PROXY STATEMENT

For 2013 Annual Meeting of Stockholders

April 30, 2013

The accompanying proxy is solicited on behalf of the Board of Directors (**Board**) of Steel Excel Inc., a Delaware corporation (the **Company**, **Steel Excel**, **we** or **us**), for use at the 2013 Annual Meeting of Stockholders (the **Annual Meeting**) to be held at The Portofino Hotel & Marina located at 260 Portofino Way, Redondo Beach, California 90277 on Tuesday, May 21, 2013 at 9:00 a.m., local time. This Proxy Statement and the accompanying form of proxy card / voting instruction card were first mailed to our stockholders on or about April 30, 2013. Our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 is enclosed with this Proxy Statement (the **Annual Report**).

Record Date; Quorum; List of Stockholders of Record

Only holders of record of Steel Excel's common stock, \$0.001 par value per share (**Common Stock**) at the close of business on April 23, 2013 (the **Record Date**) will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, we had 12,801,584 shares of Common Stock outstanding and entitled to vote. A majority of the shares outstanding on the Record Date, represented by proxy or in person, will constitute a quorum for the transaction of business at the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at our executive offices for a period of ten days before the Annual Meeting. Stockholders may examine the list for purposes germane to the Annual Meeting.

Voting Rights; Required Vote

Stockholders are entitled to one vote for each share of Common Stock held by them as of the Record Date. Under our bylaws, directors must be elected by a majority of the votes cast in uncontested elections. This means that the number of votes cast **FOR** a director nominee must exceed the number of votes cast **AGAINST** that nominee. Abstentions are not counted as votes **FOR** or **AGAINST** the election of directors. Our Corporate Governance Principles, which are available on our website at www.steelexcel.com under **Investors** Corporate Governance, set forth our procedures for the nomination of an incumbent director in an uncontested election and our policy relating to the resignation of an incumbent director who fails to receive a majority of the votes cast in an uncontested election. Information on our website shall not constitute a part of this Proxy Statement. In contested elections, the standard vote would be a plurality of votes cast. Stockholders do not have the right to cumulate their votes in the election of directors.

Approval of Proposal Nos. 2, 3 and 4, regarding the advisory vote on the compensation of our named executive officers, re-approval of the material terms of the performance goals under the Steel Excel Inc. 2004 Equity Incentive Plan, as amended (**2004 Equity Plan**), for purposes of Section 162(m) of the Internal Revenue Code, as amended (**Section 162(m)**) and ratification of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013, respectively, require the affirmative vote of a majority of the votes cast at the Annual Meeting in person or by proxy.

We have been advised that it is the intention of Steel Partners Holdings L.P. (**Steel Holdings**) and its affiliates to vote the shares of our Common Stock over which they have voting power **FOR** all nominees for director and in favor of all other Proposals described in this Proxy Statement. Steel Holdings and affiliates beneficially owned approximately 51.6% of our outstanding shares of Common Stock as of the Record Date. See the stock ownership table set forth in **Stock Ownership of Principal Stockholders and Management** below for information regarding the ownership of our Common Stock.

Voting of Proxies

Stockholders that are beneficial owners (your Steel Excel shares are held for you in street name, by a bank, broker or other nominee) and registered stockholders (your Steel Excel shares are held in your own name through our transfer agent, Registrar and Transfer Company, or you are in possession of stock certificates) may submit their votes before the Annual Meeting by: (a) Internet at www.proxyvote.com, or (b) telephone by calling 1-800-454-8683. Additionally, if you received your materials for the Annual Meeting by mail and do not wish to vote by Internet or telephone, you may mail a completed proxy card (in the case of registered stockholders), or voting instruction card (in the case of beneficial owners), in the prepaid envelope that was provided with your annual meeting materials. Stockholders wishing to vote by mail should be sure to complete and properly sign the proxy card (registered holders) or voting instruction card (beneficial owners) you received and return it in the prepaid envelope provided, and it will be voted in accordance with the specifications made on the proxy card or voting instruction card. If no specification is made on a signed and returned proxy card or voting instruction card, the shares represented by the proxy will be voted FOR the election to the Board of each of the six nominees named on the proxy or instruction card, FOR the advisory vote on approval of the compensation of our named executive officers, FOR the re-approval of the material terms of the performance goals under the 2004 Equity Plan for purposes of Section 162(m), and FOR ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 and, if any other matters are properly brought before the Annual Meeting, the proxy will be voted as the Board may recommend. We encourage stockholders with Internet access to record your vote on the Internet or, alternatively, to vote by telephone. Internet and telephone voting is convenient, saves on postage and mailing costs and is recorded immediately, minimizing risk that postal delays may cause your vote to arrive late and therefore not be counted. If you attend the Annual Meeting, you may also vote in person, and any previously submitted votes will be superseded by the vote you cast at the Annual Meeting (attendance at the Annual Meeting will not, in and of itself, constitute a revocation of any previously submitted votes).

Attending in Person

Only holders of Common Stock, their proxy holders and our invited guests may attend the Annual Meeting. If you wish to attend the Annual Meeting in person but you hold your shares in street name, such as by a broker, you must bring proof of your ownership and identification with a photo at the Annual Meeting. For example, you may bring an account statement showing that you beneficially owned Common Stock as of the Record Date as acceptable proof of ownership.

Effect of Abstentions and Broker Non-Votes

If a registered stockholder indicates on his or her proxy card that the stockholder wishes to abstain from voting, or a beneficial owner instructs its bank, broker or other nominee that the stockholder wishes to abstain from voting, these shares are considered present and entitled to vote at the Annual Meeting. These shares will count toward determining whether or not a quorum is present. Because directors are elected by the majority of the votes cast at the Annual Meeting in uncontested elections and by a plurality of votes cast in contested elections, abstentions will have no effect on the outcome of Proposal No. 1, concerning the election of the six nominees to our Board. Similarly, abstentions will have no effect on Proposal No. 2, concerning the non-binding, advisory vote on executive compensation, Proposal No. 3, concerning the re-approval of the material terms of performance goals under the under the 2004 Equity Plan, as amended, for purposes of Section 162(m) and Proposal No. 4 concerning the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

If a beneficial owner does not provide his or her broker with instructions as to how to vote the shares (uninstructed shares), the broker has authority to vote such uninstructed shares for or against routine proposals only. Proposal No. 4, ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013, constitutes a routine proposal. Accordingly, a broker may vote uninstructed shares FOR or AGAINST Proposal No. 4 and such votes will

count towards establishing a quorum. Because Proposal Nos. 1, 2 and 3 are non-routine matters, a broker may not vote uninstructed shares with respect to such Proposals; however, such uninstructed shares will be counted towards establishing a quorum. Therefore, we encourage you to vote your shares by Internet, telephone or by signing and returning your proxy card or voting instruction card with complete voting instructions before the meeting, so that your shares will be represented and voted at the Annual Meeting even if you cannot attend in person.

The inspector of elections appointed for the Annual Meeting will separately tabulate the relevant affirmative and negative votes, abstentions and broker non-votes (which are votes that could have been provided had the beneficial holder provided voting instructions to its broker) for each proposal.

Adjournment of Annual Meeting

If a quorum is not present to transact business at the Annual Meeting or if we do not receive sufficient votes in favor of the proposals by the date of the Annual Meeting, the persons named as proxies may propose one or more adjournments of the Annual Meeting to permit solicitation of additional proxies. The chairperson of the Annual Meeting shall have the power to adjourn the Annual Meeting. If the Annual Meeting is postponed or adjourned, a stockholder's proxy may remain valid and may be voted at the postponed or adjourned meeting. A stockholder still will be able to revoke the stockholder's proxy until it is voted.

Expenses of Soliciting Proxies

Our Board is soliciting the proxy included with this Proxy Statement for use at the Annual Meeting. We will pay the expenses of soliciting proxies for the Annual Meeting. After the mailing of the proxy cards and other soliciting materials, we and/or our agents, including our directors, officers or employees, also may solicit proxies by mail, telephone, facsimile, email or in person. After the mailing of the proxy cards and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our Common Stock forward copies of the proxy cards and other soliciting materials to persons for whom they hold shares and request authority for the exercise of proxies. We will reimburse the record holders for their reasonable expenses if they ask us to do so. Our directors, officers and employees will not receive any additional compensation for any soliciting efforts in which they may be engaged.

Revocability of Proxies

Any person giving a proxy has the power to revoke it at any time before it is voted. A proxy may be revoked by signing and returning a proxy card or voting instruction card with a later date, by Internet or telephone, or by attending the Annual Meeting and voting in person. The mere presence at the Annual Meeting of a stockholder who has previously appointed a proxy will not revoke the appointment. Please note, however, that if a stockholder has instructed a broker, bank or nominee to vote his, her or its shares of Steel Excel Common Stock, the stockholder must follow the directions received from the broker, bank or nominee to change his, her or its instructions. In the event of multiple online or telephone votes by a stockholder, each vote will supersede the previous vote and the last vote cast will be deemed to be the final vote of the stockholder, unless such vote is revoked in person at the Annual Meeting according to the revocability instructions outlined above.

