockholders if it receives a superior proposal. There are no termination fees associated with taking such actions, provided that we are able to consummate the Asset Sale pursuant to the terms of the Sale Agreement.

The Asset Sale

Subject to stockholder approval, we plan to sell to the Buyer the properties and receivables we acquire in the Separation as a result of the OP Recapitalization and to transfer the assumed debts and obligations. For more information regarding the Asset Sale, see Proposal 2 Asset Sale .

The Appraisals

Selection and Qualifications of Independent Appraiser.

The Independent Directors Committee retained the services of Colliers to appraise the market value of each of the Retained Properties and certain other real estate assets. Colliers is an experienced independent valuation consulting firm that has performed appraisal services for lenders in connection with our properties in the past. The Independent Directors Committee believes that any prior relationship we had with Colliers did not have any impact on its independence in conducting the appraisals related to the Transactions.

Factors Considered.

Colliers performed complete appraisals of the Retained Properties. Colliers has represented that its reports were prepared in conformity with the Appraisal Standards for Federally Related Transactions, as promulgated by the Board of Governors of the Federal Reserve System, the Uniform Standards of Professional Appraisal Practice, as promulgated by the Appraisal Standards Board of the Appraisal Foundation, and the Code of Ethics and Standards of Professional Practice of the Appraisal Institute of Real Estate Appraisers. We furnished Colliers with all of the necessary information requested by them in connection with the appraisals. The appraisals were not conditioned on providing a minimum valuation or a specific valuation. In preparing its valuation of each property, Colliers, among other things:

Physically viewed the subject property and its surrounding neighborhood;

Reviewed the subject property leasing policies, offered rental concessions, tenant improvement allowances and historical rental rates and occupancy levels, if applicable;

Reviewed historical income and expense statements for the subject property, if applicable;

Interviewed various city officials, commercial real estate brokers, property owners and managers, as well as other parties;

Collected, verified and analyzed market data and other information employed in each of the traditional valuation approaches outlined in the appraisal report; and

Communicated the appraisal process, reasoning, analysis and final value conclusions through an appraisal report.

Summary of Approaches and Methodologies Employed. The following summary describes the approaches and analyses employed by Colliers in preparing the appraisals. Colliers principally relied on two approaches to valuation: (1) the sales comparison approach and (2) the income approach.

The sales comparison approach is based on a comparison of the subject property to similar, recently sold properties in the surrounding or competing area. Inherent in this approach is the principle of substitution, which holds that when a property is replaceable in the market, its value tends to be set at the cost of acquiring an equally desirable substitute property, assuming no costly delay is encountered in making the substitution. By analyzing all of the sales information collected, the sales that qualify as arms-length transactions between willing and knowledgeable buyers and sellers are used to identify market value and price trends. According to Colliers' appraisal reports, the basic steps of this approach are:

Research the competitive market and compile recent comparable sales and offerings;

Edgar Filing: MISSION WEST PROPERTIES INC - Form DEFM14A

Reduce the sales prices to a common unit of comparison such as price per square foot, effective gross income multiplier, and overall capitalization rate;

Analyze the nature and condition of each sale, making logical adjustments for dissimilar characteristics to formulate a value range for the subject property; and

Interpret the adjusted sales data and draw a logical value conclusion.

Table of Contents

According to Colliers' appraisal reports: (1) the most widely used and market-oriented unit of comparison for properties such as the Retained Properties other than the 1040-1050 La Avenida Street Property in Mountain View and the 1310-1450 McCandless Drive Property in Milpitas (the McCandless Properties) is the sales price per square foot of building area; (2) the most widely used and market-oriented unit of comparison for sales of commercial sites to be developed similar to the 1040-1050 La Avenida Street Property is the sales price per buildable square foot; and (3) the most widely used and market-oriented unit of comparison for sales of high density residential zoned developments to be developed similar to the McCandless Properties is the sales price per proposed dwelling unit. All comparable sales were analyzed on these bases. For each of its appraisals of each of the Retained Properties other than the 1040-1050 La Avenida Street Property and the McCandless Properties, Colliers researched recent consummated sales of properties considered comparable to and competitive with the subject property from an investment standpoint and, therefore, relevant to the valuation of the subject property. For its appraisal of each of the 1040-1050 La Avenida Street Property and the McCandless Properties, Colliers surveyed land sales of similarly zoned sites located in the subject neighborhood and surrounding areas. Of the land sale transactions and listings uncovered for each of the 1040-1050 La Avenida Street Property and the McCandless Properties, Colliers selected those most comparable to the subject site and adjusted them for the following characteristics:

Property rights conveyed,

Financing,

Conditions of sale,

Market conditions (time),

Site shape/efficiency,

Parcel size and

Intended use, for the 1040 1050 La Avenida Street Property, or proposed density (dwelling units per acre), for the McCandless Properties.

The income approach is based on the principle that a property's value is determined by its anticipated economic benefits. Income capitalization is the method of converting the anticipated economic benefits of owning property into a value estimate. In order to value the anticipated economic benefits of a particular property, potential income and expenses must be estimated, and the most appropriate capitalization method must be selected to calculate the net operating income.

The direct capitalization and discounted cash-flow analysis (or yield capitalization) are the two most common methods of converting net income into value. In direct capitalization, net operating income is divided by an overall rate extracted directly from market sales to indicate a value. In the direct capitalization method, no allocation between return of capital (or the repayment of the capital investment) and the return on capital (or profit after capital investment is paid back) is made. According to Colliers' appraisal reports, this valuation technique is most appropriate when analyzing a property with a stable income stream. In the discounted cash-flow analysis, anticipated future net income streams and a reversionary value are discounted to an estimate of net present value at a chosen yield rate (internal rate of return). This method reflects changing income streams over a specific investment or holding period. It also separately projects a property's reversionary value at the end of the holding period. Consequently, the return of and return on capital are estimated separately in this method.

According to Colliers' appraisal reports, property investors, brokers, and developers state that direct capitalization is the most widely used income approach method by investors when analyzing properties similar to the subject properties. Such properties typically have stable income streams, unlike larger, multi-tenant facilities that reflect periodic vacancy and re-leasing. Therefore, Colliers determined that the direct capitalization technique is the most appropriate income approach method to value the subject properties analyzed using the income approach.

Table of Contents

The final step in the appraisal process is the reconciliation of the value indicators into a single value estimate. In the reconciliation, Colliers considered the contribution of each approach with regard to the type of property being appraised, the adequacy and reliability of the data analyzed, and the actions of typical users and investors in the present real estate market. For the appraisals of each of Retained Properties other than the 1040-1050 La Avenida Street Property and the McCandless Properties, Colliers placed most weight on the value conclusions from the income approach and considered the value conclusion from the sales comparison approach to be relevant and useful for valuing the subject property and supportive of the value conclusion from the income approach. For the appraisals of each of the 1040-1050 La Avenida Street Property and the McCandless Properties, Colliers determined that the only applicable valuation technique for the subject sites is the sales comparison approach. For the 1040-1050 La Avenida Street Property, based on its research and highest and best use as improved conclusion cited in its appraisal report, Colliers concluded that a buyer of the subject parcels would purchase them for redevelopment for office use. Therefore, Colliers' determination of the market value of the subject property includes the market value of the subject site, as if vacant and available for development to its highest and best use, plus demolition costs of the existing subject improvements. For the McCandless Properties, based on the fact that the subject properties sold, or are under contract to be sold, for residential redevelopment, coupled with Colliers' highest and best use as improved conclusion cited in its appraisal report for the entire property that is the subject of the appraisal, Colliers concluded that a buyer of the subject parcels would purchase them for residential redevelopment. Therefore, Colliers' determination of the market value of the improved subject sites includes the market value of the improved subject sites, as if vacant and available for development to their highest and best use, using the sales comparison approach and then deducting the demolition costs of the existing subject improvements.

Summary of Independent Appraisals of the Retained Properties. Colliers performed complete appraisals of the Retained Properties. The appraisal report of the Tenant A Properties was dated June 26, 2012 and indicates that, as of June 26, 2012: (1) the estimated market value of the Mariani Avenue Property was \$41,000,000; (2) the estimated market value of the De Anza Boulevard Property was \$86,500,000; and (3) the estimated market value of the two Valley Green Drive Properties were \$52,200,000. The appraisal report of seven buildings located in Mountain View (the Mountain View Properties) was dated June 27, 2012 and indicates that, as of June 27, 2012: (1) the estimated market value of the 1065-1105 La Avenida Street Property was \$264,000,000; and (2) the estimated market value of the 1040-1050 La Avenida Street Property was \$5,870,000. The appraisal report of the Hellyer Property in San Jose was dated June 25, 2012 and indicates that, as of June 25, 2012, the estimated market value of the Hellyer Property was \$26,000,000. The appraisal report of the Lightpost Way Property in Morgan Hill was dated June 25, 2012 and indicates that, as of June 25, 2012, the estimated market value of the Lightpost Way Property was \$14,550,000. The appraisal report of the McCandless Properties was dated June 27, 2012, and indicates that, as of June 27, 2012: the estimated market value of the McCandless Properties was \$11,100,000. The summaries set forth below describe the material conclusions reached by Colliers based on the values determined under the valuation approaches used and subject to the assumptions and limitations described below.

The Tenant A Properties. The following is a summary of the appraisal report of the Tenant A Properties dated June 26, 2012:

Valuation Under Sales Comparison Approach. Colliers estimated the property value of Tenant A Properties under the sales comparison approach by researching recent consummated sales of properties considered comparable to and competitive with the subject properties from an investment standpoint and, therefore, relevant to the valuation of the subject properties. The sales comparison approach resulted in a valuation conclusion, as of June 26, 2012, of approximately: (1) \$40,730,000 for the Mariani Avenue Property; (2) \$86,150,000 for the De Anza Boulevard Property; and (3) \$52,440,000 for the Valley Green Drive Property.

In reaching a valuation conclusion for the Mariani Avenue Property, Colliers examined and analyzed comparable sales of four properties in the influencing market. The sales reflected per unit unadjusted sales prices ranging from \$369.48 to \$549.74. After adjustment, the comparable sales illustrated a range from \$353.60 to \$403.52 per unit. Colliers estimated a value of \$380.00 per unit. Because the Mariani Avenue Property was

Table of Contents

leased at a contract rental rate below Colliers' market rent conclusion, Colliers calculated and concluded the portion of the contract rent below the market conclusion during the subject lease to equal negative \$313,010. This figure was deducted from Colliers' value conclusion to calculate its as is leased fee market value conclusion. Applying the estimated value per unit to the Mariani Avenue Property's 107,989 units and deducting for the under-market rent, Colliers' total value estimate for the Mariani Avenue Property was approximately \$40,730,000 as of June 26, 2012.

In reaching a valuation conclusion for the De Anza Boulevard Property, Colliers examined and analyzed comparable sales of four properties in the influencing market. The sales reflected per unit unadjusted sales prices ranging from \$369.48 to \$549.74. After adjustment, the comparable sales illustrated a range from \$367.12 to \$529.91 per unit. Colliers estimated a value of \$415.00 per unit. Because the De Anza Boulevard Property was leased at a contract rental rate below Colliers' market rent conclusion, Colliers calculated and concluded the portion of the contract rent below the market conclusion during the subject lease to equal negative \$1,418,843. This figure was deducted from Colliers' value conclusion to calculate its as is leased fee market value conclusion. Applying the estimated value per unit to the De Anza Boulevard Property's 211,000 units and deducting for the under-market rent, Colliers' total value estimate for the De Anza Boulevard Property was approximately \$86,150,000 as of June 26, 2012.

In reaching a valuation conclusion for the Valley Green Drive Properties, Colliers examined and analyzed comparable sales of four properties in the influencing market. The sales reflected per unit unadjusted sales prices ranging from \$369.48 to \$549.74. After adjustment, the comparable sales illustrated a range from \$348.94 to \$479.03 per unit. Colliers estimated a value of \$380.00 per unit. Because the Valley Green Drive Properties were leased at a contract rental rate below Colliers' market rent conclusion, Colliers calculated and concluded the portion of the contract rent below the market conclusion during the subject lease to equal negative \$1,524,331. This figure was deducted from Colliers' value conclusion to calculate its as is leased fee market value conclusion. Applying the estimated value per unit to the Valley Green Drive Properties' 142,000 units and deducting for the under-market rent, Colliers' total value estimate for the Valley Green Drive Properties was approximately \$52,440,000 as of June 26, 2012.

Valuation Under Income Approach. Using the income approach, Colliers performed a direct capitalization analysis to derive a value for the Tenant A Properties. The direct capitalization analysis resulted in a valuation conclusion, as of June 26, 2012, of approximately: (1) \$41,020,000 for the Mariani Avenue Property; (2) \$86,750,000 for the De Anza Boulevard Property; and (3) \$52,110,000 for the Valley Green Drive Property.

The conclusions employed by Colliers to determine the value of the Tenant A Properties as of June 26, 2012 under the income approach using a direct capitalization analysis included:

current market rent, on a triple net basis, of (1) \$2.20 per square foot per month for the Mariani Avenue Property, (2) \$2.40 per square foot per month for the De Anza Boulevard Property and (3) \$2.17 per square foot per month for the Valley Green Drive Properties;

vacancy factor and collection loss factor of 5.0%;

\$0.20 per square foot of building area as an appropriate amount for reserves for replacement; and

capitalization rate of 6.5%.

Because each of the Tenant A Properties was leased at a contract rental rate below Colliers' market rent conclusion, Colliers calculated and concluded the portion of the contract rent below the market conclusion during the subject lease to equal: (1) negative \$313,010 for the Mariani Avenue Property; (2) negative \$1,418,843 for the De Anza Boulevard Property; and (3) negative \$1,524,331 for the Valley Green Drive Property. These figures were deducted from Colliers' applicable value conclusions to calculate the as is leased fee market value conclusions. Using a direct capitalization analysis, Colliers calculated the value of each of the Tenant A Properties by dividing the net operating income (including an allowance for reserves) by the concluded capitalization rate of 6.5% then deducting for the under-market rent. Colliers calculated the value conclusion of

the Tenant A Properties under the income approach, as of June 26, 2012, of approximately: (1) \$41,020,000 for the Mariani Avenue Property; (2) \$86,750,000 for the De Anza Boulevard Property; and (3) \$52,110,000 for the Valley Green Drive Properties.

Reconciliation of Values and Conclusion of Appraisal. For the appraisal of the Tenant A Properties, Colliers placed most weight on the value conclusions from the income approach and considered the value conclusions from the sales comparison approach to be relevant and useful for valuing the subject properties and supportive of the value conclusions from the income approach.

For the Mariani Avenue Property, the sales comparison approach resulted in a value of \$40,730,000, and the income approach using a direct capitalization method resulted in a value of \$41,020,000. Colliers concluded that the market value of the Mariani Avenue Property as of June 26, 2012 was \$41,000,000.

For the De Anza Boulevard Property, the sales comparison approach resulted in a value of \$86,150,000, and the income approach using a direct capitalization method resulted in a value of \$86,750,000. Colliers concluded that the market value of the De Anza Boulevard Property as of June 26, 2012 was \$86,500,000.

For the Valley Green Drive Properties, the sales comparison approach resulted in a value of \$52,440,000, and the income approach using a direct capitalization method resulted in a value of \$52,110,000. Edgar Filing: MISSION WEST PROPERTIES INC - Form DEFM14A

The sales reflected per unit unadjusted sales prices ranging from \$283.49 to \$511.76. After adjustment, the comparable sales illustrated a range from \$473.27 to \$607.84 per unit. Colliers estimated a value of \$540.00 per unit. Because the 1065-1105 La Avenida Street Property was leased at a contract rental rate below Colliers' market rent conclusion, Colliers calculated and concluded the portion of the contract rent below the market conclusion during the subject lease to equal negative \$16,045,163. Applying the estimated value per unit to the 1065-1105 La Avenida Street Property's 515,700 units and deducting for the under-market rent, Colliers' total value estimate for the 1065-1105 La Avenida Street Property was approximately \$262,430,000 as of June 27, 2012.

Termination of the Sale Agreement

The Buyer may, in its sole and absolute discretion, terminate the Sale Agreement and have its deposit returned to it at any time and for any reason on or prior to the Benchmark Date.

We and the Buyer may, by mutual written consent, terminate the Sale Agreement and abandon the Asset Sale at any time prior to the closing. The Sale Agreement may also be terminated and the Asset Sale abandoned at any time prior to the closing by either us or the Buyer, if:

any governmental agency of competent jurisdiction has issued an order permanently restraining, enjoining or otherwise prohibiting the Asset Sale and the order shall have become final and non-appealable;

the closing does not occur on or prior to December 27, 2012 (as such date may be extended by us to March 27, 2013 pursuant to the Sale Agreement); provided that our right to terminate will not be available if Buyer exercises its specific performance remedy described below; or

we do not receive stockholder approval of the Asset Sale.

