Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held on April 30, 2013. The 2013 notice and proxy statement and the 2012 annual report to stockholders are available at www.proxyvote.com.

This proxy statement and the Notice of Internet Availability of Proxy Materials were first mailed to stockholders on or about March 21, 2013.

Questions and Answers about Voting and the Annual Meeting

What matters will be voted on at the annual meeting?

As a holder of Class A common stock, you are being asked to vote, on the following:

Proposal 1: To elect eleven Class A directors, nominated by our board of directors and named in this proxy statement;

Proposal 2: To amend the Company's 2009 Stock Incentive Plan;

Proposal 3: To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ended December 31, 2013; and

Proposal 4: To vote on any other matters properly brought before the stockholders at the meeting.

How does the board of directors recommend that I vote?

The board of directors recommends that you vote:

FOR the election of the eleven Class A directors, nominated by our board of directors and named in this proxy statement;

FOR the amendment to the 2009 Stock Incentive Plan; and

FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ended December 31, 2013.

What if other matters come up at the annual meeting?

The items listed on the Notice of Annual Meeting of Stockholders are the only matters that we know will be voted on at the annual meeting. Your proxy gives discretionary authority to the persons named on the proxy card to vote on other matters. On such other business as may properly come before the meeting, your shares will be voted in the discretion and judgment of the proxy holder.

Who has been nominated for election as directors at the annual meeting?

The board of directors has nominated eleven directors for election. The eleven directors who have been nominated by the board of directors and agreed to serve as directors are: Messrs. Conn, Glatt, Jacobson, Karsh, Lee, Marcus, Markley, Merritt, Parker, Rutledge and Zinterhofer.

Who can vote at the annual meeting?

Edgar Filing: CHARTER COMMUNICATIONS, INC. /MO/ - Form DEF 14A

Holders of a total of 101,136,436 shares of Class A common stock, as of the close of business on March 1, 2013 (the Record Date), are entitled to vote at the annual meeting. Each holder of Class A common stock is entitled to one vote per share. The enclosed proxy card indicates the number of Class A shares that our records show you are entitled to vote.

What is the difference between being a stockholder of record and a beneficial owner?

You are a stockholder of record if at the close of business on the Record Date, your shares were registered in your name with Computershare Shareowner Services, our transfer agent and registrar.

You are a beneficial owner if at the close of business on the Record Date, your shares were held by a brokerage firm or other nominee and not directly in your name, but are held in street name. As the beneficial owner of your shares, you have the right to direct your broker or other nominee how to vote your shares, i.e., for or against the proposals to be considered at the annual meeting. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals, but not all. See, *What if I do not provide instructions on how to vote my shares,* below.

What do I do if my shares are held in street name ?

If your shares are held in the name of your broker or other nominee, you should return your proxy in the envelope provided by such broker or nominee or instruct the person responsible for holding your shares to execute a proxy on your behalf. In either case, your shares will be voted according to your instructions.

What if I do not provide instructions on how to vote my shares?

If you are a stockholder of record and you submit a proxy, but do not provide voting instructions, your shares will be voted for the election of the Company's director nominees and **FOR** the proposals as described above.

If you are a beneficial owner and you do not provide the broker or other nominee which holds your shares with voting instructions, the broker or nominee has discretionary authority to vote for certain proposals, but not others pursuant to the rules of NASDAQ and the Securities and Exchange Commission (SEC). Brokers and other nominees have the discretion to vote on routine matters such as Proposal 3, but not on non-routine matters such as Proposals 1 and 2. Therefore, if you do not provide voting instructions to the broker or nominee that holds your shares, the broker or nominee may only vote for Proposal 3 and any other routine matters properly presented for a vote at the annual meeting.

What is the quorum required for the meeting?

We will hold the annual meeting if holders of shares having a majority of the voting power of the Class A common stock as of the Record Date either sign and return their proxy cards, vote via the Internet or attend the meeting. If you sign and return your proxy card or vote via the Internet, your shares will be counted to determine whether we have a quorum, even if you fail to indicate your vote.

Abstentions and broker non-votes will be counted as present for purposes of determining whether a quorum exists at the annual meeting.

How are broker non-votes and abstentions treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Only **FOR** and **AGAINST** votes are counted for purposes of determining the votes received in connection with each proposal.

With respect to each of the proposals, broker non-votes and abstentions will have no effect on determining whether the affirmative vote constitutes a majority of the shares present or represented by proxy and voting at the Annual Meeting. However, approval of these proposals also requires the affirmative vote of a majority of the shares necessary to constitute a quorum, and therefore broker non-votes and abstentions could prevent the approval of these proposals because they do not count as affirmative votes.

In order to minimize the number of broker non-votes, the Company encourages you to vote or to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the Notice.

What is the vote required for the proposals on the agenda?

The affirmative vote of the holders of a majority of Class A shares cast is required for approval of Proposals 1, 2 and 3. For purposes of determining whether votes have been cast, abstentions and broker non-votes will not be counted.

A stockholder may vote to abstain on any of the proposals. If you vote to abstain, your shares will be counted as present at the meeting for purposes of determining a quorum on all matters, but will not be considered to be votes cast with respect to such matters. Abstentions will not be voted and will have the effect of a vote against the proposals.

If an executed proxy is returned by a broker holding shares in street name that indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters (a broker non-vote), such shares will be considered present at the meeting for purposes of determining a quorum on all matters, but will not be considered to be votes cast with respect to such matters. Therefore, broker non-votes will have the effect of a vote against the proposals. In addition, in the election of directors, a stockholder may withhold such stockholder's vote.

What are my choices in the proposals on the agenda?

On Proposal 1, you can vote your shares FOR, or you can withhold your vote for the Class A director nominees. On Proposals 2 and 3, you can (1) vote for a proposal, (2) vote against a proposal, or (3) abstain from voting.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card. Sign and date the proxy card and mail it back to us in the enclosed envelope. If you receive more than one proxy card it may mean that you hold shares in more than one account. Sign and return all proxy cards to ensure that all of your shares are voted. The proxy holder named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not indicate your vote, the proxy holder will vote on your behalf **FOR** each of the Proposals as noted above.

Can I vote via the Internet?

Stockholders with shares registered in their names with Computershare Shareowner Services, our transfer agent, may authorize a proxy via the Internet at the following address www.proxyvote.com. A number of brokerage firms and banks participate in a program that permits Internet voting. If your shares are held in an account at a brokerage firm or bank that participates in such a program, you may direct the vote of those shares by following the instructions on the voting form enclosed with the proxy from the brokerage firm or bank.

Proxies submitted via the Internet must be received by 11:59 p.m. (EDT) on April 29, 2013. Please refer to your voting instruction form and/or your proxy card for specific voting instructions. If you vote this year's proxy via the Internet, you may also elect to receive future proxy and other materials electronically by following the instructions when you vote. Making this election will save the Company the cost of producing and mailing these documents.

Can I change my vote after I return my proxy card?

Yes. At any time before the vote at the annual meeting, you can change your vote either by giving our Corporate Secretary a written notice revoking your proxy card, or by signing, dating and submitting a new proxy card. We will honor the latest dated proxy card which has been received prior to the closing of the voting. You may also attend the meeting and vote in person.

Can I vote in person at the annual meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person. If you wish to attend the annual meeting and vote your shares in person and you are the beneficial owner of your shares, you must obtain the documents required to vote your shares in person at the annual meeting from your broker, or nominee.

Who will count the votes?

Broadridge Financial Solutions, Inc. has been appointed to receive and tabulate stockholder votes and to act as the inspector of election and certify to the election results.

Who is soliciting my vote?

The board of directors is soliciting your vote.

Who pays for this proxy solicitation?

The Company pays for the proxy solicitation. We will ask banks, brokers and other nominees and fiduciaries to forward the proxy material to the beneficial owners of the Class A common stock and to obtain the authority of executed proxies. We will reimburse them for their reasonable expenses.

Board of Directors and Committees of the Board of Directors

Our board of directors meets regularly throughout the year on an established schedule. The board also holds special meetings and acts by written consent from time to time as necessary. The Company held an annual stockholders' meeting in 2012, which all directors attended. Members of the board of directors are encouraged to attend the annual meeting each year. In 2012, the full board of directors held six meetings and acted one time by written consent. No incumbent director attended fewer than 90% of the total number of meetings of the board and of committees on which he served.

The board of directors delegates authority to act with respect to certain matters to board committees whose members are appointed by the board. The committees of the board of directors include the following: Audit Committee, Compensation and Benefits Committee, Nominating and Corporate Governance Committee, Section 162(m) Committee and Finance Committee. The Audit, Compensation and Benefits, Finance and Nominating and Governance Committees each has a charter which is available on our website, www.charter.com.