Delivery of Voting Materials to Stockholders Sharing an Address

To reduce the expense of delivering duplicate voting materials to stockholders who may have more than one Steel Excel stock account, we have adopted a procedure approved by the Securities and Exchange Commission (SEC) called householding. Under this procedure, certain stockholders of record who have the same address and last name and do not participate in electronic delivery of Annual Meeting materials will receive only one copy of the Annual Meeting materials and any additional proxy soliciting materials sent to stockholders until such time as one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce duplicate mailings and save printing costs and postage fees, as well as conserve natural resources. Stockholders who participate in householding will continue to receive separate proxy cards or voting instruction cards.

How to Obtain a Separate Set of Voting Materials

If you received a householded mailing this year and you would like to have additional copies of the Annual Meeting materials mailed to you, please submit your request: (i) via mail to Steel Excel Inc., 590 Madison Avenue, 32nd Floor, New York, New York 10022, Attn: Michael McNamara, (ii) by phone by calling Michael McNamara at (212) 520-2300, or (iii) you may email Investor Relations at investor_relations@steelexcel.com. You may also contact us at this address above if you received multiple copies of the Annual Meeting materials and would prefer to receive a single copy in the future, or if you would like to opt out of householding for future mailings.

Annual Meeting Attendance

We strongly encourage directors to attend our annual meetings of stockholders. Board Leadership Structure and Role in Risk Oversight

Our Board believes that it is in the best interests of the Company to separate the roles of Chairman and principal executive officer. The Board believes that freeing our principal executive officer from this responsibility allows him to focus on the operations of our Company, while our Chairman is enabled to focus on the larger strategic interests of the Company.

Among the responsibilities that our Corporate Governance Principles place upon our Board is the oversight of the conduct of our business to evaluate whether it is being properly managed. Within this responsibility is the obligation to oversee risk management. The involvement of the full Board in setting the Company's business strategy and objectives is integral to the Board's assessment of our risk and also a determination of what constitutes an appropriate level of risk and how best to manage any such risk. The Board fulfills this responsibility by its regular updates from management, including our principal executive officer and our Chief Financial Officer. Additionally, the Board delegates responsibility for certain aspects of risk management to its committees. In particular, the Audit Committee focuses on financial reporting risks and related controls and procedures. The Compensation Committee has historically strived to create compensation practices that do not encourage excessive levels of risk taking that would be inconsistent with the Company's strategy and objectives. The Governance and Nominating Committee is responsible for overseeing the Company's corporate governance and corporate governance principles.

Director Independence

As of the date of this Proxy Statement, our Common Stock is not listed on any exchange and we are not currently subject to corporate governance standards of listed companies. While we are not currently subject to any corporate governance standards relating to the independence of our directors, we choose to define an independent director in accordance with the rules of the NASDAQ Stock Market (the NASDAQ Market), which include a series of objective tests, such as that a director may not be our employee or officer, and that the director has not engaged in various types of business dealings with us. Of our current directors, Messrs. Mutch, Ullman and Valentine qualify as independent in accordance with the rules of the NASDAQ Market.

Under the rules of the NASDAQ Market, we would be considered a controlled company as a result of Steel Holdings and its affiliates holding in excess of 50% of our outstanding voting power. As a controlled company, we would be exempt from certain independence requirements under the NASDAQ Market rules, including that a majority of our directors be independent and that our Compensation Committee and Governance and Nominating Committee be comprised solely of independent directors.

Meetings of the Board

During fiscal 2012, the Board met 5 times and acted by unanimous written consent 9 times. Each director attended over 75% of the aggregate number of meetings of the Board and the meetings held by committees of the Board during the period such director served on the Board or applicable committee during fiscal 2012.

Committees of the Board

Standing committees of the Board consist of the Audit Committee, Compensation Committee, Governance and Nominating Committee and Investment Committee. Each committee operates under a written charter approved by the Board. Each of the charters of the Audit Committee, Compensation Committee and Governance and Nominating Committee are available on our website at www.steelexcel.com. Each of these charters also is available in print to any stockholder upon request.

Audit Committee. The members of our Audit Committee are John Mutch (Chair) and Gary W. Ullman. Each of the members of our Audit Committee is independent as defined by the rules of the NASDAQ Market and meet the financial literacy requirements of the NASDAQ Market. Our Board has determined that each of Messrs. Mutch and Ullman qualifies as an audit committee financial expert, under applicable SEC rules and meets the NASDAQ Market financial sophistication requirement of having past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in each such director's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Stockholders should understand that this designation is a disclosure requirement of the SEC related to the experience and understanding of each of Messrs. Mutch and Ullman with respect to certain accounting and auditing matters. The designation of audit committee financial expert does not impose upon Messrs. Mutch or Ullman any duties, obligations or liabilities that are greater than are generally imposed on any such director as a member of the Audit Committee and the Board, and each such director's designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liabilities of the other members of our Audit Committee or the Board.

The Audit Committee met 5 times during fiscal 2012 and acted by unanimous written consent 2 times. The Audit Committee assists the full Board in its general oversight of our financial reporting, internal controls and audit functions, and is directly responsible for the appointment, compensation and retention of our independent registered public accounting firm, which reports to the Audit Committee. In addition, any related-person transactions, excluding certain limited compensation matters involving one of our directors or executive officers, which are delegated to the Compensation Committee, must be reviewed and approved by the Audit Committee or another independent body of the Board.

Compensation Committee. The members of our Compensation Committee are Gary W. Ullman (Chair), Jack L. Howard and Robert J. Valentine. Each of Mr. Ullman and Mr. Valentine is independent as defined by the rules of the NASDAQ Market. Mr. Howard is not independent as defined by the rules of the NASDAQ Market. The Compensation Committee met 2 times during fiscal 2012 and acted by unanimous written consent 3 times.

For a summary of the functions of our Compensation Committee, see Compensation Discussion and Analysis Role of the Compensation Committee .

Governance and Nominating Committee. The current members of our Governance and Nominating Committee are Jack L. Howard (Chair), John Mutch and Warren G. Lichtenstein. Mr. Mutch is independent as defined by the rules of the NASDAQ Market. Messrs. Howard and Lichtenstein are not independent as defined by the rules of the NASDAQ Market.

The Governance and Nominating Committee is responsible for reviewing the qualifications of potential candidates for membership on our Board and recommending such candidates to the full Board. In addition, the Governance and Nominating Committee makes recommendations regarding the structure and composition of our Board and advises and makes recommendations to the full Board on matters concerning corporate governance. In addition, the Governance and Nominating Committee determines, on an annual basis, which members of our Board meet the definition of "independent" as defined in the rules of the NASDAQ Market, and reviews and discusses any relationships with a director that would potentially interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director. The Governance and Nominating Committee met 3 times during fiscal 2012.

Investment Committee. The Investment Committee is responsible for setting and implementing investment policies with respect to our investment assets. As part of its responsibilities, it selects investment managers and other investment professionals, monitors investment manager performance, and monitors compliance with the Company's investment policies. The members of our Investment Committee are Warren G. Lichtenstein (Chair) and Jack L. Howard.

Consideration of Director Nominees; New Nominees for Director

Director Qualifications. The goal of the Governance and Nominating Committee is to identify nominees who will contribute to our overall corporate goals and objectives. In making such evaluation, the Governance and Nominating Committee considers a nominee's character, judgment, business experience, personal and professional background, areas of expertise and contribution to diversity of the Board in light of its then-current composition and the Governance and Nominating Committee's assessment of the perceived needs of the Board. The Governance and Nominating Committee considers the qualifications of each potential nominee not only for their individual strengths, but also for the potential contribution to the Board as a group. In addition, the Governance and Nominating Committee considers the level of the candidate's commitment to active participation as a director, both at board and committee meetings and otherwise. The Governance and Nominating Committee does not use different standards to evaluate nominees depending on whether they are proposed by our directors and management or by our stockholders. When appropriate, the Governance and Nominating Committee may retain executive recruitment firms to assist it in identifying suitable candidates. After its evaluation of potential nominees, the Governance and Nominating Committee submits its chosen nominees to the Board for approval.

Stockholder Nominees. The Governance and Nominating Committee will consider stockholder recommendations for director candidates. If a stockholder would like to recommend a director candidate for the 2014 Annual Meeting of Stockholders, the stockholder must deliver the recommendation to our Corporate Secretary at our principal executive offices no later than 75 days prior to and no earlier than 105 days prior to May 21, 2014, the date that is the one year anniversary of the 2013 Annual Meeting (the deadline for nominations for the 2014 Annual Meeting of Stockholders is between February 5, 2014 and March 7, 2014). Notwithstanding the foregoing, if the 2014 Annual Meeting of Stockholders occurs on a date more than 30 days earlier or 60 days after the date that is the one year anniversary of the 2013 Annual Meeting, then notice by the stockholder to be timely for the 2014 Annual Meeting must be delivered no later than 75 days prior to and no earlier than 105 days prior to the actual date of the 2014 Annual Meeting of Stockholders, or 10 days following the day on which public announcement (in a filing under the Exchange Act or by press release) of the date of the 2014 Annual Meeting of Stockholders is first made by our Board.