The Sale Agreement may also be terminated and the Asset Sale abandoned at any time prior to the closing by us:

if all of the Buyer's closing conditions have been satisfied, other than those conditions that by their terms are to be satisfied at the closing, we have given the Buyer written notice that we are prepared to consummate the Asset Sale, and the Buyer breaches its obligations to consummate the Asset Sale;

prior to obtaining stockholder approval, so that we may enter into a definitive agreement providing for a Superior Proposal (as defined below), provided that for such termination to be effective we must have complied with the requirements described under "No Solicitation of Transactions", the deposit must be returned to the Buyer and we must pay the Buyer the \$14 million termination fee;

if the Buyer does not deliver a written waiver with respect to certain due diligence matters on or before 5:00 p.m., Pacific Time on the Benchmark Date;

prior to obtaining stockholder approval, if our Board (upon the recommendation of the Independent Directors Committee) makes a change in recommendation, provided that, for such termination to be effective we must have complied with the requirements described under "No Solicitation of Transactions", the deposit must be returned to the Buyer and we must pay the Buyer the \$14 million termination fee;

if we do not receive approval of the OP Recapitalization by a majority vote of our Unaffiliated Stockholders.

The Sale Agreement may also be terminated and the Asset Sale abandoned at any time prior to the closing by the Buyer, if:

(1) our Board or any committee of our Board makes a change in recommendation, (2) the Board or any committee has failed to include its recommendation in the Proxy Statement, (3) the Board or any committee formally resolves to take or publicly announces an intention to take any action to make a change in recommendation, or (4) we fail to hold the Special Meeting on or prior to the tenth day prior to December 27, 2012 or, if extended pursuant to the Sale Agreement, March 27, 2013;

all of our closing conditions have been satisfied, other than those conditions that by their terms are to be satisfied at the closing, the Buyer has given us written notice that it is prepared, ready, willing and able to consummate the Asset Sale and we breach our obligation to consummate the Asset Sale;

we have breached or failed to perform any of our representations, warranties, covenants or agreements set forth in the Sale Agreement, which breach is incapable of being cured by December 27, 2012 (as such date may be extended pursuant to the Sale Agreement);

Table of Contents

after obtaining stockholder approval, the Buyer receives written notice of any litigation or dispute threatened in writing or pending that may be Post-Stockholder Approval Litigation or a Post-Stockholder Approval Litigation Update;

we elect not to cure certain defects contained in the preliminary title report or land title survey for a Target Property; or

under certain circumstances, certain Target Properties suffer major damage, condemnation or eminent domain.

For purposes of the Sale Agreement:

a Superior Proposal means a bona fide written Acquisition Proposal (except that the references therein to 20% are replaced, in the case of clause (1)(A) thereof, with a reference to 75%, and in each other case, with a reference to 50%) made by a third party that the Board (acting upon the recommendation of the Independent Directors Committee), by requisite vote, determines in good faith, after consulting with its outside legal counsel and independent financial advisors, is reasonably likely to be consummated in accordance with its terms and, if consummated, would result in a transaction more favorable to our stockholders from a financial point of view than the Asset Sale, after taking into account all legal, financial, regulatory and other aspects of the proposal as the Board (acting upon the recommendation of the Independent Directors Committee) deems relevant.

an Acquisition Proposal means: (1) any inquiry, proposal or offer, or indication of interest in making a proposal or offer, made by any person or group of persons prior to receipt of stockholder approval of the Asset Sale (other than a proposal or offer by the Buyer or any of its affiliates) relating to any direct or indirect acquisition (in one or a series of related transactions, including by way of a merger, consolidation, business combination, joint venture, recapitalization, restructuring, liquidation, dissolution or similar transaction) of (A) 20% or more of the Target Properties, (B) 20% or more of our aggregate assets and those of our subsidiaries, or (C) 20% of our outstanding equity securities or business and those of our subsidiaries; (2) any tender offer or exchange offer, as such terms are used in the Exchange Act, that, if consummated, would result in any person or group (as defined in the Exchange Act) beneficially owning 20% or more of our outstanding equity securities; or (3) any transaction which is similar in form, substance or purpose to any of the foregoing transactions (other than, in each case, the Buyer's acquisition of the Target Properties and the OP Recapitalization).

a change in recommendation means to (1) withdraw, withhold, modify or qualify, or publicly (or privately to any stockholder) propose to withdraw, withhold, modify or qualify, in a manner adverse to the Buyer, the Board's approval of the Sale Agreement and the Asset Sale or the Board's recommendation that our stockholders approve the OP Recapitalization, the Asset Sale and the Liquidation or (ii) approve or recommend, or publicly propose to approve or recommend, any Acquisition Proposal.

Termination Fees

In the event the Sale Agreement is terminated for any reason by either us or the Buyer (other than as a result of the Buyer breaching its obligations to close the Asset Sale (1) when all of the Buyer's conditions to close have been satisfied (other than those conditions that by their terms are to be satisfied at the closing) and (2) we have given the Buyer written notice that we are prepared to close), any amounts previously deposited into the escrow account will be immediately returned to the Buyer.

If the Sale Agreement is terminated because we fail to obtain (1) stockholder approval of the Transactions or (2) approval of the OP Recapitalization by a majority vote of our Unaffiliated Stockholders, we have agreed to reimburse the Buyer for its out of pocket fees and expenses (including financing fees and expenses), up to \$2.5 million, and to return the deposit to the Buyer.

Table of Contents

We have agreed to pay the Buyer a termination fee of \$14 million and return the deposit to the Buyer if the Sale Agreement is terminated by the Buyer for any of the following reasons:

(1) our Board or any committee makes changes in recommendation, (2) our Board or any committee has failed to include its recommendation in the Proxy Statement or (3) our Board or any committee formally resolves to take or publicly announces an intention to take any action to make a change in recommendation;

all of our closing conditions have been satisfied, other than those conditions that by their terms are to be satisfied at the closing, the Buyer has given us written notice that it is prepared, ready, willing and able to consummate the Asset Sale and we breach our obligation to consummate the Asset Sale; or

we have breached or failed to perform any of our representations, warranties, covenants or agreements set forth in the Sale Agreement, which breach is incapable of being cured by December 27, 2012 (as such date may be extended pursuant to the Sale Agreement), but only if (1) such breach or failure to perform by us was material, intentional and in bad faith and renders the remedy of specific performance unavailable to the Buyer due to an encumbrance on one or more Target Properties or sale or other conveyance of one or more Target Properties or (2) such breach or failure relates solely to our failure to consummate the OP Recapitalization.

We have agreed to pay the Buyer a termination fee of \$14 million and return the deposit to the Buyer, if the Sale Agreement is terminated by us:

prior to obtaining stockholder approval so that we may enter into a definitive agreement providing for a Superior Proposal;

prior to obtaining stockholder approval, if our Board (upon the recommendation of the Independent Directors Committee) makes a change in recommendation.

We have agreed to pay the Buyer a termination fee of \$10 million and return the deposit to the Buyer if we fail to hold the Special Meeting to approve the Asset Sale on or prior to the tenth day prior to December 27, 2012 or, if extended pursuant to the Sale Agreement, March 27, 2013.

In the event we terminate the Sale Agreement because the Buyer breaches its obligations to consummate the Asset Sale when (1) all of its closing conditions have been satisfied (other than those conditions that by their terms are to be satisfied at the Closing) and (2) we have given the Buyer written notice that we are prepared to close, then we will retain the deposit and the Buyer will be obligated to reimburse us for the cost of any new surveys of the Target Properties for which we have paid.

Remedies

Our right to retain the amounts deposited by the Buyer under certain circumstances set forth in the Sale Agreement will be the sole and exclusive remedy of us and our subsidiaries and any of our former, current or future directors, officers, partners, managers, members, stockholders or affiliates (Related Parties) against the Buyer or any of its Related Parties for any loss suffered as a result of any breach of any representation, warranty, covenant or obligation in the Sale Agreement, and neither the Buyer nor any of its Related Parties will have any further liability or obligations relating to or arising out of the Sale Agreement including any other remedy at law or equity. We are not entitled to an injunction or injunctions to prevent breaches of the Sale Agreement by the Buyer or to enforce specifically the terms and provisions of the Sale Agreement.

The Buyer's right to the return of the amounts deposited by the Buyer, along with its right to the receive payment of the applicable termination fee or the Buyer's expenses, will be, subject to certain rights to equitable relief, including specific performance, described below, the sole and exclusive remedy of the Buyer and its Related Parties against us and any of our Related Parties for any loss suffered as a result of any breach of any representation, warranty, covenant or obligation in the Sale Agreement, and upon payment of such amounts,

Table of Contents

neither we nor any of our Related Parties will have any further liability or obligations relating to or arising out of the Sale Agreement including any other remedy at law or equity.

The Buyer will be entitled to an injunction or injunctions to prevent breaches of the Sale Agreement and to enforce specifically the terms and provisions thereof; provided, that in the event the Buyer elects to pursue specific performance by us to perform our obligations to consummate the closing under the Sale Agreement, the Buyer will not be entitled to receive the payment of the applicable termination fee or the Buyer's expenses. The Buyer will not be entitled to such equitable relief if the Sale Agreement is properly terminated by:

mutual written consent of us and Buyer;

either us or Buyer if any governmental agency of competent jurisdiction has issued an order permanently restraining, enjoining or otherwise prohibiting the Asset Sale and the order has become final and nonappealable;

either us or Buyer if we do not receive stockholder approval of the Asset Sale; or

us in the circumstances described above in Termination of the Sale Agreement

If the closing under the Sale Agreement has not occurred on or prior to December 27, 2012 (as such date may be extended to March 27, 2013 by us in accordance with the Sale Agreement), the Buyer will have the right to provide written notice to us within four (4) days after such date (Remedy Choice Deadline) that it intends to pursue the remedy of specific performance, which notice will be non-binding on the Buyer. The Buyer will have the right to bring an action seeking specific performance within ten (10) business days thereafter. If the Buyer delivers such notice prior to the Remedy Choice Deadline, any prior termination of the Sale Agreement due to our failure to close prior to December 27, 2012 (or March 27, 2013 if extended) will be automatically revoked and ineffective ab initio, and the Buyer may pursue the remedy of specific performance. No termination of the Sale Agreement will be effective following the Remedy Choice Deadline unless (i) the Buyer has failed to bring an action seeking specific performance within ten (10) business days after delivery of notice of the Buyer's intention to pursue the remedy of specific performance; (ii) a court has made a final determination that the remedy of specific performance will not be made available to the Buyer; or (iii) the Buyer otherwise consents thereto.

Expenses

Generally, all fees and expenses incurred by the parties to the Sale Agreement must be borne solely by the party that has incurred such fees and expenses.

We have agreed to pay (1) one-half of the escrow holder's fees in connection with the escrow; (2) all expenses and charges incurred in connection with the discharge of delinquent taxes and assessments, if any, which may be required in order for the title companies provided for in the Sale Agreement to issue the Buyer's title policy as if they were standard CLTA policies without endorsements; (3) all of the county documentary transfer taxes and one half of the city transfer taxes; (4) the premium for the Buyer's title policy as if they were CLTA policies without additional endorsements; (5) certain leasing commissions and other related costs not approved in advance by the Buyer; and (6) our usual charges in connection with the transfer of the Target Properties.

The Buyer has agreed to pay (1) one-half of the escrow holder's fees in connection with the escrow and one half of any city transfer taxes; (2) the Buyer's usual recording charges in connection with the transfer of the Target Properties; (3) any costs arising out of the issuance by the title companies provided for in the Sale Agreement of the Buyer's title policy, if applicable, which are in excess of the cost of a comparable, but standard, CLTA policy without endorsements, including applicable incremental costs of co-insurance and/or reinsurance selected by the Buyer; (4) certain leasing commissions and other related costs set forth in the Sale Agreement or otherwise approved in advance by the Buyer; (5) assumption fees and related costs imposed by the

holders of the debt to be assumed by the Buyer, capped at the amounts set forth in the Sale Agreement; and (6) the cost of all new surveys of the Target Properties.

In addition, the Buyer has agreed to pay all costs associated with any endorsements to such title policy, including any title insurance costs associated with the assumption of the debt to be assumed by the Buyer.

No Solicitation of Transactions

Under the Sale Agreement, we are subject to customary no-shop restrictions on our ability to solicit alternative acquisition proposals from third-parties and to provide information to and engage in discussions with third-parties regarding alternative acquisition proposals. Except as permitted by the terms of the Sale Agreement described below, we have agreed that the Board will not:

withdraw, withhold, modify or qualify, or publicly (or privately to any stockholder) propose to withdraw, withhold, modify or qualify, in a manner adverse to the Buyer, the Board's approval of the Asset Sale or the Board's recommendation to our stockholders that they should vote in favor of the Asset Sale;

approve or recommend, or publicly propose to approve or recommend, any Acquisition Proposal; or

enter into any acquisition agreement, merger agreement or similar definitive agreement, letter of intent or agreement in principle, or other agreement with respect to any Acquisition Proposal (other than a confidentiality agreement).

We have agreed that we will not, and will not authorize or permit any officer, director, employee or agent or any investment banker, financial advisor, attorney, accountant or other advisor or representative (collectively, Representatives) to, directly or indirectly:

solicit, or initiate or knowingly encourage, facilitate or induce, any inquiries, proposals or offers with respect to, or that reasonably may be expected to lead to the submission of, any Acquisition Proposal;

participate in any discussions (other than to state that we are not permitted to have discussions in violation of the terms of the Sale Agreement) or negotiations regarding, or that reasonably may be expected to lead to any Acquisition Proposal; or

furnish to any person any non-public information with respect to, or provide access to properties or otherwise cooperate with respect to any Acquisition Proposal.

We have also agreed to immediately cease any and all activities, discussions or negotiations with any person with respect to any Acquisition Proposal.

However, at any time prior to the time our stockholders approve the Asset Sale, if we receive an unsolicited written bona fide Acquisition Proposal from any person that did not result from a breach of our obligations under the Sale Agreement, and the Board, acting upon the recommendation of the Independent Directors Committee, determines in good faith after consulting with outside legal counsel and its financial advisor that (1) such Acquisition Proposal constitutes or is reasonably likely to result in a Superior Proposal and (2) the failure to take action with respect to such Acquisition Proposal would be inconsistent with the duties of the members of the Independent Directors Committee under applicable law, we may furnish any non-public information to, or enter into discussions or negotiations with, or provide access to properties to, or otherwise cooperate with, any such person; provided, however, that prior to engaging in such activities, we must notify the Buyer of such activities, and prior to furnishing such non-public information to such person, we must provide the Buyer with any information to be provided to such person which the Buyer has not previously been provided, and we must receive from such person an executed confidentiality agreement.

Table of Contents

In addition, we must promptly notify the Buyer (but in no event later than 36 hours following receipt thereof) of:

the receipt of any Acquisition Proposal, or any material modification or amendment to any Acquisition Proposal, by us or any Representative;

a summary of any documents or agreements provided in contemplation of such Acquisition Proposal (including any amendments, supplements or modifications thereto);

the identity of such person or entity making any such Acquisition Proposal; and

our intention, if any, to furnish information to, or enter into discussions or negotiations with, such person or entity.

At any time prior to obtaining stockholder approval of the Asset Sale, the Board may make a change in recommendation to our stockholders, if the Board and the Independent Directors Committee determine in good faith, after consultation with their outside legal counsel and financial advisors, that:

failure to do so would be inconsistent with the directors' duties to us under applicable law; and

in response to an unsolicited bona fide written Acquisition Proposal (which did not result, directly or indirectly, from a breach of the Sale Agreement), such Acquisition Proposal constitutes a Superior Proposal (after giving effect to all of the adjustments to the terms of the Sale Agreement which may be offered by the Buyer).

In addition, in the second instance, the Board may concurrently terminate the Sale Agreement in order to enter into a binding agreement providing for such Superior Proposal and pay a \$14 million termination fee to the Buyer; provided, however, that any change in recommendation to our stockholders or termination of the Sale Agreement pursuant to the second instance may only be taken:

after 5:00 p.m., Pacific Time, on the third business day following the Buyer's receipt of written notice from us that we are prepared to take such action; and

if, at the end of such period, the Board and the Independent Directors Committee determine in good faith, after taking into account all amendments or revisions committed to by the Buyer and after consultation with outside legal counsel and financial advisors, that such Acquisition Proposal remains a Superior Proposal, as supplemented by any counterproposal from the Buyer.

Any such written notice must specify the material terms and conditions of such Acquisition Proposal and include a copy of such Acquisition Proposal, identify the person making such Acquisition Proposal and state that the Board otherwise intends to change its recommendation to our stockholders. During such three business day period, the Buyer is entitled to deliver to us one or more counterproposals to such Acquisition Proposal and the Buyer and we will negotiate in good faith in respect of any such counterproposal (to the extent the Buyer desires to negotiate).

Amendment or Modification

The Sale Agreement provides that it may be amended, modified or supplemented at any time and in any and all respects, but only in writing and signed by both us and the Buyer.

PROPOSAL 3:

THE LIQUIDATION

General

At the Special Meeting, our stockholders will be asked to consider and vote upon a proposal to approve the Liquidation. If our stockholders approve the Liquidation, we will implement the Liquidation as soon as practicable following the consummation of the OP Recapitalization and the Asset Sale. We estimate that, following the Asset Sale, our cash proceeds will be approximately \$797.4 million and debts, fees and other expenses will be approximately \$347.3 million to \$351.2 million. Accordingly, we estimate that there will be approximately \$446.2 million to \$450.1 million (less potential additional costs of operational and professional fees during liquidation, and less any unforeseen liabilities asserted during liquidation) available for distribution to stockholders in liquidation on a pro rata basis. As of October 31, 2012, 22,674,020 shares of our common stock were issued and outstanding. We expect the Asset Sale and the Liquidation to result in total liquidating distributions to stockholders of between \$9.20 and \$9.28 per share. We cannot assure you, however, that, as a consequence of the Liquidation, holders of our common stock will receive the estimated amounts or receive aggregate cash distributions per share in excess of the price at which shares of our common stock have recently traded.