Charter's Audit Committee consisted of Messrs. Merritt, Jacobson and Markley in 2012. Mr. Merritt is Chairman of the Audit Committee. Charter's board of directors has determined that, in its judgment, Mr. Merritt is an audit committee financial expert within the meaning of the applicable federal regulations. All members of the Audit Committee were determined by the board in 2012 to be independent in accordance with the listing standards of the NASDAQ Global Select Market and Rule 10A-3 of the Securities Exchange Act of 1934, as amended. The Audit Committee met six times in 2012.

The Compensation and Benefits Committee reviews and approves the Company's compensation of the senior management of the Company and its subsidiaries. During 2012, the Committee was comprised of Messrs. Conn, Zinterhofer and Marcus. Mr. Marcus was appointed to the Compensation and Benefits Committee on May 1, 2012, following his election at Charter's annual shareholders meeting. All members of the Compensation and Benefits Committee were determined by the board in 2012 to be independent in accordance with the listing standards of the NASDAQ Global Select Market. The Compensation and Benefits Committee met five times in 2012 and executed five unanimous consents in lieu of meetings.

The Nominating and Corporate Governance Committee members in 2012 were Messrs. Karsh, Glatt and Lee. Mr. Karsh is Chairman of the Committee. All members of the Nominating and Governance Committee were determined by the board in 2012 to be independent in accordance with the listing standards of the NASDAQ Global Select Market. The Nominating and Corporate Governance Committee met three times in 2012.

The Section 162(m) Committee reviews the Company's compensation for purposes of qualifying as performance-related compensation and thus meeting the provisions under Internal Revenue Code 162(m) for deductibility. In 2012, the Section 162(m) Committee was comprised of Messrs. Cohn (for a portion of the year), replaced by Mr. Jacobson and Markley. This committee executed two unanimous consents in lieu of meetings.

The Finance Committee reviews the Company's financing activities and approves the terms and conditions of certain financing transactions referred to it by the board, in consultation with the Company's legal and financial advisors. The Finance Committee in 2012 consisted of Messrs. Lee, Merritt and Parker. The Finance Committee met three times during the year.

From time to time, the board may create ad hoc committees for specific projects or transactions. There were no ad hoc committees in 2012.

The Company's Nominating and Corporate Governance Committee of the board of directors has determined that Messrs. Conn, Jacobson, Markley and Merritt are independent directors under NASDAQ rules. The committee also determined that Messrs. Glatt, Karsh, Lee, Marcus, Parker and Zinterhofer are independent under the NASDAQ rules; however, their status or relationship with an affiliate of the Company prohibits an independence finding under SEC rules for Audit Committee membership purposes. Mr. Rutledge is the President and Chief Executive Officer of the Company and is thus not independent.

Nomination and Qualifications of Directors

Candidates for director are nominated by the board of directors, based on the recommendation of the Nominating and Corporate Governance Committee. Charter's Corporate Governance Guidelines provide that, among other things, candidates for new board members to be considered by the Charter's board of directors should be individuals from diverse business and professional backgrounds with unquestioned high ethical standards and professional achievement, knowledge and experience. Candidates should include diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the board of directors and the Nominating and Corporate Governance Committee believe that it is essential that board members represent diverse viewpoints. In considering candidates for the Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards. In addition, director candidates must be individuals with the time and commitment necessary to perform the duties of a board member and other special skills that complement or supplement the skill sets of current directors.

Stockholders may nominate persons to be directors by following the procedures set forth in our Bylaws. These procedures require the stockholder to deliver timely notice to the Corporate Secretary at our principal executive offices. That notice must contain the information required by the Bylaws about the stockholder proposing the nominee and about the nominee. No stockholder nominees have been proposed for this year's meeting.

Stockholders also are free to suggest persons for the board of directors to consider as nominees. The board of directors will consider those individuals if adequate information is submitted in a timely manner (see Stockholders Proposal for 2014 Annual Meeting below for deadline requirements) in writing to the board of directors at the Company's principal executive offices, in care of the General Counsel. The board of directors may, however, give less serious consideration to individuals not personally known by the current board members.

Board Leadership Structure and Risk Oversight

We separate the roles of Chief Executive Officer (CEO) and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board, as a non-executive officer, provides guidance to the CEO and presides over meetings of the full board. We could decide to combine these positions in the future.

The full board of directors oversees the various risks to the Company, delegating to the various committees specific responsibilities. The Audit Committee reviews our Enterprise Risk Management (ERM) Program on a regular basis. The Audit Committee meets regularly with members of management in executive session, as well as with the General Counsel, Chief Compliance Officer, the Vice President of Internal Audit Services and representatives of our independent registered public accounting firm. The Compensation and Benefits Committee oversees our compensation policies and practices, including reviewing our incentive and equity-based compensation plans and benefits plans. The Nominating and Corporate Governance Committee oversees corporate governance, including recommending board and committee nominations and the corporate guidelines and determining director independence.

JEFFREY A. MARCUS

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our Named Executive Officers (including our Chief Executive Officer, Chief Financial Officer, and other executive officers appearing in the Summary Compensation Table) should be read together with the compensation tables and related disclosures set forth elsewhere in this proxy statement.

Role of the Compensation and Benefits Committee

The Compensation and Benefits Committee of our board of directors is responsible for overseeing our overall compensation structure, policies and programs and assessing whether our compensation structure results in appropriate compensation levels and incentives for executive management and employees.

Our CEO annually reviews the performance of each of the other Named Executive Officers. He recommends to the Compensation and Benefits Committee salary adjustments, annual cash bonuses and equity incentive compensation applying specific performance metrics that have been approved by the Compensation and Benefits Committee at the beginning of each year for the other Named Executive Officers. The Compensation and Benefits Committee has, on occasion, requested the CEO to be present at Compensation and Benefits Committee meetings where executive compensation and Charter and individual performance are discussed and evaluated. The CEO is invited for the purpose of providing insight or suggestions regarding executive performance objectives and/or achievements, and the overall competitiveness and effectiveness of our executive compensation program. Although the Compensation and Benefits Committee considers the CEO's recommendations along with analysis provided by the Compensation and Benefits Committee's compensation consultants, it retains full discretion to set all compensation for our Named Executive Officers, except that the Compensation and Benefits Committee's recommendations for the CEO's compensation goes before Charter's full board of directors, with non-employee directors voting on the approval of any recommendations, subject to any employment agreements.

Compensation Consultant

The Compensation and Benefits Committee has the authority under its Charter to directly engage the services of a compensation consultant(s) or other advisors. Semler Brossy Consulting Group, LLC (Semler Brossy) was retained directly by the Compensation and Benefits Committee. In carrying out its assignments, Semler Brossy also interacted with management when necessary and appropriate. Semler Brossy may, in its discretion, seek input and feedback from management regarding its consulting work product prior to presentation to the Compensation and Benefits Committee in order to confirm alignment with our business strategy, and identify data questions or other similar issues, if any. During the year ended December 31, 2012, Semler Brossy provided no services to the Company other than its advice to the Compensation and Benefits Committee on executive compensation issues.

The following is a description of the services provided by Semler Brossy, as the Compensation and Benefits Committee consultant, during the year ended December 31, 2012:

Attended all Compensation and Benefits Committee meetings;

Provided information, research, and analysis pertaining to executive compensation programs and conducted a comprehensive assessment of our annual executive compensation program relative to competitive markets;

Regularly updated the Compensation and Benefits Committee on market trends, changing practices, and legislation pertaining to compensation;

Assisted the Compensation and Benefits Committee in making pay determinations for the Chief Executive Officer and other executive officers;

Advised on the design of the executive compensation program and the reasonableness of individual compensation targets and awards; and

Provided advice and recommendations that incorporated both market data and Company-specific factors.

The Compensation and Benefits Committee believes that there was no conflict of interest between the compensation consultant and the Compensation and Benefits Committee during the year ended December 31, 2012. In reaching this conclusion, the Compensation and Benefits Committee considered the factors set forth in the SEC rule effective July 27, 2012 regarding compensation advisor independence.

Compensation Philosophy and Objectives

The Compensation and Benefits Committee believes that attracting and retaining well-qualified executives is a top priority. The Compensation and Benefits Committee's approach is to compensate executives commensurate with their experience, expertise and performance and to ensure that our compensation programs are competitive with executive pay levels within the cable, telecommunications, and other related industries that define our competitive labor markets. We seek to uphold this philosophy through attainment of the following objectives:

Pay-for-Performance. We seek to ensure that the amount of compensation for each Named Executive Officer is reflective of the executive's performance and service to us for the time period under consideration. Our primary measures of performance used to gauge appropriate levels of performance-based compensation have included revenue, Adjusted EBITDA, operating cash flow, operational improvements, capital management, customer satisfaction, and/or such other metrics as the Compensation and Benefits Committee shall determine is then critical to our long-term success at that time. While we believe that our executives are best motivated when they believe that their performance objectives are attainable, we also believe that these metrics should be challenging and represent important improvements over performance in prior years. Compensation payable pursuant to our annual Executive Bonus Plan and our Long-Term Incentive Program is dependent on our performance.

