Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

This Form 10-Q includes forward-looking statements. Forward-looking statements include statements concerning our plans, objectives, goals, strategies, future events, future revenues or performance, projected cost savings, capital expenditures, financing needs, plans or intentions relating to acquisitions, our competitive strengths and weaknesses, our business strategy and the trends we anticipate in the industry and economies in which we operate and other information that is not historical information. When used in this Form 10-Q, the words estimates, expects, anticipates, projects, plans, intends, believes and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements, including, without limitation, our examination of historical operating trends, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith, and we believe there is a reasonable basis for them, but we cannot assure you that our expectations, beliefs and projections will be realized.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in this Form 10-Q. Important factors that could cause our actual results to differ materially from the forward-looking statements we make in this Form 10-Q are set forth in this Form 10-K for the fiscal year ended September 29, 2012, including the factors described in the section entitled Item 1A Risk Factors. If any of these risks or uncertainties materialize, or if any of our underlying assumptions are incorrect, our actual results may differ significantly from the results that we express in or imply by any of our forward-looking statements. We do not undertake any obligation to revise these forward-looking statements to reflect future events or circumstances. Presently known risk factors include, but are not limited to, the following factors:

the success of our transformational change initiatives;

disruptions in our business as we implement our transformational change initiatives and the resulting consequences to our business and results of operations;

increased costs and expenses associated with our transformational change initiatives;

CENTRAL GARDEN & PET COMPANY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Three Months Ended December 29, 2012

(unaudited)

1. Basis of Presentation

The condensed consolidated balance sheets of Central Garden & Pet Company and subsidiaries (the Company or Central) as of December 29, 2012 and December 24, 2011, the condensed consolidated statements of operations for the three months ended December 29, 2012 and December 24, 2011, and the condensed consolidated statements of cash flows for the three months ended December 29, 2012 and December 24, 2011 have been prepared by the Company, without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) considered necessary to present fairly the financial position, results of operations and cash flows of the Company for the periods mentioned above, have been made.

For the Company's foreign business in the UK, the local currency is the functional currency. Assets and liabilities are translated using the exchange rate in effect at the balance sheet date. Income and expenses are translated at the average exchange rate for the period. Deferred taxes are not provided on translation gains and losses, because the Company expects earnings of its foreign subsidiary to be permanently reinvested. Transaction gains and losses are included in results of operations. See Note 7, Supplemental Equity Information, for further detail.

Due to the seasonal nature of the Company's garden business, the results of operations for the three month period ended December 29, 2012 is not indicative of the operating results that may be expected for the entire fiscal year. These interim financial statements should be read in conjunction with the annual audited financial statements, accounting policies and financial notes thereto, included in the Company's 2012 Annual Report on Form 10-K, which has previously been filed with the Securities and Exchange Commission. The September 29, 2012 balance sheet presented herein was derived from the audited statements.

Acquisition

In December 2012, the Company acquired the remaining majority interest in FourStar Microbial Products, LLC (Four Star Microbial) for approximately \$4.8 million in cash with possible contingent future performance-based payments. The Company has not yet finalized its allocation of the purchase price to the fair value of the net assets acquired. The operating results of FourStar Microbial had no impact on the consolidated financial statements and the purchase price paid is included in other assets on the condensed consolidated balance sheets. While the acquisition is not expected to have a material impact on the Company's 2013 financial results, it will enhance its capability to service professional providers of mosquito abatement.

Noncontrolling Interest

Noncontrolling interest in the Company's condensed consolidated financial statements represents the 20% interest not owned by Central in a consolidated subsidiary. Since the Company controls this subsidiary, its financial statements are fully consolidated with those of the Company, and the noncontrolling owner's 20% share of the subsidiary's net assets and results of operations is deducted and reported as noncontrolling interest on the consolidated balance sheets and as net income (loss) attributable to noncontrolling interest in the consolidated statements of operations. See Note 7, Supplemental Equity Information, for additional information.

Derivative Instruments

The Company principally uses a combination of purchase orders and various short and long-term supply arrangements in connection with the purchase of raw materials, including certain commodities. The Company also enters into commodity futures, options and swap contracts to reduce the volatility of price fluctuations of corn, which impacts the cost of raw materials. The Company's primary objective when entering into these derivative contracts is to achieve greater certainty with regard to the future price of commodities purchased for use in its supply chain. These derivative contracts are entered into for periods consistent with the related underlying exposures and do not constitute positions independent of those exposures. The Company does not enter into derivative contracts for speculative purposes and does not use leveraged instruments.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

The Company does not perform the assessments required to achieve hedge accounting for commodity derivative positions. Accordingly, the changes in the values of these derivatives are recorded currently in other income (expense) in its condensed consolidated statements of operations. See Note 3, Derivative Instruments, for additional information.