The Independent Directors Committee and the Board approved a plan of liquidation to complete the Liquidation. The plan of liquidation authorizes the Board to create a contingency reserve fund for the payment of unknown or contingent liabilities and, if such a contingency reserve fund is created, the final payout of the contingency reserve fund's unclaimed assets to stockholders may not occur for several months or longer following the filing of our articles of dissolution. We may transfer our assets or the contingency reserve fund to a liquidating trust (the Liquidating Trust). If we transfer our assets to a liquidating trust, our stockholders will receive identical beneficial interests in the liquidating trust. These interests generally will not be transferable. The liquidating trust would be managed by one or more trustees designated by the Independent Directors Committee and would continue the process of paying or providing for payment of our liabilities. Any amounts remaining after payment of our liabilities would be distributed to the holders of beneficial interests in the liquidating trust. To the extent that the amount of the ultimate distribution to stockholders is determined to be impracticable to distribute, such amount may be distributed in accordance with applicable law.

Assuming the closing of the Asset Sale occurs, the Board may transfer our assets to a liquidating trust. Depending on the tax basis for their respective shares of common stock, stockholders may be required to recognize gain for tax purposes upon receipt of distributions in liquidation and upon the transfer of any funds to a liquidating trust. See Liquidating Distributions.

In connection with the Liquidation, we expect to terminate our registration under the Exchange Act, cease filing reports with the SEC, and file articles of dissolution with the State Department of Assessments and Taxation of Maryland (the SDAT) when appropriate.

Liquidation resulting in termination and dissolution of our company requires the affirmative vote of the holders of shares of common stock entitled to cast a majority of all of the votes entitled to be cast, whether in person or by proxy, on the Liquidation at the Special Meeting. The Liquidation will not occur, however, unless the OP Recapitalization and the Asset Sale are also approved and consummated. If the OP Recapitalization and the Asset Sale do not occur, we will not consummate the Liquidation and we will continue as REIT and publicly traded company.

Uses of Liquidation Proceeds

We have summarized below the estimated uses of the cash proceeds we expect to receive in connection with the OP Recapitalization and the Asset Sale. We estimate that our net proceeds will range between approximately \$446.2 million and \$450.1 million. Our actual uses of these proceeds may vary from those summarized below, depending on the actual closing date of the Asset Sale and the amount needed to pay or provide for our debts, obligations and expenses, including any contingency reserves established to satisfy contingent liabilities.

Plan of Liquidation

In the event that the OP Recapitalization and the Asset Sale are consummated and the Liquidation is approved by our stockholders, our officers will be directed to commence the Liquidation. We will cease to carry on our business and operations, except to the extent necessary to wind-up our company. Our legal existence will continue to the extent necessary to wind up our affairs until the plan of liquidation described below is completed and articles of dissolution are filed with, and acceptance for record by, the SDAT. The following summary is qualified in its entirety by reference to the plan of liquidation, which we have attached as Annex E to this Proxy Statement and is incorporated by reference into this Proxy Statement. We encourage you to read the plan of liquidation in its entirety.

The officers will proceed as soon as possible to collect or make provision for the collection of all known debts due or owing to us, pay or make provision for the payment of all our known debts, obligations, and liabilities according to their priorities, and give notice to each known creditor of and claimant against us. The officers will be authorized to make adequate provisions for the discharge of our debts, obligations and liabilities. We will indemnify our officers, trustees, employees, agents, and representatives for actions taken in connection with the OP Recapitalization, the Asset Sale, the Liquidation and the winding up of our affairs. Our obligations to indemnify such persons may also be satisfied out of assets of the Liquidating Trust, if established, in connection with the Liquidation.

Assuming that there are no pending legal, administrative or arbitration proceedings by or against us, articles of dissolution will then be filed with the SDAT. When the articles of dissolution have been filed and accepted for record, our status as a corporation will be terminated. Concurrently with termination, we will file appropriate documentation with the SEC to terminate our periodic filing obligations under the Exchange Act. See Listing and Trading of Our Common Stock.

Liquidating Trust

If we establish the Liquidating Trust, prior to the filing of the articles of dissolution, we will distribute pro rata to our stockholders of record as of the Final Record Date (as defined below) beneficial interests in the Liquidating Trust. The purpose of establishing the Liquidating Trust would be to pay any of our remaining liabilities and distribute any remaining assets to holders of the interests in the Liquidating Trust. Approval of the Liquidation will constitute the approval by our stockholders of the establishment of a Liquidating Trust, should we so choose, the Independent Directors Committee's appointment of one or more individuals, who may or may not be former members of the Board or officers, or corporate persons to act as trustee or trustees and the terms of any declaration of trust adopted by the Board. It is anticipated that interests in a Liquidating Trust will not be freely tradeable; hence, although the recipients of interests will be treated for tax purposes as having received their pro rata share of property transferred to a Liquidating Trust and will thereafter take into account for tax purposes their allocable portion of any income, expense, gain or loss realized by the Liquidating Trust, the recipients of the interests will not realize the value of the interests unless and until the Liquidating Trust distributes cash or other assets to them.

Liquidating Distributions

The Board has not established a firm timetable for distributions to stockholders. If the closing of the Asset Sale takes place, the Board will, subject to the Contingency Reserve, if any, to pay all of our liabilities and obligations, make such distributions as promptly as practicable consistent with maximizing stockholder value.

Assuming consummation of the Asset Sale, we estimate that our cash proceeds will be approximately \$797.4 million and debts, fees and other expenses will be approximately \$347.3 million to \$351.2 million. Accordingly, we estimate that there will be approximately \$446.2 million to \$450.1 million (less potential additional costs of operational and professional fees during the Liquidation, and less any unforeseen liabilities asserted during the Liquidation) available for distribution to our stockholders in the Liquidation on a pro rata basis. As of October 31, 2012, we had 22,674,020 shares of common stock issued and outstanding. The actual amount and timing of, and final record date for, distributions will be determined by the Board, in its sole discretion, and will depend upon the amounts deemed necessary by the Board to pay or provide for all of our liabilities and obligations. Claims, liabilities and expenses from operations will continue to accrue following approval of the Asset Sale and the Liquidation and closing of the Asset Sale, and we anticipate that expenses for professional fees and other expenses of liquidation will be significant. These expenses will reduce the amount of assets available for ultimate distribution to stockholders. While we do not believe that a precise estimate of those expenses can presently be made, the Board believes that available cash, interest income and the amounts which will be received upon the closing of the Asset Sale will be adequate to provide for our obligations, liabilities, expenses and claims (including contingent liabilities) and to make cash distributions to stockholders. However, we cannot assure you that the net proceeds of the Asset Sale will be adequate for that purpose and there may not be any remaining funds to distribution to our stockholders.

Although we can provide no assurance, we currently anticipate making one or more liquidating distributions to our stockholders. We intend to make the final liquidating distribution to our stockholders within 12 months after establishing a Liquidating Trust.

The aggregate of all liquidating distributions may be less or more than the amounts we anticipate. The actual amounts and times of payment of the liquidating distributions to be made to you will be determined by either the Board or the trustees of a Liquidating Trust in their discretion. If you transfer your shares prior to the Final Record Date (as described below), the right to receive liquidating distributions will transfer with those shares.

Contingency Reserve

The Board may establish a Contingency Reserve in an amount it believes will be sufficient to operate our company until termination, and that will be sufficient to satisfy our liabilities, expenses and obligations not otherwise paid, provided for or discharged at or immediately after the closing of the Asset Sale. The actual size of the Contingency Reserve, if established, will be based upon estimates and opinions of management derived from review of our estimated operating expenses and liabilities (actual and contingent) and obligations. We cannot assure you that any Contingency Reserve we may establish would be sufficient.

After an initial distribution, if any, is made we expect to transfer any remaining assets (including any remaining Contingency Reserve) to a Liquidating Trust. The sole purpose of the Liquidating Trust, if established, will be to liquidate any remaining assets of ours on terms satisfactory to the liquidating trustees and, after paying any of our remaining liabilities, distribute the proceeds of such assets to our stockholders. The Liquidating Trust will be obligated to pay any of our expenses and liabilities that remain unsatisfied. If the Contingency Reserve transferred to a Liquidating Trust is exhausted, such expenses and liabilities will be satisfied out of the Liquidating Trust's other unsold assets, if any. If we establish a Liquidating Trust, we expect a final distribution to be made by the Liquidating Trust within 12 months of such date.

In the event we fail to create an adequate Contingency Reserve for payment of our expenses and liabilities, or should any Contingency Reserve and the assets held by a Liquidating Trust be exceeded by the amount

Table of Contents

ultimately found payable in respect of expenses and liabilities, each stockholder could be held liable for the payment to creditors of his or her pro rata share of the excess, limited to the amounts theretofore received by the stockholder by way of distributions from us or the Liquidating Trust.

If a court determines at any time that we have failed to make adequate provision for our expenses and liabilities or if the amount ultimately required to be paid in respect of such liabilities exceeds the amount available from a Contingency Reserve and the assets of a Liquidating Trust, a creditor could seek an injunction against the making of distributions to stockholders on the ground that the amounts to be distributed are needed to provide for the payment of our expenses and liabilities. Any such action could delay or substantially diminish any cash distributions to be made to stockholders.

Final Record Date

Our stock transfer books will be closed on the close of business on the final record date fixed by the Board for an initial distribution (Final Record Date), and thereafter no further transfers of our common stock will be recorded on our stock transfer books, and no further stock certificates will be issued, other than replacement certificates. It is anticipated that no further trading of our common stock will occur after that date. See Listing and Trading of Our Common Stock below. When making a distribution on or after the Final Record Date, we will require stockholders to surrender certificates representing their shares of common stock in order to receive the distribution. Stockholders should not forward their stock certificates before receiving instructions to do so. All distributions otherwise payable by us or any Liquidating Trust to stockholders who have not surrendered their stock certificates may be held in trust for those stockholders, without interest, until the surrender of their certificates (subject to the requirements of state unclaimed property laws requiring transfer of unclaimed property to the states).

Appraisal Rights

Under Maryland law, our stockholders will not be entitled to appraisal rights in connection with the Liquidation. For more information, please see The Transactions Appraisal Rights.

PROPOSAL 4

NON-BINDING ADVISORY VOTE ON COMPENSATION PAYMENT

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2012 requires that we seek a non-binding advisory vote of our stockholders to approve compensation to executive officers as a result of certain corporate transactions, including the Transactions, as described below. We are asking our stockholders to approve, on a non-binding advisory basis, the compensation payable to certain of our named executive officers in connection with the Transactions. Additional information regarding the compensation payable in connection with the Transactions can be found at The Transactions Interests of Our Directors and Executive Officers in the Transactions Compensation Payments to Executive Officers .

Our Compensation Committee, which is comprised of William A. Hasler, Lawrence B. Helzel and Martin S. Roher, has approved an aggregate pool of \$1 million for retention and severance payments to be paid to certain of our employees, advisors and consultants upon termination of their service to our company. We have agreed to enter into agreements with Raymond V. Marino, our President and Chief Operating Officer, and a member of our Board, and Wayne N. Pham, our Vice President of Finance and Controller, pursuant to which Mr. Marino will receive a lump sum of \$500,000, and Mr. Pham will receive a lump sum of \$138,000. Our Compensation Committee, in consultation with their advisors and taking into consideration many factors, including, but not limited to: length of service to our company by our executive officers, their contributions to completing the Transactions, that their employment will be terminated following the completion of the Transactions (or soon thereafter), and that the Compensation Committee believes the level of payments are consistent with REIT industry practices for executive officers under similar circumstances, approved the compensation to be paid to certain of our executive officers. The remaining \$362,000 will be paid to our non-executive officer employees, advisors and consultants. We assume the completion of the Liquidation will occur within 12 months of the initial distribution to stockholders.

We are asking stockholders to approve the following resolution:

RESOLVED, that the stockholders approve, on a non-binding advisory basis, the agreements or understandings with and items of compensation payable to certain of our named executive officers that are based on or otherwise relate to the Transactions, as disclosed in the Proxy Statement.

Required Vote

The affirmative vote of a majority of the votes cast, whether in person or by proxy, on this proposal at the Special Meeting is required to approve this proposal. Unless directed otherwise, the shares represented by the enclosed proxy will be voted FOR this proposal.

Approval of this proposal is not a condition to the completion of the Transactions, and the vote with respect to this proposal is advisory only and will not be binding on us. Accordingly, regardless of the outcome of the non-binding advisory vote, we may choose to pay compensation to certain of our named executive officers as described in this Proxy Statement, in connection with the Transactions.

The Board of Directors unanimously recommends a vote FOR the compensation payments.

PROPOSAL 5

ADJOURNMENT OF THE SPECIAL MEETING

We may ask our stockholders to vote on a proposal to adjourn the Special Meeting, if necessary, in order to allow for the solicitation of additional proxies if there are insufficient votes at the time of the Special Meeting to approve the Transactions.

Under our bylaws, the affirmative vote of a majority of the votes cast, whether in person or by proxy, at the Special Meeting is required to approve the adjournment of the Special Meeting, if necessary, in order to allow for the solicitation of additional proxies. Unless directed otherwise, the shares represented by the enclosed proxy will be voted **FOR** adjournment of the Special Meeting, if necessary.

The Board of Directors unanimously recommends a vote **FOR the adjournment proposal.**

TRANSACTIONS WITH RELATED PERSON

Property Acquisitions and Financial Transactions between Us and the Berg Group

In the past, including fiscal year 2011, we have entered into agreements and engaged in transactions with Carl E. Berg and with other members of the Berg Group. All such transactions and agreements must be approved by the independent directors of our Board. Our independent directors are responsible for reviewing, evaluating and authorizing action with respect to any transaction between us and any member of the Berg Group.

Formation of Mission West

Through a series of transactions in 1997 and 1998, we became the vehicle for substantially all of the Silicon Valley R&D property activities of the Berg Group, which includes Mr. Berg, his brother Clyde J. Berg, members of their families and a number of entities in which they have controlling or substantial ownership interests. We own these former Berg Group properties, as well as the rest of the Berg Group's properties, through the Operating Partnerships, of which we are the sole general partner. Through various property acquisition agreements with the Berg Group, we have the right to purchase, on pre-negotiated terms, R&D and other types of office and light industrial properties that the Berg Group develops in the future in the states of California, Oregon and Washington. Since September 1998, we have acquired a total of approximately 3.4 million rentable square feet of R&D buildings under the Berg Land Holdings Option Agreement and the Pending Projects Acquisition Agreement, both of which have expired. The total cost of these properties was approximately \$510 million. The Operating Partnerships issued a total of 28,510,261 LP Units and assumed debt totaling approximately \$232 million to acquire the properties. The last acquisition transaction with the Berg Group occurred in February 2012.

The following transactions with the Berg Group occurred or effected our operations or financial condition in fiscal year 2011:

Property Acquisitions from the Berg Group

On February 1, 2012, we acquired three vacant R&D buildings located at 5901, 5921 and 5961 Optical Court in San Jose, California, from the Berg Group consisting of approximately 202,500 rentable square feet for a total purchase price of \$18 million. We also acquired approximately ten acres of raw land at Hellyer Avenue and Embedded Way for approximately \$5.3 million and nine acres of raw land at Hellyer Avenue and Piercy Road for approximately \$4.9 million from the Berg Group. The combined purchase price for the three R&D buildings and raw land totaled approximately \$28.2 million. We acquired these properties by offsetting the purchase price with approximately \$9.2 million, the amount the Berg Group owed to our company from the outcome of the Hellyer Avenue Limited Partnership litigation and approximately \$7.5 million, the amount the Berg Group was obligated to pay toward the construction of an R&D building in connection with our 2001 acquisition of 245 Caspian Drive in Sunnyvale, California. We issued an unsecured short-term note payable for the remaining amount of approximately \$11.5 million with an interest rate of LIBOR plus 1.75%, which was due July 15, 2012. As of September 30, 2012, the note payable and accrued interest had been fully repaid. The transaction was approved by our independent directors.