Alignment. We seek to align the interests of the Named Executive Officers with those of our investors by evaluating executive performance on the basis of the financial measurements noted above, which we believe closely correlate to long-term stakeholder value creation. The annual cash bonus and long-term incentives are intended to align executive compensation with our business strategies, values and management initiatives, both short- and long-term. Through this incentive compensation, we place a substantial portion of executive compensation at risk, specifically dependent upon our financial performance over the relevant periods. This rewards executives for performance that enhances our financial strength and stakeholder value.

Retention. We recognize that a key element to our success is our ability to retain a team of highly-qualified executives who can provide the leadership necessary to successfully execute our short- and long-term business strategies. We also recognize that, because of their qualifications, our senior executives are often presented with other professional opportunities, potentially ones at higher compensation levels. It is often difficult to retain talented management. Our retention strategy faces additional challenges in that the skills of our current management team are attractive to many companies inside and outside of the cable industry. The following programs underscore our focus on retention.

Pay Levels and Competitive Analysis

Pay levels for executives are determined based on a number of factors, including the individual's roles and responsibilities within Charter, the individual's experience and expertise, pay levels for peers within Charter, pay levels in the marketplace for similar positions, and performance of the individual and Charter as a whole. In determining these pay levels, the Compensation and Benefits Committee considers all forms of compensation and benefits. When establishing the amounts of such compensation, the Compensation and Benefits Committee considers publicly available information, such as proxy statements, as well as third-party administered benchmark surveys concerning executive compensation levels paid by other competitors and in the industry generally.

With the assistance of Semler Brossy, the Compensation and Benefits Committee approved a peer group of the following 13 publicly-traded companies for assessing the competitiveness of executive compensation effective for 2012:

BCE Inc.

Cablevision Systems Corp.

CenturyLink Inc.

Comcast Corporation

The DIRECTV Group, Inc.

Frontier Communications Corp.

Leap Wireless International Inc.

Liberty Global

MetroPCS Communications Inc.

Telephone and Data Systems Inc.

TELUS Corp.

Time Warner Cable Inc., and

Windstream Corp.

Peer group companies selected met the following criteria:

Cable, satellite and telecommunications services industry (based on GICS code);

Telecommunications companies with between one-third and 3 times Charter's revenue; and

Companies headquartered in the United States or Canada.

Consistent with our practice, and in light of recent transactions within the peer group, the Compensation and Benefits Committee revisits peer group composition on a periodic basis. In addition to these specific peer companies, the Compensation and Benefits Committee also reviews data from a number of published compensation surveys that provide broader market data for specific functional responsibilities for companies of similar revenue size to us.

After consideration of the data collected on external competitive levels of compensation and internal relationships within the executive group, the Compensation and Benefits Committee makes decisions regarding individual executives' target total compensation opportunities based on the need to attract, motivate and retain an experienced and effective management team.

In light of our practice of making a relatively high portion of each executive officer's compensation based on performance (*i.e.*, at risk), the Compensation and Benefits Committee generally examines peer company data at the -50th- percentile (*i.e.*, the median), for performance at target or for specialization of a skill set. The Compensation and Benefits Committee generally sets target compensation for our executive group at the median of the market data.

As noted above, notwithstanding our overall pay positioning objectives, pay opportunities for specific individuals vary based on a number of factors such as scope of duties, tenure, experience and expertise, institutional knowledge and/or difficulty in recruiting a new executive. Actual total compensation in a given year will vary above or below the target compensation levels based primarily on the attainment of operating goals and the preservation of stakeholder value. Based on data provided by our outside advisor, target total direct 2012 compensation (*i.e.* salary, bonus and long-term incentive) for our Named Executive Officers was, on average, below median levels for the peer group.

Pay Mix

We utilize the particular elements of compensation because we believe that it provides a well-proportioned mix of total opportunity, retention value and at-risk compensation which produces short-term and long-term performance incentives and rewards. By following this portfolio approach, we provide the executive with a measure of stability in the minimum level of compensation the executive is eligible to receive, while motivating the executive to focus on the business metrics and actions that will produce a high level of performance for Charter, as well as reducing the risk of recruitment of top executive talent by competitors.

For key executives, the mix of compensation is weighted toward at-risk pay (annual incentives and long-term incentives). We believe that maintaining this pay mix results in a fundamental pay-for-performance orientation for our executives. We also believe that long-term incentives, and particularly equity compensation, provide a very important motivational and retentive aspect to the compensation package of our key executives. We adopted a new stock incentive plan after emergence from bankruptcy in November 2009 and awards were made to executives under this new plan in July 2010 and April and December 2011. Awards were made in 2012 to our Named Executive Officers, Messrs. Bickham and Blackley and Ms. Mayo, in connection with execution of their employment agreements with the Company in 2012. An award was made to Mr. Winfrey in August 2012 in connection with his relocation to the New York metropolitan area. See Special Compensation Programs below for further details on Mr. Winfrey's relocation package.

Implementing Our Objectives

The Compensation and Benefits Committee makes compensation decisions after reviewing our performance and carefully evaluating an executive's performance during the year against pre-established goals, leadership qualities, operational performance, business responsibilities, career with Charter, current compensation arrangements and long-term potential to enhance stakeholder value. Specific factors affecting compensation decisions for the Named Executive Officers include:

Assessment of Company Performance criteria may include revenue, monthly recurring revenue, adjusted EBITDA, free cash flow, adjusted EBITDA less capital expenditures, average revenue per unit, operating cash flow, operational improvements, capital management, customer satisfaction or other service metrics and/or such other metrics as the Compensation and Benefits Committee determines is critical to our long-term success. Application of this factor is more specifically discussed under Elements Used to Achieve Compensation Objectives as applicable;

Assessment of Individual Performance criteria may include individual leadership abilities, management expertise, productivity and effectiveness. Application of this factor is more specifically discussed under Elements Used to Achieve Compensation Objectives as applicable; and

Competitive Analysis and Total Compensation Level Review our Compensation and Benefits Committee works with our compensation consultant to assess compensation levels and mix as compared to the market, and is more fully discussed below under Pay Levels and Competitive Analysis.

Elements Used to Achieve Compensation Objectives

The main components of our compensation program include:

Base Salary fixed pay that takes into account an individual's role and responsibilities, experience, expertise and individual performance designed to provide a base level of compensation stability on an annual basis;

Bonus Plans variable performance-based pay designed to reward attainment of annual business goals, with target award opportunities generally expressed as a percentage of base salary;

Long-Term Incentives equity awards which historically included stock options, restricted share units and restricted shares, often incorporating vesting requirements that require achievement of targeted stock prices, designed to motivate long-term performance and align executive interests with those of our shareholders; and

Special Compensation Programs cash and equity programs targeted at executives in critical positions designed to incentivize performance and encourage long-term retention.

Details of Each Compensation Element

(1) Base Salary

Base Salaries are set with regard to the level of the position within Charter and the individual's current and sustained performance results. The Base Salary levels for executives, and any changes in those salary levels, are reviewed each year by the Compensation and Benefits Committee, and such adjustments may be based on factors such as new roles and/or responsibilities assumed by the executive and the executive's significant impact on our then current goals. Salary adjustments may also be based on changes in market pay levels for comparable positions in our competitive markets. Base Salaries are reviewed and adjusted to account for: (a) market-competitive increases, (b) individual impact on and contributions to the business performance and company goals, (c) salary increases to align certain levels of responsibility; and (d) company-wide total salary increases. Of the Named Executive Officers, Mr. Winfrey was the only officer eligible to receive a base salary increase in 2012 receiving a \$16,500 base salary increase attributable to company-wide management-level merit adjustments. The other Named Executive Officers started with the Company as officers in 2012.

There is no specific weighting applied to any one factor in setting the level of salary, and the process ultimately relies on the subjective exercise of the Compensation and Benefits Committee's judgment. Although salaries are generally targeted at market median compared to an industry peer group and other compensation survey data for experienced professionals, the Compensation and Benefits Committee may also take into account historical compensation, potential as a key contributor as well as special recruiting/retention situations in setting salaries for individual executives above or below the market median. Consistent with our pay philosophy, salary increases are not automatic or the same for each individual, taking into consideration the factors set forth above. Based upon data provided by Semler Brossy, base salaries for our Named Executive Officers are generally at median competitive levels. Four of the five Named Executive Officers were recruited in 2012 (December 2011 in the case of the CEO) and their salaries reflect what was required to attract these talented individuals to become employed by the Company.