Table of Contents***Recent Accounting Pronouncements******Comprehensive Income***

In June 2011, the FASB issued ASU No. 2011-05, *Comprehensive Income (Topic 220): Presentation of Comprehensive Income*. ASU No. 2011-05 requires that all nonowner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements, eliminating the option to present other comprehensive income in the statement of changes in equity. Under either choice, items that are reclassified from other comprehensive income to net income are required to be presented on the face of the financial statements where the components of net income and the components of other comprehensive income are presented. In December 2011, the FASB issued an update to ASU no. 2011-05, ASU No. 2011-12, which was issued to defer the effective date for amendments to the reclassifications of items out of accumulated other comprehensive income in ASU No. 2011-05. ASU 2011-05 and the amendments in ASU No. 2011-12 are effective for fiscal years and interim periods within those years, beginning after December 15, 2011 and became effective for the Company on September 30, 2012. The Company elected to report other comprehensive income and its components in a separate statement of comprehensive income. While the new guidance changed the presentation of comprehensive income, there were no changes to the components that are recognized in net income or other comprehensive income as determined under previous accounting guidance. The amended guidance did not have a material effect on the Company's condensed consolidated financial statements.

Goodwill

In September 2011, the FASB issued ASU No. 2011-08, *Intangibles - Goodwill and Other (Topic 350): Testing Goodwill for Impairment*, which amended the guidance on the annual testing of goodwill for impairment. The amended guidance will allow companies to assess qualitative factors to determine if it is more-likely-than-not that goodwill might be impaired and whether it is necessary to perform the two-step goodwill impairment test required under current accounting standards. The guidance is effective for fiscal years beginning after December 15, 2011, and became effective for the Company on September 30, 2012. This new guidance did not have a material impact on the Company's condensed consolidated financial statements.

Intangible Assets

In July 2012, the FASB issued an ASU No. 2012-02, *Intangibles - Goodwill and Other (Topic 350): Testing Indefinite-Lived Intangible Assets for Impairment*, which simplifies the manner in which companies test indefinite-lived intangible assets for impairment. The ASU permits companies to first assess qualitative factors to determine whether events and circumstances indicate that it is more likely than not that the indefinite-lived intangible asset is impaired as a basis for determining whether it is necessary to perform a quantitative impairment test. The ASU is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012, with early adoption permitted. The guidance became effective for the Company on September 30, 2012. This new guidance did not have a material impact on the Company's condensed consolidated financial statements.

2. Fair Value Measurements

ASC 820 establishes a single authoritative definition of fair value, a framework for measuring fair value and expands disclosure of fair value measurements. ASC 820 requires financial assets and liabilities to be categorized based on the inputs used to calculate their fair values as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs for the asset or liability, which reflect the Company's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The Company's financial instruments include cash and equivalents, short term investments consisting of bank certificates of deposit, accounts receivable and payable, derivative instruments, short-term borrowings, and accrued liabilities. The carrying amount of these instruments approximates fair value because of their short-term nature.

Table of Contents**Assets and Liabilities Measured at Fair Value on a Recurring Basis**

The following table presents the Company's financial assets and liabilities measured at fair value on a recurring basis based upon the level within the fair value hierarchy in which the fair value measurements fall, as of December 29, 2012 (in thousands):

Assets and Liabilities Measured at Fair Value on a Non-Recurring Basis

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

The Company measures certain non-financial assets and liabilities, including long-lived assets, goodwill and intangible assets, at fair value on a non-recurring basis. Fair value measurements of non-financial assets and non-financial liabilities are used primarily in the impairment analyses of long-lived assets, goodwill and other intangible assets. During the period ended December 29, 2012, the Company was not required to measure any significant non-financial assets and liabilities at fair value.

Table of Contents**Fair Value of Other Financial Instruments**

The estimated fair value of the Company's \$450 million 8.25 % senior subordinated notes due 2018 as of December 29, 2012 was \$481.5 million, compared to a carrying value of \$450.0 million. The estimated fair value is based on quoted market prices for these notes.

3. Derivative Instruments

Our operations are exposed to market risks from adverse changes in commodity prices affecting the cost of raw materials. In the normal course of business, these risks are managed through a variety of strategies, including the use of derivatives. The utilization of these financial transactions is governed by policies covering acceptable counterparty exposure, instrument types and other practices. The Company does not enter into derivative contracts for speculative purposes. The Company performs assessments of its counterparty credit risk regularly, including a review of credit ratings and potential nonperformance of the counterparty, and minimizes counterparty concentrations.

Commodity and commodity index futures, swaps and option contracts are used to economically hedge commodity input prices on grains and proteins. These derivative contracts are entered into for periods consistent with the related underlying exposures and do not constitute positions independent of those exposures. Generally, the Company economically hedges a portion of its anticipated consumption of commodity inputs for periods of up to 12 months. As of December 29, 2012, the Company had economically hedged certain portions of its anticipated consumption of commodity inputs using derivative instruments with expiration dates through July 2013.

The Company recognizes all derivative instruments as either assets or liabilities at fair value in the condensed consolidated balance sheets, with the exception of normal purchases and normal sales expected to result in physical delivery. The Company's derivative financial instruments have not been designated as hedging instruments for accounting purposes. The Company recognizes realized and unrealized gains and losses from derivatives used to economically hedge anticipated commodity consumption in other income (expense) on the condensed consolidated statement of operations.