In December 2011, upon approval of our independent directors, we effected a division of two of the Operating Partnerships to create new holding vehicles for certain of the properties of each of such Operating Partnerships. In the first operating partnership division transaction, MWP1 formed a new Delaware limited partnership, MWP4, to which it contributed two buildings leased to Apple, Inc., a 211,000 square foot building located at 10050 N. De Anza Boulevard, Cupertino, California and a 105,000 square foot building located at 20400 Mariani Avenue, Cupertino, California. The terms of the MWP4's limited partnership agreement were made substantially identical to the terms of the limited partnership agreement of MWP1, and the relative interests of our company as general partner and of Carl Berg, Clyde Berg and Kara Berg as the limited partners in both Operating Partnerships remained the same. The total number of LP Units in the two Operating Partnerships after

Table of Contents

the division transaction was the same as the total number of outstanding LP Units of MWP1 prior to the division. To effectuate that, the number of LP Units of MWP1 equal to the number of new LP Units issued by MWP4 were canceled, and such number of MWP4 Units were issued in substitution for the former LP Units in a transaction in which no consideration was paid by the distributee partners. In the second operating partnership division transaction, MWP2 created a new Delaware limited partnership, MWP5, to which it contributed a property consisting of 148,600 square feet of improvements located in three buildings at the corner of Montague and Trade Zone Milpitas, California and unimproved Parcels 4, 5, 9, 10, 11, 12 and 13 of McCandless Technology Park, Milpitas, California, and distributed new LP Units of MWP5 to us and to Carl Berg and Clyde Berg as the limited partners of MWP2 in the same relative percentages as their ownership interests in MWP2. The total number of LP Units of these two Operating Partnerships outstanding after the division transaction was the same as the total number of LP Units of MWP2 outstanding prior to the division. To effectuate that, the same number of MWP2 LP Units as the new LP Units issued by MWP5 were canceled, and such number of MWP5 LP Units were issued in substitution for the former LP Units in a transaction in which no consideration was paid by the distributee partners. The terms of the MWP5 limited partnership agreement are substantially identical to the terms of the limited partnership agreement of MWP2. We are the sole general partner of each of the new Operating Partnerships. The capitalization, properties, liabilities and respective interests of our company and the Operating Partnerships as a whole have remained the same following the operating partnership division transactions as they were prior to them, except that some properties formerly held in the name of MWP1 are held in the name of MWP4, some properties formerly held in the name of MWP2 are held in the name of MWP5, and neither of the two new partnerships have any mortgage debt. The Operating Partnerships MWP0 and MWP3 were unaffected by the transactions. There was no issuance of common stock associated with these transactions, and the total number of LP Units outstanding was the same immediately before and after the transactions.

Transfer of Interest to Berg Group in Consolidated Joint Venture.

In July 2000, the Hellyer Avenue Limited Partnership (Hellyer LP) was formally organized as a California limited partnership between MWP0, of which we are the managing general partner, and Republic Properties Corporation (RPC), an unaffiliated third-party, as a general partner and limited partner. MWP0 was designated as the managing general partner of Hellyer LP. For a 50% ownership interest in Hellyer LP, RPC agreed to cause Stellex Microwave Systems, Inc. (Stellex) to provide a 15-year lease on an approximate 160,000 square foot R&D building to be constructed by BBE on land owned by another Berg Group member.

As part of the transaction, MWP0 acquired the underlying land pursuant to the Berg Land Holdings Option Agreement for a price of \$5.7 million by issuing 659,223 LP Units to the Berg Group entity that owned the property. Further, under the terms of the Hellyer LP partnership agreement, MWP0 then contributed the land to the partnership at an agreed value of \$9.6 million which amount was to be amortized and paid to MWP0 in the form of income and cash flow preferences. The transaction was reviewed and approved by our independent directors.

In connection with the transaction, BBE built and paid for all improvements on the land. The total cost of the R&D building, exclusive of specified tenant improvements obligations, was approximately \$11.4 million. Hellyer LP issued a note for the amount of those construction costs to BBE, which note was secured by the buildings.

Because RPC's interest in Hellyer LP was attributable solely to its commitment to obtain Stellex as a tenant for the property, the partnership agreement provided that if a payment default occurred within the first five years of the Stellex lease, RPC would lose 100% of its interest in the partnership, and if a payment default occurred during the second five year period under the lease, RPC would lose 50% of its interest in Hellyer LP.

Pursuant to RPC's commitment to Hellyer LP, Stellex executed a lease agreement obligating Stellex, among other things, to pay monthly rent starting at \$1.60 per square foot on a triple net basis for 15 years and to reimburse BBE for the tenant improvement obligations, which ultimately totaled approximately \$10.5 million.

Table of Contents

Under the lease terms, Stellex was obligated to reimburse BBE in full for the tenant improvement costs no later than August 25, 2000. Several days before the due date, representatives of Stellex met with our representatives and informed them that Stellex could not pay the balance due BBE. Stellex requested that we immediately draw down the letter of credit as a result of a default on the tenant improvement payment required under the lease.

On September 1, 2000, MWPO, as the general partner of Hellyer LP, ceased all allocations of income and cash flow to RPC and exercised the right under the partnership agreement to cancel RPC's entire interest in the partnership. Following discussions with and approval by our independent directors, we authorized the transfer of RPC's interest in Hellyer LP to BBE. Under the Berg Land Holdings Option Agreement and the Acquisition Agreement dated as of May 14, 1998, our independent directors had the right, but not the obligation, to reacquire the property interest and the related distributions related to the property interest at any time. The transfer was effective as of September 1, 2000.

Stellex filed for bankruptcy protection on September 12, 2000. On November 20, 2000, RPC filed suit in the Circuit Court of Maryland for Baltimore City to recover past distributions and its interest in the Hellyer LP., and we counter-sued on behalf of MWPO and itself in the Superior Court of California for the County of Santa Clara in February 2001. In January 2002, Stellex was acquired out of bankruptcy by a division of Tyco Corporation. In connection with the acquisition of Stellex, the purchaser assumed the lease with Hellyer LP, agreed to comply with all terms of the lease and reimbursed BBE for the tenant improvements, as required under the lease agreement and the Bankruptcy Court order.

Since the inception of Hellyer LP, we have accounted for the properties owned by the partnership on a consolidated basis, with reductions for the noncontrolling interest held by the noncontrolling partner (first RPC and then BBE). In each period, we have accrued amounts payable by Hellyer LP to the noncontrolling interest partner, including BBE, prior to payment. Through December 31, 2011, accumulated cash flow distributions from Hellyer LP totaling approximately \$7.9 million were accrued, of which \$7.9 million was distributed to BBE, which has been classified on our consolidated balance sheets as an account receivable from BBE with an offsetting account payable to RPC. We did not object to that proposed classification.

Pursuant to the final nonappealable judgment of the superior court in the *Mission West Properties, L.P. v. Republic Properties Corporation*, RPC was reinstated as a partner in the Hellyer LP as of September 1, 2000, with the right to the return of all distributions paid to BBE on account of that interest since that date. Because RPC's interest in the Hellyer LP had been transferred to BBE and past distributions from profits had been paid to BBE, we accrued approximately \$1.3 million in interest receivable due from BBE, a total of approximately \$9.2 million, consisting of the aggregate distributions and accrued interest, became payable by BBE to us. In February 2012, upon approval by our independent directors, the entire amount was applied as a partial offset by us of the purchase price for properties acquired from the Berg Group.

Berg Obligations to Complete Future Improvements and Building in Connection with Certain Acquisitions from the Berg Group under the Berg Land Holdings Option Agreement

The Berg Group has an approximately \$7.5 million obligation to us to complete an approximately 75,000 to 90,000 rentable square foot building in connection with our 2001 acquisition of 245 Caspian in Sunnyvale, California, which consisted of approximately three acres of unimproved land zoned for commercial development. In February 2012, upon approval by our independent directors, we applied the amount of that obligation towards the purchase price for properties acquired from the Berg Group.

Berg Controlled Entities have Financial Interests in Certain Tenants that Lease Space from Us

During the nine months ended September 30, 2012, Carl E. Berg or entities controlled by Mr. Berg held financial interests in several companies that lease space from the Operating Partnerships, which include companies where Mr. Berg has a greater than 10% ownership interest. These related tenants contributed approximately \$1.1 million in rental income for the nine months ended September 30, 2012.

Table of Contents

Leasing and Overhead Reimbursements Provided by Berg Controlled Entity

We currently lease office space owned by BBE. Rental amounts and overhead reimbursements paid to BBE were approximately \$0.09 million for the nine months ended September 30, 2012.

Related Party Debt

As of September 30, 2012, debt in the amount of approximately \$6.7 million was due the Berg Group under a mortgage note established May 15, 2000 in connection with the acquisition of a 50% interest in Hellyer Avenue Limited Partnership, the obligor under the mortgage note. The mortgage note bears interest at 7.65%, and is due in ten years with principal payments amortized over 20 years. In the fourth quarter of 2008, Mission West and the Berg Group agreed to extend the loan maturity date to June 2013. Interest expense incurred in connection with the Berg Group mortgage note was approximately \$0.4 million for the nine months ended September 30, 2012.

During the first nine months of 2012, we issued three short-term notes payable to the Berg Group in connection with property acquisitions and quarterly dividend distributions. The interest rate on the three notes was LIBOR plus 1.75%. The aggregate loan amount totaled approximately \$26.3 million. In 2011, we repaid approximately \$26.3 million to the Berg Group, which also included accrued interest.

If we are unable to repay our debt to the Berg Group when due, the Berg Group could take action to enforce our payment obligations. Potential actions by the Berg Group to enforce these obligations could result in the foreclosure in one or more of our properties and a reduction in the amount of cash distributions to our stockholders. In turn, if we fail to meet the minimum distributions test because of a loan default or another reason, we could lose our REIT classification for federal income tax purposes.

Contractual and Other Control Arrangements

Special Board of Directors Voting Provisions

Our charter and bylaws provide substantial control rights for the Berg Group. These rights include a requirement that Carl E. Berg or his designee as director approve certain fundamental corporate actions, including amendments to our charter and bylaws and any merger, consolidation or sale of all or substantially all of our assets. In addition, the bylaws provide that a quorum necessary to hold a valid meeting of our Board must include Mr. Berg or his designee. The rights described in the two preceding sentences apply only as long as the Berg Group members and their affiliates, other than Mission West and our Operating Partnerships, beneficially own, in the aggregate, at least 15% of the outstanding shares of our common stock on a fully diluted basis. In addition, directors representing more than 75% of the entire Board must approve other significant transactions, such as incurring debt above certain amounts, acquiring assets and conducting business other than through our Operating Partnerships.

Board of Directors Representation

The Berg Group members have the right to designate two of the director nominees submitted by the Board to stockholders for election, as long as the Berg Group members and their affiliates, other than Mission West and our Operating Partnerships, beneficially own, in the aggregate, at least 15% of the outstanding shares of our common stock on a fully diluted basis. If the fully diluted ownership of the Berg Group members and their affiliates is less than 15% but is at least 10%, the Berg Group members have the right to designate one of the director nominees submitted by the Board to stockholders for election. The right to designate director nominees affords the Berg Group substantial control and influence over our management and direction.

Substantial Ownership Interest

The Berg Group currently owns LP Units representing approximately 72% of the equity interests in our Operating Partnerships. The LP Units may be converted into shares of common stock, subject to limitations set

Table of Contents

forth in the charter (including an overall 20% ownership limitation for the Berg Group), and other agreements with the Berg Group. Upon conversion these shares would represent voting control of Mission West. The Berg Group's ability to exchange its LP Units for common stock permits it to exert substantial influence over our management and direction.

Limited Partner Approval Rights. Mr. Berg and other limited partners of our Operating Partnerships, including other members of the Berg Group, may restrict our operations and activities through rights provided under the terms of the Amended and Restated Agreement of Limited Partnership (or Agreement of Limited Partnership for MWP4 and MWP5) which governs each of our Operating Partnerships and our legal relationship to each operating partnership as its general partner. Matters requiring approval of the holders of a majority of the LP Units, which necessarily would include the Berg Group, include:

- (i) the amendment, modification or termination of any of our Operating Partnership Agreements; (ii) the transfer of any general partnership interest in our Operating Partnerships, including, with certain exceptions, transfers attendant to any merger, consolidation or liquidation of Mission West; (iii) the admission of any additional or substitute general partners in our Operating Partnerships; (iv) any other change of control of our Operating Partnerships; (v) a general assignment for the benefit of creditors or the appointment of a custodian, receiver or trustee of any of the assets of our Operating Partnerships; and (vi) the institution of any bankruptcy proceeding for any Operating Partnership.

In addition, as long as the Berg Group members and their affiliates beneficially own, in the aggregate, at least 15% of the outstanding shares of our common stock on a fully diluted basis, the consent of the limited partners holding the right to vote a majority of the total number of LP Units outstanding is also required with respect to:

- (i) the sale or other transfer of all or substantially all of the assets of the Operating Partnerships and certain mergers and business combinations resulting in the complete disposition of all LP Units; (ii) the issuance of limited partnership interests senior to the LP Units as to distributions, assets and voting; and (iii) the liquidation of the Operating Partnerships.

RISK FACTORS AND CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING INFORMATION

This proxy statement includes forward-looking statements that reflect our current views as to our financial condition, results of operations, plans, objectives, future performance, business, and the expected completion and timing of the Transactions and other information relating to the Transactions. These statements can be identified by the fact that they do not relate strictly to historical or current facts. You can identify these statements by words such as expect, anticipate, intend, plan, believe, seek, estimate, may, strategy, will and continue or similar.

You should be aware that forward-looking statements involve known and unknown risks and uncertainties. These forward-looking statements speak only as of the date on which the statements were made and we undertake no obligation to update or revise any forward-looking statements made in this proxy statement or elsewhere as a result of new information, future events or otherwise, except as required by law. In addition to other factors and matters contained in this Proxy Statement, the risk factors set forth below could cause actual results to differ materially from those discussed in the forward-looking statements. We believe the forward-looking statements in this Proxy Statement are reasonable; however, there is no assurance that the actions, events or results of the forward-looking statements will occur or, if any of them do, what impact they will have on our results of operations or financial condition or on the Transactions. In light of the significant uncertainties inherent in the forward-looking statements contained or incorporated by reference herein, readers should not place undue reliance on forward-looking statements, which reflect management's views only as of the date of this Proxy Statement. We cannot guarantee any future results, levels of activity, performance or achievements.

Set forth below are various risks related to the proposed Transactions. The following is not intended to be an exhaustive list of the risks related to the Transactions and should be read in conjunction with the other information in this Proxy Statement.

Our business may be harmed if the Transactions disrupt the operation of our business.

Whether or not the Transactions are completed, they may disrupt our business and may result in a disruption of our relationships with our business partners and tenants, additional expenditures required to complete the Transactions and the diversion of management's attention from our day-to-day business, any of which may have an adverse effect on our business.

Table of Contents

The failure to complete the Transactions may result in a decrease in the market value of our common stock.

The Transactions are subject to a number of contingencies, including approval by our stockholders and other closing conditions. We cannot predict whether we will succeed in obtaining the approval of our stockholders, or that the OP Recapitalization and the conditions to closing the Asset Sale will be satisfied. As a result, we cannot assure you that the Transactions will be completed. If the OP Recapitalization or the Asset Sale are not completed for any reason, including if our stockholders fail to approve the Transactions at the Special Meeting, the market price of our common stock may decline.

We cannot be sure if or when the Transactions will be completed.

The consummation of the Transactions is subject to the satisfaction of various conditions and termination rights, many of which are beyond our control, including the approval of the Transactions by our stockholders, a termination right by either party if the Asset Sale is not completed by December 27, 2012 and a right of the Buyer to terminate the Sale Agreement for any reason at any time prior to the business day prior to the Special Meeting. We cannot guarantee that we will be able to satisfy the closing conditions set forth in the Sale Agreement. If we are unable to satisfy the closing conditions in the Sale Agreement or if we are unable to complete the OP Recapitalization, the Buyer will not be obligated to complete the Asset Sale and we may be obligated to pay the Buyer a termination fee of \$14 million or expense reimbursement of up to \$2.5 million.

If our stockholders do not approve each of the OP Recapitalization, the Asset Sale and the Liquidation, or the OP Recapitalization is not completed or the Sale Agreement is otherwise terminated, we may seek another strategic transaction, including the sale of all or part of our business. Although we have had such discussions with various parties in the past, none of these parties may now have an interest in a strategic transaction with us or on terms that are acceptable to us.

We will incur significant expenses in connection with the Transactions, whether or not we complete them, and in certain circumstances be required to pay a fee to the Buyer if the Asset Sale is terminated.

We expect to incur significant expenses related to the Transactions. These expenses include, but are not limited to, financial advisory, legal and accounting fees and expenses, employee expenses, filing fees, printing expenses, and other related expenses. In addition, if the Asset Sale is not approved by our stockholders and the Sale Agreement is terminated, we are required to reimburse the Buyer up to \$2.5 million for expenses. If the Sale Agreement is terminated for certain other reasons, including to accept a superior proposal, we may be required to pay the Buyer a termination fee of \$14 million.

We cannot be certain of the amount of the distribution to our stockholders under the plan of liquidation.

Our current estimate is that there will be between \$9.20 to \$9.28 in cash per share of our common stock available for distribution over time to our stockholders. However, we cannot be certain of the amount available for distribution to our stockholders pursuant to the plan of liquidation.

Our status as a REIT may be uncertain as a result of the Transactions, and if we fail to qualify as a REIT, we may be subject to corporate income taxes.

To maintain our status as a REIT we must, among other things, continue to derive income from qualified sources, principally rent from real property and gains from the sale or exchange of real estate assets. Given the changes in the nature of our assets that will result from the OP Recapitalization and the Asset Sale, and the need to retain certain assets to meet our liabilities, we cannot assure you that we will continue to meet the REIT qualifications tests through the completion of the Liquidation. If we fail to qualify as a REIT, either inadvertently or because our Board determines that the failure to qualify as a REIT is in our best interests, we would be taxed as a corporation for federal income tax purposes and would be liable for federal income taxes at the corporate

Table of Contents

rate with respect to our income from operations for the taxable year in which our qualification as a REIT terminates and in any subsequent years.

If the contingency reserve to be established by our Board to cover certain of our liabilities and expenses not paid immediately after the closing of the Asset Sale is not sufficient, stockholders may have to return a portion of any distributions made to them in the Liquidation for the benefit of our creditors.