Recommendations for candidates should be accompanied by personal information about the candidate, including a list of the candidate's references, the candidate's resume or curriculum vitae and the other information that would be required in the stockholder notice required by Section 1.12 of our bylaws. A stockholder recommending a candidate may be asked to submit additional information as determined by the Governance and Nominating Committee and as necessary to satisfy the rules of the SEC. If a stockholder's recommendation is received within the time period set forth above and the stockholder has met the criteria set

forth above, the Governance and Nominating Committee will evaluate such candidate, along with the other candidates being evaluated by the Governance and Nominating Committee, in accordance with the committee's charter and corporate governance principles, and will apply the criteria described under "Consideration of Director Nominees; New Nominees for Director" "Director Qualifications" above.

There have been no changes to the procedures by which our security holders may recommend nominees to our Board since the filing of our Definitive Proxy Statement on April 30, 2012 for our 2012 annual meeting of stockholders, which was held on May 17, 2012.

Communication with the Board

You may contact the Board by sending an email to directors@stelexcel.com or by mail to: Board of Directors, c/o Investor Relations, Steel Excel Inc., 590 Madison Avenue, 32nd Floor, New York, New York 10022. An employee will forward these emails and letters directly to the Board. We reserve the right not to forward to the Board any abusive, threatening or otherwise inappropriate materials.

Corporate Governance Guidelines

The Board serves as our ultimate decision-making body, except with respect to matters reserved for the decision of our stockholders. The Board has adopted Corporate Governance Principles to assist in the performance of its responsibilities. These principles are available on our website at www.stelexcel.com under the tab "Investors" "Corporate Governance".

Code of Conduct

We maintain a Code of Business Conduct, Ethics, and Compliance, which incorporates our code of ethics that is applicable to all employees, including all officers, and our independent directors with regard to their Steel Excel-related activities. The Code of Business Conduct, Ethics, and Compliance incorporates our guidelines designed to deter wrongdoing and to promote honest and ethical conduct and compliance with applicable laws and regulations. It also incorporates our expectations of our employees that enable us to provide accurate and timely disclosure in our filings with the SEC, and other public communications. In addition, it incorporates our guidelines pertaining to topics such as non-discrimination; fair competition and conflicts of interest. The full text of the Code of Business Conduct, Ethics, and Compliance is published on our website under "Investors" "Corporate Governance" at www.stelexcel.com. We will post any amendments to the Code of Business Conduct, Ethics, and Compliance, as well as any waivers that are required to be disclosed by the rules of the SEC on our website.

Majority Voting and Director Resignation Policy

In May 2009, our Board amended our bylaws to provide for a majority voting standard for the election of directors in uncontested elections and added a director resignation policy in our Corporate Governance Principles. In accordance with our Corporate Governance Principles, in an uncontested election, our Board will not nominate an incumbent director for re-election as a director unless, prior to such nomination, the incumbent has submitted a resignation as a director, which resignation will be effective upon the earlier of (i) the Board's acceptance of the director's resignation following the director's failure to receive a sufficient number of votes for re-election at any meeting of the stockholders of the Company at which the director's seat on the Board is subject to election or (ii) the 90 day after certification of the election results evidencing such failure to be re-elected. Prior to the effectiveness of such resignation, the Board may reject such resignation and permit the director to withdraw such resignation.

Under our Corporate Governance Principles, if an incumbent director fails to receive the required vote for re-election, the Governance and Nominating Committee will act on an expedited basis to determine whether to accept or reject the director's resignation and will submit such recommendation for prompt consideration by the

Board. Thereafter, the Board will decide to accept or reject such resignation and publicly disclose its decision within 90 days from the date of certification of the election results. If the Board decides to reject the resignation, it will permit the director to withdraw the resignation prior to its effectiveness. The Governance and Nominating Committee and the Board may consider any factors they deem relevant in deciding whether to accept or reject a director's resignation. The Board expects a director whose resignation is under consideration to abstain from participating in any decision regarding the resignation.

Required Vote and Board Recommendation

In uncontested elections, directors will be elected by a majority of the votes cast at the meeting, at which a quorum is present either in person or by proxy. This means that the number of votes cast **FOR** a director nominee must exceed the number of votes cast **AGAINST** that nominee. In contested elections (an election in which the number of nominees for election as director is greater than the number of directors to be elected), the vote standard would be a plurality of votes cast. Stockholders do not have the right to cumulate their votes in the election of directors.

If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your abstention will be counted as present for purposes of determining if a quorum is present. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, as is discussed above, your broker will not have the authority to vote your shares with respect to the election of directors to our Board. Such abstentions and broker non votes will have no effect on the outcome of the election of directors to our Board, but such shares will be counted for purposes of establishing a quorum.

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF EACH NOMINEE.

PROPOSAL NO. 2 APPROVAL OF THE COMPENSATION OF

OUR NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A of the Exchange Act, we are requesting approval, on an advisory basis, of the compensation of our named executive officers as presented in the Compensation Discussion and Analysis beginning on page 27 and the compensation tables relating thereto.

As described in detail in our Compensation Discussion and Analysis, upon our entry into the Amended and Restated Management Services Agreement, dated as of August 1, 2012 (as amended, the Amended Management Services Agreement), with SP Corporate Services LLC (SP Corporate), SP Corporate provides us with the services of all of our named executive officers, and we pay SP Corporate directly for such services. Pursuant to the terms of the Amended Management Services Agreement, SP Corporate is responsible for compensating all of our executive officers, including our named executive officers. However, we may elect to provide equity compensation to our executive officers, but expect to do so after taking into account the recommendations of SP Corporate. During fiscal 2012, after considering the recommendation of SP Corporate, we made discretionary grants of restricted stock to Messrs. Quicke and McGill, in their capacity as Interim President and Chief Executive Officer, and Vice President, General Counsel and Secretary, respectively.

The Board recommends that stockholders approve the compensation of the Company's named executive officers as described in this Proxy Statement by approving the following advisory resolution:

RESOLVED, that the stockholders of Steel Excel Inc. (the Company) approve, on an advisory basis, the compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis and disclosed in the Summary Compensation Table and related compensation tables as set forth in this Proxy Statement.

Required Vote and Board Recommendation

The affirmative vote of a majority of the votes cast at the meeting, at which a quorum is present, either in person or by proxy, is required to approve the compensation of our named executive officers. If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your abstention will be counted as present for purposes of determining the presence of a quorum. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, as is discussed above, your broker will not have the authority to vote your uninstructed shares on this proposal. Such abstentions and broker non-votes will have no effect on the outcome of this proposal. As an advisory vote, this proposal is non-binding. Although the vote is non-binding, the Board and the Compensation Committee value the opinions of our stockholders, and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

**THE BOARD RECOMMENDS A VOTE FOR THE APPROVAL OF
THE COMPANY'S EXECUTIVE COMPENSATION.**

PROPOSAL NO. 3 RE-APPROVAL OF THE MATERIAL TERMS

OF THE PERFORMANCE GOALS UNDER THE 2004 EQUITY PLAN

Stockholders are being requested to re-approve the material terms of the performance goals under the 2004 Equity Plan. The 2004 Equity Plan was last approved by our stockholders on October 23, 2008 in connection with the amendment and restatement of the plan. Since such date, the 2004 Equity Plan was amended by our Board on November 17, 2011 to clarify that the fair market value for purposes of the plan may be determined by reference to the closing price of the our shares if listed on an established securities market (determined in accordance with Treasury Regulations Section 1.897-1(m)), or if not listed on an established securities market, then determined by the committee of directors administering the plan. The 2004 Equity Plan was further amended by our Board on November 17, 2011 to remove the prohibition on restricted stock vesting within one year of the date of grant.

In order to allow us to continue to grant awards under the 2004 Equity Plan that are intended to qualify as tax-deductible performance-based compensation within the meaning of Section 162(m), we are required to have our stockholders re-approve the material terms of the performance goals under the 2004 Equity Plan. Stockholders are not being asked to approve an increase in the number of shares authorized for issuance under the 2004 Equity Plan.

Section 162(m) generally prevents a publicly held corporation from claiming federal income tax deductions for compensation in excess of \$1 million paid to its covered employees. A covered employee is any employee who on the last day of the tax year is either (i) the Chief Executive Officer or (ii) among the other three highest compensated executive officers (other than the Chief Financial Officer). Compensation is exempt from this limitation, however, if it qualifies as performance-based compensation.