The following table presents the fair value of all derivative instruments outstanding in the condensed consolidated balance sheets (in thousands):

Table of Contents**4. Goodwill**

The Company accounts for goodwill in accordance with ASC 350, Intangibles—Goodwill and Other, and tests goodwill for impairment annually, or whenever events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. This assessment involves the use of significant accounting judgments and estimates as to future operating results and discount rates. Changes in estimates or use of different assumptions could produce significantly different results. An impairment loss is generally recognized when the carrying amount of the reporting unit's net assets exceeds the estimated fair value of the reporting unit. The Company uses discounted cash flow analysis to estimate the fair value of our reporting units. The Company's goodwill impairment analysis also includes a comparison of the aggregate estimated fair value of all four reporting units to the Company's total market capitalization. Based on the Company's annual analysis of goodwill performed during the fourth quarter of fiscal 2012, it concluded there was no impairment of goodwill during fiscal 2012.

5. Other Intangible Assets

The following table summarizes the components of gross and net acquired intangible assets:

		Gross	Accumulated Amortization (in millions)	Impairment	Net Carrying Value

Table of Contents

Other intangible assets acquired include contract-based and technology-based intangible assets.

The Company evaluates long-lived assets, including amortizable and indefinite-lived intangible assets, for impairment whenever events or changes in circumstances indicate the carrying value may not be recoverable. The Company evaluates indefinite-lived intangible assets on an annual basis. In fiscal 2012, the Company tested its indefinite-lived intangible assets and no impairment was indicated. Other factors indicating the carrying value of the Company's amortizable intangible assets may not be recoverable were not present in fiscal 2012 or during the three months ended December 29, 2012, and accordingly, no impairment testing was performed on these assets.

The Company is currently amortizing its acquired intangible assets with definite lives over periods ranging from 1 to 25 years; over weighted average remaining lives of seven years for marketing-related intangibles, 17 years for customer-related intangibles and five years for other acquired intangibles. Amortization expense for intangibles subject to amortization was approximately \$1.1 million for the three months ended December 29, 2012 and \$1.0 million for the three months ended December 24, 2011, and is classified within operating expenses in the condensed consolidated statements of operations. Estimated annual amortization expense related to acquired intangible assets in each of the succeeding five years is estimated to be approximately \$5 million per year from fiscal 2013 through fiscal 2017.

6. Long-Term Debt

Long-term debt consists of the following:

	December 29, 2012	December 24, 2011 (in thousands)	September 29, 2012

(1) Represents unamortized original issue discount of \$663 and \$688 as of December 29, 2012 and September 29, 2012, respectively.

Senior Credit Facility

On June 8, 2011, the Company amended its \$275 million, five-year senior secured revolving credit facility (the Credit Facility) included in its Amended and Restated Credit Agreement (the Credit Agreement). Under the modified terms, the Credit Facility has a borrowing capacity of \$375 million, an increase of \$100 million, and an extension of maturity date by approximately one year, to June 2016. The Credit Facility bears lower interest rates and commitment fees and requires less interest coverage. The Company continues to have the option to increase the size of the Credit Facility by an additional \$200 million of incremental term loans and/or revolving loans should it exercise its option and one or more lenders are willing to make such increased amounts available to it. There was \$1.0 million outstanding as of December 29, 2012 under the Credit Facility. There were no letters of credit outstanding under the Credit Facility as of December 29, 2012. There were other letters of credit of \$13.2 million outstanding as of December 29, 2012. As of December 29, 2012, there were \$374.0 million of unused commitments under the Credit Facility or, after giving effect to the financial covenants in the Credit Agreement, \$219.7 million of available unused commitments.

Interest on the amended Credit Facility is based, at the Company's option, on a rate equal to the Alternate Base Rate (ABR), which is the greatest of the prime rate, the Federal Funds rate plus $\frac{1}{2}$ of 1% or one month LIBOR plus 1%, plus a margin, which fluctuates from 0.75% to 1.75%, or LIBOR plus a margin, which fluctuates from 1.75% to 2.75% and commitment fees that range from 0.30% to 0.50%, determined quarterly based on consolidated total debt to consolidated EBITDA for the most recent trailing 12-month period. As of December 29, 2012, the applicable

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

interest rate on the Credit Facility related to alternate base rate borrowings was 5.0%, and the applicable interest rate related to LIBOR rate borrowings was 3.0%.

Table of Contents

The Credit Facility is guaranteed by the Company's material subsidiaries and is secured by the Company's assets, excluding real property but including substantially all of the capital stock of the Company's subsidiaries. The Credit Agreement contains certain financial and other covenants which require the Company to maintain minimum levels of interest coverage and maximum levels of senior debt to EBITDA and that restrict the Company's ability to repurchase its stock, make investments in or acquisitions of other businesses and pay dividends above certain levels over the life of the Credit Facility. Under the terms of the Company's Credit Facility, it may make restricted payments, including cash dividends and stock repurchases, in an aggregate amount initially not to exceed \$200 million over the life of the Credit Facility, subject to qualifications and baskets as defined in the Credit Agreement. As of December 29, 2012, the Company's Total Leverage Ratio, as defined in the Credit Agreement, was 4.1 to 1.0, and the Company's Senior Secured Leverage Ratio, as defined in the Credit Agreement with a maximum of 2.0 to 1.0, was 0.02 to 1.0. The Company's minimum Interest Coverage Ratio was reduced to 2.50 times, from 2.75 times as part of the modification of the Credit Facility. As of December 29, 2012, the Company's Interest Coverage ratio was 2.8 times. Apart from the covenants limiting restricted payments and capital expenditures, the Credit Facility does not restrict the use of retained earnings or net income. The Company was in compliance with all financial covenants as of December 29, 2012.