Our Board intends to establish a contingency reserve with a portion of the proceeds of the Asset Sale to fund our operations until our dissolution, and any of our liabilities and expense obligations not paid immediately after the closing of the Asset Sale. We expect to distribute any remaining amounts to our stockholders in one or more distributions. However, if the contingency reserve is exceeded by the amount ultimately payable in respect of expenses and liabilities, stockholders could be liable for their pro rata share of the excess, limited to the amounts received by stockholders in distributions from us.

We will continue to incur claims, liabilities and expenses that will reduce the amount available for distribution to our stockholders.

Claims, liabilities and expenses from operations (including, but not limited to, operating costs such as salaries, directors' fees, directors' and officers' insurance, payroll and local taxes, legal and accounting fees and miscellaneous office expenses) will continue to be incurred as we seek to close the Asset Sale and wind down operations in dissolution. These expenses will reduce the amount of assets available for ultimate distribution to stockholders. If we are unable to access income from the properties we acquire in the OP Recapitalization to help satisfy any such debts or claims and the available cash and amounts received on the sale of assets are not adequate to provide for our obligations, liabilities, expenses and claims, we may not be able to distribute meaningful, or any, amounts to our stockholders.

Our stock transfer books will close on the date we file the articles of dissolution with the SDAT, after which we will discontinue recording transfers of shares of our common stock.

We intend to close our stock transfer books and discontinue recording transfers of shares of our common stock at the close of business on the date we file the articles of dissolution with the SDAT. Thereafter, certificates representing shares of our common stock will not be assignable or transferable on our books and accordingly any market for our shares of common stock will cease. The proportionate interests of all stockholders will be fixed on the basis of their respective stock holdings at the close of business on the Final Record Date, and, after the Final Record Date, any distributions made by us will be made solely to stockholders of record on the Final Record Date.

Approval of the Transactions may lead to stockholder litigation which could result in substantial costs, distract our management and prevent us from completing the Transactions.

Historically, extraordinary corporate actions by a company, such as those which comprise the Transactions, often lead to securities class action lawsuits being filed against that company. We may become involved in this type of litigation as a result of the proposed Transactions. As of the date of this Proxy Statement no such lawsuits were pending. However, if such a lawsuit is filed against us, the litigation is likely to be expensive and, even if we ultimately prevail, the process will divert management's attention from closing the Transactions and otherwise operating our business. If we do not prevail in such a lawsuit, we may be liable for damages. We cannot predict the amount of any such damages or the amounts incurred in connection with defending any such lawsuits, however, if applicable, any such damages and costs may be significant. In addition, any such lawsuits may prevent us from closing the Asset Sale, which could result in the Buyer terminating the Sale Agreement and require that we return to the Buyer its deposit.

STOCKHOLDER PROPOSALS FOR ANNUAL MEETING

As a result of the proposed OP Recapitalization, Asset Sale and Liquidation, we did not hold an Annual Meeting of Stockholders in 2012. However, in the event these transactions are not approved by our stockholders or otherwise abandoned, we plan to hold an Annual Meeting of Stockholders as soon as reasonably practicable following any such event. If we do hold an Annual Meeting of Stockholders, to be considered for inclusion in our proxy card and proxy statement relating to the Annual Meeting of Stockholders, proposals subject to SEC Rule 14a-8 must be received at our principal office a reasonable time before the company begins to print and send its proxy materials.

In addition, if you desire to bring other business, including director nominations, at any such Annual Meeting that will not be included in our proxy card and proxy statement, your notice must be delivered to us no earlier than the close of business on the 90th day prior to such annual meeting, and no later than the close of business on the later of the 60th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made by us.

For additional requirements, a stockholder should refer to our bylaws, Article II, Section 12, Nominations and Proposals by Stockholders, a current copy of which may be obtained from our Secretary. If we do not receive timely notice pursuant to our bylaws, any proposal may be excluded from consideration at the Annual Meeting.

All stockholder proposals should be addressed to the attention of the Secretary at our principal office.

Members of the Special Committee:

Stifel, Nicolaus & Company, Incorporated (Stifel Nicolaus or we) has been advised that Mission West Properties, Inc. (MSW or the Company) is considering entering into an Agreement of Purchase and Sale and Escrow Instructions (the Agreement), pursuant to which certain properties will be sold (the Divco Transaction) to M West Holdings, L.P., a joint venture formed by Divco West Acquisitions, LLC and TPG Global, LLC (Divco/TPG). In addition, and as part of the overall transaction being submitted to the shareholders of the Company for their approval, the real estate assets of the Company not being purchased by Divco/TPG (the Retained Properties) and other certain assets and liabilities will be retained (the Retained Properties Transaction) by Carl Berg and certain affiliated parties (together and including their limited partners the Berg Entities), and the Company will be liquidated. The Divco Transaction, the Retained Properties Transaction and the liquidation are hereinafter referred to as the Transaction. If the Transaction is completed, holders of the issued and outstanding shares of Company Common Stock, \$0.001 par value per share (the Shares), are estimated by management of the Company to receive one or more liquidation payments and future dividend payments aggregating not less than \$9.20 in cash per Share (the Consideration). Management s estimate is based, among other considerations, on their pro forma balance sheet prepared as of October 31, 2012. The terms and conditions of the Transaction are more fully described in the Agreement and in the Partnership Separation Agreement by and among the Company, the operating partnerships and the limited partners of the operating partnerships, the Asset Alignment and Limited Partnership Conversion Agreement by and among the Company, the operating partnerships and the limited partners of the operating partnerships, the Supplemental Agreement by and among the Company, the operating partnerships, the limited partners of the operating partnerships and certain directors of the Company and the Voting Agreement by and among Divco/TPG and certain Company stockholders, each as entered into in connection with the Transaction (collectively, the Transaction Agreements).

The Independent Directors Committee (the **Committee**) of the Board of Directors of the Company (the **Board**) has requested Stifel Nicolaus opinion (the **Opinion**), as investment bankers, as to the fairness, from a financial point of view, as of the date of this letter of the Consideration to be received by the holders of the Shares other than the Berg Entities, holders who are affiliated with the Berg Entities and executive officers of the Company (together the **Affiliated Stockholders**) in the Transaction pursuant to the Transaction Agreements.

In rendering our Opinion, we have, among other things:

- (iii) reviewed and discussed with the Company's management certain other information concerning the Company, its operating partnerships and properties;

- (v) reviewed and analyzed certain publicly available information concerning the terms of selected merger and acquisition transactions that we considered relevant to our analysis;
- (vi) reviewed and analyzed certain publicly available financial and stock market data relating to selected public companies that we deemed relevant to our analysis;

- (viii) reviewed property appraisal reports by Colliers International with respect to the Retained Properties and certain other properties of the Company (the **Property Appraisals**);

- (ix) conducted such other financial studies, analyses and investigations and considered such other information as we deemed necessary or appropriate for purposes of our opinion; and

- (x) taken into account our assessment of general economic, market and financial conditions and our experience in other transactions, as well as our experience in securities valuation and our knowledge of the Company's industry generally.

In connection with rendering our Opinion, we have relied upon and assumed, without independent verification, the accuracy and completeness of all of the financial and other information that was provided to Stifel Nicolaus by or on behalf of the Committee or the Company, including, but not limited to, the Property Appraisals. Stifel Nicolaus has not assumed any responsibility for independently verifying any of such information or any other information that was reviewed by Stifel Nicolaus. We have further relied upon the assurances by the management of the Company that management is unaware of any facts that would make any of the information provided to us inaccurate, incomplete or misleading. With respect to the financial forecasts and projections supplied to us by the Company, including projections relating to the liquidation of the Company and the net cash amount per share available for distribution to shareholders of the Company, we have assumed that the forecasts and projections were reasonably prepared on the basis reflecting the best currently available estimates and judgments of the management of the Company. Such forecasts and projections were not prepared with the expectation of public disclosure. All such projected financial information is based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic, market and competitive conditions. With your consent, Stifel Nicolaus has relied on this projected information without independent verification or analysis and does not in any respect assume any responsibility for the accuracy or completeness thereof. In connection with our review, we have not been requested to make, nor have we made, an independent evaluation, appraisal or physical inspection of the Company's assets or liabilities, the collateral securing any liabilities, or the collectability of amounts due the Company.

We have assumed, with your consent, that there are no factors that would delay or subject to any adverse conditions any necessary regulatory or governmental approval and that all conditions to the Transaction will be satisfied and not waived. In addition, we have assumed that the definitive Transaction Agreements will not differ materially from the drafts we reviewed. We have also assumed that the Transaction will be consummated substantially on the terms and conditions described in the Transaction Agreements, without any waiver of material terms or conditions by the Company or any other party and without any dilution or other adjustment to the Consideration, and that obtaining any necessary regulatory approvals or satisfying any other conditions for consummation of the Transaction will not have an adverse effect on the Company or the Transaction. We have assumed that the Transaction will be consummated in a manner that

Page 4

complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. We have further assumed that the Company and the Committee have relied upon the advice of their counsel, independent accountants and other advisors (other than Stifel Nicolaus) as to all legal, financial reporting, tax, accounting and regulatory matters with respect to the Company, the Transaction and the Transaction Agreements.

Our Opinion is limited to whether the Consideration to be received by the holders of the Shares who are not Affiliated Stockholders is fair from a financial point of view, solely as of the date hereof and for purposes of this Opinion. At the direction of the Committee, we have not passed upon the fairness of the consideration to be paid to the Affiliated Stockholders or holders of units of the operating partnerships. We note that the Company engaged in a process earlier this year which resulted in the selection of Divco/TPG as the principal purchaser of the assets of the Company, and that process included a stated assumption that certain excluded properties (the Excluded Properties), which, in addition to certain other properties, constitute the Retained Properties, would be purchased or retained by the Berg Entities at a valuation in excess of the ultimate price being paid by the Berg Entities. That process was not reopened after the purchase price initially indicated to be offered by the Berg Entities for the Excluded Properties was reduced. Further, in connection with the delivery of our Opinion, we note that Carl Berg and certain affiliated parties and entities have certain approval rights with respect to fundamental corporate actions, including any merger, consolidation or sale of all or substantially all of the Company s assets. In addition, our Opinion does not consider, address or include: (i) the legal, tax or accounting consequences of the Transaction on the Company, the Berg Entities or the holders of Company Common Stock, including the continuation of statutory REIT qualification requirements; (ii) the fairness of the amount or nature of any compensation to any of the Company s officers, directors or employees, or class of such persons, relative to the compensation to the holders of the Company s securities; (iii) the fairness of the consideration to be paid to affiliates of the Berg Entities or the holders of units of the operating partnerships; (iv) the independent fairness of the component parts of the Transaction, including, without limitation, the fairness of the Transaction to the Berg Entities or fairness of the Retained Properties Transaction; (v) the risks and attendant costs to the Company of the Transaction; (vi) the risks and attendant impact of a delay in the liquidation or a need to defer payments to shareholders in connection with the liquidation; or (vii) any advice or opinions provided by any other advisor to the Company other than Colliers International. Furthermore, we do not express any opinion as to the prices, trading range or volume at which the Company s securities will trade following public announcement or consummation of the Transaction.

Our Opinion is necessarily based solely on economic, market, monetary, financial and other conditions as they exist on, and on the information made available to us as of, the date of our Opinion. It is understood that subsequent developments may affect the conclusions reached in the Opinion or information set forth in our Opinion and that Stifel Nicolaus does not have, and

does not assume, any obligation to update, revise or reaffirm our Opinion. All descriptions in our Opinion to the terms of the Transaction are qualified in their entirety by reference to the drafts of the Transaction Agreements that were made available to us. Our Opinion is solely directed to the Committee for its information and assistance in connection with its consideration of the financial terms of the Transaction. Our Opinion does not constitute a recommendation to the Committee, the Board or any shareholder of the Company as to how the Committee, the Board or such shareholder should vote on the Transaction or to any shareholder of the Company as to how any such shareholder should vote at any shareholders' meeting at which the Transaction is considered or whether or not any shareholder should exercise any dissenters' or appraisal rights that may be available to such shareholder. In addition, our Opinion does not compare the relative merits of the Transaction with any other alternative transaction or business strategy which may have been available to the Company and does not address the underlying business decision of the Committee, the Board or the Company to proceed with the Transaction or any aspect thereof. Our engagement has been limited to providing an opinion with respect to the fairness of the Consideration to be received by holders of the Shares other than the Affiliated Stockholders and certain advisory services provided to the Committee. We were not engaged to assist in, and were not involved in, the sales process, the Company's decision to pursue its strategic alternatives, or its consideration of transactions other than the Transaction pursuant to the sales process.

Stifel Nicolaus, as part of its investment banking services, is regularly engaged in the independent valuation of businesses and securities in connection with mergers, acquisitions, underwritings, sales and distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. We will receive a fee for the delivery of the Opinion. We will also receive a fee relating to the advisory services provided to the Committee. The latter fee is contingent upon consummation of the Transaction. In addition, the Company has agreed to indemnify us for certain liabilities arising out of our engagement. There are no material relationships that existed during the two years prior to the date of this Opinion or that are mutually understood to be contemplated in which any compensation was received or is intended to be received as a result of the relationship between Stifel Nicolaus and any party to the Transaction. Stifel Nicolaus may seek to provide investment banking services to Divco/TPG or its affiliates or to the Berg Entities in the future, for which we would seek customary compensation. In the ordinary course of business, Stifel Nicolaus may trade the Company's securities for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities.

While we are not opining as to the independent fairness of the component parts of the Transaction, we have reviewed the Property Appraisals, including the appraisals of the properties being retained as part of the Retained Properties Transaction, in order to provide the opinion set forth in the last paragraph of this letter. In this regard, and based solely on this review, we believe it would be appropriate for the Committee to conclude that the value being attributed to the Retained Properties as part of the Retained Properties Transaction as set forth in the

Partnership Separation Agreement is reasonable from the perspective of the holders of the Shares who are not Affiliated Stockholders.

Stifel Nicolaus Fairness Opinion Committee has approved the issuance of this Opinion. Our Opinion may not be published or otherwise used or referred to, nor shall any public reference to Stifel Nicolaus be made, nor shall our Opinion be used for any other purposes, without our prior written consent, except in accordance with the terms and conditions of our engagement letter agreement with the Company.

3.10.3 Additional Rent. All Additional Rents (as defined below) which have been received in respect to the month in which the Closing Date occurs (the **Current Month**) shall be prorated as of the Closing Date. Such Additional Rents for the Current Month which have been received as of the Closing Date shall be prorated on a per diem basis based upon the number of days in the Current Month prior to, but not including, the Closing Date (which shall be allocated to Seller) and the number of days in the Current Month from and after the Closing Date (which shall be allocated to Buyer). In addition, Seller shall be credited on the Closing Date with their share of rents and other tenant charges and Additional Rents for the Current Month and for all periods prior to the Current Month which have not been received as of the Closing Date. Buyer shall be solely responsible, after the Closing Date, for collecting unpaid Additional Rents. At least five (5) business days prior to the Closing Date, Seller shall cause to be prepared and delivered to Buyer a reconciliation (**Additional Rents Reconciliation**) of (i) actual operating and similar expenses of the Property upon which Additional Rents are based (**Additional Rent Expenses**) for the period commencing on January 1, 2012 and ending on the last day of the Current Month (**Additional Rents Reconciliation Period**), it being understood that certain Additional Rents Expenses for the Additional Rents Reconciliation Period, if not based on actual amounts (such as certain operating expenses for the Current Month), may be reasonably estimated by Seller; and (ii) Additional Rents collected by Seller for that portion of the Additional Rents Reconciliation Period prior to the Current Month and Additional Rents payable for the Current Month. Any amount shown to be owed by Seller to the tenants of the Property under the Additional Rents Reconciliation shall be credited to Buyer at the Closing, and any amounts shown to be owed to Seller by tenants of the Property under the Additional Rents Reconciliation shall be credited to Seller at the Closing. For purposes of this Section 3.10.3, **Additional Rents** shall mean any and all amounts due from Tenants for Operating Expenses and any other tenant charges other than Rents. Notwithstanding the foregoing, amounts payable by lessees in respect of overtime heat, air conditioning or other utilities or services, freight elevator charges, supplemental water, HVAC and condenser charges, services or repairs and labor costs associated therewith, above standard cleaning and all other items which are payable to Seller as reimbursement or payment for above standard overtime services, whether pursuant to such Tenant's Lease or pursuant to a separate agreement with Seller, shall not be adjusted, and shall belong to the party furnishing such utilities, labor or services to such lessee.

3.10.4 Utilities and Other Expenses. If Seller is paying (or is responsible for paying) utilities for any Target Properties, Seller shall notify all water, gas, electric and other utility companies servicing the Target Properties (collectively, **Utility Companies**) of the sale of the Target Properties to Buyer and shall request that all Utility Companies send Seller a final bill for the period ending on the last day prior to the Closing. Buyer shall notify all Utility Companies servicing the Target Properties that, as of the Closing, Buyer will own the Target Properties and that all utility bills for the period commencing on the Closing shall be sent to Buyer. Notwithstanding the foregoing, Seller shall not be required to take any actions under this Section 3.10.4 that are not permitted under any lease. Buyer and Seller shall apportion charges and fees due under contracts for the

supply to the Target Properties of heat, water, steam, electric power, gas and any other utilities, and telephone, if any, in respect of the billing period of the related service provider in which the Closing Date occurs (the **Current Billing Period**) on a per diem basis based upon the number of days in the Current Billing Period prior to the Closing Date (which shall be allocated to Seller) and the number of days in the Current Billing Period on and after the Closing Date (which shall be allocated to Buyer) and assuming that all charges are incurred uniformly during the Current Billing Period (it being agreed that all deposits, if any, made by Seller as security under any such public service contracts shall be credited to Seller if such amounts remain on deposit after the Closing for the benefit of Buyer; provided, however, that Seller shall be entitled in its sole discretion to receive a refund of such security deposits directly from any such service provider without credit to Buyer). Calculations hereunder shall be based upon the most recent invoice rendered to Seller by the applicable service provider and, after an actual bill covering the period ending on the Closing Date is received, the apportionment of such charges hereunder shall be recomputed. The provisions of this Section 3.10.4 shall survive the Closing. In connection with such proration, it shall be presumed that utility charges were uniformly incurred during the billing period.