(2) Bonus Plans

2012 Executive Bonus Plan

The 2012 Executive Bonus Plan is designed to align the Company around common performance measures. Specifically, the objective was to focus on consistent execution at all levels, with an overall goal of exceeding budgeted Company revenue, adjusted EBITDA, and Customer Satisfaction indicators for the first six months of the year. The objective for the second half of 2012 was to focus on the goal of the uplift in the residential monthly recurring revenue and Customer Satisfaction indicators. For 2012, bonuses for eligible employees were determined based on Charter's (or, if applicable, an employee's particular operating group's or Key Market Area's) performance during 2012 measured against Charter's performance goals or measures. These measures, and the percentage of an employee's bonus allocated to each measure, are:

Financial performance metric including Company revenue from January 1, 2012 through June 30, 2012 (12%), Adjusted EBITDA for the Company from January 1, 2012 through June 30, 2012 (16%), and the uplift in residential monthly recurring revenue from July 1, 2012 through December 31, 2012 (28%);

Charter Customer Experience Satisfaction Index (CESI) (24%); and

CEO discretionary award (20%).

For the period beginning January 1, 2012 through and including June 30, 2012, the financial performance metric is measured based on Company revenue (12%) and Adjusted EBITDA (16%) to arrive at the total of 28% for the financial performance metric for the first half of the year. Adjusted EBITDA is defined as consolidated

net income (loss) plus net interest expense, income taxes, depreciation and amortization, stock compensation expense, loss on extinguishment of debt and other operating expenses, such as special charges and loss on sale or retirement of assets. For the period beginning July 1, 2012 through and including December 31, 2012, the financial performance metric of 28% is measured solely on the uplift in residential monthly recurring revenue (MRR) from June to December 2012. The metrics for the year were bifurcated as a result of the Company's change in go-to-market strategy and the new pricing and packaging of the Company's products. The Compensation and Benefits Committee determined that an adjustment should be made to reflect the new operating structure. The 2012 Executive Bonus Plan also contained a discretionary component with 20% of the target bonus percentage being at the sole discretion of the Chief Executive Officer of the Company or the Compensation and Benefits Committee. Potential payouts under the 2012 Executive Bonus Plan relative to target range from 10% to 150% of target bonus amounts. Target bonuses for our Named Executive Officers ranged from 75% to 175% of base salary in 2012, subject to applicable employment agreements (see Employment Agreements). All of the Named Executive Officers are participants under the 2012 Executive Bonus Plan, except for Mr. Lovett.

On February 20, 2013, the Compensation and Benefits Committee determined that achievement toward Charter performance goals for 2012 resulted in bonuses under the 2012 Executive Bonus Plan at the corporate level of 106.6% of targeted bonuses, as detailed in the following chart.

Executive Bonus Plan Metrics for Named Executive Officers for 2012:

	Weight	Performance Goal (\$ in millions)	Pro Forma Results (\$ in millions)	Attainment of Performance Goal	Bonus Matrixes Attainments	Weighted Payout%
Financial Performance (January June 2012):						
Revenue	12%	\$ 3,730	\$ 3,711	99.5%	90%	10.8%
Adjusted EBITDA	16%	\$ 1,346	\$ 1,345	99.9%	98%	15.7%
Financial Performance (July December 2012):						
Residential MRR Uplift	28%	\$ 6,098	\$ 5,947	97.5%	96.9%	27.1%
CESI	24%	10.00	10.23	102.3%	120%	28.8%
CEO Discretionary	20%					24.2%
Total Attainment						106.6%

The CEO is authorized by the Compensation and Benefits Committee to make discretionary bonus awards of up to 5% of the projected payout under the executive bonus plan. Discretionary bonus awards are recommended by management based upon management's judgment of a participant's performance and contribution to the Company, and are in addition to the Executive Bonus Plan. For 2012, the CEO recommended to the Compensation and Benefits Committee, that this discretionary amount be reallocated to all participants across most of the Company's bonus plans including the Executive Bonus Plan. Therefore, the attainment of 106.6% (and in the case of Ms. Mayo and Mr. Blackley, 107.3%) included the CEO's discretionary award for all participants in the Executive Bonus Plan. Ms. Mayo's and Mr. Blackley's attainment metric was fractionally higher than the others because they did not join the Company until the second-half of 2012 and the bonus metric attainment was slightly higher for that period. As set forth in the Non-Equity Incentive Plan column of the Summary Compensation Table, awards were made to the Named Executive Officers under the Executive Bonus Plan after reallocating the discretionary awards, as follows for 2012: Mr. Rutledge \$3,301,679; Mr. Winfrey \$448,858; Mr. Bickham \$1,333,632; Ms. Mayo \$107,248; and Mr. Blackley \$66,160.

(3) Long-Term Incentives

Our long-term incentive award compensation program is designed to recognize scope of responsibilities, reward demonstrated performance and leadership, motivate future superior performance, align the interests of the executive with that of our stakeholders, and incentivize and retain the executives through the term of the awards. We believe that performance-based incentives help to drive our performance through their direct linkage to controllable business results while, at the same time, rewarding executives for the value created through share price appreciation. While the size of the award is ultimately left to the Compensation and Benefits Committee discretion, grant levels are generally targeted at the median to top quartile of competitive levels.

The 2009 Stock Incentive Plan provides for the potential grant of non-qualified stock options, stock appreciation rights, dividend equivalent rights, performance units and performance shares, share awards, phantom stock and shares of restricted stock as each term is defined in the 2009 Stock Incentive Plan and in the discretion of the Compensation and Benefits Committee. Unless terminated sooner, the 2009 Stock Incentive Plan will terminate on April 28, 2019, and no option or award can be granted thereafter under that plan. In November 2009, 3,848,393 shares were included in the 2009 Stock Incentive Plan and on December 16, 2009, the board of directors approved the inclusion of another 3,848,393 shares in the 2009 Stock Incentive Plan.

As of December 31, 2012, 1,414,919 shares remained available for future grants under the plan. See Proposal 2 below, for a description of the Company's proposal to increase the number of shares in the 2009 Stock Incentive Plan for future awards. As of December 31, 2012, there were 381 participants in the 2009 plan. See the Summary Compensation Table below for the awards received by our Named Executive Officers.

The 2009 Stock Incentive Plan authorizes the repricing of options, which could include reducing the exercise price per share of any outstanding option, permitting the cancellation, forfeiture or tender of outstanding options in exchange for other awards or for new options with a lower exercise price per share, or repricing or replacing any outstanding options by any other method. While the 2009 Stock Incentive Plan authorizes repricing, no repricing has occurred under the plan.

On April 26, 2011, the Board of Directors adopted the 2011-2013 Long Term Incentive Plan (the Plan). The Plan provides that awards made in 2011 were to cover Plan years 2011-2013 and that no further grants would be made absent unusual circumstances. In 2012, in connection with execution of employment agreements, grants were made under the Plan to certain of our Named Executive Officers who were hired in 2012. In addition, a grant was made to Mr. Winfrey in 2012 in connection with his relocation package. The amount and type of incentive compensation granted under the Plan is based upon our overall strategic, operational and financial performance and reflects the participant's expected contributions to our future success. Grants to Named Executive Officers under the Plan are awards of time-vesting stock options, time-vesting restricted stock, performance-vesting options, performance-vesting restricted stock and restricted stock units, under the Company's 2009 Stock Incentive Plan, and described as follows:

Time-Vesting Stock Options. Time-vesting stock options made to Named Executive Officers involve the grant of options to purchase shares of the Company's Class A common stock on each vesting date generally divided into a third or a fourth with each such portion of a grant vesting and becoming exercisable in four equal installments on each of the first four anniversaries of certain specified dates, such as a new employee's hire date. Grants of certain options made in 2012 to non-Named Executive Officers, provided for two tranches of options, vesting over a longer period of time. Grants in 2011 were made in three tranches and also provided for longer vesting. Time-vesting option grants were made to Messrs. Bickham and Blackley and Ms. Mayo in 2012 in connection with execution of their respective employment agreements. Messrs. Rutledge and Winfrey were previously granted time-vesting options under the Plan.