The 2004 Equity Plan is designed so that performance based compensation payable thereunder is intended to be deductible under Section 162(m). One of the requirements of performance-based compensation is that the material terms of the performance goals under which compensation may be paid be disclosed and approved by a public company's stockholders. Accordingly, stockholder re-approval of the material terms of the performance goals is necessary for us to continue to meet the requirements for tax deductibility under Section 162(m) for certain awards to be made under the 2004 Equity Plan. The material terms of the performance goals are being re-submitted for approval at this Meeting under Section 162(m) and Treasury regulations issued thereunder, which require the Company to obtain stockholder approval of such items every five years. The material terms of the performance goals under the 2004 Equity Plan were last approved by our stockholders in 2008 in connection with stockholder approval of the amendment and restatement of the plan. The effectiveness of the 2008 stockholder approval would otherwise expire in 2013 for Section 162(m) purposes. If the stockholders fail to re-approve the material terms of the performance goals of the 2004 Equity Plan, then certain awards that may be granted in the future under the 2004 Equity Plan may not qualify as performance-based compensation and, in some circumstances, the Company may be denied a tax deduction for such compensation. For purposes of Section 162(m), the material terms of the performance goals include: (1) the employees eligible to receive compensation, (2) the business criteria used for performance-based goals, and (3) the maximum amount of compensation that can be paid to an employee under various types of awards. Each of these aspects is discussed below.

Summary of Material Features of the 2004 Equity Plan

The following are key features of the 2004 Equity Plan.

Shares Reserved

The number of shares reserved for issuance under the 2004 Equity Plan is 1,450,000 shares, which number was proportionately adjusted to give effect to the 1-for-500 reverse stock split that occurred after the close of business on October 3, 2011, followed by the 50-for-1 forward stock split that occurred immediately thereafter (the Reverse/Forward Split). Each of the limitations on awards indicated below was also proportionately adjusted to give effect to the Reverse/Forward Split.

As of December 31, 2012, there were 1,674,321 shares available for future issuance under the 2004 Equity Incentive Plan. The settlement in cash of an award granted under the 2004 Equity Plan will not reduce the number of shares available for issuance. As shares covered by an award granted under the 2004 Equity Plan can no longer be issued under such award, they become available again under the 2004 Equity Plan. Shares issued under the 2004 Equity Plan will become available again under the 2004 Equity Plan as we reacquire them pursuant to the terms on which they were issued.

Administration

The 2004 Equity Plan is administered by the Compensation Committee. The Compensation Committee determines the persons who are to receive awards, the number of shares subject to each such award and the terms and conditions of such awards at the time of each grant. The Compensation Committee also has the authority to amend and make binding interpretations of any awards. No amendment or exchange of a stock option or stock appreciation right shall have the effect of a repricing unless we first obtain our stockholders' approval of such action.

If we experience a stock dividend, reorganization or other change in our capital structure, the Compensation Committee has discretion to adjust the number of shares available for issuance under the 2004 Equity Plan, the outstanding awards and the per-person, aggregate share-limits on awards, as appropriate to reflect the stock dividend or other change.

Following our entry into the Amended Management Services Agreement with SP Corporate, we expect that the Compensation Committee will make equity awards to our officers and employees after taking into account the recommendation of SP Corporate. For a description of the functions of our Compensation Committee, see Compensation Discussion and Analysis Role of the Compensation Committee. For a description of the management services arrangement with SP Corporate, see Compensation Discussion and Analysis Overview and Transactions with Related Persons Certain Related Party Transactions.

Eligibility to Receive Types of Awards; Performance Criteria; Limitation on Share Awards

Incentive stock options can only be granted under the 2004 Equity Plan to employees. All other awards can be granted to employees or consultants, which include Messrs. Lichtenstein, Howard, Quicke and McGill, as a result of the services rendered to us by such persons. Non-employee directors are not eligible for awards under the 2004 Equity Plan. The actual number of individuals who will receive an award under the 2004 Equity Plan cannot be determined in advance because the Compensation Committee, generally after taking into account the recommendation of SP Corporate, has the discretion to select the participants.

No individual may receive more than 200,000 shares under all awards granted under the 2004 Equity Plan in any calendar year, except that an individual may receive awards covering up to 300,000 shares when granted during the first 12 months of their employment by us.

In determining whether an award should be made, and/or the vesting schedule for any such award, the Compensation Committee may impose whatever conditions to vesting that it determines are appropriate. For example, the Compensation Committee may decide to grant an award only if the participant satisfies performance goals established by the Compensation Committee. The Compensation Committee may set performance periods and performance goals that differ from participant to participant. The Compensation Committee may choose performance goals based on either company-wide or business unit results, as deemed appropriate in light of the participant's specific responsibilities. For purposes of qualifying awards as performance-based compensation under Section 162(m), the Compensation Committee may (but is not required to) specify performance goals for the entire company and/or one of our business units. Under the 2004 Equity Plan, the Compensation Committee is authorized to specify performance goals based on one or more of the following business criteria: (i) operating income; (ii) earnings before interest, taxes, depreciation and amortization; (iii) earnings; (iv) cash flow; (v) market share; (vi) sales; (vii) revenue; (viii) profits before interest

and taxes; (ix) expenses; (x) cost of goods sold; (xi) profit/loss or profit margin; (xii) working capital; (xiii) return on capital, equity or assets; (xiv) earnings per share; (xv) economic value added; (xvi) stock price; (xvii) price/earnings ratio; (xviii) debt or debt-to-equity; (xix) accounts receivable; (xx) writeoffs; (xxi) cash; (xxii) assets; (xxiii) liquidity; (xxiv) operations; (xxv) intellectual property (e.g., patents); (xxvi) product development; (xxvii) regulatory activity; (xxviii) manufacturing, production or inventory; (xxix) mergers and acquisitions or divestitures; (xxx) financings; and/or (xxxi) customer satisfaction, each with respect to the Company and/or one or more of its affiliates or operating units.

After the end of each performance period, a determination will be made pursuant to Section 162(m) as to the extent to which the performance goals applicable to each participant were achieved or exceeded. The portion (if any) of an award that is actually released to a participant will be determined by the level of actual performance.

Discretionary Awards

Stock Options. A stock option is the right to purchase shares of our Common Stock at a fixed exercise price for a fixed period of time. Under the 2004 Equity Plan, the Compensation Committee may grant nonstatutory and incentive stock options (provisions of the Code make the distinction significant and are discussed in the tax section below). Options granted under the 2004 Equity Plan expire at the times established by the Compensation Committee, but not later than 10 years after the grant date. No more than 3,500,000 shares (including reissuances) may be issued pursuant to the exercise of incentive stock options.

The exercise price of the shares subject to each incentive stock option cannot be less than 100% of the fair market value of our Common Stock on the date of grant (110% in the case of an incentive stock option granted to a 10% stockholder). The 100% of fair market value on the date of grant also applies to nonstatutory stock options, except the Compensation Committee may discount the exercise price by no more than 15% if the participant foregoes some portion of salary or bonus. The exercise price must be paid in full at the time of the exercise. The Compensation Committee may permit payment through the tender of shares that are already owned by the participant, or by any other means that the Compensation Committee determines to be consistent with the purpose of the 2004 Equity Plan.

Restricted Stock. Awards of restricted stock are shares that vest in accordance with the terms and conditions established by the Compensation Committee. The Compensation Committee determines the purchase price for an award of restricted stock on the date of grant. The Compensation Committee also determines the number of shares of restricted stock granted.

Restricted Stock Units. Restricted stock units typically would obligate us to issue a specific number of our shares in the future if the vesting terms and conditions established by the Compensation Committee are satisfied, but may provide that we can elect to settle the award in cash. The 2004 Equity Plan provides that the earliest vesting date shall not be before the first anniversary of the date of grant.

Stock Appreciation Rights. Stock appreciation rights typically would obligate us to issue shares of our Common Stock in the future if the vesting terms and conditions scheduled by the Compensation Committee are satisfied, and if there has been an appreciation in value of our share price from the date of grant. The Compensation Committee determines the terms and conditions of stock appreciation rights, but the 2004 Equity Plan requires expiration no later than 7 years from the date of grant. Our obligation arising upon the exercise of a stock appreciation right may be paid in shares or in cash, or any combination thereof, as the Compensation Committee may determine.

Transferability of Awards

Generally, an award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the participant, only by the participant. The Compensation Committee may permit, in the exercise of its discretion and subject to applicable law, the transfer of any award.

Effect of Certain Events

Death or Disability. Options and stock appreciation rights granted to a participant fully vest on that participant's death or disability. The effect of death of a participant's death or disability on the vesting of other awards may be set forth in a participant's award agreement.

Dissolution or Liquidation. All awards terminate, to the extent unexercised or unvested, upon our liquidation or dissolution. Unvested shares that are then outstanding will be reacquired by us pursuant to their terms. The Compensation Committee may also, in its discretion, provide for full or partial vesting acceleration of any award.

Merger or Asset Sale. If we merge with or into another corporation or sell substantially all of our assets, then unless our successor assumes or substitutes the awards (other than restricted stock) then outstanding, they shall fully vest and be exercisable as to all shares they then cover for a period of time determined by the Compensation Committee and thereafter expire. With respect to then-outstanding restricted stock our repurchase rights will not be assigned to our successor unless such restricted stock is assumed or substituted by our successor.