3.10.5 Prorations. All prorations shall be made as of the Closing on the basis of the actual days of the month in which the Closing occurs.

3.11 Operations Prior to Closing.

3.11.1 Between the date of the execution of this Agreement and the Closing Date, Seller, in accordance with its normal practices and procedures, will continue to maintain and to make all repairs and replacements to the Target Property so as to keep the Target Property in substantially its present condition, subject to ordinary wear and tear. Seller will continue to operate the Target Property in a commercially reasonable manner and in accordance with its normal past practices, standards and procedures from the date hereof through the Closing Date. Seller will not permit or suffer to exist any new encumbrance, charge or lien to be placed or claimed upon the Target Property unless such encumbrance, charge or lien has been approved in writing by Buyer or will be removed prior to the Closing Date.

3.11.2 Between the date of the execution of this Agreement and the Closing Date, without Buyer's written consent, which will not be unreasonably withheld or delayed (such reasonableness requirement to apply only in the case of clauses (a) or (b) hereof), Seller: will not (a) enter into or materially amend, modify, extend, renew or terminate, or apply any security deposits under, any leases, (b) enter into any other agreement affecting the Target Property unless the same will terminate as of the Closing Date without charge, cost, penalty or premium, (c) sell, convey, assign, transfer, encumber or otherwise dispose of the Target Property or (i) prior to date which is two (2) Business Days prior to the Benchmark Date, make any material modifications to the Target Property, or (ii) on or after the date which is two (2) Business Days prior to the Benchmark Date, make any modifications to the Target Property, and (d) take any other action which may have an adverse effect upon the Target Property. Buyer's approval of any such items will be deemed given with respect to any request described in clauses (a) or (b) hereof if Buyer has not disapproved the item within three (3) Business Days of request for approval by Seller accompanied by all information reasonably necessary for Buyer to make an informed decision regarding the matter proposed to be approved. Any disapproval by Buyer shall be in writing and shall specify the reasonable grounds for disapproval.

3.11.3 Between the date of the execution of this Agreement and the Closing Date, Seller shall not remove any personal property, fixtures or equipment located in the Target Property except as may be required for maintenance, repair and/or replacement or where such removal is commercially reasonable and in the ordinary course of management and operation of the Target Property. All replacements shall be (a) completed free and clear of any liens and encumbrances, (b) of quality at least equal to the replaced items and (c) deemed included in the sale, without additional cost or expense to Buyer.

3.11.4 Seller shall not take any action adverse to the proposed development of the Target Properties, including, without limitation, the granting of any easements or other interest in and to the Target Properties, without the prior written consent of Buyer, which may be withheld by Buyer in its sole and absolute discretion.

3.11.5 Seller shall cause each party to any Debt and Other Obligations, in such party's capacity as Borrower under the loan documents in connection therewith (**Borrower**), to perform its obligations under the such loan documents in all material respects; to not take any action (or fail to take any action) which, with or without the benefit of any notice or cure rights provided for under the applicable loan documents, constitutes a material violation or breach by Borrower of any of its affirmative or negative covenants under such loan documents and materially and adversely affects Buyer's assumption of the Assumed Debt as described in Section 3.3.8 hereof or the right to prepay the Northwestern Mutual Life Insurance Company Loan in accordance with the Northwestern Mutual Payoff Letters; to not, without Buyer's prior written consent, in Buyer's sole and absolute discretion, (x) amend, supplement, terminate, extend or otherwise modify in any material or adverse respect any loan documents or any of the terms or conditions of any Debt or Other Obligations, or (y) request any lender's approval to take any action that, if consented to by such lender and taken by Borrower, would constitute any matter described in the foregoing clause; and keep Buyer reasonably apprised with respect to any material developments relating to the status of the Debt and Other Obligations, and shall, promptly following request by Buyer, provide to Buyer a written update as to Borrower's dealings with the lender regarding Buyer's pursuit of approval for the assumption of the Debt and Other Obligations.

3.11.6 Seller shall use diligent, good faith efforts to obtain estoppel certificates from the Tenants of the Target Properties in the form of **Exhibit D** attached hereto. A copy of each executed estoppel certificate received by Seller from a Tenant shall be delivered by Seller to Buyer promptly after Seller receives such estoppel certificate from the applicable Tenant. An executed estoppel certificate that (a) is in substantially the prescribed form attached hereto as **Exhibit D** or which is in the form expressly required under an applicable Tenant Lease, (b) is not dated more than thirty (30) days prior to the Maryland Law Vote (but in any case not more than forty-five (45) days prior to the Closing), (c) includes as an attachment thereto all documentation comprising the Tenant Lease, which is identical to the applicable Tenant Lease for such Tenant delivered to Buyer by Seller, (d) is consistent with the Rent Roll and (e) does not show any material adverse impacts on the applicable Target Property or Tenant Lease and otherwise meets the requirements of this Section 3.11.6 is hereinafter referred to as an **Acceptable Estoppel Certificate** . Buyer may object to any estoppel certificate which is not an Acceptable Estoppel Certificate or which discloses any fact which contradicts a material term of the applicable Tenant Lease or any representations or warranties of Seller made herein; provided, however, if Buyer does not object within five (5) Business Days of receipt of the estoppel certificate such estoppel certificate shall be deemed an Acceptable Estoppel Certificate.

3.11.7 Notwithstanding the foregoing, nothing herein shall prevent Seller from operating, managing, maintaining, selling or taking any other action with respect to Seller's properties that are not Target Properties.

4. Due Diligence.

4.1 Preliminary Title Report; Surveys. Seller has prior to execution of this Agreement delivered to Buyer or caused Escrow Holder to deliver to Buyer and Seller the following: (collectively, **PTR**) (i) a current preliminary title report for the Target Properties issued by the Title Company showing the current state of the title of the Target Properties, dated no earlier than ninety (90) days prior to the date of this Agreement; (ii) legible copies of all underlying title exceptions referenced in the aforementioned title report; and (iii) a map or plat of the Target Properties, with all determinable easements and other title exceptions disclosed in such title report plotted thereon. Buyer shall have the right, at any time on or before (i) thirty (30) days after the effective date of this Agreement, with respect to any Target Property with respect to which a New Survey is delivered to Buyer on or prior to the date that is seven (7) days after the effective date of this Agreement; (ii) forty five (45) days after the effective date of this Agreement, with respect to any Target Property which is not covered by clause (i), immediately above, and for which a New Survey is delivered to Buyer more than ten (10) days prior to the end of such forty five (45) day period; or (iii) on a Target Property-by-Target Property basis, if a New Survey for a particular Target Property has not been received more than ten (10) days prior to the end of such forty five (45) day period, ten (10) days after the applicable New Survey has been received (such period or periods, as applicable, with respect to the applicable Target Property(ies), the **Title/Survey Evaluation Period**) to notify

Table of Contents

Seller, in writing, of Buyer's objection to any exceptions contained in the PTR and/or in such New Survey (hereinafter referred to as **Title/Survey Defects**). Promptly following the execution and delivery of this Agreement, if Seller has not already done so, Seller shall order a New Survey for each Target Property on **Schedule 2**, at its sole cost and expense. Notwithstanding the above, Buyer shall reimburse Seller for all New Surveys on **Schedule 2**, lines 60-89 unless this Agreement is terminated pursuant to Section 10.1(c)(ii) or (iv), or Section 10.1(d)(i), (ii) or (iii), and Buyer shall reimburse Seller for all other New Surveys upon Closing or if this Agreement is terminated by Seller pursuant to Section 10.1(c)(i).

Upon Seller's receipt of notification of any Title/Survey Defects from Buyer prior to the end of the applicable Title/Survey Evaluation Period for the applicable Target Property, Seller shall have ten (10) Business Days within which to elect, by written notice to Buyer, to remove or delete from the title to be conveyed to Buyer (in a manner acceptable to Buyer, in Buyer's sole and absolute discretion) any Title/Survey Defects objected to by Buyer. If Seller so elects to cure any such Title/Survey Defects, Seller shall use commercially reasonable efforts to cure the same at Seller's sole cost and expense prior to the Close of Escrow and such Title/Survey Defects shall not constitute Permitted Exceptions. If Seller does not elect to cure such Title/Survey Defects, Seller shall notify Buyer thereof in writing within the applicable ten (10) Business Day period, and Buyer may elect on or before the later to occur of (i) the expiration of the applicable Title/Survey Evaluation Period or (ii) five (5) days after the end of the applicable ten (10) Business Day period, to either waive its objections and proceed with the purchase of the Target Properties pursuant to the terms of this Agreement or terminate this Agreement and all of its obligations, in which event Buyer shall be entitled to the prompt return of the Deposit. If Buyer fails to make such election on or before the expiration of the later to occur of (i) the expiration of the applicable Title/Survey Evaluation Period or (ii) five (5) days after the end of the applicable ten (10) Business Day period, then Buyer shall be deemed to have elected to terminate this Agreement. Notwithstanding the foregoing, Seller hereby agrees that on or before the Closing under this Agreement: (i) Seller shall remove, or cause to be removed, from the condition of title to the Target Properties, at no cost to Buyer, (A) all monetary liens and encumbrances currently existing on the Target Properties, other than non-delinquent real property taxes and assessments and other than the Assumed Debt, (B) all material liens and encumbrances created by or as a result of Seller's activities after the date hereof, and (C) any such material liens or encumbrances, suffered by Seller or assumed by Seller after the date hereof; (ii) Seller shall be responsible for all yield maintenance, prepayment penalties and/or any other similar fees and charges required by any lender to remove existing financing encumbrances; and (iii) Seller shall have no right to decline to remove same pursuant to the foregoing. Upon the issuance of any amendment or supplement to the PTR which adds additional exceptions as a result of actions of Seller after the Title/Survey Evaluation Period, the foregoing right of review and approval and termination provisions shall also apply to said amendment or supplement (provided that the period for Buyer to review such amendment or supplement shall be the later of the expiration of the applicable Title/Survey Evaluation Period or ten (10) Business Days from the receipt of the amendment or supplement caused as a result of actions of Seller after the Title/Survey Evaluation Period) and Escrow shall be deemed extended by the amount of time necessary to allow such review and approval in the manner set forth above.

4.2 Due Diligence Items. Buyer shall have the right to review, in its sole and absolute discretion, among other things, those due diligence items in Seller's possession or control identified in **Exhibit I**, of which true and complete copies have been provided to Buyer from Seller through the CBRE website or by electronic mail exchanged between Buyer and Seller or their Representatives (such due diligence items, the **Due Diligence Items**). The Due Diligence Items include, without limitation, the following to the extent applicable: (a) any Tenant Leases in Seller's possession; (b) any other agreements, documents or information that bind the Target Properties and materially affect its operation or use; and (c) all plans, documents, agreements and other records of any governmental entities, districts and utilities regarding the Target Properties or otherwise impacting, restricting, or affecting the use of the Target Properties (the **Governmental Records**). Seller acknowledges that Buyer may desire to discuss or otherwise inquire about the Governmental Records with various governmental entities and utilities and the other Due Diligence Items with third parties. In this regard, Buyer is permitted under this Agreement to contact all necessary third parties and discuss with such third parties the Governmental Records and other Due Diligence Items. Except as set forth in Section 8 hereof, each of the Due

Diligence Items delivered to Buyer by Seller was obtained from a third party, and Seller makes no representation or warranty as to the accuracy or completeness of any Due Diligence Item.

4.3 Right of Entry.

4.3.1 If necessary in order to comply with Section 5.4, Buyer and its agents, employees, consultants and contractors shall have the right to enter the Target Properties, at Buyer's risk, to conduct physical inspections, and to perform such soil, engineering, geologic and other tests and inspections, as Buyer shall deem suitable, subject to the rights of the tenants under the applicable lease; provided, however, that: (i) Buyer shall give Seller reasonable prior notice of such tests and inspections (including the name of Buyer's consultant and a description of the tests and inspections to be performed on the Target Properties); and (ii) in no event shall Buyer perform any invasive testing of the soil or groundwater or Improvements in, on or under the Target Properties without the prior written consent of Seller, which shall not be unreasonably withheld, delayed or conditioned, provided further that it shall not be unreasonable for Seller to withhold its consent to any invasive testing of the soil or groundwater or Improvements for the presence of Hazardous Materials unless a phase I environmental site assessment discloses the need or desire for such invasive testing. If Seller reasonably disapproves of a consultant or testing method, Buyer may propose alternative consultants or testing methods or terminate this Agreement. Prior to Closing, Buyer shall keep confidential any information regarding the Target Properties contained in the reports for the tests and inspections described above and shall not disclose such information to any third party (other than consultants or attorneys engaged to review such reports) except as required by law or court order or in connection with the enforcement of its rights under this Agreement. Unless this Agreement shall have been terminated in accordance with the terms hereof, during the term of this Agreement and following Closing, Seller shall keep confidential any information regarding the Target Properties contained in the reports for the tests and inspections described above and shall not disclose such information to any third party (other than consultants or attorneys engaged to review such reports) except as required by law or court order. Seller's obligation under the preceding sentence shall survive the Closing. Upon the completion of such tests and inspections, Buyer shall promptly restore the Target Properties to substantially the condition they were in prior to such tests and inspections. Buyer shall indemnify, defend and hold Seller harmless from any liabilities, costs, claims, losses or damages, including attorneys' fees and costs, arising out of or in connection with the activities of Buyer, its agents, employees, consultants or contractors on or about the Target Properties prior to the Closing or termination of this Agreement, except to the extent such liabilities, costs, claims, losses or damages, arise from Seller's breach of this Agreement or Seller's gross negligence or intentional misconduct or the mere discovery of an existing condition with respect to the Target Properties. This indemnification shall survive the termination of this Agreement or the Closing, as applicable.

4.3.2 Buyer shall maintain, and shall ensure that the contractors, agents and third parties under Buyer's control maintain, commercial general liability insurance from a licensed insurance company insuring Buyer and its representatives against any liability arising out of any entry or inspections of the Target Properties pursuant to the provisions hereof. Such insurance maintained by Buyer (and Buyer's agents) shall be in the amount of not less than Two Million Dollars (\$2,000,000) combined single limit for injury to or death of one or more persons in an occurrence, and for damage to tangible property (including loss of use) in an occurrence. Any insurance policy maintained by Buyer (and Buyer's agents) shall: (i) insure the contractual liability of Buyer covering Seller; (ii) name Seller (and its successors and assigns) as an additional insured; (iii) contain a cross-liability provision; (iv) contain a provision that the insurance provided by Buyer hereunder shall be primary and noncontributing with any other insurance available to Seller; and (v) be in form and substance adequate to insure against all liability of Buyer and its agents arising out of any entry or inspections of the Target Properties pursuant to the provisions of this section. Buyer shall provide Seller with evidence of such insurance coverage prior to any entry or inspection of the Target Properties.

4.4 Due Diligence Period. Buyer shall have the right, for any or no reason, including without limitation based on the conduct of its due diligence and/or review of the Due Diligence Items contemplated by Section 4.2, on or prior to the Benchmark Date, to terminate this Agreement. If Buyer fails, for any or no reason, to waive

such termination right by giving Seller and Escrow Agent written notice of such waiver (the **DD Waiver Notice**) on or before 5:00 p.m., Pacific Time on the Benchmark Date, then this Agreement shall be deemed terminated as of the Benchmark Date except for those obligations which expressly survive the termination of this Agreement. Notwithstanding anything to the contrary contained herein, any DD Waiver Notice shall be automatically revoked if the Seller Stockholder Meeting at which the stockholder vote with respect to the Maryland Law Vote is scheduled to occur is postponed or adjourned prior to the Maryland Law Vote having been obtained, to more than five (5) days beyond the Benchmark Date, and the Benchmark Date shall thereafter be the Business Day preceding the Business Day on which the Seller Stockholder Meeting is then scheduled to be held by reason of such postponement or adjournment at which the Maryland Law Vote is expected to be obtained.