Senior Subordinated Notes and Debt Refinancing

On March 8, 2010, the Company issued \$400 million aggregate principal amount of 8.25% senior subordinated notes due March 1, 2018 (the 2018 Notes).

On February 8, 2012, the Company issued an additional \$50 million aggregate principal amount of its 2018 Notes at a price of 98.501%, plus accrued interest from September 1, 2011, in a private placement. The Company used the net proceeds from the offering to pay a portion of the outstanding balance under its Credit Facility.

The estimated fair value of our \$450 million of 2018 Notes as of December 29, 2012 was approximately \$481.5 million. The estimated fair value is based on quoted market prices for these notes.

The 2018 Notes require semiannual interest payments, which commenced on September 1, 2010. The 2018 Notes are unsecured senior subordinated obligations and are subordinated to all of our existing and future senior debt, including our Credit Facility. The obligations under the 2018 Notes are fully and unconditionally guaranteed on a senior subordinated basis by each of our existing and future domestic restricted subsidiaries with certain exceptions. The guarantees are general unsecured senior subordinated obligations of the guarantors and are subordinated to all existing and future senior debt of the guarantors.

The Company may redeem some or all of the 2018 Notes at any time prior to March 1, 2014 at the principal amount plus a make whole premium. The Company may redeem some or all of the 2018 Notes at any time on or after March 1, 2014 for 104.125%, after March 1, 2015 for 102.063% and after March 1, 2016 for 100%, plus accrued and unpaid interest. Additionally, at any time prior to March 1, 2013, the Company may redeem up to 35% of the 2018 Notes with any proceeds it received from certain equity offerings at a redemption price of 108.25% of the principal amount, plus accrued and unpaid interest. The holders of the 2018 Notes have the right to require the Company to repurchase all or a portion of the 2018 Notes at a purchase price equal to 101% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2018 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. The Company was in compliance with all financial covenants as of December 29, 2012.

8. Stock-Based Compensation

The Company recognized share-based compensation expense of \$1.6 million and \$1.9 million for the three month periods ended December 29, 2012 and December 24, 2011, respectively, as a component of selling, general and administrative expenses. The tax benefit associated with share-based compensation expense for the three month periods ended December 29, 2012 and December 24, 2011 was \$0.6 million and \$0.7 million, respectively.

9. Earnings Per Share

The potential effects of stock awards were excluded from the diluted earnings per share calculation for the three month periods ended December 29, 2012 and December 24, 2011 because their inclusion in a net loss period would be anti-dilutive to the earnings per share calculation.

Table of Contents**11. Consolidating Condensed Financial Information of Guarantor Subsidiaries**

Certain 100% wholly-owned subsidiaries of the Company (as listed below, collectively the Guarantor Subsidiaries) have guaranteed fully and unconditionally, on a joint and several basis, the obligation to pay principal and interest on the Company's \$450 million 8.25% Senior Subordinated Notes (the Notes) due March 1, 2018. Certain subsidiaries and operating divisions are not guarantors of the Notes and have been included in the financial results of the Parent in the information below. These Non-Guarantor entities are not material to the Parent. Those subsidiaries that are guarantors and co-obligors of the Notes are as follows:

Farnam Companies, Inc.

Four Paws Products Ltd.

Gulfstream Home & Garden, Inc.

Kaytee Products, Inc.

Matson, LLC

New England Pottery, LLC

Pennington Seed, Inc. (including Gro Tec, Inc. and All-Glass Aquarium Co., Inc.)

Pets International, Ltd.

T.F.H. Publications, Inc.

Wellmark International (including B2E Corporation and B2E Biotech LLC)

During the fourth quarter of fiscal 2012, the Company merged certain subsidiaries into the Parent. In the first three quarters of fiscal 2012, the following were included as Guarantor Subsidiaries because they were separate legal entities at that time:

Grant Laboratories, Inc.

Interpet USA, LLC

Matthews Redwood & Nursery Supply, Inc.

Fiscal 2013 financial results reflect these entities as part of the Parent. Fiscal 2012 financial results presented herein have been restated to reflect the current Guarantor Subsidiaries.

In lieu of providing separate audited financial statements for the Guarantor Subsidiaries, the Company has included the accompanying consolidating condensed financial statements based on the Company's understanding of the Securities and Exchange Commission's interpretation and application of Rule 3-10 of the Securities and Exchange Commission's Regulation S-X.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations **Our Company**

Central Garden & Pet Company (Central) is a leading innovator, marketer and producer of quality branded products. We are one of the largest suppliers in the pet and lawn and garden supplies industries in the United States. The total pet food and supplies industry is estimated to be approximately \$30 billion in annual retail sales. We estimate the annual retail sales of the pet supplies and super premium pet food markets in the categories in which we participate to be approximately \$15 billion. The total lawn and garden industry in the United States, which includes equipment, supplies and services, is estimated to be approximately \$21 billion in annual retail sales. We estimate the annual retail sales of the lawn and garden supplies markets in the categories in which we participate to be approximately \$6 billion. In addition, we participate in the pottery and seasonal décor markets.