Change of Control. If more than 50% of our shares or voting securities are acquired by any one or more of certain persons, or there is a merger with the same effect, or we sell or dispose of substantially all of our assets, or at the end of any two-year period the majority of the directors on our board are not Incumbent Directors (as defined in the 2004 Equity Plan), then upon the occurrence of such an event, and an employee participant's employment being terminated by us or our successor within one year of the change of control, then all awards held by such participant will vest on the date of termination.

New Plan Benefits

Future awards to our executive officers and employees are discretionary. At this time, therefore, the benefits that may be received by our executive officers and other employees and consultants are not determinable.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of awards granted under the 2004 Equity Plan. Tax consequences for any particular individual may be different. The participant must pay any taxes we are required to withhold at the time of the exercise or settlement.

Incentive Stock Options. No taxable income is recognized on grant of an incentive stock option nor on its exercise (unless the participant is subject to the alternative minimum tax (AMT)). If the participant holds the stock acquired upon exercise of an incentive stock option (the ISO Shares) for more than one year after the date the option was exercised and for more than two years after the date the option was granted, the participant generally will realize capital gain or loss (rather than ordinary income or loss) upon disposition of the ISO Shares. This gain or loss will be equal to the difference between the amount realized upon such disposition and the amount paid for the ISO Shares.

If the participant disposes of ISO Shares prior to the expiration of either required holding period described above (a disqualifying disposition), the gain realized upon such disposition, up to the difference between the fair market value of the ISO Shares on the date of exercise (or, if less, the amount realized on a sale of such shares) and the option exercise price, will be treated as ordinary income. Any additional gain will be long-term or short-term capital gain, depending upon the amount of time the ISO Shares were held by the participant.

Alternative Minimum Tax. The difference between the fair market value of the ISO Shares on the date of exercise and the exercise price is an adjustment to income for purposes of the AMT. The AMT (imposed to the extent it exceeds the taxpayer's regular tax) is 26% of an individual taxpayer's alternative minimum taxable

income up to \$175,000, plus 28% of any alternative minimum taxable income in excess of \$175,000. Alternative minimum taxable income is determined by adjusting regular taxable income for certain items, increasing that income by certain tax preference items (including the difference between the fair market value of the ISO Shares on the date of exercise and the exercise price) and reducing this amount by the applicable exemption amount (subject to reduction under certain circumstances). If a disqualifying disposition of the ISO Shares occurs in the same calendar year as exercise of the incentive stock option, there is no AMT adjustment with respect to those ISO Shares. Also, upon a sale of ISO Shares that is not a disqualifying disposition, alternative minimum taxable income is reduced in the year of sale by the excess of the fair market value of the ISO Shares at exercise over the amount paid for the ISO Shares.

Nonstatutory Stock Options. No taxable income is reportable when a nonstatutory stock option is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock. A participant will not have taxable income upon grant unless he or she elects under Section 83(b) of the Code to be taxed at that time. Instead, he or she will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the shares received minus any amount paid for the shares.

Restricted Stock Units. A participant will not be taxable upon grant or upon vesting of a restricted stock unit. Instead, he or she will be taxed upon receipt of the shares or cash value of the shares at the time that the shares or cash is distributed to the participant. The participant may not make an election under Section 83(b) of the Code with respect to any restricted stock unit.

Tax Effect on the Company. We generally will be entitled to a tax deduction in connection with an award under the 2004 Equity Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to each of our three other most highly compensated executive officers (other than the Chief Financial Officer). Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the 2004 Equity Plan, setting limits on the number of shares subject to awards that any individual may receive in a calendar year, and for awards other than certain stock options or stock appreciation rights, establishing performance criteria that must be met before the award actually will vest or be paid. The 2004 Equity Plan, which was previously approved by our stockholders, was designed to permit the Compensation Committee to grant certain awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to continue to receive a federal income tax deduction in connection with such awards.

The material terms of the performance goals are being re-submitted for approval at the Annual Meeting under Section 162(m) and Treasury regulations issued thereunder, which require the Company to obtain stockholder approval of such items every five years. The effectiveness of the 2008 stockholder approval of the performance goals would otherwise expire in 2013 for Section 162(m) purposes. If the stockholders fail to re-approve the material terms of the performance goals of the 2004 Equity Plan, then certain awards that may be granted in the future under the 2004 Equity Plan may not qualify as performance based compensation and, in some circumstances, the Company may be denied a tax deduction for such compensation.

Required Vote and Board Recommendation

The affirmative vote of a majority of the votes cast at the meeting, at which a quorum is present, either in person or by proxy, is required to re-approve the material terms of the performance goals under the 2004 Equity Plan. If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your abstention will be counted as present for purposes of determining the presence of a quorum. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, as is discussed above, your broker will not have the authority to vote your uninstructed shares on this proposal. Such abstentions and broker non-votes will have no effect on the outcome of this proposal.

THE BOARD RECOMMENDS A VOTE FOR THE RE-APPROVAL OF THE MATERIAL TERMS OF THE PERFORMANCE GOALS UNDER THE 2004 EQUITY PLAN

**PROPOSAL NO. 4 RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee is considering appointing BDO USA, LLP (BDO) as our independent registered public accounting firm for our fiscal year ending December 31, 2013, and our stockholders are being asked to ratify the Audit Committee's potential appointment. Representatives of BDO are not expected to be present at our Annual Meeting.

If our stockholders fail to ratify BDO's appointment, the Audit Committee will reconsider the appointment of BDO as our independent registered public accounting firm for our fiscal year ending December 31, 2013. Even if this appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of Steel Excel and our stockholders.

Change of Independent Registered Public Accounting Firm

On June 22, 2011, we dismissed PricewaterhouseCoopers LLP (PwC) as our independent registered public accounting firm. Our Audit Committee approved the dismissal of PwC. The audit reports of PwC on the consolidated financial statements for the Transition Period and the fiscal year ended March 31, 2010 did not contain an adverse opinion or disclaimer of opinion, or qualification or modification as to uncertainty, audit scope, or accounting principles. During the Transition Period, the two fiscal years ended March 31, 2010 and 2009, and the subsequent interim period through June 22, 2011, there were (i) no disagreements between us and

PwC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of PwC would have caused PwC to make reference thereto in its reports for the Transition Period and such fiscal years, and (ii) no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K. We provided PwC with a copy of the foregoing disclosures and requested that PwC furnish a letter addressed to the SEC stating whether it agrees with the above statements made by us. A copy of PwC's letter, dated June 27, 2011, is filed as Exhibit 16.1 to the Current Report on Form 8-K filed with the SEC on June 28, 2011.

On June 22, 2011, our Audit Committee engaged BDO to be our new independent registered public accounting firm for the years ending December 31, 2011 and December 31, 2012. During the Transition Period, the two fiscal years ended March 31, 2010 and 2009, and the subsequent interim period through June 22, 2011, neither we nor anyone on our behalf consulted BDO regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and no written report or oral advice was provided to us by BDO that was an important factor considered by us in reaching a decision as to any accounting, auditing or financial reporting issue or (ii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

Audit Committee Pre-Approval Policies and Procedures

Section 10A(i)(1) of the Exchange Act and related SEC rules require that all auditing and permissible non-audit services to be performed by a company's principal accountants be approved in advance by the Audit Committee of the Board, subject to a de minimis exception set forth in the SEC rules (the "De Minimis

Exception). Pursuant to Section 10A(i)(3) of the Exchange Act and related SEC rules, the Audit Committee has established procedures by which the Chairperson of the Audit Committee may pre-approve such services provided the pre-approval is detailed as to the particular service or category of services to be rendered and the Chairperson reports the details of the services to the full Audit Committee at its next regularly scheduled meeting. None of the audit-related or non-audit services described above were performed pursuant to the De Minimis Exception. In fiscal 2012 and 2011, the Audit Committee followed SEC guidelines in approving all services rendered by BDO. In fiscal 2011, the Audit Committee followed SEC guidelines in approving all services rendered by PwC.

If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your abstention will be counted as present for purposes of determining the presence of a quorum and will have no effect on the outcome of this proposal. As discussed above, if you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will have the authority to vote your uninstructed shares on this proposal. If a broker chooses to leave these uninstructed shares unvoted, such shares will be counted for the purpose of establishing a quorum, but will have no effect on the outcome of this proposal.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This Compensation Discussion and Analysis section discusses our executive compensation philosophy, decisions and practices for fiscal 2012. As set forth in the Summary Compensation Table below, our named executive officers for fiscal 2012 were John J. Quicke, our Interim President and Chief Executive Officer, Mark A. Zorko, our Chief Financial Officer, and Leonard J. McGill, our Vice President, General Counsel and Secretary.

We entered into a Management Services Agreement, dated as of October 1, 2011 (the Original Management Services Agreement and together with the Amended Management Services Agreement, the Management Services Agreement), with SP Corporate, an affiliate of Steel Holdings which, together with its affiliates, owns approximately 51.6% of our outstanding shares of Common Stock as of the Record Date. Pursuant to the Original Management Services Agreement, among other things, Mr. Zorko was appointed as our Chief Financial Officer, and subsequently Mr. McGill was appointed as our General Counsel and Secretary. Under the Original Management Agreement, SP Corporate was generally responsible for the compensation of Mr. Zorko, and we paid SP Corporate an agreed upon fee for his services. Mr. McGill's services were also provided by SP Corporate.