Performance-Vesting Stock Options. Performance-vesting stock options involve the grant of options to purchase shares of the Company's Class A common stock in tranches commencing on certain specified dates subject to occurrence of achievement of set stock price thresholds. Achievement of the applicable stock price

thresholds are measured based on the average of the per share closing price of a share of the Company's Class A common stock as reported on NASDAQ for any sixty consecutive trading days commencing on or after the specified dates in the grantee's option agreement. By way of example, grants made on April 26, 2011 vest as follows: one-third of each of three tranches will vest and become exercisable upon the first occurrence of shares of achieving a stock price threshold of \$60 per share; one-third at a stock price threshold of \$80 per share; and one-third at \$100 per share. Achievement of the applicable stock price thresholds will be measured based on the average of the per share closing price of a share of the Company's Class A common stock as reported on NASDAQ for any sixty consecutive trading days commencing on or after January 26, 2012 (as to Tranche I); on or after September 30, 2012 (as to Tranche II); and on or after September 30, 2013 (as to Tranche III). In December 2011, Mr. Rutledge's employment agreement provided that his options vest in five tranches, with additional threshold prices at \$125 and \$150. Mr. Bickham's performance-vesting options vest in four tranches at \$80, \$100, \$125 and \$150. Ms. Mayo's performance-vesting options have vesting thresholds at \$80 and \$100 and Mr. Blackley's thresholds are at \$85 and \$105. Grants of performance-vesting options are limited to our president and chief executive officer, and to executive vice president and president-level executives. See the tables below for the amount of the grants to the Named Executive Officers. Total amounts granted were determined by the Compensation and Benefits Committee by examining a multitude of factors. The Committee did evaluate the accounting grant value of the total award and verified that the total value of the grant, when evaluated on an annualized basis, was consistent with the awards at median. More importantly, the Compensation and Benefits Committee evaluated the potential value of the grant at the price hurdles of \$60, \$80, \$100, \$125 and \$150, and subjectively determined that the value delivered to each participant was compelling, was sufficiently large to balance the shorter-term focus of the annual incentive plan and would serve to retain the executives during this time period. Performance-vesting option grants have been made to all of our Named Executive Officers.

Time-Vesting Restricted Stock. The grant of time-vesting restricted stock provides that the grantee may receive shares of the Company's Class A common stock on a straight vesting schedule with the grant vesting in 25% installments on each of the four anniversaries of the applicable grant or effective date. Grants of time-vesting restricted stock were made in 2011 and 2012 to Messrs. Rutledge and Bickham, respectively, in connection with the execution of their respective employment agreements.

Performance Vesting Restricted Stock. The grant of performance-vesting restricted stock provides that the grantee may receive shares of the Company's Class A common stock in tranches commencing on certain specified dates subject to the occurrence of achievement of set stock price thresholds similar to the performance-vesting stock options as described above. Grants of performance-vesting stock options were made in 2011 and 2012 to Messrs. Rutledge and Bickham, respectively, in connection with execution of their respective employment agreements. Mr. Rutledge's restricted stock was granted in three tranches with thresholds at \$60, \$80 and \$100 and Mr. Bickham's restricted stock was granted in two tranches with thresholds at \$80 and \$100.

Restricted Stock Units. The grant of restricted stock units (RSUs) provides that the grantee may receive one share of the Company's Class A common stock for each RSU following vesting. The grants are generally subject to a straight vesting schedule with the grant vesting in equal parts on each date specified in the grantee's employment agreement. Grants of restricted stock units were made in 2012 to Messrs. Winfrey, Blackley and Ms. Mayo, in connection with the execution of Mr. Winfrey's relocation agreement and Mr. Blackley and Ms. Mayo's employment agreements.

Timing of Equity Grants

Grants of equity-based awards are determined by the Compensation and Benefits Committee and typically were made annually following review by the Compensation and Benefits Committee of our prior year's performance. As noted above, in 2011 the Compensation and Benefits Committee adopted the Plan which granted awards in 2011 with the intent no annual grants would be made in 2012 and 2013. Grants may also be made at other times of the year, such as upon execution of a new employment agreement, based upon an analysis

of peer company compensation to maintain a competitive compensation package or in a new hire or promotion situation. Grants of options, if made, have an exercise price equal to the average of the high and low stock price on the date of grant.

(4) Special Compensation Programs

Relocation Package

On June 4, 2012, the Company announced its intention to open an office in the New York Metropolitan area to house a limited number of senior executives. On July 26, 2012, the Compensation and Benefits Committee approved a relocation package for Senior Vice Presidents and the Company's Executive Vice President and Chief Financial Officer, Mr. Winfrey. The relocation package was designed to incentivize key members of management to relocate, including covering the cost of living difference. The relocation package included: amendment and restatement of his employment agreement to extend the term to two years following the relocation; relocation incentive payment equal to \$250,000 subject to a two year claw-back in the event of a voluntary or for-cause termination; protection for loss on sale of his home; home purchase assistance; moving assistance; and temporary living assistance. Mr. Winfrey also received 6,600 restricted stock units, vesting in three tranches over a thirty month period. For further details regarding the relocation incentive payment two-year claw-back, please see the Section titled "Separation and Related Arrangements."

Other Compensation Elements

The Named Executive Officers participate in all other benefit programs offered to all employees generally.

An independent consultant was engaged to perform a risk assessment of the Company's compensation programs and did not identify any material risks that might adversely impact the financial health or performance of the Company. After review of the report from the independent consultant, the Compensation and Benefits Committee agreed with the conclusion reached by the independent consultants.

Stockholder Vote on Say on Pay

At the Company's 2011 Annual Stockholders Meeting, the stockholders considered advisory proposals (i) to approve Executive Compensation, and (ii) on the frequency of holding a vote on Executive Compensation. As the board of directors had recommended, the stockholders approved the Executive Compensation and voted to hold an advisory vote on Executive Compensation every three years. The Compensation and Benefits Committee agreed with the advisory votes. The next vote on Executive Compensation by the stockholders is scheduled for 2014.

Impact of Tax and Accounting

Section 162(m) of the Internal Revenue Code generally provides that certain kinds of compensation in excess of \$1 million in any single year paid to the chief executive officer and the three other most highly compensated executive officers other than the chief financial officer of a public company are not deductible for federal income tax purposes. However, pursuant to regulations issued by the U.S. Treasury Department, certain limited exemptions to Section 162(m) apply with respect to qualified performance-based compensation. While the tax effect of any compensation arrangement is one factor to be considered, such effect is evaluated in light of our overall compensation philosophy. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation and Benefits Committee has not adopted a policy that all compensation must be deductible. Stock options and performance shares granted under our 2009 Stock Incentive Plan are subject to the approval of the Compensation and Benefits Committee. The grants qualify as performance-based compensation and, as such, are exempt from the limitation on deductions. Outright grants of restricted stock and certain cash payments (such as base salary and cash bonuses) are not structured to

qualify as performance-based compensation and are, therefore, subject to the Section 162(m) limitation on deductions and will count against the \$1 million cap. However, the Executive Bonus Plan is structured to comply with Section 162(m) to obtain all allowable deductions. The 2012 grants of equity to executive officers were structured as complying with Section 162(m).

When determining amounts and forms of compensation grants to executives and employees, the Compensation and Benefits Committee considers the accounting cost associated with the grants. We account for stock-based compensation in accordance with accounting standards regarding stock compensation which addresses the accounting for share-based payment transactions in which a company receives employee services in exchange for (a) equity instruments of that company or (b) liabilities that are based on the fair value of the company's equity instruments or that may be settled by the issuance of such equity instruments. Under this accounting guidance, grants of stock options, restricted stock, restricted stock units, and other share-based payments result in an accounting charge. The accounting charge is equal to the fair value of the instruments being issued on the date of the grant and is amortized over the requisite service period, or vesting period of the instruments. For restricted stock and restricted stock units, the cost is equal to the fair value of the stock on the date of grant times the number of shares or units granted. For stock options, the cost is equal to the fair value of the option on the date of the grant, estimated using the Black-Scholes option-pricing model, times the number of options granted. For stock options and restricted stock with market conditions, the cost is equal to the fair value of the option or restricted stock on the date of grant, estimated using Monte Carlo simulations, times the number of stock options or shares of restricted stock granted. The grant date weighted average assumptions used during the years ended December 31, 2012 and 2011, respectively, were: risk-free interest rate of 1.5% and 2.5%; expected volatility of 38.4% and 38.4%, expected lives of 6.3 and 6.6 years and cost of equity of 16.2% and 15.5%.

The valuations assume no dividends are paid. Dollar values included in the Non-Employee Director Compensation Table and the Summary Compensation Table represent the aggregate fair value of all awards granted in 2012 and prior.

Stock Ownership Guidelines and Hedging Policy

The Compensation and Benefits Committee has not formally adopted stock ownership guidelines for the Named Executive Officers. The Committee believes that the structure of the equity award to the Named Executive Officers, with vesting contingent of achieving stock price hurdles set at levels between \$80 and \$150 closely aligns the economic interests of the Named Executive Officers with the shareholders, precludes the necessity for stock ownership guidelines.