Our pet supplies products include products for dogs and cats, including edible bones, premium healthy edible and non-edible chews, super premium dog and cat food and treats, toys, pet carriers, grooming supplies and other accessories; products for birds, small animals and specialty pets, including food, cages and habitats, toys, chews and related accessories; animal and household health and insect control products; products for fish, reptiles and other aquarium-based pets, including aquariums, furniture and lighting fixtures, pumps, filters, water conditioners, food and supplements, and information and knowledge resources; and products for horses and livestock. These products are sold under a number of brand names including Adams™, Altosid, Aqueon®, Avoderm®, BioSpot®, Coralife®, Farnam®, Four Paws®, Interpet, Kaytee®, Kent Marine®, Nylabone®, Oceanic Systems®, Pet Select®, Pre-Strike®, Pinnacle®, Super Pet®, TFH™, Zilla® and Zodiac®.

Our lawn and garden supplies products include proprietary and non-proprietary grass seed; wild bird feed, bird feeders, bird houses and other birding accessories; weed, grass, ant and other herbicide, insecticide and pesticide products; and decorative outdoor lifestyle and lighting products including pottery, trellises and other wood products and holiday lighting. These products are sold under a number of brand names including AMDRO®, GKI/Bethlehem Lighting®, Grant®, Ironite®, Lilly Miller®, Matthews Four Seasons™, New England Pottery®, Norcal Pottery®, Pennington®, Over-N-Out®, Sevin®, Smart Seed® and The Rebels®.

In fiscal 2012, our consolidated net sales were \$1.7 billion, of which our Pet segment, or Pet, accounted for approximately \$931 million and our lawn and Garden segment, or Garden, accounted for approximately \$769 million. In fiscal 2012, our income from operations was \$74 million, of which the Pet segment accounted for \$88 million and the Garden segment accounted for \$40 million, before corporate expenses and eliminations of \$54 million. Fiscal 2013 will include one less week as compared to fiscal 2012. See Note 10 to our consolidated financial statements for financial information about our two operating segments.

We were incorporated in Delaware in June 1992 as the successor to a California corporation that was formed in 1955. Recent Developments

Fiscal 2013 First Quarter Financial Performance:

Our net sales decreased \$9.6 million, or 3.2%, to \$292.5 million.

Generally, we incur a net loss in the first quarter of our fiscal year due to the seasonality of our garden segment. Our net loss in the first quarter of fiscal 2013 was \$15.3 million, or \$0.32 per share, compared to \$13.1 million, or \$0.27 per share, in the first quarter of fiscal 2012.

Gross margin decreased 40 basis points to 26.3%.

Selling, general & administrative expenses increased as a percentage of net sales to 30.8% from 30.5% in the prior year quarter. *New Chief Executive Officer Announced* John R. Ranelli has been named President and Chief Executive Officer, effective at the Company's annual shareholder meeting to be held on February 11, 2013. Mr. Ranelli has been a member of the Board of Directors and a member of the

Results of Operations

Three Months Ended December 29, 2012

Compared with Three Months Ended December 24, 2011

Net Sales

Net sales for the three months ended December 29, 2012 decreased \$9.6 million, or 3.2%, to \$292.5 million from \$302.1 million for the three months ended December 24, 2011. Our branded product sales decreased \$7.0 million and sales of other manufacturers' products decreased \$2.6 million.

Pet segment net sales decreased \$4.1 million, or 2.1%, to \$195.2 million for the three months ended December 29, 2012 from \$199.3 million for the three months ended December 24, 2011. Pet branded product sales decreased \$2.4 million, due primarily to a sales decrease in our dog and cat category, and sales of other manufacturers' products decreased \$1.7 million. These decreases were primarily volume driven.

Garden segment net sales decreased \$5.5 million, or 5.4%, to \$97.3 million for the three months ended December 29, 2012 from \$102.8 million for the three months ended December 24, 2011. Garden branded product sales decreased \$4.6 million and sales of other manufacturers' products decreased \$0.9 million. The sales decrease in our garden branded products was due primarily to a \$4.4 million decrease in revenues, primarily winter seasonal products, and increased sales returns, of other garden supply products.

Gross Profit

Gross profit for the three months ended December 29, 2012 decreased \$3.8 million, or 4.7%, to \$77.0 million from \$80.7 million for the three months ended December 24, 2011. Gross margin declined from 26.7% for the three months ended December 24, 2011 to 26.3% for the three months ended December 29, 2012. Gross profit and gross margin decreased in both segments.

Gross margin in the pet segment was impacted primarily by the sales decrease and margin decrease in our dog and cat category which was impacted to some extent by Super Storm Sandy. Both gross profit and gross margin decreased in the Garden segment. Seasonal décor products were impacted by both increased sales returns and expenses and by reduced sales of our winter seasonal products.