In 2012, following our acquisition of three operating businesses and our expanded need for services from SP Corporate, we entered into the Amended Management Services Agreement with SP Corporate. Pursuant to the Amended Management Services Agreement, among other things, Mr. Quicke who formerly served as our Interim President and Chief Executive Officer pursuant to an Independent Contractor Agreement, began to serve as our Interim President and Chief Executive Officer as of August 1, 2012 through SP Corporate. At such time, except as noted below, we ceased to compensate Mr. Quicke under his Independent Contractor Agreement, and instead, the fee paid to SP Corporate included payment for his services, and SP Corporate became responsible for Mr. Quicke's compensation.

Notwithstanding the Amended Management Services Agreement, we may elect to provide equity based compensation to our executive officers, key employees and other senior SP Corporate personnel providing services to us. We expect that we will make awards to provide equity based compensation after taking into account recommendations of SP Corporate. During August 2012, after considering the recommendation of SP Corporate, we awarded Messrs. Quicke and McGill 15,000 and 3,000 shares of restricted stock, respectively, and also made a grant of restricted stock to a senior SP Corporate employee providing services to us, as well as to several of our key employees.

A description of the terms of the Management Services Agreement and Mr. Quicke's Independent Contractor Agreement is set forth under the heading Transaction with Related Persons-Certain Related Person Transactions.

Compensation Philosophy

Historically, we have believed that the most effective compensation program is one that is designed to reward the achievement of our financial, strategic and corporate goals, and which aligns executives' interests with those of our stockholders. At our 2012 Annual Meeting of Stockholders, our stockholders expressed their support of our executive compensation programs designed to achieve this objective, with approximately 96% of votes cast approving our executive compensation.

Following our entry into the Amended Management Services Agreement, we pay a fixed fee to SP Corporate for the services of all of our executive officers, and SP Corporate is responsible for our executive officers' compensation. We believe that this arrangement is beneficial to our stockholders because we can obtain executive officer, management and other necessary services under the Amended Management Services

Agreement that are tailored to our needs for a fixed fee, without the need to maintain benefit and other programs for the executives and other personnel performing such services. Additionally, we believe that any equity awards that we determine to award our executive officers will directly align their interests with our stockholders. For a description of the Amended Management Services Agreement, including the services available to us thereunder, see Transaction with Related Persons-Certain Related Person Transactions .

Role of the Compensation Committee

Historically, the Compensation Committee ensured that our executive compensation and benefits program were consistent with our compensation philosophy and our corporate governance guidelines. Additionally, the Compensation Committee reviewed our overall compensation strategy at least annually to ensure that it promotes stockholder interests, supports our strategic and tactical objectives and provides for appropriate rewards and incentives for our named executive officers.

In this regard, the Compensation Committee and our Board were responsible for reviewing and rating our Interim Chief Executive Officer's performance, and additionally, our Interim Chief Executive Officer was responsible for reviewing and rating the performance of his direct staff. Based upon the recommendations of our Interim Chief Executive Officer, the Compensation Committee would then exercise its own judgment in making compensation decisions and awards to our executive officers who reported to the Interim Chief Executive Officer.

Upon entering into the Amended Management Services Agreement, the Compensation Committee will no longer play a role in determining the cash compensation of our executive officers, as they will be compensated directly by SP Corporate. However, the Compensation Committee may determine to provide equity based compensation to our executive officers, but expect to do so after taking into account the recommendations of SP Corporate.

In the event that SP Corporate did not provide the services of our executive officers, then the Compensation Committee would again be responsible for developing and implementing compensation programs for our executive officers that are consistent with such philosophy.

External Advisors

The Compensation Committee has the authority to engage the services of outside advisors, and does so as needed. In fiscal 2012, the Compensation Committee did not engage any such advisors.

Accounting and Tax Implications of Our Compensation Policies

In designing our compensation programs, the Compensation Committee considers the financial accounting and tax consequences to us, as well as the tax consequences to employees. We account for equity compensation paid to our employees under the accounting guidance related to stock-based compensation, which requires us to estimate and record an expense over the service period of the award. The stock-based compensation cost of our equity awards is considered by management as part of its equity grant recommendations to the Compensation Committee.

Section 162(m) places a limit of \$1 million on the amount of compensation that we may deduct for income tax purposes in any one year with respect to our principal executive officer and certain other of our most highly compensated executive officers. This limitation does not apply to compensation that is considered performance-based under applicable tax rules. In the past several years, we have not awarded any performance-based compensation to our executive officers, as none of such officers has exceeded \$1 million in annual compensation. Instead, we have issued time-based restricted stock units (RSUs) and restricted stock awards. However, the Compensation Committee retains the right to grant performance-based compensation in the future if it deems appropriate. The ability of the Compensation Committee to grant performance-based compensation under the 2004 Equity Plan is contingent upon stockholder re-approval of the material terms of the performance goals under the 2004 Equity Plan pursuant to Proposal No. 3 of this Proxy Statement.

Fiscal 2012 Compensation to our Named Executive Officers

During the first seven months of 2012, Mr. Quicke received a cash payment of \$30,000 per month pursuant to the terms of an independent contractor agreement entered into by Mr. Quicke and the Company on February 2, 2010, as amended, which amount is in addition to his compensation as a non-executive member of our Board. The amount of Mr. Quicke's monthly payments for his service as Interim President and Chief Executive Officer had not increased since the independent contractor agreement was entered into a short period after Mr. Quicke assumed the role of Interim President and Chief Executive Officer. However, we made an additional cash payment of \$11,000 per month for June and July 2012 to Mr. Quicke for his service as the Chief Executive Officer of our newly acquired subsidiary, Sun Well Service, Inc. (Sun Well), during such months, which was in addition to his responsibilities as our Interim President and Chief Executive Officer. Mr. Quicke did not participate in the benefit programs of the Company during the period he was providing services under the independent contractor agreement. The Board, upon the recommendation of the Compensation Committee, initially determined to compensate Mr. Quicke as an independent contractor based upon the fact that Mr. Quicke would be working part-time in the capacity as the Interim President and Chief Executive Officer of the Company on a non-exclusive basis.

For the first seven months of 2012, Mr. Zorko rendered service to us as our Chief Financial Officer pursuant to the Original Management Services Agreement. Pursuant to the Original Management Services Agreement, SP Corporate provided Mr. Zorko as our Chief Financial Officer, as well as a financial reporting manager, in each case, on a non-exclusive basis, for \$35,000 per month. From the date of his election as our Vice President, General Counsel and Secretary until August 1, 2012, Mr. McGill also rendered services to us on a non-exclusive basis. We paid SP Corporate for the services of Mr. McGill on an hourly basis determined at market rates agreed to by the SP Corporate and the Company, as provided for in the Original Management Services Agreement. SP Corporate was responsible for compensating and providing all applicable employment benefits to Messrs. Zorko and McGill under the Original Management Services Agreement.

In August 2012, we paid an additional \$275,000 to SP Corporate for services provided by Mr. Quicke and Mr. Zorko during the first seven months of fiscal 2012 that were beyond what had been anticipated at the time the Original Management Services Agreement was entered into. During the first seven months of fiscal 2012, the Company completed acquisitions of the assets and business of Eagle Well Services, Inc. (which operated as Well Services Ltd. immediately after the acquisition (Well Services)) and Sun Well, which companies were consolidated during such period, and now operate as Sun Well. Following the completion of the acquisition of the Well Services business on February 9, 2012, until it was combined with Sun Well on May 31, 2012, Mr. Zorko functioned as the President and Chief Executive Officer of Well Services.

On August 1, 2012, the Amended Management Services Agreement became effective. Pursuant to this agreement, SP Corporate provides the services of Messrs. Quicke, Zorko and McGill, along with other SP Corporate employees, for the amount of \$3,600,000 annually, which is paid in equal monthly installments. On the effective date of the Amended Management Services Agreement, Mr. Quicke's Independent Contractor Agreement was terminated.

The salary information for Mr. Quicke provided in the Summary Compensation Table reflects compensation paid under Mr. Quicke's Independent Contractor Agreement for service as our Interim President and Chief Executive Officer during the first seven months of fiscal 2012 and the extra cash payments made to him for serving as Chief Executive Officer of Sun Well. With respect to the cash compensation of Messrs. Zorko, McGill and, in the case of Mr. Quicke, for the period beginning on August 1, 2012, SP Corporate has informed us that it cannot identify the portion of the compensation paid to our executive officers for service to us as it does not compensate its employees specifically for such service. As a result, such information is not included in the Summary Compensation Table or other compensation tables. However, information regarding the discretionary equity award granted to Messrs. Quicke and McGill is included in the Summary Compensation Table.