The Company prohibits any Named Executive Officer, as well as other senior members of management, from hedging or pledging Company securities.

Assuming a termination date of December 31, 2012, Mr. Winfrey would have been required to repay \$208,219 to the Company.

In the event there is a period of time during which a Named Executive Officer is not being paid annual base salary and not receiving long-term disability insurance payments, the executive will receive interim payments equal to such unpaid disability insurance payments until commencement of disability insurance payments.

Termination due to Retirement

Charter defines retirement eligibility in its applicable plan documents as the employee's age plus years of service equal to 70. Generally, the equity agreements with our Named Executive Officers provide for forfeiture of unvested equity in the event that the executive retires with limited exceptions noted in the table and footnotes below.

	Severance (\$)	Bonus \$(1)	Stock Options \$(2)	Restricted Stock and Restricted Stock Units \$(3)	Total (\$)
Thomas M. Rutledge		3,097,260			3,097,260

Kathleen Mayo		99,952			99,952
James Blackley		61,659			61,659

- (1) All Named Executive Officers will be entitled to a pro-rata bonus previously earned for the performance period ending prior to the date of termination.
- (2) As to the option award made in the year ended December 31, 2010 to Mr. Winfrey, all unvested options will immediately vest. As to the performance vesting and time vesting option awards to Mr. Bickham, he would be entitled to a pro-rata portion of non-eligible options which would have become eligible on the next scheduled vesting date. While a portion of the performance vesting options may remain eligible to vest for six months following a December 31, 2012 termination event, no such options would be deemed vested until the occurrence of the stock price threshold as of the applicable measurement date. For all performance-vesting option grants, the Company has assumed that the threshold was not met in order to assign a price as of December 31, 2012 to any options that may have been eligible for vesting as of that date for stock price thresholds higher than the \$60 price per share threshold. As a result, the table above does not reflect any performance vesting options for Mr. Bickham as he does not have options below the \$80 price per share threshold.
- (3) For the restricted stock award to Mr. Winfrey, all unvested restricted shares will immediately vest. As to the time-vesting and performance-vesting restricted stock awarded to Mr. Bickham, Mr. Bickham would be entitled to receive a pro-rata portion of the next scheduled vesting amount. While a portion of the performance vesting restricted stock may remain eligible to vest for six months following a December 31, 2012 termination event, no such stock would be deemed vested until the occurrence of the stock price threshold as of the applicable measurement date. For all performance-vesting restricted stock grants, the Company has assumed that the threshold was not met in order to assign a price as of December 31, 2012 to any performance-vesting restricted shares that may have been eligible for vesting as of that date for stock price thresholds higher than the \$60 price per share threshold. As a result, the table above does not reflect any performance vesting restricted shares for Mr. Bickham as he does not have shares below the \$80 price per share threshold.

Termination by Charter without cause (other than for a change in control):

In the event that Charter terminates a Named Executive Officer's employment without cause, Charter will be required to make certain payments to the executive and such a termination will give rise to an altered vesting schedule for certain equity and cash incentive grants. For a definition of a for cause, see the previous section titled Termination by Charter for cause or a voluntary termination by the Executive without good reason. For a definition of a Change in Control, see the following section titled Termination within 30 days before or 13 months after Change in Control for without Cause or Good Reason.

- (1) A without cause termination will require severance payments to be made by the Company to each Named Executive Officer.
- (2) All Named Executive Officers will be entitled to a pro-rata bonus previously earned for the performance period ending prior to the date of termination.
- (3) As to performance-vesting option awards made to Messrs. Rutledge and Bickham, each officer will be entitled to retain any eligible options and receive a pro-rata portion of non-eligible options which would have become eligible options on the next scheduled vesting date. As to the option award made in the year ended December 31, 2010 to Mr. Winfrey, he will receive a pro-rata portion of the next scheduled vesting amount. As to time-vesting option awards made to all of our named executive officers, each officer is entitled to a pro-rata portion of the next scheduled vesting amount. As to performance-vesting option awards made to Messrs. Winfrey and Blackley and Ms. Mayo, these officers are entitled to a pro-rata portion of the next scheduled vesting amount of any eligible options with eligibility being determined as to whether the vesting commencement date of a particular tranche has occurred as of the date of termination. All non-eligible options, for which the vesting date has not yet occurred as of the date of the termination, will be cancelled. While a portion of the performance vesting options may remain eligible to vest for six months following a December 31, 2012 termination event, no such options would be deemed vested until the occurrence of the stock price threshold as of the applicable measurement date. For all performance-vesting option grants, the Company has assumed that the threshold was not met in order to assign a price as of December 31, 2012 to any options that may have been eligible for vesting as of that date for stock price thresholds higher than the \$60 price per share threshold (i.e. \$80 or \$85 and \$100 or \$105 as to all Named Executive Officers and the additional \$125 and \$150 price per share thresholds for Messrs. Rutledge and Bickham). As a result, other than options that carry the \$60 price per share threshold (applicable to Messrs. Rutledge and Winfrey) no such performance-vesting option amount has been included in the above table.
- (4) For the restricted stock award to Mr. Winfrey, he will be entitled to receive any unvested restricted stock that is scheduled to vest for the one year period following the date of termination. As to the restricted stock unit awards to Messrs. Winfrey and Blackley and Ms. Mayo, each officer is entitled to a pro-rata portion of the next scheduled vesting amount for a without cause termination. Messrs. Rutledge and Bickham will receive a pro-rata portion of the next scheduled vesting amount as to all time-vesting restricted stock awarded to each of them. As to performance-vesting restricted stock awards made to Messrs. Rutledge and Bickham, each officer is be entitled to retain any eligible restricted shares and receive a pro-rata portion of any non-eligible restricted shares which would have become eligible on the next scheduled vesting date. For all performance-vesting restricted stock grants, the Company has assumed that the threshold was not met in order to assign a price as of December 31, 2012 to any restricted shares that may have been eligible for

vesting as of that date for stock price thresholds higher than the \$60 threshold (i.e. \$80 and \$100 thresholds). As a result, other than shares that carry the \$60 price per share threshold (applicable only to Mr. Rutledge) no such performance-vesting restricted stock amount has been included in the above table.

Termination by the Executive for good reason (other than for a change in control):

Under the employment agreements with each of our named executive officers, we may be required to make certain payments to these executives if that executive terminates his or her employment for good reason other than after a Change in Control. An executive may generally only terminate his or her employment for good reason following thirty (30) days written notice to the Company of his or her intent to terminate, or, in certain circumstances advance notice to the Company detailing the good reason and giving the Company an opportunity to cure prior to termination.

As used in the employment agreements of our Named Executive Officers, good reason includes: a material reduction in base salary, bonus, authority, duties, or responsibilities of the executive or of the executive's reporting structure; a material failure by the Company to comply with provisions of the executive's employment agreement including paying compensation when due and the location of the executive's primary workplace; if within six months following a Change in Control, the executive has not received an offer of employment from the surviving company for their exact position; or any failure by a successor Company to assume the executive's employment agreement following a Change in Control. For a definition of Change in Control, see the following section titled Termination within 30 days before or 13 months after Change in Control for without Cause or Good Reason.

Limitation of Directors' Liability and Indemnification Matters

Our Certificate of Incorporation limits the liability of directors to the maximum extent permitted by Delaware law. The Delaware General Corporation Law provides that a corporation may eliminate or limit the personal liability of a director for monetary damages for breach of fiduciary duty as a director, except for liability for:

- (1) any breach of the director's duty of loyalty to the corporation and its shareholders;
- (2) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- (3) unlawful payments of dividends or unlawful stock purchases or redemptions; or
- (4) any transaction from which the director derived an improper personal benefit.

Our Bylaws provide that we will indemnify all persons whom we may indemnify pursuant thereto to the fullest extent permitted by law.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information as of January 31, 2013 regarding the beneficial ownership of Charter's Class A common stock by:

each holder of more than 5% of our outstanding shares of common stock;

each of our directors and named executive officers; and

all of our directors and executive officers as a group.

Beneficial ownership for the purposes of the following table is determined in accordance with the rules and regulations of the SEC. These rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof or has the right to acquire such powers within 60 days. Common stock subject to options that are currently exercisable or exercisable within 60 days of January 31, 2013 are deemed to be outstanding and beneficially owned by the person holding the options. These shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Percentage of beneficial ownership is based on 101,178,821 shares of Class A common stock outstanding as of January 31, 2013. Except as disclosed in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder. Unless otherwise indicated in the table or footnotes below, the address for each beneficial owner is 400 Atlantic Street, 10th Floor, Stamford, CT 06901.