Selling, General and Administrative Expenses

Selling, general and administrative expenses decreased \$1.9 million, or 2.1%, to \$90.1 million for the three months ended December 29, 2012 from \$92.0 million for the three months ended December 24, 2011. As a percentage of net sales, selling, general and administrative expenses increased to 30.8% for the three months ended December 29, 2012, compared to 30.5% in the comparable prior year quarter. Selling and delivery expense decreased \$1.0 million, or 2.1%, to \$47.3 million for the three months ended December 29, 2012 from \$48.3 million for the three months ended December 24, 2011. The decrease was due primarily to decreased advertising and marketing program expense related to timing, which we expect to incur during the second quarter of fiscal 2013. Warehouse and administrative expense decreased \$0.9 million, or 2.1%, to \$42.8 million for the quarter ended December 29, 2012 from \$43.7 million in the quarter ended December 24, 2011 due primarily to a decrease in payroll related costs within our operating segments, partially offset by increased payroll related and insurance program costs at corporate.

Net Interest Expense

Net interest expense for the three months ended December 29, 2012 increased \$0.7 million, or 7.4%, to \$10.2 million from \$9.5 million for the three months ended December 24, 2011. Interest expense increased due primarily to a higher average interest rate in the quarter ended December 29, 2012. In February 2012, we issued an additional \$50 million aggregate principal amount of 8.25% senior subordinated notes due 2018 at a price of 98.501% of the principal amount of the notes and used the proceeds to pay down our revolving credit facility. The notes are part of a series of 8.25% senior subordinated notes due 2018 issued by the Company on March 8, 2010. Our average borrowing rate for the current quarter increased to 8.7% compared to 8.2% for the prior year quarter.

Debt outstanding on December 29, 2012 was \$450.8 million compared to \$460.7 million as of December 24, 2011.

Other Expense

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

Other expense increased \$0.9 million to \$1.0 million for the quarter ended December 29, 2012, from \$0.1 million for the quarter ended December 24, 2011. The increase was due primarily to realized and unrealized losses from derivative contracts used to economically hedge anticipated commodity purchases for use in our products.

Table of Contents

Income Taxes

Our effective income tax rate was 36.9% for the quarter ended December 29, 2012 and 36.6% for the quarter ended December 24, 2011. The income tax rate increase was due primarily to less available tax credits for use for the quarter ended December 29, 2012. We expect our effective income tax rate for fiscal 2013 to be similar to the fiscal 2012 rate.

Inflation

Our revenues and margins are dependent on various economic factors, including rates of inflation, energy costs, consumer attitudes toward discretionary spending, currency fluctuations, and other macro-economic factors which may impact levels of consumer spending. Historically, in certain fiscal periods, we have been adversely impacted by rising input costs related to domestic inflation, particularly relating to grain and seed prices, fuel prices and the ingredients used in our garden fertilizer and chemicals. Rising costs have made it difficult for us to increase prices to our retail customers at a pace sufficient to enable us to maintain margins.

In fiscal 2010, 2011 and 2012, our business was negatively impacted by low consumer confidence, as well as other macro-economic factors. In fiscal 2012, commodity costs continued to increase. We continue to monitor commodity prices in order to take action to mitigate the impact of increasing raw material costs.

Weather and Seasonality

Our sales of lawn and garden products are influenced by weather and climate conditions in the different markets we serve. Additionally, our garden segment's business is highly seasonal. In fiscal 2012, approximately 66% of our garden segment's net sales and 59% of our total net sales occurred during our second and third fiscal quarters. Substantially all of our garden segment's operating income is typically generated in this period, which has historically offset the operating loss incurred during the first fiscal quarter of the year.

Liquidity and Capital Resources

We have financed our growth through a combination of internally generated funds, bank borrowings, supplier credit and sales of equity and debt securities to the public.

Our business is seasonal and our working capital requirements and capital resources have tracked closely to this seasonal pattern. During the first fiscal quarter, accounts receivable reach their lowest level while inventory, accounts payable and short-term borrowings begin to increase. During the second fiscal quarter, receivables, accounts payable and short-term borrowings increase, reflecting the build-up of inventory and related payables in anticipation of the peak lawn and garden selling season. During the third fiscal quarter, inventory levels remain relatively constant while accounts receivable peak and short-term borrowings start to decline as cash collections are received during the peak selling season. During the fourth fiscal quarter, inventory levels are at their lowest, and accounts receivable and payables are substantially reduced through conversion of receivables to cash.

We service two broad markets: pet supplies and lawn and garden supplies. Our pet supplies businesses involve products that have a year round selling cycle with a slight degree of seasonality. As a result, it is not necessary to maintain large quantities of inventory to meet peak demands. On the other hand, our lawn and garden businesses are highly seasonal with approximately 66% of our garden segment's net sales occurring during the second and third fiscal quarters. This seasonality requires them to ship large quantities of their product well ahead of the peak consumer buying periods. To encourage retailers and distributors to stock large quantities of inventory, industry practice has been for manufacturers to give extended credit terms and/or promotional discounts.