5. Additional Agreements.

5.1 Preparation of the Proxy Statement; Stockholders Meeting.

(a) As promptly as practicable following the date of this Agreement (and in any event within ten (10) days after the execution of this Agreement), Seller shall prepare (with the assistance of Buyer) and file with the SEC a preliminary proxy statement (together with the letters to stockholders, notices of meeting and forms of proxies to be distributed in connection therewith and any schedule required to be filed with the SEC in connection therewith) for the Seller Stockholder Meeting to be held for the purposes of considering and taking action upon this Agreement and the transactions contemplated hereby and in connection herewith (including under any other transactions or agreements). Seller shall use its reasonable best efforts to cause the preliminary proxy statement to be cleared with the SEC as promptly as practicable after such filing and shall file the definitive proxy statement promptly following such clearance. Seller will cause the definitive proxy statement to be mailed to Seller's stockholders as promptly as practicable after such filing. Buyer shall furnish all information concerning Buyer and its affiliates to Seller as may be reasonably requested and that is legally required for inclusion in the proxy statement in connection with the preparation, filing and distribution of the proxy statement. Seller shall promptly notify Buyer (and provide Buyer a copy thereof) upon the receipt of any comments from the SEC or any request from the SEC for amendments or supplements to the proxy statement. Seller shall use reasonable best efforts to respond (with the assistance of Buyer) as promptly as practicable to any comments of the SEC with respect to the proxy statement. Notwithstanding the foregoing, prior to filing or mailing the proxy statement (or any amendment or supplement thereto) or responding to any comments of the SEC with respect thereto, Seller shall provide Buyer an opportunity to review and comment on such document or response (including the proposed final version of such document or response).

(b) Seller agrees that the proxy statement (together with its related filings and schedules) will comply as to form in all material respects with the requirements of the Securities Exchange Act of 1934, as amended (the **Exchange Act**), and that none of the information included or incorporated by reference in the proxy statement will (except to the extent revised or superseded by amendments or supplements contemplated hereby), at the date the proxy statement is filed with the SEC or mailed to the stockholders of Seller or at the time of the stockholders meeting, or at the time of any amendment or supplement thereof, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading, except that no covenant is made by Seller with respect to statements made in the proxy statement based on information supplied in writing by or on behalf of Buyer for inclusion or incorporation for reference therein. Buyer agrees that none of such Buyer information will (except to the extent revised or superseded by amendments or supplements contemplated hereby), at the date the proxy statement is filed with the SEC or mailed to the stockholders of Seller or at the time of the stockholders meeting, or at the time of any amendment or supplement thereof, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading.

(c) Seller shall as soon as reasonably practicable after the date hereof, take all action necessary in accordance with the MGCL and the Charter and Bylaws, to duly call, give notice of, and following the mailing of

the proxy statement, convene and hold a meeting of its stockholders (the **Seller Stockholder Meeting**) to be held as soon as reasonably practicable (and in any event within thirty (30) days) after such mailing for the purpose of seeking to obtain the Maryland Law Vote in connection with the approval of this Agreement and the transactions contemplated hereby and in connection herewith (including under any other transactions and agreements); provided, however, the Seller Stockholder Meeting shall not be scheduled to be held prior to the forty-fifth (45th) day after the effectiveness of this Agreement, nor later than ten (10) days prior to the Outside Closing Date. Except in the event of a Change in Recommendation permitted by Sections 31(c) and 31(d), the proxy statement shall include the Seller Recommendation and the Seller shall use reasonable best efforts to (i) solicit from its stockholders proxies in favor of the approval of the sale of the Target Properties to Buyer and the other transactions contemplated hereby and in connection herewith (including under any other transactions and agreements) and (ii) take all other actions necessary or advisable to secure the required Maryland Law Vote.

5.2 Approvals. Subject to the terms and conditions of this Agreement, Seller and Buyer shall, and Seller shall cause its Subsidiaries to, cooperate, including by providing such assistance and information as is reasonably requested by the other party, and use reasonable best efforts to obtain all approvals, consents, registrations, waivers, permits, authorizations, orders and other confirmations from any Governmental Agency or third party necessary, proper or advisable to consummate the transactions contemplated hereby and to preserve all rights of and benefits to Seller and Buyer thereunder. Buyer shall use commercially reasonable efforts to procure the consent of the holders of the Assumed Debt to the assumption thereof by Buyer's assignees/designees, and Buyer shall use commercially reasonable efforts to take, or cause to be taken, all actions, and do, or cause to be done, all things necessary to assume the Debt and Other Obligations and Seller shall, and shall cause its Subsidiaries to, cooperate, including promptly and fully providing all information and preparing all Seller documentation necessary to effect such assumption and to obtain financing to be secured by Target Properties, as reasonably required by Buyer, it being understood that obtaining financing secured by Target Properties other than the assumption of the Assumed Debt shall not be a condition to the Closing.

5.3 Target Properties. Seller shall, and shall cause its Subsidiaries to, take all actions necessary and proper so that Seller shall, immediately prior to Closing, without triggering or otherwise causing any default under any Debt and Other Obligations to be assumed by Buyer, own all of the Target Properties free and clear of all liens and encumbrances other than Permitted Encumbrances. Seller shall, and shall cause its Subsidiaries to, consummate all of the transactions necessary for the consummation of the transactions contemplated hereby to be consummated on the Closing Date, including under any other transactions or agreements. Without limiting the foregoing, Seller shall, and shall cause its Subsidiaries to, take all actions necessary and proper so that Seller shall have title to, and shall transfer (on the terms and subject to the conditions set forth in this Agreement) the Target Properties to Buyer promptly following the receipt of the Maryland Law Vote, as and when required by the terms hereof.

5.4 Financing. Prior to the Closing Date, Seller shall use its commercially reasonable efforts to provide to Buyer, and shall cause each of its Subsidiaries to use its commercially reasonable efforts to provide, and shall use its commercially reasonable efforts to cause its Representatives, including legal and accounting, to provide, in each case at Buyer's sole expense, all cooperation reasonably requested by Buyer that is customary in connection with the arrangement of the Financing or any permitted replacement, amended, modified or alternative financing (collectively with the Financing, the **Available Financing**, it being understood that for purposes of this Section 5.4, for the avoidance of doubt, Available Financing shall include any incurrence of loans contemplated by the Debt Term Sheet), including without limitation, the submission to Tenants of the forms of Subordination, Non-Disturbance and Attornment Agreements provided by lenders providing Debt Financing and/or Assumed Debt and forwarded to Seller by Buyer, and reasonable cooperation in seeking to obtain same from Tenants, and the submission to the ground lessor of the Ground Leased Target Property of the ground lessor's estoppel certificate and agreement in the form attached hereto as **Exhibit O**, and reasonable cooperation in seeking to obtain same from such ground lessor. Buyer shall use commercially reasonable efforts to notify Seller of any material changes to the Financing as provided in Section 9(g) promptly after Buyer has received written notice thereof.

5.5 Further Assurances; Cooperation. Buyer and Seller shall, and Seller shall cause its Subsidiaries to, cooperate and, at the request of the other party hereto, prepare, execute, deliver and/or file such other papers, instruments, notices, petitions, statements, registrations, submissions of information, applications and other documents as the other party or Title Company may reasonably request and do and perform such other acts and things (including all action reasonably necessary to seek and obtain any and all consents, waivers and approvals of any Governmental Agency or third party required or advisable in connection with the transactions contemplated hereby) as may be necessary or desirable for effecting completely, in the most expeditious manner reasonably practicable, the consummation of this Agreement and the transactions contemplated hereby. Buyer and Seller shall, and Seller shall cause its Subsidiaries to, use their respective commercially reasonable efforts to promptly cause the conditions set forth in Sections 3.3 and 3.4 to be satisfied, where the satisfaction of such conditions depends on action or forbearance from action by such party.

6. Commissions. Buyer and Seller each represents and warrants to the other that, except for obligations related to Lease and Related Costs, Stifel, Nicolaus & Company, Incorporated (Stifel) (for Seller) and as set forth below, no person or entity can properly claim a right to any commission, finder's fee or brokerage fee arising out of the transactions contemplated by this Agreement. Buyer and Seller shall each indemnify and hold the other party harmless from and against any and all liabilities, claims, demands, damages, costs and expenses, including, without limitation, reasonable attorneys' fees and court costs, in connection with claims for any such commissions, finders' fees or brokerage fees arising out of conduct of the indemnifying party or any inaccuracy of the foregoing representation and/or warranty by the indemnifying party. Seller has agreed to pay a marketing fee to CBRE, and shall defend, indemnify and hold Buyer harmless from and against any claim made by CBRE or its affiliates related to a commission or other compensation arising out of the transactions contemplated hereby (but not with respect to any Lease and Related Costs).

7. Damage or Destruction: Condemnation.

7.1 Minor Damage. Except as expressly set forth in Sections 7.2 and 7.3 below, if, prior to the Closing, some or all of the Target Properties are damaged by fire or other casualty, then Buyer shall have the right at Closing to receive a credit against the Purchase Price in the amount of the deductible plus the cost to repair any uninsured damage, plus all insurance proceeds received by Seller as a result of such loss, or an assignment of Seller's rights to such insurance proceeds, and this Agreement shall continue in full force and effect with no reduction in the Purchase Price and Seller shall have no further liability or obligation to repair such damage or to replace the damaged Target Properties.

7.2 Major Damage - Few Buildings Affected. If, prior to the Closing, four (4) or fewer of the Target Properties, or Target Properties having an aggregate Purchase Price of less than Twenty-Five Million Dollars (\$25,000,000) (as determined by Buyer in good faith), are Materially Damaged by fire or other casualty, and in either case, Section 7.3 below does not apply, then Buyer shall have the option, exercisable by written notice delivered to Seller within ten (10) days after the date of such damage is reported to Buyer, either (i) to receive the amount of the deductible plus the cost to repair any uninsured damage, plus all insurance proceeds received by Seller as a result of such loss, or an assignment of Seller's rights to such insurance proceeds, and this Agreement shall continue in full force and effect with no reduction in the Purchase Price and Seller shall have no further liability or obligation to repair such damage or to replace the damaged Target Properties, or (ii) to terminate this Agreement solely with respect to such damaged Target Properties (in which event such damaged Target Properties shall be deleted from the term Target Properties, as more particularly set forth on **Exhibit A**, the Purchase Price shall be reduced by the portion thereof allocated to such damaged Target Properties (as determined by Buyer in good faith) and this Agreement shall remain in full force and effect with respect to the balance of the Target Properties). If Buyer fails to notify Seller in writing within such ten (10) day period of Buyer's intention to terminate this Agreement with respect to such damaged Target Properties, then Buyer shall be deemed to have elected option (i), and Buyer and Seller shall proceed to Closing in accordance with the terms and conditions of this Agreement. In the event that one or more of the Target Properties as to which a fire or other casualty has occurred are intended to be included within a Loan Assumption, Buyer and the applicable lender shall negotiate in good faith in an attempt to reach a mutually acceptable result with respect to such Target

Properties; provided, however, if Buyer and such lender are not able to reach a mutually acceptable result with respect to such Target Properties, then the same shall, unless waived by Buyer in its sole and absolute discretion, constitute a failure of the condition set forth in Section 3.3.8. For purposes of this Section 7.2 and Section 7.3, **Materially Damaged** shall mean that an affected Target Property has incurred damage (a) the cost of which to repair equals or exceeds the lesser of \$2,000,000 and 10% of the Purchase Price allocated to such Target Property (as determined by Buyer in good faith), (b) which gives tenants occupying more than 10% of the rentable square footage of such Target Property the right to terminate their leases, (c) which adversely affects that value of such Target Property by more than \$2,000,000, or (d) which materially impairs access to or parking at such Target Property.

7.3 Major Damage Many Buildings Affected. If, prior to the Closing, more than four (4) of the Target Properties or Target Properties having an aggregate Purchase Price of equal to or greater than Twenty-Five Million Dollars (\$25,000,000) (as determined by Buyer in good faith), are Materially Damaged by fire or other casualty, then Buyer shall have the option, exercisable by written notice delivered to Seller within ten (10) days after the date such damage is reported to Buyer, either (i) to receive the amount of the deductible plus the cost to repair any uninsured damage, plus all insurance proceeds received by Seller as a result of such loss, or an assignment of Seller's rights to such insurance proceeds, and this Agreement shall continue in full force and effect with no reduction in the Purchase Price and Seller shall have no further liability or obligation to repair such damage or to replace the damaged Target Properties, or (ii) to terminate this Agreement. If Buyer elects to terminate this Agreement, Buyer shall give notice to Seller thereof, the Deposit shall be returned to Buyer, and thereafter neither party will have any further rights or obligations hereunder, except for any obligations that expressly survive termination. If Buyer fails to notify Seller in writing within such ten (10) day period of Buyer's intention to terminate this Agreement, then Buyer shall be deemed to have elected option (i), and Buyer and Seller shall proceed to Closing in accordance with the terms and conditions of this Agreement. In the event that one or more of the Target Properties as to which a fire or other casualty has occurred are intended to be included within a Loan Assumption, Buyer and the applicable lender shall negotiate in good faith in an attempt to reach a mutually acceptable result with respect to such Target Properties; provided, however, if Buyer and such lender are not able to reach a mutually acceptable result with respect to such Target Properties, then the same shall, unless waived by Buyer in its sole and absolute discretion, constitute a failure of the condition set forth in Section 3.3.8.

7.4 Condemnation and Eminent Domain Few Buildings Affected. In the event that any condemnation proceedings are instituted, or notice of intent to condemn is given, with respect to any material portion of four (4) or fewer of the Target Properties or which would materially impair access to such Target Properties, then Buyer shall have the option, exercisable by written notice delivered to Seller within ten (10) days after the date of such institution or notice, either to terminate this Agreement solely with respect to such condemned Target Properties (in which event such condemned Target Properties shall be deleted from the term Target Properties, as more particularly set forth on **Exhibit A**, the Purchase Price shall be reduced by the portion thereof allocated to such condemned Target Properties (as determined by Buyer in good faith) and this Agreement shall remain in full force and effect with respect to the balance of the Target Properties), or to consummate the purchase of the Target Properties without reduction of the Purchase Price, in which event the right to collect any condemnation award or compensation for such condemnation shall be assigned by Seller to Buyer at Closing. Failure to give written notice of Buyer's election within such ten (10) day period shall be deemed an election by Buyer to proceed to Closing. In the event that one or more of the Target Properties as to which a condemnation has occurred are intended to be included within a Loan Assumption, Buyer and the applicable lender shall negotiate in good faith in an attempt to reach a mutually acceptable result with respect to such Target Properties; provided, however, if Buyer and such lender are not able to reach a mutually acceptable result with respect to such Target Properties, then the same shall, unless waived by Buyer in its sole and absolute discretion, constitute a failure of the condition set forth in Section 3.3.8. In the event that any condemnation proceedings are instituted, or notice of intent to condemn is given, with respect to any Target Properties and which is not described in this Section 7.4 or Section 7.5, then the right to collect any condemnation award or compensation for such condemnation shall be assigned by Seller to Buyer at Closing.

In the event that any condemnation proceedings are instituted, or notice of intent to condemn is given, with respect to any material portion of more than four (4) of the Target Properties or which would materially impair access to such Target Properties, then Buyer shall have the option, exercisable by written notice delivered to Seller within ten (10) days after the date of such institution or notice, either to terminate this Agreement and receive the return of the Deposit, in which case the parties shall have no further rights or obligations under this Agreement, except for any obligations that expressly survive termination, or to consummate the purchase of the Target Properties without reduction of the Purchase Price, in which event the right to collect any condemnation award or compensation for such condemnation shall be assigned by Seller to Buyer at Closing. Failure to give written notice of Buyer's election within such ten (10) day period shall be deemed an election by Buyer to proceed to Closing. In the event that one or more of the Target Properties as to which a condemnation has occurred are intended to be included within a Loan Assumption, Buyer and the applicable lender shall negotiate in good faith in an attempt to reach a mutually acceptable result with respect to such Target Properties; provided, however, if Buyer and such lender are not able to reach a mutually acceptable result with respect to such Target Properties, then the same shall, unless waived by Buyer in its sole and absolute discretion, constitute a failure of the condition set forth in Section 3.3.8.

Notwithstanding any other provisions of this Agreement, except for Section 3.10 and 3.10.1, after the Closing, Buyer shall be liable for and shall pay all Taxes or assessments, including, but not limited to, sales, use, intangibles, privilege, personal property, real property (subject to prorations as provided in Section 3.10 and 3.10.1), or other taxes or assessments resulting from or assessed with respect to the Target Properties or any of the transactions contemplated by this Agreement. Buyer hereby agrees to hold Seller harmless from, and agrees to indemnify, protect and defend Seller against, any and all claims by anyone at any time regarding any such Taxes or assessments.

30. Press Release. Within one Business Day of the date hereof Seller and Buyer shall jointly issue a press release with respect to the execution of this Agreement in the form attached hereto as **Exhibit M**.