Certain Relationships and Related Transactions

We maintain written policies and procedures covering related party transactions. The Audit Committee reviews the material facts of related party transactions. Management has various procedures in place, e.g., Charter's Code of Conduct which requires annual certifications from employees that are designed to identify potential related party transactions. Management brings those to the Audit Committee for review as appropriate. Our Related Party Transaction Policy provides that a Related Party Transaction is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which: (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; (2) the Company is a participant; and (3) any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity). A Related Party is any: (a) person who is or was (since the beginning of the last fiscal year for which the Company has filed a Form 10-K and proxy statement, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director; (b) greater than 5 percent beneficial owner of the Company's common stock; or (c) immediate family member of any of the foregoing. Immediate family member includes a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers-and fathers-in-law, sons-and daughters-in-law, and brothers-and sisters-in-law and anyone residing in such person's home (other than a tenant or employee). Open market purchases or privately-negotiated transactions, excluding any distributions by the Company, involving any securities of the Company or its subsidiaries, are not deemed to be a Related Party Transaction under our Related Party Transaction Policy.

The following sets forth certain transactions in which we are involved and in which the directors, executive officers and affiliates of Charter have or may have a material interest. A number of our debt instruments and those of our subsidiaries require delivery of fairness opinions for transactions with affiliates involving more than \$50 million for our CCO Holdings, LLC (CCO Holdings) credit facility and our CCO Holdings indentures. Such fairness opinions have been obtained whenever required. All of our transactions with affiliates have been deemed by Charter's board of directors or a committee of the board of directors to be in our best interest. Related party transactions are approved by the Audit Committee or another independent body of Charter's board of directors.

Transactions Arising Out of Third Party Relationships in which Principal Stockholders have or had an Interest

Agreements with Third Parties in which Oaktree Opportunities Investments, L.P holds an interest

Charter is a party to a programming distribution agreement with Liberman Broadcasting, Inc. for carriage of Estrella TV, a Spanish-language video service (the Estrella Agreement). One of Charter's principal stockholders, Oaktree Opportunities Investments, L.P., holds an interest in Liberman Broadcasting, Inc. and/or its affiliates. In addition, Mr. Karsh, who sits on Charter's board of directors, also serves on the board of LBI Media Holdings, Inc. and LBI Media, Inc., affiliates of Liberman Broadcasting, Inc. The Estrella Agreement runs through October 15, 2014 with an option to extend through October 15, 2017. There are no license fees being paid by Charter under the agreement and no expense, other than bandwidth. Charter will be provided with a marketing fund based on certain incremental subscribers delivered in each year of the initial term.

Registration Rights Agreement

As part of the emergence from Chapter 11 bankruptcy in 2009, the Company agreed to a Registration Rights Agreement with certain holders of the Company's Class A common stock which required the Company to file a shelf-registration statement with the SEC to provide for a continuous secondary offering of the stock. The registration statement became effective in November 2010. The Registration Rights Agreement provided that any holder of securities that wished to sell stock under the existing shelf-registration statement must give the Company five business days notice that such holder wishes to sell and that the Company notify the other holders which were party to the Registration Rights Agreement.

In August 2012, the Company and the Company's three largest holders, Apollo Management, funds affiliated with Crestview, LLC and Oaktree Capital, amended the Registration Rights Agreement to provide for sales of shares of the Company's Class A common stock in a block trade through an underwriter and the related mechanics for block trades. Because the amendment involved the Company and affiliates, it was deemed a related party transaction. The amendment was considered and approved by the Audit Committee. Charter received no compensation from entering into the amendment nor from any subsequent sales of shares.

Stockholders Agreement

On March 19, 2013, the Company entered into a Stockholders Agreement (the "Agreement") with Liberty Media Corporation ("Liberty Media"), in connection with Liberty Media's purchase (the "Purchase") of certain equity interests of the Company from investment funds managed by, or affiliated with, Apollo Global Management LLC, Oaktree Capital Management, L.P. and Crestview Partners (collectively, the "Sellers"). The Agreement provides for, among other things, (i) that four of the Sellers' designees to the board of directors of the Company, Bruce Karsh, Edgar Lee, Stan Parker, and Darren Glatt, would resign in connection with the closing of the Purchase (the "Closing") and that the Company would appoint four Liberty Media designees to fill the vacancies to be created by these resignations: John C. Malone, Gregory B. Maffei, Nair Balan and Michael Huseby, (ii) that the Company, subject to good faith qualification determinations, would nominate Liberty Media's designees for election at its 2014 and 2015 annual meetings of stockholders, (iii) that Liberty Media would vote its shares of Company's Class A Common Stock in accordance with the recommendation of the Nominating and Corporate Governance Committee of the board of directors with respect to the election or removal of directors, (iv) that Liberty Media would not, directly or indirectly, subject to certain exceptions, acquire any voting securities of the Company, or any rights, options or other derivative securities or contracts or instruments to acquire such ownership that derives its value from such securities, that would result in an increase of Liberty Media's ownership interest in the Company beyond 35% prior to January 2016 and 39.99% thereafter), and (v) certain standstill provisions subject to certain exceptions.

Under the Agreement, the Company has also agreed to reimburse the Liberty Media designees for reasonable expenses and provide indemnification and D&O insurance consistent with the Company's existing policies. In addition, Liberty Media's designees (other than any designee who is a director or officer of Liberty Media) shall be entitled to any compensation paid to the Company's non-employee directors for their services as a director. The number of designees that Liberty Media will be entitled to designate for nomination following the Closing will be determined based on Liberty Media's then-ownership interest in the Company. It is a condition to closing the Purchase that Liberty Media's designees are appointed to the board of directors no later than contemporaneously with the Closing.

Proposal No. 2: Approval to Increase the Number of Shares of Class A Common Stock in the Company's 2009 Stock Incentive Plan By Six Million Shares

(Item 2 on Proxy Card)

At this Annual Meeting, stockholders are being asked to approve the addition of six million shares of Class A common stock to the Company's 2009 Stock Incentive Plan. Since December 2009 through January 31, 2013, the Company made awards of approximately 8.8 million shares under the 2009 Stock Incentive Plan. Of these awards, approximately 2.1 million shares have been forfeited leading to approximately just 1.4 million shares remaining for future awards. See Long-Term Incentives in the Compensation Discussion and Analysis, above, for a description of the 2009 Stock Incentive Plan and awards made pursuant to that plan.

Our long-term incentive award compensation program is designed to recognize scope of responsibilities, reward demonstrated performance and leadership, motivate future superior performance, align the interests of the executive with that of our stakeholders, and incentivize and retain the executives through the term of the awards. We believe that performance-based incentives help to drive our performance through their direct linkage to controllable business results while, at the same time, rewarding executives for the value created through share price appreciation. The approval of the addition of six million shares of Class A common stock to the 2009 Stock Incentive Plan would provide the Compensation and Benefits Committee the flexibility to make awards to participants as the committee deems appropriate. This would also bring the amount of shares in the plan back nearer to the amount included following emergence from bankruptcy.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL TO INCREASE THE NUMBER OF SHARES OF CLASS A COMMON STOCK IN THE COMPANY'S 2009 STOCK INCENTIVE PLAN BY SIX MILLION SHARES.

Proposal No. 3: Ratification of the Appointment of Independent Registered Public Accounting Firm (Item 3 on Proxy Card)

The Audit Committee of the board of directors has appointed KPMG LLP (KPMG) as the Company s independent registered public accounting firm for 2013. Stockholder ratification of the selection of KPMG as the Company s independent registered public accounting firm is not required by the Company s Bylaws or other applicable requirement. However, as a matter of corporate responsibility, the Audit Committee decided to solicit stockholder ratification of this appointment. Ratification of the appointment of KPMG as the Company s independent registered public accounting firm is not required for KPMG s retention; however, if the appointment is not ratified, the Audit Committee may consider re-evaluating the appointment.

KPMG has been serving as the Company s independent registered public accounting firm since 2002. The Company has been advised that no member of KPMG had any direct financial interest or material indirect financial interest in the Company or any of its subsidiaries or, during the past three years, has had any connection with the Company or any of its subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer or employee. The Company has been advised that no other relationship exists between KPMG and the Company that impairs KPMG s status as the independent registered public accounting firm with respect to the Company within the meaning of the Federal securities laws and the requirements of the Independence Standards Board.