Net cash used in operating activities increased \$31.5 million, from \$3.5 million of cash provided by operating activities for the three months ended December 24, 2011, to \$28.0 million of cash used in operating activities for the three months ended December 29, 2012. The increase in cash used in operating activities was due primarily to increases in our working capital accounts, specifically inventory. Inventory balances increased over the prior year as we built safety stock in anticipation of warehouse consolidations, as well as the launch of new product innovations in our garden business during the upcoming garden season.

Net cash used in investing activities decreased \$1.2 million, from \$9.2 million for the three months ended December 24, 2011 to \$8.0 million during the three months ended December 29, 2012. The decrease in cash used in investing activities was due primarily to decreases in capital expenditures in the current year relating to the conversion of our legacy systems to an enterprise-wide information technology platform. During the three months ended December 29, 2012, we received proceeds from the maturity of short term investments, which were offset by payments made related to the acquisition of FourStar Microbial Products, LLC (Four Star Microbial). In December 2012, the Company acquired the

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

remaining majority interest in FourStar Microbial for approximately \$4.8 million in cash with possible contingent future performance-based payments. The Company has not yet finalized its allocation of the purchase price to the fair value of the net assets acquired. The operating results of FourStar Microbial had no impact on the consolidated financial statements and the purchase price paid is included in other assets on the condensed consolidated balance sheets. While the acquisition is not expected to have a material impact on the Company's 2013 financial results, it will enhance its capability to service professional providers of mosquito abatement.

Table of Contents

Net cash provided by financing activities decreased \$3.8 million, from \$3.9 million of cash provided by financing activities for the three months ended December 24, 2011, to \$0.1 million of cash provided by financing activities for the three months ended December 29, 2012. The decrease in cash provided was due to lower net borrowings under our revolving credit facility during the three months ended December 29, 2012 as compared to the three months ended December 24, 2011. The higher net borrowings during the three months ended December 24, 2011 were partially offset by \$20.9 million of share repurchases. There were no repurchases made during the quarter ended December 29, 2012.

We expect that our principal sources of funds will be cash generated from our operations and, if necessary, borrowings under our \$375 million revolving credit facility. Based on our anticipated cash needs, availability under our revolving credit facility and the scheduled maturity of our debt, we believe that our sources of liquidity should be adequate to meet our working capital, capital spending and other cash needs for at least the next 12 months. However, we cannot assure you that these sources will continue to provide us with sufficient liquidity and, should we require it, that we will be able to obtain financing on terms satisfactory to us, or at all.

We believe that cash flows from operating activities, funds available under our revolving credit facility, and arrangements with suppliers will be adequate to fund our presently anticipated working capital requirements for the foreseeable future. We anticipate that our capital expenditures will not exceed \$40 million during fiscal 2013, which are related primarily to replacements and upgrades to plant and equipment and investment in our implementation of a scalable enterprise-wide information technology platform. We are investing in this information technology platform to improve existing operations, support future growth and enable us to take advantage of new applications and technologies. We have invested approximately \$78.5 million from fiscal 2005 through fiscal 2012 in this initiative and plan to invest up to an additional \$11.0 million in fiscal 2013 for planned implementations. Capital expenditures for 2013 and beyond will depend upon the pace of conversion of those remaining legacy systems. This initiative, when complete, will combine our numerous information systems into one enterprise system and create a common business model and common data, which should create greater efficiency and effectiveness.

As part of our growth strategy, we have acquired a number of companies in the past, and we anticipate that we will continue to evaluate potential acquisition candidates in the future. If one or more potential acquisition opportunities, including those that would be material, become available in the near future, we may require additional external capital. In addition, such acquisitions would subject us to the general risks associated with acquiring companies, particularly if the acquisitions are relatively large.

Stock Repurchases

During the three months ended December 29, 2012, we did not repurchase any shares of stock. During the third quarter of fiscal 2011, our Board of Directors authorized a new \$100 million share repurchase program, under which approximately \$52 million is available for repurchases in fiscal 2013 and thereafter.

Senior Credit Facility

On June 8, 2011, we amended our \$275 million, five-year senior secured revolving credit facility (the *Credit Facility*) included in our Amended and Restated Credit Agreement (the *Credit Agreement*). Under the modified terms, the *Credit Facility* has a borrowing capacity of \$375 million, an increase of \$100 million, and a maturity date of June 2016. The *Credit Facility* bears lower interest rates and commitment fees and requires less interest coverage. We continue to have the option to increase the size of the *Credit Facility* by an additional \$200 million of incremental term loans and/or revolving loans should we exercise our option and one or more lenders are willing to make such increased amounts available to us. There was \$1.0 million outstanding as of December 29, 2012 under the *Credit Facility*. There were no letters of credit outstanding under the *Credit Facility* as of December 29, 2012. There were other letters of credit of \$13.2 million outstanding as of December 29, 2012. As of December 29, 2012, there were \$374.0 million of unused commitments under the *Credit Facility* or, after giving effect to the financial covenants in the *Credit Agreement*, \$219.7 million of available unused commitments.