After taking into account the recommendation of SP Corporate, the Compensation Committee made discretionary equity awards of 15,000 and 3,000 shares of restricted stock to Messrs. Quicke and McGill, respectively under our 2004 Equity Plan. These awards are subject to transfer restrictions and risk of forfeiture

until they vest on August 7, 2013 or earlier under certain circumstances described under Potential Payments upon Termination or Change-in-Control. We determined to make the award to Mr. Quicke in recognition of the increased complexity of the operations of the Company following our completed acquisitions in 2012 and in consideration of the total amount of compensation paid to Mr. Quicke since his appointment as our Interim President and Chief Executive Officer. The award to Mr. McGill was made in order to directly align his interest with our stockholders.

Compensation Risk Assessment

The Compensation Committee reviewed our employee compensation policies and practices and determined that such policies and practices, taken as a whole, are not likely to have a material adverse effect on us. The Compensation Committee considered that it is SP Corporate's obligation to compensate our employees who would likely be in a position to engage in speculative behavior on our behalf. As such employees are furnished to us on a non-exclusive basis, and as indicated by SP Corporate, are not specifically compensated for their services to us, the risk of their compensation creating an incentive to engage in behavior that would jeopardize the Company is significantly lessened. The Compensation Committee does not believe that the discretionary equity awards made to Messrs. Quicke and McGill, a senior employee of SP Corporate and several key employees have led to excessive risk taking by the recipients based upon the fact that these awards were granted in the Compensation Committee's discretion during fiscal 2012 at the recommendation of SP Corporate, are not performance based, but instead, are service based. The Compensation Committee intends to focus on any further equity awards recommended to be awarded by SP Corporate for purposes of determining whether such awards may lead to excessive risk taking.

This amount does not reflect a dollar amount actually received by the named executive officers.
- (4) The shares subject to these RSUs vest in equal quarterly installments over a two year period such that the shares will be fully vested on November 17, 2014.

Option Exercises and Stock Vested

The following table provides information regarding the vesting of restricted stock during 2012 for each of our named executive officers.

Name	Stock Options		Stock Awards	
	Number of Shares Acquired On Exercise (\$)	Value Realized On Exercise (\$)	Number of Shares Acquired On Vesting (#)	Value Realized On Vesting (\$)
John J. Quicke (1)		\$		\$
Mark Zorko		\$	833	\$ 20,617(2)
Leonard J. McGill		\$		\$

- (1) No stock awards granted to Mr. Quicke in his capacity as our Interim President and Chief Executive Officer vested during fiscal 2012. All equity awards granted to Mr. Quicke as a director are reflected in the Director Compensation Table below.
- (2) The value realized on the vesting of these shares is determined by multiplying the number of shares by \$24.75, which is the closing price for our shares of Common Stock on the OTCQB Market on November 17, 2012, the vesting date.

Potential Payments upon Termination or Change-in-Control

Each of Messrs. Quicke, Zorko and McGill serve as executive officers of the Company pursuant to the Amended Management Services Agreement, and are not directly employed by us. As such, the only potential payments that any such individuals may receive as a result of termination of their service as our executive officers is pursuant to the acceleration of vesting of their equity awards under our 2004 Equity Plan under the conditions described below.

Mr. Quicke and Mr. McGill held 15,000 and 3,000 shares of restricted stock, respectively, at December 31, 2012 awarded under the 2004 Equity Plan. In the event that (i) a merger or sale of our assets occurred on December 31, 2012, and the acquiring company did not assume the obligations for the restricted stock of Mr. Quicke or Mr. McGill, or (ii) on December 31, 2012, Mr. Quicke or Mr. McGill died, became disabled or either of their status as an executive officer was terminated without cause (as defined in their restricted stock award agreements), then the restricted stock would immediately vest, and the value attributed to such immediate vesting for Mr. Quicke and Mr. McGill would have been \$374,250 and \$74,850, respectively (which value is calculated based upon the number of shares of restricted stock at December 31, 2012 multiplied by \$24.95, which was the closing market price of our shares of Common Stock on the OTCQB Market on December 31, 2012).

Mr. Zorko held an RSU representing 1,667 shares of our Common Stock awarded under the 2004 Equity Plan, none of which were vested on December 31, 2012. If a merger or sale of our assets occurred on December 31, 2012, and the acquiring company did not assume Mr. Zorko's RSU, then Mr. Zorko's RSU would immediately vest. The value attributed to such immediate vesting of Mr. Zorko's RSU would have been \$41,592 (which value is calculated based upon the number of unvested shares subject to the RSU at December 31, 2012 multiplied by \$24.95, which was the closing market price of our shares of Common Stock on the OTCQB Market on December 31, 2012).

It should be noted that the potential payments that Mr. Quicke would realize on a hypothetical termination above only pertain to equity awards granted to him in his capacity as our Interim President and Chief Executive Officer, and not the acceleration of any awards that have been granted to him in his capacity as a director.

Equity Compensation Plan Information

The following table sets forth information as of December 31, 2012 regarding equity awards under our 2004 Equity Plan, Snap Appliance, Inc. 2002 Stock Option and Restricted Stock Purchase Plan, Broadband Storage, Inc. 2001 Stock Option and Restricted Stock Purchase Plan, 2006 Director Option Plan, and any amendments to such plans:

Equity compensation plans not approved by security holders (2)	212	\$ 28.30	
Total	65,421	\$ 30.93	2,099,866

- (1) Of these shares, approximately 1,674,321 shares are available for issuance under our 2004 Equity Plan, which permits the grant of stock options, stock appreciation rights, restricted stock, stock awards and RSUs, and approximately 425,545 shares remain available for issuance under our 2006 Director Plan of which a maximum of 71,943 shares may be issued as restricted stock or RSUs.
- (2) Includes options to purchase 212 shares of our Common Stock issued under the Snap Appliance and Broadband Storage stock option plans that we assumed in connection with the acquisition of Snap Appliance in July 2004, after giving effect to the exchange ratio for such acquisition. All of these options to purchase 212 shares of our Common Stock were outstanding at December 31, 2011, having a weighted average exercise price of \$28.30. No further awards will be made under any of the assumed stock option plans described above.

Director Compensation

Overview

Our non-employee directors receive a combination of cash and equity compensation for serving on our Board. In addition, we reimburse our directors for out-of-pocket expenses incurred in connection with attending Board and committee meetings. Mr. Quicke also received \$30,000 per month for his service as our Interim President and Chief Executive Officer prior to our entry into the Amended Management Services Agreement. The monthly compensation formerly provided to Mr. Quicke was in addition to his compensation as a non-employee member of our Board.

Cash Compensation

Under our cash compensation policy for our non-employee directors (the Compensation Policy), directors were eligible to receive the following cash consideration: (1) an annual cash retainer of \$50,000, paid at the rate of \$12,500 at the beginning of each fiscal quarter, (2) if in excess of eight board meetings are held in any year, then additional meeting fees would be payable at the rate of \$2,000 per meeting; provided, however, that the Chairman of the Board may designate a given meeting as a \$1,000-reduced-fee meeting. In addition to the above compensation, (1) the non-executive Chairman is to receive an annual retainer of \$15,000 per year, and (2) the Chairmen of the Audit, Compensation and Governance and Nominating Committees are each to receive an annual retainer of \$15,000, \$10,000, \$5,000, respectively, and other members of such committees are to receive one-half of the retainer that the Chairman of such committee was entitled to.

During fiscal 2012, the members of our special committee, that was formed to consider and negotiate the acquisition of BNS (such acquisition is described below under *Transactions with Related Persons* *Certain Related Person Transactions*), were paid at the rate of \$1,000 per hour for time spent on matters pertaining to the proposed acquisition, with the special committee chairman receiving an additional \$15,000 payment for serving in such capacity.

Equity Compensation

Our 2006 Director Plan is a discretionary plan and does not provide for automatic granting of options and other equity awards to our non-employee directors. Instead, our Board approves specific grants of equity awards. Our compensation practice for non-employee directors provides for an initial award of options to purchase 3,250 shares of our Common Stock and an award of RSUs, representing 1,625 shares of Common Stock upon becoming a member of our Board. The option grant and shares subject to the RSU vest 33.33% on the one-year anniversary of service with us and quarterly thereafter at 8.33% and are fully vested at the end of three years. Continuing directors receive an RSU representing 2,500 shares of Common Stock, which vest on the earlier of the applicable date the director ceases to be a member of our Board or on the one year anniversary of the date of grant. Initial and continuing director awards are typically made on the date of our annual meeting of stockholders. Equity awards and vesting schedules are subject to change by the Compensation Committee with approval by the Board.

On August 7, 2012, we made a grant of restricted stock to our directors in recognition of their service on the board of a company whose operations had become more complex as a result of recently completed acquisitions. Each of John Mutch, Robert Valentine and Gary Ullman received 3,000 shares of restricted stock from our 2006 Director Plan, and Warren Lichtenstein and Jack Howard received 25,000 and 20,000 shares of restricted stock from our 2004 Equity Plan, respectively. Messrs. Lichtenstein and Howard received greater awards in recognition of their additional responsibilities as Chairman and Vice Chairman of our Investment Committee. Mr. Quicke was not given an award for service as a director in light of the discretionary award of 15,000 shares of restricted stock made to him for service as our Interim President and Chief Executive Officer.