31. No Solicitation of Transactions.

(a) Except as expressly permitted in this Section 31(a), Seller shall not, nor shall it permit any of its Subsidiaries to, nor shall it authorize or permit any officer, director, employee or agent or any investment banker, financial advisor, attorney, accountant or other advisor or representative of the Seller or any of its Subsidiaries (collectively, the **Representatives**) to, directly or indirectly; (i) solicit, or initiate or knowingly encourage, facilitate or induce, any inquiries, proposals or offers with respect to, or that reasonably may be expected to lead to the submission of, any Acquisition Proposal; or (ii) participate in any discussions (other than to state that Seller is not permitted to have discussions in violation of the terms of this Agreement) or negotiations regarding, or that reasonably may be expected to lead to, or furnish to any person any non-public information with respect to, or provide access to properties or otherwise cooperate with respect to, any Acquisition Proposal. Without limiting the foregoing, Seller shall be responsible for any failure on the part of its Representatives to comply with this Section 31; provided, however, that notwithstanding the foregoing, Buyer and Seller acknowledge and hereby agree that any violation of the restrictions set forth in this Section 31 by any employee of Seller (other than a director or officer of Seller) shall be deemed to be a breach of this Section 31 by Seller only if and to the extent that Seller has knowingly approved, authorized or consented or acquiesced to the action constituting such violation or failed to use its commercially reasonable efforts to prevent such action from occurring or continuing. Notwithstanding anything to the contrary in this Section 31, nothing contained in this Agreement shall prohibit Seller from, at any time prior to receipt of the Maryland Law Vote, furnishing any information to, or entering into or participating in discussions or negotiations with, or providing access to properties to, or otherwise cooperating with, any person that makes a bona fide Acquisition Proposal in writing after the date hereof that was not solicited and did not result, directly or indirectly, from a breach of this Section 31 if (i) prior thereto the Board, acting upon the recommendation of the Independent Directors Committee, by the requisite vote determines in good faith after consulting with outside legal counsel and its financial advisor that (A) such Acquisition Proposal constitutes or is reasonably likely to result in a Superior Proposal and (B) the failure to take action with respect to such Acquisition Proposal would be inconsistent with the duties of the members of the Independent Directors Committee under applicable law; (ii) prior to furnishing such non-public information to, or entering into discussions or negotiations with, or providing access to properties to, or otherwise cooperating with, such person, Seller notifies Buyer that it is furnishing information to, or entering into discussions or negotiations with, or providing access to properties to, or otherwise cooperating with, such person; and (iii) prior to furnishing such non-public information to such person, Seller (A) provides Buyer with any information to be provided to such person which Buyer has not previously been provided, and (B) receives from such person an executed confidentiality agreement no less restrictive to such third party than the confidentiality agreement previously entered into by the Buyer and Seller (it being understood, however, that such confidentiality agreement need not contain a standstill agreement) (the **Confidentiality Agreement**). Seller will not release any person from any standstill agreement or similar obligation to Seller, except where the failure to take such action would be inconsistent with the duties of the members of the Seller's Board under applicable law.

(b) In addition to its other obligations set forth in this Section 31, Seller shall provide prompt (but in no event later than 36 hours following receipt thereof) oral and written notice to Buyer of (i) the receipt of any Acquisition Proposal, or any material modification or amendment to any Acquisition Proposal, by Seller or any Representative; (ii) a summary of any documents or agreements provided in contemplation of such Acquisition

Proposal (including any amendments, supplements or modifications thereto); (iii) the identity of such person or entity making any such Acquisition Proposal and (iv) Seller's intention, if any, to furnish information to, or enter into discussions or negotiations with, such Person or entity. Without limiting the foregoing, Seller shall keep Buyer reasonably informed in all material respects of the status and details (including any change to the material terms and conditions) of any such Acquisition Proposal. Seller shall not, enter into any Confidentiality Agreement with any Person subsequent to the date hereof which prohibits Seller from providing such information to Buyer.

(c) Except as set forth in this Section 31(c), neither the Seller Board nor any committee thereof shall: (i) withdraw, withhold, modify or qualify, or publicly (or privately to any shareholder) propose to withdraw, withhold, modify or qualify, in a manner adverse to Buyer, the Board Approval or the Seller Recommendation; (ii) approve or recommend, or publicly propose to approve or recommend, any Acquisition Proposal (any action described in clause (i) or (ii) being referred to as a **Change in Recommendation**) or (iii) enter into any acquisition agreement, merger agreement or similar definitive agreement, letter of intent or agreement in principle, or other agreement with respect to any Acquisition Proposal (other than a Confidentiality Agreement). Notwithstanding the foregoing, at any time prior to receipt of the Maryland Law Vote, (x) if the Seller Board and the Independent Directors Committee by the requisite vote determines in good faith, after consultation with their outside legal counsel and financial advisor(s), that the failure to do so would be inconsistent with the directors' duties to Seller under applicable law, then the Seller Board may effect a Change in Recommendation, and (y) if, in response to an unsolicited bona fide written Acquisition Proposal (which did not result, directly or indirectly, from a breach of this Section 31), the Seller Board and the Independent Directors Committee by the requisite vote determines in good faith, after consultation with their outside legal counsel and financial advisor(s), that such Acquisition Proposal constitutes a Superior Proposal (after giving effect to all of the adjustments to the terms of this Agreement which may be offered by Buyer), Seller Board may effect a Change in Recommendation and concurrently terminate this Agreement in order to enter into a binding agreement providing for such Superior Proposal and pay the fee set forth in and in accordance with Section 10.3; provided, however, that such actions described in clause (y) of this Section 31(c) may only be taken (I) at a time that is after 5:00 p.m., Pacific Time, on the third (3rd) Business Day following Buyer's receipt of written notice from Seller (including the information described below) that Seller is prepared to take such action (which notice shall not itself constitute a Change in Recommendation), and (II) if, at the end of such period, the Seller Board and the Independent Directors Committee by the requisite vote determines in good faith, after taking into account all amendments or revisions committed to by Buyer and after consultation with outside legal counsel and financial advisors, that such Acquisition Proposal remains a Superior Proposal, as supplemented by any Counterproposal (as defined herein). Any such written notice shall specify the material terms and conditions of such the applicable Acquisition Proposal and include a copy of such Acquisition Proposal, identify the person making such Acquisition Proposal and state that the Seller Board otherwise intends to make a Change in Recommendation (subject to compliance with this subsection (c)). During such three (3) Business Day period, Buyer shall be entitled to deliver to Seller one or more counterproposals to such Acquisition Proposal (a **Counterproposal**) and Buyer and Seller shall negotiate in good faith in respect of any such Counterproposal (to the extent Buyer desires to negotiate). Any amendment to the financial terms or any other material amendment to any material term of an Acquisition Proposal which amendment affects the determination of whether the Acquisition Proposal is a Superior Proposal to any Counterproposal shall be treated as a new Acquisition Proposal for the purposes of this Section 31(c) (requiring a new written notice by Seller and a new three (3) Business Day period; provided, however, that after two consecutive three (3) Business Day periods, the written notice period shall be reduced to one (1) Business Day).

(d) Nothing contained in this Agreement shall prevent Seller or the Seller Board from taking and disclosing to its stockholders a position contemplated by Rule 14d-9 and Rule 14e-2(a) promulgated under the Exchange Act; provided that any disclosure other than a stop, look and listen letter or similar communication of the type contemplated by 14d-9(f) under the Exchange Act, an express rejection of any applicable Acquisition Proposal or an express reaffirmation of the Seller Recommendation shall be deemed a Change in Recommendation (including for purposes of Section 10.1(d)(i)) and shall be subject to Section 31(c).

Table of Contents

(e) Nothing contained in this Agreement shall prevent or restrict Seller or the Seller Board from amending, modifying, altering or taking any other action with respect to any other transactions or agreements, provided that such amendments, modifications, alterations or other actions do not adversely impact Buyer, including by limiting Seller's ability to perform its obligations hereunder or by reducing the likelihood of Seller obtaining any of the votes contemplated hereby.

(f) Upon execution of this Agreement, Seller and its Subsidiaries shall, and Seller and its Subsidiaries shall cause each of its Representatives to, cease immediately and cause to be terminated any and all existing activities, discussions or negotiations with any parties conducted heretofore with respect to an Acquisition Proposal by or on behalf of Seller or any of its Subsidiaries or Representatives.

The *Operating Partnerships* are governed, as applicable, by those certain Amended and Restated Agreements of Limited Partnership, dated as of July 1, 1998, for each of MWP, MWP I, MWP II and MWP III, and by those certain Agreements of Limited Partnership, dated as of December 21, 2011, for each of MWP IV and MWP V (collectively, the *Partnership Agreements*). Unless otherwise defined in this Agreement, capitalized terms used in this Agreement have the meanings provided in the respective *Partnership Agreements*;

B. The *Limited Partners* shown on Exhibit A own all of the units of limited partnership interest of the *Operating Partnerships* (*L.P. Units*) outstanding as of the date of this Agreement;

C. The *Company* and the *Limited Partners* agree that their interests in owning, operating and managing real estate are divergent and desire to separate their interests in the *Operating Partnerships* pursuant to the terms and conditions of a *Partnership Separation Agreement* to be executed by and among the parties hereto (the *Partnership Separation Agreement*);

D. Pursuant to that certain Exchange Rights Agreement dated as of December 29, 1998, as amended (the *Exchange Rights Agreement*), each *Limited Partner* is entitled to tender their *L.P. G. The *Company* has agreed to accommodate the request of the *Surviving Limited Partners* in order to provide an equitable distribution of assets and liabilities pursuant to the *Partnership Separation Agreement*; and

H. The *Limited Partners* have entered into this Agreement in conjunction with the *Company*'s plans to liquidate its assets, except those assets to be retained by the *Operating Partnerships*.

Table of Contents

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. **Transfer of Assets.** On the Closing, MWP IV shall sell its assets listed on Exhibit C hereto, at the agreed upon fair value of \$133,950,490, to certain of the Operating Partnerships, and such Operating Partnerships shall purchase from MWP IV such assets at such agreed upon fair value, as follows: 80% to MWP (\$133,950,490 X 80% = \$107,160,392), 10% to MWP II (\$133,950,490 X 10% = \$13,395,049) and 10% to MWP III for \$13,395,049, in a taxable transaction in exchange for approximately \$15,000,000 in cash and \$118,950,490 in promissory notes. Upon completion of the sale, MWP IV will no longer own any real property assets and will hold only the cash and notes receivable from MWP, MWP II and MWP III as set forth above.

2. Limited Partnership Unit Conversion.

2.1 Pursuant to the terms of the Exchange Rights Agreement, the Departing Limited Partners have elected to tender their respective L.P. Units to the Company in exchange for shares of Common Stock, cash or a combination thereof by delivering to the Company (a) a Letter of Transmittal and (b) a calculation, to the best of their knowledge and with the help of the Company, of the maximum number of shares of Common Stock that may be issued without causing either (x) a violation of the restrictions on ownership and transfer (the REIT Requirements) contained in the charter of the Company (the Charter) in any respect, or (y) any person or entity to beneficially own shares of Common Stock in excess of the applicable Ownership Limit (as defined in the Charter). The Company shall pay for the L.P. Units by delivering shares of Common Stock, cash, a promissory note or a combination thereof. Additionally, Carl Berg and Clyde Berg have agreed to convert their remaining L.P. Units totaling 1,379,280 in MWP IV to shares of Common Stock.

2.2 Notwithstanding Section 2.1 above, and in accordance with Section 2.2 of the Exchange Rights Agreement, no shares of Common Stock or cash shall be issued or paid in respect of any tender of L.P. Units if such tender of L.P. Units would result in a violation of the REIT Requirements or would result in any person or entity beneficially owning shares of Common Stock in excess of the applicable Ownership Limit. Accordingly, the Company will issue a note payable to any Departing Limited Partner who is prevented from converting any L.P. Units in partial redemption of their interests due to the applicable Ownership Limit. Exhibit F hereto shall be updated to list the notes to be issued to Departing Limited Partners.

4.6 References. Unless expressly indicated to the contrary, all references herein to Sections and Exhibits refer to the specified part of this Agreement. All terms such as herein, hereby or hereunder refer to this Agreement as a whole.

4.7 Headings. The headings used in this Agreement are provided for convenience only and this Agreement shall be interpreted as though they did not appear herein.

PLAN OF LIQUIDATION
OF
MISSION WEST PROPERTIES, INC.

This Plan of Liquidation and Dissolution (the **Plan of Liquidation**) of Mission West Properties, Inc., a Maryland corporation (the **Corporation**), is intended to constitute a plan of distribution and accomplish the complete liquidation, dissolution and winding up of the Corporation in accordance with Section 3-402 *et seq.* of the Maryland General Corporation Law (the **MGCL**).

1. This Plan of Liquidation shall be effective (the **Effective Date**) upon its approval by the Board of Directors (the **Board**) and the stockholders of the Corporation in accordance with applicable law and the charter and Bylaws of the Corporation.
2. The proper officers of the Corporation, or directors of the Corporation, shall, at least 20 days prior to filing the Articles of Dissolution contemplated in Section 3 hereof, mail notice to all known creditors of the Corporation at their respective addresses shown on the records of the Corporation as well as all employees of the Corporation either at their home addresses as shown on the records of the Corporation, or at their business address, that the dissolution of the Corporation has been approved.
3. At such time following the Effective Date as such person as may be authorized by the Board shall determine (the **Authorized Person**), the Corporation shall file Articles of Dissolution (the **Articles of Dissolution**) with the State Department of Assessments and Taxation of the State of Maryland as required by the MGCL (the **Date of Dissolution**).
4. On or after the Date of Dissolution, the Corporation shall be voluntarily liquidated and dissolved. The Corporation shall not engage in any business activities, except to the extent necessary for preserving the values of the Corporation's assets, winding up its business and affairs, discharging and paying all Corporation liabilities and distributing the Corporation's assets to its stockholders in accordance with the Plan of Liquidation.
5. The Authorized Person shall be authorized to sell or otherwise liquidate any or all of the properties of the Corporation which, in his or her judgment, should be sold or liquidated in order to facilitate the liquidation of the Corporation, and such Authorized Person, on behalf of the Corporation, shall pay or discharge or set aside funds reasonably likely to be sufficient to pay for, or otherwise provide for the payment or discharge of, all liabilities and obligations of the Corporation.
6. The Authorized Person or his or her designee is authorized, directed and empowered to distribute to the stockholders, in proportion to their respective stockholdings, the assets of the Corporation, in whatever form they may then be, not needed for the payment of the liabilities and obligations of the Corporation, as liquidating distributions of the Corporation.
7. Subject to Section 9 below, the distributions contemplated by Section 6 above shall be in complete liquidation of the Corporation and in cancellation of all issued and outstanding shares of stock, and all certificates representing such issued and outstanding shares of stock, if any, shall thereupon be cancelled. The Board of Directors may make such provisions as it deems appropriate regarding the cancellation, in connection with the making of distributions hereunder, of certificates representing the outstanding shares of stock of the Corporation.
8. The Corporation may transfer and assign, at such time as is determined by the Board of Directors, to a liquidating trust as designated by the Board of Directors (the **Liquidating Trust**) sufficient cash and property to pay, or adequately provide for, all such debts and liabilities and such other property as it shall have determined is appropriate. Upon any such transfer and assignment, certificates for shares of common stock will be deemed to represent certificates for identical interests in the Liquidating Trust. The Liquidating Trust shall be constituted pursuant to a liquidating trust agreement in such form as the Board of Directors may approve and its initial

trustees shall be appointed by the Board of Directors, it being intended that the transfer and assignment to the Liquidating Trust pursuant hereto and the distribution to the stockholders of the beneficial interest therein shall constitute a part of the final liquidating distribution by the Corporation to the stockholders of their pro rata interest in the remaining amount of cash and other property held by or for the account of the Corporation. From and after the date of any transfer of cash and property by the Corporation to the Liquidating Trust, the Corporation shall have no interest of any character in and to any such cash and property and all of such cash and property shall thereafter be held by the Liquidating Trust solely for the benefit of an ultimate distribution to the stockholders, subject to any unsatisfied debts, liabilities and expenses of the Corporation or the Liquidating Trust. To the extent that the amount of the ultimate distribution to stockholders is determined to be impracticable to distribute, such amounts may be distributed in accordance with applicable law.

9. The directors and officers of the Corporation are authorized to make, execute and deliver such agreements, conveyances, assignments, transfers, articles, certificates or other documents and take such other action as the directors and officers of the Corporation deem necessary or desirable in order to carry out the provisions of the Plan of Liquidation and effect the complete liquidation and dissolution of the Corporation in accordance with the Internal Revenue Code of 1986, as amended, and the MGCL, including, without limitation, preparing and filing all tax returns required to be filed in connection with the dissolution of the Corporation.

10. The Board of Directors, or the trustees of the Liquidating Trust, and such officers of the Corporation as the Board of Directors may direct, are hereby authorized to interpret the provisions of the Plan of Liquidation and are hereby authorized and directed to take such further actions as they deem necessary or desirable in order to carry out the provisions of the Plan of Liquidation, including, without limitation, (a) to execute such agreements, conveyances, assignments, transfers, articles, certificates and other documents, as may in their judgment be necessary or desirable in order to wind up expeditiously the affairs of the Corporation and complete the liquidation and dissolution thereof, (b) to execute any contracts, deeds, assignments or other instruments necessary or appropriate to sell or otherwise dispose of, any and all property of the Corporation, whether real or personal, tangible or intangible, (c) to prepare and file all tax returns required to be filed in connection with the dissolution of the Corporation, (d) to appoint other persons to carry out any aspect of the Plan of Liquidation, (e) to temporarily invest the funds of the Corporation or Liquidating Trust in such medium as the Board of Directors or the trustees of the Liquidating Trust may deem appropriate, and (f) to modify the Plan of Liquidation as may be necessary or appropriate to implement the liquidation and dissolution of the Corporation.

11. The expenses of carrying out the terms of this Plan of Liquidation shall be borne by the Corporation, whether or not the liquidation contemplated by this Plan of Liquidation is effected.

12. The Board of Directors may terminate this Plan of Liquidation for any reason. The power of termination shall be exercisable both before and after approval of the Plan of Liquidation by the stockholders of the Corporation, but such power shall not continue after Articles of Dissolution have been accepted for record by the State Department of Assessments and Taxation of Maryland. Notwithstanding approval of the Plan of Liquidation by the stockholders, the Board of Directors may modify or amend the Plan of Liquidation without further action by such stockholders to the extent permitted under then current law.