Interest on the amended *Credit Facility* is based, at our option, on a rate equal to the Alternate Base Rate (ABR), which is the greatest of the prime rate, the Federal Funds rate plus 1/2 of 1% or one month LIBOR plus 1%, plus a margin, which fluctuates from 0.75% to 1.75%, or LIBOR plus a margin, which fluctuates from 1.75% to 2.75% and commitment fees that range from 0.30% to 0.50%, determined quarterly based on consolidated total debt to consolidated EBITDA for the most recent trailing 12-month period. As of December 29, 2012, the applicable interest rate on the *Credit Facility* related to alternate base rate borrowings was 5.0%, and the applicable interest rate related to LIBOR rate borrowings was 3.0%.

The *Credit Facility* is guaranteed by our material subsidiaries and is secured by our assets, excluding real property but including substantially all of the capital stock of our subsidiaries. The *Credit Agreement* contains certain financial and other covenants which

Table of Contents

require us to maintain minimum levels of interest coverage and maximum levels of senior debt to EBITDA and that restrict our ability to repurchase our stock, make investments in or acquisitions of other businesses and pay dividends above certain levels over the life of the Credit Facility. Under the terms of our Credit Facility, we may make restricted payments, including cash dividends and stock repurchases, in an aggregate amount initially not to exceed \$200 million over the life of the Credit Facility, subject to qualifications and baskets as defined in the Credit Agreement. As of December 29, 2012, our Total Leverage Ratio, as defined in the Credit Agreement, was 4.1 to 1.0, and our Senior Secured Leverage Ratio, as defined in the Credit Agreement with a maximum of 2.0 to 1.0, was 0.02 to 1.0. Our minimum Interest Coverage Ratio was reduced to 2.50 times, from 2.75 times as part of the modification of the Credit Facility. As of December 29, 2012, our Interest Coverage ratio was 2.8 times. Apart from the covenants limiting restricted payments and capital expenditures, the Credit Facility does not restrict the use of retained earnings or net income. We were in compliance with all financial covenants as of December 29, 2012.

Senior Subordinated Notes

On March 8, 2010, we issued \$400 million aggregate principal amount of 8.25% senior subordinated notes due March 1, 2018 (the 2018 Notes).

On February 13, 2012, we issued an additional \$50 million aggregate principal amount of our 2018 Notes at a price of 98.501%, plus accrued interest from September 1, 2011, in a private placement. We used the net proceeds from the offering to pay a portion of the outstanding balance under our Credit Facility.

The estimated fair value of our \$450 million of 2018 Notes as of December 29, 2012 was approximately \$481.5 million. The estimated fair value is based on quoted market prices for these notes.

The 2018 Notes require semiannual interest payments, which commenced on September 1, 2010. The 2018 Notes are unsecured senior subordinated obligations and are subordinated to all of our existing and future senior debt, including our Credit Facility. The obligations under the 2018 Notes are fully and unconditionally guaranteed on a senior subordinated basis by each of our existing and future domestic restricted subsidiaries with certain exceptions. The guarantees are general unsecured senior subordinated obligations of the guarantors and are subordinated to all existing and future senior debt of the guarantors.

We may redeem some or all of the 2018 Notes at any time prior to March 1, 2014 at the principal amount plus a make whole premium. We may redeem some or all of the 2018 Notes at any time on or after March 1, 2014 for 104.125%, after March 1, 2015 for 102.063% and after March 1, 2016 for 100%, plus accrued and unpaid interest. Additionally, at any time prior to March 1, 2013, we may redeem up to 35% of the 2018 Notes with any proceeds we receive from certain equity offerings at a redemption price of 108.25% of the principal amount, plus accrued and unpaid interest. The holders of the 2018 Notes have the right to require us to repurchase all or a portion of the 2018 Notes at a purchase price equal to 101% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2018 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. We were in compliance with all financial covenants as of September 29, 2012.

At December 29, 2012, our total debt outstanding was \$450.8 million, as compared with \$460.7 million at December 24, 2011.

Off-Balance Sheet Arrangements

There have been no material changes to the information provided in our Annual Report on Form 10-K for the fiscal year ended September 29, 2012 regarding off-balance sheet arrangements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There has been no material change in our exposure to market risk from that discussed in our Annual Report on Form 10-K for the fiscal year ended September 29, 2012.

Item 4. Controls and Procedures

(a) *Evaluation of Disclosure Controls and Procedures.* Our Chief Executive Officer and Chief Financial Officer have reviewed, as of the end of the period covered by this report, the disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) that ensure that information relating to the Company required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported in a timely and proper manner and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. Based upon this review, such officers concluded that our disclosure controls and procedures were effective as of December 29, 2012.

(b) *Changes in Internal Control Over Financial Reporting.* Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated whether any change in our internal control over financial reporting occurred during the first quarter of fiscal 2013. Based on that evaluation, management concluded that there has been no change in our internal control over financial reporting during the first quarter of fiscal 2013 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION**Item 1. Legal Proceedings**

From time to time, we are involved in certain legal proceedings in the ordinary course of business. Currently, we are not a party to any legal proceedings that management believes would have a material effect on our financial position or results of operations.

Item 1A. Risk Factors

There have been no material changes from the risk factors previously disclosed in Item 1A to Part I of our Form 10-K for the fiscal year ended September 29, 2012.