Representatives of KPMG will be in attendance at the Annual Meeting and will have an opportunity to make a statement if they so desire. The representatives will also be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Accounting Matters

Principal Accounting Firm

KPMG acted as the Company's principal accountant in 2012 and 2011, and, subject to ratification by stockholders at the Annual Meeting, KPMG is expected to serve as the Company's independent registered public accounting firm for 2013. Representatives of KPMG will be in attendance at the Annual Meeting and will have an opportunity to make a statement if they so desire. The representatives will also be available to respond to appropriate questions.

Services of Independent Registered Public Accounting Firm

The Audit Committee has adopted policies and procedures requiring the pre-approval of non-audit services that may be provided by our independent registered public accounting firm. We have also complied and will continue to comply with the provisions of the Sarbanes-Oxley Act of 2002 and the related SEC rules pertaining to auditor independence and audit committee pre-approval of audit and non-audit services.

Audit Fees

During the years ended December 31, 2012 and 2011, we incurred fees and related expenses for professional services rendered by KPMG for the audits of our and our subsidiaries' financial statements, for the review of our and our subsidiaries' interim financial statements, registration statement filings and offering memoranda filings totaling approximately \$3.7 million and \$4.3 million, respectively.

Audit-Related Fees

We incurred audit-related fees to KPMG of approximately \$0.2 million and \$0.3 million during the years ended December 31, 2012 and 2011, respectively. These services were primarily related to due diligence related to acquisitions.

Tax Fees

None.

All Other Fees

We did not incur any other fees during the years ended December 31, 2012 and 2011.

The Audit Committee appoints, retains, compensates and oversees the independent registered public accounting firm (subject, if applicable, to board of director and/or stockholder ratification), and approves in advance all fees and terms for the audit engagement and non-audit engagements where non-audit services are not prohibited by Section 10A of the Securities Exchange Act of 1934, as amended with respect to independent registered public accounting firms. Pre-approvals of non-audit services are sometimes delegated to a single member of the Audit Committee. However, any pre-approvals made by the Audit Committee's designee are presented at the Audit Committee's next regularly scheduled meeting. The Audit Committee has an obligation to consult with management on these matters. The Audit Committee approved 100% of the KPMG fees for the years ended December 31, 2012 and 2011. Each year, including 2012, with respect to the proposed audit engagement, the Audit Committee reviews the proposed risk assessment process in establishing the scope of examination and the reports to be rendered.

In its capacity as a committee of the board, the Audit Committee oversees the work of the independent registered public accounting firm (including resolution of disagreements between management and the public accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or

performing other audit, review or attest services. The independent registered public accounting firm reports directly to the Audit Committee. In performing its functions, the Audit Committee undertakes those tasks and responsibilities that, in its judgment, most effectively contribute to and implement the purposes of the Audit Committee charter. For more detail of the Audit Committee's authority and responsibilities, see the Company's Audit Committee charter on the Company's website, www.charter.com.

Report of the Audit Committee

The following report does not constitute soliciting materials and is not considered filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, unless we state otherwise.

The Audit Committee was established to oversee the Company's accounting and financial reporting processes and the audits of the Company's annual financial statements. In 2012, the Audit Committee consisted of Messrs. Jacobson, Merritt, and Markley. All members were determined by the board to be independent in accordance with the applicable corporate governance listing standards of the NASDAQ Global Select Market. The Company's board of directors has determined that, in its judgment, Mr. Merritt is an audit committee financial expert within the meaning of the applicable federal regulations.

The Audit Committee's functions are detailed in a written amended and restated Audit Committee charter adopted by the board of directors in December 2009, a copy of which is available on the Company's website at www.charter.com. As more fully described in its charter, the Audit Committee reviews the Company's financial reporting process on behalf of the board. Company management has the primary responsibility for the Company's financial statements and the reporting process. The Company's independent registered public accounting firm is responsible for performing an audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of the financial statements to generally accepted accounting principles. The internal auditors are responsible to the Audit Committee and the board for testing the integrity of the financial accounting and reporting control systems and such other matters as the Audit Committee and board determine. The Audit Committee held six meetings in 2012.

The Audit Committee has reviewed and discussed with management the Company's audited financial statements for the year ended December 31, 2012. The Audit Committee has discussed the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees) with KPMG, the independent registered public accounting firm for the Company's audited financial statements for the year ended December 31, 2012.

The Audit Committee has also received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), and the Audit Committee has discussed the independence of KPMG with that firm and has considered the compatibility of non-audit services with KPMG's independence.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the board of directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012 for filing with the SEC.

Section 16(a) Beneficial Ownership Reporting Requirement

Section 16 of the Exchange Act requires our directors and certain of our officers, and persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership of our common stock and other of our equity securities with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us and written representations that no other reports were required, we believe that all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with during the 2012 fiscal year with the exception of a Form 4/A required to be filed for Mr. Heneghan. The original Form 4 inadvertently omitted a sale of securities obtained on exercise of options reported on the original Form 4 filed on August 28, 2012. The Form 4/A correcting the omission was filed on September 4, 2012.

Code of Ethics

We have adopted a Financial Code of Ethics within the meaning of federal securities regulations for our employees, including all executive officers and directors. We also established a hotline and website for reporting alleged violations of the Financial Code of Ethics, established procedures for processing complaints and implemented educational programs to inform our employees regarding the Financial Code of Ethics. A copy of our Financial Code of Ethics is available on our website at www.charter.com.

Stockholder Proposals for 2014 Annual Meeting

If you want to include a stockholder proposal in the proxy statement for the 2014 annual meeting, it must be delivered to the Corporate Secretary at the Company's executive offices no later than November 20, 2013. The federal proxy rules specify what constitutes timely submission and whether a stockholder proposal is eligible to be included in the proxy statement.

If a stockholder desires to bring business before the meeting that is not the subject of a proposal timely and properly submitted for inclusion in the proxy statement or to make a nomination of a person for election to the board, the stockholder must follow procedures outlined in the Company's Bylaws. One of the procedural requirements in the Bylaws is timely notice in writing of the business the stockholder proposes to bring before the meeting. To be timely with respect to the 2014 annual meeting, such a notice must be delivered to the Company's Corporate Secretary at the Company's executive offices no earlier than January 8, 2014 and no later than February 2, 2014. However, in the event that the Company elects to hold its next annual meeting more than 30 days before or after the anniversary of this Annual Meeting, such stockholder proposals would have to be received by the Company not earlier than 120 days prior to the next annual meeting date and not later than 90 days prior to the next annual meeting date.

Such notice must include: (1) for a nomination for director, all information relating to such person that is required to be disclosed in a proxy for election of directors; (2) as to any other business, a description of the proposed business, the text of the proposal, the reasons therefore, and any material interest the stockholder may have in that business; and (3) certain information regarding the stockholder making the proposal. These requirements are separate from the requirements a stockholder must meet to have a proposal included in the Company's proxy statement. The foregoing time limits also apply in determining whether notice is timely for purposes of rules adopted by the SEC relating to the exercise of discretionary voting authority.

Any stockholder desiring a copy of the Company's Bylaws will be furnished one without charge upon written request to the Corporate Secretary. A copy of the amended and restated Bylaws was filed as an exhibit to the Company's Current Report on Form 8-K filed on December 4, 2009, and is available at the SEC Internet site (<http://www.sec.gov>).

Other Matters

At the date of mailing of this proxy statement, we are not aware of any business to be presented at the annual meeting other than the matters discussed above. If other proposals are properly brought before the meeting, any proxies returned to us will be voted as the proxyholder sees fit.

Our Annual Report on Form 10-K for the year ended December 31, 2012 is available without charge by accessing the Investor section of our website at www.charter.com. You also may obtain a paper copy of the Form 10-K, without exhibits, at no charge by writing to the Company at 400 Atlantic Street, 10th Floor, Stamford, CT 06901, Attention: Investor Relations.

In addition, certain financial and other related information, which is required to be furnished to our stockholders, is provided to stockholders concurrently with this Proxy Statement in our 2012 Annual Report. The SEC has enacted a rule that allows the Company to deliver only one copy of our Proxy Statement and 2012 Annual Report to multiple security holders sharing an address if they so consent. This is known as householding. The Household Election, which appears on your proxy card, provides you with a means for you to notify us whether you consent to participate in householding. By marking Yes in the block provided, you will consent to participate in householding and by marking no you will withhold your consent to participate. If you do nothing, you will be deemed to have given your consent to participate in householding. Your consent to householding will be perpetual unless you withhold or revoke it. You may revoke your consent at any time by contacting Broadridge Financial Solutions (Broadridge), either by writing to Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717, or by calling (800) 542-1061. We will remove you from the householding program within 30 days of receipt of your response, following which you will receive an individual copy of our disclosure statement. Even if your household receives only one Annual Report and one Proxy Statement, a separate proxy card will be provided for each stockholder.