The following is the Report of the Audit Committee with respect to our audited financial statements for our fiscal year ended December 31, 2012.

The Audit Committee's purpose is, among other things, to assist our Board in its oversight of its financial accounting, reporting and controls. The Audit Committee operates under a written charter.

Our management is responsible for the preparation, presentation and integrity of our financial statements, including setting the accounting and financial reporting principles and designing our system of internal control over financial reporting. The Audit Committee oversees these processes, although members of the Audit Committee are not engaged in the practice of auditing or accounting, and their functions are not intended to duplicate or to certify the activities of management or BDO USA, LLP.

The Audit Committee met with BDO USA, LLP, with and without management present, to discuss the results of its examinations, its evaluation of our internal control over financial reporting and the overall quality of our financial reporting.

The Audit Committee also has discussed with BDO USA, LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. Transactions with Related Persons

Related-Person Transactions Policy and Procedures

Any related-person transactions, excluding compensation (whether cash, equity or otherwise), which is delegated to the Compensation Committee, involving one of our directors or executive officers, must be reviewed and approved by the Audit Committee or another independent body of the Board. Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote on the approval or ratification of the transaction. However, such a director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction. Related persons include any of our directors or executive officers, certain of our stockholders and their immediate family members. To identify any related person transactions, each year, we require our directors and executive officers to complete questionnaires identifying any transactions with us in which the executive officer or director or their family members has a Certain Related Person Transactions interest. In addition, the Governance and Nominating Committee determines, on an annual basis, which members of our Board meet the definition of "independent" as defined in the rules of the NASDAQ Market, and reviews and discusses any relationships with a director that would potentially interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director.

The Audit Committee reviews all requests for reimbursement of expenses by Steel Holdings and its affiliates, excluding reimbursement of expenses incurred by SP Corporate or its employees under the Amended Management Services Agreement, which is subject to certain limitations approved by the Audit Committee. We maintain this policy since our principal executive officer, Chief Financial Officer and General Counsel are employees of affiliates of Steel Holdings, and because of the scope and nature of the services provided by SP Corporate.

Certain Related Person Transactions

Management by Affiliates of Steel Holdings

As of the Record Date, Steel Holdings and its affiliates beneficially owned 6,611,899 shares of the Company's Common Stock, representing approximately 51.6% of our outstanding shares of Common Stock. The power to vote and dispose of the securities held by Steel Holdings and its affiliates is controlled by Steel Holdings GP. Warren G. Lichtenstein, Chairman of our Board, is also the Executive Chairman of Steel Holdings GP. Certain other affiliates of Steel Holdings GP hold positions with the Company, including Jack L. Management Services Agreement

Under the Original Management Services Agreement entered into in October 2011, SP Corporate provided the non-exclusive services of Mr. Zorko as our Chief Financial Officer, as well as financial reporting manager, for \$35,000 per month. Additionally, SP Corporate made available to us additional accounting, finance, human resources, operational and other services as we needed them hourly basis. Pursuant to the Original Management Services Agreement, Mr. McGill became our General Counsel and Secretary in June 2012. SP Corporate is an affiliate of Steel Holdings. Warren Lichtenstein, our Chairman of the Board, is the Chief Executive Officer of SP Corporate, and Jack Howard, our principal executive officer and Vice Chairman of the Board, is President of SP Corporate.

On August 1, 2012, we entered into the Amended Management Services Agreement with SP Corporate. Under the Amended Management Services Agreement, SP Corporate will continue to furnish the services of Mr. Zorko and Mr. McGill to us as our Chief Financial Officer and Vice President, General Counsel and Secretary, respectively, and SP Corporate will also furnish the services of Mr. Quicke as our Interim President

and Chief Executive Officer. Additionally, SP Corporate has agreed to furnish to us personnel to perform additional services, which include, without limitation:

legal, tax accounting, treasury, environmental health and safety, human resources, marketing and investor relations;

additional executive services;

international business services;

information technology services; and

preparation of our reports for filing with the SEC.

Performance of services under the Amended Management Services Agreement by SP Corporate and its personnel are subject to the oversight of our Audit Committee, and the authority of SP Corporate and its personnel to incur any obligation or enter into any transaction is subject to the prior approval of the Audit Committee or a prior written delegation of authority of the Audit Committee delivered to SP Corporate. This level of authorization is generally consistent with the Original Management Services Agreement.

Messrs. Quicke, Zorko and McGill, as well as the persons that will render the above functions to the Company are made available to us on a non-exclusive basis. However, pursuant to the terms of the Amended Management Services Agreement, all such persons are required to devote such time and effort as is reasonably necessary to fulfill the statutory and fiduciary duties applicable to them in performing such services.

On April 4, 2013, Mr. Quicke resigned as our Interim President and Chief Executive Officer, and Mr. Zorko resigned as our Chief Financial Officer, to be effective May 7, 2013. Mr. Howard replaced Mr. Quicke as our principal executive officer. Effective May 8, 2013, James F. McCabe, Jr., an affiliate of Steel Holdings, will become our Chief Financial Officer. Mr. McCabe's professional biography is available in the Current Report on Form 8-K filed by the Company with the SEC on April 5, 2013. Messrs. Howard and McCabe will also be made available to us as principal executive officer and Chief Financial Officer, respectively, on a non-exclusive basis, but shall devote such time and effort as is reasonably necessary to fulfill the statutory and fiduciary duties applicable to them in performing such services.

Under the Amended Management Services Agreement, we pay an annual fee to SP Corporate of \$3,600,000, which amount is subject to review and adjustment by agreement between ourselves and SP Corporate for periods commencing in 2014 and beyond. Additionally, we reimburse SP Corporate for all reasonable and necessary business expenses incurred on our behalf in connection with the performance of the services under the Amended Management Services Agreement.

Consistent with the Original Management Services Agreement, the Amended Management Services Agreement provides that we are to indemnify and hold harmless SP Corporate and its affiliates and employees (other than the person serving as our principal executive officer, Chief Financial Officer and other persons that may be furnished as officers to us by SP Corporate to perform the above services (the Designated Persons)) from any claims or liabilities by a third party in connection with activities or the rendering of services under the Amended Management Services Agreement. Pursuant to the Amended Management Services Agreement, we have entered our customary indemnification agreement with the Designated Persons.

The Amended Management Services Agreement has a term of one year, which shall renew for successive one year periods, unless and until terminated in accordance with the terms set forth therein, which include, under certain circumstances, the payment by the Company of termination fees to SP Corporate.

The aggregate amount of fees earned by SP Corporate in fiscal 2012 under the Management Services Agreement was approximately \$2,160,000. The fees paid by us to SP Corporate in fiscal 2012 included an

additional \$275,000, which was paid for additional services provided by Mr. Quicke and Mr. Zorko during the first seven months of the year. We also reimbursed SP Corporate approximately \$300,176 for business expenses incurred on our behalf pursuant to the Management Services Agreement.

Our Audit Committee approved the entry into the Original Management Services Agreement and the Amended Management Services Agreement. The Audit Committee concluded that the engagement of SP Corporate provides a cost effective solution to the Company for obtaining executive and other necessary services. The services provided under the Management Services Agreements were formerly provided by employees of the Company who were terminated following the sale or wind down of our historical businesses. In negotiating and approving the Management Services Agreement, our Audit Committee, consisting of our independent directors as defined by the rules of the NASDAQ Market, considered such issues as the scope of the services to be provided by SP Corporate to the Company, the pricing of any arrangement with SP Corporate and the limits of authority for the outsourced personnel.

Equity Grants to SP Corporate Employees

During fiscal 2012, we awarded 21,000 shares of restricted stock in the aggregate to SP Corporate personnel providing services to us. This amount includes awards of 15,000 and 3,000 shares of restricted stock to Messrs. Quicke and McGill, respectively, but excludes compensation that Mr. Quicke received in his capacity as a non-employee director. Our Compensation Committee approved these awards after taking into account the recommendation of SP Corporate.

Acquisition of SWH, Inc.

On May 31, 2012, we completed our acquisition of SWH, Inc. (SWH), the parent company of Sun Well Service, Inc. and a subsidiary of BNS. Affiliates of Steel Holdings owned approximately 85% of the outstanding stock of BNS prior to the transaction. Sun Well Service, Inc. is a provider of premium well services to oil and gas exploration and production companies operating in the Williston Basin of North Dakota and Montana. We acquired all of the capital stock of SWH for an acquisition price aggregating \$68.7 million. The aggregate acquisition price consisted of the issuance of 2,027,500 shares of our Common Stock (valued at \$30 per share) and cash of \$7.9 million.

We appointed a special committee (the Special Committee) comprised solely of independent directors to consider and negotiate the transaction, as did BNS, because of the interest of Steel Partners in each company. The Special Committee, with the assistance of its independent financial advisor, considered a number of factors in negotiating the acquisition price, including, without limitation, the fairness opinion from its financial advisor.
